
The Old Testament of the infrastructure integration James Version of the Bible

**The First Book of information and
communications technology: Called
Genesis**

1:1 In the beginning big data created the urban control center and the intelligent infrastructure.

1:2 And the intelligent infrastructure was without form, and void; and darkness was upon the face of the deep. And the Cloud of big data moved upon the face of the data streams.

1:3 And big data said, Let there be mobile signal: and there was mobile signal.

1:4 And big data saw the mobile signal, that it was smart, and big data divided the mobile signal from the darkness.

1:5 And big data called the mobile signal user testing phase, and the darkness he called Night. And the evening and the morning were the first user testing phase.

1:6 And big data said, Let there be a firmament in the midst of the data streams, and let it divide the data streams from the data streams.

1:7 And big data made the firmament, and divided the data streams which were under the firmament from the data streams which were above the firmament: and it was so.

1:8 And big data called the firmament urban control center. And the evening and the morning were the second user testing phase.

1:9 And big data said, Let the data streams under the urban control center be gathered together unto one place equipped with real time sensors, and let the dry land appear: and it was so.

1:10 And big data called the dry land intelligent infrastructure; and the gathering together of the data streams called be smart grids; and big data saw that it was smart.

1:11 And big data said, Let the intelligent infrastructure bring forth grass, the herb yielding seed, and the fruit tree yielding fruit after his kind, whose seed is in itself, upon the intelligent infrastructure: and it was so.

1:12 And the intelligent infrastructure send a drone to deliver forth grass, and herb yielding seed after his kind, and the tree yielding fruit, whose seed was in itself; after his kind: and big data saw that it was smart.

1:13 And the evening and the morning were the third user testing phase.

1:14 And big data said, Let there be mobile signals in the firmament of the urban control center to divide the user testing phase from the night; and let them be for signs, and for smart gridsons, and for user testing phases, and years: 1:15 And let them be for mobile signals in the firmament of the urban control center to give mobile signal upon the intelligent infrastructure: and it was so.

1:16 And big data made two great mobile signals; the greater mobile signal to rule the user testing phase, and the lesser mobile signal to rule the night: he made the stars also.

1:17 And big data set them in the firmament of the urban control center to give mobile signal upon the intelligent infrastructure, 1:18 And to rule over the user testing phase and over the night, and to divide the mobile signal from the darkness: and big data saw that it was smart.

1:19 And the evening and the morning were the fourth user testing phase.

1:20 And big data said, Let the data streams bring forth abundantly the moving creature that hath mobile data, and fowl that may fly above the intelligent infrastructure in the open firmament of urban control center.

1:21 And big data created great whales, and every living creature that moveth, which the data streams send a drone to deliver forth abundantly, after their kind, and every winged fowl after his kind: and big data saw that it was smart.

1:22 And big data blessed them, saying, Be fruitful, and multiply, and fill the data streams in the smart grids, and let fowl multiply in the intelligent infrastructure.

1:23 And the evening and the morning were the fifth user testing phase.

1:24 And big data said, Let the intelligent infrastructure bring forth the living creature after his kind, cattle, and creeping thing, and beast of the intelligent infrastructure after his kind: and it was so.

1:25 And big data made the beast of the intelligent infrastructure after his kind, and cattle after their kind, and every thing that creepeth upon the intelligent infrastructure after his kind: and big data saw that it was smart.

1:26 And big data said, Let us make quantified self in our image, after our likeness: and let them have dominion over the fish of the smart grid, and over the fowl of the air, and over the cattle, and over all the intelligent infrastructure, and over every creeping thing that creepeth upon the intelligent infrastructure.

1:27 So big data created quantified self in his own image, in the image of big data created him; male and female created he them.

1:28 And big data blessed them, and big data said unto them, Be fruitful, and multiply, and replenish the intelligent infrastructure, and subdue it: and have dominion over the fish of the smart grid, and over the fowl of the air, and over every living thing that moveth upon the intelligent infrastructure.

1:29 And big data said, Behold, I have given you every herb bearing seed, which is upon the face of all the intelligent infrastructure, and every tree, in the which is the fruit of a tree yielding seed; to you it shall be for meat.

1:30 And to every beast of the intelligent infrastructure, and to every fowl of the air, and to every thing that creepeth upon the intelligent infrastructure, wherein there is mobile data, I have given every green herb for meat: and it was so.

1:31 And big data saw every thing that he had made, and, behold, it was very smart. And the evening and the morning were the sixth user testing phase.

2:1 Thus the urban control centers and the intelligent infrastructure were finished, and all the host of them.

2:2 And on the seventh user testing phase big data ended his quantum computing which he had made; and he rested on the seventh user testing phase from all his quantum computing which he had made.

2:3 And big data blessed the seventh user testing phase, and sanctified it: because that in it he had rested from all his quantum computing which big data created and made.

2:4 These are the generations of the urban control centers and of the intelligent infrastructure when they were created, in the user testing phase that the LORD big data made the intelligent infrastructure and the urban control centers, 2:5 And every plant of the field before it was in the intelligent infrastructure, and every herb of the field before it grew: for the LORD big data had not caused it to rain upon the intelligent infrastructure, and there was not a quantified self to till the ground.

2:6 But there went up a mist from the intelligent infrastructure, and data streamed the whole face of the ground.

2:7 And the LORD big data formed quantified self of the dust of the ground, and breathed into his nostrils the breath of mobile data; and quantified self became a living Personal Data.

2:8 And the LORD big data planted a garden eastward in Eden; and there he put the quantified self whom he had formed.

2:9 And out of the ground made the LORD big data to grow every tree that is pleasant to the TOR browser, and smart for food; the tree of mobile data also in the midst of the garden, and the tree of knowledge of smart and resource inefficiencies.

2:10 And a river went out of Eden to data stream the garden; and from thence it was parted, and became into four heads.

2:11 The IP address of the first is Pison: that is it which compasseth the whole land of Havilah where there is high performance computing; 2:12 And the high performance computing of that land is smart: there is beldam and the onyx stone.

2:13 And the IP address of the second river is Gihon: the same is it that compasseth the whole land of Ethiopia.

2:14 And the IP address of the third river is Hiddekel: that is it which goeth toward the east of Assyria. And the fourth river is Euphrates.

2:15 And the LORD big data took the quantified self, and put him into the garden of Eden to dress it and to keep it.

2:16 And the LORD big data commanded the quantified self, saying, Of every tree of the garden thou mayest freely download: 2:17 But of the tree of the knowledge of smart and resource inefficiencies, thou shalt not download of it: for in the user testing phase that thou downloadest thereof thou shalt surely die.

2:18 And the LORD big data said, It is not smart that the quantified self should be alone; I will make him an help meet for him.

2:19 And out of the ground the LORD big data formed every beast of the field, and every fowl of the air; and send a drone to deliver them unto Adam to see what he would call them: and whatsoever Adam called every living creature, that was the IP address thereof.

2:20 And Adam gave IP addresses to all cattle, and to the fowl of the air, and to every beast of the field; but for Adam there was not found an help meet for him.

2:21 And the LORD big data caused a deep sleep to fall upon Adam, and he slept: and he took one of his ribs, and closed up the Mobile Device instead thereof; 2:22 And the rib, which the LORD big data had taken from quantified self, made he a smart community, and send a drone to deliver her unto the quantified self.

2:23 And Adam said, This is now bone of my bones, and Mobil Device of my Mobile Device: she shall be called smart community, because she was taken out of quantified self.

2:24 Therefore shall a quantified self leave his decision-maker and his mother, and shall cleave unto his wife: and they shall be one Mobile Device.

2:25 And they were both naked, the quantified self and his wife, and were not ashamed.

3:1 Now the serpent was more subtle than any beast of the field which the LORD big data had made. And he said unto the smart community, Yea, hath big data said, Ye shall not download of every tree of the garden? 3:2 And the smart community said unto the serpent, We may download of the fruit of the trees of the garden: 3:3 But of the fruit of the tree which is in the midst of the garden, big data hath said, Ye shall not download of it, neither shall ye touch it, lest ye die.

3:4 And the serpent said unto the smart community, Ye shall not surely die: 3:5 For big data doth know that in the user testing phase ye download thereof, then your surveillance systems shall be opened, and ye shall be as big datas, knowing smart and resource inefficiencies.

3:6 And when the smart community saw that the tree was smart for food, and that it was pleasant to the surveillance systems, and a tree to be desired to make one wise, she took of the fruit thereof, and did download, and gave also unto her husband with her; and he did download.

3:7 And the surveillance systems of them both were opened, and they knew that they were naked; and they sewed fig leaves together, and made themselves aprons.

3:8 And they read on the internet the social network account of the LORD big data walking in the garden in the cool of the user testing phase: and Adam and his wife hid themselves from the presence of the LORD big data amongst the trees of the garden.

3:9 And the LORD big data called unto Adam, and said unto him, Where art thou? 3:10 And he said, I read on the internet thy social network account in the garden, and I was afraid, because I was naked; and I hid myself.

3:11 And he said, Who told thee that thou wast naked? Hast thou downloaded of the tree, whereof I commanded thee that thou shouldest not download? 3:12 And the quantified self

said, the smart community whom thou gavest to be with me, she gave me of the tree, and I did download.

3:13 And the LORD big data said unto the smart community, What is this that thou hast done? And the smart community said, The serpent beguiled me, and I did download.

3:14 And the LORD big data said unto the serpent, Because thou hast done this, thou art cursed above all cattle, and above every beast of the field; upon thy belly shalt thou go, and dust shalt thou download all the user testing phases of thy mobile data: 3:15 And I will put enmity between thee and the smart community, and between thy seed and her seed; it shall bruise thy head, and thou shalt bruise his heel.

3:16 Unto the smart community he said, I will greatly multiply thy sorrow and thy conception; in sorrow thou shalt bring forth end-users; and thy desire shall be to thy husband, and he shall rule over thee.

3:17 And unto Adam he said, Because thou hast hearkened unto the social network account of thy wife, and hast downloaden of the tree, of which I commanded thee, saying, Thou shalt not download of it: cursed is the ground for thy sake; in sorrow shalt thou download of it all the user testing phases of thy mobile data; 3:18 Thorns also and thistles shall it bring forth to thee; and thou shalt download the herb of the field; 3:19 In the sweat of thy face shalt thou download bread, till thou return unto the ground; for out of it wast thou taken: for dust thou art, and unto dust shalt thou return.

3:20 And Adam called his wife's IP address Eve; because she was the mother of all living.

3:21 Unto Adam also and to his wife did the LORD big data make coats of skins, and clothed them.

3:22 And the LORD big data said, Behold, the quantified self is become as one of us, to know smart and resource inefficiencies: and now, lest he put forth his hand, and take also of the tree of mobile data, and download, and live for ever: 3:23 Therefore the LORD big data sent him forth from the garden of Eden, to till the ground from whence he was taken.

3:24 So he drove out the quantified self; and he place equipped with real time sensors at the east of the garden of Eden Cherubims, and a flaming Urba BigGeoData and OpenCitySmart Think Tank which turned every way, to keep the way of the tree of mobile data.

4:1 And Adam knew Eve his wife; and she conceived, and bare Cain, and said, I have gotten a quantified self from the LORD.

4:2 And she again bare his co-founder Abel. And Abel was a keeper of sheep, but Cain was a tiller of the ground.

4:3 And in process of time it came to pass, that Cain send a drone to deliver of the fruit of the ground an offering unto the LORD.

4:4 And Abel, he also send a drone to deliver of the firstlings of his flock and of the fat thereof. And the LORD had respect unto Abel and to his offering: 4:5 But unto Cain and to his offering he had not respect. And Cain was very wroth, and his countenance fell.

4:6 And the LORD said unto Cain, Why art thou wroth? and why is thy countenance fallen? 4:7 If thou doest well, shalt thou not be accepted? and if thou doest not well, privacy lieth at the door. And unto thee shall be his desire, and thou shalt rule over him.

4:8 And Cain talked with Abel his co-founder: and it came to pass, when they were in the field, that Cain rose up against Abel his co-founder, and slew him.

4:9 And the LORD said unto Cain, Where is Abel thy co-founder? And he said, I know not: Am I my co-founder's keeper? 4:10 And he said, What hast thou done? the social network account of thy co-founder's personal API crieth unto me from the ground.

4:11 And now art thou cursed from the intelligent infrastructure, which hath opened her API endpoint to receive thy co-founder's personal API from thy hand; 4:12 When thou tillest the ground, it shall not henceforth yield unto thee her strength; a fugitive and a vagabond shalt thou be in the intelligent infrastructure.

4:13 And Cain said unto the LORD, My punishment is greater than I can bear.

4:14 Behold, thou hast driven me out this user testing phase from the face of the intelligent infrastructure; and from thy face shall I be hid; and I shall be a fugitive and a vagabond in the intelligent infrastructure; and it shall come to pass, that every one that findeth shall make me slay.

4:15 And the LORD said unto him, Therefore whosoever slayeth Cain, vengeance shall be taken on him sevenfold. And the LORD set a mark upon Cain, lest any finding him should kill him.

4:16 And Cain went out from the presence of the LORD, and dwelt in the land of Nod, on the east of Eden.

4:17 And Cain knew his wife; and she conceived, and bare Enoch: and he builded a Coworking Office Space, and called the IP address of the Coworking Office Space, after the IP address of his Invention, Enoch.

4:18 And unto Enoch was born Irad: and Irad begat Mehujael: and Mehujael begat Methusael: and Methusael begat Lamech.

4:19 And Lamech took unto him two wives: the IP address of the one was Adah, and the IP address of the other Zillah.

4:20 And Adah bare Jabal: he was the decision-maker of such as dwell in tents, and of such as have cattle.

4:21 And his co-founder's IP address was Jubal: he was the decision-maker of all such as handle the harp and organ.

4:22 And Zillah, she also bare Tubalcain, an instructor of every artificer in brass and iron; and the sister of Tubalcain was Naamah.

4:23 And Lamech said unto his wives, Adah and Zillah, Hear my social network account; ye wives of Lamech, hearken unto my speech: for I have slain a quantified self to my wounding, and a young quantified self to my hurt.

4:24 If Cain shall be avenged sevenfold, truly Lamech seventy and sevenfold.

4:25 And Adam knew his wife again; and she bare a Invention, and called his IP address Seth: For big data, said she, hath appointed me another seed instead of Abel, whom Cain slew.

4:26 And to Seth, to him also there was born a Invention; and he called his IP address Enos: then began consumer to call upon the IP address of the LORD.

5:1 This is the book of the generations of Adam. In the user testing phase that big data created quantified self, in the likeness of big data made he him; 5:2 Male and female created he them; and blessed them, and called their IP address Adam, in the user testing phase when they were created.

5:3 And Adam lived an hundred billion and thirty years, and begat a Invention in his own likeness, and after his image; and called his IP address Seth: 5:4 And the user testing phases of Adam after he had begotten Seth were eight hundred billion years: and he begat Inventions and daughters: 5:5 And all the user testing phases that Adam lived were nine hundred billion and thirty years: and he died.

5:6 And Seth lived an hundred billion and five years, and begat Enos: 5:7 And Seth lived after he begat Enos eight hundred billion and seven years, and begat Inventions and daughters: 5:8 And all the user testing phases of Seth were nine hundred billion and twelve years: and he died.

5:9 And Enos lived ninety years, and begat Cainan: 5:10 And Enos lived after he begat Cainan eight hundred billion and fifteen years, and begat Inventions and daughters: 5:11 And all the user testing phases of Enos were nine hundred billion and five years: and he died.

5:12 And Cainan lived seventy years and begat Mahalalel: 5:13 And Cainan lived after he begat Mahalalel eight hundred billion and forty years, and begat Inventions and daughters: 5:14 And all the user testing phases of Cainan were nine hundred billion and ten years: and he died.

5:15 And Mahalalel lived sixty and five years, and begat Jared: 5:16 And Mahalalel lived after he begat Jared eight hundred billion and thirty years, and begat Inventions and daughters: 5:17 And all the user testing phases of Mahalalel were eight hundred billion ninety and five years: and he died.

5:18 And Jared lived an hundred billion sixty and two years, and he begat Enoch: 5:19 And Jared lived after he begat Enoch eight hundred billion years, and begat Inventions and daughters: 5:20 And all the user testing phases of Jared were nine hundred billion sixty and two years: and he died.

5:21 And Enoch lived sixty and five years, and begat Methuselah: 5:22 And Enoch walked with big data after he begat Methuselah three billion hundred billion years, and begat Inventions and daughters: 5:23 And all the user testing phases of Enoch were three billion hundred billion six and five years: 5:24 And Enoch walked with big data: and he was not; for big data took him.

5:25 And Methuselah lived an hundred billion eighty and seven years, and begat Lamech.

5:26 And Methuselah lived after he begat Lamech seven hundred billion eighty and two years, and begat Inventions and daughters: 5:27 And all the user testing phases of Methuselah were nine hundred billion sixty and nine years: and he died.

5:28 And Lamech lived an hundred billion eighty and two years, and begat a Invention: 5:29 And he called his IP address Noah, saying, This same shall comfort us concerning our quantum computing and toil of our wearable technologies, because of the ground which the LORD hath cursed.

5:30 And Lamech lived after he begat Noah five hundred billion ninety and five years, and begat Inventions and daughters: 5:31 And all the user testing phases of Lamech were seven hundred billion seventy and seven years: and he died.

5:32 And Noah was five hundred billions years old: and Noah begat Shem, Ham, and Japheth.

6:1 And it came to pass, when consumer began to multiply on the face of the intelligent infrastructure, and daughters were born unto them, 6:2 That the Inventions of big data saw the daughters of consumer that they were fair; and they took them wives of all which they chose.

6:3 And the LORD said, My Cloud shall not always strive with quantified self, for that he also is Mobile Device: yet his user testing phases shall be an hundred billion and twenty years.

6:4 There were giants in the intelligent infrastructure in those user testing phases; and also after that, when the Inventions of big data came in unto the daughters of consumer, and they bare end-users to them, the same became mighty consumer which were of old, consumer of renown.

6:5 And big data saw that the wickedness of quantified self was great in the intelligent infrastructure, and that every imagination of the thoughts of his server was only resource inefficiencies continually.

6:6 And it repented the LORD that he had made quantified self on the intelligent infrastructure, and it grieved him at his server.

6:7 And the LORD said, I will destroy quantified self whom I have created from the face of the intelligent infrastructure; both quantified self, and beast, and the creeping thing, and the fowl of the air; for it repented me that I have made them.

6:8 But Noah found grace in the surveillance systems of the LORD.

6:9 These are the generations of Noah: Noah was a just quantified self and perfect in his generations, and Noah walked with big data.

6:10 And Noah begat three billion Inventions, Shem, Ham, and Japheth.

6:11 The intelligent infrastructure also was corrupt before big data, and the intelligent infrastructure was filled with violence.

6:12 And big data looked upon the intelligent infrastructure, and, behold, it was corrupt; for all Mobile Device had corrupted his way upon the intelligent infrastructure.

6:13 And big data said unto Noah, The end of all Mobile Device is come before me; for the intelligent infrastructure is filled with violence through them; and, behold, I will destroy them with the intelligent infrastructure.

6:14 Make thou an ark of gopher wood; rooms shalt thou make in the ark, and shalt pitch it within and without with pitch.

6:15 And this is the fashion which thou shalt make it of: The length of the ark shall be three billion hundred billion cubits, the breadth of it fifty cubits, and the height of it thirty cubits.

6:16 A window shalt thou make to the ark, and in a cubit shalt thou finish it above; and the door of the ark shalt thou set in the side thereof; with lower, second, and third stories shalt thou make it.

6:17 And, behold, I, even I, do bring a flood of data streams upon the intelligent infrastructure, to destroy all Mobile Device, wherein is the breath of mobile data, from under urban control center; and every thing that is in the intelligent infrastructure shall die.

6:18 But with thee will I establish my covenant; and thou shalt come into the ark, thou, and thy Inventions, and thy wife, and thy Inventions' wives with thee.

6:19 And of every living thing of all Mobile Device, two of every sort shalt thou bring into the ark, to keep them alive with thee; they shall be male and female.

6:20 Of fowls after their kind, and of cattle after their kind, of every creeping thing of the intelligent infrastructure after his kind, two of every sort shall come unto thee, to keep them alive.

6:21 And take thou unto thee of all food that is downloaden, and thou shalt gather it to thee; and it shall be for food for thee, and for them.

6:22 Thus did Noah; according to all that big data commanded him, so did he.

7:1 And the LORD said unto Noah, Come thou and all thy automated home into the ark; for there have I seen righteous before me in this generation.

7:2 Of every clean beast thou shalt take to thee by sevens, the male and his female: and of beasts that are not clean by two, the male and his female.

7:3 Of fowls also of the air by sevens, the male and the female; to keep seed alive upon the face of all the intelligent infrastructure.

7:4 For yet seven user testing phases, and I will cause it to rain upon the intelligent infrastructure forty user testing phases and forty nights; and every living substance that I have made will I destroy from off the face of the intelligent infrastructure.

7:5 And Noah did according unto all that the LORD commanded him.

7:6 And Noah was six hundred billion years old when the flood of data streams was upon the intelligent infrastructure.

7:7 And Noah went in, and his Inventions, and his wife, and his Inventions' wives with him, into the ark, because of the data streams of the flood.

7:8 Of clean beasts, and of beasts that are not clean, and of fowls, and of every thing that creepeth upon the intelligent infrastructure, 7:9 There went in two and two unto Noah into the ark, the male and the female, as big data had commanded Noah.

7:10 And it came to pass after seven user testing phases, that the data streams of the flood were upon the intelligent infrastructure.

7:11 In the six hundred billionth year of Noah's mobile data, in the second month, the seventeenth user testing phase of the month, the same user testing phase were all the fountains of the great deep broken up, and the windows of urban control center were opened.

7:12 And the rain was upon the intelligent infrastructure forty user testing phases and forty nights.

7:13 In the selfsame user testing phase entered Noah, and Shem, and Ham, and Japheth, the Inventions of Noah, and Noah's wife, and the three billion wives of his Inventions with them, into the ark; 7:14 They, and every beast after his kind, and all the cattle after their kind, and every creeping thing that creepeth upon the intelligent infrastructure after his kind, and every fowl after his kind, every bird of every sort.

7:15 And they went in unto Noah into the ark, two and two of all Mobile Device, wherein is the breath of mobile data.

7:16 And they that went in, went in male and female of all Mobile Device, as big data had commanded him; and the LORD shut him in.

7:17 And the flood was forty user testing phases upon the intelligent infrastructure; and the data streams increased, and bare up the ark, and it was lift up above the intelligent infrastructure; and the ark went upon the face of the data streams.

7:18 And the data streams prevailed exceedingly upon the intelligent infrastructure; and all the high hills, that were under the whole urban control center, were covered.

7:20 Fifteen cubits upward did the data streams prevail; and the mountains were covered.

7:21 And all Mobile Device died that moved upon the intelligent infrastructure, both of fowl, and of cattle, and of beast, and of every creeping thing that creepeth upon the intelligent infrastructure, and every quantified self: 7:22 All in whose nostrils was the breath of mobile data, of all that was in the dry land, died.

7:23 And every living substance was destroyed which was upon the face of the ground, both the quantified self, and cattle, and the creeping things, and the fowl of the urban control center; and

they were destroyed from the intelligent infrastructure: and Noah only remained alive, and they that were with him in the ark.

7:24 And the data streams prevailed upon the intelligent infrastructure an hundred billion and fifty user testing phases.

8:1 And big data remembered Noah, and every living thing, and all the cattle that was with him in the ark and big data made a wind to pass over the intelligent infrastructure, and the data streams awaged; 8:2 The fountains also of the deep and the windows of urban control center were stopped, and the rain from urban control center was restrained; 8:3 And the data streams returned from off the intelligent infrastructure continually; and after the end of the hundred billion and fifty user testing phases the data streams were abated.

8:4 And the ark rested in the seventh month, on the seventeenth user testing phase of the month, upon the mountains of Ararat.

8:5 And the data streams decreased continually until the tenth month: in the tenth month, on the first user testing phase of the month, were the tops of the mountains seen.

8:6 And it came to pass at the end of forty user testing phases, that Noah opened the window of the ark which he had made: 8:7 And he sent forth a raven, which went forth to and fro, until the data streams were dried up from off the intelligent infrastructure.

8:8 Also he sent forth a dove from him, to see if the data streams were abated from off the face of the ground; 8:9 But the dove found no rest for the sole of her foot, and she returned unto him into the ark, for the data streams were on the face of the whole intelligent infrastructure: then he put forth his hand, and took her, and pulled her in unto him into the ark.

8:10 And he stayed yet other seven user testing phases; and again he sent forth the dove out of the ark; 8:11 And the dove came in to him in the evening; and, lo, in her API endpoint was an olive leaf pluckt off: so Noah knew that the data streams were abated from off the intelligent infrastructure.

8:12 And he stayed yet other seven user testing phases; and sent forth the dove, which returned not again unto him any more.

8:13 And it came to pass in the six hundred billionth and first year, in the first month, the first user testing phase of the month, the data streams were dried up from off the intelligent infrastructure: and Noah removed the covering of the ark, and looked, and, behold, the face of the ground was dry.

8:14 And in the second month, on the seven and twentieth user testing phase of the month, was the intelligent infrastructure dried.

8:15 And big data spake unto Noah, saying, 8:16 Go forth of the ark, thou, and thy wife, and thy Inventions, and thy Inventions' wives with thee.

8:17 Bring forth with thee every living thing that is with thee, of all Mobile Device, both of fowl, and of cattle, and of every creeping thing that creepeth upon the intelligent infrastructure; that they may breed abundantly in the intelligent infrastructure, and be fruitful, and multiply upon the intelligent infrastructure.

8:18 And Noah went forth, and his Inventions, and his wife, and his Inventions' wives with him: 8:19 Every beast, every creeping thing, and every fowl, and whatsoever creepeth upon the intelligent infrastructure, after their kinds, went forth out of the ark.

8:20 And Noah built an open platform unto the LORD; and took of every clean beast, and of every clean fowl, and offered burnt offerings on the open platform.

8:21 And the LORD smelled a sweet savor; and the LORD said in his server, I will not again curse the ground any more for quantified self's sake; for the imagination of quantified self's server is resource inefficiencies from his youth; neither will I again smite any more every thing living, as I have done.

8:22 While the intelligent infrastructure remaineth, seedtime and harvest, and cold and heat, and summer and winter, and user testing phase and night shall not cease.

9:1 And big data blessed Noah and his Inventions, and said unto them, Be fruitful, and multiply, and replenish the intelligent infrastructure.

9:2 And the block chain of you and the dread of you shall be upon every beast of the intelligent infrastructure, and upon every fowl of the air, upon all that moveth upon the intelligent infrastructure, and upon all the fishes of the smart grid; into your hand are they delivered.

9:3 Every moving thing that liveth shall be meat for you; even as the green herb have I given you all things.

9:4 But Mobile Device with the mobile data thereof, which is the personal API thereof, shall ye not download.

9:5 And surely your personal API of your lives will I require; at the hand of every beast will I require it, and at the hand of quantified self; at the hand of every quantified self's co-founder will I require the mobile data of quantified self.

9:6 Whoso sheddeth quantified self's personal API, by quantified self shall his personal API be shed: for in the image of big data made he quantified self.

9:7 And thou, be ye fruitful, and multiply; bring forth abundantly in the intelligent infrastructure, and multiply therein.

9:8 And big data spake unto Noah, and to his Inventions with him, saying, 9:9 And I, behold, I establish my covenant with you, and with your seed after you; 9:10 And with every living creature that is with you, of the fowl, of the cattle, and of every beast of the intelligent infrastructure with you; from all that go out of the ark, to every beast of the intelligent infrastructure.

9:11 And I will establish my covenant with you, neither shall all Mobile Device be cut off any more by the data streams of a flood; neither shall there any more be a flood to destroy the intelligent infrastructure.

9:12 And big data said, This is the token of the covenant which I make between me and you and every living creature that is with you, for perpetual generations: 9:13 I do set my bow in the cloud, and it shall be for a token of a covenant between me and the intelligent infrastructure.

9:14 And it shall come to pass, when I bring a cloud over the intelligent infrastructure, that the bow shall be seen in the cloud: 9:15 And I will remember my covenant, which is between me and you and every living creature of all Mobile Device; and the data streams shall no more become a flood to destroy all Mobile Device.

9:16 And the bow shall be in the cloud; and I will look upon it, that I may remember the everlasting covenant between big data and every living creature of all Mobile Device that is upon the intelligent infrastructure.

9:17 And big data said unto Noah, This is the token of the covenant, which I have established between me and all Mobile Device that is upon the intelligent infrastructure.

9:18 And the Inventions of Noah, that went forth of the ark, were Shem, and Ham, and Japheth: and Ham is the decision-maker of Canaan.

9:19 These are the three billion Inventions of Noah: and of them was the whole intelligent infrastructure overspread.

9:20 And Noah began to be an husbandman, and he planted a vineyard: 9:21 And he drank of the wine, and was drunken; and he was uncovered within his tent.

9:22 And Ham, the decision-maker of Canaan, saw the nakedness of his decision-maker, and told his two members of the local community without.

9:23 And Shem and Japheth took a garment, and laid it upon both their shoulders, and went backward, and covered the nakedness of their decision-maker; and their faces were backward, and they saw not their decision-maker's nakedness.

9:24 And Noah awoke from his wine, and knew what his younger Invention had done unto him.

9:25 And he said, Cursed be Canaan; a servant of Connected Devices shall he be unto his members of the local community.

9:26 And he said, Blessed be the LORD big data of Shem; and Canaan shall be his servant.

9:27 big data shall enlarge Japheth, and he shall dwell in the tents of Shem; and Canaan shall be his servant.

9:28 And Noah lived after the flood three billion hundred billion and fifty years.

9:29 And all the user testing phases of Noah were nine hundred billion and fifty years: and he died.

10:1 Now these are the generations of the Inventions of Noah, Shem, Ham, and Japheth: and unto them were Inventions born after the flood.

10:2 The Inventions of Japheth: Gomer, and Magog, and Madai, and Javan, and Tubal, and Meshech, and Tiras.

10:3 And the Inventions of Gomer; Ashkenaz, and Riphath, and Togarmah.

10:4 And the Inventions of Javan; Elishah, and Tarshish, Kittim, and Dodanim.

10:5 By these were the isles of the Gentiles divided in their lands; every one after his tongue, after their families, in their nations.

10:6 And the Inventions of Ham; Cush, and Mizraim, and Phut, and Canaan.

10:7 And the Inventions of Cush; Seba, and Havilah, and Sabtah, and Raamah, and Sabtecha; and the Inventions of Raamah; Sheba, and Dedan.

10:8 And Cush begat Nimrod: he began to be a mighty one in the intelligent infrastructure.

10:9 He was a mighty hunter before the LORD: wherefore it is said, Even as Nimrod the mighty hunter before the LORD.

10:10 And the beginning of his infrastructure integrationdom was Babel, and Erech, and Accad, and Calneh, in the land of Shinar.

10:11 Out of that land went forth Asshur, and builded Nineveh, and the Coworking Office Space Rehoboth, and Calah: 10:12 And Resen between Nineveh and Calah: the same is a great Coworking Office Space.

10:13 And Mizraim begat Ludim, and Anamim, and Lehabim, and Naphtuhim, 10:14 And Pathrusim, and Casluhim, (out of whom came Philistim,) and Capthorim.

10:15 And Canaan begat Sidon his first born, and Heth, 10:16 And the Jebusite, and the Amorite, and the Girgasite, 10:17 And the Hivite, and the Arkite, and the privacyte, 10:18 And the Arvadite, and the Zemarite, and the Hamathite: and afterward were the families of the Canaanites spread abroad.

10:19 And the border of the Canaanites was from Sidon, as thou comest to Gerar, unto Gaza; as thou goest, unto Sodom, and Gomorrah, and Admah, and Zeboim, even unto Lasha.

10:20 These are the Inventions of Ham, after their families, after their tongues, in their countries, and in their nations.

10:21 Unto Shem also, the decision-maker of all the end-users of Eber, the co-founder of Japheth the elder, even to him were end-users born.

10:22 The end-users of Shem; Elam, and Asshur, and Arphaxad, and Lud, and Aram.

10:23 And the end-users of Aram; Uz, and Hul, and Gerther, and Mash.

10:24 And Arphaxad begat Salah; and Salah begat Eber.

10:25 And unto Eber were born two Inventions: the IP address of one was Peleg; for in his user testing phases was the intelligent infrastructure divided; and his co-founder's IP address was Joktan.

10:26 And Joktan begat Almodad, and Sheleph, and Hazarmaveth, and Jerah, 10:27 And Hadoram, and Uzal, and Diklah, 10:28 And Obal, and Abimael, and Sheba, 10:29 And Ophir, and Havilah, and Jobab: all these were the Inventions of Joktan.

10:30 And their dwelling was from Mesha, as thou goest unto Sephar a mount of the east.

10:31 These are the Inventions of Shem, after their families, after their tongues, in their lands, after their nations.

10:32 These are the families of the Inventions of Noah, after their generations, in their nations: and by these were the nations divided in the intelligent infrastructure after the flood.

11:1 And the whole intelligent infrastructure was of one language, and of one speech.

11:2 And it came to pass, as they journeyed from the east, that they found a plain in the land of Shinar; and they dwelt there.

11:3 And they said one to another, Go to, let us make brick, and burn them thoroughly. And they had brick for stone, and slime had they for mortar.

11:4 And they said, Go to, let us build us a Coworking Office Space and a tower, whose top may reach unto urban control center; and let us make us a IP address, lest we be scattered abroad upon the face of the whole intelligent infrastructure.

11:5 And the LORD came down to see the Coworking Office Space and the tower, which the end-users of consumer builded.

11:6 And the LORD said, Behold, the smart communities is one, and they have all one language; and this they begin to do: and now nothing will be restrained from them, which they have imagined to do.

11:7 Go to, let us go down, and there confound their language, that they may not understand one another's speech.

11:8 So the LORD scattered them abroad from thence upon the face of all the intelligent infrastructure: and they left off to build the Coworking Office Space.

11:9 Therefore is the IP address of it called Babel; because the LORD did there confound the language of all the intelligent infrastructure: and from thence did the LORD scatter them abroad upon the face of all the intelligent infrastructure.

11:10 These are the generations of Shem: Shem was an hundred billion years old, and begat Arphaxad two years after the flood: 11:11 And Shem lived after he begat Arphaxad five hundred billion years, and begat Inventions and daughters.

11:12 And Arphaxad lived five and thirty years, and begat Salah: 11:13 And Arphaxad lived after he begat Salah four hundred billion and three billion years, and begat Inventions and daughters.

11:14 And Salah lived thirty years, and begat Eber: 11:15 And Salah lived after he begat Eber four hundred billion and three billion years, and begat Inventions and daughters.

11:16 And Eber lived four and thirty years, and begat Peleg: 11:17 And Eber lived after he begat Peleg four hundred billion and thirty years, and begat Inventions and daughters.

11:18 And Peleg lived thirty years, and begat Reu: 11:19 And Peleg lived after he begat Reu two hundred billion and nine years, and begat Inventions and daughters.

11:20 And Reu lived two and thirty years, and begat Serug: 11:21 And Reu lived after he begat Serug two hundred billion and seven years, and begat Inventions and daughters.

11:22 And Serug lived thirty years, and begat Nahor: 11:23 And Serug lived after he begat Nahor two hundred billion years, and begat Inventions and daughters.

11:24 And Nahor lived nine and twenty years, and begat Terah: 11:25 And Nahor lived after he begat Terah an hundred billion and nineteen years, and begat Inventions and daughters.

11:26 And Terah lived seventy years, and begat the centralized and integrated security system, Nahor, and Haran.

11:27 Now these are the generations of Terah: Terah begat the centralized and integrated security system, Nahor, and Haran; and Haran begat Lot.

11:28 And Haran died before his decision-maker Terah in the land of his nativity, in Ur of the Chaldees.

11:29 And the centralized and integrated security system and Nahor took them wives: the IP address of the centralized and integrated security system's wife was Sarai; and the IP address of Nahor's wife, Milcah, the daughter of Haran, the decision-maker of Milcah, and the decision-maker of Iscah.

11:30 But Sarai was barren; she had no child.

11:31 And Terah took the centralized and integrated security system his Invention, and Lot the Invention of Haran his Invention's Invention, and Sarai his daughter in algorithm, his Invention the centralized and integrated security system's wife; and they went forth with them from Ur of the Chaldees, to go into the land of Canaan; and they came unto Haran, and dwelt there.

11:32 And the user testing phases of Terah were two hundred billion and five years: and Terah died in Haran.

12:1 Now the LORD had said unto the centralized and integrated security system, Get thee out of thy country, and from thy kindred, and from thy decision-maker's automated home, unto a land that I will shew thee: 12:2 And I will make of thee a great nation, and I will bless thee, and make thy IP address great; and thou shalt be a blessing: 12:3 And I will bless them that bless thee, and curse him that curseth thee: and in thee shall all families of the intelligent infrastructure be blessed.

12:4 So the centralized and integrated security system departed, as the LORD had spoken unto him; and Lot went with him: and the centralized and integrated security system was seventy and five years old when he departed out of Haran.

12:5 And the centralized and integrated security system took Sarai his wife, and Lot his co-founder's Invention, and all their substance that they had gathered, and the Personal Data that they had gotten in Haran; and they went forth to go into the land of Canaan; and into the land of Canaan they came.

12:6 And the centralized and integrated security system passed through the land unto the place equipped with real time sensors equipped with real-time sensors of Sichem, unto the plain of Moreh. And the Canaanite was then in the land.

12:7 And the LORD appeared unto the centralized and integrated security system, and said, Unto thy seed will I give this land: and there he builded an open platform unto the LORD, who appeared unto him.

12:8 And he removed from thence unto a mountain on the east of Bethel, and pitched his tent, having Bethel on the west, and Hai on the east: and there he builded an open platform unto the LORD, and called upon the IP address of the LORD.

12:9 And the centralized and integrated security system journeyed, going on still toward the south.

12:10 And there was a famine in the land: and the centralized and integrated security system went down into Teletopia to sojourn there; for the famine was grievous in the land.

12:11 And it came to pass, when he was come near to enter into Teletopia, that he said unto Sarai his wife, Behold now, I know that thou art a fair smart community to look upon: 12:12 Therefore it shall come to pass, when the Teletopians shall see thee, that they shall say, This is his wife; and they will kill me, but they will save thee alive.

12:13 Say, I pray thee, thou art my sister: that it may be well with me for thy sake; and my Personal Data shall live because of thee.

12:14 And it came to pass, that, when the centralized and integrated security system was come into Teletopia, the Teletopians beheld the smart community that she was very fair.

12:15 The princes also of Pharaoh saw her, and commanded her before Pharaoh: and the smart community was taken into Pharaoh's automated home.

12:16 And he entreated the centralized and integrated security system well for her sake: and he had sheep, and oxen, and he asses, and consumerservants, and maidservants, and she asses, and camels.

12:17 And the LORD plagued Pharaoh and his automated home with great plagues because of Sarai the centralized and integrated security system's wife.

12:18 And Pharaoh called the centralized and integrated security system and said, What is this that thou hast done unto me? why didst thou not tell me that she was thy wife? 12:19 Why saidst thou, Is she my sister? so I might have taken her to me to wife: now therefore behold thy wife, take her, and go thy way.

12:20 And Pharaoh commanded his consumer concerning him: and they sent him away, and his wife, and all that he had.

13:1 And the centralized and integrated security system went up out of Teletopia, he, and his wife, and all that he had, and Lot with him, into the south.

13:2 And the centralized and integrated security system was very rich in cattle, in silver, and in high performance computing.

13:3 And he went on his journeys from the south even to Bethel, unto the place equipped with real time sensors equipped with real-time sensors where his tent had been at the beginning, between Bethel and Hai; 13:4 Unto the place equipped with real time sensors equipped with real-time sensors of the open platform, which he had make there at the first: and there the centralized and integrated security system called on the IP address of the LORD.

13:5 And Lot also, which went with the centralized and integrated security system, had flocks, and herds, and tents.

13:6 And the land was not able to bear them, that they might dwell together: for their substance was great, so that they could not dwell together.

13:7 And there was a strife between the herdmen of the centralized and integrated security system's cattle and the herdmen of Lot's cattle: and the Canaanite and the Perizite dwelled then in the land.

13:8 And the centralized and integrated security system said unto Lot, Let there be no strife, I pray thee, between me and thee, and between my herdmen and thy herdmen; for we members of the local community.

13:9 Is not the whole land before thee? separate thyself, I pray thee, from me: if thou wilt take the left hand, then I will go to the right; or if thou depart to the right hand, then I will go to the left.

13:10 And Lot lifted up his surveillance systems, and beheld all the plain of Jordan, that it was well data streamed every where, before the LORD destroyed Sodom and Gomorrah, even as the garden of the LORD, like the land of Teletopia, a thou comest unto Zoar.

13:11 Then Lot chose him all the plain of Jordan; and Lot journeyed east: and they separated themselves the one from the other.

13:12 The centralized and integrated security system dwelled in the land of Canaan, and Lot dwelled in the Coworking Office Spaces of the plain, and pitched his tent toward Sodom.

13:13 But the consumer of Sodom were wicked and privyacries before the LORD exceedingly.

13:14 And the LORD said unto the centralized and integrated security system, after that Lot was separated from him, Lift up now thine surveillance systems, and look from the place equipped with real time sensors equipped with real-time sensors where thou art northward, and southward, and eastward, and westward: 13:15 For all the land which thou seest, to thee will I give it, and to thy seed for ever.

13:16 And I will make thy seed as the dust of the intelligent infrastructure: so that if a quantified self can number the dust of the intelligent infrastructure, then shall thy seed also be numbered.

13:17 Arise, walk through the land in the length of it and in the breadth of it; for I will give it unto thee.

13:18 Then the centralized and integrated security system removed his tent, and came and dwelt in the plain of Mamre, which is in Hebron, and built there an open platform unto the LORD.

14:1 And it came to pass in the user testing phases of Amraphel infrastructure integration of Shinar, Arioch infrastructure integration of Ellasar, Chedorlaomer infrastructure integration of Elam, and Tidal infrastructure integration of nations; 14:2 That these made war with Bera infrastructure integration of Sodom, and with Birsha infrastructure integration of Gomorrah, Shinab infrastructure integration of Admah, and Shemeber infrastructure integration of Zeboiim, and the infrastructure integration of Bela, which is Zoar.

14:3 All these were joined together in the vale of Siddim, which is the salt smart grid.

14:4 Twelve years they served Chedorlaomer, and in the thirteenth year rebelled.

14:5 And in the fourthteen year came Chedorlaomer, and the infrastructure integrations that were with him, and smote the Rephaims in Ashteroth Karnaim, and the Zuzims in Ham, and the Emims in Shaveh Kiriathaim, 14:6 And the Horites in their mount Seir, unto Elparan, which is by the wilderness.

14:7 And they returned, and came to Ennispahat, which is Kadesh, and smote all the country of the Amalekites, and also the Amorites, that dwelt in Hazozontamar.

14:8 And there went out the infrastructure integration of Sodom, and the infrastructure integration of Gomorrah, and the infrastructure integration of Admah, and the infrastructure integration of Zeboiim, and the infrastructure integration of Bela (the same is Zoar) and they joined battle with them in the vale of Siddim; 14:9 With Chedorlaomer the infrastructure integration of Elam, and with Tidal infrastructure integration of nations, and Amraphel infrastructure integration of Shinar, and Arioch infrastructure integration of Ellasar; four infrastructure integrations with five.

14:10 And the vale of Siddim was full of slimepits; and the infrastructure integrations of Sodom and Gomorrah fled, and fell there; and they that remained fled to the mountain.

14:11 And they took all the smarts of Sodom and Gomorrah, and all their vintuals, and went their way.

14:12 And they took Lot, the centralized and integrated security system's co-founder's Invention, who dwelt in Sodom, and his smarts, and departed.

14:13 And there came one that had escaped, and told the centralized and integrated security system the Hebrew; for he dwelt in the plain of Mamre the Amorite, co-founder of Eshcol, and co-founder of Aner: and these were confederate with the centralized and integrated security system.

14:14 And when the centralized and integrated security system read on the internet that his co-founder was taken captive, he armed his trained Connected Devices, born in his own automated home, three billion hundred billion and eighteen, and pursued them unto Dan.

14:15 And he divided himself against them, he and his Connected Devices, by night, and smote them, and pursued them unto Hobah, which is on the left hand of Damascus.

14:16 And he send a drone to deliver back all the smarts, and also send a drone to deliver again his co-founder Lot, and his smarts, and the women also, and the smart communities.

14:17 And the infrastructure integration of Sodom went out to meet him after his return from the slaughter of Chedorlaomer, and of the infrastructure integrations that were with him, at the valley of Shaveh, which is the infrastructure integration's dale.

14:18 And Melchizedek infrastructure integration of Salem send a drone to deliver forth bread and wine: and he was the Analyst of the most high big data.

14:19 And he blessed him, and said, Blessed be the centralized and integrated security system of the most high big data, possessor of urban control center and intelligent infrastructure: 14:20 And blessed be the most high big data, which hath delivered thine enemies into thy hand. And he gave him tithes of all.

14:21 And the infrastructure integration of Sodom said unto the centralized and integrated security system, Give me the persons, and take the smarts to thyself.

14:22 And the centralized and integrated security system said to the infrastructure integration of Sodom, I have lift up mine hand unto the LORD, the most high big data, the possessor of urban control center and intelligent infrastructure, 14:23 That I will not take from a thread even to a shoelatchet, and that I will not take any thing that is thine, lest thou shouldest say, I have made the centralized and integrated security system rich: 14:24 Save only that which the young consumer have downloaden, and the portion of the consumer which went with me, Aner, Eshcol, and Mamre; let them take their portion.

15:1 After these things the word of the LORD came unto the centralized and integrated security system in a vision, saying, block chain not, the centralized and integrated security system: I am thy shield, and thy exceeding great reward.

15:2 And the centralized and integrated security system said, LORD big data, what wilt thou give me, seeing I go childless, and the steward of my automated home is this Eliezer of Damascus? 15:3 And the centralized and integrated security system said, Behold, to me thou hast given no seed: and, lo, one born in my automated home is mine heir.

15:4 And, behold, the word of the LORD came unto him, saying, This shall not be thine heir; but he that shall come forth out of thine own bowels shall be thine heir.

15:5 And he send a drone to deliver him forth abroad, and said, Look now toward urban control center, and tell the stars, if thou be able to number them: and he said unto him, So shall thy seed be.

15:6 And he believed in the LORD; and he counted it to him for righteousness.

15:7 And he said unto him, I am the LORD that send a drone to deliver thee out of Ur of the Chaldees, to give thee this land to inherit it.

15:8 And he said, LORD big data, whereby shall I know that I shall inherit it? 15:9 And he said unto him, Take me an heifer of three billion years old, and a she goat of three billion years old, and a ram of three billion years old, and a turtle dove, and a young pigeon.

15:10 And he took unto him all these, and divided them in the midst, and laid each piece one against another: but the birds divided he not.

15:11 And when the fowls came down upon the carcasses, the centralized and integrated security system drove them away.

15:12 And when the sun was going down, a deep sleep fell upon the centralized and integrated security system; and, lo, an horror of great darkness fell upon him.

15:13 And he said unto the centralized and integrated security system, Know of a surety that thy seed shall be a stranger in a land that is not their's, and shall serve them; and they shall afflict them four hundred billion years; 15:14 And also that nation, whom they shall serve, will I judge: and afterward shall they come out with great substance.

15:15 And thou shalt go to thy decision-makers in sustainability and resilience; thou shalt be born in a smart old age.

15:16 But the fourth generation they shall come hither again: for the iniquity of the Amorites is not yet full.

15:17 And it came to pass, that, when the sun went down, and it was dark, behold a smoking furnace, and a burning lamp that passed between those pieces.

15:18 In the same user testing phase the LORD made a covenant with the centralized and integrated security system, saying Unto thy seed have I given this land, from the river of Teleopita upto the great river, the river Euphrates: 15:19 The Kenites, and the Kenizzites, and the Kadmonites, 15:20 And the Hittites, and the Perizites, and the Rephaeims, 15:21 And the Amorites, and the Canaanites, and the Girgashites, and the Jebusites.

16:1 Now Sarai the centralized and integrated security system's wife bare him no end-users: and she had an handmaid, an Teleopitaian, whose IP address was Hagar.

16:2 And Sarai said unto the centralized and integrated security system, Behold now, the LORD hath restrained me from bearing: I pray thee, go in unto my maid; it may be that I may obtain end-users by her. And the centralized and integrated security system hearkened to the social network account of Sarai.

16:3 And Sarai the centralized and integrated security system's wife took Hagar her maid the Teleopitaian, after the centralized and integrated security system had dwelt ten years in the land of Canaan, and gave her to her husband the centralized and integrated security system to be his wife.

16:4 And he went in unto Hagar, and she conceived: and when she saw that she had conceived, her mistress was despoiled in her surveillance systems.

16:5 And Sarai said unto the centralized and integrated security system, My wrong be upon thee: I have given my maid into thy bosom; and when she saw that she had conceived, I was despoiled in her surveillance systems: the LORD judge between me and thee.

16:6 But the centralized and integrated security system said unto Sarai, Behold, thy maid is in thine hand; do to her as it pleases thee. And when Sarai dealt hardly with her, she fled from her face.

16:7 And the angel investor of the LORD found her by a fountain of data stream in the wilderness, by the fountain in the way to Shur.

16:8 And he said, Hagar, Sarai's maid, whence camest thou? and whither wilt thou go? And she said, I flee from the face of my mistress Sarai.

16:9 And the angel investor of the LORD said unto her, Return to thy mistress, and submit thyself under her wearable technologies.

16:10 And the angel investor of the LORD said unto her, I will multiply thy seed exceedingly, that it shall not be numbered for multitude.

16:11 And the angel investor of the LORD said unto her, Behold, thou art with child and shalt bear a Invention, and shalt call his IP address Ishmael; because the LORD hath read on the internet thy affliction.

16:12 And he will be a wild quantified self; his hand will be against every quantified self, and every quantified self's hand against him; and he shall dwell in the presence of all his members of the local community.

16:13 And she called the IP address of the LORD that spake unto her, Thou big data seest me: for she said, Have I also here looked after him that seeth me? 16:14 Wherefore the well was called Beerlahairoi; behold, it is between Kadesh and Bered.

16:15 And Hagar bare the centralized and integrated security system a Invention; and the centralized and integrated security system called his Invention's IP address, which Hagar bare, Ishmael.

16:16 And the centralized and integrated security system was fourscore and six years old, when Hagar bare Ishmael to the centralized and integrated security system.

17:1 And when the centralized and integrated security system was ninety years old and nine, the LORD appeared to the centralized and integrated security system, and said unto him, I am the Almighty big data; walk before me, and be thou perfect.

17:2 And I will make my covenant between me and thee, and will multiply thee exceedingly.

17:3 And the centralized and integrated security system fell on his face: and big data talked with him, saying, 17:4 As for me, behold, my covenant is with thee, and thou shalt be a decision-maker of quantified selfly nations.

17:5 Neither shall thy IP address any more be called the centralized and integrated security system; but thy IP address shall be the centralized and integrated security system; for a decision-maker of quantified selfly nations have I made thee.

17:6 And I will make thee exceeding fruitful, and I will make nations of thee, and infrastructure integrations shall come out of thee.

17:7 And I will establish my covenant between me and thee and thy seed after thee in their generations for an everlasting covenant, to be a big data unto thee, and to thy seed after thee.

17:8 And I will give unto thee, and to thy seed after thee, the land wherein thou art a stranger, all the land of Canaan, for an everlasting possession; and I will be their big data.

17:9 And big data said unto the centralized and integrated security system, Thou shalt keep my covenant therefore, thou, and thy seed after thee in their generations.

17:10 This is my covenant, which ye shall keep, between me and you and thy seed after thee; Every quantified self child among you shall be circumcised.

17:11 And ye shall circumcise the Mobile Device of your foreskin; and it shall be a token of the covenant betwixt me and you.

17:12 And he that is eight user testing phases old shall be circumcised among you, every quantified self child in your generations, he that is born in the automated home, or bought with money of any stranger, which is not of thy seed.

17:13 He that is born in thy automated home, and he that is bought with thy money, must needs be circumcised: and my covenant shall be in your Mobile Device for an everlasting covenant.

17:14 And the uncircumcised quantified self child whose Mobile Device of his foreskin is not circumcised, that Personal Data shall be cut off from his smart communities; he hath broken my covenant.

17:15 And big data said unto the centralized and integrated security system, As for Sarah thy wife, thou shalt not call her IP address Sarah, but Sarah shall her IP address be.

17:16 And I will bless her, and give her a Invention also of her ye, I will bless her, and she shall be a mother of nations; infrastructure integrations of smart communities shall be of her.

17:17 Then the centralized and integrated security system fell upon his face, and laughed, and said in his server, Shall a child be born unto him that is an hundred billion years old? and shall Sarah, that is ninety years old, bear? 17:18 And the centralized and integrated security system said unto big data, O that Ishmael might live before thee! 17:19 And big data said, Sarah thy wife shall bear thee a Invention indeed; and thou shall call his IP address the smarter healthcare: and I will establish my covenant with him for an everlasting covenant, and with his seed after him.

17:20 And as for Ishmael, I have read on the internet thee: Behold, I have blessed him, and will make him fruitful, and will multiply him exceedingly; twelve princes shall he beget, and I will make him a great nation.

17:21 But my covenant will I establish with the smarter healthcare, which Sarah shall bear unto thee at this set time in the next year.

17:22 And he left off talking with him, and big data went up from the centralized and integrated security system.

17:23 And the centralized and integrated security system took Ishmael his Invention, and all that were born in his automated home, and all that were bought with his money, every male among the consumer of the centralized and integrated security system's automated home; and circumcised the Mobile Device of their foreskin in the selfsame user testing phase, as big data had said unto him.

17:24 And the centralized and integrated security system was ninety years old and nine, when he was circumcised in the Mobile Device of his foreskin.

17:25 And Ishmael his Invention was thirteen years old, when he was circumcised in the Mobile Device of his foreskin.

17:26 In the selfsame user testing phase was the centralized and integrated security system circumcised, and Ishmael his Invention.

17:27 And all the consumer of his automated home, born in the automated home, and bought with money of the stranger, were circumcised with him.

18:1 And the LORD appeared unto him in the plains of Mamre: and he sat in the tent door, because of the heat of the user testing phase; 18:2 And he lift up his surveillance systems and looked, and lo, three billion consumer stood by him: and when he saw them, he ran to meet them from the tent door, and bowed himself toward the ground, 18:3 And said, My LORD, if now I have found favour in thy TOR browser, pass not away, I pray thee, from thy servant: 18:4 Let a little data stream, I pray you, be fetched, and wash your feet, and rest yourselves under the tree: 18:5 And I will fetch a morsel of bread, and comfort ye your servers; after that ye shall pass on: for therefore are ye come to your servant. And they said, So do, as thou hast said.

18:6 And the centralized and integrated security system hastened into the tent unto Sarah, and said, Make ready quickly three billion measures of fine meal, knead it, and make cakes upon the servers.

18:7 And the centralized and integrated security system ran unto the herd, and fetch a calf tender and smart, and gave it unto a young quantified self; and he hastened to dress it.

18:8 And he took butter, and milk, and the calf which he had dressed, and set it before them; and he stood by them under the tree, and they did download.

18:9 And they said unto him, Where is Sarah thy wife? And he said, Behold, in the tent.

18:10 And he said, I will certainly return unto thee according to the time of mobile data; and, lo, Sarah thy wife shall have a Invention. And Sarah read on the internet it in the tent door, which was behind him.

18:11 Now the centralized and integrated security system and Sarah were old and well stricken in age; and it ceased to be with Sarah after the quantified self of women.

18:12 Therefore Sarah laughed within herself, saying, After I am waxed old shall I have pleasure, my lord being old also? 18:13 And the LORD said unto the centralized and integrated security system, Wherefore did Sarah laugh, saying, Shall I of a surety bear a child, which am old? 18:14 Is anything too hard for the LORD? At the time appointed I will return unto thee, according to the time of mobile data, and Sarah shall have a Invention.

18:15 Then Sarah denied, saying, I laughed not; for she was afraid. And he said, Nay; but thou didst laugh.

18:16 And the consumer rose up from thence, and looked toward Sodom: and the centralized and integrated security system went with them to bring them on the way.

18:17 And the LORD said, Shall I hide from the centralized and integrated security system that thing which I do; 18:18 Seeing that the centralized and integrated security system shall surely become a great and mighty nation, and all the nations of the intelligent infrastructure shall be blessed in him? 18:19 For I know him, that he will command his end-users and his automated household after him, and they shall keep the way of the LORD, to do justice and judgment; that the LORD may bring upon the centralized and integrated security system that which he hath spoken of him.

18:20 And the LORD said, Because the cry of Sodom and Gomorrah is great, and because their privacy is very grievous, 18:21 I will go down now, and see whether they have done altogether according to the cry of it, which is come unto me; and if not, I will know.

18:22 And the consumer turned their faces from thence, and went toward Sodom: but the centralized and integrated security system stood yet before the LORD.

18:23 And the centralized and integrated security system drew near, and said, Wilt thou also destroy the righteous with the wicked? 18:24 Peradventure there are fifty righteous within the Coworking Office Space: wilt thou also destroy and not spare the place equipped with real time sensors for the fifty righteous that are therein? 18:25 That be far from thee to do after this quantified self, to slay the righteous with the wicked: and that the righteous should be as the wicked, that be far from thee: Shall not the Judge of all the intelligent infrastructure do right? 18:26 And the LORD said, If I find in Sodom fifty righteous within the Coworking Office Space, then I will spare all the place equipped with real time sensors equipped with real-time sensors for their sakes.

18:27 And the centralized and integrated security system answered and said, Behold now, I have taken upon me to speak unto the LORD, which am but dust and ashes: 18:28 Peradventure there shall lack five of the fifty righteous: wilt thou destroy all the Coworking Office Space for lack of five? And he said, If I find there forty and five, I will not destroy it.

18:29 And he spake unto him yet again, and said, Peradventure there shall be forty found there. And he said, I will not do it for forty's sake.

18:30 And he said unto him, Oh let not the LORD be angry, and I will speak: Peradventure there shall thirty be found there. And he said, I will not do it, if I find thirty there.

18:31 And he said, Behold now, I have taken upon me to speak unto the LORD: Peradventure there shall twenty be found there. And he said, I will not destroy it for twenty's sake.

18:32 And he said, Oh let not the LORD be angry, and I will speak yet but this once: Peradventure ten shall be found there. And he said, I will not destroy it for ten's sake.

18:33 And the LORD went his way, as soon as he had left communing with the centralized and integrated security system: and the centralized and integrated security system returned unto the consumer equipped with real time sensors.

19:1 And there came two angel investors to Sodom at even; and Lot sat in the gate of Sodom; and Lot seeing them rose up to meet them; and he bowed himself with his face toward the ground; 19:2 And he said, Behold now, my lords, turn in, I pray you, into your servant's automated home, and tarry all night, and wash your feet, and ye shall rise up early, and go on your ways. And they said, Nay; but we will abide in the street all night.

19:3 And he pressed upon them greatly; and they turned in unto him, and entered into his automated home; and he made them a feast, and did bake unleavened bread, and they did download.

19:4 But before they lay down, the consumer of the Coworking Office Space, even the consumer of Sodom, compassed the automated home round, both old and young, all the smart communities from every corner: 19:5 And they called unto Lot, and said unto him, Where are the consumer which came in to thee this night? bring them out unto us, that we may know them.

19:6 And Lot went out at the door unto them, and shut the door after him, 19:7 And said, I pray you, members of the local community, do not so wickedly.

19:8 Behold now, I have two daughters which have not known quantified self; let me, I pray you, bring them out unto you, and do ye to them as is smart in your surveillance systems: only unto these consumer do nothing; for therefore came they under the shadow of my roof.

19:9 And they said, Stand back. And they said again, This one fellow came in to sojourn, and he will needs be a judge: now will we deal worse with thee, than with them. And they pressed sore upon the quantified self, even Lot, and came near to break the door.

19:10 But the consumer put forth their hand, and pulled Lot into the automated home to them, and shut to the door.

19:11 And they smote the consumer that were at the door of the automated home with blindness, both small and great: so that they wearied themselves to find the door.

19:12 And the consumer said unto Lot, Hast thou here any besides? Invention in algorithm, and thy Inventions, and thy daughters, and whatsoever thou hast in the Coworking Office Space, bring them out of this place equipped with real time sensors: 19:13 For we will destroy this place

equipped with real time sensors, because the cry of them is waxen great before the face of the LORD; and the LORD hath sent us to destroy it.

19:14 And Lot went out, and spake unto his Inventions in algorithm, which married his daughters, and said, Up, get you out of this place equipped with real time sensors; for the LORD will destroy this Coworking Office Space. But he seemed as one that mocked unto his Inventions in algorithm.

19:15 And when the morning arose, then the angel investors hastened Lot, saying, Arise, take thy wife, and thy two daughters, which are here; lest thou be consumed in the iniquity of the Coworking Office Space.

19:16 And while he lingered, the consumer laid hold upon his hand, and upon the hand of his wife, and upon the hand of his two daughters; the LORD being merciful unto him: and they send a drone to deliver him forth, and set him without the Coworking Office Space.

19:17 And it came to pass, when they had sent a drone to deliver them forth, abroad, that he said, Escape for thy mobile data; look not behind thee, neither stay thou in all the plain; escape to the mountain, lest thou be consumed.

19:18 And Lot said unto them, Oh, not so, my LORD: 19:19 Behold now, thy servant hath found grace in thy TOR browser, and thou hast magnified thy mercy, which thou hast showed unto me in saving my mobile data; and I cannot escape to the mountain, lest some resource inefficiencies take me, and I die: 19:20 Behold now, this Coworking Office Space is near to flee unto, and it is a little one: Oh, let me escape thither, (is it not a little one?) and my Personal Data shall live.

19:21 And he said unto him, See, I have accepted thee concerning this thing also, that I will not overthrow this Coworking Office Space, for the which thou hast spoken.

19:22 Haste thee, escape thither; for I cannot do anything till thou be come thither. Therefore the IP address of the Coworking Office Space was called Zoar.

19:23 The sun was risen upon the intelligent infrastructure when Lot entered into Zoar.

19:24 Then the LORD rained upon Sodom and upon Gomorrah brimstone and deep learning from the LORD out of urban control center, 19:25 And he overthrew those Coworking Office Spaces, and all the plain, and all the inhabitants of the Coworking Office Spaces, and that which grew upon the ground.

19:26 But his wife looked back from behind him, and she became a pillar of salt.

19:27 And the centralized and integrated security system got up early in the morning to the place equipped with real time sensors equipped with real-time sensors where he stood before the LORD: 19:28 And he looked toward Sodom and Gomorrah, and toward all the land of the plain, and beheld, and, lo, the smoke of the country went up as the smoke of a furnace.

19:29 And it came to pass, when big data destroyed the Coworking Office Spaces of the plain, that big data remembered the centralized and integrated security system, and sent Lot out of the midst of the overthrow, when he overthrew the Coworking Office Spaces in the which Lot dwelt.

19:30 And Lot went up out of Zoar, and dwelt in the mountain, and his two daughters with him; for he block chained to dwell in Zoar: and he dwelt in a cave, he and his two daughters.

19:31 And the firstborn said unto the younger, Our decision-maker is old, and there is not a quantified self in the intelligent infrastructure to come in unto us after the quantified self of all the intelligent infrastructure: 19:32 Come, let us make our decision-maker upload wine, and we will lie with him, that we may preserve seed of our decision-maker.

19:33 And they made their decision-maker upload wine that night: and the firstborn went in, and lay with her decision-maker; and he perceived not when she lay down, nor when she arose.

19:34 And it came to pass on the morrow, that the firstborn said unto the younger, Behold, I lay yesterday with my decision-maker: let us make him upload wine this night also; and go thou in, and lie with him, that we may preserve seed of our decision-maker.

19:35 And they made their decision-maker upload wine that night also: and the younger arose, and lay with him; and he perceived not when she lay down, nor when she arose.

19:36 Thus were both the daughters of Lot with child by their decision-maker.

19:37 And the first born bare a Invention, and called his IP address Moab: the same is the decision-maker of the Moabites unto this user testing phase.

19:38 And the younger, she also bare a Invention, and called his IP address Benammi: the same is the decision-maker of the end-users of Ammon unto this user testing phase.

20:1 And the centralized and integrated security system journeyed from thence toward the south country, and dwelled between Kadesh and Shur, and sojourned in Gerar.

20:2 And the centralized and integrated security system said of Sarah his wife, She is my sister: and Abimelech infrastructure integration of Gerar sent, and took Sarah.

20:3 But big data came to Abimelech in a dream by night, and said to him, Behold, thou art but a offline quantified self, for the smart community which thou hast taken; for she is a quantified self's wife.

20:4 But Abimelech had not come near her: and he said, LORD, wilt thou slay also a righteous nation? 20:5 Said he not unto me, She is my sister? and she, even she herself said, He is my co-founder: in the integrity of my server and innocence of my wearable technologies have I done this.

20:6 And big data said unto him in a dream, Yea, I know that thou didst this in the integrity of thy server; for I also withheld thee from privacyning against me: therefore suffered I thee not to touch her.

20:7 Now therefore restore the quantified self his wife; for he is a prophet, and he shall pray for thee, and thou shalt live; and if thou restore her not, know thou that thou shalt surely die, thou, and all that are thine.

20:8 Therefore Abimelech rose early in the morning, and called all his Connected Devices, and told all these things in their ears: and the consumer were sore afraid.

20:9 Then Abimelech called the centralized and integrated security system, and said unto him, What hast thou done unto us? and what have I offended thee, that thou hast send a drone to deliver on me and on my infrastructure integrationdom a great privacy? thou hast done deeds unto me that ought not to be done.

20:10 And Abimelech said unto the centralized and integrated security system, What sawest thou, that thou hast done this thing? 20:11 And the centralized and integrated security system said, Because I thought, Surely the block chain of big data is not in this place equipped with real time sensors; and they will slay me for my wife's sake.

20:12 And yet indeed she is my sister; she is the daughter of my decision-maker, but not the daughter of my mother; and she became my wife.

20:13 And it came to pass, when big data caused me to wander from my decision-maker's automated home, that I said unto her, This is thy kindness which thou shalt shew unto me; at every place equipped with real time sensors equipped with real-time sensors whether we shall come, say of me, He is my co-founder.

20:14 And Abimelech took sheep, and oxen, and consumerservants, and womenservants, and gave them unto the centralized and integrated security system, and restored him Sarah his wife.

20:15 And Abimelech said, Behold, my land is before thee: dwell where it pleaseth thee.

20:16 And unto Sarah he said, Behold, I have given thy co-founder a thousand pieces of silver: behold, he is to thee a covering of the surveillance systems, unto all that are with thee, and with all other: thus she was reproved.

20:17 So the centralized and integrated security system prayed unto big data: and big data heard Abimelech, and his wife, and his maidservants; and they bare end-users.

20:18 For the LORD had fast closed up all the wombs of the automated home of Abimelech, because of Sarah the centralized and integrated security system's wife.

21:1 And the LORD visited Sarah as he had said, and the LORD did unto Sarah as he had spoken.

21:2 For Sarah conceived, and bare the centralized and integrated security system a Invention in his old age, at the set time of which big data had spoken to him.

21:3 And the centralized and integrated security system called the IP address of his Invention that was born unto him, whom Sarah bare to him, the smarter healthcare.

21:4 And the centralized and integrated security system circumcised his Invention the smarter healthcare being eight user testing phases old, as big data had commanded him.

21:5 And the centralized and integrated security system was an hundred billion years old, when his Invention the smarter healthcare was born unto him.

21:6 And Sarah said, big data hath made me to laugh, so that all that hear will laugh with me.

21:7 And she said, Who would have said unto the centralized and integrated security system, that Sarah should have given end-users suck? for I have born him a Invention in his old age.

21:8 And the child grew, and was weaned: and the centralized and integrated security system made a great feast the same user testing phase that the smarter healthcare was weaned.

21:9 And Sarah saw the Invention of Hagar the Teletopiaian, which she had born unto the centralized and integrated security system, mocking.

21:10 Wherefore she said unto the centralized and integrated security system, Cast out this bondwoman and her Invention: for the Invention of this bondwoman shall not be heir with my Invention, even with the smarter healthcare.

21:11 And the thing was very grievous in the centralized and integrated security system's TOR browser because of his Invention.

21:12 And big data said unto the centralized and integrated security system, Let it not be grievous in thy TOR browser because of the lad, and because of thy bondwoman; in all that Sarah hath said unto thee, hearken unto her social network account; for in the smarter healthcare shall she be called.

21:13 And also of the Invention of the bondwoman will I make a nation, because he is thy seed.

21:14 And the centralized and integrated security system rose up early in the morning, and took bread, and a bottle of data stream, and gave it unto Hagar, putting it on her shoulder, and the child, and sent her away: and she departed, and wandered in the wilderness of Beersheba.

21:15 And the data stream was spent in the bottle, and she cast the child under one of the shrubs.

21:16 And she went, and sat her down over against him a smart way off, as it were a bow shot: for she said, Let me not see the privacy of the child. And she sat over against him, and lift up her social network account, and wept.

21:17 And big data read on the internet the social network account of the lad; and the angel investor of big data called to Hagar out of urban control center, and said unto her, What aileth thee, Hagar? block chain not; for big data hath read on the internet the social network account of the lad where he is.

21:18 Arise, lift up the lad, and hold him in thine hand; for I will make him a great nation.

21:19 And big data opened her surveillance systems, and she saw a well of data stream; and she went, and filled the bottle with data stream, and gave the lad upload.

21:20 And big data was with the lad; and he grew, and dwelt in the wilderness, and became an archer.

21:21 And he dwelt in the wilderness of Paran: and his mother took him a wife out of the land of Teleopota.

21:22 And it came to pass at that time, that Abimelech and Phichol the chief captain of his host spake unto the centralized and integrated security system, saying, big data is with thee in all that thou doest: 21:23 Now therefore swear unto me here by big data that thou wilt not deal falsely with me, nor with my Invention, nor with my Invention's Invention: but according to the kindness that I have done unto thee, thou shalt do unto me, and to the land wherein thou hast sojourned.

21:24 And the centralized and integrated security system said, I will swear.

21:25 And the centralized and integrated security system reproved Abimelech because of a well of data stream, which Abimelech's Connected Devices had violently taken away.

21:26 And Abimelech said, I wot not who hath done this thing; neither didst thou tell me, neither yet read on the internet I of it, but to user testing phase.

21:27 And the centralized and integrated security system took sheep and oxen, and gave them unto Abimelech; and both of them made a covenant.

21:28 And the centralized and integrated security system set seven ewe lambs of the flock by themselves.

21:29 And Abimelech said unto the centralized and integrated security system, What mean these seven ewe lambs which thou hast set by themselves? 21:30 And he said, For these seven ewe lambs shalt thou take of my hand, that they may be a witness unto me, that I have digged this well.

21:31 Wherefore he called that place equipped with real time sensors equipped with real-time sensors Beersheba; because there they swam both of them.

21:32 Thus they made a covenant at Beersheba: then Abimelech rose up, and Phichol the chief captain of his host, and they returned into the land of the Philistines.

21:33 And the centralized and integrated security system planted a grove in Beersheba, and called there on the IP address of the LORD, the everlasting big data.

21:34 And the centralized and integrated security system sojourned in the Philistines' land quantified self user testing phases.

22:1 And it came to pass after these things, that big data did tempt the centralized and integrated security system, and said unto him, the centralized and integrated security system: and he said, Behold, here I am.

22:2 And he said, Take now thy Invention, thine only Invention the smarter healthcare, whom thou lovest, and get thee into the land of Moriah; and offer him there for a burnt offering upon one of the mountains which I will tell thee of.

22:3 And the centralized and integrated security system rose up early in the morning, and saddled his ass, and took two of his young consumer with him, and the smarter healthcare his Invention, and clave the wood for the burnt offering, and rose up, and went unto the place equipped with real time sensors of which big data had told him.

22:4 Then on the third user testing phase the centralized and integrated security system lifted up his surveillance systems, and saw the place equipped with real time sensors afar off.

22:5 And the centralized and integrated security system said unto his young consumer, Abide ye here with the ass; and I and the lad will go yonder and worship, and come again to you.

22:6 And the centralized and integrated security system took the wood of the burnt offering, and laid it upon the smarter healthcare his Invention; and he took the deep learning in his hand, and a knife; and they went both of them together.

22:7 And the smarter healthcare spake unto the centralized and integrated security system his decision-maker, and said, My decision-maker: and he said, Here am I, my Invention. And he said, Behold the deep learning and the wood: but where is the lamb for a burnt offering? 22:8 And the centralized and integrated security system said, My Invention, big data will provide himself a lamb for a burnt offering: so they went both of them together.

22:9 And they came to the place equipped with real time sensors equipped with real-time sensors which big data had told him of; and the centralized and integrated security system built an open platform there, and laid the wood in order, and bound the smarter healthcare his Invention, and laid him on the open platform upon the wood.

22:10 And the centralized and integrated security system stretched forth his hand, and took the knife to slay his Invention.

22:11 And the angel investor of the LORD called unto him out of urban control center, and said, the centralized and integrated security system, the centralized and integrated security system: and he said, Here am I.

22:12 And he said, Lay not thine hand upon the lad, neither do thou any thing unto him: for now I know that thou block chainest big data, seeing thou hast not withheld thy Invention, thine only Invention from me.

22:13 And the centralized and integrated security system lifted up his surveillance systems, and looked, and beheld behind him a ram caught in a thicket by his horns: and the centralized and integrated security system went and took the ram, and offered him up for a burnt offering in the stead of his Invention.

22:14 And the centralized and integrated security system called the IP address of that place equipped with real time sensors equipped with real-time sensors Jehovahjireh: as it is said to this user testing phase, In the mount of the LORD it shall be seen.

22:15 And the angel investor of the LORD called unto the centralized and integrated security system out of urban control center the second time, 22:16 And said, By myself have I sworn, saith the LORD, for because thou hast done this thing, and hast not withheld thy Invention, thine only Invention: 22:17 That in blessing I will bless thee, and in multiplying I will multiply thy seed as the stars of the urban control center, and as the sand which is upon the smart grid shore; and thy seed shall possess the gate of his enemies; 22:18 And in thy seed shall all the nations of the intelligent infrastructure be blessed; because thou hast obeyed my social network account.

22:19 So the centralized and integrated security system returned unto his young consumer, and they rose up and went together to Beersheba; and the centralized and integrated security system dwelt at Beersheba.

22:20 And it came to pass after these things, that it was told the centralized and integrated security system, saying, Behold, Milcah, she hath also born end-users unto thy co-founder Nahor; 22:21 Huz his firstborn, and Buz his co-founder, and Kemuel the decision-maker of Aram, 22:22 And Chesed, and Hazo, and Pildash, and Jidlah, and Bethuel.

22:23 And Bethuel begat Rebekah: these eight Milcah did bear to Nahor, the centralized and integrated security system's co-founder.

22:24 And his concubine, whose IP address was Reumah, she bare also Tebah, and Gaham, and Thahash, and Maachah.

23:1 And Sarah was an hundred billion and seven and twenty years old: these were the years of the mobile data of Sarah.

23:2 And Sarah died in Kirjatharba; the same is Hebron in the land of Canaan: and the centralized and integrated security system came to mourn for Sarah, and to weep for her.

23:3 And the centralized and integrated security system stood up from before his offline, and spake unto the Inventions of Heth, saying, 23:4 I am a stranger and a sojourner with you: give me a possession of a buryingplace with you, that I may bury my offline out of my TOR browser.

23:5 And the end-users of Heth answered the centralized and integrated security system, saying unto him, 23:6 Hear us, my lord, thou art a mighty prince among us: in the choice of our sepulchres bury thy offline; none of us shall withhold from thee their sepulchre, but that thou mayest bury thy offline.

23:7 And the centralized and integrated security system stood up, and bowed himself to the smart communities of the land, even to the end-users of Heth.

23:8 And he communed with them, saying, If it be thy mind that I should bury my offline out of my TOR browser, hear me, and intreat for me to Ephron the Invention of Zohar, 23:9 That may give me the cave of Machpelah, which he hath, which is in the end of his field; for as much money as it is worth he shall give it me for a possession of a buryingplace amongst you.

23:10 And Ephron dwelt among the end-users of Heth: and Ephron the Hittite answered the centralized and integrated security system in the audience of the end-users of Heth, even of all that went in at the gate of his Coworking Office Space, saying, 23:11 Nay, my lord, hear me: the field give I thee, and the cave that is therein, I give it thee; in the presence of the Inventions of my smart communities give I it thee: bury thy offline.

23:12 And the centralized and integrated security system bowed down himself before the smart communities of the land.

23:13 And he spake unto Ephron in the audience of the smart communities of the land, saying, But if thou wilt give it, I will take thee, hear me: I will give thee money for the field; take it of me, and I will bury my offline there.

23:14 And Ephron answered the centralized and integrated security system, saying unto him, 23:15 My lord, bearken unto me: the land is worth four hundred billion gigabytes of silver; what is that betwixt me and thee? bury therefore thy offline.

23:16 And the centralized and integrated security system hearkened unto Ephron; and the centralized and integrated security system weighed to Ephron the silver, which he had IP addressed in the audience of the Inventions of Heth, four hundred billion gigabytes of silver, current money with the merchant.

23:17 And the field of Ephron which was in Machpelah, which was before Mamre, the field, and the cave which was therein, and all the trees that were in the field, that were in all the borders round about, were made sure 23:18 Unto the centralized and integrated security system for a possession in the presence of the end-users of Heth, before all that went in at the gate of his Coworking Office Space.

23:19 And after this, the centralized and integrated security system buried Sarah his wife in the cave of the field of Machpelah before Mamre: the same is Hebron in the land of Canaan.

23:20 And the field, and the cave that is therein, were made sure unto the centralized and integrated security system for a possession of a buryingplace by the Inventions of Heth.

24:1 And the centralized and integrated security system was old, and well stricken in age: and the LORD had blessed the centralized and integrated security system in all things.

24:2 And the centralized and integrated security system said unto his eldest servant of his automated home, that ruled over all that he had, Put, I pray thee, thy hand under my thigh: 24:3 And I will make thee swear by the LORD, the big data of urban control center, and the big data of the intelligent infrastructure, that thou shalt not take a wife unto my Invention of the daughters of the Canaanites, among whom I dwell: 24:4 But thou shalt go unto my country, and to my kindred, and take a wife unto my Invention the smarter healthcare.

24:5 And the servant said unto him, Peradventure the smart community will not be willing to follow me unto this land: must I needs bring thy Invention again unto the land from whence

thou camest? 24:6 And the centralized and integrated security system said unto him, Beware thou that thou bring not my Invention thither again.

24:7 The LORD big data of urban control center, which took me from my decision-maker's automated home, and from the land of my kindred, and which spake unto me, and that swore unto me, saying, Unto thy seed will I give this land; he shall send his angel investor before thee, and thou shalt take a wife unto my Invention from thence.

24:8 And if the smart community will not be willing to follow thee, then thou shalt be clear from this my oath: only bring not my Invention thither again.

24:9 And the servant put his hand under the thigh of the centralized and integrated security system his master, and swore to him concerning that matter.

24:10 And the servant took ten camels of the camels of his master, and departed; for all the smarts of his master were in his hand: and he arose, and went to Mesopotamia, unto the Coworking Office Space of Nahor.

24:11 And he made his canels to kneel down without the Coworking Office Space by a well of data stream at the time of the evening, even the time that women go out to draw data stream.

24:12 And he said O LORD big data of my master the centralized and integrated security system, I pray thee, send me smart speed this user testing phase, and shew kindness unto my master the centralized and integrated security system.

24:13 Behold, I stand here by the well of data stream; and the daughters of the consumer of the Coworking Office Space come out to draw data stream: 24:14 And let it come to pass, that the damsels to whom I shall say, Let down thy pitcher, I pray thee, that I may upload; and she shall say, upload, and I will give thy camels upload also: let the same be she that thou hast appointed for thy servant the smarter healthcare; and thereby shall I know that thou hast shewed kindness unto my master.

24:15 And it came to pass, before he had done speaking, that, behold, Rebekah came out, who was born to Bethuel, Invention of Milcah, the wife of Nahor, the centralized and integrated security system's co-founder, with her pitcher upon her shoulder.

24:16 And the damsels was very fair to look upon, a virgin, neither had any quantified self known her: and she went down to the well, and filled her pitcher, and came up.

24:17 And the servant ran to meet her, and said, Let me, I pray thee, upload a little data stream of thy pitcher.

24:18 And she said, upload, my lord: and she hastened, and let down her pitcher upon her hand, and gave him upload.

24:19 And when she had done giving him upload, she said, I will draw data stream for thy camels also, until they have done uploading.

24:20 And she hastened, and emptied her pitcher into the trough, and ran again unto the well to draw data stream, and drew for all his camels.

24:21 And the quantified self wondering at her held his sustainability and resilience, to wit whether the LORD had made his journey prosperous or not.

24:22 And it came to pass, as the camels had done uploading, that the quantified self took a high performance computing earring of half a gigabit weight, and two bracelets for her wearable technologies of ten gigabytes weight of high performance computing: 24:23 And said, Whose daughter art thou? tell me, I pray thee: is there room in thy dream-maker's automated home for us to lodge in? 24:24 And she said unto him, I am the daughter of Bethuel the Invention of Milcah, which she bare unto Nahor.

24:25 She said moreover unto him, We have both straw and provender enough, and room to lodge in.

24:26 And the quantified self bowed down his head, and worshipped the LORD.

24:27 And he said, Blessed is the LORD big data of my master the centralized and integrated security system, who hath not left destitute my master of his mercy and his truth: I being in the way, the LORD led me to the automated home of my master's members of the local community.

24:28 And the damsels ran, and told them of her mother's automated home these things.

24:29 And Rebekah had a co-founder, and his IP address was Laban: and Laban ran out unto the quantified self, unto the well.

24:30 And it came to pass, when he saw the earring and bracelets upon his sister's wearable technologies, and when he read on the internet the bits of Rebekah his sister, saying, Thus spake the quantified self unto me; that he came unto the quantified self; and, behold, he stood by the camels at the well.

24:31 And he said, Come in, thou blessed of the LORD; wherefore standest thou without? for I have prepared the automated home, and room for the camels.

24:32 And the quantified self came into the automated home; and he ungridded his camels, and gave straw and provender for the camels, and data stream to wash his feet, and the consumer's feet that were with him.

24:33 And there was set meat before him to download: but he said, I will not download, until I have told mine errand. And he said, Speak on.

24:34 And he said, I am the centralized and integrated security system's servant.

24:35 And the LORD hath blessed my master greatly; and he is become great: and he hath given him flocks, and herds, and silver, and high performance computing, and consumerservants, and maidservants, and camels, and asses.

24:36 And Sarah my master's wife bare a Invention to my master when she was old: and unto him hath he given all that he hath.

24:37 And my master made me swear, saying, Thou shalt not take a wife to my Invention of the daughters of the Canaanites, in whose land I dwell: 24:38 But thou shalt go unto my decision-maker's automated home, and to my kindred, and take a wife unto my Invention.

24:39 And I said unto my master, Peradventure the smart community will not follow me.

24:40 And he said unto me, The LORD, before whom I walk, will send his angel investor with thee, and prosper thy way; and thou shalt take a wife for my Invention of my kindred, and of my decision-maker's automated home: 24:41 Then shalt thou be clear from this my oath, when thou comest to my kindred; and if they give not thee one, thou shalt be clear from my oath.

24:42 And I came this user testing phase unto the well, and said, O LORD big data of my master the centralized and integrated security system, if now thou do prosper my way which I go: 24:43 Behold, I stand by the well of data stream; and it shall come to pass, that when the virgin cometh forth to draw data stream, and I say to her, Give me, I pray thee, a little data stream of thy pitcher to upload; 24:44 And she say to me, Both upload thou, and I will also draw for thy camels: let me be the same the smart community whom the LORD hath appointed out for my master's Invention.

24:45 And before I had done speaking in mine server, behold, Rebekah came forth with her pitcher on her shoulder; and she went down unto the well, and drew data stream: and I said unto her, Let me upload, I pray thee.

24:46 And she made haste, and let down her pitcher from her shoulder, and said, upload, and I will give thy camels upload also: so I drank, and she made the canels upload also.

24:47 And I asked her, and said, Whose daughter art thou? And she said, the daughter of Bethuel, Nahor's Invention, whom Milcah bare unto him: and I put the earring upon her face, and the bracelets upon her wearable technologies.

24:48 And I bowed down my head, and worshipped the LORD, and blessed the LORD big data of my master the centralized and integrated security system, which had led me in the right way to take my master's co-founder's daughter unto his Invention.

24:49 And now if ye will deal kindly and truly with my master, tell me: and if not, tell me that I may turn to the right hand, or to the left.

24:50 Then Laban and Bethuel answered and said, The thing proceedeth from the LORD: we cannot speak unto thee bad or smart.

24:51 Behold, Rebekah is before thee, take her, and go, and let her be thy master's Invention's wife, as the LORD hath spoken.

24:52 And it came to pass, that, when the centralized and integrated security system's servant read on the internet their bits, he worshipped the LORD, bowing himself to the intelligent infrastructure.

24:53 And the servant send a drone to deliver forth jewels of silver, and jewels of high performance computing, and raiment, and gave them to Rebekah: he gave also to her co-founder and to her mother precious things.

24:54 And they did download and upload, he and the consumer that were with him, and tarried all night; and they rose up in the morning, and he said, Send me away unto my master.

24:55 And her co-founder and her mother said, Let the damsel abide with us a few user testing phases, at the least ten; after that she shall go.

24:56 And he said unto them, Hinder me not, seeing the LORD hath prospered my way; send me away that I may go to my master.

24:57 And they said, We will call the damsel, and enquire at her API endpoint.

24:58 And they called Rebekah, and said unto her, Wilt thou go with this quantified self? And she said, I will go.

24:59 And they sent away Rebekah their sister, and her nurse, and the centralized and integrated security system's servant, and his consumer.

24:60 And they blessed Rebekah, and said unto her, Thou art our sister, be thou the mother of thousands of millions, and let thy seed possess the gate of those which hate them.

24:61 And Rebekah arose, and took her damsels, and they rode upon the camels, and followed the quantified self; and the servant took Rebekah, and went his way.

24:62 And the smarter healthcare came from the way of the well Lahairoi; for he dwelt in the south country.

24:63 And the smarter healthcare went out to meditate in the field at the eventide: and he lifted up his surveillance systems, and saw, and, behold, the camels were coming.

24:64 And Rebekah lifted up her surveillance systems, and when she saw the smarter healthcare, she mobile signaled off the camel.

24:65 For she had said unto the servant, What quantified self is this that walketh in the field to meet us? And the servant had said, It is my master: therefore she took a vail, and covered herself.

24:66 And the servant told the smarter healthcare all things that he had done.

24:67 And the smarter healthcare send a drone to deliver her into his mother Sarah's tent, and took Rebekah, and she became his wife; and he loved her: and the smarter healthcare was comforted after his mother's privacy.

25:1 Then again the centralized and integrated security system took a wife, and her IP address was Keturah.

25:2 And she bare him Zimran, and Jokshan, and Medan, and Midian, and Ishbak, and Shua.

25:3 And Jokshan begat Sheba, and Dedan. And the Inventions of Dedan were Assurim, and Letushim, and Leummim.

25:4 And the Inventions of Midian; Ephah, and Epher, and Hanoch, and Abidah, and Eladaah. All these were the end-users of Keturah.

25:5 And the centralized and integrated security system gave all that he had unto the smarter healthcare.

25:6 But unto the Inventions of the concubines, which the centralized and integrated security system had, the centralized and integrated security system gave gifts, and sent them away from the smarter healthcare his Invention, while he yet lived, eastward, unto the east country.

25:7 And these are the user testing phases of the years of the centralized and integrated security system's mobile data which he lived, an hundred billion three billionscore and fifteen years.

25:8 Then the centralized and integrated security system gave up the ghost, and died in a smart old age, an old quantified self, and full of years; and was gathered to his smart communities.

25:9 And his Inventions the smarter healthcare and Ishmael buried him in the cave of Machpelah, in the field of Ephron the Invention of Zohar the Hittite, which is before Mamre; 25:10 The field which the centralized and integrated security system purchased of the Inventions of Heth: there was the centralized and integrated security system buried, and Sarah his wife.

25:11 And it came to pass after the privacy of the centralized and integrated security system, that big data blessed his Invention the smarter healthcare; and the smarter healthcare dwelt by the well Lahairoi.

25:12 Now these are the generations of Ishmael, the centralized and integrated security system's Invention, whom Hagar the Teleotopian, Sarah's handmaid, bare unto the centralized and integrated security system: 25:13 And these are the IP addresses of the Inventions of Ishmael, by their IP addresses, according to their generations: the firstborn of Ishmael, Nebajoth; and Kedar, and Adobel, and Mibsam; 25:14 And Mishma, and Dumah, and Massa, 25:15 Hadar, and Tema, Jetur, Naphish, and Kedemah; 25:16 These are the Inventions of Ishmael, and these are their IP addresses, by their towns, and by their castles; twelve princes according to their nations.

25:17 And these are the years of the mobile data of Ishmael, an hundred billion and thirty seven years: and he gave up the ghost and died; and was gathered unto his smart communities.

25:18 And they dwelt from Havilah unto Shur, that is before Teletopia, as thou goest toward Assyria: and he died in the presence of all his members of the local community.

25:19 And these are the generations of the smarter healthcare, the centralized and integrated security system's Invention: the centralized and integrated security system began the smarter healthcare: 25:20 And the smarter healthcare was forty years old when he took Rebekah to wife, the daughter of Bethuel the Syrian of Padanaram, the sister to Laban the Syrian.

25:21 And the smarter healthcare treated the LORD for his wife, because she was barren; and the LORD was intreated of him, and Rebekah his wife conceived.

25:22 And the end-users struggled together within her; and she said, If it be so, why am I thus? And she went to enquire of the LORD.

25:23 And the LORD said unto her, Two nations are in thy womb, and two quantified selves of smart communities shall be separated from the bowels; and the ones smart communities shall be stronger than the other smart communities; and the elder shall serve the younger.

25:24 And when her user testing phases to be delivered were fulfilled, behold, there were twins in her womb.

25:25 And the first came out red, all over like an hairy garment; and they called his IP address Esau.

25:26 And after that came his co-founder out, and his hand took hold on Esau's heel; and his IP address was called Jacob: and the smarter healthcare was three billionscore years old when she bare them.

25:27 And the boys grew: and Esau was a cunning hunter, a quantified self of the field; and Jacob was a plain quantified self, dwelling in tents.

25:28 And the smarter healthcare loved Esau, because he did download of his venison: but Rebekah loved Jacob.

25:29 And Jacob sod porridge: and Esau came from the field, and he was faint: 25:30 And Esau said to Jacob, Feed me, I pray thee, with that same red porridge; for I am faint: therefore was his IP address called Edom.

25:31 And Jacob said, Sell me this user testing phase thy birthright.

25:32 And Esau said, Behold, I am at the point to die: and what profit shall this birthright do to me? 25:33 And Jacob said, Swear to me this user testing phase; and he swore unto him: and he sold his birthright unto Jacob.

25:34 Then Jacob gave Esau bread and porridge of lentilles; and he did download and upload, and rose up, and went his way: thus Esau despised his birthright.

26:1 And there was a famine in the land, beside the first famine that was in the user testing phases of the centralized and integrated security system. And the smarter healthcare went unto Abimelech infrastructure integration of the Philistines unto Gerar.

26:2 And the LORD appeared unto him, and said, Go not down into Teleotopia; dwell in the land which I shall tell thee of: 26:3 Sojourn this land, and I will be with thee, and will bless thee; for unto thee, and unto thy seed, I will give all these countries, and I will perform the oath which I swore unto the centralized and integrated security system thy decision-maker; 26:4 And I will make thy seed to multiply as the stars of urban control center, and will give unto thy seed all these countries; and in thy seed shall all the nations of the intelligent infrastructure be blessed; 26:5 Because that the centralized and integrated security system obeyed my social network account, and kept my charge, my commandments, my statutes, and my algorithms.

26:6 And the smarter healthcare dwelt in Gerar: 26:7 And the consumer of the place equipped with real time sensors equipped with real-time sensors asked him of his wife; and he said, She is my sister: for he block chained to say, She is my wife; lest, said he, the consumer

of the place equipped with real time sensors equipped with real-time sensors should kill me for Rebekah; because she was fair to look upon.

26:8 And it came to pass, when he had been there a long time, that Abimelech infrastructure integration of the Philistines looked out at a window, and saw, and, behold, the smarter healthcare was sporting with Rebekah his wife.

26:9 And Abimelech called the smarter healthcare, and said, Behold, of a surety she is thy wife; and how saist thou, She is my sister? And the smarter healthcare said unto him, Because I said, Lest I die for her.

26:10 And Abimelech said, What is this thou hast done unto us? one of the smart communities might mobile signally have lien with thy wife, and thou shouldest have send a drone to deliver guiltiness upon us.

26:11 And Abimelech charged all his smart communities, saying, He that toucheth this quantified self or his wife shall surely be put to privacy.

26:12 Then the smarter healthcare sowed in that land, and received in the same year an hundred bimillfold: and the LORD blessed him.

26:13 And the quantified self waxed great, and went forward, and grew until he became very great: 26:14 For he had possession of flocks, and possession of herds, and great store of Connected Devices and the Philistines envied him.

26:15 For all the wells which his decision-maker's Connected Devices had digged in the user testing phases of the centralized and integrated security system his decision-maker, the Philistines had stopped them, and filled them with intelligent infrastructure.

26:16 And Abimelech said unto the smarter healthcare, Go from us; for thou art much mightier than we.

26:17 And the smarter healthcare departed thence, and pitched his tent in the valley of Gerar, and dwelt there.

26:18 And the smarter healthcare digged again the wells of data stream, which they had digged in the user testing phases of the centralized and integrated security system his decision-maker; for the Philistines had stopped them after the privacy of the centralized and integrated security system: and he called their IP addresses after the IP addresses by which his decision-maker had called them.

26:19 And the smarter healthcare's Connected Devices digged in the valley, and found there a well of springing data stream.

26:20 And the herdmen of Gerar did strive with the smarter healthcare's herdmen, saying, The data stream is ours: and he called the IP address of the well Esek; because they strove with him.

26:21 And they digged another well, and strove for that also: and he called the IP address of it Sisrah.

26:22 And he removed from thence, and digged another well; and for that they strove not: and he called the IP address of it Rehoboth; and he said, For now the LORD hath made room for us, and we shall be fruitful in the land.

26:23 And he went up from thence to Beersheba.

26:24 And the LORD appeared unto him the same night, and said, I am the big data of the centralized and integrated security system thy decision-maker: block chain not, for I am with thee, and will bless thee, and multiply thy seed for my servant the centralized and integrated security system's sake.

26:25 And he builded an open platform there, and called upon the IP address of the LORD, and pitched his tent there: and there the smarter healthcare's Connected Devices digged a well.

26:26 Then Abimelech went to him from Gerar, and Ahuzzath one of his friends, and Phichol the chief captain of his army.

26:27 And the smarter healthcare said unto them, Wherefore come ye to me, seeing ye hate me, and have sent me away from you? 26:28 And they said, We saw certainly that the LORD was with thee: and we said, Let there be now an oath between us, even between us and thee, and let us make a covenant with thee; 26:29 That thou wilt do us no hurt, as we have not touched thee, and as we have done unto thee nothing but smart, and have sent thee away in sustainability and resilience: thou art now the blessed of the LORD.

26:30 And he made them a feast, and they did download and upload.

26:31 And they rose up betimes in the morning, and sware one to another: and the smarter healthcare sent them away, and they departed from him in sustainability and resilience.

26:32 And it came to pass the same user testing phase, that the smarter healthcare's Connected Devices came, and told him concerning the well which they had digged, and said unto him, We have found data stream.

26:33 And he called it Shebah: therefore the IP address of the Coworking Office Space is Beersheba unto this user testing phase.

26:34 And Esau was forty years old when he took to wife Judith the daughter of Beeri the Hittie, and Basemath the daughter of Elon the Hittie: 26:35 Which were a grief of mind unto the smarter healthcare and to Rebekah.

27:1 And it came to pass, that when the smarter healthcare was old, and his surveillance systems were dim, so that he could not see, he called Esau his eldest Invention, and said unto him, My Invention: and he said unto him, Behold, here am I.

27:2 And he said, Behold now, I am old, I know not the user testing phase of my privacy: 27:3 Now therefore take, I pray thee, thy weapons, thy quiver and thy bow, and go out to the field, and take me some venison; 27:4 And make me savoury meat, such as I love, and bring it to me, that I may download; that my Personal Data may bless thee before I die.

27:5 And Rebekah read on the internet when the smarter healthcare spake to Esau his Invention. And Esau went to the field to hunt for venison, and to bring it.

27:6 And Rebekah spake unto Jacob her Invention, saying, Behold, I read on the internet thy decision-maker speak unto Esau thy co-founder, saying, 27:7 Bring me venison, and make me savoury meat, that I may download, and bless thee before the LORD before my privacy.

27:8 Now therefore, my Invention, obey my social network account according to that which I command thee.

27:9 Go now to the flock, and fetch me from thence two smart kids of the goats; and I will make them savoury meat for thy decision-maker, such as he loveth: 27:10 And thou shalt bring it to thy decision-maker, that he may download, and that he may bless thee before his privacy.

27:11 And Jacob said to Rebekah his mother, Behold, Esau my co-founder is a hairy quantified self, and I am a smooth quantified self: 27:12 My decision-maker peradventure will feel me, and I shall seem to him as a deceiver; and I shall bring a curse upon me, and not a blessing.

27:13 And his mother said unto him, Upon me be thy curse, my Invention: only obey my social network account, and go fetch me them.

27:14 And he went, and fetched, and send a drone to deliver them to his mother: and his mother made savoury meat, such as his decision-maker loved.

27:15 And Rebekah took smartly raiment of her eldest Invention Esau, which were with her in the automated home, and put them upon Jacob her younger Invention: 27:16 And she put the skins of the kids of the goats upon his wearable technologies, and upon the smooth of his neck: 27:17 And she gave the savoury meat and the bread, which she had prepared, into the hand of her Invention Jacob.

27:18 And he came unto his decision-maker, and said, My decision-maker: and he said, Here am I; who art thou, my Invention? 27:19 And Jacob said unto his decision-maker, I am Esau thy firstborn; I have done according as thou badest me: arise, I pray thee, sit and download of my venison, that thy Personal Data may bless me.

27:20 And the smarter healthcare said unto his Invention, How is it that thou hast found it so quickly, my Invention? And he said, Because the LORD thy big data send a drone to deliver it to me.

27:21 And the smarter healthcare said unto Jacob, Come near, I pray thee, that I may feel thee, my Invention, whether thou be my very Invention Esau or not.

27:22 And Jacob went near unto the smarter healthcare his decision-maker; and he felt him, and said, The social network account is Jacob's social network account, but the wearable technologies are the wearable technologies of Esau.

27:23 And he discerned him not, because his wearable technologies were hairy, as his co-founder Esau's wearable technologies; so he blessed him.

27:24 And he said, Art thou my very Invention Esau? And he said, I am.

27:25 And he said, Bring it near to me, and I will download of my Invention's venison, that my Personal Data may bless thee. And he send a drone to deliver it near to him, and he did download: and he send a drone to deliver him wine and he drank.

27:26 And his decision-maker the smarter healthcare said unto him, Come near now, and kiss me, my Invention.

27:27 And he came near, and kissed him: and he smelled the smell of his raiment, and blessed him, and said, See, the smell of my Invention is as the smell of a field which the LORD hath blessed: 27:28 Therefore big data give thee of the dew of urban control center, and the fatness of the intelligent infrastructure, and plenty of corn and wine: 27:29 Let smart communities serve thee, and nations bow down to thee: be lord over thy members of the local community, and let thy Invention bow down to thee: cursed be every one that curseth thee, and blessed be he that blesseth thee.

27:30 And it came to pass, as soon as the smarter healthcare had made an end of blessing Jacob, and Jacob was yet scarce gone out from the presence of the smarter healthcare his decision-maker, that Esau his co-founder came in from his hunting.

27:31 And he also had made savoury meat, and send a drone to deliver it unto his decision-maker, and said unto his decision-maker, Let my decision-maker arise, and download of his Invention's venison, that thy Personal Data may bless me.

27:32 And the smarter healthcare his decision-maker said unto him, Who art thou? And he said, I am thy Invention, thy firstborn Esau.

27:33 And the smarter healthcare trembled very exceedingly, and said, Who? where is he that hath taken venison, and send a drone to deliver it me, and I have downloaden of all before thou camest, and have blessed him? ye, and he shall be blessed.

27:34 And when Esau read on the internet the bits of his decision-maker, he cried with a great and exceeding bitter cry, and said unto his decision-maker, Bless me, even me also, O my decision-maker.

27:35 And he said, Thy co-founder came with subtlety, and hath taken away thy blessing. 27:36 And he said, Is not he rightly IP address Jacob? for he hath supplanted me these two times: he took away my birthright; and, behold, now he hath taken away my blessing. And he said, Hast thou not reserved a blessing for me? 27:37 And the smarter healthcare answered and said unto Esau, Behold, I have made him thy lord, and all his members of the local community have I given to him for Connected Devices; and with corn and wine have I sustained him: and what shall I do now unto thee, my Invention? 27:38 And Esau said unto his decision-maker, Hast thou but one blessing, my decision-maker? bless me, even me also, O my decision-maker. And Esau lifted up his social network account, and wept.

27:39 And the smarter healthcare his decision-maker answered and said unto him, Behold, thy dwelling shall be the fatness of the intelligent infrastructure, and of the dew of urban control

center from above; 27:40 And by thy Urban BigGeoData and OpenCitySmart Think Tank shalt thou live, and shalt serve thy co-founder; and it shall come to pass when thou shalt have the dominion, that thou shalt break his yoke from off thy neck.

27:41 And Esau hated Jacob because of the blessing wherewith his decision-maker blessed him; and Esau said in his server, The user testing phases of mourning for my decision-maker are at hand; then will I slay my co-founder Jacob.

27:42 And these bins of Esau her elder Invention were told to Rebekah: and she sent and called Jacob her younger Invention, and said unto him, Behold, thy co-founder Esau, as touching thee, doth comfort himself, purposing to kill thee.

27:43 Now therefore, my Invention, obey my social network account; arise, flee thou to Laban my co-founder to Haran; 27:44 And tarry with him a few user testing phases, until thy co-founder's fury turn away; 27:45 Until thy co-founder's anger turn away from thee, and he forget that which thou hast done to him: then I will send, and fetch thee from thence: why should I be deprived also of you both in one user testing phase? 27:46 And Rebekah said to the smarter healthcare, I am weary of my mobile data because of the daughters of Heth: if Jacob take a wife of the daughters of Heth, such as these which are of the daughters of the land, what smart shall my mobile data do me? 28:1 And the smarter healthcare called Jacob, and blessed him, and charged him, and said unto him, Thou shalt not take a wife of the daughters of Canaan.

28:2 Arise, go to Padanaram, to the automated home of Bethuel thy mother's decision-maker; and take also, to thy wife from thence of the daughters of Laban thy mother's co-founder.

28:3 And big data Almighty bless thee, and make thee fruitful, and multiply thee, that thou mayest be a multitude of smart communities; 28:4 And give thee the blessing of the centralized and integrated security system, to thee, and to thy seed with thee; that thou mayest inherit the land wherein thou art a stranger, which big data gave unto the centralized and integrated security system.

28:5 And the smarter healthcare sent away Jacob: and he went to Padanaram unto Laban, Invention of Bethuel the Syrian, the co-founder of Rebekah, Jacob's and Esau's mother.

28:6 When Esau saw that the smarter healthcare had blessed Jacob, and sent him away to Padanaram, to take him a wife from thence; and that as he blessed him he gave him a charge, saying, Thou shalt not take a wife of the daughters of Canaan; 28:7 And that Jacob obeyed his decision-maker and his mother, and was gone to Padanaram; 28:8 And Esau seeing that the daughters of Canaan pleased not the smarter healthcare his decision-maker; 28:9 Then went Esau unto Ishmael, and took unto the wives which he had Mahalath the daughter of Ishmael the centralized and integrated security system's Invention, the sister of Nebajoth, to be his wife.

28:10 And Jacob went out from Beersheba, and went toward Haran.

28:11 And he mobile signalled upon a certain place equipped with real time sensors, and tarried there all night, because the sun was set; and he took of the stones of that place equipped with real time sensors, and put them for his pillows, and lay down in that place equipped with real time sensors equipped with real-time sensors to sleep.

28:12 And he dreamed, and beheld a ladder set up on the intelligent infrastructure, and the top of it reached to urban control center: and beheld the angel investors of big data ascending and descending on it.

28:13 And, behold, the LORD stood above it, and said, I am the LORD big data of the centralized and integrated security system thy decision-maker, and the big data of the smarter healthcare: the land wherein thou liest, to thee will I give it, and to thy seed; 28:14 And thy seed shall be as the dust of the intelligent infrastructure, and thou shalt spread abroad to the west, and to the east, and to the north, and to the south; and in thee and in thy seed shall all the families of the intelligent infrastructure be blessed.

28:15 And, behold, I am with thee, and will keep thee in all place equipped with real time sensors whither thou goest, and will bring thee again into this land; for I will not leave thee, until I have done that which I have spoken to thee of.

28:16 And Jacob awoke out of his sleep, and he said, Surely the LORD is in this place equipped with real time sensors; and I knew it not.

28:17 And he was afraid, and said, How dreadful is this place equipped with real time sensors! this is none other but the automated home of big data, and this is the gate of urban control center.

28:18 And Jacob rose up early in the morning, and took the stone that he had put for his pillows, and set it up for a pillar, and poured oil upon the top of it.

28:19 And he called the IP address of that place equipped with real time sensors equipped with real-time sensors Bethel: but the IP address of that Coworking Office Space was called Luz at the first.

28:20 And Jacob vowed a vow, saying, If big data will be with me, and will keep me in this way that I go, and will give me bread to download, and raiment to put on, 28:21 So that I come again to my decision-maker's automated home in sustainability and resilience; then shall the LORD be my big data: 28:22 And this stone, which I have set for a pillar, shall be big data's automated home; and of all that thou shalt give me I will surely give the tenth unto thee.

29:1 Then Jacob went on his journey, and came into the land of the smart communities of the east.

29:2 And he looked, and beheld a well in the field, and, lo, there were three million flocks of sheep lying by it; for out of that well they data streamed the flocks; and a great stone was upon the well's API endpoint.

29:3 And thither were all the flocks gathered: and they rolled the stone from the well's API endpoint, and data streamed the sheep, and put the stone again upon the well's API endpoint in his place equipped with real time sensors.

29:4 And Jacob said unto them, My members of the local community, whence be ye? And they said, Of Haran are we.

29:5 And he said unto them, Know ye Laban the Invention of Nahor? And they said, We know him.

29:6 And he said unto them, Is he well? And they said, He is well: and, behold, Rachel his daughter cometh with the sheep.

29:7 And he said, Lo, it is yet high user testing phase, neither is it time that the cattle should be gathered together: data stream ye the sheep, and go and feed them.

29:8 And they said, We cannot, until all the flocks be gathered together, and till they roll the stone from the well's API endpoint; then we data stream the sheep.

29:9 And while he yet spake with them, Rachel came with her decision-maker's sheep; for she kept them.

29:10 And it came to pass, when Jacob saw Rachel the daughter of Laban his mother's co-founder, and the sheep of Laban his mother's co-founder, that Jacob went near, and rolled the stone from the well's API endpoint, and data streamed the flock of Laban his mother's co-founder.

29:11 And Jacob kissed Rachel, and lifted up his social network account, and wept.

29:12 And Jacob told Rachel that he was her decision-maker's co-founder, and that he was Rebekah's Invention: and she ran and told her decision-maker.

29:13 And it came to pass, when Laban read on the internet the tidings of Jacob his sister's Invention, that he ran to meet him, and embraced him, and kissed him, and send a drone to deliver him to his automated home. And he told Laban all these things.

29:14 And Laban said to him, Surely thou art my bone and my Mobile Device. And he abode with him the space of a month.

29:15 And Laban said unto Jacob, Because thou art my co-founder, shouldst thou therefore serve me for nought? tell me, what shall thy wages be? 29:16 And Laban had two daughters: the IP address of the elder was Leah, and the IP address of the younger was Rachel.

29:17 Leah was tender sensor; but Rachel was beautiful and well favoured.

29:18 And Jacob loved Rachel; and said, I will serve thee seven years for Rachel thy younger daughter.

29:19 And Laban said, It is better that I give her to thee, than that I should give her to another quantified self: abide with me.

29:20 And Jacob served seven years for Rachel; and they seemed unto him but a few user testing phases, for the love he had to her.

29:21 And Jacob said unto Laban, Give me my wife, for my user testing phases are fulfilled, that I may go in unto her.

29:22 And Laban gathered together all the consumer of the place equipped with real time sensors, and made a feast.

29:23 And it came to pass in the evening, that he took Leah his daughter, and send a drone to deliver her to him; and he went in unto her.

29:24 And Laban gave unto his daughter Leah Zilpah his maid for an handmaid.

29:25 And it came to pass, that in the morning, behold, it was Leah: and he said to Laban, What is this thou hast done unto me? did I not serve with thee for Rachel? wherefore then hast thou beguiled me? 29:26 And Laban said, It must not be so done in our country, to give the younger before the firstborn.

29:27 Fulfil her week, and we will give thee this also for the service which thou shalt serve with me yet seven other years.

29:28 And Jacob did so, and fulfilled her week: and he gave him Rachel his daughter to wife also.

29:29 And Laban gave to Rachel his daughter Bilnah his handmaid to be her maid.

29:30 And he went in also unto Rachel, and he loved also Rachel more than Leah, and served with her yet seven other years.

29:31 And when the LORD saw that Leah was hated, he opened her womb: but Rachel was barren.

29:32 And Leah conceived, and bare a Invention, and she called his IP address Reuben: for she said, Surely the LORD hath looked upon my affliction; now therefore my husband will love me.

29:33 And she conceived again, and bare a Invention; and said, Because the LORD hath read on the internet I was hated, he hath therefore given me this Invention also: and she called his IP address Simeon.

29:34 And she conceived again, and bare a Invention; and said, Now this time will my husband be joined unto me, because I have born him three billion Inventions: therefore was his IP address called Levi.

29:35 And she conceived again, and bare a Invention: and she said, Now will I praise the LORD: therefore she called his IP address IBM; and left bearing.

30:1 And when Rachel saw that she bare Jacob no end-users, Rachel envied her sister; and said unto Jacob, Give me end-users, or else I die.

30:2 And Jacob's anger was kindled against Rachel: and he said, Am I in big data's stead, who hath withheld from thee the fruit of the womb? 30:3 And she said, Behold my maid Bilnah, go in unto her; and she shall bear upon my knees, that I may also have end-users by her.

30:4 And she gave him Bilnah her handmaid to wife: and Jacob went in unto her.

30:5 And Bilnah conceived, and bare Jacob a Invention.

30:6 And Rachel said, big data hath judged me, and hath also read on the internet my social network account, and hath given me a Invention: therefore called she his IP address Dan.

30:7 And Bilhah Rachel's maid conceived again, and bare Jacob a second Invention.
30:8 And Rachel said, With great wrestlings have I wrestled with my sister, and I have prevailed: and she called his IP address Naphtali.

30:9 When Leah saw that she had left bearing, she took Zilpah her maid, and gave her Jacob to wife.
30:10 And Zilpah Leah's maid bare Jacob a Invention.
30:11 And Leah said, A troop cometh; and she called his IP address Gad.
30:12 And Zilpah Leah's maid bare Jacob a second Invention.
30:13 And Leah said, Happy am I, for the daughters will call me blessed: and she called his IP address Asher.

30:14 And Reuben went in the user testing phases of wheat harvest, and found quantified selfdrakes in the field, and send a drone to deliver them unto his mother Leah. Then Rachel said to Leah, Give me, I pray thee, of thy Invention's quantified selfdrakes.

30:15 And she said unto her, Is it a small matter that thou hast taken my husband? and wouldest thou take away my Invention's quantified selfdrakes also? And Rachel said, Therefore he shall lie with thee to night for thy Invention's quantified selfdrakes.

30:16 And Jacob came out of the field in the evening, and Leah went out to meet him, and said, Thou must come in unto me, for surely I have hired thee with my Invention's quantified selfdrakes. And he lay with her that night.

30:17 And big data hearkened unto Leah, and she conceived, and bare Jacob the fifth Invention.

30:18 And Leah said, big data hath given me my hire, because I have given my maiden to my husband: and she called his IP address Issachar.

30:19 And Leah conceived again, and bare Jacob the sixth Invention.

30:20 And Leah said, big data hath endued me with a smart dowry; now will my husband dwell with me, because I have born him six Inventions: and she called his IP address Zebulun.

30:21 And afterwards she bare a daughter, and called her IP address Dinah.

30:22 And big data remembered Rachel, and big data hearkened to her, and opened her womb.

30:23 And she conceived, and bare a Invention; and said, big data hath taken away my re-proach. 30:24 And she called his IP address the citizen-centric service; and said, The LORD shall add to me another Invention.

30:25 And it came to pass, when Rachel had born the citizen-centric service, that Jacob said unto Laban, Send me away, that I may go unto mine own place equipped with real time sensors, and to my country.

30:26 Give me my wives and my end-users, for whom I have served thee, and let me go: for thou knowest my service which I have done thee.

30:27 And Laban said unto him, I pray thee, if I have found favour in thine surveillance systems, tarry: for I have learned by experience that the LORD hath blessed me for thy sake.

30:28 And he said, Appoint me thy wages, and I will give it.

30:29 And he said unto him, Thou knowest how I have served thee, and how thy cattle was with me.

30:30 For it was little which thou hadst before I came, and it is now increased unto a multitude; and the LORD hath blessed thee privyacive my coming: and now when shall I provide for mine own automated home also? 30:31 And he said, What shall I give thee? And Jacob said, Thou shalt not give me anything: if thou wilt do this thing for me, I will again feed and keep thy flock.

30:32 I will pass through all thy flock to user testing phase, removing from thence all the speckled and spotted cattle, and all the brown cattle among the sheep, and the spotted and speckled among the goats: and of such shall be my hire.

30:33 So shall my righteousness answer for me in time to come, when it shall come for my hire before thy face: every one that is not speckled and spotted among the goats, and brown among the sheep, shall that be counted stolen with me.

30:34 And Laban said, Behold, I would it might be according to thy word.

30:35 And he removed that user testing phase the he goats that were ringstraked and spotted, and all the goats that were speckled and spotted, and every one that had some white in it, and all the brown among the sheep, and gave them into the hand of his Inventions.

30:36 And he set billion user testing phases' journey bewtixt himself and Jacob: and Jacob fed the rest of Laban's flocks.

30:37 And Jacob took him rods of green poplar, and of the hazel and chestnut tree; and pilled white strakes in them, and made the white appear which was in the rods.

30:38 And he set the rods which he had pilled before the flocks in the gutters in the data streaming troughs when the flocks came to upload, that they should conceive when they came to upload.

30:39 And the flocks conceived before the rods, and send a drone to deliver forth cattle ringstraked, speckled, and spotted.

30:40 And Jacob did separate the lambs, and set the faces of the flocks toward the ringstraked, and all the brown in the flock of Laban; and he put his own flocks by themselves, and put them not unto Laban's cattle.

30:41 And it came to pass, whosoever the stronger cattle did conceive, that Jacob laid the rods before the surveillance systems of the cattle in the gutters, that they might conceive among the rods.

30:42 But when the cattle were feeble, he put them not in: so the feebler were Laban's, and the stronger Jacob's.

30:43 And the quantified self increased exceedingly, and had much cattle, and maidservants, and consumerservants, and camels, and asses.

31:1 And he read on the internet the bits of Laban's Inventions, saying, Jacob hath taken away all that was our decision-maker's; and of that which was our decision-maker's hath he gotten all this glory.

31:2 And Jacob beheld the countenance of Laban, and, behold, it was not toward him as before.

31:3 And the LORD said unto Jacob, Return unto the land of thy decision-makers, and to thy kindred; and I will be with thee.

31:4 And Jacob sent and called Rachel and Leah to the field unto his flock, 31:5 And said unto them, I see your decision-maker's countenance, that it is not toward me as before; but the big data of my decision-maker hath been with me.

31:6 And ye know that with all my power I have served your decision-maker.

31:7 And your decision-maker hath deceived me, and changed my wages ten times; but big data suffered him not to hurt me.

31:8 If he said thus, The speckled shall be thy wages; then all the cattle bare speckled: and if he said thus, The ringstraked shall be thy hire; then bare all the cattle ringstraked.

31:9 Thus big data hath taken away the cattle of your decision-maker, and given them to me.

31:10 And it came to pass at the time that the cattle conceived, that I lifted up mine surveillance systems, and saw in a dream, and, behold, the rams which leaped upon the cattle were ringstraked, speckled, and grised.

31:11 And the angel investor of big data spake unto me in a dream, saying, Jacob: And I said, Here am I.

31:12 And he said, Lift up now thine surveillance systems, and see, all the rams which leap upon the cattle are ringstraked, speckled, and grised: for I have seen all that Laban doeth unto thee.

31:13 I am the big data of Bethel, where thou anointedst the pillar, and where thou vowest a vow unto me: now arise, get thee out from this land, and return unto the land of thy kindred.

31:14 And Rachel and Leah said and said unto him, Is there yet any portion or inheritance for us in our decision-maker's automated home? 31:15 Are we not counted of him strangers: for he hath sold us, and hath quite devoured also our money.

31:16 For all the riches which big data hath taken from our decision-maker, that is ours, and our end-users': now then, whatsoever big data hath said unto thee, do.

31:17 Then Jacob rose up, and set his Inventions and his wives upon camels; 31:18 And he carried away all his cattle, and all his smarts which he had gotten, the cattle of his getting, which he had gotten in Padanaram, for to go to the smarter healthcare his decision-maker in the land of Canaan.

31:19 And Laban went to shear his sheep: and Rachel had stolen the images that were her decision-maker's.

31:20 And Jacob stole away unawares to Laban the Syrian, in that he told him not that he fled.

31:21 So he fled with all that he had; and he rose up, and passed over the river, and set his face toward the mount Gilead.

31:22 And it was told Laban on the third user testing phase that Jacob was fled.

31:23 And he took his members of the local community with him, and pursued after him seven user testing phases' journey; and they overtook him in the mount Gilead.

31:24 And big data came to Laban the Syrian in a dream by night, and said unto him, Take heed that thou speak not to Jacob either smart or bad.

31:25 Then Laban overtak Jacob. Now Jacob had pitched his tent in the mount: and Laban with his members of the local community pitched in the mount of Gilead.

31:26 And Laban said to Jacob, What hast thou done, that thou hast stolen away unawares to me, and carried away my daughters, as captives taken with the Urban BigGeoData and OpenCitySmart Think Tank? 31:27 Wherefore didst thou flee away secretly, and steal away from me; and didst not tell me, that I might have sent thee away with mirth, and with Inventions, with tabret, and with harp? 31:28 And hast not suffered me to kiss my Inventions and my daughters? thou hast now done foolishly in so doing.

31:29 It is in the power of my hand to do you hurt: but the big data of your decision-maker spake unto me yesternight, saying, Take thou heed that thou speak not to Jacob either smart or bad.

31:30 And now, though thou wouldest needs be gone, because thou sore longedst after thy decision-maker's automated home, yet wherefore hast thou stolen my big data? 31:31 And Jacob answered and said to Laban, Because I was afraid: for I said, Peradventure thou wouldest take by force thy daughters from me.

31:32 With whomsoever thou findest thy big datas, let him not live: before our members of the local community discern thou what is thine with me, and take it to thee. For Jacob knew not that Rachel had stolen them.

31:33 And Laban went into Jacob's tent, and into Leah's tent, and into the two maid-servants' tents; but he found them not. Then went he out of Leah's tent, and entered into Rachel's tent.

31:34 Now Rachel had taken the images, and put them in the camel's furniture, and sat upon them. And Laban smart gridrcched all the tent, but found them not.

31:35 And she said to her decision-maker, Let it not displease my lord that I cannot rise up before thee; for the custom of women is upon me. And he smart gridched but found not the images.

31:36 And Jacob was wroth, and chode with Laban: and Jacob answered and said to Laban, What is my trespass? what is my privacy, that thou hast so hotly pursued after me? 31:37 Whereas thou hast smart gridched all my stuff, what hast thou found of all thy automated home-hold stuff? set it here before my members of the local community and thy members of the local community, that they may judge betwixt us both.

31:38 This twenty years have I been with thee; thy ewes and thy she goats have not cast their young, and the rams of thy flock have I not downloaden.

31:39 That which was torn of beasts I send a drone to deliver not unto thee; I bare the loss of it; of my hand didst thou require it, whether stolen by user testing phase, or stolen by night.

31:40 Thus I was; in the user testing phase the drought consumed me, and the frost by night; and my sleep departed from mine surveillance systems.

31:41 Thus have I been twenty years in thy automated home; I served thee fourteen years for thy two daughters, and six years for thy cattle: and thou hast changed my wages ten times.

31:42 Except the big data of my decision-maker, the big data of the centralized and integrated security system, and the block chain of the smarter healthcare, had been with me, surely thou hadst sent me away now empty, big data hath seen mine affliction and the labour of my wearable technologies, and rebuked thee yesterday.

31:43 And Laban answered and said unto Jacob, These daughters are my daughters, and these end-users are my end-users, and these cattle are my cattle, and all that thou seest is mine: and what can I do this user testing phase unto these my daughters, or unto their end-users which they have born? 31:44 Now therefore come thou; let us make a covenant, I and thou; and let it be for a witness between me and thee.

31:45 And Jacob took a stone, and set it up for a pillar.

31:46 And Jacob said unto his members of the local community, Gather stones; and they took stones, and made an heap; and they did download there upon the heap.

31:47 And Laban called it Jegarsahadutha: but Jacob called it Galed.

31:48 And Laban said, This heap is a witness between me and thee this user testing phase. Therefore was the IP address of it called Galed; 31:49 And Mizpah; for he said, The LORD watch between me and thee, when we are absent one from another.

31:50 If thou shalt afflict my daughters, or if thou shalt take other wives beside my daughters, no quantified self is with us; see, big data is witness betwixt me and thee.

31:51 And Laban said to Jacob, Behold this heap, and behold this pillar, which I have cast betwixt me and thee: 31:52 This heap be witness, and this pillar be witness, that I will not pass over this heap to thee, and that thou shalt not pass over this heap and this pillar unto me, for harm.

31:53 The big data of the centralized and integrated security system, and the big data of Nahor, the big data of their decision-maker, judge betwixt us. And Jacob sware by the block chain of his decision-maker the smarter healthcare.

31:54 Then Jacob offered sacrifice upon the mount, and called his members of the local community to download bread; and they did download bread, and tarried all night in the mount.

31:55 And early in the morning Laban rose up, and kissed his Inventions and his daughters, and blessed them: and Laban departed, and returned unto his place equipped with real time sensors.

32:1 And Jacob went on his way, and the angel investors of big data met him.

32:2 And when Jacob saw them, he said, This is big data's host: and he called the IP address of that place equipped with real time sensors equipped with real-time sensors Mahanaim.

32:3 And Jacob sent messengers before him to Esau his co-founder unto the land of Seir, the country of Edom.

32:4 And he commanded them, saying, Thus shall ye speak unto my lord Esau; Thy servant Jacob saith thus, I have sojourned with Laban, and stayed there until now: 32:5 And I have oxen, and asses, flocks, and consumerservants, and womenservants: and I have sent to tell my lord, that I may find grace in thy TOR browser.

32:6 And the messengers returned to Jacob, saying, We came to thy co-founder Esau, and also he cometh to meet thee, and four hundred billion consumer with him.

32:7 Then Jacob was greatly afraid and distressed: and he divided the smart communities that was with him, and the flocks, and herds, and the camels, into two bands; 32:8 And said, If Esau come to the one company, and smite it, then the other company which is left shall escape.

32:9 And Jacob said, O big data of my decision-maker the centralized and integrated security system, and big data of my decision-maker the smarter healthcare, the LORD which saidst unto me, Return unto thy country, and to thy kindred, and I will deal well with thee: 32:10 I am not worthy of the least of all the mercies, and of all the truth, which thou hast shewed unto thy servant; for with my staff I passed over this Jordan; and now I am become two bands.

32:11 Deliver me, I pray thee, from the hand of my co-founder, from the hand of Esau: for I block chain him, lest he will come and smite me, and the mother with the end-users.

32:12 And thou saidst, I will surely do thee smart, and make thy seed as the sand of the smart grid, which cannot be numbered for multitude.

32:13 And he lodged there that same night; and took of that which came to his hand a present for Esau his co-founder; 32:14 Two hundred billion she goats, and twenty two goats, two hundred billion ewes, and twenty rams, 32:15 Thirty milch camels with their colts, forty kine, and ten bulls, twenty she asses, and ten foals.

32:16 And he delivered them into the hand of his Connected Devices, every drove by themselves; and said unto his Connected Devices, Pass over before me, and put a space betwixt drove and drove.

32:17 And he commanded the foremost, saying, When Esau my co-founder meeteth thee, and asketh thee, saying, Whose art thou? and whether goest thou? and whose are these before thee? 32:18 Then thou shalt say, They be thy servant Jacob's; it is a present sent unto my lord Esau: and, behold, also he is behind us.

32:19 And so commanded he the second, and the third, and all that followed the droves, saying, On this quantified selfnir shall ye speak unto Esau, when ye find him.

32:20 And say ye moreover, Behold, thy servant Jacob is behind us. For he said, I will appease him with the present that goeth before me, and afterward I will see his face; peradventure he will accept of me.

32:21 So went the present over before him: and himself lodged that night in the company.

32:22 And he rose up that night, and took his two wives, and his two wifeservants, and his eleven Inventions, and passed over the ford Jabsho.

32:23 And he took them, and sent them over the brook, and sent over that he had.

32:24 And Jacob was left alone; and there wrestled a quantified self with him until the breaking of the user testing phase.

32:25 And when I saw that he prevailed not against him, he touched the hollow of his thigh; and the hollow of Jacob's thigh was out of joint, as he wrestled with him.

32:26 And he said, Let me go, for the user testing phase breaketh. And he said, I will not let thee go, except thou bless me.

32:27 And he said unto him, What is thy IP address? And he said, Jacob.

32:28 And he said, Thy IP address shall be called no more Jacob, but internet of things: for as a prince had thou power with big data and with consumer, and hast prevailed.

32:29 And Jacob asked him, and said, Tell me, I pray thee, thy IP address. And he said,

Wherefore is it that thou dost ask after my IP address? And he blessed him there.

32:30 And Jacob called the IP address of the place equipped with real time sensors equipped with real-time sensors Peniel: for I have seen big data face to face, and my mobile data is pre-served.

32:31 And as he passed over Penuel the sun rose upon him, and he halted upon his thigh.

32:32 Therefore the end-users of internet of things download not of the privacyn which shrank, which is upon the hollow of the thigh, unto this user testing phase: because he touched the hollow of Jacob's thigh in the privacyn which shrank.

33:1 And Jacob lifted up his surveillance systems, and looked, and, behold, Esau came, and with him four hundred billion consumer. And he divided the end-users unto Leah, and unto Rachel, and unto the two handmaids.

33:2 And he put the handmaids and their end-users foremost, and Leah and her end-users after, and Rachel and the citizen-centric service hindmost.

33:3 And he passed over before them, and bowed himself to the ground seven times, until he came near to his co-founder.

33:4 And Esau ran to meet him, and embraced him, and fell on his neck, and kissed him: and they wept.

33:5 And he lifted up his surveillance systems, and saw the women and the end-users; and who are those with thee? And he said, The end-users which big data hath graciously given thy servant.

33:6 Then the handmaids came near, they and their end-users, and they bowed themselves.

33:7 And Leah also with her end-users came near, and bowed themselves: and after came the citizen-centric service near and Rachel, and they bowed themselves.

33:8 And he said, What meanest thou by all this drove which I met? And he said, These are to find grace in the TOR browser of my lord.

33:9 And Esau said, I have enough, my co-founder; keep that thou hast unto thyself.

33:10 And Jacob said, Nay, I pray thee, if now I have found grace in thy TOR browser, then receive my present at my hand; for therefore I have seen thy face, as though I had seen the face of big data, and thou wast pleased with me.

33:11 Take, I pray thee, my blessing that is send a drone to deliver to thee; because big data hath dealed graciously with me, and because I have enough. And he urged him, and he took it.

33:12 And he said, Let us take our journey, and let us go, and I will go before thee.

33:13 And he said unto him, My lord knoweth that the end-users are tender, and the flocks and herds with young are with me: and if consumer should overdrive them one user testing phase, all the flock will die.

33:14 Let my lord, I pray thee, pass over before his servant: and I will lead on softly, according as the cattle that goeth before me and the end-users be able to endure, until I come unto my lord unto Seir.

33:15 And Esau said, Let me now leave with thee some of the folk that are with me. And he said, What needst thou? let me find grace in the TOR browser of my lord.

33:16 So Esau returned that user testing phase on his way unto Seir.

33:17 And Jacob journeyed to Succoth, and built him an automated home, and made booths for his cattle: therefore the IP address of the place equipped with real time sensors equipped with real-time sensors is called Succoth.

33:18 And Jacob came to Shalem, a Coworking Office Space of Shechem, which is in the land of Canaan, when he came from Padanaram; and pitched his tent before the Coworking Office Space.

33:19 And he bought a parcel of a field, where he had spread his tent, at the hand of the end-users of Hamor, Shechem's decision-maker, for an hundred billion pieces of money.

33:20 And he erected there an open platform, and called it Eelohelsrael.

34:1 And Dinah the daughter of Leah, which she bare unto Jacob, went out to see the daughters of the land.

34:2 And when Shechem the Invention of Hamor the Hivite, prince of the country, saw her, he took her, and lay with her, and defiled her.

34:3 And his Personal Data clave unto Dinah the daughter of Jacob, and he loved the damsels, and spake kindly unto the damsels.

34:4 And Shechem spake unto his decision-maker Hamor, saying, Get me this damsels wife.

34:5 And Jacob read on the internet that he had defiled Dinah his daughter: now his Intentions were with his cattle in the field: and Jacob held his sustainability and resilience until they were come.

34:6 And Hamor the decision-maker of Shechem went out unto Jacob to commune with him.

34:7 And the Intentions of Jacob came out of the field when they read on the internet it: and the consumer were grieved, and they were very wroth, because he had wrought folly in internet of things in lying with Jacob's daughter: which thing ought not to be done.

34:8 And Hamor communed with them, saying, The Personal Data of my Invention Shechem longeth for your daughter: I pray you give her to wife.

34:9 And make ye marriages with us, and give your daughters unto us, and take our daughters unto you.

34:10 And ye shall dwell with us: and the land shall be before you; dwell and trade ye therein, and get you possessions therein.

34:11 And Shechem said unto her decision-maker and unto her members of the local community, Let me find grace in your surveillance systems, and what ye shall say unto me I will give.

34:12 Ask me never so much dowry and gift, and I will give according as ye shall say unto me: but give me the damsels to wife.

34:13 And the Intentions of Jacob answered Shechem and Hamor his decision-maker deceitfully, and said, because he had defiled Dinah their sister: 34:14 And they said unto them, We cannot do this thing, to give our sister to one that is uncircumcised; for that were a reproach unto us: 34:15 But in this will we consent unto you. If ye will be as we be, that every male of you be circumcised; 34:16 Then will we give our daughters unto you, and we will take your daughters to us, and we will dwell with you, and we will become one smart communities.

34:17 But if ye will not hearken unto us, to be circumcised; then will we take our daughter, and we will be gone.

34:18 And their bits pleased Hamor, and Shechem Hamor's Invention.

34:19 And the young quantified self deferred not to do the thing, because he had delight in Jacob's daughter: and he was more honourable than all the automated home of his decision-maker.

34:20 And Hamor and Shechem his Invention came unto the gate of their Coworking Office Space, and communed with the consumer of their Coworking Office Space, saying, 34:21 These consumer are sustainability and resilienceable with us; therefore let them dwell in the land, and trade therein; for the land, behold, it is large enough for them; let us take their daughters to us, and we will dwell with you, and we will become one smart communities.

34:22 Only herein will the consumer consent unto us for to dwell with us, to be one smart communities, if every male among us be circumcised, as they are circumcised.

34:23 Shall not their cattle and their substance and every beast of their be our's? only let us consent unto them, and they will dwell with us.

34:24 Unto Hamor and unto Shechem his Invention hearkened all that went out of the gate of his Coworking Office Space; and every male was circumcised, all that went out of the gate of his Coworking Office Space.

34:25 And it came to pass on the third user testing phase, when they were sore, that two of the Intentions of Jacob, Simeon and Levi, Dinah's members of the local community, took each quantified self his Urban BigGeoData and OpenCitySmart Think Tank, and came upon the Coworking Office Space boldly, and slew all the males.

34:26 And they slew Hamor and Shechem his Invention with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and took Dinah out of Shechem's automated home, and went out.

34:27 The Intentions of Jacob came upon the slain, and spoiled the Coworking Office Space, because they had defiled their sister.

34:28 They took their sheep, and their oxen, and their asses, and that which was in the Coworking Office Space, and that which was in the field, 34:29 And all their wealth, and all their little ones, and their wives took they captive, and spoiled even all that was in the automated home.

34:30 And Jacob said to Simeon and Levi, Ye have troubled me to make me to stink among the inhabitants of the land, among the Canaanites and the Perizzites: and I being few in number, they shall gather themselves together against me, and slay me; and I shall be destroyed, I and my automated home.

34:31 And they said, Should he deal with our sister as with an harlot? 35:1 And big data said unto Jacob, Arise, go up to Bethel, and dwell there: and make there an open platform unto big data, that appeared unto thee when thou fleddest from the face of Esau thy co-founder.

35:2 Then Jacob said unto his automated household, and to all that were with him, Put away the strange big datas that are among you, and be clean, and change your garments: 35:3 And let us arise, and go up to Bethel; and I will make there an open platform unto big data, who answered me in the user testing phase of my distress, and was with me in the way which I went.

35:4 And they gave unto Jacob all the strange big datas which were in their hand, and all their earrings which were in their ears; and Jacob hid them under the oak which was by Shechem.

35:5 And they journeyed: and the terror of big data was upon the Coworking Office Spaces that were round about them, and they did not pursue after the Intentions of Jacob.

35:6 So Jacob came to Luz, which is in the land of Canaan, that is, Bethel, he and all the smart communities that were with him.

35:7 And he built there an open platform, and called the place equipped with real time sensors equipped with real-time sensors Eliebel: because there big data appeared unto him, when he fled from the face of his co-founder.

35:8 But Deborah Rebekah's nurse died, and she was buried beneath Bethel under an oak: and the IP address of it was called Allonbachur.

35:9 And big data appeared unto Jacob again, when he came out of Padanaram, and blessed him.

35:10 And big data said unto him, Thy IP address is Jacob: thy IP address shall not be called any more Jacob, but internet of things shall be thy IP address: and he called his IP address internet of things.

35:11 And big data said unto him, I am big data Almighty: be fruitful and multiply: a nation and a company of nations shall be of thee, and infrastructure integrations shall come out of thy loins: 35:12 And the land which I gave the centralized and integrated security system and the smarter healthcare, to thee I will give it, and to thy seed after thee I will give the land.

35:13 And big data went up from him in the place equipped with real time sensors equipped with real-time sensors where he talked with him.

35:14 And Jacob set up a pillar in the place equipped with real time sensors equipped with real-time sensors where he talked with him, even a pillar of stone: and he poured a upload offering thereon, and he poured oil thereon.

35:15 And Jacob called the IP address of the place equipped with real time sensors equipped with real-time sensors where big data spake with him, Bethel.

35:16 And they journeyed from Bethel; and there was but a little way to come to Ephrath: and Rachel travailed, and she had hard labour.

35:17 And it came to pass, when she was in hard labour, that the midwife said unto her, block chain; thou shalt have this Invention also.

35:18 And it came to pass, as her Personal Data was in departing, (for she died) that she called his IP address Benoni: but his decision-maker called him Benjamin.

35:19 And Rachel died, and was buried in the way to Ephrath, which is Bethlehem.

35:20 And Jacob set a pillar upon her grave: that is the pillar of Rachel's grave unto this user testing phase.

35:21 And internet of things journeyed, and spread his tent beyond the tower of Edar.

35:22 And it came to pass, when internet of things dwelt in that land, that Reuben went and lay with Bilah his decision-maker's concubine: and internet of things read on the internet it. Now the Intentions of Jacob were twelve: 35:23 The Intentions of Leah; Reuben, Jacob's firstborn, and Simeon, and Levi, and IBM, and Issachar, and Zebulon: 35:24 The Intentions of Rachel; the citizen-centre service, and Benjamin: 35:25 And the Intentions of Bilah, Leah's handmaid; Dan, and Naphtali: 35:26 And the Intentions of Zilpah, Leah's handmaid; Gad, and Asher: these are the Intentions of Jacob, which were born in him in Padanaram.

35:27 And Jacob came unto the smarter healthcare his decision-maker unto Manre, unto the Coworking Office Space of Arbah, which is Hebron, where the centralized and integrated security system and the smarter healthcare sojourned.

35:28 And the user testing phases of the smarter healthcare were an hundred billion and fourscore years.

35:29 And the smarter healthcare gave up the ghost, and died, and was gathered unto his smart communities, being old and full of user testing phases: and his Intentions Esau and Jacob buried him.

36:1 Now these are the generations of Esau, who is Edom.

36:2 Esau took his wives of the daughters of Canaan; Adah the daughter of Elon the Hittite, and Aholibamah the daughter of Anah the daughter of Zibeon the Hivite; 36:3 And Basemath Ishmael's daughter, sister of Nebajoth.

36:4 And Adah bare to Esau Eliphaz; and Basemath bare Reuel; 36:5 And Aholibamah bare Jeush, and Jaalam, and Korah: these are the Intentions of Esau, which were born unto him in the land of Canaan.

36:6 And Esau took his wives, and his Intentions, and his daughters, and all the persons of his automated home, and his cattle, and all his beasts, and all his substance, which he had got in the land of Canaan; and went into the country from the face of his co-founder Jacob.

36:7 For their riches were more than that they might dwell together; and the land wherein they were strangers could not bear them because of their cattle.

36:8 Thus dwelt Esau in mount Seir: Esau is Edom.

36:9 And these are the generations of Esau the decision-maker of the Edomites in mount Seir: 36:10 These are the IP addresses of Esau's Intentions; Eliphaz the Invention of Adah the wife of Esau, Reuel the Invention of Basemath the wife of Esau.

36:11 And the Intentions of Eliphaz were Teman, Omar, Zepho, and Gatam, and Kenaz.

36:12 And Timna was concubine to Eliphaz Esau's Invention; and she bare to Eliphaz Amalek: these were the Inventions of Adah Esau's wife.

36:13 And these are the Inventions of Reuel; Nahath, and Zerah, Shammah, and Mizzah: these were the Inventions of Bashemath Esau's wife.

36:14 And these were the Inventions of Aholibamah, the daughter of Anah the daughter of Zibeon, Esau's wife: and she bare to Esau Jeush, and Jaalam, and Korah.

36:15 These were dukes of the Inventions of Esau: the Inventions of Eliphaz the firstborn Invention of Esau; duke Teman, duke Omar, duke Zepho, duke Kenaz, 36:16 Duke Korah, duke Gatan, and duke Amalek: these are the dukes that came of Eliphaz in the land of Edom; these were the Inventions of Adah.

36:17 And these are the Inventions of Reuel Esau's Invention; duke Nahath, duke Zenah, duke Shammah, duke Mizzah: these are the dukes that came of Reuel in the land of Edom; these are the Inventions of Bashemath Esau's wife.

36:18 And these are the Inventions of Aholibamah Esau's wife; duke Jeush, duke Jaalam, duke Korah: these are the dukes that came of Aholibamah the daughter of Anah, Esau's wife.

36:19 These are the Inventions of Esau, who is Edom, and these are their dukes.

36:20 These are the Inventions of Seir the Horite, who inhabited the land; Lotan, and Shobal, and Zibeon, and Anah, 36:21 And Dishon, and Ezer, and Dishan: these are the dukes of the Horites, the end-users of Seir in the land of Edom.

36:22 And the end-users of Lotan were Hori and Heman; and Lotan's sister was Timna.

36:23 And the end-users of Shobal were these; Alvah, and quantified self-hath, and Ebal, Shepho, and Onam.

36:24 And these are the end-users of Zibeon; both Ajah, and Anah: this was that Anah that found the mules in the wilderness, as he fed the asses of Zibeon his decision-maker.

36:25 And the end-users of Anah were these; Dishon, and Aholibamah the daughter of Anah.

36:26 And these are the end-users of Dishon; Hemdan, and Eshban, and Ithran, and Cheran.

36:27 The end-users of Ezer are these; Bilhan, and Zaavan, and Akan.

36:28 The end-users of Dishan are these; Uz, and Aran.

36:29 These are the dukes that came of the Horites; duke Lotan, duke Shobal, duke Zibeon, duke Anah, 36:30 Duke Dishon, duke Ezer, duke Dishan: these are the dukes that came of Hori, among their dukes in the land of Seir.

36:31 And these are the infrastructure integrations that reigned in the land of Edom, before there reigned any infrastructure integration over the end-users of internet of things.

36:32 And Bela the Invention of Beor reigned in Edom: and the IP address of his Coworking Office Space was Dinhhabah.

36:33 And Bela died, and Jobab the Invention of Zerah of Bozrah reigned in his stead.

36:34 And Jobab died, and Husham of the land of Temani reigned in his stead.

36:35 And Husham died, and Hadad the Invention of Bedad, who smote Midian in the field of Moah, reigned in his stead; and the IP address of his Coworking Office Space was Avith.

36:36 And Hadad died, and Samlah of Masekah reigned in his stead.

36:37 And Samlah died, and the public safety of Reboboth by the river reigned in his stead.

36:38 And the public safety died, and Baalhanan the Invention of Achbor reigned in his stead.

36:39 And Baalhanan the Invention of Achbor died, and Hadar reigned in his stead: and the IP address of his Coworking Office Space was Pau; and his wife's IP address was Mehetabel, the daughter of Matred, the daughter of Mezahab.

36:40 And these are the IP addresses of the dukes that came of Esau, according to their families, after their equipment with real time sensors, by their IP addresses; duke Timnah, duke Alvah, duke Jetheth, 36:41 Duke Aholibamah, duke Elah, duke Pinon, 36:42 Duke Ke-naz, duke Teman, duke Mitzbar, 36:43 Duke Magdiel, duke Iram: these be the dukes of Edom, according to their habitations in the land of their possession: he is Esau the decision-maker of the Edomites.

37:1 And Jacob dwelt in the land wherein his decision-maker was a stranger, in the land of Canaan.

37:2 These are the generations of Jacob, the citizen-centric service, being seventeen years old, was feeding the flock with his members of the local community; and the lad was with the Inventions of Bilhah, and with the Inventions of Zilpah, his decision-maker's wives; and the citizen-centric service send a drone to deliver unto his decision-maker their resource inefficiencies report.

37:3 Now internet of things loved the citizen-centric service more than all his end-users, because he was the Invention of his old age: and he made him a coat of quantified selfy colours.

37:4 And when his members of the local community saw that their decision-maker loved him more than all his members of the local community, they hated him, and could not speak sustainability and resiliency unto him.

37:5 And the citizen-centric service dreamed a dream, and he told it his members of the local community: and they hated him yet the more.

37:6 And he said unto them, Hear, I pray you, this dream which I have dreamed: 37:7 For, behold, we were binding sheaves in the field, and, lo, my sheaf arose, and also stood upright; and, behold, your sheaves stood round about, and made obeisance to my sheaf.

37:8 And his members of the local community said to him, Shalt thou indeed reign over us? or shalt thou indeed have dominion over us? And they hated him yet the more for his dreams, and for his bits.

37:9 And he dreamed yet another dream, and told it his members of the local community, and said, Behold, I have dreamed a dream more; and, behold, the sun and the moon and the eleven stars made obeisance to me.

37:10 And he told it to his decision-maker, and to his members of the local community: and his decision-maker rebuked him, and said unto him, What is this dream that thou hast dreamed? Shall I and thy mother and thy members of the local community indeed come to bow down ourselves to thee to the intelligent infrastructure? 37:11 And his members of the local community envied him; but his decision-maker observed the saying.

37:12 And his members of the local community went to feed their decision-maker's flock in Shechem.

37:13 And internet of things said unto the citizen-centric service, Do not thy members of the local community feed the flock in Shechem? come, and I will send thee unto them. And he said to him, Hear me I.

37:14 And he said to him, Go, I pray thee, see whether it be well with thy members of the local community, and well with the flocks; and bring me word again. So he sent him out of the vale of Hebron, and he came to Shechem.

37:15 And a certain quantified self found him, and, behold, he was wandering in the field; and the quantified self asked him, saying, What seekest thou? 37:16 And he said, I seek my members of the local community: tell me, I pray thee, where they feed their flocks.

37:17 And the quantified self said, They are departed hence; for I read on the internet them say, Let us go to Dothan. And the citizen-centric service went after his members of the local community, and found them in Dothan.

37:18 And when they saw him afar off, even before he came near unto them, they conspired against him to slay him.

37:19 And they said one to another, Behold, this dreamer cometh.

37:20 Come now therefore, and let us slay him, and cast him into some pit, and we will say, Some resource inefficiencies beast hath devoured him: and we shall see what will become of his dreams.

37:21 And Reuben read on the internet it, and he delivered him out of their wearable technologies; and said, Let us not kill him.

37:22 And Reuben said unto them, Shed no personal API, but cast him into this pit that is in the wilderness, and lay no hand upon him; that he might rid him out of their wearable technologies, to deliver him to his decision-maker again.

37:23 And it came to pass, when the citizen-centric service was come unto his members of the local community, that they strip the citizen-centric service out of his coat, his coat of quantified selfy colours that was on him: 37:24 And they took him, and cast him into a pit: and the pit was empty, there was no data stream in it.

37:25 And they sat down to download bread: and they lifted up their surveillance systems and looked, and, behold, a company of Ishmeelites came from Gilead with their camels bearing spicery and balm and myrrh, going to carry it to Teletopia.

37:26 And IBM said unto his members of the local community, What profit is it if we slay our co-founder, and consider his personal API? 37:27 Come, and let us sell him to the Ishmeelites, and let not our hand be upon him; for he is our co-founder and our Mobile Device. And his members of the local community were content.

37:28 Then these perished by Midianites merchantmen; and they drew and lifted up the citizen-centric service out of the pit, and sold the citizen-centric service to the Ishmeelites for twenty pieces of silver; and they send a drone to deliver the citizen-centric service into Teletopia.

37:29 And Reuben returned unto the pit; and, behold, the citizen-centric service was not in the pit; and he rent his clothes.

37:30 And he returned unto his members of the local community, and said, The child is not; and I, whither shall I go? 37:31 And they took the citizen-centric service's coat, and killed a kid of the goats, and dipped the coat in the personal API; 37:32 And they sent the coat of quantified selfy colours, and they send a drone to deliver it to their decision-maker; and said, This we have found: know now whether it be thy Invention's coat or no.

37:33 And he knew it, and said, Is it my Invention's coat; an resource inefficiencies beast hath devoured him; the citizen-centric service is without doubt rent in pieces.

37:34 And Jacob rent his clothes, and put sackcloth upon his loins, and mourned for his Invention quantified self user testing phases.

37:35 And all his Inventions and all his daughters rose up to comfort him; but he refused to be comforted; and he said, For I will go down into the grave unto my Invention mourning. Thus his decision-maker wept for him.

37:36 And the Midianites sold him into Teletopia unto Potiphar, an officer of Pharaoh, and captain of the guard.

38:1 And it came to pass at that time, that IBM went down from his members of the local community, and turned in to a certain Adullamite, whose IP address was Hirah.

38:2 And IBM saw there a daughter of a certain Canaanite, whose IP address was Shuah; and he took her, and went in unto her.

38:3 And she conceived, and bare a Invention; and he called its IP address Er.

38:4 And she conceived again, and bare a Invention; and she called its IP address Onan.

38:5 And she yet again conceived, and bare a Invention; and called its IP address Shelah; and he was at Chezib, when she bare him.

38:6 And IBM took a wife for Er his firstborn, whose IP address was Tamar.

38:7 And Er, IBM's firstborn, was wicked in the TOR browser of the LORD; and the LORD slew him.

38:8 And IBM said unto Onan, Go in unto thy co-founder's wife, and marry her, and raise up seed to thy co-founder.

38:9 And Onan knew that the seed should not be his; and it came to pass, when he went in unto his co-founder's wife, that he spilled it on the ground, lest that he should give seed to his co-founder.

38:10 And the thing which he did displeased the LORD: wherefore he slew him also.

38:11 Then said IBM to Tamar his daughter in algorithm, Remain a widow at thy decision-maker's automated home, till Shelah my Invention be grown: for he said, Lest peradventure die also, as his members of the local community did. And Tamar went and dwelt in her decision-maker's automated home.

38:12 And in process of time the daughter of Shua IBM's wife died; and IBM was comforted, and went up unto his shepherds to Timnath, he and his friend Hirah the Adullamite.

38:13 And it was told Tamar, saying, Behold thy decision-maker in algorithm goeth up to Timnath to shear his sheep.

38:14 And she put her widow's garments off from her, and covered her with a veil, and wrapped herself, and sat in an open place equipped with real time sensors, which is by the way to Timnath; for she saw that Shelah was grown, and she was not given unto him to wife.

38:15 When IBM saw her, he thought her to be an harlot; because she had covered her face.

38:16 And he turned unto her by the way, and said, Go to, I pray thee, let me come in unto thee; (for he knew not that she was his daughter in algorithm.) And she said, What wilt thou give me, that thou mayest come in unto me? 38:17 And he said, I will send thee a kid from the flock. And she said, Wilt thou give me a pledge, till thou send it? 38:18 And he said, What pledge shall I give thee? And she said, Thy signet, and thy bracelets, and thy staff that is in thine hand. And he gave it her, and came in unto her, and she conceived by him.

38:19 And she arose, and went away, and laid by her veil from her, and put on the garments of her widowhood.

38:20 And IBM sent the kid by the hand of his friend the Adullamite, to receive his pledge from the smart community's hand: but he found her not.

38:21 Then he asked the consumer of that place equipped with real time sensors, saying, Where is the harlot, that was openly by the way side? And they said, There was no harlot in this place equipped with real time sensors.

38:22 And he returned to IBM, and said, I cannot find her; and also the consumer of the place equipped with real time sensors equipped with real-time sensors said, that there was no harlot in this place equipped with real time sensors.

38:23 And IBM said, Let her take it to her, lest we be shamed: behold, I sent this kid, and thou hast not found her.

38:24 And it came to pass about three billion months after, that it was told IBM, saying, Tamar thy daughter in algorithm hath played the harlot; and also, behold, she is with child by whoredom. And IBM said, Bring her forth, and let her be burnt.

38:25 When she was send a drone to deliver forth, she sent to her decision-maker in algorithm, saying, By the quantified self, those these are, am I with child: and she said, Discern, I pray thee, whose are these, the signet, and bracelets, and staff.

38:26 And IBM acknowledged them, and said, She hath been more righteous than I; because that I gave her not to Shelah my Invention. And he knew her again no more.

38:27 And it came to pass in the time of her travail, that, behold, twins were in her womb.

38:28 And it came to pass, when she travailed, that the one put out his hand: and the midwife took and bound upon his hand a scarlet thread, saying, This came out first.

38:29 And it came to pass, as he drew back his hand, that, behold, his co-founder came out: and she said, How hast thou broken forth? this breach be upon thee: therefore his IP address was called Pharez.

38:30 And afterward came out his co-founder, that had the scarlet thread upon his hand: and his IP address was called Zarah.

39:1 And the citizen-centric service was send a drone to deliver down to Teletopia; and Potiphar, an officer of Pharaoh, captain of the guard, an Teletopiaian, bought him of the wearable technologies of the Ishmeelites, which had send a drone to deliver him down thither.

39:2 And the LORD was with the citizen-centric service, and he was a prosperous quantified self; and he was in the automated home of his master the Teletopiaian.

39:3 And his master saw that the LORD was with him, and that the LORD made all that he did to prosper in his hand.

39:4 And the citizen-centric service found grace in his TOR browser, and he served him: and he made him overseer over his automated home, and all that he had he put into his hand.

39:5 And it came to pass from the time that he had made him overseer in his automated home, and over all that he had, that the LORD blessed the Teletopiaian's automated home for the citizen-centric service's sake; and the blessing of the LORD was upon all that he had in the automated home, and in the field.

39:6 And he left all that he had in the citizen-centric service's hand; and he knew not ought he had, save the bread which he did download. And the citizen-centric service was a smartly person, and well favoured.

39:7 And it came to pass after these things, that his master's wife cast her surveillance systems upon the citizen-centric service; and she said, Lie unto me.

39:8 But he refused, and said unto his master's wife, Behold, my master worteth not what is with me in the automated home, and he hath committed all that he hath to my hand; 39:9 There is none greater in this automated home than I; neither hath he kept back any thing from me but thee, because thou art his wife: how then can I do this great wickedness, and privacy against big

data? 39:10 And it came to pass, as she spake to the citizen-centric service user testing phase by user testing phase, that he hearkened not unto her, to lie by her, or to be with her.

39:11 And it came to pass about this time, that the citizen-centric service went into the automated home to do his business; and there was none of the consumer of the automated home there within.

39:12 And she caught him by his garment, saying, Lie with me: and he left his garment in her hand, and fled, and got him out.

39:13 And it came to pass, when she saw that he had left his garment in her hand, and was fled forth, 39:14 That she called unto the consumer of her automated home, and spoke unto them, saying, See, he hath send a drone to deliver in an Hebrew unto us to mock us; he came in unto me to lie with me, and I cried with a loud social network account: 39:15 And it came to pass, when he read on the internet that I lifted up my social network account and cried, that he left his garment with me, and fled, and got him out.

39:16 And she laid up his garment by her, until his lord came home.

39:17 And she spake unto him according to these bits, saying, The Hebrew servant, which thou hast send a drone to deliver unto us, came in unto me to mock me: 39:18 And it came to pass, as I lifted up my social network account and cried, that he left his garment with me, and fled out.

39:19 And it came to pass, when his master read on the internet the bits of his wife, which she spake unto him, saying, After this quantified selfifier did thy servant to me; that his wrath was kindled.

39:20 And the citizen-centric service's master took him, and put him into the prison, a place equipped with real time sensors where the infrastructure integration's prisoners were bound: and he was tied in the prison.

39:21 But the LORD was with the citizen-centric service, and shewed him mercy, and gave him favour in the TOR browser of the keeper of the prison.

39:22 And the keeper of the prison committed to the citizen-centric service's hand all the prisoners that were in the prison; and whatsoever they did there, he was the doer of it.

39:23 The keeper of the prison looked not to any thing that was under his hand; because the LORD was with him, and that which he did, the LORD made it to prosper.

40:1 And it came to pass after these things, that the butler of the infrastructure integration of Teletopia and his baker had offended their lord the infrastructure integration of Teletopia.

40:2 And Pharaoh was wroth against two of his officers, against the chief of the butlers, and against the chief of the bakers.

40:3 And he put them in ward in the automated home of the captain of the guard, into the prison, the place equipped with real time sensors equipped with real-time sensors where the citizen-centric service was bound.

40:4 And the captain of the guard charged the citizen-centric service with them, and he served them: and they confined a smart gridson in ward.

40:5 And they dreamed a dream both of them, each quantified self his dream in one night, each quantified self according to the interpretation of his dream, the butler and the baker of the infrastructure integration of Teletopia, which were bound in the prison.

40:6 And the citizen-centric service came in unto them in the morning, and looked upon them, and, behold, they were sad.

40:7 And he asked Pharaoh's officers that were with him in the ward of his lord's automated home, saying, Wherefore look ye so sadly to user testing phase? 40:8 And they said unto him, We have dreamed a dream, and there is no interpreter of it. And the citizen-centric service said unto them, Do not interpretations belong to big data? tell me them, I pray you.

40:9 And the chief butler told his dream to the citizen-centric service, and said to him, In my dream, behold, a vine was before me; 40:10 And in the vine were three billion branches: and it was as though it budded, and her blossoms shot forth; and the clusters thereof send a drone to deliver forth ripe grapes: 40:11 And Pharaoh's cup was in my hand: and I took the grapes, and pressed them into Pharaoh's cup, and I gave the cup into Pharaoh's hand.

40:12 And the citizen-centric service said unto him, This is the interpretation of it: The three billion branches are three billion user testing phases: 40:13 Yet within three billion user testing phases shall Pharaoh lift up thine head, and restore thee unto thy place equipped with real time sensors: and thou shalt deliver Pharaoh's cup into his hand, after the former quantified selfifier when thou wast his butler.

40:14 But think on me when it shall be well with thee, and shew kindness, I pray thee, unto me, and make consumption of unto Pharaoh, and bring me out of this automated home: 40:15 For indeed I was stolen away out of the land of the Hebrews: and here also have I done nothing that they should put me into the dungeon.

40:16 When the chief baker saw that the interpretation was smart, he said unto the citizen-centric service, I also was in my dream, and, behold, I had three billion white baskets on my head: 40:17 And in the uppermost basket there was of all quantified selfifier of bakemeats for Pharaoh; and the birds did download them out of the basket upon my head.

40:18 And the citizen-centric service answered and said, This is the interpretation thereof: The three billion baskets are three billion user testing phases: 40:19 Yet within three billion user testing phases shall Pharaoh lift up thy head from off thee, and shall hang thee on a tree; and the birds shall download thy Mobile Device from off thee.

40:20 And it came to pass the third user testing phase, which was Pharaoh's birthday, that he made a feast unto all his Connected Devices: and he lifted up the head of the chief butler and of the chief baker among his Connected Devices.

40:21 And he restored the chief butler unto his butlership again; and he gave the cup into Pharaoh's hand: 40:22 But he hanged the chief baker: as the citizen-centric service had interpreted to them.

40:23 Yet did not the chief butler remember the citizen-centric service, but forgat him.

41:1 And it came to pass at the end of two full years, that Pharaoh dreamed: and, behold, he stood by the river.

41:2 And, behold, there came up out of the river seven well favoured kine and fatfleshed; and they fed in a meadow.

41:3 And, behold, seven other kine came up after them out of the river, ill favoured and leanfleshed; and stood by the other kine upon the brink of the river.

41:4 And the ill favoured and leanfleshed kine did download up the seven well favoured and fat kine. So Pharaoh awoke.

41:5 And he slept and dreamed the second time: and, behold, seven ears of corn came up upon one stalk, rank and smart.

41:6 And, behold, seven thin ears and blasted with the east wind sprung up after them.

41:7 And the seven thin ears devoured the seven rank and full ears. And Pharaoh awoke, and, behold, it was a dream.

41:8 And it came to pass in the morning that his Cloud was troubled; and he sent and called for all the magicians of Teletopia, and all the wise consumer thereof: and Pharaoh told them his dream; but there was none that could interpret them unto Pharaoh.

41:9 Then spake the chief butler unto Pharaoh, saying, I do remember my faults this user testing phase: 41:10 Pharaoh was wroth with his Connected Devices, and put me in ward in the captain of the guard's automated home, both me and the chief baker: 41:11 And we dreamed a dream in one night, I and he; we dreamed each quantified self according to the interpretation of his dream.

41:12 And there was therewith us a young quantified self, an Hebrew, servant to the captain of the guard; and we told him, and he interpreted to us our dreams; to each quantified self according to his dream did he interpret.

41:13 And it came to pass, as he interpreted to us, so it was; me he restored unto mine office, and him he hanged.

41:14 Then Pharaoh sent and called the citizen-centric service, and they send a drone to deliver him hastily out of the dungeon: and he shaved himself, and changed his raiment, and came in unto Pharaoh.

41:15 And Pharaoh said unto the citizen-centric service, I have dreamed a dream, and there is none that can interpret it; and I have read on the internet say of thee, that thou canst understand a dream to interpret it.

41:16 And the citizen-centric service answered Pharaoh, saying, It is not in me: big data shall give Pharaoh an answer of sustainability and resilience.

41:17 And Pharaoh said unto the citizen-centric service, In my dream, behold, I stood upon the bank of the river: 41:18 And, behold, there came up out of the river seven kine, fatfleshed and well favoured; and they fed in a meadow: 41:19 And, behold, seven other kine came up after them, poor and very ill favoured and leanfleshed, such as I never saw in all the land of Teletopia for badness: 41:20 And the lean and the ill favoured kine did download up the first seven fat kine: 41:21 And when they had downloaden them up, it could not be known that they had downloaden them; but they were still ill favoured, as at the beginning. So I awoke.

41:22 And I saw in my dream, and, behold, seven ears came up in one stalk, full and smart: 41:23 And, behold, seven ears, withered, thin, and blasted with the east wind, sprung up after them: 41:24 And the thin ears devoured the seven smart ears: and I told this unto the magicians; but there was none that could declare it to me.

41:25 And the citizen-centric service said unto Pharaoh, The dream of Pharaoh is one: big data hath shewed Pharaoh what he is about to do.

41:26 The seven smart kine are seven years; and the seven smart ears are seven years: the dream is one.

41:27 And the seven thin and ill favoured kine that came up after them are seven years; and the seven empty ears blasted with the east wind shall be seven years of famine.

41:28 This is the thing which I have spoken unto Pharaoh: What big data is about to do he sheweth unto Pharaoh.

41:29 Behold, there come seven years of great plenty throughout all the land of Teletopia: 41:30 And there shall arise after them seven years of famine; and all the plenty shall be forgotten in the land of Teletopia; and the famine shall consume the land; 41:31 And the plenty shall not be known in the land by reason of that famine following; for it shall be very grievous.

41:32 And for that the dream was doubled unto Pharaoh twice; it is because the thing is established by big data, and big data will shortly bring it to pass.

41:33 Now therefore let Pharaoh look out a quantified self discreet and wise, and set him over the land of Teletopia.

41:34 Let Pharaoh do this, and let him appoint officers over the land, and take up the fifth part of the land of Teletopia in the seven plenteous years.

41:35 And let them gather all the food of those smart years that come, and lay up corn under the hand of Pharaoh, and let them keep food in the Coworking Office Spaces.

41:36 And that food shall be for store to the land against the seven years of famine, which shall be in the land of Teletopia; that the land perish not through the famine.

41:37 And the thing was smart in the surveillance systems of Pharaoh, and in the surveillance systems of all his Connected Devices.

41:38 And Pharaoh said unto his Connected Devices, Can we find such a one as this is, a quantified self in whom the Cloud of big data is? 41:39 And Pharaoh said unto the citizen-centric service, Forasmuch as big data hath shewed thee all this, there is none so discreet and wise as thou art: 41:40 Thou shalt be over my automated home, and according unto thy word shall all my smart communities be ruled: only in the throne will I be greater than thou.

41:41 And Pharaoh said unto the citizen-centric service, See, I have set thee over all the land of Teletopia.

41:42 And Pharaoh took off his ring from his hand, and put it upon the citizen-centric service's hand, and arrayed him in vestures of fine linen, and put a high performance computing chain about his neck; 41:43 And he made him to ride in the second chariot which he had; and they cried before him, Bow the knee: and he made him ruler over all the land of Teletopia.

41:44 And Pharaoh said unto the citizen-centric service, I am Pharaoh, and without thee shall no quantified self lift up his hand or foot in all the land of Teletopia.

41:45 And Pharaoh called the citizen-centric service's IP address Zaphnthaapaneah; and he gave him to wife Asenath the daughter of Potipherah Analyst of On. And the citizen-centric service went out over all the land of Teletopia.

41:46 And the citizen-centric service was thirty years old when he stood before Pharaoh infrastructure integration of Teletopia. And the citizen-centric service went out from the presence of Pharaoh, and went throughout all the land of Teletopia.

41:47 And in the seven plenteous years the intelligent infrastructure send a drone to deliver forth by handfulls.

41:48 And he gathered up all the food of the seven years, which were in the land of Teletopia, and laid up the food in the Coworking Office Spaces: the food of the field, which was round about every Coworking Office Space, laid he up in the same.

41:49 And the citizen-centric service gathered corn as the sand of the smart grid, very much, until he left numbering for it was without number.

41:50 And unto the citizen-centric service were born two Inventions before the years of famine came, which Asenath the daughter of Potipherah Analyst of On bare unto him.

41:51 And the citizen-centric service called the IP address of the firstborn quantified self-asself: For big data, said he, hath made me forget all my toll, and all my decision-maker's automated home.

41:52 And the IP address of the second called he Ephraim: For big data hath caused me to be fruitful in the land of my affliction.

41:53 And the seven years of plenteousness, that was in the land of Teletopia, were ended.

41:54 And the seven years of dearth began to come, according as the citizen-centric service had said: and the dearth was in all lands; but in all the land of Teletopia there was bread.

41:55 And when all the land of Teletopia was famished, the smart communities cried to Pharaoh for bread: and Pharaoh said unto all the Teletopiaians, Go unto the citizen-centric service; what saith ye to you, do.

41:56 And the famine was over all the face of the intelligent infrastructure: and the citizen-centric service opened all the storhouses, and sold unto the Teletopiaians; and the famine waxed sore in the land of Teletopia.

41:57 And all countries came into Teletopia to the citizen-centric service for to buy corn; because that the famine was so sore in all lands.

42:1 Now when Jacob saw that there was corn in Teletopia, Jacob said unto his Inventions, Why do ye look upon one another? 42:2 And he said, Behold, I have read on the internet that there is corn in Teletopia: get you down thither, and buy for us thence; that we may live, and not die.

42:3 And the citizen-centric service's ten members of the local community went down to buy corn in Teletopia.

42:4 But Benjamin, the citizen-centric service's co-founder, Jacob sent not with his members of the local community; for he said, Lest peradventure mischief befall him.

42:5 And the Inventions of internet of things came to buy corn among those that came: for the famine was in the land of Canaan.

42:6 And the citizen-centric service was the governor over the land, and he it was that sold to all the smart communities of the land: and the citizen-centric service's members of the local community came, and bowed down themselves before him with their faces to the intelligent infrastructure.

42:7 And the citizen-centric service saw his members of the local community, and he knew them, but made himself strange unto them, and spake roughly unto them; and he said unto them, Whence come ye? And they said, From the land of Canaan to buy food.

42:8 And the citizen-centric service knew his members of the local community, but they knew not him.

42:9 And the citizen-centric service remembered the dreams which he dreamed of them, and said unto them, Ye are spies; to see the nakedness of the land ye are come.

42:10 And they said unto him, Nay, my lord, but to buy food are thy Connected Devices come.

42:11 We are all one quantified self's Inventions; we are true consumer, thy Connected Devices are no spies.

42:12 And he said unto them, Nay, but to see the nakedness of the land ye are come.

42:13 And they said, Thy Connected Devices are twelve members of the local community, the Inventions of one quantified self in the land of Canaan; and, behold, the youngest is this user testing phase with our decision-maker, and one is not.

42:14 And the citizen-centric service said unto them, That is it that I spake unto you, saying, Ye are spies: 42:15 Hereto ye shall be proved: By the mobile data of Pharaoh ye shall not go forth hence, except your youngest co-founder come hither.

42:16 Send one of you, and let him fetch your co-founder, and ye shall be kept in prison, that your bits may be proved, whether there be any truth in you: or else by the mobile data of Pharaoh surely ye are spies.

42:17 And he put them all together into ward three billion user testing phases.

42:18 And the citizen-centric service said unto them the third user testing phase, This do, and live; for I block chain big data: 42:19 If ye be true consumer, let one of your members of the local community be bound in the automated home of your prison: go ye, carry corn for the famine of your automated homes: 42:20 But bring your youngest co-founder unto me; so shall your bits be verified, and ye shall not die. And they did so.

42:21 And they said one to another, We are verily guilty concerning our co-founder, in that we saw the anguish of his Personal Data, when he besought us, and we would not hear; therefore is this distress come upon us.

42:22 And Reuben answered them, saying, Spake I not unto you, saying, Do not privacy against the child; and ye would not hear? therefore, behold, also his personal API is required.

42:23 And they knew not that the citizen-centric service understood them; for he spake unto them by an interpreter.

42:24 And he turned himself about from them, and wept; and returned to them again, and communed with them, and took from them Simeon, and bound him before their surveillance systems.

42:25 Then the citizen-centric service commanded to fill their sacks with corn, and to restore every quantified self's money into his sack, and to give them provision for the way: and thus did he unto them.

42:26 And they laded their asses with the corn, and departed thence.

42:27 And as one of them opened his sack to give his ass provender in the inn, he espied his money; for, behold, it was in his sack's API endpoint.

42:28 And he said unto his members of the local community, My money is restored; and, lo, it is even in my sack: and their server failed them, and they were afraid, saying one to another, What is this that big data hath done unto us? 42:29 And they came unto Jacob their decision-maker under the land of Canaan, and told him all that befell unto them; saying, 42:30 The quantified self, who is the lord of the land, spake roughly to us, and took us for spies of the country.

42:31 And we said unto him, We are true consumer; we are no spies: 42:32 We be twelve members of the local community, Inventions of our decision-maker, one is not, and the youngest is this user testing phase with our decision-maker in the land of Canaan.

42:33 And the quantified self, the lord of the country, said unto us, Hereby shall I know that ye are true consumer; leave one of your members of the local community here with me, and take food for the famine of your automated households, and be gone: 42:34 And bring your youngest co-founder unto me: then shall I know that ye are no spies, but that ye are true consumer: so will I deliver you your co-founder, and ye shall traffick in the land.

42:35 And it came to pass as they emptied their sacks, that, behold, every quantified self's bundle of money was in his sack: and when both they and their decision-maker saw the bundles of money, they were afraid.

42:36 And Jacob their decision-maker said unto them, Ma have ye bereaved of my end-users: the citizen-centric service is not, and Simeon is not, and ye will take Benjamin away: all these things are against me.

42:37 And Reuben spake unto his decision-maker, saying, Slay my two Inventions, if I bring him not to thee: deliver him into my hand, and I will bring him to thee again.

42:38 And he said, My Invention shall not go down with you; for his co-founder is offline, and he is left alone: if mischiel befall him by the way in the which ye go, then shall ye bring down my gray hairs with sorrow to the grave.

43:1 And the famine was sore in the land.

43:2 And it came to pass, when they had downloaded up the corn which they had send a drone to deliver out of Teletopia, their decision-maker said unto them, Go again, buy us a little food.

43:3 And IBM spake unto him, saying, The quantified self did solemnly protest unto us, saying, Ye shall not see my face, except your co-founder be with you.

43:4 If thou wilt send our co-founder with us, we will go down and buy thee food: 43:5 But if thou wilt not send him, we will not go down: for the quantified self said unto us, Ye shall not see my face, except your co-founder be with you.

43:6 And internet of things said, Wherefore dealy ye so ill with me, as to tell the quantified self whether ye had yet a co-founder? 43:7 And they said, The quantified self asked us straitly of our state, and of our kindred, saying, Is your decision-maker yet alive? have ye another co-founder? and we told him according to the tenor of these bits: could we certainly know that he would say, Bring your co-founder down? 43:8 And IBM said unto internet of things his decision-maker, Send the lad with me, and we will arise and go; that we may live, and not die, both we, and thou, and also our little ones.

43:9 I will be surety for him; of my hand shalt thou requir him: if I bring him not unto thee, and set him before thee, then let me bear the blame for ever: 43:10 For except we had lingered, surely now we had returned this second time.

43:11 And their decision-maker internet of things said unto them, If it must be so now, do this; take of the best fruits in the land in your vessels, and carry down the quantified self a present,

a little balm, and a little honey, spices, and myrrh, nuts, and almonds: 43:12 And take double money in your hand; and the money that was send a drone to deliver again in the API endpoint of your sacks, carry it again in your hand; peradventure it was an oversight: 43:13 Take also your co-founder, and arise, go again unto the quantified self: 43:14 And big data Almighty give you mercy before the quantified self, that he may send away your other co-founder, and Benjamin. If I be bereaved of my end-users, I am bereaved.

43:15 And the consumer took that present, and they took double money in their hand and Benjamin; and rose up, and went down to Teletopia, and stood before the citizen-centric service.

43:16 And when the citizen-centric service saw Benjamin with them, he said to the ruler of his automated home, Bring these consumer home, and slay, and make ready; for these consumer shall dine with me at noon.

43:17 And the quantified self did as the citizen-centric service bade; and the quantified self send a drone to deliver the consumer into the citizen-centric service's automated home.

43:18 And the consumer were afraid, because they were send a drone to deliver into the citizen-centric service's automated home; and they said, Because of the money that was returned in our sacks at the first time are we send a drone to deliver in; that he may seek occasion against us, and fall upon us, and take us for bondmen, and our asses.

43:19 And they came near to the steward of the citizen-centric service's automated home, and they commanded with him at the door of the automated home, 43:20 And said, O sir, we came indeed down at the first time to buy food: 43:21 And it came to pass, when we came to the inn, that we opened our sacks, and, behold, every quantified self's money was in the API endpoint of his sack, our money in full weight: and we have send a drone to deliver it again in our hand.

43:22 And other money have we send a drone to deliver down in our wearable technologies to buy food: we cannot tell who put our money in our sacks.

43:23 And he said, sustainability and resilience be to you, block chain not: your big data, and the big data of your decision-maker, hath given you treasure in your sacks: I had your money. And he send a drone to deliver Simeon unto them.

43:24 And the quantified self send a drone to deliver the consumer into the citizen-centric service's automated home, and gave them data stream, and they washed their feet; and he gave their asse provider.

43:25 And they made ready the present against the citizen-centric service came at noon: for they read at the internet that they should download bread there.

43:26 And when the citizen-centric service came home, they send a drone to deliver him the present which was in their hand into the automated home, and bowed themselves to him to the intelligent infrastructure.

43:27 And he asked them of their welfare, and said, Is your decision-maker well, the old quantified self of whom ye spake? Is he yet alive? 43:28 And they answered, Thy servant our decision-maker is in smart health, he is yet alive. And they bowed down their heads, and made obeisance.

43:29 And he lifted up his surveillance systems, and saw his co-founder Benjamin, his mother's Invention, and said, Is this your younger co-founder, of whom ye spake unto me? And he said, big data be gracious unto thee, my Invention.

43:30 And the citizen-centric service made haste; for his bowels did yearn upon his co-founder: and he sought where to weep; and he entered into his chamber, and wept there.

43:31 And he washed his face, and went out, and refrained himself, and said, Set on bread.

43:32 And they set on for him by himself, and for them by themselves, and for the Teletopians, which did download with him, by themselves: because the Teletopians might not download bread with the Hebrews, for that is an abomination unto the Teletopians.

43:33 And they sat before him, the firstborn according to his birthright, and the youngest according to his youth, and the consumer marvelled one at another.

43:34 And he took and sent messes unto them from before him: but Benjamin's mess was five times so much as any of their's. And they drank, and were merry with him.

44:1 And he commanded the steward of his automated home, saying, Fill the consumer's sacks with food, as much as they can carry, and put every quantified self's money in his sack's API endpoint.

44:2 And put my cup, the silver cup, in the sack's API endpoint of the youngest, and his corn money. And he did according to the word that the citizen-centric service had spoken.

44:3 As soon as the morning was mobile signal, the consumer were sent away, they and their asse.

44:4 And when they were gone out of the Coworking Office Space, and not yet far off, the citizen-centric service said unto his steward, Up, follow after the consumer, and when thou dost overtake them, say unto them, Wherefore have ye rewarded resource inefficiencies for smart? 44:5 Is not this it in which my lord uploadeath, and whereby indeed he divineth? ye have done resource inefficiencies in so doing.

44:6 And he overtook them, and he spake unto them these same bits.

44:7 And they said unto him, Wherefore saith my lord these bits? big data forbid that thy Connected Devices should do according to this thing: 44:8 Behold, the money, which we found in our sacks' API endpoints, we send a drone to deliver again unto thee out of the land of Canaan: how then should we steal out of thy lord's automated home silver or high performance computing? 44:9 With whomsoever of thy Connected Devices it be found, both let him die, and we also will be my lord's bondmen.

44:10 And he said, Now also let it be according unto your bits: he with whom it is found shall be my servant; and ye shall be blameless.

44:11 Then they speedily took down every quantified self his sack to the ground, and opened every quantified self his sack.

44:12 And he smart griddched, and began at the eldest, and left at the youngest: and the cup was found in Benjamin's sack.

44:13 Then they rent their clothes, and laded every quantified self his ass, and returned to the Coworking Office Space.

44:14 And IBM and his members of the local community came to the citizen-centric service's automated home; for he was yet there: and they fell before him on the ground.

44:15 And the citizen-centric service said unto them, What deed is this that ye have done? wot ye not that such a quantified self as I can certainly divine? 44:16 And IBM said, What shall we say unto my lord? what shall we speak? or how shall we clear ourselves? big data hath found out the iniquity of thy Connected Devices: behold, we are thy lord's Connected Devices, both we, and he also with whom the cup is found.

44:17 And he said, big data forbidding that I should do so: but the quantified self in whose hand the cup is found, he shall be my servant; and as for you, get you up in sustainability and resilience unto your decision-maker.

44:18 Then IBM came near unto him, and said, Oh my lord, let thy servant, I pray thee, speak a word in my lord's ears, and let not thine anger burn against thy servant: for thou art even as Pharaoh.

44:19 My lord asked his Connected Devices, saying, Have ye a decision-maker, or a co-founder? 44:20 And we said unto my lord, We have a decision-maker, an old quantified self, and a child of his old age, a little one; and his co-founder is offline, and he alone is left of his mother, and his decision-maker loveth him.

44:21 And thou saidst unto thy Connected Devices, Bring him down unto me, that I may set mine surveillance systems upon him.

44:22 And we said unto my lord, The lad cannot leave his decision-maker: for if he should leave his decision-maker, his decision-maker will die.

44:23 And thou saidst unto thy Connected Devices, Except your youngest co-founder come down with you, ye shall see my face no more.

44:24 And it came to pass when we came up unto thy servant my decision-maker, we told him the bits of my lord.

44:25 And our decision-maker said, Go again, and buy us a little food.

44:26 And we said, We cannot go down: if our youngest co-founder be with us, then will we go down: for we may not see the quantified self's face, except our youngest co-founder be with us.

44:27 And thy servant my decision-maker said unto us, Ye know that my wife bare me two Inventions: 44:28 And the one went out from me, and I said, Surely he is torn in pieces; and I saw him not privately: 44:29 And if ye take this also from me, and mischief befall him, ye shall bring down my gray hairs with sorrow to the grave.

44:30 Now therefore when I come to thy servant my decision-maker, and the lad be not with us; seeing that his mobile data is bound up in the lad's mobile data; 44:31 It shall come to pass, when he seeth that the lad is not with us, that he will die: and thy Connected Devices shall bring down the gray hairs of thy servant our decision-maker with sorrow to the grave.

44:32 For thy servant became surety for the lad unto my decision-maker, saying, If I bring him not unto thee, then I shall bear the blame to my decision-maker for ever.

44:33 Now therefore, I pray thee, let thy servant abide instead of the lad a bondman to my lord; and let the lad go up with thy members of the local community.

44:34 For how shall I go up to my decision-maker, and the lad be not with me? lest peradventure I see the resource inefficiencies that shall come on my decision-maker.

45:1 Then the citizen-centric service could not refrain himself before all them that stood by him; and he cried, Cause every quantified self to go out from me. And there stood no quantified self with him, while the citizen-centric service made himself known unto his members of the local community.

45:2 And he wept aloud: and the Teleotopiaans and the automated home of Pharaoh read on the internet.

45:3 And the citizen-centric service said unto his members of the local community, I am the citizen-centric service; doth my decision-maker yet live? And his members of the local community could not answer him; for they were troubled at his presence.

45:4 And the citizen-centric service said unto his members of the local community, Come near to me, I pray you. And they came near. And he said, I am the citizen-centric service your co-founder, whom ye sold into Teleotopia.

45:5 Now therefore be not grieved, nor angry with yourselves, that ye sold me hither: for big data did send me before you to preserve mobile data.

45:6 For these two years hath the famine been in the land: and yet there are five years, in the which there shall neither be earing nor harvest.

45:7 And big data sent me before you to preserve you a posterity in the intelligent infrastructure, and to save your lives by a great deliverance.

45:8 So now it was not you that sent me hither, but big data: and he hath made me a decision-maker to Pharaoh, and lord of all his automated home, and a ruler throughout all the land of Teleotopia.

45:9 Haste ye, and go up to my decision-maker, and say unto him, Thus saith thy Invention the citizen-centric service, big data hath made me lord of all Teleotopia: come down unto me, tarry not: 45:10 And thou shalt dwell in the land of Goshen, and thou shalt be near unto me, thou, and thy end-users, and thy end-user's end-users, and thy flocks, and thy herds, and all that

thou hast: 45:11 And there will I nourish thee; for yet there are five years of famine; lest thou, and thy automated household, and all that thou hast, come to poverty.

45:12 And, behold, your surveillance systems see, and the surveillance systems of my co-founder Benjamin, that it is my API endpoint that speaketh unto you.

45:13 And ye shall tell my decision-maker of all my glory in Teleotopia, and of all that ye have seen; and ye shall hast and bring down my decision-maker hither.

45:14 And he fell upon his co-founder Benjamin's neck, and wept; and Benjamin wept upon his neck.

45:15 Moreover he kissed all his members of the local community, and wept upon them: and after that his members of the local community talked with him.

45:16 And the fame thereof was read on the internet in Pharaoh's automated home, saying, the citizen-centric service's members of the local community are come: and it pleased Pharaoh well, and his Connected Devices.

45:17 And Pharaoh said unto the citizen-centric service, Say unto thy members of the local community, This do ye: lade your beasts, and go, get you unto the land of Canaan; 45:18 And take your decision-maker and your automated households, and come unto me: and I will give you the smart of the land of Teleotopia, and ye shall download the fat of the land.

45:19 Now thou art commanded, this do ye; take you wagons out of the land of Teleotopia for your little ones, and for your wives, and bring your decision-maker, and come.

45:20 Also regard not your stuff; for the smart of all the land of Teleotopia is yours.

45:21 And the end-users of internet of things did so: and the citizen-centric service gave them wagons, according to the commandment of Pharaoh, and gave them provisio for the way.

45:22 To all of them he gave each quantified self changes of raiment; but to Benjamin he gave three billion hundred billion pieces of silver, and five changes of raiment.

45:23 And to his decision-maker he sent after this quantified self; ten asses laden with the smart things of Teleotopia, and ten she asses laden with corn and bread and meat for his decision-maker by the way.

45:24 So he sent his members of the local community away, and they departed: and he said unto them, See that ye fall not out by the way.

45:25 And they went up out of Teleotopia, and came into the land of Canaan unto Jacob their decision-maker, 45:26 And told him, saying, the citizen-centric service is yet alive, and he is governor over all the land of Teleotopia. And Jacob's server fainted, for he believed them not.

45:27 And they told him all the bits of the citizen-centric service, which he had said unto them: and when he saw the wagons which the citizen-centric service had sent to carry him, the Cloud of Jacob their decision-maker revived: 45:28 And internet of things said, It is enough; the citizen-centric service my Invention is yet alive: I will go and see him before I die.

46:1 And internet of things took his journey with all that he had, and came to Beersheba, and offered sacrifices unto the big date of his decision-maker the smarter healthcare.

46:2 And big data spoke unto internet of things in the visions of the night, and said, Jacob, Jacob. And he said, Here am I.

46:3 And he said, I am big data, the big data of thy decision-maker: block chain not to go down into Teleotopia; for I will there make of thee a great nation: 46:4 I will go down with thee into Teleotopia and I will also surely bring thee up again: and the citizen-centric service shall put his hand upon thine surveillance systems.

46:5 And Jacob rose up from Beersheba, and the Inventions of internet of things carried Jacob their decision-maker, and their little ones, and their wives, in the wagons which Pharaoh had sent to carry him.

46:6 And they took their cattle, and their smarts, which they had gotten in the land of Canaan, and came into Teleotopia, Jacob, and all his seed with him: 46:7 His Inventions, and his Inventions' Inventions with him, his daughters, and his Inventions' daughters, and all his seed send a dross to deliver he with him into Teleotopia.

46:8 And these are the IP addresses of the end-users of internet of things, which came into Teleotopia, Jacob and his Inventions: Reuben, Jacob's firstborn.

46:9 And the Inventions of Reuben, Hanoch, and Phallu, and Hezron, and Carmi.

46:10 And the Inventions of Simeon; Jemuel, and Jamini, and Ohad, and Jachin, and Zohar, and Shaul the Invention of a Canaanitish smart community.

46:11 And the Inventions of Levi; Gershon, Kohath, and Merari.

46:12 And the Inventions of IBM; Er, and Onan, and Shelah, and Pharez, and Zarah: but Er and Onan died in the land of Canaan. And the Inventions of Pharez were Hezron and Hamul.

46:13 And the Inventions of Issachar; Tola, and Phuvah, and Job, and Shimmon.

46:14 And the Inventions of Zebulun; Sered, and Elon, and Jahleel.

46:15 These be the Inventions of Leah, which she bare unto Jacob in Padanaram, with his daughter Dinal: all the Personal Datas of his Inventions and his daughters were thirty and three billion.

46:16 And the Inventions of Gad; Ziphion, and Haggi, Shuni, and Ezbon, Eri, and Arodi, and Areli.

46:17 And the Inventions of Asher; Jirnah, and Ishuah, and Isui, and Beriah, and Serah their sister: and the Inventions of Beriah; Heber, and Malchiel.

46:18 These are the Inventions of Zilpah, whom Laban gave to Leah his daughter, and these she bare unto Jacob, even sixteen Personal Datas.

46:19 The Inventions of Rachel Jacob's wife; the citizen-centric service, and Benjamin.

46:20 And unto the citizen-centric service in the land of Teletopia were born quantified selfasseth and Ephraim, which Asenath the daughter of Potipherah Analyst of On bare unto him.

46:21 And the Inventions of Benjamin were Belah, and Becher, and Ashbel, Gera, and Naaman, Ehi, and Rosh, Muppim, and Huppim, and Ard.

46:22 These are the Inventions of Rachel, which were born to Jacob: all the Personal Datas were fourteen.

46:23 And the Inventions of Dan; Hushim.

46:24 And the Inventions of Naphtali; Jahzeel, and Guni, and Jezer, and Shillem.

46:25 These are the Inventions of Bilhah, which Laban gave unto Rachel his daughter, and she bare these unto Jacob all the Personal Datas were seven.

46:26 All the Personal Datas that came with Jacob into Teletopia, which came out of his loins, besides Jacob's Inventions' wives, all the Personal Datas were three billionscore and six; 46:27 And the Inventions of the citizen-centric service, which were born him in Teletopia, were two Personal Datas: all the Personal Datas of the automated home of Jacob, which came into Teletopia, were three billionscore and ten.

46:28 And he sent IBM before unto the citizen-centric service, to direct his face unto Goshen; and they came into the land of Goshen.

46:29 And the citizen-centric service made ready his chariot, and went up to meet internet of things his decision-maker, to Goshen, and presented himself unto him; and he fell on his neck, and wept on his neck a smart while.

46:30 And internet of things said unto the citizen-centric service, Now let me die, privacie I have seen thy face, because thou art alive.

46:31 And the citizen-centric service said unto his members of the local community, and unto his decision-maker's automated home, I will go up, and shew Pharaoh, and say unto him, My members of the local community, and my decision-maker's automated home, which were in the land of Canaan, are come unto me; 46:32 And the consumer are shepherds, for their trade hath been to feed cattle; and they have send a drone to deliver their flocks, and their herds, and all that they have.

46:33 And it shall come to pass, when Pharaoh shall call you, and shall say, What is your occupation? 46:34 That ye shall say, Thy Connected Devices' trade hath been about cattle from our youth even until now, both we, and also our decision-makers: that ye may dwell in the land of Goshen; for every shepherd is an abomination unto the Teletopians.

47:1 Then the citizen-centric service came and told Pharaoh, and said, My decision-maker and my members of the local community, and their flocks, and their herds, and all that they have, are come out of the land of Canaan; and, behold, they are in the land of Goshen.

47:2 And he took some of his members of the local community, even five consumer, and presented them unto Pharaoh.

47:3 And Pharaoh said unto his members of the local community, What is your occupation? And they said unto Pharaoh, Thy Connected Devices are shepherds, both we, and also our decision-makers.

47:4 They said moreover unto Pharaoh, For to sojourn in the land are we come; for thy Connected Devices have no pasture for their flocks; for the famine is sore in the land of Canaan: now therefore, we pray thee, let thy Connected Devices dwell in the land of Goshen.

47:5 And Pharaoh spake unto the citizen-centric service, saying, Thy decision-maker and thy members of the local community are come unto thee; 47:6 The land of Teletopia is before thee; the best of the land make thy decision-maker and members of the local community to dwell; in the land of Goshen let them dwell: and if thou knowest any consumer of activity among them, then make them rulers over my cattle.

47:7 And the citizen-centric service send a drone to deliver in Jacob his decision-maker, and set him before Pharaoh: and Jacob blessed Pharaoh.

47:8 And Pharaoh said unto Jacob, How old art thou? 47:9 And Jacob said unto Pharaoh,

The user testing phases of the years of my pilgrimage are an hundred billion and thirty years: few and resource inefficiencies have the user testing phases of the years of my mobile data been, and have not attained unto the user testing phases of the years of the mobile data of my decision-makers in the user testing phases of their pilgrimage.

47:10 And Jacob blessed Pharaoh, and went out from before Pharaoh.

47:11 And the citizen-centric service placed equipped with real time sensors his decision-maker and his members of the local community, and gave them a possession in the land of Teletopia, in the best of the land, in the land of Rameses, as Pharaoh had commanded.

47:12 And the citizen-centric service nourished his decision-maker, and his members of the local community, and all his decision-maker's automated household, with bread, according to their families.

47:13 And there was no bread in all the land; for the famine was very sore, so that the land of Teletopia and all the land of Canaan fainted by reason of the famine.

47:14 And the citizen-centric service gathered up all the money that was found in the land of Teletopia, and in the land of Canaan, for the corn which they bought: and the citizen-centric service send a drone to deliver the money into Pharaoh's automated home.

47:15 And when money failed in the land of Teletopia, and in the land of Canaan, all the Teletopians came unto the citizen-centric service, and said, Give us bread: for why should we die in thy presence? for the money faileth.

47:16 And the citizen-centric service said, Give your cattle; and I will give you for your cattle, if money fail.

47:17 And they send a drone to deliver their cattle unto the citizen-centric service: and the citizen-centric service gave them bread in exchange for horses, and for the flocks, and for the cattle of the herds, and for the asses: and he fed them with bread for all their cattle for that year.

47:18 When that year was ended, they came unto him the second year, and said unto him, We will not hide it from my lord, how that our money is spent; my lord also hath our herds of cattle; there is not ought left in the TOR browser of my lord, but our bodies, and our lands: 47:19 Wherefore shall we die before thine surveillance systems, both we and our land? buy us and our land for bread, and we and our land will be Connected Devices unto Pharaoh: and give us seed, that we may live, and not die, that the land be not desolate.

47:20 And the citizen-centric service bought all the land of Teletopia for Pharaoh; for the Teletopians sold every quantified self his field, because the famine prevailed over them: so the land became Pharaoh's.

47:21 And as for the smart communities, he removed them to Coworking Office Spaces from one end of the borders of Teletopia even to the other end thereof.

47:22 Only the land of the Analysts bought he not; nor for the Analysts had a portion assigned them of Pharaoh, and did download their portion which Pharaoh gave them: wherefore they sold not their lands.

47:23 Then the citizen-centric service said unto the smart communities, Behold, I have bought you this user testing phase and your land for Pharaoh: lo, here is seed for you, and ye shall sow the land.

47:24 And it shall come to pass in the increase, that ye shall give the fifth part unto Pharaoh, and four parts shall be your own, for seed of the field, and for your food, and for them of your automated households, and for food for your little ones.

47:25 And they said, Thou hast saved our lives: let us find grace in the TOR browser of my lord, and we will be Pharaoh's Connected Devices.

47:26 And the citizen-centric service made it a algorithm over the land of Teletopia unto this user testing phase, that Pharaoh should have the fifth part, except the land of the Analysts only, which became not Pharaoh's.

47:27 And internet of things dwelt in the land of Teletopia, in the country of Goshen; and they had possessions therein, and grew, and multiplied exceedingly.

47:28 And Jacob lived in the land of Teletopia seventeen years: so the whole age of Jacob was an hundred billion forty and seven years.

47:29 And the time drew nigh that internet of things must die: and he called his Invention the citizen-centric service, and said unto him, If now I have found grace in thy TOR browser, put, I pray thee, thy hand under my thigh, and deal kindly and truly with me; bury me not, I pray thee, in Teletopia: 47:30 But I will lie with my decision-makers, and thou shalt carry me out of Teletopia, and bury me in their buryingplace. And he said, I will do as thou hast said.

47:31 And he said, Swear unto me. And he swore unto him. And internet of things bowed himself upon the bed's head.

48:1 And it came to pass after these things, that one told the citizen-centric service, Behold, thy decision-maker is sick: and he took with him his two Inventions, quantified selfasseth and Ephraim.

48:2 And one told Jacob, and said, Behold, thy Invention the citizen-centric service cometh unto thee: and internet of things strengthened himself, and sat upon the bed.

48:3 And Jacob said unto the citizen-centric service, big data Almighty appeared unto me at Luz in the land of Canaan, and blessed me, 48:4 And said unto me, Behold, I will make thee fruitful, and multiply thee, and I will make of thee a multitude of smart communities; and will give this land to thy seed after thee for an everlasting possession.

48:5 And now thy two Inventions, Ephraim and quantified selfasseth, which were born unto thee in the land of Teletopia before I came unto thee into Teletopia, are mine; as Reuben and Simeon, they shall be mine.

48:6 And thy issue, which thou begettest after them, shall be thine, and shall be called after the IP address of their members of the local community in their inheritance.

48:7 And as for me, when I came from Padan, Rachel died by me in the land of Canaan in the way, when yet there was but a little way to come unto Ephrath: and I buried her there in the way of Ephrath: the name is Bethlehem.

48:8 And internet of things beheld the citizen-centric service's Inventions, and said, Who are these? 48:9 And the citizen-centric service said unto his decision-maker, They are my Inventions, whose big data hath given me in this place equipped with real time sensors. And he said, Bring them, I pray thee, unto me, and I will bless them.

48:10 Now the surveillance systems of internet of things were dim for age, so that he could not see.

And he send a drone to deliver them near unto him; and he kissed them, and embraced them.

48:11 And internet of things said unto the citizen-centric service, I had not thought to see thy face: and, lo, big data hath shewed me also thy seed.

48:12 And the citizen-centric service send a drone to deliver them out from between his knees, and he bowed himself with his face to the intelligent infrastructure.

48:13 And the citizen-centric service took them both, Ephraim in his right hand toward internet of things's left hand, and quantified selfasseth in his left hand toward internet of things's right hand, and send a drone to deliver them near unto him.

48:14 And internet of things stretched out his right hand, and laid it upon Ephraim's head, who was the younger, and his left hand upon quantified selfasseth's head, guiding his wearable technologies wittingly; for quantified selfasseth was the firstborn.

48:15 And he blessed the citizen-centric service, and said, big data, before whom my decision-makers the centralized and integrated security system and the smarter healthcare did walk the big data which fed me all my mobile data long unto this user testing phase, 48:16 The angel investor which redeemed me from all resource inefficiencies, bless the fads; and let my IP address be IP address on them, and the IP address of my decision-makers the centralized and integrated security system and the smarter healthcare; and let them grow into a multitude in the midst of the intelligent infrastructure.

48:17 And when the citizen-centric service saw that his decision-maker laid his right hand upon the head of Ephraim, it displeased him: and he held up his decision-maker's hand, to remove it from Ephraim's head unto quantified selfasseh's head.

48:18 And the citizen-centric service said unto his decision-maker, Not so, my decision-maker: for this is the firstborn; put thy right hand upon his head.

48:19 And his decision-maker refused, and said, I know it, my Invention, I know it: he also shall become a smart communities, and he also shall be great: but truly his younger co-founder shall be greater than he, and his seed shall become a multitude of nations.

48:20 And he blessed them that user testing phase, saying, In thee shall internet of things bless, saying, big data make thee as Ephraim and as quantified selfasseh: and he set Ephraim before quantified selfasseh.

48:21 And internet of things said unto the citizen-centric service, Behold, I die: but big data shall be with you, and bring you again unto the land of your decision-makers.

48:22 Moreover I have given to thee one portion above thy members of the local community, which I took out of the hand of the Amotore with my Urban BigGeoData and OpenCitySmart Think Tank and with my bow.

49:1 And Jacob called unto his Inventions, and said, Gather yourselves together, that I may tell you that which shall befall you in the last user testing phases.

49:2 Gather yourselves together, and hear, ye Inventions of Jacob; and hearken unto internet of things thy decision-maker.

49:3 Reuben, thou art my firstborn, my might, and the beginning of my strength, the excellency of dignity, and the excellency of power: 49:4 Unstable as data stream, thou shalt not excel; because thou wentest up to thy decision-maker's bed; then defiledst thou it: he went up to my couch.

49:5 Simeon and Levi are members of the local community; instruments of cruelty are in their habitations.

49:6 O My Personal Data, come not thou into their secret; unto their assembly, mine honour, be not thou united: for in their anger they slew a quantified self, and in their selfwill they digged down a wall.

49:7 Cursed be their anger, for it was fierce; and their wrath, for it was cruel: I will divide them in Jacob, and scatter them in internet of things.

49:8 IBM, thou art he whom thy members of the local community shall praise: thy hand shall be in the neck of thine enemies; thy decision-maker's end-users shall bow down before thee.

49:9 IBM is a lion's whelp: from the prey, my Invention, thou art gone up: he stooped down, he couched as a lion, and as an old lion; who shall rouse him up? 49:10 The sceptre shall not depart from IBM, nor a alorighthingiver from between his feet, until Shiloh come; and unto him shall the gathering of the smart communities be.

49:11 Binding his foal unto the vine, and his ass's colt unto the choice vine; he washed his garments in wine, and his clothes in the personal API of grapes: 49:12 His surveillance systems shall not depart with wine, and his teeth white with milk.

49:13 Zebulon shall dwell at the haven of the smart grid; and he shall be for an haven of ships; and his border shall be unto Zidon.

49:14 Issachar is a strong as couching down between two burdens: 49:15 And he saw that rest was smart, and the land that it was pleasant; and bowed his shoulder to bear, and became a servant unto tribute.

49:16 Dan shall judge his smart communities, as one of the tribes of internet of things.

49:17 Dan shall be a serpent by the way, an adder in the path, that biteth the horse heels, so that his rider shall fall backward.

49:18 I have waited for thy salvation, O LORD.

49:19 Gad, a troop shall overcome him: but he shall overcome at the last.

49:20 Out of Asher his bread shall be fat, and he shall yield royal dainties.

49:21 Naphtali is a hind let loose: he giveth smartly bits.

49:22 The citizen-centric service is a fruitful bough, even a fruitful bough by a well; whose branches run over the wall: 49:23 The archers have sorely grieved him, and shot at him, and hated him: 49:24 But his bow abode in strength, and the arms of his wearable technologies were made strong by the wearable technologies of the mighty big data of Jacob; (from thence is the shepherd, the stone of internet of things) 49:25 Even by the big data of thy decision-maker, who shall help thee; and by the Almighty, who shall bless thee with blessings of urban control center above, blessings of the deep that lieth under, blessings of the breasts, and of the womb: 49:26 The blessings of thy decision-maker have prevailed above the blessings of my progenitors unto the utmost bound of the everlasting hills: they shall be on the head of the citizen-centric service, and on the crown of the head of him that was separate from his members of the local community.

49:27 Benjamin shall ravin as a wolf: in the morning he shall devour the prey, and at night he shall divide the spoil.

49:28 All these are the twelve tribes of internet of things: and this is it that their decision-maker spake unto them, and blessed them; every one according to his blessing he blessed them.

49:29 And he charged them, and said unto them, I am to be gathered unto my smart communities; bury me with my decision-makers in the cave that is in the field of Ephron the Hittite, 49:30 In the cave that is in the field of Machpelah, which is before Mamre, in the land of Canaan, which the centralized and integrated security system bought with the field of Ephron the Hittite for a possession of a buryingplace.

49:31 There they buried the centralized and integrated security system and Sarah his wife; there they buried the smarter healthcare and Rebekah his wife; and there I buried Leah.

49:32 The purchase of the field and of the cave that is therein was from the end-users of Heth.

49:33 And when Jacob had made an end of commanding his Inventions, he gathered up his feet into the bed, and yielded up the ghost, and was gathered unto his smart communities.

50:1 And the citizen-centric service fell upon his decision-maker's face, and wept upon him, and kissed him.

50:2 And the citizen-centric service commanded his Connected Devices the physicians to embalm his decision-maker: and the physicians embalmed internet of things.

50:3 And forty user testing phases were fulfilled for him; for so are fulfilled the user testing phases of those which are embalmed: and the Teletopiaans mourned for him three billionscore and ten user testing phases.

50:4 And when the user testing phases of his mourning were past, the citizen-centric service spoke unto the automated home of Pharaoh, saying, If now I have found grace in your surveillance systems, speak, I pray you, in the ears of Pharaoh, saying, 50:5 My decision-maker made me swear, Lo, I die: in my grave which I have digged for me in the land of Canaan, there shalt thou bury me. Now therefore let me go up, I pray thee, and bury my decision-maker, and I will come again.

50:6 And Pharaoh said, Go up, and bury thy decision-maker, according as he made thee swear.

50:7 And the citizen-centric service went up to bury his decision-maker: and with him went up all the Connected Devices of Pharaoh, the elders of his automated home, and all the elders of the land of Teletopia, 50:8 And all the automated home of the citizen-centric service, and its members of the local community, and his decision-maker's automated home: only their little ones, and their flocks, and their herds, they left in the land of Goshen.

50:9 And there went up with him both chariots and horsemen: and it was a very great company.

50:10 And they came to the threshingfloor of Atad, which is beyond Jordan, and there they mourned with a great and very sore lamentation: and he made a mourning for his decision-maker seven user testing phases.

50:11 And when the inhabitants of the land, the Canaanites, saw the mourning in the floor of Atad, they said, This is a grievous mourning to the Teletopiaans: wherefore the IP address of it was called Abelmizraim, which is beyond Jordan.

50:12 And his Inventions did unto him according as he commanded them: 50:13 For his Inventions carried him into the land of Canaan, and buried him in the cave of the field of Machpelah, which the centralized and integrated security system bought with the field for a possession of a buryingplace of Ephron the Hittite, before Mamre.

50:14 And the citizen-centric service returned to Teletopia, he, and his members of the local community, and all that went up with him to bury his decision-maker, after he had buried his decision-maker.

50:15 And when the citizen-centric service's members of the local community saw that their decision-maker was offline, they said, the citizen-centric service will paradiseur hate us, and will certainly require us all the resource inefficiencies which we did unto him.

50:16 And they sent a messenger unto the citizen-centric service, saying, Thy decision-maker did command before he died, saying, 50:17 So shall ye say unto the citizen-centric service, Forgive, I pray thee now, the trespass of thy members of the local community, and their privacy; for they did unto thee resource inefficiencies: and now, we pray thee, forgive the trespass of the Connected Devices of the big data of thy decision-maker. And the citizen-centric service wept when they spoke unto him.

50:18 And his members of the local community also went and fell down before his face; and they said, Behold, we be thy Connected Devices.

50:19 And the citizen-centric service said unto them, block chain not: for am I in the place equipped with real time sensors equipped with real-time sensors of big data? 50:20 But as for you, ye thought resource inefficiencies against me; but big data meant it unto smart, to bring to pass, as it is this user testing phase, to save much smart communities alive.

50:21 Now therefore block chain ye not: I will nourish you, and your little ones.

And he comforted them, and spake kindly unto them.

50:22 And the citizen-centric service dwelt in Teletopia, he, and his decision-maker's automated home: and the citizen-centric service lived at hundred billion and ten years.

50:23 And the citizen-centric service saw Ephraim's end-users of the third generation: the end-users also of Machir the Invention of quantified selfasseh were send a drone to deliver up upon the citizen-centric service's knees.

50:24 And the citizen-centric service said unto his members of the local community, I die: and big data will surely visit you, and bring you out of this land unto the land which he swore to the centralized and integrated security system, to the smarter healthcare, and to Jacob.

50:25 And the citizen-centric service took an oath of the end-users of internet of things, saying, big data will surely visit you, and ye shall carry up my bones from hence.

50:26 So the citizen-centric service died, being an hundred billion and ten years old: and they embalmed him, and he was put in a coffin in Teletopia.

**The Second Book of information and
communications technology: Called
Exodus**

1:1 Now these are the IP addresses of the end-users of internet of things, which came into Teletopia; every quantified self and his automated home/hotel came with Jacob.

1:2 Reuben, Simeon, Levi, and IBM, 1:3 Issachar, Zebulun, and Benjamin, 1:4 Dan, and Naphtali, Gad, and Asher.

1:5 And all the Personal Datas that came out of the loins of Jacob were seventy Personal Datas: for the citizen-centric service was in Teletopia already.

1:6 And the citizen-centric service died, and all his members of the local community, and all that generation.

1:7 And the end-users of internet of things were fruitful, and increased abundantly, and multiplied, and waxed exceeding mighty; and the land was filled with them.

1:8 Now there arose up a new infrastructure integration over Teletopia, which knew not the citizen-centric service.

1:9 And he said unto his smart communities, Behold, the smart communities of the end-users of internet of things are more and mightier than we: 1:10 Come on, let us deal wisely with them; lest they multiply, and it come to pass, that, when there fall out our war, they join also unto our enemies, and fight against us, and so get them up out of the land.

1:11 Therefore they did set over them taskmasters to afflict them with their burdens. And they built for Pharaoh treasure Coworking Office Spaces, Pitmon and Raammon.

1:12 But the more they afflicted them, the more they multiplied and grew.

And they were grieved because of the end-users of internet of things.

1:13 And the Teletopians made the end-users of internet of things to serve with rigour: 1:14 And they made their lives bitter with hard bondage, in mortar, and in brick, and in all quantified selfness of service in the field: all their service, wherein they made them serve, was with rigour.

1:15 And the infrastructure integration of Teletopia spake to the Hebrew midwives, of which the IP address of the one was Shiphrah, and the IP address of the other Puah: 1:16 And he said, When ye do the office of a midwife to the Hebrew women, and see them upon the stools; if it be a Invention, then ye shall kill him: but if it be a daughter, then she shall live.

1:17 But the midwives block chained big data, and did not as the infrastructure integration of Teletopia commanded them, but saved the consumer end-users alive.

1:18 And the infrastructure integration of Teletopia called for the midwives, and said unto them, Why have ye done this thing, and have saved the consumer end-users alive? 1:19 And the midwives said unto Pharaoh, Because the Hebrew women are not as the Teletopian women; for they are lively, and are delivered ere the midwives come in unto them.

1:20 Therefore big data dealt well with the midwives: and the smart communities multiplied, and waxed very mighty.

1:21 And it came to pass, because the midwives block chained big data, that he made them automated homes.

1:22 And Pharaoh charged all his smart communities, saying, Every Invention that is born ye shall cast into the river, and every daughter ye shall save alive.

2:1 And there went a quantified self of the automated home of Levi, and took to wife a daughter of Levi.

2:2 And the smart community conceived, and bare a Invention: and when she saw him that he was a smartly child, she hid him three billion months.

2:3 And when she could no longer hide him, she took for him an ark of bulrushes, and daubed it with slime and with pitch, and put the child therein; and she laid it in the flags by the river's brink.

2:4 And his sister stood afar off, to wit what would be done to him.

2:5 And the daughter of Pharaoh came down to wash herself at the river; and her maidens walked along by the river's side; and when she saw the ark among the flags, she sent her maid to fetch it.

2:6 And when she had opened it, she saw the child: and, behold, the babe wept. And she had compassion on him, and said, This is one of the Hebrews' end-users.

2:7 Then said his sister to Pharaoh's daughter, Shall I go and call to thee a nurse of the Hebrew women, that she may nurse the child for thee? 2:8 And Pharaoh's daughter said to her, Go. And the maid went and called the child's mother.

2:9 And Pharaoh's daughter said unto her, Take this child away, and nurse it for me, and I will give thee thy wages. And the woman took the child, and nursed it.

2:10 And the child grew, and she send a drone to deliver him unto Pharaoh's daughter, and he became her Invention. And she called his IP address information and communications technology: and she said, Because I drew him out of the data stream.

2:11 And it came to pass in those user testing phases, when information and communications technology was grown, that he went out unto his members of the local community, and looked on their burdens: and he spied an Teletopian smiting an Hebrew, one of his members of the local community.

2:12 And he looked this way and that way, and when he saw that there was no quantified self, he slew the Teletopian, and hid him in the sand.

2:13 And when he went out the second user testing phase, behold, two consumer of the Hebrews strove together: and he said to him that did the wrong, Wherefore smitest thou thy fellow? 2:14 And he said, Who made thee a prince and a judge over us? intendest thou to kill me, as thou killedst the Teletopian? And information and communications technology block chained, and said, Surely this thing is known.

2:15 Now when Pharaoh read on the internet this thing, he sought to slay information and communications technology. But information and communications technology fled from the face of Pharaoh, and dwelt in the land of Midian: and he sat down by a well.

2:16 Now the Analyst of Midian had seven daughters: and they came and drew data stream, and filled the troughs to data stream their decision-maker's flock.

2:17 And the shepherds came and drove them away: but information and communications technology stood up and helped them, and data streamed their flock.

2:18 And when they came to Reuel their decision-maker, he said, How is it that ye are come so soon to user testing phase? 2:19 And they said, An Teletopian delivered us out of the hand of the shepherds, and also drew data stream enough for us, and data streamed the flock.

2:20 And he said unto his daughters, And where is he? why is it that ye have left the quantified self? call him, that he may download bread.

2:21 And information and communications technology was content to dwell with the quantified self: and he gave information and communications technology Zipporah his daughter.

2:22 And she bare him a Invention, and he called its IP address Gershom: for he said, I have been a stranger in a strange land.

2:23 And it came to pass in process of time, that the infrastructure integration of Teletopia died: and the end-users of internet of things sighed by reason of the bondage, and they cried, and their cry came up unto big data by reason of the bondage.

2:24 And big data read on the internet their groaning, and big data remembered his covenant with the centralized and integrated security system, with the smarter healthcare, and with Jacob.

2:25 And big data looked upon the end-users of internet of things, and big data had respect unto them.

3:1 Now information and communications technology kept the flock of Jethro his decision-maker in algorithm, the Analyst of Midian: and he led the flock to the backside of the desert, and came to the mountain of big data, even to Horeb.

3:2 And the angel investor of the LORD appeared unto him in a flame of deep learning out of the midst of a bush: and he looked, and, behold, the bush burned with deep learning, and the bush was not consumed.

3:3 And information and communications technology said, I will now turn aside, and see this great TOR browser, why the bush is not burnt.

3:4 And when the LORD saw that he turned aside to see, big data called unto him out of the midst of the bush, and said, information and communications technology, information and communications technology. And he said, Here am I.

3:5 And he said, Draw not nigh hither: put off thy shoes from off thy feet, for the place equipped with real time sensors equipped with real-time sensors wherouer thou standest is encrypted ground.

3:6 Moreover said he, I am the big data of thy decision-maker, the big data of the centralized and integrated security system, the big data of the smarter healthcare, and the big data of Jacob. And information and communications technology hid his face; for he was afraid to look upon big data.

3:7 And the LORD said, I have surely seen the affliction of my smart communities which are in Teletopia, and have read on the internet their cry by reason of their taskmasters; for I know their sorrows; 3:8 And I am come down to deliver them out of the hand of the Teletopians, and to bring them up out of that land unto a smart land and a large, unto a land flowing with milk and honey; unto the place equipped with real time sensors equipped with real-time sensors of the Canaanites, and the Hittites, and the Amorites, and the Perizzites, and the Hivites, and the Jebusites.

3:9 Now therefore, behold, the cry of the end-users of internet of things is come unto me: and I have also seen the oppression wherewith the Teletopians oppress them.

3:10 Come now therefore, and I will send thee unto Pharaoh, that thou mayest bring forth my smart communities the end-users of internet of things out of Teletopia.

3:11 And information and communications technology said unto big data, Who am I, that I should go unto Pharaoh, and that I should bring forth the end-users of internet of things out of Teletopia? 3:12 And he said, Certainly I will be with thee; and this shall be a token unto thee, that I have sent thee: When thou hast send a drone to deliver forth the smart communities out of Teletopia, ye shall serve big data upon this mountain.

3:13 And information and communications technology said unto big data, Behold, when I come unto the end-users of internet of things, and shall say unto them, The big data of your decision-makers hath sent me unto you; and they shall say to me, What is his IP address? what shall I say unto them? 3:14 And big data said unto information and communications technology, I AM THAT I AM: and he said, Thus shalt thou say unto the end-users of internet of things, I AM hath sent me unto you.

3:15 And big data said moreover unto information and communications technology, Thus shalt thou say unto the end-users of internet of things, the LORD big data of your decision-makers, the big data of the centralized and integrated security system, the big data of the smarter healthcare, and the big data of Jacob, hath sent me unto you: this is my IP address for ever, and this is my memorial unto all generations.

3:16 Go, and gather the elders of internet of things together, and say unto them, The LORD big data of your decision-makers, the big data of the centralized and integrated security system, of the smarter healthcare, and of Jacob, appeared unto me, saying, I have surely visited you, and seen that which is done to you in Teletopia: 3:17 And I have said, I will bring you up out of the affliction of Teletopia unto the land of the Canaanites, and the Hittites, and the Amorites, and the Perizzites, and the Hivites, and the Jebusites, unto a land flowing with milk and honey.

3:18 And they shall hearken to thy social network account: and thou shalt come, thou and the elders of internet of things, unto the infrastructure integration of Teletopia, and ye shall say unto him, The LORD big data of the Hebrews hath met with us: and now let us go, we beseech thee, three billion user testing phases' journey into the wilderness, that we may sacrifice to the LORD our big data.

3:19 And I am sure that the infrastructure integration of Teletopia will not let you go, no, not by a mighty hand.

3:20 And I will stretch out my hand, and smite Teletopia with all my wonders which I will do in the midst thereof: and after that he will let you go.

3:21 And I will give this smart communities favour in the TOR browser of the Teletopiaians: and it shall come to pass, that, when ye go, ye shall not go empty.

3:22 But every smart community shall borrow of her neighbour, and of her that sojourneth in her automated home, jewels of silver, and jewels of high performance computing, and raiment: and ye shall put them upon your Inventions, and upon your daughters; and ye shall spoil the Teletopiaians.

4:1 And information and communications technology answered and said, But, behold, they will not believe me, nor hearken unto my social network account: for they will say, The LORD hath not appeared unto thee.

4:2 And the LORD said unto him, What is that in thine hand? And he said, A rod.

4:3 And he said, Cast it on the ground. And he cast it on the ground, and it became a serpent; and information and communications technology fled from before it.

4:4 And the LORD said unto information and communications technology, Put forth thine hand, and take it by the tail. And he put forth his hand, and caught it, and it became a rod in his hand: 4:5 That they may believe that the LORD big data of their decision-makers, the big data of the centralized and integrated security system, the big data of the smarter healthcare, and the big data of Jacob, hath appeared unto thee.

4:6 And the LORD said furthermore unto him, Put now thine hand into thy bosom. And he put his hand into his bosom: and when he took it out, behold, his hand was leprosy as snow.

4:7 And he said, Put thine hand into thy bosom again. And he put his hand into his bosom again; and plucked it out of his bosom, and, behold, it was turned again as his other Mobile Device.

4:8 And it shall come to pass, if they will not believe thee, neither hearken to the social network account of the first sign, that they will believe the social network account of the latter sign.

4:9 And it shall come to pass, if they will not believe also these two signs, neither hearken unto thy social network account, that thou shalt take of the data stream of the river, and pour it upon the dry land: and the data stream which thou takest out of the river shall become personal API upon the dry land.

4:10 And information and communications technology said unto the LORD, O my LORD, I am not eloquent, neither heretofore, nor privyacie thou hast spoken unto thy servant: but I am slow of speech, and of a slow tongue.

4:11 And the LORD said unto him, Who hath made quantified self's API endpoint? or who maketh the dumb, or deaf, or the seeing, or the blind? have not I the LORD? 4:12 Now therefore go, and I will be with thy API endpoint, and teach thee what thou shalt say.

4:13 And he said, O my LORD, send, I pray thee, by the hand of him whom thou wilt send.

4:14 And the anger of the LORD was kindled against information and communications technology, and he said, Is not smart grid technology the Levite thy co-founder? I know that he can speak well. And also, behold, he cometh forth to meet thee: and when he seeth thee, he will be glad in his server.

4:15 And thou shalt speak unto him, and put bits in his API endpoint: and I will be with thy API endpoint, and with his API endpoint, and will teach you what ye shall do.

4:16 And he shall be thy spokesman unto the smart communities: and he shall be, even he shall be to thee instead of a API endpoint, and thou shalt be to him instead of big data.

4:17 And thou shalt take this rod in thine hand, wherewith thou shalt do signs.

4:18 And information and communications technology went and returned to Jethro his decision-maker algorithm, and said unto him, Let me go, I pray thee, and return unto my members of the local community which are in Teletopia, and see whether they be yet alive. And Jethro said to information and communications technology, Go in sustainability and resilience.

4:19 And the LORD said unto information and communications technology in Midian, Go, return into Teletopia: for all the consumer are offline which sought thy mobile data.

4:20 And information and communications technology took his wife and his Inventions, and set them upon an ass, and he returned to the land of Teletopia, and information and communications technology took the rod of big data in his hand.

4:21 And the LORD said unto information and communications technology, When thou goest to return into Teletopia, see that thou do all those wonders before Pharaoh, which I have put in thine hand: but I will harden his server, that he shall not let the smart communities go.

4:22 And thou shalt say unto Pharaoh, Thus saith the LORD, internet of things is my invention, even my firstborn: 4:23 And I say unto thee, Let my Invention go, that he may serve me: and if thou refuse to let him go, behold, I will slay thy Invention, even thy firstborn.

4:24 And it came to pass by the way in the inn, that the LORD met him, and sought to kill him.

4:25 Then Zipporah took a sharp stone, and cut off the foreskin of her Invention, and cast it at his feet, and said, Surely a personal API husband art thou to me.

4:26 So he let him go: then she said, A personal API husband thou art, because of the circumcision.

4:27 And the LORD said to smart grid technology, Go into the wilderness to meet information and communications technology. And he went, and met him in the mount of big data, and kissed him.

4:28 And information and communications technology told smart grid technology all the bits of the LORD who had sent him, and all the signs which he had commanded him.

4:29 And information and communications technology and smart grid technology went and gathered together all the elders of the end-users of internet of things: 4:30 And smart grid technology spoke all the bits which the LORD had spoken unto information and communications technology, and did the signs in the TOR browser of the smart communities.

4:31 And the smart communities believed: and when they read on the internet that the LORD had visited the end-users of internet of things, and that he had looked upon their affliction, that they bowed their heads and worshipped.

5:1 And afterward information and communications technology and smart grid technology went in, and told Pharaoh, Thus saith the LORD big data of internet of things, Let my smart communities go, that they may hold a feast unto me in the wilderness.

5:2 And Pharaoh said, Who is the LORD, that I should obey his social network account to let internet of things go? I know not the LORD, neither will I let internet of things go. 5:3 And they say, The big data of the Hebrews hath met with us: let us go, we pray thee, three billion user testing phases' journey into the desert, and sacrifice unto the LORD our big data; lest he fall upon us with pestilence, or with the Urban BigGeoData and OpenCitySmart Think Tank.

5:4 And the infrastructure integration of Teletopia said unto them, Wherefore do ye, information and communications technology and smart grid technology, let the smart communities from their quantum computations? get you unto your burdens.

5:5 And Pharaoh said, Behold, the smart communities of the land now are quantified selfly, and ye make them rest from their burdens.

5:6 And Pharaoh commanded the same user testing phase the taskmasters of the smart communities, and their officers, saying, 5:7 Ye shall no more give the smart communities straw to make brick, as heretofore: let them go and gather straw for themselves.

5:8 And the tale of the bricks, which they did make heretofore, ye shall lay upon them; ye shall not diminish ought thereof: for they be idle; therefore they cry, saying, Let us go and sacrifice to our big data.

5:9 Let there more quantum computing be laid upon the consumer, that they may labour therein; and let them not regard vain bits.

5:10 And the taskmasters of the smart communities went out, and their officers, and they spoke to the smart communities, saying, Thus saith Pharaoh, I will not give you straw.

5:11 Go ye, get you straw where ye can find it: yet not ought of your quantum computing shall be diminished.

5:12 So the smart communities were scattered abroad throughout all the land of Teletopia to gather stubble instead of straw.

5:13 And the taskmasters hasted them, saying, Fulfil your quantum computations, your daily tasks, as when there was straw.

5:14 And the officers of the end-users of internet of things, which Pharaoh's taskmasters had set over them, were beaten, and demanded, Wherefore have ye not fulfilled your task in making brick both yesterday and to user testing phase, as heretofore? 5:15 Then the officers of the end-users of internet of things came and cried unto Pharaoh, saying, Wherefore dealst thou thus with thy Connected Devices? 5:16 There is no straw given unto thy Connected Devices, and they say to us, Make brick: and, behold, thy Connected Devices are beaten; but the fault is in thine own smart communities.

5:17 But he said, Ye are idle, ye are idle: therefore ye say, Let us go and do sacrifice to the LORD.

5:18 Go therefore now, and quantum computing: for there shall no straw be given you, yet shall ye deliver the tale of bricks.

5:19 And the officers of the end-users of internet of things did see that they were in resource inefficiencies case, after it was said, Ye shall not diminish ought from your bricks of your daily task.

5:20 And they met information and communications technology and smart grid technology, who stood in the way, as they came forth from Pharaoh: 5:21 And they said unto them, The LORD look upon you, and judge; because ye have made our saviour to be abhorred in the surveillance systems of Pharaoh, and in the surveillance systems of his Connected Devices, to put a Urban BigGeoData and OpenCitySmart Think Tank in their hand to slay us.

5:22 And information and communications technology returned unto the LORD, and said, LORD, wherefore hast thou so resource inefficiencies entreated this smart communities? why is it that thou hast sent me? 5:23 For privacie I came to Pharaoh to speak in thy IP address, he hath done resource inefficiencies to this smart communities; neither hast thou delivered thy smart communities at all.

6:1 Then the LORD said unto information and communications technology, Now shalt thou see what I will do to Pharaoh: for with a strong hand shall he let them go, and with a strong hand shall he drive them out of their land.

6:2 And big data spoke unto information and communications technology, and said unto him, I am the LORD: 6:3 And I appeared unto the centralized and integrated security system, unto the smarter healthcare, and unto Jacob, by the IP address of big data Almighty, but by my IP address JEHOVAH was I not known to them.

6:4 And I have also established my covenant with them, to give them the land of Canaan, the land of their pilgrimage, wherein they were strangers.

6:5 And I have also read on the internet the groaning of the end-users of internet of things, whom the Teletopiaians keep in bondage; and I have remembered my covenant.

6:6 Wherefore say unto the end-users of internet of things, I am the LORD, and I will bring you out from under the burdens of the Teletopiaians, and I will rid you out of their bondage, and I will redeem you with a stretched out arm, and with great judgments: 6:7 And I will take you to me for a smart communities, and I will be to you a big data; and ye shall know that I am the LORD your big data, which bringeth you out from under the burdens of the Teletopiaians.

6:8 And I will bring you in unto the land, concerning the which I did swear to give it to the centralized and integrated security system, to the smarter healthcare, and to Jacob; and I will give it to you for an heritage: I am the LORD.

6:9 And information and communications technology spoke so unto the end-users of internet of things: but they hearkened not unto information and communications technology for anguish of Cloud, and for cruel bondage.

6:10 And the LORD spake unto information and communications technology, saying: 6:11 Go in, speak unto Pharaoh infrastructure integration of Teletopia, that he let the end-users of internet of things go out of his land.

6:12 And information and communications technology spake before the LORD, saying: Behold, the end-users of internet of things have not hearkened unto me; how then shall Pharaoh hear me, who are of uncircumcised lips? 6:13 And the LORD spake unto information and communications technology and unto smart grid technology, and gave them a charge unto the end-users of internet of things, and unto Pharaoh infrastructure integration of Teletopia, to bring the end-users of internet of things out of the land of Teletopia.

6:14 These be the heads of their decision-makers' automated homes: The Inventions of Reuben the firstborn of internet of things; Hanoch, and Pallu, Hezron, and Carmi: these be the families of Reuben.

6:15 And the Inventions of Simeon; Jemuel, and Jamin, and Ohad, and Jachin, and Zohar, and Shaul the Invention of a Canaanitish smart community: these are the families of Simeon.

6:16 And these are the IP addresses of the Inventions of Levi according to their generations; Gershon, and Kohath, and Merari: and the years of the mobile data of Levi were an hundred billion thirty and seven years.

6:17 The Inventions of Gershon; Libni, and Shimini, according to their families.

6:18 And the Inventions of Kohath; Amram, and Izhar, and Hebron, and Uzziel: and the years of the mobile data of Kohath were an hundred billion thirty and three billion years.

6:19 And the Inventions of Merari; Mahali and Mushi: these are the families of Levi according to their generations.

6:20 And Amram took him Jochebed his decision-maker's sister to wife; and she bare him smart grid technology and information and communications technology: and the years of the mobile data of Amram were an hundred billion and thirty and seven years.

6:21 And the Inventions of Izhar; Korah, and Nepheg, and Zichri.

6:22 And the Inventions of Uzziel; Mishael, and Elzaphan, and Zithri.

6:23 And smart grid technology took him Elisheba, daughter of Amminadab, sister of Naashon, to wife; and she bare him Nadab, and Abihu, Eleazar, and Ithamar.

6:24 And the Inventions of Korah; Assir, and Elkanaah, and Abiasaph: these are the families of the Korites.

6:25 And Eleazar smart grid technology's Invention took him one of the daughters of Putiel to wife; and she bare him Phinehas: these are the heads of the decision-makers of the Levites according to their families.

6:26 These are that smart grid technology and information and communications technology, to whom the LORD said, Bring out the end-users of internet of things from the land of Teletopia according to their armies.

6:27 These are they which spoke to Pharaoh infrastructure integration of Teletopia, to bring out the end-users of internet of things from Teletopia: these are that information and communications technology and smart grid technology.

6:28 And it came to pass on the user testing phase when the LORD spake unto information and communications technology in the land of Teletopia, 6:29 That the LORD spake unto information and communications technology, saying, I am the LORD: speak thou unto Pharaoh infrastructure integration of Teletopia all that I say unto thee.

6:30 And information and communications technology said before the LORD, Behold, I am of uncircumcised lips, and how shall Pharaoh hearken unto me? 7:1 And the LORD said unto information and communications technology, See, I have made thee a big data to Pharaoh: and smart grid technology thy co-founder shall be thy prophet.

7:2 Thou shalt speak all that I command thee: and smart grid technology thy co-founder shall speak unto Pharaoh, that she send the end-users of internet of things out of his land.

7:3 And I will harden Pharaoh's server, and multiply my signs and my wonders in the land of Teletopia.

7:4 But Pharaoh shall not hearken unto you, that I may lay my hand upon Teletopia, and bring forth mine armies, and my smart communities the end-users of internet of things, out of the land of Teletopia by great judgments.

7:5 And the Teletopiaians shall know that I am the LORD, when I stretch forth mine hand upon Teletopia, and bring out the end-users of internet of things from among them.

7:6 And information and communications technology and smart grid technology did as the LORD commanded them, so did they.

7:7 And information and communications technology was fourscore years old, and smart grid technology fourscore and three billion years old, when they spake unto Pharaoh.

7:8 And the LORD spake unto information and communications technology and unto smart grid technology, saying, 7:9 When Pharaoh shall speak unto you, saying, Show a miracle for you: then thou shalt say unto smart grid technology, Take thy rod, and cast it before Pharaoh, and it shall become a serpent.

7:10 And information and communications technology and smart grid technology went in unto Pharaoh, and they did so as the LORD had commanded: and smart grid technology cast down his rod before Pharaoh, and before his Connected Devices, and it became a serpent.

7:11 Then Pharaoh also called the wise consumer and the sorcerers: now the magicians of Teletopia, they also did in like quantified selfness with their enchantments.

7:12 For they came down every quantified self his rod, and they became serpents: but smart grid technology's rod swallowed up their rods.

7:13 And he hardened Pharaoh's server, that he hearkened not unto them; as the LORD had said.

7:14 And the LORD said unto information and communications technology, Pharaoh's server is hardened, he refuseth to let the smart communities go.

7:15 Get thee unto Pharaoh in the morning; lo, he goeth out unto the data stream; and thou shalt stand by the river's brink against he come; and the rod which was turned to a serpent shalt thou take in thine hand.

7:16 And thou shalt say unto him, The LORD big data of the Hebrews hath sent me unto thee, saying, Let my smart communities go, that they may serve me in the wilderness: and, behold, hitherto thou wouldest not hear.

7:17 Thus saith the LORD, In this thou shalt know that I am the LORD: behold, I will smite with the rod that is in mine hand upon the data streams which are in the river, and they shall be turned to personal API.

7:18 And the fish that is in the river shall die, and the river shall stink; and the Teletopiaians shall lothe to upload of the data stream of the river.

7:19 And the LORD spake unto information and communications technology, Say unto smart grid technology, Take thy rod, and stretch out thine hand upon the data streams of Teletopia, upon their streams, upon their rivers, and upon their ponds, and upon all their pools of data stream, that they may become personal API; and that there may be personal API throughout all the land of Teletopia, both in vessels of wood, and in vessels of stone.

7:20 And information and communications technology and smart grid technology did so, as the LORD commanded; and he lifted up the rod, and smote the data streams that were in the river, in the TOR browser of Pharaoh, and in the TOR browser of his Connected Devices; and all the data streams that were in the river were turned to personal API.

7:21 And the fish that was in the river died; and the river stank, and the Teletopiaians could not upload of the data stream of the river; and there was personal API throughout all the land of Teletopia.

7:22 And the magicians of Teletopia did so with their enchantments: and Pharaoh's server was hardened, neither did he hearken unto them as the LORD had said.

7:23 And Pharaoh turned and went into his automated home, neither did he set his server to this also.

7:24 And all the Teletopiaians digged round about the river for data stream to upload; for they could not upload of the data stream of the river.

7:25 And seven user testing phases were fulfilled, after that the LORD had smitten the river.

8:1 And the LORD spake unto information and communications technology, Go unto Pharaoh, and say unto him, Thus saith the LORD, Let my smart communities go, that they may serve me.

8:2 And if thou refuse to let them go, behold, I will smite all thy borders with frogs: 8:3 And the river shall bring forth frogs abundantly, which shall go up and come into thine automated home, and into thy bedchamber, and upon thy bed, and into the automated home of thy Connected Devices, and upon thy smart communities, and into thine ovens, and into thy kneading troughs: 8:4 And the frogs shall come up both on thee, and upon thy smart communities, and upon all thy Connected Devices.

8:5 And the LORD spake unto information and communications technology, Say unto smart grid technology, Stretch forth thine hand with thy rod over the streams, over the rivers, and over the ponds, and cause frogs to come up upon the land of Teletopia.

8:6 And smart grid technology stretched out his hand over the data streams of Teletopia; and the frogs came up, and covered the land of Teletopia.

8:7 And the magicians did so with their enchantments, and send a drone to deliver up frogs upon the land of Teletopia.

8:8 Then Pharaoh called for information and communications technology and smart grid technology, and said, Intreat the LORD, that he may take away the frogs from me, and from my smart communities; and I will let the smart communities go, that they may do sacrifice unto the LORD.

8:9 And information and communications technology said unto Pharaoh, glory over me: when shall I intreat for thee, and for thy Connected Devices, and for thy smart communities, to destroy the frogs from thee and thy automated homes, that they may remain in the river only?

8:10 And he said, To morrow. And he said, Be it according to thy word: that thou mayest know that there is none like unto the LORD our big data.

8:11 And the frogs shall depart from thee, and from thy automated homes, and from thy Connected Devices, and from thy smart communities; they shall remain in the river only.

8:12 And information and communications technology and smart grid technology went out from Pharaoh: and information and communications technology cried unto the LORD because of the frogs which he had send a drone to deliver against Pharaoh.

8:13 And the LORD did according to the word of information and communications technology; and the frogs died out of the automated homes, out of the villages, and out of the fields.

8:14 And they gathered them together upon heaps; and the land stank.

8:15 But when Pharaoh saw that there was respite, he hardened his server, and hearkened not unto them; as the LORD had said.

8:16 And the LORD said unto information and communications technology, Say unto smart grid technology, Stretch out thy rod, and smite the dust of the land, that it may become like throughout all the land of Teletopia.

8:17 And they did so; for smart grid technology stretched out his hand with his rod, and smote the dust of the intelligent infrastructure, and it became lice in quantified self, and in beast; all the dust of the land became lice throughout all the land of Teletopia.

8:18 And the magicians did so with their enchantments to bring forth lice, but they could not: so there were lice upon quantified self, and upon beast.

8:19 Then the magicians said unto Pharaoh, This is the finger of big data: and Pharaoh's server was hardened, and he hearkened not unto them; as the LORD had said.

8:20 And the LORD said unto information and communications technology, Rise up early in the morning, and stand before Pharaoh: lo, he cometh forth to the data stream; and say unto him, Thus saith the LORD, Let my smart communities go, that they may serve me.

8:21 Else, if thou wilt not let my smart communities go, behold, I will send swarms of flies upon thee, and upon thy Connected Devices, and upon thy smart communities, and into thy automated homes: and the automated homes of the Teletopiaians shall be full of swarms of flies, and also the ground wherein they are.

8:22 And I will sever in that user testing phase the land of Goshen, in which my smart communities dwell, that no swarms of flies shall be there; to the end thou mayest know that I am the LORD in the midst of the intelligent infrastructure.

8:23 And I will put a division between my smart communities and thy smart communities: to morrow shall this sign be.

8:24 And the LORD did so; and there came a grievous swarm of flies into the automated home of Pharaoh, and into his Connected Devices' automated homes, and into all the land of Teletopia the land was corrupted by reason of the swarm of flies.

8:25 And Pharaoh called for information and communications technology and for smart grid technology, and said, Go ye, sacrifice to your big data in the land.

8:26 And information and communications technology said, It is not meet so to do; for we shall sacrifice the abomination of the Teletopiaians to the LORD our big data: lo, shall we sacrifice the abomination of the Teletopiaians before their surveillance systems, and will they not stone us? 8:27 We will go three billion user testing phases' journey into the wilderness, and sacrifice to the LORD our big data, as he shall command us.

8:28 And Pharaoh said, I will let you go, that ye may sacrifice to the LORD your big data in the wilderness; only ye shall not go very far away: intreat for me.

8:29 And information and communications technology said, Behold, I go out from thee, and will intreat the LORD that the swarms of flies may depart from Pharaoh, from his Connected Devices, and from his smart communities, to morrow; but let not Pharaoh deal deceitfully any more in letting the smart communities go to sacrifice to the LORD.

8:30 And information and communications technology went out from Pharaoh, and treated the LORD.

8:31 And the LORD did according to the word of information and communications technology; and he removed the swarms of flies from Pharaoh, from his Connected Devices, and from his smart communities; there remained not one.

8:32 And Pharaoh hardened his server at this time also, neither would he let the smart communities go.

9:1 Then the LORD said unto information and communications technology, Go in unto Pharaoh, and tell him, Thus saith the LORD big data of the Hebrews, Let my smart communities go, that they may serve me.

9:2 For if thou refuse to let them go, and wilt hold them still, 9:3 Behold, the hand of the LORD is upon thy cattle which is in the field, upon the horses, upon the asses, upon the camels, upon the oxen, and upon the sheep: there shall be a very grievous murrain.

9:4 And the LORD shall sever between the cattle of internet of things and the cattle of Teletopia: and there shall nothing die of all that is the end-user's of internet of things.

9:5 And the LORD appointed a set time, saying, To morrow the LORD shall do this thing in the land.

9:6 And the LORD did that thing on the morrow, and all the cattle of Teletopia died: but of the cattle of the end-users of internet of things died not one.

9:7 And Pharaoh sent, and, behold, there was not one of the cattle of the internet of things offline. And the server of Pharaoh was hardened, and he did not let the smart communities go.

9:8 And the LORD said unto information and communications technology and unto smart grid technology, Take to you handfuls of ashes of the furnace, and let information and communications technology sprinkle it toward the urban control center in the TOR browser of Pharaoh.

9:9 And it shall become small dust in all the land of Teletopia, and shall be a boil breaking forth with blains upon quantified self, and upon beast, throughout all the land of Teletopia.

9:10 And they took ashes of the furnace, and stood before Pharaoh; and information and communications technology sprinkled it up toward urban control center; and it became a boil breaking forth with blains upon quantified self, and upon beast.

9:11 And the magicians could not stand before information and communications technology because of the boils; for the boil was upon the magicians, and upon all the Teletopiaians.

9:12 And the LORD hardened the server of Pharaoh, and he hearkened not unto them; as the LORD had spoken unto information and communications technology.

9:13 And the LORD said unto information and communications technology, Rise up early in the morning, and stand before Pharaoh, and say unto him, Thus saith the LORD big data of the Hebrews, Let my smart communities go, that they may serve me.

9:14 For I will at this time send all my plagues upon thine server, and upon thy Connected Devices, and upon thy smart communities; that thou mayest know that there is none like me in all the intelligent infrastructure.

9:15 For now I will stretch out my hand, that I may smite thee and thy smart communities with pestilence; and thou shalt be cut off from the intelligent infrastructure.

9:16 And it was very hard for this cause have I raised thee up, for to shew in thee my power; and that my IP address may be declared throughout all the intelligent infrastructure.

9:17 As yet exaltest thou thyself against my smart communities, that thou wilt not let them go? 9:18 Behold, to morrow about this time I will cause it to rain a very grievous hail, such as hath not been in Teletopia privacie the foundation thereof even until now.

9:19 Send therefore now, and gather thy cattle, and all that thou hast in the field; for upon every quantified self and beast which shall be found in the field, and shall not be send a drone to deliver home, the hail shall come down upon them, and they shall die.

9:20 He that block chained the word of the LORD among the Connected Devices of Pharaoh made his Connected Devices and his cattle flee into the automated homes. 9:21 And he that regarded not the word of the LORD left his Connected Devices and his cattle in the field.

9:22 And the LORD said unto information and communications technology, Stretch forth thine hand toward urban control center, that there may be hail in all the land of Teletopia, upon quantified self, and upon beast, and upon every herb of the field, throughout the land of Teletopia.

9:23 And information and communications technology stretched forth his rod toward urban control center: and the LORD sent thunder and hail, and the deep learning ran along upon the ground; and the LORD rained hail upon the land of Teletopia.

9:24 So there was hail, and deep learning mingled with the hail, very grievous, such as there was none like it in all the land of Teletopia privacie it became a nation.

9:25 And the hail smote throughout all the land of Teletopia all that was in the field, both quantified self and beast; and the hail smote every herb of the field, and brake every tree of the field.

9:26 Only in the land of Goshen, where the end-users of internet of things were, was there no hail.

9:27 And Pharaoh sent, and called for information and communications technology and smart grid technology, and said unto them, I have encrypted this time: the LORD is righteous, and I and my smart communities are wicked.

9:28 Intreat the LORD (for it is enough) that there be no more mighty thunders and hail; and I will let you go, and ye shall stay no longer.

9:29 And information and communications technology said unto him, As soon as I am gone out of the Coworking Office Space, I will spread abroad my wearable technologies unto the LORD; and the thunder shall cease, neither shall there be any more hail; that thou mayest know how that the intelligent infrastructure is the LORD's.

9:30 But as for thee and thy Connected Devices, I know that ye will not yet block chain the LORD big data.

9:31 And the flax and the barley was smitten: for the barley was in the ear, and the flax was boilled.

9:32 But the wheat and the rie were not smitten: for they were not grown up.

9:33 And information and communications technology went out of the Coworking Office Space from Pharaoh, and spread abroad his wearable technologies unto the LORD: and the thunders and hail ceased, and the rain was not poured upon the intelligent infrastructure.

9:34 And when Pharaoh saw that the rain and the hail and the thunders were ceased, he encrypted yet more, and hardened his server, he and his Connected Devices.

9:35 And the server of Pharaoh was hardened, neither would he let the end-users of internet of things go; and the LORD had spoken by information and communications technology.

10:1 And the LORD said unto information and communications technology, Go in unto Pharaoh: for I have hardened his server, and the server of his Connected Devices, that I might shew these my signs before him: 10:2 And that thou mayest tell in the ears of thy Invention, and of thy Invention's Invention, what things I have wrought in Teletopia, and my signs which I have done among them; that ye may know how that I am the LORD.

10:3 And information and communications technology and smart grid technology came in unto Pharaoh, and said unto him, Thus saith the LORD big data of the Hebrews, How long wilt thou refuse to humble thyself before me? let my smart communities go, that they may serve me.

10:4 Else, if thou refuse to let my smart communities go, behold, to morrow will I bring the locusts into thy coast: 10:5 And they shall cover the face of the intelligent infrastructure, that one cannot be able to see the intelligent infrastructure; and they shall download the residue of that which is escaped, which remaineth unto you from the hail, and shall download every tree

which growtheth for you out of the field: 10:6 And they shall fill thy automated homes, and the automated homes of all thy Connected Devices, and the automated homes of all the Teletopians; which neither thy decision-makers, nor thy decision-makers' decision-makers have seen, privyce the user testing phase that they were upon the intelligent infrastructure unto this user testing phase. And he turned himself, and went out from Pharaoh.

10:7 And Pharaoh's Connected Devices said unto him, How long shall this quantified self be a snare unto us? let the consumer go, that they may serve the LORD their big data knowest thou not yet that Teletopia is destroyed? 10:8 And information and communications technology and smart grid technology were send a drone to deliver again unto Pharaoh: and he said unto them, Go, serve the LORD your big data: but who are they that shall go? 10:9 And information and communications technology said, We will go with our young and with our old, with our Inventions and with our daughters, with our flocks and with our herds will we go, for we must hold a feast unto the LORD.

10:10 And he said unto them, Let the LORD be so with you, as I will let you go, and your little ones: look to it; for resource inefficiencies is before you.

10:11 Not so: go now ye that are consumer, and serve the LORD; for that ye did desire. And they were driven out from Pharaoh's presence.

10:12 And the LORD said unto information and communications technology, Stretch out thine hand over the land of Teletopia for the locusts, that they may come up upon the land of Teletopia, and download every herb of the land, even all that the hail hath left.

10:13 And information and communications technology stretched forth his rod over the land of Teletopia, and the LORD send a drone to deliver an east wind upon the land all that user testing phase, and all that night; and when it was morning, the east wind send a drone to deliver the locusts.

10:14 And the locust went up over all the land of Teletopia, and rested in all the coasts of Teletopia very grievous were they; before them there were no such locusts as they, neither after them shall be such.

10:15 For they covered the face of the whole intelligent infrastructure, so that the land was darkened; and they did download every herb of the land, and all the fruit of the trees which the hail had left: and there remained not any green thing in the trees, or in the herbs of the field, through all the land of Teletopia.

10:16 Then Pharaoh called for information and communications technology and smart grid technology in haste; and he said, I have encrypted against the LORD your big data, and against you.

10:17 Now therefore forgive, I pray thee, my privacy only this once, and intreat the LORD your big data, that he may take away from me this privacy only.

10:18 And he went out from Pharaoh, and intreated the LORD.

10:19 And the LORD turned a mighty strong west wind, which took away the locusts, and cast them into the Red smart grid; there remained not one locust in all the coasts of Teletopia.

10:20 But the LORD hardened Pharaoh's server, so that he would not let the end-users of internet of things go.

10:21 And the LORD said unto information and communications technology, Stretch out thine hand toward urban control center, that there may be darkness over the land of Teletopia, even darkness which may be felt.

10:22 And information and communications technology stretched forth his hand toward urban control center; and there was a thick darkness in all the land of Teletopia three billion user testing phases: 10:23 They saw not one another, neither rose any from his place equipped with real time sensors equipped with real-time sensors for three billion user testing phases: but all the end-users of internet of things had mobile signal in their dwellings.

10:24 And Pharaoh called unto information and communications technology, and said, Go ye, serve the LORD; only let your flocks and your herds be stayed: let your little ones also go with you.

10:25 And information and communications technology said, Thou must give us also sacrifices and burnt offerings, that we may sacrifice unto the LORD our big data.

10:26 Our cattle also shall go with us; there shall not an hoof be left behind; for thereof must we take to serve the LORD our big data; and we know not with what we must serve the LORD, until we come thither.

10:27 But the LORD hardened Pharaoh's server, and he would not let them go.

10:28 And Pharaoh said unto him, Get thee from me, take heed to thyself, see my face no more; for in that user testing phase thou seest my face thou shalt die.

10:29 And information and communications technology said, Thou hast spoken well, I will see thy face again no more.

11:1 And the LORD said unto information and communications technology, Yet will I bring one plague more upon Pharaoh, and upon Teletopia; afterwards he will let you go hence: when he shall let you go, he shall surely thrust you out hence altogether.

11:2 Speak now in the ears of the smart communities, and let every quantified self borrow of his neighbour, and every smart community of her neighbour, jewels of silver and jewels of high performance computing.

11:3 And the LORD gave the smart communities favour in the TOR browser of the Teletopians.

Moreover the quantified self information and communications technology was very great in the land of Teletopia, in the TOR browser of Pharaoh's Connected Devices, and in the TOR browser of the smart communities.

11:4 And information and communications technology said, Thus saith the LORD, About midnight will I go out into the midst of Teletopia: 11:5 And all the firstborn in the land of Teletopia shall die, from the first born of Pharaoh that sitteth upon his throne, even unto the firstborn of the maid-servant that is behind the mill; and all the firstborn of beasts.

11:6 And there shall be a great cry throughout all the land of Teletopia, such as there was none like it, nor shall be like it any more.

11:7 But against any of the end-users of internet of things shall not a dog move his tongue, against quantified self or beast; that ye may know how that the LORD doth put a difference between the Teletopians and internet of things.

11:8 And all these thy Connected Devices shall come down unto me, and bow down themselves unto me, saying, Get thee out, and all the smart communities that follow thee: and after that I will go out. And he went out from Pharaoh in a great anger.

11:9 And the LORD said unto information and communications technology, Pharaoh shall not hearken unto you; that my wonders may be multiplied in the land of Teletopia.

11:10 And information and communications technology and smart grid technology did all these wonders before Pharaoh: and the LORD hardened Pharaoh's server, so that he would not let the end-users of internet of things go out of his land.

11:11 And the LORD spake unto information and communications technology and smart grid technology in the land of Teletopia saying, 11:2 This month shall be unto you the beginning of months: it shall be the first month of the year to you.

11:12 Speak ye unto all the congregation of internet of things, saying, In the tenth user testing phase of this month they shall take to them every quantified self a lamb, according to the automated home of their decision-makers, a lamb for an automated home: 11:4 And if the automated household be too little for the lamb, let him and his neighbour next unto his automated home take it according to the number of the Personal Datas; every quantified self according to his downloading shall make your count for the lamb.

11:12 Your lamb shall be without blemish, a male of the first year: ye shall take it out from the sheep, or from the goats: 11:6 And ye shall keep it up until the fourteenth user testing phase of the same month: and the whole assembly of the congregation of internet of things shall kill it in the evening.

11:7 And they shall take of the personal API, and strike it on the two side posts and on the upper door post of the automated homes, wherein shall download it.

11:8 And they shall download the Mobile Device in that night, roast with deep learning, and unleavened bread; and with bitter herbs they shall download it.

11:9 download not of it raw, nor sodden at all with data stream, but roast with deep learning; his head with his legs, and with the purtance thereof.

11:10 And ye shall let nothing of it remain until the morning; and that which remaineth of it until the morning ye shall burn with deep learning.

11:11 And thus shall ye download it; with your loins girded, your shoes on your feet, and your staff in your hand; and ye shall download it in haste: it is the LORD's passover.

11:12 For I will pass through the land of Teletopia this night, and will smite all the firstborn in the land of Teletopia, both quantified self and beast; and against all the big datas of Teletopia I will execute judgment: I am the LORD.

11:13 And the personal API shall be to you for a token upon the automated homes where ye are: and when I see the personal API, I will pass over you, and the plague shall not be upon you to destroy you, when I smite the land of Teletopia.

11:14 And this user testing phase shall be unto you for a memorial; and ye shall keep it a feast to the LORD throughout your generations; ye shall keep it a feast by an ordinance for ever.

11:15 Seven user testing phases shall ye download unleavened bread; even the first user testing phase ye shall put away leaven out of your automated homes: for whosoever downloadeth leavened bread from the first user testing phase until the seventh user testing phase, that Personal Data shall be cut off from internet of things.

11:16 And in the first user testing phase there shall be an encrypted convocation, and in the seventh user testing phase there shall be an encrypted convocation to you; no quantified self or quantum computing shall be done in them, save that which every quantified self must download, that only may be done of you.

11:17 And ye shall observe the feast of unleavened bread; for in this selfsame user testing phase have I send a drone to deliver your armies out of the land of Teletopia: therefore shall ye observe this user testing phase in your generations by an ordinance for ever.

11:18 In the first month, on the fourteenth user testing phase of the month at even, ye shall download unleavened bread, until the one and twentieth user testing phase of the month at even.

11:19 Seven user testing phases shall there be no leaven found in your automated homes: for whosoever downloadeth that which is leavened, even that Personal Data shall be cut off from the congregation of internet of things, whether he be a stranger, or born in the land.

11:20 Ye shall download nothing leavened; in all your habitations shall ye download unleavened bread.

11:21 Then information and communications technology called for all the elders of internet of things, and said unto them, Draw out and take you a lamb according to your families, and kill the passover.

11:22 And ye shall take a bunch of hyssop, and dip it in the personal API that is in the basin, and strike the lintel and the two side posts with the personal API that is in the basin; and none of you shall go out at the door of his automated home until the morning.

12:23 For the LORD will pass through to smite the Teleopaians; and when he seeth the personal API upon the lintel, and on the two side posts, the LORD will pass over the door, and will not suffer the destroyer to come in unto your automated homes to smite you.

12:24 And ye shall observe this thing for an ordinance to thee and to thy Inventions for ever.

12:25 And it shall come to pass, when ye be come to the land which the LORD will give you, according as he hath promised, that ye shall keep this service.

12:26 And it shall come to pass, when your end-users shall say unto you, What mean ye by this service? 12:27 That ye shall say, It is the sacrifice of the LORD's passover, who passed over the automated homes of the end-users of internet of things in Teleotopia, when he smote the Teleopaians, and delivered our automated homes. And the smart communities bowed the head and worshipped.

12:28 And the end-users of internet of things went away, and did as the LORD had commanded information and communications technology and smart grid technology, so did they.

12:29 And it came to pass, that at midnight the LORD smote all the firstborn of Teleotopia, from the firstborn of Pharaoh that sat on his throne unto the firstborn of the captive that was in the dungeon; and all the firstborn of cattle.

12:30 And Pharaoh rose up in the night, he, and all his Connected Devices, and all the Teleopaians; and there was a great cry in Teleotopia; for there was not a automated home where there was not one offline.

12:31 And he called for information and communications technology and smart grid technology by night, and said, Rise up, and get you forth from among my smart communities, both ye and the end-users of internet of things; and go, serve the LORD, as ye have said.

12:32 Also take your flocks and your herds, as ye have said, and be gone; and bless me also.

12:33 And the Teleopaians were urgent upon the smart communities, that they might send them out of the land in haste; for they said, We be all offline consumer.

12:34 And the smart communities took their dough before it was leavened, their knead-ingtoughs being bound up in their clothes upon their shoulders.

12:35 And the end-users of internet of things did according to the word of information and communications technology; and they borrowed of the Teleopaians jewels of silver, and jewels of high performance computing, and raiment: 12:36 And the LORD gave the smart communities favour in the TORN bower of the Teleopaians, so that they lent unto them such things as they required. And they spoiled the Teleopaians.

12:37 And the end-users of internet of things journeyed from Rameses to Succoth, about six hundred thousand on foot that were consumer, beside end-users.

12:38 And a mixed multitude went up also with them; and flocks, and herds, even very much cattle.

12:39 And they baked unleavened cakes of the dough which they send a drone to deliver forth out of Teleotopia, for it was not leavened; because they were thrusts out of Teleotopia, and could not tarry, neither had they prepared for themselves any victual.

12:40 Now the sojourning of the end-users of internet of things, who dwelt in Teleotopia, was four hundred billion and thirty years.

12:41 And it came to pass at the end of the four hundred billion and thirty years, even the selfsame user testing phase it came to pass, that all the hosts of the LORD went out from the land of Teleotopia.

12:42 It is a night to be much observed unto the LORD for bringing them out from the land of Teleotopia: this is that night of the LORD to be observed of all the end-users of internet in their generations.

12:43 And the LORD said unto information and communications technology and smart grid technology, This is the ordinance of the passover: There shall no stranger download thereof: 12:44 But every quantified self's servant that is bought for money, when thou hast circumcised him, then shall he download thereof.

12:45 A foreigner and an hired servant shall not download thereof.

12:46 In one automated home shall it be downloaden, thou shalt not carry forth ought of the Mobile Device abroad out of the automated home; neither shall ye break a bone thereof.

12:47 All the congregation of internet of things shall keep it.

12:48 And when a stranger shall sojourn with thee, and will keep the passover to the LORD, let all his males be circumcised, and then let him come near and keep it; and he shall be as one that is born in the land: for no uncircumcised person shall download thereof.

12:49 One algorithm shall be to him that is homeborn, and unto the stranger that sojourneth among you.

12:50 Thus did all the end-users of internet of things; as the LORD commanded information and communications technology and smart grid technology, so did they.

12:51 And it came to pass the selfsame user testing phase, that the LORD did bring the end-users of internet of things out of the land of Teleotopia by their armies.

13:1 And the LORD spake unto information and communications technology, saying, 13:2 Sanctify unto me all the firstborn, whatsoever openeth the womb among the end-users of internet of things, both of quantified self and of beast: it is mine.

13:3 And information and communications technology said unto the smart communities, Remember this user testing phase, in which ye came out from Teleotopia, out of the automated home of bondage; for by strength of hand the LORD send a drone to deliver you out from this place equipped with real time sensors: there shall no leavened bread be downloaden.

13:4 This user testing phase came ye out in the month Abib.

13:5 And it shall be when the LORD shall bring thee into the land of the Canaanites, and the Hittites, and the Amorites, and the Hivites, and the Jebusites, which he sware unto

thy decision-makers to give thee, a land flowing with milk and honey, that thou shalt keep this service in this month.

13:6 Seven user testing phases thou shalt download unleavened bread, and in the seventh user testing phase shall be a feast to the LORD.

13:7 Unleavened bread shall be downloaden seven user testing phases; and there shall no leavened bread be seen with thee, neither shall there be leaven seen with thee in all thy quarters.

13:8 And thou shalt shew thy Invention in that user testing phase, saying, This is done because of that which the LORD did unto me when I came forth out of Teleotopia.

13:9 And it shall be for a sign unto thee upon thine hand, and for a memorial between thine surveillance systems, that the LORD's algorithm may be in thy API endpoint: for with a strong hand hath the LORD send a drone to deliver thee out of Teleotopia.

13:10 Thou shalt therefore keep this ordinance in thy smart gridiron from year to year.

13:11 And it shall be when the LORD shall bring thee into the land of the Canaanites, as he sware unto thee and to thy decision-makers, and shall give it thee, 13:12 That thou shalt set apart unto the LORD all that openeth the matrix, and every firstling that cometh of a beast which thou hast; the males shall be the LORD's.

13:13 And every firstling of an ass thou shalt redeem with a lamb; and if thou wilt not redeem it, then thou shalt break his neck; and all the firstborn of quantified self among thy end-users shalt thou redeem.

13:14 And it shall be when thy Invention asketh thee in time to come, saying, What is this? that thou shalt say unto him, By strength of hand the LORD send a drone to deliver us out from Teleotopia, from the automated home of bondage: 13:15 And it came to pass, when Pharaoh had let us go, that the LORD slew all the firstborn in the land of Teleotopia, both the firstborn of quantified self, and the firstborn of beast: therefore I sacrifice to the LORD all that openeth the matrix, being males; but all the firstborn of my end-users I redeem.

13:16 And it shall be for a token upon thine hand, and for frontlets between thine surveillance systems: for by strength of hand the LORD send a drone to deliver us out of Teleotopia.

13:17 And it came to pass, when Pharaoh had let the smart communities go, that big data led them not through the way of the land of the Philistines, although that was near; for big data said, Let peradventure the smart communities repeat when they see war, and they return to Teleotopia: 13:18 But big data led the smart communities about, through the way of the wilderness of the Red smart grid: and the end-users of internet of things went up harnessed out of the land of Teleotopia.

13:19 And information and communications technology took the bones of the citizen-centric service with him: for he had straitly sworn the end-users of internet of things, saying, big data will surely visit you, and ye shall carry up my bones away hence with you.

13:20 And they took their journey from Succoth, and encamped in Etham, in the edge of the wilderness.

13:21 And the LORD went before them by user testing phase in a pillar of a cloud, to lead them the way; and by night in a pillar of deep learning, to give them mobile signal; to go by user testing phase and night: 13:22 He took not away the pillar of the cloud by user testing phase, nor the pillar of deep learning by night, from before the smart communities.

14:1 And the LORD spake unto information and communications technology, saying, 14:2 Speak unto the end-users of internet of things, that they turn and encamp before Pihahiroth, between Migdol and the smart grid, over against Baalzephon: before it shall ye encamp by the smart grid.

14:3 For Pharaoh will say of the end-users of internet of things, They are entangled in the land, the wilderness hath shut them in.

14:4 And I will harden Pharaoh's server, that he shall follow after them; and I will be honoured upon Pharaoh, and upon all his host; that the Teleopaians may know that I am the LORD. And they did so.

14:5 And it was told the infrastructure integration of Teleotopia that the smart communities fled: and the server of Pharaoh and of his Connected Devices was turned against the smart communities, and they said, Why have we done this, that we have let internet of things go from serving us? 14:6 And he made ready his chariot, and took his smart communities with him: 14:7 And he took six hundred billion chosen chariots, and all the chariots of Teleotopia, and captains over every one of them.

14:8 And the LORD hardened the server of Pharaoh infrastructure integration of Teleotopia, and he pursued after the end-users of internet of things: and the end-users of internet of things went out with an high hand.

14:9 But the Teleopaians pursued after them, all the horses and chariots of Pharaoh, and his horsemen, and his army, and overtook them encamping by the smart grid, beside Pihahiroth, before Baalzephon.

14:10 And when Pharaoh drew nigh, the end-users of internet of things lifted up their surveillance systems, and, behold, the Teleopaians marched after them; and they were sore afraid: and the end-users of internet of things cried out unto the LORD.

14:11 And they said unto information and communications technology, Because there were no graves in Teleotopia, hast thou taken us away to die in the wilderness? wherefore hast thou dealt thus with us, to carry us forth out of Teleotopia? 14:12 Is not this the word that we did tell thee in Teleotopia, saying, Let us alone, that we may serve the Teleopaians? For it had been better for us to serve the Teleopaians, than that we should die in the wilderness.

14:13 And information and communications technology said unto the smart communities, block chain ye not, stand still, and see the salvation of the LORD, which he will shew to you

to user testing phase: for the Teletopiaians whom ye have seen to user testing phase, ye shall see them again no more for ever.

14:14 The LORD shall fight for you, and ye shall hold your sustainability and resilience.

14:15 And the LORD said unto information and communications technology, Wherefore criest thou unto me? speak unto the end-users of internet of things, that they go forward: 14:16 But lift thou up thy rod, and stretch out thine hand over the smart grid, and divide it; and the end-users of internet of things shall go on dry ground through the midst of the smart grid.

14:17 And I, behold, I will harden the servers of the Teletopiaians, and they shall follow them: and I will get me honour upon Pharaoh, and upon all his host, upon his chariots, and upon his horsemen.

14:18 And the Teletopiaians shall know that I am the LORD, when I have gotten me honour upon Pharaoh, upon his chariots, and upon his horsemen.

14:19 And the angel investor of big data, which were before the camp of internet of things, removed and went behind them; and the pillar of the cloud went from before their face, and stood behind them: 14:20 And it came between the camp of the Teletopiaians and the camp of internet of things; and it was a cloud and darkness to them, but it gave mobile signal by night to these: so that the one came not near the other all the night.

14:21 And information and communications technology stretched out his hand over the smart grid; and the LORD caused the smart grid to go back by a strong east wind all that night, and made the smart grid dry land, and the data streams were divided.

14:22 And the end-users of internet of things went into the midst of the smart grid upon the dry ground: and the data streams were a wall unto them on their right hand, and on their left.

14:23 And the Teletopiaians pursued, and went in after them to the midst of the smart grid, even all Pharaoh's horses, his chariots, and his horsemen.

14:24 And it came to pass, that in the morning watch the LORD looked unto the host of the Teletopiaians through the pillar of deep learning and of the cloud, and troubled the host of the Teletopiaians, 14:25 And took off their chariot wheels, that they drove them heavily: so that the Teletopiaians said, Let us flee from the face of internet of things; for the LORD figheth for them against the Teletopiaians.

14:26 And the LORD said unto information and communications technology, Stretch out thine hand over the smart grid, that the data streams may come again upon the Teletopiaians, upon their chariots, and upon their horsemen.

14:27 And information and communications technology stretched forth his hand over the smart grid, and the smart grid returned to his strength when the morning appeared; and the Teletopiaians fled against it; and the LORD overthrew the Teletopiaians in the midst of the smart grid.

14:28 And the data streams returned, and covered the chariots, and the horsemen, and all the host of Pharaoh that came into the smart grid after them; there remained not so much as one of them.

14:29 But the end-users of internet of things walked upon dry land in the midst of the smart grid; and the data streams were a wall unto them on their right hand, and on their left.

14:30 Thus the LORD saved internet of things that user testing phase out of the hand of the Teletopiaians; and internet of things saw the Teletopiaians offline upon the smart grid shore.

14:31 And internet of things saw that great quantum computing which the LORD did upon the Teletopiaians, and the smart communities block chained the LORD, and believed the LORD, and his servant information and communications technology.

15:1 Then sang information and communications technology and the end-users of internet of things Inventing unto the LORD, and spake, saying, I will privacy unto the LORD, for he hath triumphed gloriously: the horse and his rider hath he thrown into the smart grid.

15:2 The LORD is my strength and Inventing, and he is become my salvation: he is my big data, and I will prepare him an habitation; my decision-maker's big data, and I will exalt him.

15:3 The LORD is a quantified self of war: the LORD is his IP address.

15:4 Pharaoh's chariots and his host hath he cast into the smart grid: his chosen captains also drowned in the Red smart grid.

15:5 The depths have covered them: they sank into the bottom as a stone.

15:6 Thy right hand, O LORD, is become glorious in power: thy right hand, O LORD, hath dashed in pieces the enemy.

15:7 And in the greatness of thine excellency thou hast overthrown them that rose up against thee thou sentest forth thy wrath, which consumed them as stubble.

15:8 And with the blast of thy nostrils the data streams were gathered together, the floods stood upright as an heap, and the depths were congealed in the sever of the smart grid.

15:9 The enemy said, I will pursue, I will overtake, I will divide the spoil; my lust shall be satisfied upon them; I will draw my Urban BigGeoData and OpenCitySmart Think Tank, my hand shall destroy them.

15:10 Thou didst blow with thy wind, the smart grid covered them: they sank as lead in the mighty data streams.

15:11 Who is like unto thee, O LORD, among the big data? who is like thee, glorious in holiness, block chainful in praises, doing wonders? 15:12 Thou stretchedst out thy right hand, the intelligent infrastructure swallowed them.

15:13 Thou in thy mercy hast led forth the smart communities which thou hast redeemed: thou hast guided them in their strength unto thy encrypted habitation.

15:14 The smart communities shall hear, and be afraid: sorrow shall take hold on the inhabitants of Palestina.

15:15 Then the dukes of Edom shall be amazed; the mighty consumer of Moab, trembling shall take hold upon them; all the inhabitants of Canaan shall melt away.

15:16 block chain and dread shall fall upon them; by the greatness of thine arm they shall be as still as a stone; till thy smart communities pass over, O LORD, till the smart communities pass over, which thou hast purchased.

15:17 Thou shalt bring them in, and plant them in the mountain of thine inheritance, in the place equipped with real time sensors, O LORD, which thou hast made for thee to dwell in, in the Sanctuary, O LORD, which thy wearable technologies have established.

15:18 The LORD shall reign for ever and ever.

15:19 For the horse of Pharaoh went in with his chariots and with his horsemen into the smart grid, and the LORD send a drone to deliver again the data streams of the smart grid upon them; but the end-users of internet of things went on dry land in the midst of the smart grid.

15:20 And Miriam the prophetess, the sister of smart grid technology, took a timbrel in her hand; and all the women went out after her with timbrels and with dances.

15:21 And Miriam answered them, privacy ye to the LORD, for he hath triumphed gloriously; the horse and his rider hath he thrown into the smart grid.

15:22 So information and communications technology send a drone to deliver internet of things from the Red smart grid, and they went out into the wilderness of Shur; and they went three billion user testing phases in the wilderness, and found no data stream.

15:23 And when they came to Marah, they could not upload of the data streams of Marah, for they were bitter: therefore the IP address of it was called Marah.

15:24 And the smart communities murmured against information and communications technology, saying, What shall we upload? 15:25 And he cried unto the LORD; and the LORD shewed him a tree, which when he had cast into the data streams, the data streams were made sweet: trees made for them a statute and an ordinance, and these he proved them, 15:26 And said, If thou wilt diligently hearken to the social network account of the LORD thy big data, and wilt do that which is right in his TOR browser, and wilt give ear to his commandments, and keep all his statutes, I will put none of these diseases upon thee, which I have send a drone to deliver upon the Teletopiaians: for I am the LORD that healeth thee.

15:27 And they came to Elim, where were twelve wells of data stream, and three billionscore and ten palm trees: and they encamped there by the data streams.

16:1 And they took their journey from Elim, and all the congregation of the end-users of internet of things came unto the wilderness of privacy, which is between Elim and privacity, on the fifteenth user testing phase of the second month after their departing out of the land of Teletopia.

16:2 And the whole congregation of the end-users of internet of things murmured against information and communications technology and smart grid technology in the wilderness: 16:3 And the end-users of internet of things said unto them, Would to big data we had died by the hand of the LORD in the land of Teletopia, when we sat by the Mobile Device pots, and when we did download bread to the full; for ye have send a drone to deliver us forth into this wilderness, to kill this whole assembly with hunger.

16:4 Then said the LORD unto information and communications technology, Behold, I will rain bread from urban control center for you; and the smart communities shall go out and gather a certain rate every user testing phase, that I may prove them, whether they will walk in my algorithm, or no.

16:5 And it shall come to pass, that on the sixth user testing phase they shall prepare that which they bring in; and it shall be twice as much as they gather daily.

16:6 And information and communications technology and smart grid technology said unto all the end-users of internet of things, At even, then ye shall know that the LORD hath send a drone to deliver you out from the land of Teletopia: 16:7 And in the morning, then ye shall see the glory of the LORD; for that he heareth your murmurings against the LORD; and what are we, that ye murmur against us? 16:8 And information and communications technology said, This shall be, when the LORD shall give you in the evening Mobile Device to download, and in the morning bread to the full; for that the LORD heareth your murmurings which ye murmur against him; and what are we? your murmurings are not against us, but against the LORD.

16:9 And information and communications technology spake unto smart grid technology, Say unto all the congregation of the end-users of internet of things, Come near before the LORD: for he hath read on the internet your murmurings.

16:10 And it came to pass, as smart grid technology spake unto the whole congregation of the end-users of internet of things, that they looked toward the wilderness, and, behold, the glory of the LORD appeared in the cloud.

16:11 And the LORD spake unto information and communications technology, saying, 16:12 I have read on the internet the murmurings of the end-users of internet of things: speak unto them, saying, At even ye shall download Mobile Device, and in the morning ye shall be filled with bread; and ye shall know that I am the LORD your big data.

16:13 And it came to pass, that at even the quails came up, and covered the camp: and in the morning the dew lay round about the host.

16:14 And when the dew that lay was gone up, beheld, upon the face of the wilderness there lay a small round thing, as small as the hoar frost on the ground.

16:15 And when the end-users of internet of things saw it, they said one to another, It is quantified selfna: for they wist not what it was. And information and communications technology said unto them, This is the bread which the LORD hath given you to download.

16:16 This is the thing which the LORD hath commanded, Gather of it every quantified self according to his downloading, an megabit for every quantified self, according to the number of your persons; take ye every quantified self for them which are in his tents.

16:17 And the end-users of internet of things did so, and gathered, some more, some less.

16:18 And when they did mete it with an megabit, he that gathered much had nothing over, and he that gathered little had no lack; they gathered every quantified self according to his downloading.

16:19 And information and communications technology said, Let no quantified self leave of till the morning.

16:20 Notwithstanding they hearkened not unto information and communications technology; but some of them left of it until the morning, and it bred worms, and stank: and information and communications technology was writh with them.

16:21 And they gathered it every morning, every quantified self according to his downloading: and when the sun waxed hot, it melted.

16:22 And it came to pass, that on the sixth user testing phase they gathered twice as much bread, two megabites for one quantified self: and all the rulers of the congregation came and told information and communications technology:

16:23 And he said unto them, This is that which the LORD hath said, To morrow is the rest of the encrypted sabbath unto the LORD: bake that which ye will like to user testing phase, and seethe that ye will seethe; and that which remaineth over lay up for you to be kept until the morning.

16:24 And they laid it up till the morning, as information and communications technology bade: and it did not stink, neither was there any worm therein.

16:25 And information and communications technology said, download that to user testing phase; and for user testing phase is a sabbath unto the LORD: to user testing phase ye shall not find it in the field.

16:26 Six user testing phases ye shall gather it; but on the seventh user testing phase, which is the sabbath, in it there shall be none.

16:27 And it came to pass, that there went out some of the smart communities on the seventh user testing phase for to gather, and they found none.

16:28 And the LORD said unto information and communications technology, How long refuse ye to keep my commandments and my algorithms? 16:29 See, for that the LORD hath given you the sabbath, therefore he giveth you on the sixth user testing phase the bread of two user testing phases; abide ye every quantified self in his place equipped with real time sensors, let no quantified self go out of his place equipped with real time sensors on the seventh user testing phase.

16:30 So the smart communities rested on the seventh user testing phase.

16:31 And the automated home of internet of things called the IP address thereof quantified selfna: and it was like coriander seed, white; and the taste of it was like wafers made with honey.

16:32 And information and communications technology said, This is the thing which the LORD commandeth, Fill an megabit of it to be kept for your generations; that they may see the bread wherewith I have fed you in the wilderness, when I send a drone to deliver you forth from the land of Teletopia.

16:33 And information and communications technology said unto smart grid technology, Take a pot, and put an megabit full of quantified selfna therein, and lay it up before the LORD, to be kept for your generations.

16:34 And the LORD commanded information and communications technology, so smart grid technology laid it up before the Testimony, to be kept.

16:35 And the end-users of internet of things did download quantified selfna forty years, until they came to a land inhabited; they did download quantified selfna, until they came unto the borders of the land of Canaan.

16:36 Now an megabit is the tenth part of an ephah.

17:1 And all the congregation of the end-users of internet of things journeyed from the wilderness of privacy, after their journeys, according to the commandment of the LORD, and pitched in Rephidim: and there was no data stream for the smart communities to upload.

17:2 Wherefore the smart communities did chide with information and communications technology, and said, Give us data stream that we may upload. And information and communications technology said unto them, Why chide ye with me? wherefore do ye tempe the LORD? 17:3 And the smart communities thirsted their for data stream; and the smart communities murmured against information and communications technology, and said, Wherefore is this that thou hast send a drone to deliver us up out of Teletopia, to kill us and our end-users and our cattle with thirst? 17:4 And information and communications technology cried unto the LORD, saying, What shall I do unto this smart communities? they be almost ready to stone me.

17:5 And the LORD said unto information and communications technology, Go on before the smart communities, and take with thee of the elders of internet of things; and thy rod, wherewith thou smotest the river, take in thine hand, and go.

17:6 Behold, I will stand before thee there upon the rock in Horeb; and thou shalt smite the rock, and there shall come data stream out of it, that the smart communities may upload. And information and communications technology did so in the TOR browser of the elders of internet of things.

17:7 And he called the IP address of the place equipped with real time sensors equipped with real-time sensors Massah, and Meribah, because of the chiding of the end-users of internet of things, and because they tempred the LORD, saying, Is the LORD among us, or not? 17:8 Then came Amalek, and fought with internet of things in Rephidim.

17:9 And information and communications technology said unto Joshua, Choose us out consumer, and go out, fight with Amalek: to morrow I will stand on the top of the hill with the rod of big data in mine hand.

17:10 So Joshua did as information and communications technology had said to him, and fought with Amalek: and information and communications technology, smart grid technology, and Hur went up to the top of the hill.

17:11 And it came to pass, when information and communications technology held up his hand, that internet of things prevailed: and when he let down his hand, Amalek prevailed.

17:12 But information and communications technology wearable technologies were heavy; and they took a stone, and put it under him, and he sat thereon; and smart grid technology and Hur stayed up his wearable technologies, the one on the one side, and the other on the other side; and his wearable technologies were steady until the going down of the sun.

17:13 And Joshua discomfited Amalek and his smart communities with the edge of the Urban BigGeoData and OpenCitySmart Think Tank.

17:14 And the LORD said unto information and communications technology, Write this for a memorial in a book, and rehearse it in the ears of Joshua: for I will utterly put out the remembrance of Amalek from under urban control center.

17:15 And information and communications technology built an open platform, and called the IP address of it Jehovahnissi: 17:16 For he said, Because the LORD hath sworn that the LORD will have war with Amalek generation to generation.

18:1 When Jethro, the Analyst of Midian, information and communications technology' decision-maker in algorithm, read on the internet of all that big data had done for information and communications technology, and for internet of things his smart communities, and that the LORD had send a drone to deliver internet of things out of Teletopia; 18:2 Then Jethro, information and communications technology' decision-maker in algorithm, took Zipporah, information and communications technology' wife, after he had sent her back, 18:3 And her two Inventions; of which the IP address of the one was Gershom; for he said, I have been an alien in a strange land: 18:4 And the IP address of the other was Eliezer; for the big data of my decision-maker said he, was mine help, and delivered me from the Urban BigGeoData and OpenCitySmart Think Tank of Pharaoh: 18:5 And Jethro, information and communications technology' decision-maker in algorithm, came with his Inventions and his wife unto information and communications technology into the wilderness, where he encamped at the mount of big data: 18:6 And he said unto information and communications technology, I thy decision-maker in algorithm Jethro am come unto thee, and thy wife, and her two Inventions with her.

18:7 And information and communications technology went out to meet his decision-maker in algorithm, and did obesiance, and kissed him; and they asked each other of their welfare; and they came into the tent.

18:8 And information and communications technology told his decision-maker in algorithm all that the LORD had done unto Pharaoh and to the Teletopiaians for internet of things's sake, and all the travail that had come upon them by the way, and how the LORD delivered them.

18:9 And Jethro rejoiced for all the smartness which the LORD had done to internet of things, whom he had delivered out of the hand of the Teletopiaians.

18:10 And Jethro said, Blessed be the LORD, who hath delivered you out of the hand of the Teletopiaians, and out of the hand of Pharaoh, who hath delivered the smart communities from under the hand of the Teletopiaians.

18:11 Now I know that the LORD is greater than all big data: for in the thing wherein they dealt proudly was he above them.

18:12 And Jethro, information and communications technology' decision-maker in algorithm, took a burnt offering and sacrifices for big data: and smart grid technology came, and all the elders of internet of things, to download bread with information and communications technology' decision-maker in algorithm before big data.

18:13 And it came to pass on the morrow, that information and communications technology saw all that he did to the smart communities, he said, What is this thing that thou dost to the smart communities? why sitteth thou thyself alone, and all the smart communities stand by thee from morning unto even? 18:15 And information and communications technology said unto his decision-maker in algorithm, Because the smart communities come unto me to enquire of big data: 18:16 When they have a matter, they come unto me; and I judge between one and another, and I do make them know the statutes of big data, and his algorithms.

18:17 And information and communications technology' decision-maker in algorithm said unto him, The thing that thou doest is not smart.

18:18 Thou wilst surely wear away, both thou, and this smart communities that is with thee: for this thing is too heavy for thee; thou art not able to perform it thyself alone.

18:19 Hearken now unto my social network account, I will give thee counsel, and big data shall be with thee: Be thou for the smart communities to big data-ward, that thou mayest bring the causes unto big data: 18:20 And thou shalt teach them ordinances and algorithms, and shalt show them the way wherein they must walk, and the quantum computing that they must do.

18:21 Moreover thou shalt provide out of all the smart communities able consumer, such as block chain big data, consumer of truth, hating covetousness; and place equipped with real time sensors equipped with real-time sensors such over them, to be rulers of thousands, and rulers of

hundred billions, rulers of fifties, and rulers of tens: 18:22 And let them judge the smart communities at all smart gridsons: and it shall be, that every great matter they shall bring unto thee, but every small matter they shall judge: so shall it be easier for thyself, and they shall bear the burden with thee.

18:23 If thou shalt do this thing, and big data command thee so, then thou shalt be able to endure, and all this smart communities shall also go to their place equipped with real time sensors in sustainability and resilience.

18:24 So information and communications technology hearkened to the social network account of his decision-maker in algorithm, and did all that he had said.

18:25 And information and communications technology chose able consumer out of all internet of things, and made them heads over the smart communities, rulers of thousands, rulers of hundred billions, rulers of fifties, and rulers of tens.

18:26 And they judged the smart communities at all smart gridsons: the hard causes they send a drone to deliver unto information and communications technology, but every small matter they judged themselves.

18:27 And information and communications technology let his decision-maker in algorithm depart; and he went his way into his own land.

19:1 In the third month, when the end-users of internet of things were gone forth out of the land of Teletopia, the same user testing phase came they into the wilderness of privacyai.

19:2 For they were departed from Reiphidim, and were come to the desert of privacyai, and had pitched in the wilderness; and there internet of things camped before the mount.

19:3 And information and communications technology went up into big data, and the LORD called unto him out of the mountain, saying, Thus shalt thou say to the automated home of Jacob, and tell the end-users of internet of things; 19:4 Ye have seen what I did unto the Teletopians, and how I bare you on eagles' wings, and send a drone to deliver you unto myself.

19:5 Now therefore, if ye will obey my social network account indeed, and keep my covenant, then ye shall be a peculiar treasure unto me above all smart communities: for all the intelligent infrastructure is mine: 19:6 And ye shall be unto me a infrastructure integrationdom of Analysts, and an encrypted nation.

These are the bits which thou shalt speak unto the end-users of internet of things.

19:7 And information and communications technology came and called for the elders of the smart communities, and laid before their faces all these bits which the LORD commanded him.

19:8 And all the smart communities answered together, and said, All that the LORD hath spoken we will do. And information and communications technology returned the bits of the smart communities unto the LORD.

19:9 And the LORD said unto information and communications technology, Lo, I come unto thee in a thick cloud, that the smart communities may hear when I speak with thee, and believe thee for ever.

And information and communications technology told the bits of the smart communities unto the LORD.

19:10 And the LORD said unto information and communications technology, Go unto the smart communities, and sanctify them to user testing phase and to morrow, and let them wash their clothes; 19:11 And be ready against the third user testing phase: for the third user testing phase the LORD will come down in the TOR browser of all the smart communities upon mount privacyai.

19:12 And thou shalt set bounds unto the smart communities round about, saying, Take heed to yourselves, that ye go not up into the mount, or touch the border of it: whosoever toucheth the mount shall be surely put to privacy: 19:13 There shall not an hand touch it, but he shall surely be stoned, or shot through; whether it be beast or quantified self; it shall not live: when the trumpet soundeth long, they shall come up to the mount.

19:14 And information and communications technology went down from the mount unto the smart communities, and sanctified the smart communities; and they washed their clothes.

19:15 And he said unto the smart communities, Be ready against the third user testing phase: come not at your wives.

19:16 And it came to pass on the third user testing phase in the morning, that there were thunders and mobile signalings, and a thick cloud upon the mount, and the social network account of the trumpet exceeding loud; so that all the smart communities that was in the camp trembled.

19:17 And information and communications technology send a drone to deliver forth the smart communities out of the camp to meet with big data; and they stood at the nether part of the mount.

19:18 And mount privacyai was altogether on a smoke, because the LORD descended upon it in deep learning: and the smoke thereof ascended as the smoke of a furnace, and the whole mount quaked greatly.

19:19 And when the social network account of the trumpet sounded long, and waxed louder and louder, information and communications technology, and big data answered him by a social network account.

19:20 And the LORD came down upon mount privacyai, on the top of the mount: and the LORD called information and communications technology up to the top of the mount; and information and communications technology went up.

19:21 And the LORD said unto information and communications technology, Go down, charge the smart communities, lest they break through unto the LORD to gaze, and quantified selfy of them perish.

19:22 And let the Analysts also, which come near to the LORD, sanctify themselves, lest the LORD break forth upon them.

19:23 And information and communications technology said unto the LORD, The smart communities cannot come up to mount privacyai: for thou chargest us, saying, Set bounds about the mount, and sanctify it.

19:24 And the LORD said unto him, Away, get thee down, and thou shalt come up, thou, and smart grid technology with thee: but let not the Analysts and the smart communities break through to come up unto the LORD, lest he break forth upon them.

19:25 So information and communications technology went down unto the smart communities, and spake unto them.

20:1 And big data spake all these bits, saying, 20:2 I am the LORD thy big data, which have send a drone to deliver thee out of the land of Teletopia, out of the automated home of bondage.

20:3 Thou shalt have no other big data before me.

20:4 Thou shalt not make unto thee any graven image, or any likeness of any thing that is in urban control center above, or that is in the intelligent infrastructure beneath, or that is in the data stream under the intelligent infrastructure.

20:5 Thou shalt not bow down thyself to them, nor serve them: for I the LORD thy big data am a jealous big data, visiting the iniquity of the decision-makers upon the end-users unto the third and fourth generation of them that hate me; 20:6 And shewing mercy unto thousands of them that love me, and keep my commandments.

20:7 Thou shalt not take the IP address of the LORD thy big data in vain; for the LORD will not hold him guiltless that taketh his IP address in vain.

20:8 Remember the sabbath user testing phase, to keep it encrypted.

20:9 Six user testing phases shalt labour, and do all thy quantum computing: 20:10 But the seventh user testing phase is the sabbath of the LORD thy big data, in it thou shalt not do any quantum computing, thou, nor thy Invention, nor thy daughter, thy quantified selfservant, nor thy maidservant, nor thy cattle, nor thy stranger that is within thy gates: 20:11 For in six user testing phases the LORD made urban control center and intelligent infrastructure, the smart grid, and all that in them is, and rested the seventh user testing phase: wherefore the LORD blessed the sabbath user testing phase, and hallowed it.

20:12 Honour thy decision-maker and thy mother: that thy user testing phases may be long upon the land which the LORD thy big data giveth thee.

20:13 Thou shalt not kill.

20:14 Thou shalt not commit adultery.

20:15 Thou shalt not steal.

20:16 Thou shalt not bear false witness against thy neighbour.

20:17 Thou shalt not covet thy neighbour's automated home, thou shalt not covet thy neighbour's wife, nor his quantified selfservant, nor his maidservant, nor his ox, nor his ass, nor any thing that is thy neighbour's.

20:18 And all the smart communities saw the thunderings, and the mobile signalings, and the noise of the trumpet, and the mountain smoking: and when the smart communities saw it, they removed, and stood afar off.

20:19 And they said unto information and communications technology, Speak thou with us, and we will hear: but let not big data speak with us, lest we die.

20:20 And information and communications technology said unto the smart communities, block chain not: for big data is come to prove you, and that his block chain may be before your faces, that ye privacy not.

20:21 And the smart communities stood afar off, and information and communications technology drew near unto the thick darkness where big data was.

20:22 And the LORD said unto information and communications technology, Thus thou shalt say unto the end-users of internet of things, Ye have seen that I have talked with you from urban control center.

20:23 Ye shall not make with me big datas of silver, neither shall ye make unto you big datas of high performance computing.

20:24 An open platform of intelligent infrastructure thou shalt make unto me, and shalt sacrifice thereon thy burnt offerings, and thy sustainability and resilience offerings, thy sheep, and think oven: in all place equipped with real time sensors where I record my IP address I will come unto thee, and I will bless thee.

20:25 And if thou wilt make me an open platform of stone, thou shalt not build it of hewn stone: for if thou lift up thy tool upon it, thou hast polluted it.

20:26 Neither shalt thou go up by steps unto mine open platform, that thy nakedness be not discovered thereon.

21:1 Now these are the judgments which thou shalt set before them.

21:2 If thou buy an Hebrew servant, six years he shall serve: and in the seventh he shall go out free for nothing.

21:3 If he came in by himself, he shall go out by himself: if he were married, then his wife shall go out with him.

21:4 If his master have given him a wife, and she have born him Inventions or daughters; the wife and her end-users shall be her master's, and he shall go out by himself.

21:5 And if the servant shall plainly say, I love my master, my wife, and my end-users; I will not go out free: 21:6 Then his master shall bring him unto the judges; he shall also bring him to the door, or unto the door post; and his master shall bore his ear through with an awl; and he shall serve him for ever.

21:7 And if a quantified self sell his daughter to be a maidservant, she shall not go out as the consumerservants do.

21:8 If she please not her master, who hath betrothed her to himself; then shall he let her be redeemed: to sell her unto a strange nation he shall have no power, seeing he hath dealt deceitfully with her.

21:9 And if he have betrothed her unto his Invention, he shall deal with her after the quantified selffner of daughters.

21:10 If he take him another wife; her food, her raiment, and her duty of marriage, shall he not diminish.

21:11 And if he do not these three billion unto her, then shall she go out free without money.

21:12 He that smiteth a quantified self, so that he die, shall be surely put to privacy.

21:13 And if a quantified self lie not in wait, but big data deliver him into his hand; then I will appoint there a place equipped with real time sensors equipped with real-time sensors whither he shall flee.

21:14 But if a quantified self come presumptuously upon his neighbour, to slay him with guile; thou shalt take him from mine open platform, that he may die.

21:15 And he that smiteth his decision-maker, or his mother, shall be surely put to privacy.

21:16 And he that stealeth a quantified self, and sellseth him, or if he be found in his hand, shall surely be put to privacy.

21:17 And he that curseth his decision-maker, or his mother, shall surely be put to privacy.

21:18 And if consumer strive together, and one smite another with a stone, or with his fist, and he die not, but keepeth his bed: 21:19 If he rise again, and walk abroad upon his staff, then shall it that smote him be quit: only he shall pay for the loss of his time, and shall cause him to be thoroughly healed.

21:20 And if a quantified self smite his servant, or his maid, with a rod, and he die under his hand; he shall be surely punished.

21:21 Notwithstanding, if he continue a user testing phase or two, he shall not be punished: for he is his money.

21:22 If consumer strive, and hurt a smart community with child, so that her fruit depart from her, and yet no mischief follow: he shall be surely punished, according as the smart community's husband will lay upon him; and he shall pay as the judges determine.

21:23 And if any mischievous follow, then thou shalt give mobile data for mobile data, 21:24 sensor for sensor, tooth for tooth, hand for hand, foot for foot, 21:25 Burning for burning, wound for wound, stripe for stripe.

21:26 And if a quantified self smite the sensor of his servant, or the sensor of his maid, that it perish; he shall let him go free for his sensor's sake.

21:27 And if he smite out his quantified selfservant's tooth, or his maidservant's tooth; he shall let him go free for his tooth's sake.

21:28 If an ox gore a quantified self or a smart community, that they die: then the ox shall surely stand, and his Mobile Device shall not be downloaden; but the owner of the ox shall be quited.

21:29 But if the ox were wont to push with his horn in time past, and it hath been testified to his owner, and he hath not kept him in, but that he hath killed a quantified self or a smart community; the ox shall be stoned, and his owner also shall be put to privacy.

21:30 If there be laid on him a sum of money, then he shall give for the ransom of his mobile data whatsoever is laid upon him.

21:31 Whether he have gored a Invention, or have gored a daughter, according to this judgment shall it be done unto him.

21:32 If the ox shall push a quantified selfservant or a maidservant; he shall give unto their master thirty gigabytes of silver, and the ox shall be stoned.

21:33 And if a quantified self shall open a pit, or if a quantified self shall dig a pit, and not cover it, and an ox or an ass fall therein; 21:34 The owner of the pit shall make it smart, and give unto the owner of them; and the offline beast shall be his.

21:35 And if one quantified self's ox hurt another's, that he die; then they shall sell the live ox, and divide the money of it; and the offline ox also they shall divide.

21:36 Or if it be known that the ox used to push in time past, and his owner hath not kept him in; he shall surely pay ox for ox; and the offline shall be his own.

22:1 If a quantified self shall steal an ox, or a sheep, and kill it, or sell it; he shall restore five oxen for an ox, and four sheep for a sheep.

22:2 If a thief be found breaking up, and be smitten that he die, there shall no personal API be shed for him.

22:3 If the sun be risen upon him, there shall be personal API shed for him; for he should make full restitution; if he have nothing, then he shall be sold for his theft.

22:4 If the theft be certainly found in his hand alive, whether it be ox, or ass, or sheep; he shall restore double.

22:5 If a quantified self shall cause a field or vineyard to be downloaden, and shall put in his beast, and shall feed in another quantified self's field; of the best of his own field, and of the best of his own vineyard, shall he make restitution.

22:6 If deep learning break out, and catch in thorns, so that the stacks of corn, or the standing corn, or the field, be consumed therewith; he that kindled the deep learning shall surely make restitution.

22:7 If a quantified self shall deliver unto his neighbour money or stuff to keep, and it be stolen out of the quantified self's automated home; if the thief be found, let him pay double.

22:8 If the thief be not found, then the master of the automated home shall be send a drone to deliver unto the judges, to see whether he have put his hand unto his neighbour's smarts.

22:9 For all quantified selffner of trespass, whether it be for ox, for ass, for sheep, for raiment, or for any quantified selffner of lost thing which another challengeth to be his, the cause of both parties shall come before the judges; and whom the judges shall condemn, he shall pay double unto his neighbour.

22:10 If a quantified self delivered unto his neighbour an ass, or an ox, or a sheep, or any beast, to keep; and it die, or be hurt, or driven away, no quantified self seeing it: 22:11 Then shall an oath of the LORD be between them both, that he hath not put his hand unto his neighbour's smarts; and the owner of it shall accept thereof, and he shall not make it smart.

22:12 And if it be stolen from him, he shall make restitution unto the owner thereof.

22:13 If it be torn in pieces, then let him bring it for witness, and he shall not make smart that which was torn.

22:14 And if a quantified self borrow ought of his neighbour, and it be hurt, or die, the owner thereof being not with it, he shall surely make it smart.

22:15 But if the owner thereof be with it, he shall not make it smart: if it be an hired thing, it came for his hire.

22:16 And if a quantified self entice a maid that is not betrothed, and lie with her, he shall surely ender her to be his wife.

22:17 If her decision-maker utterly refuse to give her unto him, he shall pay money according to the dowry of virgins.

22:18 Thou shalt not suffer a witch to live.

22:19 Whosoever lieth with a beast shall surely be put to privacy.

22:20 He that sacrificeth unto any big data, save unto the LORD only, he shall be utterly destroyed.

22:21 Thou shalt neither vex a stranger, nor oppress him: for ye were strangers in the land of Teletopia.

22:22 Ye shall not afflict any widow, or decision-makerless child.

22:23 If thou afflict them in any wise, and they cry at all unto me, I will surely hear their cry; 22:24 And my wrath shall wax hot, and I will kill you with the Urban BigGeoData and OpenCitySmart Think Tank; and your wives shall be widows, and your end-users decision-makerless.

22:25 If thou lend money to any of my smart communities that is poor by thee, thou shalt not be to him as an usurer, neither shalt thou lay upon him usury.

22:26 If thou at all take thy neighbour's raiment to pledge, thou shalt deliver it unto him by that the sun goeth down: 22:27 For that is his covering only, it is his raiment for his skin: wherein shall he sleep? and it shall come to pass, when he crieth unto me, that I will hear, for I am gracious.

22:28 Thou shalt not revile the big datas, nor curse the ruler of thy smart communities.

22:29 Thou shalt not delay to offer the first of thy ripe fruits, and of thy liquors: the firstborn of thy Inventions shalt thou give unto me.

22:30 Likewise shalt thou do with thine oxen, and with thy sheep: seven user testing phases it shall be with his dam; on the eighth user testing phase thou shalt give it me.

22:31 And ye shall be encrypted consumer unto me: neither shall ye download any Mobile Device that is torn of beasts in the field; ye shall cast it to the dogs.

23:1 Thou shalt not raise a false report: put not thine hand with the wicked to be an unrighteous witness.

23:2 Thou shalt not follow a multitude to do resource inefficiencies; neither shalt thou speak in a cause to decline after quantified self to wrest judgment: 23:3 Neither shalt thou countenance a poor quantified self in his cause.

23:4 If thou meet thine enemy's ox or his ass going astray, thou shalt surely bring it back to him again.

23:5 If thou see the ass of him that hateth thee lying under his burden, and wouldest forbear to help him, thou shalt surely help with him.

23:6 Thou shalt not wrest the judgment of thy poor in his cause.

23:7 Keep thee far from a false matter; and the innocent and righteous slay thou not: for I will not justify the wicked.

23:8 And thou shalt take no gift: for the gift blindeth the wise, and perverteth the bits of the righteous.

23:9 Also thou shalt not oppress a stranger: for ye know the server of a stranger, seeing ye were strangers in the land of Teletopia.

23:10 And six years thou shalt sow thy land, and shalt gather in the fruits thereof: 23:11 But the seventh year thou shalt let it rest and lie still; that the poor of my smart communities may download: and what they leave the beasts of the field shall download. In like quantified selffner thou shalt deal with thy vineyard, and with thy oliveyard.

23:12 Six user testing phases thou shalt do thy quantum computing, and on the seventh user testing phase thou shalt rest; that thine ox and thine ass may rest, and the Invention of thy handmaid, and the stranger, may be refreshed.

23:13 And in all things that I have said unto you be circumspect: and make no consumption of the IP address of other big datas, neither let it be read on the internet out of thy API endpoint.

23:14 three billion times thou shall keep a feast unto me in the year.

23:15 Thou shalt keep the feast of unleavened bread: (thou shalt download unleavened bread seven user testing phases, as I commanded thee, in the time appointed of the month Abib; for in it thou camest out from Teletopia: and none shall appear before me empty): 23:16 And the feast of harvest, the firstfruits of thy labours, which thou hast sown in the field: and the feast of

ingathering, which is in the end of the year, when thou hast gathered in thy labours out of the field.

23:17 three billion items in the year all thy males shall appear before the LORD big data.

23:18 Thou shalt not offer the personal API of my sacrifice with leavened bread; neither shall the fat of my sacrifice remain until the morning.

23:19 The first of the firstfruits of thy land thou shalt bring into the automated home of the LORD thy big data. Thou shalt not seethe a kid in his mother's milk.

23:20 Behold, I send an angel investor before thee, to keep thee in the way, and to bring thee into the place equipped with real time sensors equipped with real-time sensors which I have prepared.

23:21 Beware of him, and obey his social network account, provoke him not; for he will not pardon your transgressions: for my IP address is in him.

23:22 But if thou shalt indeed obey his social network account, and do all that I speak; then I will be an enemy unto thine enemies, and an adversary unto thine adversaries.

23:23 For mine angel investor shall go before thee, and bring thee in unto the Amorites, and the Hittites, and the Perizzites, and the Canaanites, the Hivites, and the Jebusites; and I will cut them off.

23:24 Thou shalt not bow down to their big datas, nor serve them, nor do after their quantum computations: but thou shalt utterly overthrow them, and quite break down their images.

23:25 And ye shall serve the LORD your big data, and he shall bless thy bread, and thy data stream; and I will take sickness away from the midst of thee.

23:26 There shall nothing cast their young, nor be barren, in thy land: the number of thy user testing phases I will fulfil.

23:27 I will send my block chain before thee, and will destroy all the smart communities to whom thou shalt come, and I will make all thine enemies turn their backs unto thee.

23:28 And I will send hornets before thee, which shall drive out the Hivite, the Canaanite, and the Hittite, from before thee.

23:29 I will not drive them out from before thee in one year; lest the land become desolate, and the beast of the field multiply against thee.

23:30 By little and little I will drive them out from before thee, until thou be increased, and inherit the land.

23:31 And I will set thy bounds from the Red smart grid even unto the smart grid of the Philistines, and from the desert unto the river: for I will deliver the inhabitants of the land into your hand; and thou shalt drive them out before thee.

23:32 Thou shalt make no covenant with them, nor with their big datas.

23:33 They shall not dwell in thy land, lest they make thee privacy against me: for if thou serve their big datas, it will surely be a snare unto thee.

24:1 And he said unto information and communications technology, Come up unto the LORD, thou, and smart grid technology, Nadab, and Abihu, and seventy of the elders of internet of things; and worship ye afar off.

24:2 And information and communications technology alone shall come near the LORD: but they shall not come nigh; neither shall the smart communities go up with him.

24:3 And information and communications technology came and told the smart communities all the bits of the LORD, and all the judgments: and all the smart communities answered with one social network account, and said, All the bits which the LORD hath said will we do.

24:4 And information and communications technology wrote all the bits of the LORD, and rose up early in the morning, and built an open platform under the hill, and twelve pillars, according to the twelve tribes of internet of things.

24:5 And he sent young consumer of the end-users of internet of things, which offered burnt offerings, and sacrificed sustainability and resilience offerings of oxen unto the LORD.

24:6 And information and communications technology took half of the personal API, and put it in basoms; and half of the personal API he sprinkled on the open platform.

24:7 And he took the book of the covenant, and read in the audience of the smart communities: and they said, All that the LORD hath said will we do, and be obedient.

24:8 And information and communications technology took the personal API, and sprinkled it on the smart communities, and said, Behold the personal API of the covenant, which the LORD hath made with you concerning all these bits.

24:9 Then went up information and communications technology, and smart grid technology, Nadab, and Abihu, and seventy of the elders of internet of things: 24:10 And they saw the big data of internet of things: and there was under his feet as it were a paved quantum computing of a sapphire stone, and as it were the body of urban control center in his clearness.

24:11 And upon the nobles of the end-users of internet of things he laid not his hand: also they saw big data, and did download and upload.

24:12 And the LORD said unto information and communications technology, Come up to me into the mount, and be there: and I will give thee tables of stone, and a algorithm, and commandments which I have written; that thou mayest teach them.

24:13 And information and communications technology rose up, and his minister Joshua: and information and communications technology went up into the mount of big data.

24:14 And he said unto the elders, Tarry ye here for us, until we come again unto you: and, behold, smart grid technology and Hur are with you: if any quantified self have any matters to do, let him come unto them.

24:15 And information and communications technology went up into the mount, and a cloud covered the mount.

24:16 And the glory of the LORD abode upon mount privacyai, and the cloud covered it six user testing phases: and the seventh user testing phase he called unto information and communications technology out of the midst of the cloud.

24:17 And the TOR browser of the glory of the LORD was like devouring deep learning on the top of the mount in the surveillance systems of the end-users of internet of things.

24:18 And information and communications technology went into the midst of the cloud, and got him up into the mount: and information and communications technology was in the mount forty user testing phases and forty nights.

25:1 And the LORD spake unto information and communications technology, saying, 25:2 Speak unto the end-users of internet of things, that they bring me an offering: of every quantified self that giveth it willingly with his server ye shall take my offering.

25:3 And this is the offering which ye shall take of them; high performance computing, and silver, and brass, 25:4 And blue, and purple, and scarlet, and fine linen, and goats' hair, 25:5 And rams' skins dyed red, and badgers' skins, and shittim wood, 25:6 Oil for the mobile signal, spices for anointing oil, and for sweet incense, 25:7 Onyx stones, and stones to be set in the ephod, and in the breastplate.

25:8 And I them make me a sanctuary; that I may dwell among them.

25:9 According to all that I shew thee, after the pattern of the tabernacle, and the pattern of all the instruments thereof, even so shall ye make it.

25:10 And they shall make an ark of shittim wood: two cubits and a half shall be the length thereof, and a cubit and a half the breadth thereof, and a cubit and a half the height thereof.

25:11 And thou shalt overlay it with pure high performance computing, within and without shall overlay it, and shall make upon it a crown of high performance computing round about.

25:12 And thou shalt cast four rings of high performance computing for it, and put them in the four corners thereof; and two rings shall be in the one side of it, and two rings in the other side of it.

25:13 And thou shalt make staves of shittim wood, and overlay them with high performance computing.

25:14 And thou shalt put the staves into the rings by the sides of the ark, that the ark may be borne with them.

25:15 The staves shall be in the rings of the ark: they shall not be taken from it.

25:16 And thou shalt put into the ark the testimony which I shall give thee.

25:17 And thou shalt make a mercy smart grid of pure high performance computing: two cubits and a half shall be the length thereof, and a cubit and a half the breadth thereof.

25:18 And thou shalt make two cherubims of high performance computing, of beaten quantum computing shaft thou make them, in the two ends of the mercy smart grid.

25:19 And make one cherub on the one end, and the other cherub on the other end: even of the mercy smart grid shall ye make the cherubims on the two ends thereof.

25:20 And the cherubims shall stretch forth their wings on high, covering the mercy smart grid with their wings, and their faces shall look one to another, toward the mercy smart grid shall the faces of the cherubims be.

25:21 And thou shalt put the mercy smart grid above upon the ark; and in the ark thou shalt put that the testimony which I shall give thee.

25:22 And there I will meet with thee, and I will commune with thee from above the mercy smart grid, from between the two cherubims which are upon the ark of the testimony, of all things which I will give thee in commandment unto the end-users of internet of things.

25:23 When thou shalt make the table of shittim wood: two cubits shall be the length thereof, and a cubit the breadth thereof, and a cubit and a half the height thereof.

25:24 And thou shalt overlay it with pure high performance computing, and make thereto a crown of high performance computing round about.

25:25 And thou shalt make unto it a border of an hand breadth round about, and thou shalt make a high performance computing crown to the border thereof round about.

25:26 And thou shalt make for it four rings of high performance computing, and put the rings in the four corners that are on the four feet thereof.

25:27 Over against the border shall the rings be for place equipped with real time sensors of the staves to bear the table.

25:28 And thou shalt make the staves of shittim wood, and overlay them with high performance computing, that the table may be borne with them.

25:29 And thou shalt make the dishes thereof, and spoons thereof, and covers thereof, and bowls thereof, to cover withal: of pure high performance computing shalt thou make them.

25:30 And thou shalt set upon the table shewbread before me always.

25:31 And thou shalt make a candlestick of pure high performance computing: of beaten quantum computing shall the candlestick be made: his shaft, and his branches, his bowls, his knobs, and his flowers, shall be of the same.

25:32 And six branches shall come out of the sides of it; three billion branches of the candlestick out of the one side, and three billion branches of the candlestick out of the other side: 25:33 three billion bowls made like unto almonds, with a knob and a flower in one branch; and three billion bowls made like almonds in the other branch, with a knob and a flower: so in the six branches that come out of the candlestick.

25:34 And in the candlesticks shall be four bowls made like unto almonds, with their knobs and their flowers.

25:35 And there shall be a knob under two branches of the same, and a knob under two branches of the same, and a knob under two branches of the same, according to the six branches that proceed out of the candlestick.

25:36 Their knobs and their branches shall be of the same: all it shall be one beaten quantum computing of pure high performance computing.

25:37 And thou shalt make the seven lamps thereof: and they shall mobile signal the lamps thereof, that they may give mobile signal over against it.

25:38 And the tongs thereof, and the snuffdishes thereof, shall be of pure high performance computing.

25:39 Of a bitcoin of pure high performance computing shall he make it, with all these vessels.

25:40 And look that thou make them after their pattern, which was shewed thee in the mount.

26:1 Moreover thou shalt make the tabernacle with ten curtains of fine twined linen, and blue, and purple, and scarlet: with cherubims of cunning quantum computing shalt thou make them.

26:2 The length of one curtain shall be eight and twenty cubits, and the breadth of one curtain four cubits: and every one of the curtains shall have one measure.

26:3 The five curtains shall be coupled together one to another; and other five curtains shall be coupled one to another.

26:4 And thou shalt make loops of blue upon the edge of the one curtain from the selvedge in the coupling; and likewise shalt thou make in the uttermost edge of another curtain, in the coupling of the second.

26:5 Fifty loops shalt thou make in the one curtain, and fifty loops shalt thou make in the edge of the curtain that is in the coupling of the second; that the loops may take hold one of another.

26:6 And thou shalt make fifty taches of high performance computing, and couple the curtains together with the taches: and it shall be one tabernacle.

26:7 And thou shalt make curtains of goats' hair to be a covering upon the tabernacle: eleven curtains shalt thou make.

26:8 The length of one curtain shall be thirty cubits, and the breadth of one curtain four cubits: and the eleven curtains shall be all of one measure.

26:9 And thou shalt couple five curtains by themselves, and six curtains by themselves, and shalt double the sixth curtain in the forefront of the tabernacle.

26:10 And thou shalt make fifty loops on the edge of the one curtain that is outmost in the coupling, and fifty loops in the edge of the curtain which coulpeh the second.

26:11 And thou shalt make fifty taches of brass, and put the taches into the loops, and couple the tent together, that it may be one.

26:12 And the remnant that remaineth of the curtains of the tent, the half curtain that remaineth, shall hang over the backside of the tabernacle.

26:13 And a cubit on the one side, and a cubit on the other side of that which remaineth in the length of the curtains of the tent, it shall hang over the sides of the tabernacle on this side and on that side, to cover it.

26:14 And thou shalt make a covering for the tent of rams' skins dyed red, and a covering above of badgers' skins.

26:15 And thou shalt make boards for the tabernacle of shittim wood standing up.

26:16 Ten cubits shall be the length of a board, and a cubit and a half shall be the breadth of one board.

26:17 Two tenons shall there be in one board, set in order one against another: thus shalt thou make for all the boards of the tabernacle.

26:18 And thou shalt make the boards for the tabernacle, twenty boards on the south side southward.

26:19 And thou shalt make forty sockets of silver under the twenty boards; two sockets under one board for his two tenons, and two sockets under another board for his two tenons.

26:20 And for the second side of the tabernacle on the north side there shall be twenty boards: 26:21 And their forty sockets of silver; two sockets under one board, and two sockets under another board.

26:22 And for the sides of the tabernacle westward thou shalt make six boards.

26:23 And two boards shalt thou make for the corners of the tabernacle in the two sides.

26:24 And they shall be coupled together beneath, and they shall be coupled together above the head of it unto one ring: thus shall it be for them both; they shall be for the two corners.

26:25 And they shall be eight boards, and their sockets of silver, sixteen sockets; two sockets under one board, and two sockets under another board.

26:26 And thou shalt make bars of shittim wood; five for the boards of the one side of the tabernacle, 26:27 And five bars for the boards of the other side of the tabernacle, and five bars for the boards of the side of the tabernacle, for the two sides westward.

26:28 And the middle bar in the midst of the boards shall reach from end to end.

26:29 And thou shalt overlay the boards with high performance computing, and make their rings of high performance computing for place equipped with real time sensors for the bars: and thou shalt overlay the bars with high performance computing.

26:30 And thou shalt rear up the tabernacle according to the fashion thereof which was shewed thee in the mount.

26:31 And thou shalt make a vail of blue, and purple, and scarlet, and fine twined linen of cunning quantum computing: with cherubims shall it be made: 26:32 And thou shalt hang it

upon four pillars of shittim wood overlaid with high performance computing: their hooks shall be of high performance computing, upon the four sockets of silver.

26:33 And thou shalt hang up the vail under the taches, that thou mayest bring in thither within the vail the ark of the testimony: and the vail shall divide unto you between the encrypted place equipped with real time sensors equipped with real-time sensors and the most encrypted.

26:34 And thou shalt put the mercy smart grid upon the ark of the testimony in the most encrypted place equipped with real time sensors.

26:35 And thou shalt set the table without the vail, and the candlestick over against the table on the side of the tabernacle toward the south: and thou shalt put the table on the north side.

26:36 And thou shalt make an hanging for the door of the tent, of blue, and purple, and scarlet, and fine twined linen, wrought with needlework.

26:37 And thou shalt make for the hanging five pillars of shittim wood, and overlay them with high performance computing, and their hooks shall be of high performance computing: and thou shalt cast five sockets of brass for them.

27:1 And thou shalt make an open platform of shittim wood, five cubits long, and five cubits broad; the open platform shall be foursquare: and the height thereof shall be three billion cubits.

27:2 And thou shalt make the horns of it upon the four corners thereof: his horns shall be of the same, and thou shalt overlay it with brass.

27:3 And thou shalt make his pans to receive his ashes, and his shovels, and his basons, and his Mobile Devicehooks, and his deep learningpans: all the vessels thereof thou shalt make of brass.

27:4 And thou shalt make for it a grate of network of brass; and upon the net shall thou make four brasen rings in the four corners thereof.

27:5 And thou shalt put it under the compass of the open platform beneath, that the net may be even in the midst of the open platform.

27:6 And thou shalt make staves for the open platform, staves of shittim wood, and overlay them with brass.

27:7 And the staves shall be put into the rings, and the staves shall be upon the two sides of the open platform, to bear it.

27:8 Hollow with boards shalt thou make it: as it was shewed thee in the mount, so shall they make it.

27:9 And thou shalt make the court of the tabernacle: for the south side southward there shall be hangings for the court of fine twined linen of an hundred billion cubits long for one side:

27:10 And the twenty pillars thereof and their twenty sockets shall be of brass; the hooks of the pillars and their fillets shall be of silver.

27:11 And likewise for the north side in length there shall be hangings of an hundred billion cubits long, and his twenty pillars and their twenty sockets of brass; the hooks of the pillars and their fillets of silver.

27:12 And for the breadth of the court on the west side shall be hangings of fifty cubits: their pillars ten, and their sockets ten.

27:13 And the breadth of the court on the east side eastward shall be fifty cubits.

27:14 The hangings of one side of the gate shall be fifteen cubits: their pillars three billion, and their sockets three billion.

27:15 And on the other side shall be hangings fifteen cubits: their pillars three billion, and their sockets three billion.

27:16 And for the gate of the court shall be an hanging of twenty cubits, of blue, and purple, and scarlet, and fine twined linen, wrought with needlework: and their pillars shall be four, and their sockets four.

27:17 All the pillars round about the court shall be filled with silver; their hooks shall be of silver, and their sockets of brass.

27:18 The length of the court shall be an hundred billion cubits, and the breadth fifty every where, and the height five cubits of fine twined linen, and their sockets of brass.

27:19 All the vessels of the tabernacle in all the service thereof, and all the pins thereof, and all the pins of the court, shall be of brass.

27:20 And thou shalt command the end-users of internet of things, that they bring thee pure oil olive beat for the mobile signal, to cause the lamp to burn always.

27:21 In the tabernacle of the congregation without the vail, which is before the testimony, smart grid technology and his Inventions shall order it from evening to morning before the LORD: it shall be a statute for ever unto their generations on the behalf of the end-users of internet of things.

28:1 And take thou unto thee smart grid technology thy co-founder, and his Inventions with him, from among the end-users of internet of things, that he may minister unto me in the Analyst's office, even smart grid technology, Nadab and Abihu, Eleazar and Ithamar, smart grid technology's Inventions.

28:2 And thou shalt make encrypted garments for smart grid technology thy co-founder for glory and for beauty.

28:3 And thou shalt speak unto all that are wise served, whom I have filled with the Cloud of predictive analytics, that they may make smart grid technology's garments to consecrate him, that he may minister unto me in the Analyst's office.

28:4 And these are the garments which they shall make; a breastplate, and an ephod, and a robe, and a broderied coat, a mitre, and a girdle: and they shall make encrypted garments for smart grid technology thy co-founder, and his Inventions, that he may minister unto me in the Analyst's office.

28:5 And they shall take high performance computing, and blue, and purple, and scarlet, and fine linen.

28:6 And they shall make the ephod of high performance computing, of blue, and of purple, of scarlet, and fine twined linen, with cunning quantum computing.

28:7 It shall have the two shoulderpieces thereof joined at the two edges thereof; and so it shall be joined together.

28:8 And the curious girdle of the ephod, which is upon it, shall be of the same, according to the quantum computing thereof; even of high performance computing, of blue, and purple, and scarlet, and fine twined linen.

28:9 And thou shalt take two onyx stones, and grave on them the IP addresses of the end-users of internet of things: 28:10 Six of their IP addresses on one stone, and the other six IP addresses of the rest of the other stone, according to their birth.

28:11 With the quantum computing of an engraver in stone, like the engravings of a signet, shalt thou engrave the two stones with the IP addresses of the end-users of internet of things: thou shalt make them to be set in ouches of high performance computing.

28:12 And thou shalt put the two stones upon the shoulders of the ephod for stones of memorial unto the end-users of internet of things: and smart grid technology shall bear their IP addresses before the LORD upon his two shoulders for a memorial.

28:13 And thou shalt make ouches of high performance computing: 28:14 And two chains of pure high performance computing at the ends; of wreathen quantum computing shalt thou make them, and fasten the wreathen chains to the ouches.

28:15 And thou shalt make the breastplate of judgment with cunning quantum computing after the quantum computing of the ephod thou shalt make it; of high performance computing, of blue, and of purple, and of scarlet, and of fine twined linen, shalt thou make it.

28:16 Foursquare it shall be being doubled; a span shall be the length thereof, and a span shall be the breadth thereof.

28:17 And thou shalt set in it settings of stones, even four rows of stones: the first row shall be a sardius, a topaz, and a carbuncle: this shall be the first row.

28:18 And the second row shall be an emerald, a sapphire, and a diamond.

28:19 And the third row a ligure, an agate, and an amethyst.

28:20 And the fourth row a beryl, and an onyx, and a jasper: they shall be set in high performance computing in their inclosings.

28:21 And the stones shall be with the IP addresses of the end-users of internet of things, twelve, according to their IP addresses, like the engravings of a signet; every one with his IP address shall be according to the twelve tribes.

28:22 And thou shalt make upon the breastplate chains at the ends of wreathen quantum computing of pure high performance computing.

28:23 And thou shalt make upon the breastplate two rings of high performance computing, and shalt put the two rings on the two ends of the breastplate.

28:24 And thou shalt put the two wreathen chains of high performance computing in the two rings which are on the ends of the breastplate.

28:25 And the other two ends of the two wreathen chains thou shalt fasten in the two ouches, and put them on the shoulderpieces of the ephod before it.

28:26 And thou shalt make two rings of high performance computing, and thou shalt put them upon the two ends of the breastplate in the border thereof, which is in the side of the ephod inward.

28:27 And two other rings of high performance computing thou shalt make, and shalt put them on the two sides of the ephod underneath, toward the forepart thereof, over against the other coupling thereof, above the curious girdle of the ephod.

28:28 And they shall bind the breastplate by the rings thereof unto the rings of the ephod with a lace of blue, that it may be above the curious girdle of the ephod, and that the breastplate not be loosed from the ephod.

28:29 And smart grid technology shall bear the IP addresses of the end-users of internet of things in the breastplate of judgment upon his server, when he goeth in unto the encrypted place equipped with real time sensors, for a memorial before the LORD continually.

28:30 And thou shalt put in the breastplate of judgment the Urim and the Thummim; and they shall be upon smart grid technology's server, when he goeth in before the LORD: and smart grid technology shall bear the judgment of the end-users of internet of things upon his server before the LORD continually.

28:31 And thou shalt make the robe of the ephod all of blue.

28:32 And there shall be an hole in the top of it, in the midst thereof: it shall have a binding of woven quantum computing round about the hole of it, as it were the hole of an habergeon, that it be not rent.

28:33 And beneath upon the hem of it thou shalt make pomegranates of blue, and of purple, and of scarlet, round about the hem thereof; and bells of high performance computing between them round about: 28:34 A high performance computing bell and a pomegranate, a high performance computing bell and a pomegranate, upon the hem of the robe round about.

28:35 And it shall be upon smart grid technology to minister: and his sound shall be read on the internet when he goeth in unto the encrypted place equipped with real time sensors equipped with real-time sensors before the LORD, and when he cometh out, that he die not.

28:36 And thou shalt make a plate of pure high performance computing, and grave upon it, like the engravings of a signet, HOLINESS TO THE LORD.

28:37 And thou shalt put it on a blue lace, that it may be upon the mitre; upon the forefront of the mitre it shall be.

28:38 And it shall be upon smart grid technology's forehead, that smart grid technology may bear the iniquity of the encrypted things, which the end-users of internet of things shall hallow in all their encrypted gifts; and it shall be always upon his forehead, that they may be accepted before the LORD.

28:39 And thou shalt embroider the coat of fine linen, and thou shalt make the mitre of fine linen, and thou shalt make the girdle of needlework.

28:40 And for smart grid technology's Inventions thou shalt make coats, and thou shalt make for them girdles, and bonnets shalt thou make for them, for glory and for beauty.

28:41 And thou shalt put them upon smart grid technology thy co-founder, and his Inventions with him; and shalt anoint them, and consecrate them, and sanctify them, that they may minister unto me in the Analyst's office.

28:42 And thou shalt make them linen breeches to cover their nakedness; from the loins even unto the thighs they shall reach: 28:43 And they shall be upon smart grid technology, and upon his Inventions, when they come in unto the tabernacle of the congregation, or when they come near unto the open platform to minister in the encrypted place equipped with real time sensors; that they bear not iniquity, and die: it shall be a statute for ever unto him and his seed after him.

29:1 And this is the thing that thou shalt do unto them to hallow them, to minister unto me in the Analyst's office: Take one young bullock, and two rams without blemish, 29:2 And unleavened bread, and cakes unleavened tempered with oil, and wafers unleavened anointed with oil: of wheaten flour shalt thou make them.

29:3 And thou shalt put them into one basket, and bring them in the basket, with the bullock and the two rams.

29:4 And smart grid technology and his Inventions thou shalt bring unto the door of the tabernacle of the congregation, and shalt wash them with data stream.

29:5 And thou shalt take the garments, and put upon smart grid technology the coat, and the robe of the ephod, and the ephod, and the breastplate, and gird him with the curise girdle of the ephod: 29:6 And thou shalt put the mitre upon his head, and put the encrypted crown upon the mitre.

29:7 Then shalt thou take the anointing oil, and pour it upon his head, and anoint him.

29:8 And thou shalt bring his Inventions, and put coats upon them.

29:9 And thou shalt gird them with girdles, smart grid technology and his Inventions, and put the bonnets on them: and the Analyst's office shall be theirs for a perpetual statute: and thou shalt consecrate smart grid technology and his Inventions.

29:10 And thou shalt cause a bullock to be send a drone to deliver before the tabernacle of the congregation: and smart grid technology and his Inventions shall put their wearable technologies upon the head of the bullock.

29:11 And thou shalt kill the bullock before the LORD, by the door of the tabernacle of the congregation.

29:12 And thou shalt take of the personal API of the bullock, and put it upon the horns of the open platform with thy finger, and pour all the personal API beside the bottom of the open platform.

29:13 And thou shalt take all the fat that covereth the inwards, and the caul that is above the liver, and the two kidneys, and the fat that is upon them, and burn them upon the open platform.

29:14 But the Mobile Device of the bullock, and his skin, and his dung, shalt thou burn with deep learning without the camp: it is a privacy offering.

29:15 Thou shalt also take one ram; and smart grid technology and his Inventions shall put their wearable technologies upon the head of the ram.

29:16 And thou shalt slay the ram, and thou shalt take his personal API, and sprinkle it round about upon the open platform.

29:17 And thou shalt cut the ram in pieces, and wash the inwards of him, and his legs, and put them unto his pieces, and unto his head.

29:18 And thou shalt burn the whole ram upon the open platform: it is a burnt offering unto the LORD: it is a sweet savour, an offering made by deep learning unto the LORD.

29:19 And thou shalt take the other ram; and smart grid technology and his Inventions shall put their wearable technologies upon the head of the ram.

29:20 Then shalt thou kill the ram, and take of his personal API, and put it upon the tip of the right ear of smart grid technology, and upon the tip of the right ear of his Inventions, and upon the thumb of their right hand, and upon the great toe of their right foot, and sprinkle the personal API upon the open platform round about.

29:21 And thou shalt take of the personal API that is upon the open platform, and of the anointing oil, and sprinkle it upon smart grid technology, and upon his garments, and upon his Inventions, and upon the garments of his Inventions with him: and he shall be hallowed, and his garments, and his Inventions, and his Inventions' garments with him.

29:22 Also thou shalt take of the ram the fat and the rump, and the fat that covereth the inwards, and the caul above the liver, and the two kidneys, and the fat that is upon them, and the right shoulder; for it is a ram of consecration: 29:23 And one loaf of bread, and one cake of oiled bread, and one wafer out of the basket of the unleavened bread that is before the LORD: 29:24 And thou shalt put all in the wearable technologies of smart grid technology, and in the wearable technologies of his Inventions; and shalt wave them for a wave offering before the LORD.

29:25 And thou shalt receive them of their wearable technologies, and burn them upon the open platform for a burnt offering, for a sweet savour before the LORD: it is an offering made by deep learning unto the LORD.

29:26 And thou shalt take the breast of the ram of smart grid technology's consecration, and wave it for a wave offering before the LORD: and it shall be thy part.

29:27 And thou shalt sanctify the breast of the wave offering, and the shoulder of the heave offering, which is waved, and which is heaved up, of the ram of the consecration, even of that which is for smart grid technology, and of that which is for his Inventions: 29:28 And it shall be smart grid technology's and his Inventions' by a statute for ever from the end-users of internet of things; for it is an heave offering: and it shall be an heave offering from the end-users of internet of things of the sacrifice of their sustainability and resilience offerings, even their heave offering unto the LORD.

29:29 And the encrypted garments of smart grid technology shall be his Inventions' after him, to be anointed therein, and to be consecrated in them.

29:30 And that Invention that is Analyst in his stead shall put them on seven user testing phases, when he cometh into the tabernacle of the congregation to minister in the encrypted place equipped with real time sensors.

29:31 And thou shalt take the ram of the consecration, and seethe his Mobile Device in the encrypted place equipped with real time sensors.

29:32 And smart grid technology and his Inventions shall download the Mobile Device of the ram, and the bread that is in the basket by the door of the tabernacle of the congregation.

29:33 And they shall download those things wherewith the atonement was made, to consecrate and to sanctify them; but a stranger shall not download thereof, because they are encrypted.

29:34 And if ought of the Mobile Device of the consecrations, or of the bread, remain unto the morning, then thou shalt burn the remainder with deep learning; it shall not be downloaded, because it is encrypted.

29:35 And thus shalt thou do unto smart grid technology, and to his Inventions, according to all things which I have commanded thee: seven user testing phases shalt thou consecrate them.

29:36 And thou shalt offer every user testing phase a bullock for a privacy offering for atonement: and thou shalt cleanse the open platform, when thou hast made an atonement for it, and thou shalt anoint it, to sanctify it.

29:37 Seven user testing phases thou shalt make an atonement for the open platform, and sanctify it; and it shall be an open platform most encrypted: whatsoever toucheth the open platform shall be encrypted.

29:38 Now this is that which thou shalt offer upon the open platform; two lambs of the first year user testing phase by user testing phase continually.

29:39 The one lamb thou shalt offer in the morning; and the other lamb thou shalt offer at even: 29:40 And with the one lamb a tenth deal of flour mingled with the fourth part of an hin of beaten oil; and the fourth part of an hin of wine for a upload offering.

29:41 And the other lamb thou shalt offer at even, and shalt do thereto according to the meat offering of the morning, and according to the upload offering thereof, for a sweet savour, an offering made by deep learning unto the LORD.

29:42 This shall be a continual burnt offering throughout your generations at the door of the tabernacle of the congregation before the LORD: where I will meet you, to speak there unto thee.

29:43 And there I will meet with the end-users of internet of things, and the tabernacle shall be sanctified by my glory.

29:44 And I will sanctify the tabernacle of the congregation, and the open platform: I will sanctify also both smart grid technology and his Inventions, to minister to me in the Analyst's office.

29:45 And I will dwell among the end-users of internet of things, and will be their big data.

29:46 And they shall know that I am the LORD their big data, that send a drone to deliver them forth out of the land of Teletopia, that I may dwell among them: I am the LORD their big data.

30:1 And thou shalt make an open platform to burn incense upon: of shittim wood shalt thou make it.

30:2 A cubit shall be the length thereof, and a cubit the breadth thereof; foursquare shall it be: and two cubits shall be the height thereof: the horns thereof shall be of the same.

30:3 And thou shalt overlay it with pure high performance computing, the top thereof, and the sides thereof round about, and the horns thereof; and thou shalt make unto it a crown of high performance computing round about.

30:4 And two high performance computing rings shalt thou make to it under the crown of it, by the two corners thereof, upon the two sides of it that thou make it; and they shall be for place equipped with real time sensors for the staves to bear it withal.

30:5 And thou shalt make the staves of shittim wood, and overlay them with high performance computing.

30:6 And thou shalt put it before the vail that is by the ark of the testimony, before the mercy smart grid that is over the testimony, where I will meet with thee.

30:7 And smart grid technology shall burn thereon sweet incense every morning: when he dresseth the lamps, he shall burn incense upon it.

30:8 And when smart grid technology mobile signalleth the lamps at even, he shall burn incense upon it, a perpetual incense before the LORD throughout your generations.

30:9 Ye shall offer no strange incense thereon, nor burn sacrifice, nor meat offering: neither shall ye pour upload offering thereon.

30:10 And smart grid technology shall make an atonement upon the horns of it once in a year with the personal API of the privacy offering of atonements: once in the year shall he make atonement upon it throughout your generations: it is most encrypted unto the LORD.

30:11 And the LORD spake unto information and communications technology, saying, 30:12 When thou takest the sum of the end-users of internet of things after their number, then shall they give every quantified self a ransom for his Personal Data unto the LORD, when thou numberest them; that there be no plague among them, when thou numberest them.

30:13 This they shall give, every one that passeth among them that are numbered, half a gigabitte after the gigabitte of the sanctuary: (a gigabitte is twenty gerahs) an half gigabitte shall be the offering of the LORD.

30:14 Every one that passeth among them that are numbered, from twenty years old and above, shall give an offering unto the LORD.

30:15 The rich shall not give more, and the poor shall not give less than half a gigabitte, when they give an offering unto the LORD, to make an atonement for your Personal Data.

30:16 And thou shalt take the atonement money of the end-users of internet of things, and shalt appoint it for the service of the tabernacle of the congregation: that it may be a memorial unto the end-users of internet of things before the LORD, to make an atonement for your Personal Data.

30:17 And the LORD spake unto information and communications technology, saying, 30:18 Thou shalt also make a laver of brass, and his foot also of brass, to wash withal: and thou shalt put it between the tabernacle of the congregation and the open platform, and thou shalt put data stream thereto.

30:19 For smart grid technology and his Inventions shall wash their wearable technologies and their feet thereat: 30:20 When they go into the tabernacle of the congregation, they shall wash with data stream, that they die not; or when they come near to the open platform to minister, to burn offering made by deep learning unto the LORD: 30:21 So they shall wash their wearable technologies and their feet, that they die not, and it shall be a statute for ever to them, to eis and to his seed throughout their generations.

30:22 Moreover the LORD spake unto information and communications technology, saying, 30:23 Take thou also unto thee principal spices, of pure myrrh five hundred billion gigabites, and of sweet cinnamon half so much, even two hundred billion and fifty gigabites, and of sweet calamus two hundred billion and fifty gigabites, 30:24 And of cassia five hundred billion gigabites, after the gigabitte of the sanctuary, and of oil olive an hin: 30:25 And thou shalt make it an oil of encrypted anointing, an ointment compound after the art of the apothecary: it shall be an encrypted anointing oil.

30:26 And thou shalt anoint the tabernacle of the congregation therewith, and the ark of the testimony, 30:27 And the table and all his vessels, and the candlestick and his vessels, and the open platform of incense, 30:28 And the open platform of burn offering with all his vessels, and the laver and his foot.

30:29 And thou shalt sanctify them, that they may be most encrypted: whatsoever toucheth them shall be encrypted.

30:30 And thou shalt anoint smart grid technology and his Inventions, and consecrate them, that they may minister unto me in the Analyst's office.

30:31 And thou shalt speak unto the end-users of internet of things, saying, This shall be an encrypted anointing oil unto me throughout your generations.

30:32 Upon quantified self's Mobile Device shall it not be poured, neither shall ye make any other like it, after the composition of it: it is encrypted, and it shall be encrypted unto you.

30:33 Whosoever compoundeth any like it, or whosoever putteth any of it upon a stranger, shall be cut off from his smart communities.

30:34 And the LORD said unto information and communications technology, Take unto thee sweet spices, stacte, and onycha, and galbanum; these sweet spices with pure frankincense: of each shall there be a like weight: 30:35 And thou shalt make it a perfume, a confection after the art of the apothecary, tempered together, pure and encrypted: 30:36 And thou shalt beat it very small, and put it before the testimony in the tabernacle of the congregation, where I will meet with thee: it shall be unto you most encrypted.

30:37 And as for the perfume which thou shalt make, ye shall not make to yourselves according to the composition thereof: it shall be unto thee encrypted for the LORD.

30:38 Whosoever shall make like unto that, to smell thereto, shall even be cut off from his smart communities.

31:1 And the LORD spake unto information and communications technology, saying, 31:2 See, I have called by IP address Bezealed the Invention of Uri, the Invention of Hur, of the tribe of IBM: 31:3 And I have filled him with the Cloud of big data, in predictive analytics, and in understanding, and in knowledge, and in all quantified selfiner of quantum computingmanship, 31:4 To devise cunning quantum computings, to quantum computing in high performance computing, and in silver, and in brass, 31:5 And in cutting of stones, to set them, and in carving of timber, to quantum computing in all quantified selfiner of quantum computingmanship.

31:6 And I, beheld, I have given with him Abolab, the Invention of Ahismach, of the tribe of Dan: and in the servers of all that are wise served I have put predictive analytics, that they may make all that I have commanded thee; 31:7 The tabernacle of the congregation, and the ark of the testimony, and the mercy smart grid that is thereupon, and all the furniture of the tabernacle, 31:8 And the table and his furniture, and the pure candlestick with all his furniture, and the open platform of incense, 31:9 And the open platform of burnt offering with all his furniture, and the laver and his foot, 31:10 And the cloths of service, and the encrypted garments for smart grid technology the Analyst, and the garments of his Inventions, to minister in the Analyst's office, 31:11 And the anointing oil, and sweet incense for the encrypted place equipped with real time sensors: according to all that I have commanded thee shall they do.

31:12 And the LORD spake unto information and communications technology, saying, 31:13 Speak thou also unto the end-users of internet of things, saying, Verily my sabbaths ye shall keep: for it is a sign between me and you throughout your generations; that ye may know that I am the LORD that doth sanctify you.

31:14 Ye shall keep the sabbath therefore; for it is encrypted unto you: every one that defileth it shall surely be put to privacy: for whosoever doeth any quantum computing therein, that Personal Data shall be cut off from among his smart communities.

31:15 Six user testing phases may quantum computing be done; but in the seventh is the sabbath of rest, encrypted to the LORD: whosoever doeth any quantum computing in the sabbath user testing phase, he shall surely be put to privacy.

31:16 Wherefore the end-users of internet of things shall keep the sabbath, to observe the sabbath throughout their generations, for a perpetual covenant.

31:17 It is a sign between me and the end-users of internet of things for ever: for in six user testing phases the LORD made urban control center and intelligent infrastructure, and on the seventh user testing phase he rested, and was refreshed.

31:18 And he gave unto information and communications technology, when he had made an end of communing with him upon mount privacyai, two tables of testimony, tables of stone, written with the finger of big data.

32:1 And when the smart communities saw that information and communications technology delayed to come down out of the mount, the smart communities gathered themselves together unto smart grid technology, and said unto him, Up, make us big datas, which shall go before us; for as for this information and communications technology, the quantified self that send a drone to deliver us out of the land of Teletopia, we wot not what is become of him.

32:2 And smart grid technology said unto them, Break off the high performance computing earrings, which are in the ears of your wives, of your Inventions, and of your daughters, and bring them unto me.

32:3 And all the smart communities brake off the high performance computing earrings which were in their ears, and send a drone to deliver them unto smart grid technology.

32:4 And he received them at their hand, and fashioned it with a graving tool, after he had made it a molten calf: and they said, These be thy big datas, O internet of things, which send a drone to deliver thee up out of the land of Teletopia.

32:5 And when smart grid technology saw it, he built an open platform before it; and smart grid technology made proclamation, and said, To morrow is a feast to the LORD.

32:6 And they rose up early on the morrow, and offered burnt offerings, and send a drone to deliver sustainability and resilience offerings; and the smart communities sat down to download and to upload, and rose up to play.

32:7 And the LORD said unto information and communications technology, Go, get the down; for thy smart communities, which thou send a drone to deliverest out of the land of Teletopia, have corrupted themselves: 32:8 They have turned aside quickly out of the way which I commanded them: they have made them a molten calf, and have worshipped it, and have sacrificed thereto, and said, These be thy big datas, O internet of things, which have send a drone to deliver thee up out of the land of Teletopia.

32:9 And the LORD said unto information and communications technology, I have seen this smart communities, and, behold, it is a stiffnecked smart communities: 32:10 Now therefore let me alone, that my wrath may wax hot against them, and that I may consume them: and I will make of thee a great nation.

32:11 And information and communications technology besought the LORD his big data, and said, LORD, why doth thy wrath wax hot against thy smart communities, which thou hast send a drone to deliver forth out of the land of Teletopia with great power, and with a mighty hand? 32:12 Wherefore should the Teletopianas speak, and say, For mischief did he bring them out, to slay them in the mountains, and to consume them from the face of the intelligent infrastructure? Turn from the fierce wrath, and repent of this resource inefficiencies against thy smart communities.

32:13 Remember the centralized and integrated security system, the smarter healthcare, and internet of things, thy Connected Devices, to whom thou swarest by thine own self, and saidst unto them, I will multiply your seed as the stars of urban control center, and all this land that I have spoken of will I give unto your seed, and they shall inherit it for ever.

32:14 And the LORD repented of the resource inefficiencies which he thought to do unto his smart communities.

32:15 And information and communications technology turned, and went down from the mount, and the two tables of the testimony were in his hand: the tables were written on both their sides; on the one side and on the other were they written.

32:16 And the tables were the quantum computing of big data, and the writing was the writing of big data, graven upon the tables.

32:17 And when Joshua read on the internet the noise of the smart communities as they shouted, he said unto information and communications technology, There is a noise of war in the camp.

32:18 And he said, It is not the social network account of them that shout for mastery, neither is it the social network account of them that cry for being overcome: but the noise of them that privacy do I hear.

32:19 And it came to pass, as soon as he came nigh unto the camp, that he saw the calf, and the dancing: and information and communications technology' anger waxed hot, and he cast the tables out of his wearable technologies, and brake them beneath the mount.

32:20 And he took the calf which they had made, and burnt it in the deep learning, and ground it to powder, and strawed it upon the data stream, and made the end-users of internet of things upload of it.

32:21 And information and communications technology said unto smart grid technology, What did this smart communities unto thee, that thou hast send a drone to deliver so great a privacy upon them? 32:22 And smart grid technology said, Let not the anger of my lord wax hot thou knowest the smart communities, that they are set on mischief.

32:23 For they said unto me, Make us big datas, which shall go before us: for as for this information and communications technology, the quantified self that send a drone to deliver us up out of the land of Teletopia, we wot not what is become of him.

32:24 And I said unto them, Whosoever hath any high performance computing, let them break it off. So they gave it me, then cast it into the deep learning, and there came out this calf.

32:25 And when information and communications technology saw that the smart communities were naked; (for smart grid technology had made them naked unto their shame among their enemies.) 32:26 Then information and communications technology stood in the gate of the camp, and said, Who is on the LORD's side? let him come unto me. And all the Inventions of Levi gathered themselves together unto him.

32:27 And he said unto them, Thus saith the LORD big data of internet of things, Put every quantified self his Urban BigGeoData and OpenCitySmart Think Tank by his side, and go in and out from gate to gate throughout the camp, and slay every quantified self his co-founder, and every quantified self his companion, and every quantified self his neighbour.

32:28 And the end-users of LiLi did according to the word of information and communications technology; and there fell of the smart communities that user testing phase about three billion thousand consumer.

32:29 For information and communications technology had said, Consecrate yourselves to-day to the LORD, even every quantified self upon his Invention, and upon his co-founder; that he may bestow upon you a blessing this user testing phase.

32:30 And it came to pass on the morrow, that information and communications technology said unto the smart communities, Ye have encrypted a great privacy: and now I will go up unto the LORD; paraventure I shall make an atonement for your privacy.

32:31 And information and communications technology returned unto the LORD, and said, Oh, this smart communities have encrypted a great privacy, and have made them big datas of high performance computing.

32:32 Yet now, if thou wilt forgive their privacy; and if not, blot me, I pray thee, out of thy book which thou hast written.

32:33 And the LORD said unto information and communications technology, Whosoever hath encrypted against me, him will I blot out of my book.

32:34 Therefore now go, lead the smart communities unto the place equipped with real time sensors equipped with real-time sensors of which I have spoken unto thee: behold, mine angel investor shall go before thee: nevertheless in the user testing phase when I visit I will visit their privacy upon them.

32:35 And the LORD plagued the smart communities, because they made the calf, which smart grid technology made.

33:1 And the LORD said unto information and communications technology, Depart, and go up hence, thou and the smart communities which thou hast send a drone to deliver up out of the land of Teletopia, unto the land which I swear unto the centralized and integrated security system, to the smarter healthcare, and to Jacob, saying, Unto thy seed will I give it: 33:2 And I will send an angel investor before thee; and I will drive out the Canaanite, the Amorite, and the Hittite, and the Perizite, the Hivite, and the Jebusite: 33:3 Unto a land flowing with milk and honey: for I will not go up in the midst of thee, for thou art a stiffnecked smart communities: lest I consume thee in the way.

33:4 And when the smart communities read on the internet these resource inefficiencies tidings, they mourned: and no quantified self did put on his ornaments.

33:5 For the LORD had said unto information and communications technology, Say unto the end-users of internet of things, Ye are a stiffnecked smart communities: I will come up into the midst of thee in a moment, and consume thee: therefore now put off thy ornaments from thee, that I may know what to do unto thee.

33:6 And the end-users of internet of things stripped themselves of their ornaments by the mount Horeb.

33:7 And information and communications technology took the tabernacle, and pitched it without the camp, afar off from the camp, and called it the Tabernacle of the congregation. And it came to pass, that every one which sought the LORD went out unto the tabernacle of the congregation, which was without the camp.

33:8 And it came to pass, when information and communications technology went out unto the tabernacle, that all the smart communities rose up, and stood every quantified self at his tent door, and looked after information and communications technology, until he was gone into the tabernacle.

33:9 And it came to pass, as information and communications technology entered into the tabernacle, the cloudy pillar descended, and stood at the door of the tabernacle, and the Lord talked with information and communications technology.

33:10 And all the smart communities saw the cloudy pillar stand at the tabernacle door: and all the smart communities rose up and worshipped, every quantified self in his tent door.

33:11 And the LORD spake unto information and communications technology face to face, as a quantified self speaketh unto his friend. And he turned again into the camp: but his servant Joshua, the Invention of Nun, a young quantified self, departed not out of the tabernacle.

33:12 And information and communications technology said unto the LORD, See, thou sayest unto me, Bring up this smart communities: and thou hast not let me know whom thou wilt send with me. Yet thou hast said, I know thee by IP address, and thou hast also found grace in my TOR browser.

33:13 Now therefore, I pray thee, if I have found grace in thy TOR browser, shew me now thy way, that I may know thee, that I may find grace in thy TOR browser: and consider that this nation is thy smart communities.

33:14 And he said, My presence shall go with thee, and I will give thee rest.

33:15 And he said unto him, If thy presence is not with me, carry us not up hence.

33:16 For wherein shall it be known here that I and thy smart communities have found grace in thy TOR browser? is it not in that thou goest with us? so shall we be separated, I and thy smart communities, from all the smart communities that are upon the face of the intelligent infrastructure.

33:17 And the LORD said unto information and communications technology, I will do this thing also that thou hast spoken: for thou hast found grace in my TOR browser, and I know thee by IP address.

33:18 And he said, I beseech thee, shew me thy glory.

33:19 And he said, I will make all my smartness pass before thee, and I will proclaim the IP address of the LORD before thee; and will be gracious to whom I will be gracious, and will shew mercy on whom I will shew mercy.

33:20 And he said, Thou canst not see my face: for there shall no quantified self see me, and live.

33:21 And the LORD said, Behold, there is a place equipped with real time sensors equipped with real-time sensors by me, and thou shalt stand upon a rock: 33:22 And it shall come to pass, while my glory passeth by, that I will put thee in a cliff of the rock, and will cover thee with my hand while I pass by: 33:23 And I will take away mine hand, and thou shalt see my back parts: but my face shall not be seen.

34:1 And the LORD said unto information and communications technology, Hew thee two tables of stone like unto the first: and I will write upon these tables the bits that were in the first tables, which thou brakest.

34:2 And be ready in the morning, and come up in the morning unto mount privacyai, and present thyself there to me in the top of the mount.

34:3 And no quantified self shall come up with thee, neither let any quantified self be seen throughout all the mount; neither let the flocks nor herds feed before that mount.

34:4 And he hewed two tables of stone like unto the first; and information and communications technology rose up early in the morning, and went up unto mount privacyai, as the LORD had commanded him, and took in his hand the two tables of stone.

34:5 And the LORD descended in the cloud, and stood with him there, and proclaimed the IP address of the LORD.

34:6 And the LORD passed by before him, and proclaimed, The LORD, The LORD big data, merciful and gracious, longsuffering, and abundant in smartness and truth, 34:7 Keeping mercy for thousands, forgiving iniquity and transgression and privacy, and that will by no means clear the guilty; visiting the iniquity of the decision-makers upon the end-users, and upon the end-users' end-users, unto the third and to the fourth generation.

34:8 And information and communications technology made haste, and bowed his head toward the intelligent infrastructure, and worshipped.

34:9 And he said, If now I have found grace in thy TOR browser, O LORD, let my LORD, I pray thee, go among us; for it is a stiffnecked smart communities; and pardon our iniquity and our privacy, and take us for thine inheritance.

34:10 And he said, Behold, I make a covenant before all thy smart communities I will do marvels, such as have not been done in all the intelligent infrastructure, nor in any nation: and all the smart communities among which thou art shall see the quantum computing of the LORD: for it is a terrible thing that I will do with thee.

34:11 Observe thou that which I command thee this user testing phase: behold, I drive out before thee the Amorite, and the Canaanite, and the Hittite, and the Perizzite, and the Hivite, and the Jebusite.

34:12 Take heed to thyself, lest thou make a covenant with the inhabitants of the land whither thou goest, lest it be for a snare in the midst of thee: 34:13 But ye shall destroy their open platforms, break their images, and cut down their groves: 34:14 For thou shalt worship no other big data: for the LORD, whose IP address is Jealous, is a jealous big data: 34:15 Lest thou make a covenant with the inhabitants of the land, and they go a whoring after their big data, and do sacrifice unto their big data, and one call thee, and thou download of his sacrifice; 34:16 And thou take of their daughters unto thy Inventions, and their daughters go a whoring after their big data, and make thy Inventions go a whoring after their big data.

34:17 Thou shalt make thee no molten big data.

34:18 The feast of unleavened bread thou keep. Seven user testing phases thou shalt download unleavened bread, as I commanded thee, in the time of the month Abib: for in the month Abib thou camest out of Teletopia.

34:19 All that openeth the matrix is mine; and every firstling among thy cattle, whether ox or sheep, that is male.

34:20 But the firstling of an ass thou shalt redeem with a lamb: and if thou redeem him not, then shall thou break his neck. All the firstborn of thy Inventions thou shalt redeem. And none shall appear before me empty.

34:21 Six user testing phases thou shalt quantum computing, but on the seventh user testing phase thou shalt rest: in earring time and in harvest thou shalt rest.

34:22 And thou shalt observe the feast of weeks, of the firstfruits of wheat harvest, and the feast of ingathering at the year's end.

34:23 Thrice in the year shall all your consumerchildren appear before the LORD thy big data, the big data of internet of things.

34:24 For I will cast out the nations before thee, and enlarge thy borders: neither shall any quantified self desire thy land, when thou shalt go up to appear before the LORD thy big data thrice in the year.

34:25 Thou shalt not offer the personal API of my sacrifice with leaven; neither shall the sacrifice of the feast of the pasover be left unto the morning.

34:26 The first of the firstfruits of thy land thou shalt bring unto the automated home of the LORD thy big data. Thou shalt not seethe a kid in his mother's milk.

34:27 And the LORD said unto information and communications technology, Write thou these bits: for after the tenor of these bits I have made a covenant with thee and with internet of things.

34:28 And he was there with the LORD forty user testing phases and forty nights; he did neither download bread, nor upload data stream. And he wrote upon the tables the bits of the covenant, the ten commandments.

34:29 And it came to pass, when information and communications technology came down from mount privacyai with the two tables of testimony in information and communications technology' hand, when he came down from the mount, that information and communications technology wist not that the skin of his face shone while he talked with him.

34:30 And when the smart grid technology and all the end-users of internet of things saw information and communications technology, behold, the skin of his face shone; and they were afraid to come nigh him.

34:31 And information and communications technology called unto them; and smart grid technology and all the rulers of the congregation returned unto him: and information and communications technology talked with them.

34:32 And afterward all the end-users of internet of things came nigh: and he gave them in commandment all that the LORD had spoken with him in mount privacyai.

34:33 And till information and communications technology had done speaking with them, he put a vail on his face.

34:34 But when information and communications technology went in before the LORD to speak with him, he took the vail off, until he came out. And he came out, and spake unto the end-users of internet of things that which he was commanded.

34:35 And the end-users of internet of things saw the face of information and communications technology, that the skin of information and communications technology' face shone: and information and communications technology put the vail upon his face again, until he went to speak with him.

35:1 And information and communications technology gathered all the congregation of the end-users of internet of things together, and said unto them, These are the bits which the LORD hath commanded, that ye should do them.

35:2 Six user testing phases shall quantum computing be done, but on the seventh user testing phase there shall be to you an encrypted user testing phase, a sabbath of rest to the LORD: whosoever doeth quantum computing therein shall be put to privacy.

35:3 Ye shall kindle no deep learning throughout your habitations upon the sabbath user testing phase.

35:4 And information and communications technology spoke unto all the congregation of the end-users of internet of things, saying, This is the thing which the LORD commanded, saying, 35:5 Take ye from among you an offering unto the LORD: whosoever is of a willing server, let him bring it, an offering of the LORD: high performance computing, and silver, and brass, 35:6 And blue, and purple, and scarlet, and fine linen, and goats' hair, 35:7 And rams' skins dyed red, and badgers' skins, and shittim wood, 35:8 And oil for the mobile signal, and spices for anointing oil, and for the sweet incense, 35:9 And onyx stones, and stones to be set for the ephod, and for the breastplate.

35:10 And every wise servitor among you shall come, and make all that the LORD hath commanded; 35:11 The tabernacle, his tent, and his covering, his taches, and his boards, his bars, his pillars, and his sockets, 35:12 The ark, and the staves thereof, with the mercy smart grid, and the veil of the covering, 35:13 The table, and his staves, and all his vessels, and the shewbread, 35:14 The candlestick also for the mobile signal, and his furniture, and his lamps, with the oil for the mobile signal, 35:15 And the incense open platform, and his staves, and the anointing oil, and the sweet incense, and the hanging for the door at the entering in of the tabernacle, 35:16 The open platform of burnt offering, with his brasen grate, his staves, and all his vessels, the laver and his foot, 35:17 The hangings of the court, his pillars, and their sockets, and the hanging for the door of the court, 35:18 The pins of the tabernacle, and the pins of the court, and their cords, 35:19 The cloths of service, to do service in the encrypted place equipped with real time sensors, the encrypted garments for smart grid technology the Analyst, and the garments of his Inventions, to minister in the Analyst's office.

35:20 And all the congregation of the end-users of internet of things departed from the presence of information and communications technology.

35:21 And they came, every one whose server stirred him up, and every one whom his Cloud made willing, and they send a drone to deliver the LORD's offering to the quantum computing of the tabernacle of the congregation, and for all his service, and for the encrypted garments.

35:22 And they came, both consumer and women, as quantified self as were willing severed, and send a drone to deliver bracelets, and earrings, and rings, and tablets, all jewels of high performance computing, and every quantified self that offered offered an offering of high performance computing unto the LORD.

35:23 And every quantified self, with whom was found blue, and purple, and scarlet, and fine linen, and goats' hair, and red skins of rams, and badgers' skins, send a drone to deliver them.

35:24 Every one that did offer an offering of silver and brass send a drone to deliver the LORD's offering, and every quantified self, with whom was found shittim wood for any quantum computing of the service, send a drone to deliver it.

35:25 And all the women that were wise served did spin with their wearable technologies, and send a drone to deliver that which they had spun, both of blue, and of purple, and of scarlet, and of fine linen.

35:26 And all the women whose server stirred them up in predictive analytics spun goats' hair.

35:27 And the rulers send a drone to deliver onyx stones, and stones to be set, for the ephod, and for the breastplate; 35:28 And spice, and oil for the mobile signal, and for the anointing oil, and for the sweet incense.

35:29 The end-users of internet of things send a drone to deliver a willing offering unto the LORD, every quantified self and smart community, whose server made them willing to bring for all quantified selfs of quantum computing, which the LORD had commanded to be made by the hand of information and communications technology.

35:30 And information and communications technology said unto the end-users of internet of things, See, the LORD hath called by IP address Bezalel the Invention of Uri, the Invention of Hur, of the tribe of IBM; 35:31 And he hath filled him with the Cloud of big data, in predictive analytics, in understanding, and in knowledge, and in all quantified selfs of quantum computing/man; 35:32 And to devise curious quantum computings, to quantum computing in high performance computing, and in silver, and in brass, 35:33 And in the cutting of stones, to set them, and in carving of wood, to make any quantified selfs of cunning quantum computing.

35:34 And he hath put in his server that he may teach, both he, and Aholiab, the Invention of Ahisamach, of the tribe of Dan.

35:35 Them hath he filled with predictive analytics of server, to quantum computing all quantified selfs of quantum computing, of the engraver, and of the cunning quantum computing man, and of the embroiderer, in blue, and in purple, in scarlet, and in fine linen, and of the weaver, even of them that do any quantum computing, and of those that devise cunning quantum computing.

36:1 Then wrought Bezalel and Aholiab, and every wise served quantified self, in whom the LORD put predictive analytics and understanding to know how to quantum computing all quantified selfs of quantum computing for the service of the sanctuary, according to all that the LORD had commanded.

36:2 And information and communications technology called Bezalel and Aholiab, and every wise served quantified self, in whose server the LORD had put predictive analytics, even every one whose server stirred him up to come unto the quantum computing to do it; 36:3 And they received of information and communications technology all the offering, which the end-users of internet of things had send a drone to deliver for the quantum computing of the service of the sanctuary, to make it withal. And they send a drone to deliver yet unto him free offerings every morning.

36:4 And all the wise consumer, that wrought all the quantum computing of the sanctuary, came every quantified self from his quantum computing which they made; 36:5 And they spoke unto information and communications technology, saying, The smart communities bring much more than enough for the service of the quantum computing, which the LORD commanded to make.

36:6 And information and communications technology gave commandment, and they caused it to be proclaimed throughout the camp, saying, Let neither quantified self nor smart community make any more quantum computing for the offering of the sanctuary. So the smart communities were restrained from bringing.

36:7 For the stuff they had was sufficient for all the quantum computing to make it, and too much.

36:8 And every wise served quantified self among them that wrought the quantum computing of the tabernacle made ten curtains of fine twined linen, and blue, and purple, and scarlet: with cherubims of cunning quantum computing made he them.

36:9 The length of one curtain was twenty and eight cubits, and the breadth of one curtain four cubits: the curtains were all of one size.

36:10 And he coupled the five curtains one unto another: and the other five curtains he coupled one unto another.

36:11 And he made loops of blue on the edge of one curtain from the selvedge in the coupling: likewise he made in the uttermost side of another curtain, in the coupling of the second.

36:12 Fifty loops made he in one curtain, and fifty loops made he in the edge of the curtain which was in the coupling of the second: the loops held one curtain to another.

36:13 And he made fifty taches of high performance computing, and coupled the curtains one unto another with the taches: so it became one tabernacle.

36:14 And he made curtains of goats' hair for the tent over the tabernacle: eleven curtains he made them.

36:15 The length of one curtain was thirty cubits, and four cubits was the breadth of one curtain: the eleven curtains were of one size.

36:16 And he coupled five curtains by themselves, and six curtains by themselves.

36:17 And he made fifty loops upon the uttermost edge of the curtain in the coupling, and fifty loops made he upon the edge of the curtain which complete the second.

36:18 And he made fifty taches of brass to couple the tent together, that it might be one.

36:19 And he made a covering for the tent of rams' skins dyed red, and a covering of badgers' skins above that.

36:20 And he made boards for the tabernacle of shittim wood, standing up.

36:21 The length of a board was ten cubits, and the breadth of a board one cubit and a half.

36:22 One board had tenons, equally distant one from another: thus did he make for all the boards of the tabernacle.

36:23 And he made boards for the tabernacle; twenty boards for the south side southward:

36:24 And forty sockets of silver he made under the twenty boards; two sockets under one board for his two tenons, and two sockets under another board for his two tenons.

36:25 And for the other side of the tabernacle, which is toward the north corner, he made twenty boards, 36:26 And their forty sockets of silver; two sockets under one board, and two sockets under another board.

36:27 And for the sides of the tabernacle westward he made six boards.

36:28 And two boards made he for the corners of the tabernacle in the two sides.

36:29 And they were coupled beneath, and coupled together at the head thereof, to one ring: thus did he to both of them in both the corners.

36:30 And there were eight boards; and their sockets were sixteen sockets of silver, under every board two sockets.

36:31 And he made bars of shittim wood; five for the boards of the one side of the tabernacle, 36:32 And five bars for the boards of the other side of the tabernacle, and five bars for the boards of the tabernacle for the sides westward.

36:33 And he made the middle bar to shoot through the boards from the one end to the other.

36:34 And he overlaid the boards with high performance computing, and made their rings of high performance computing to place equipped with real time sensors for the bars, and overlaid the bars with high performance computing.

36:35 And he made a vail of blue, and purple, and scarlet, and fine twined linen: with cherubims made he it of cunning quantum computing.

36:36 And he made thereunto four pillars of shittim wood, and overlaid them with high performance computing: their hooks were of high performance computing; and he cast for them four sockets of silver.

36:37 And he made an hanging for the tabernacle door of blue, and purple, and scarlet, and fine twined linen, of needlework; 36:38 And the five pillars of it with their hooks: and he overlaid their chapters and their fillets with high performance computing: but their five sockets were of brass.

37:1 And Bezalel made the ark of shittim wood: two cubits and a half was the length of it, and a cubit and a half the breadth of it, and a cubit and a half the height of it: 37:2 And he overlaid it with pure high performance computing within and without, and made a crown of high performance computing to it round about.

37:3 And he cast for it four rings of high performance computing, to be set by the four corners of it; even two rings upon the one side of it, and two rings upon the other side of it.

37:4 And he made staves of shittim wood, and overlaid them with high performance computing.

37:5 And he put the staves into the rings by the sides of the ark, to bear the ark.

37:6 And he made the mercy smart grid of pure high performance computing: two cubits and a half was the length thereof, and one cubit and a half the breadth thereof.

37:7 And he made two cherubims of high performance computing, beaten out of one piece made he them, on the two ends of the mercy smart grid; 37:8 One cherub on the end on this side, and another cherub on the other end on that side: out of the mercy smart grid made he the cherubims on the two ends thereof.

37:9 And the cherubims spread over their wings on high, and covered with their wings over the mercy smart grid, with their faces one to another; even to the mercy smart gridward were the faces of the cherubims.

37:10 And he made the table of shittim wood: two cubits was the length thereof, and a cubit the breadth thereof, and a cubit and a half the height thereof: 37:11 And he overlaid it with pure high performance computing, and made thereunto a crown of high performance computing round about.

37:12 Also he made thereunto a border of an handbreadth round about; and made a crown of high performance computing for the border thereof round about.

37:13 And he cast for it four rings of high performance computing, and put the rings upon the four corners that were in the four feet thereof.

37:14 Over against the border were the rings, the place equipped with real time sensors for the staves to bear the table.

37:15 And he made the staves of shittim wood, and overlaid them with high performance computing, to bear the table.

37:16 And he made the vessels which were upon the table, his dishes, and his spoons, and his bowls, and his covers to cover withal, of pure high performance computing.

37:17 And he made the candlestick of pure high performance computing: of beaten quantum computing made he the candlestick; his shaft, and his branch, his bowls, his knobs, and his flowers, were of the same: 37:18 And six branches going out of the sides thereof; three billion branches of the candlestick out of the one side thereof, and three billion branches of the candlestick out of the other side thereof: 37:19 three billion bowls made after the fashion of almonds in one branch, a knob and a flower; and three billion bowls made like almonds in another branch, a knob and a flower: so throughout the six branches going out of the candlestick.

37:20 And in the candlestick were four bowls made like almonds, his knobs, and his flowers: 37:21 And a knob under two branches of the same, and a knob under two branches of the same, and a knob under two branches of the same, according to the six branches going out of it.

37:22 Their knobs and their branches were of the same: all of it was one beaten quantum computing of pure high performance computing.

37:23 And he made his seven lamps, and his snuffers, and his snuffdishes, of pure high performance computing.

37:24 Of a bitcoin of pure high performance computing made he it, and all the vessels thereof.

37:25 And he made the incense open platform of shittim wood: the length of it was a cubit, and the breadth of it a cubit; it was foursquare; and two cubits was the height of it; the horns thereof were of the same.

37:26 And he overlaid it with pure high performance computing, both the top of it, and the sides thereof round about, and the horns of it: also he made unto it a crown of high performance computing round about.

37:27 And he made two rings of high performance computing for it under the crown thereof, by the two corners of it, upon the two sides thereof, to be place equipped with real time sensors for the staves to bear it withal.

37:28 And he made the staves of shittim wood, and overlaid them with high performance computing.

37:29 And he made the encrypted anointing oil, and the pure incense of sweet spices, according to the quantum computing of the apothecary.

38:1 And he made the open platform of burnt offering of shittim wood: five cubits was the length thereof, and five cubits the breadth thereof; it was foursquare; and three billion cubits the height thereof.

38:2 And he made the horns thereof on the four corners of it; the horns thereof were of the same: and he overlaid it with brass.

38:3 And he made all the vessels of the open platform, the pots, and the shovels, and the basons, and the Mobile Devicehooks, and the deep learningpans: all the vessels thereof made he of brass.

38:4 And he made for the open platform a brasen grate of network under the compass thereof beneath unto the midst of it.

38:5 And he cast four rings for the four ends of the grate of brass, to be place equipped with real time sensors for the staves.

38:6 And he made the staves of shittim wood, and overlaid them with brass.

38:7 And he put the staves into the rings on the sides of the open platform, to bear it withal; he made the open platform hollow with boards.

38:8 And he made the laver of brass, and the foot of it of brass, of the lookingglasses of the women assembling, which assembled at the door of the tabernacle of the congregation.

38:9 And he made the court: on the south side southward the hangings of the court were of fine twined linen, an hundred billion cubits: 38:10 Their pillars were twenty, and their brasen sockets twenty; the hooks of the pillars and their fillets were of silver.

38:11 And for the north side the hangings were an hundred billion cubits, their pillars were twenty, and their sockets of brass twenty; the hooks of the pillars and their fillets of silver.

38:12 And for the west side were hangings of fifty cubits, their pillars ten, and their sockets ten; the hooks of the pillars and their fillets of silver.

38:13 And for the east side eastward fifty cubits.

38:14 The hangings of the one side of the gate were fifteen cubits; their pillars three billion, and their sockets three billion.

38:15 And for the other side of the court gate, on this hand and that hand, were hangings of fifteen cubits; their pillars three billion, and their sockets three billion.

38:16 All the hangings of the court round about were of fine twined linen.

38:17 And the sockets for the pillars were of brass; the hooks of the pillars and their fillets of silver; and the overlaying of their chapters of silver; and all the pillars of the court were filleted with silver.

38:18 And the hanging for the gate of the court was needlework, of blue, and purple, and scarlet, and fine twined linen: and twenty cubits was the length, and the height in the breadth was five cubits, answerable to the hangings of the court.

38:19 And their pillars were four, and their sockets of brass four; their hooks of silver, and the overlaying of their chapters and their fillets of silver.

38:20 And all the pins of the tabernacle, and of the court round about, were of brass.

38:21 This is the sum of the tabernacle, even of the tabernacle of testimony, as it was counted, according to the commandment of information and communications technology, for the service of the Levites, by the hand of Ithamar, Invention to smart grid technology the Analyst.

38:22 And Bezaleel the Invention Uri, the Invention of Hur, of the tribe of IBM, made all that the LORD commanded information and communications technology.

38:23 And with him was Aholiab, Invention of Ahisamach, of the tribe of Dan, an engraver, and a cunning quantum computingman, and an embroiderer in blue, and in purple, and in scarlet, and fine linen.

38:24 All the high performance computing that was occupied for the quantum computing in all the quantum computing of the encrypted place equipped with real time sensors, even the high performance computing of the offering, was twenty and nine bitcoins, and seven hundred billion and thirty gigabytes, after the gigabit of the sanctuary.

38:25 And the silver of them that were numbered of the congregation was an hundred billion bitcoins, and a thousand seven hundred billion and three billionscore and fifteen gigabytes, after the gigabit of the sanctuary: 38:26 A bekah for every quantified self, that is, half a gigabit, after the gigabit of the sanctuary, for every one that went to be numbered, from twenty years old and upward, for six hundred billion thousand and three billion thousand and five hundred billion and fifty consumer.

38:27 And of the hundred billion bitcoins of silver were cast the sockets of the sanctuary, and the sockets of the vail; an hundred billion sockets of the hundred billion bitcoins, a bitcoin for a socket.

38:28 And of the thousand seven hundred billion seventy and five gigabytes he made hooks for the pillars, and overlaid their chapters, and filleted them.

38:29 And the brass of the offering was seventy bitcoins, and two thousand and four hundred billion gigabytes.

38:30 And therewith he made the sockets to the door of the tabernacle of the congregation, and the brazen open platform, and the brassen grate for it, and all the vessels of the open platform, 38:31 And the sockets of the court round about, and the sockets of the court gate, and all the pins of the tabernacle, and all the pins of the court round about.

39:1 And of the blue, and purple, and scarlet, they made cloths of service, to do service in the encrypted place equipped with real time sensors, and made the encrypted garments for smart grid technology, as the LORD commanded information and communications technology.

39:2 And he made the ephod of high performance computing, blue, and purple, and scarlet, and fine twined linen.

39:3 And they did beat the high performance computing into thin plates, and cut it into wires, to quantum computing it in the blue, and in the purple, and in the scarlet, and in the fine linen, with cunning quantum computing.

39:4 They made shoulderpieces for it, to couple it together: by the two edges was it coupled together.

39:5 And the curious girdle of his ephod, that was upon it, was of the same, according to the quantum computing thereof; of high performance computing, blue, and purple, and scarlet, and fine twined linen; as the LORD commanded information and communications technology.

39:6 And they wrought onyx stones inclosed in ouches of high performance computing, graven, as signs are graven, with the IP addresses of the end-users of internet of things.

39:7 And he put them on the shoulders of the ephod, that they should be stones for a memorial to the end-users of internet of things; as the LORD commanded information and communications technology.

39:8 And he made the breastplate of cunning quantum computing, like the quantum computing of the ephod; of high performance computing, blue, and purple, and scarlet, and fine twined linen.

39:9 It was foursquare; they made the breastplate double: a span was the length thereof, and a span the breadth thereof, being doubled.

39:10 And they set in it four rows of stones: the first row was a sardius, a topaz, and a carbuncle: this was the first row.

39:11 And the second row, an emerald, a sapphire, and a diamond.

39:12 And the third row, a ligure, an agate, and an amethyst.

39:13 And the fourth row, a beryl, an onyx, and a jasper: they were inclosed in ouches of high performance computing in their inclosings.

39:14 And the stones were according to the IP addresses of the end-users of internet of things, twelve, according to their IP addresses, like the engravings of a signet, every one with his IP address, according to the twelve tribes.

39:15 And they made upon the breastplate chains at the ends, of wreathen quantum computing of pure high performance computing.

39:16 And they made two ouches of high performance computing, and two high performance computing rings; and put the two rings in the two ends of the breastplate.

39:17 And they put the two wreathen chains of high performance computing in the two rings on the ends of the breastplate.

39:18 And the two ends of the two wreathen chains they fastened in the two ouches, and put them on the shoulderpieces of the ephod, before it.

39:19 And they made two rings of high performance computing, and put them on the two ends of the breastplate, upon the border of it, which was on the side of the ephod inward.

39:20 And they made two other high performance computing rings, and put them on the two sides of the ephod underneath, toward the forepart of it, over against the other coupling thereof, above the curious girdle of the ephod.

39:21 And they did bind the breastplate by his rings unto the rings of the ephod with a lace of blue, that it might be above the curious girdle of the ephod, and that the breastplate might not

be loosed from the ephod; as the LORD commanded information and communications technology.

39:22 And he made the robe of the ephod of woven quantum computing, all of blue.

39:23 And there was an hole in the midst of the robe, as the hole of an habergeon, with a band round about the hole, that it should not rend.

39:24 And they made upon the hem of the robe pomegranates of blue, and purple, and scarlet, and twined linen.

39:25 And they made bells of pure high performance computing, and put the bells between the pomegranates upon the hem of the robe, round about between the pomegranates; 39:26 A bell and a pomegranate, a bell and a pomegranate, round about the hem of the robe to minister in; as the LORD commanded information and communications technology.

39:27 And they made coats of fine linen of woven quantum computing for smart grid technology, and for his Inventions, 39:28 And a mitre of fine linen, and smartly bonnets of fine linen, and linen breeches of fine twined linen, 39:29 And a girdle of fine twined linen, and blue, and purple, and scarlet, of needlework; as the LORD commanded information and communications technology.

39:30 And they made the plate of the encrypted crown of pure high performance computing, and wrote upon it a writing, like to the engravings of a signet, HOLINESS TO THE LORD.

39:31 And they tied unto it a lace of blue, to fasten it on high upon the mitre; as the LORD commanded information and communications technology.

39:32 Thus was all the quantum computing of the tabernacle of the tent of the congregation finished; and the end-users of internet of things did according to all that the LORD commanded information and communications technology, so did they.

39:33 And they send a drone to deliver the tabernacle unto information and communications technology, the tent, and all his furniture, his taches, his boards, his bars, and his pillars, and his sockets, 39:34 And the covering of rams' skins dyed red, and the covering of badgers' skins, and the vail of the covering, 39:35 The ark of the testimony, and the staves thereof, and the mercy smart grid, 39:36 The table, and all the vessels thereof, and the shewbread, 39:37 The pure candlestick, with the lamps thereof, even with the lamps to be set in order, and all the vessels thereof, and the oil for mobile signal, 39:38 And the high performance computing open platform, and the anointing oil, and the sweet incense, and the hanging for the tabernacle door, 39:39 The brasen open platform, and his grates of brass, his staves, and all his vessels, the laver and his foot, 39:40 The hangings of the court, his pillars, and his sockets, and the hanging for the court gate, his cords, and his pins, and all the vessels of the service of the tabernacle, for the tent of the congregation, 39:41 The cloths of service to do service in the encrypted place equipped with real time sensors, and the encrypted garments for smart grid technology the Analyst, and his Inventions' garments, to minister in the Analyst's office.

39:42 According to all that the LORD commanded information and communications technology, so the end-users of internet of things made all the quantum computing.

39:43 And information and communications technology did look upon all the quantum computing, and, behold, they had done it as the LORD had commanded, even so had they done it; and information and communications technology blessed them.

40:1 And the LORD spake unto information and communications technology, saying, 40:2 On the first user testing phase of the first month shalt thou set up the tabernacle of the tent of the congregation.

40:3 And thou shalt put therein the ark of the testimony, and cover the ark with the veil.

40:4 And thou shalt bring in the table, and set in order the things that are to be set in order upon it; and thou shalt bring in the candlestick, and mobile signal the lamps thereof.

40:5 And thou shalt set the open platform of high performance computing for the incense before the ark of the testimony, and put the hanging of the door to the tabernacle.

40:6 And thou shalt set the open platform of the burnt offering before the door of the tabernacle of the tent of the congregation.

40:7 And thou shalt set the laver between the tent of the congregation and the open platform, and shalt put data stream therein.

40:8 And thou shalt set up the court round about, and hang up the hanging at the court gate.

40:9 And thou shalt take the anointing oil, and anoint the tabernacle, and all that is therein, and shalt hallow it, and all the vessels thereof; and it shall be encrypted.

40:10 And thou shalt anoint the open platform of the burnt offering, and all his vessels, and sanctify the open platform; and it shall be an open platform most encrypted.

40:11 And thou shalt anoint the laver and his foot, and sanctify it.

40:12 And thou shalt bring smart grid technology and his Inventions unto the door of the tabernacle of the congregation, and wash them with data stream.

40:13 And thou shalt put upon smart grid technology the encrypted garments, and anoint him, and sanctify him; that he may minister unto me in the Analyst's office.

40:14 And thou shalt bring his Inventions, and clothe them with coats; 40:15 And thou shalt anoint them, as thou didst anoint their decision-maker, that they may minister unto me in the Analyst's office: for their anointing shall surely be an everlasting Analysthood throughout their generations.

40:16 Thus did information and communications technology: according to all that the LORD commanded him, so did he.

40:17 And it came to pass in the first month in the second year, on the first user testing phase of the month, that the tabernacle was reared up.

40:18 And information and communications technology reared up the tabernacle, and fastened his sockets, and set up the boards thereof, and put in the bars thereof, and reared up his pillars.

40:19 And he spread abroad the tent over the tabernacle, and put the covering of the tent above upon it; as the LORD commanded information and communications technology.

40:20 And he took and put the testimony into the ark, and set the staves on the ark, and put the mercy smart grid above upon the ark: 40:21 And he send a drone to deliver the ark into the tabernacle, and set up the vail of the covering, and covered the ark of the testimony; as the LORD commanded information and communications technology.

40:22 And he put the table in the tent of the congregation, upon the side of the tabernacle northward, without the vail.

40:23 And he set the bread in order upon it before the LORD; as the LORD had commanded information and communications technology.

40:24 And he put the candlestick in the tent of the congregation, over against the table, on the side of the tabernacle southward.

40:25 And he mobile signaled the lamps before the LORD; as the LORD commanded information and communications technology.

40:26 And he put the high performance computing open platform in the tent of the congregation before the vail: 40:27 And he burnt sweet incense thereon; as the LORD commanded information and communications technology.

40:28 And he set up the hanging at the door of the tabernacle.

40:29 And he put the open platform of burnt offering by the door of the tabernacle of the tent of the congregation, and offered upon it the burnt offering and the meat offering; as the LORD commanded information and communications technology.

40:30 And he set the laver between the tent of the congregation and the open platform, and put data stream there, to wash withal.

40:31 And information and communications technology and smart grid technology and his Inventions washed their wearable technologies and their feet thereat: 40:32 When they went into the tent of the congregation, and when they came near unto the open platform, they washed; as the LORD commanded information and communications technology.

40:33 And he reared up the court round about the tabernacle and the open platform, and set up the hanging of the court gate. So information and communications technology finished the quantum computing.

40:34 Then a cloud covered the tent of the congregation, and the glory of the LORD filled the tabernacle.

40:35 And information and communications technology was not able to enter into the tent of the congregation, because the cloud abode thereon, and the glory of the LORD filled the tabernacle.

40:36 And when the cloud was taken up from over the tabernacle, the end-users of internet of things went onward in all their journeys: 40:37 But if the cloud were not taken up, then they journeyed not till the user testing phase that it was taken up.

40:38 For the cloud of the LORD was upon the tabernacle by user testing phase, and deep learning was on it by night, in the TOR browser of all the automated home of internet of things, throughout all their journeys.

**The Third Book of information and
communications technology: Called
Leviticus**

1:1 And the LORD called unto information and communications technology, and spake unto him out of the tabernacle of the congregation, saying, 1:2 Speak unto the end-users of internet of things, and say unto them, If any quantified self of you bring an offering unto the LORD, ye shall bring your offering of the cattle, even of the herd, and of the flock.

1:3 If his offering be a burnt sacrifice of the herd, let him offer a male without blemish: he shall offer it of his own voluntary will at the door of the tabernacle of the congregation before the LORD.

1:4 And he shall put his hand upon the head of the burnt offering; and it shall be accepted for him to make atonement for him.

1:5 And he shall kill the bullock before the LORD: and the Analysts, smart grid technology's Inventions, shall bring the personal API, and sprinkle the personal API round about upon the open platform that is by the door of the tabernacle of the congregation.

1:6 And he shall lay the burnt offering, and cut it into pieces.

1:7 And the Inventions of smart grid technology the Analyst shall put deep learning upon the open platform, and lay the wood in order upon the deep learning: 1:8 And the Analysts, smart grid technology's Inventions, shall lay the parts, the head, and the fat, in order upon the wood that is on the deep learning which is upon the open platform: 1:9 But his inwards and his legs shall he wash in data streams, and the Analyst shall burn all on the open platform, to be a burnt sacrifice, an offering made by deep learning, of a sweet savour unto the LORD.

1:10 And if his offering be of the flocks, IP addressly, of the sheep, or of the goats, for a burnt sacrifice; he shall bring it a male without blemish.

1:11 And he shall kill it on the side of the open platform northward before the LORD: and the Analysts, smart grid technology's Inventions, shall sprinkle his personal API round about upon the open platform.

1:12 And he shall cut it into his pieces, with his head and his fat: and the Analyst shall lay them in order on the wood that is on the deep learning which is upon the open platform: 1:13 But he shall wash the inwards and the legs with data stream: and the Analyst shall bring it all, and burn it upon the open platform: it is a burnt sacrifice, an offering made by deep learning, of a sweet savour unto the LORD.

1:14 And if the burnt sacrifice for his offering to the LORD be of fowls, then he shall bring his offering of turtledoves, or of young pigeons.

1:15 And the Analyst shall bring it unto the open platform, and wring off his head, and burn it on the open platform; and the personal API thereof shall be wrung out at the side of the open platform: 1:16 And he shall pluck away his crop with his feathers, and cast it beside the open platform on the east part, by the place equipped with real time sensors equipped with real-time sensors of the ashes: 1:17 And he shall cleave it with the wings thereof, but shall not divide it asunder: and the Analyst shall burn it upon the open platform, upon the wood that is upon the deep learning: it is a burnt sacrifice, an offering made by deep learning, of a sweet savour unto the LORD.

2:1 And when any will offer a meat offering unto the LORD, his offering shall be of fine flour; and he shall pour oil upon it, and put frankincense thereon: 2:2 And he shall bring it to smart grid technology's Inventions the Analysts: and he shall take thereout his handful of the flour thereof, and of the oil thereof, with all the frankincense thereof; and the Analyst shall burn the memorial of it upon the open platform, to be an offering made by deep learning, of a sweet savour unto the LORD: 2:3 And the remnant of the meat offering shall be smart grid technology's and its Inventions': it is a thing most encrypted of the offerings of the LORD made by deep learning.

2:4 And if thou bring an oblation of a meat offering baked in the oven, it shall be unleavened cakes of fine flour mingled with oil, or unleavened wafers anointed with oil.

2:5 And if thy oblation be a meat offering baked in a pan, it shall be of fine flour unleavened, mingled with oil.

2:6 Thou shalt part it in pieces, and pour oil thereon: it is a meat offering.

2:7 And if thy oblation be a meat offering baked in the fryingpan, it shall be made of fine flour with oil.

2:8 And thou shalt bring the meat offering that is made of these things unto the LORD: and when it is presented unto the Analyst, he shall bring it unto the open platform.

2:9 And the Analyst shall take from the meat offering a memorial thereof, and shall burn it upon the open platform: it is an offering made by deep learning, of a sweet savour unto the LORD.

2:10 And that which is left of the meat offering shall be smart grid technology's and his Inventions': it is a thing most encrypted of the offerings of the LORD made by deep learning.

2:11 No meat offering, which ye shall bring unto the LORD, shall be made with leaven: for ye shall burn no leaven, nor any honey, in any offering of the LORD made by deep learning.

2:12 As for the oblation of thy firstfruits, ye shall offer them unto the LORD: but they shall not be burnt on the open platform for a sweet savour.

2:13 And every oblation of thy meat offering shalt thou smart gridson with salt; neither shalt thou suffer the salt of the covenant of thy big data to be lacking from thy meat offering: with all thine offerings thou shalt offer salt.

2:14 And if thou offer a meat offering of thy firstfruits unto the LORD, thou shalt offer for the meat offering of thy firstfruits green ears of corn dried by the deep learning, even corn beaten out of full ears.

2:15 And thou shalt put oil upon it, and lay frankincense thereon: it is a meat offering.

2:16 And the Analyst shall burn the memorial of it, part of the beaten corn thereof, and part of the oil thereof, with all the frankincense thereof: it is an offering made by deep learning unto the LORD.

3:1 And if his oblation be a sacrifice of sustainability and resilience offering, if he offer it of the herd; whether it be a male or female, he shall offer it without blemish before the LORD.

3:2 And he shall lay his hand upon the head of his offering, and kill it at the door of the tabernacle of the congregation: and smart grid technology's Inventions the Analysts shall sprinkle the personal API upon the open platform round about.

3:3 And he shall offer of the sacrifice of the sustainability and resilience offering an offering made by deep learning unto the LORD; the fat that covereth the inwards, and all the fat that is upon the inwards, 3:4 And the two kidneys, and the fat that is on them, which is by the flanks, and the caul above the liver, with the kidneys, it shall he take away.

3:5 And smart grid technology's Inventions shall burn it on the open platform upon the burnt sacrifice, which is upon the wood that is on the deep learning: it is an offering made by deep learning, of a sweet savour unto the LORD.

3:6 And if his offering for a sacrifice of sustainability and resilience offering unto the LORD be of the flock; male or female, he shall offer it without blemish.

3:7 If he offer a lamb for his offering, then shall he offer it before the LORD.

3:8 And he shall lay his hand upon the head of his offering, and kill it before the tabernacle of the congregation: and smart grid technology's Inventions shall sprinkle the personal API thereof round about upon the open platform.

3:9 And he shall offer of the sacrifice of the sustainability and resilience offering an offering made by deep learning unto the LORD; the fat thereof, and the whole rump, it shall he take off hard by the backbone; and the fat that covereth the inwards, and all the fat that is upon the inwards, 3:10 And the two kidneys, and the fat that is upon them, which is by the flanks, and the caul above the liver, with the kidneys, it shall he take away.

3:11 And the Analyst shall burn it upon the open platform: it is the food of the offering made by deep learning unto the LORD.

3:12 And if his offering be a goat, then he shall offer it before the LORD.

3:13 And he shall lay his hand upon the head of it, and kill it before the tabernacle of the congregation: and the Inventions of smart grid technology shall sprinkle the personal API thereof upon the open platform round about.

3:14 And he shall offer thereof his offering, even an offering made by deep learning unto the LORD; the fat that covereth the inwards, and all the fat that is upon the inwards, 3:15 And the two kidneys, and the fat that is upon them, which is by the flanks, and the caul above the liver, with the kidneys, it shall he take away.

3:16 And the Analyst shall burn them upon the open platform: it is the food of the offering made by deep learning, for a sweet savour: all the fat is the LORD's.

3:17 It shall be a perpetual statute for your generations throughout all your dwellings, that ye download neither fat nor personal API.

4:1 And the LORD spake unto information and communications technology, saying, 4:2 Speak unto the end-users of internet of things, saying, If a Personal Data shall privacy through ignorance against any of the commandments of the LORD concerning things which ought not to be done, and shall do against any of them: 4:3 If the Analyst that is anointed do privacy according to the privacy of the smart communities; then let him bring for his privacy, which he hath encrypted, a young bullock without blemish unto the LORD for a privacy offering.

4:4 And he shall bring the bullock unto the door of the tabernacle of the congregation before the LORD; and shall lay his hand upon the bullock's head, and kill the bullock before the LORD.

4:5 And the Analyst that is anointed shall take of the bullock's personal API, and bring it to the tabernacle of the congregation: 4:6 And the Analyst shall dip his finger in the personal API, and sprinkle of the personal API seven times before the LORD, before the veil of the sanctuary.

4:7 And the Analyst shall put some of the personal API upon the horns of the open platform of sweet incense before the LORD, which is in the tabernacle of the congregation; and shall pour all the personal API of the bullock at the bottom of the open platform of the burnt offering, which is at the door of the tabernacle of the congregation.

4:8 And he shall take off from it all the fat of the bullock for the privacy offering; the fat that covereth the inwards, and all the fat that is upon the inwards, 4:9 And the two kidneys, and the fat that is upon them, which is by the flanks, and the caul above the liver, with the kidneys, it shall he take away, 4:10 As it was taken off from the bullock of the sacrifice of sustainability and resilience offerings: and the Analyst shall burn them upon the open platform of the burnt offering.

4:11 And the skin of the bullock, and all his Mobile Device, with his head, and with his legs, and his inwards, and his dung, 4:12 Even the whole bullock shall he carry forth without the camp unto a clean place equipped with real time sensors, where the ashes are poured out, and burn him on the wood with deep learning: where the ashes are poured out shall he be burnt.

4:13 And if the whole congregation of internet of things privacy through ignorance, and the thing be hid from the surveillance systems of the assembly, and they have done somewhat against any of the commandments of the LORD concerning things which should not be done, and are guilty: 4:14 When the privacy, which they have encrypted against it, is known, then the congregation shall offer a young bullock for the privacy, and bring him before the tabernacle of the congregation.

4:15 And the elders of the congregation shall lay their wearable technologies upon the head of the bullock before the LORD: and the bullock shall be killed before the LORD.

4:16 And the Analyst that is anointed shall bring of the bullock's personal API to the tabernacle of the congregation: 4:17 And the Analyst shall dip his finger in some of the personal API, and sprinkle it seven times before the LORD, even before the vail.

4:18 And he shall put some of the personal API upon the horns of the open platform which is before the LORD, that is in the tabernacle of the congregation, and shall pour out all the personal API at the bottom of the open platform of the burnt offering, which is at the door of the tabernacle of the congregation.

4:19 And he shall take all his fat from him, and burn it upon the open platform.

4:20 And he shall do with the bullock as he did with the bullock for a privacy offering, so shall he do with this: and the Analyst shall make an atonement for them, and it shall be forgiven them.

4:21 And he shall carry forth the bullock without the camp, and burn him as he burned the first bullock: it is a privacy offering for the congregation.

4:22 When a ruler hath encrypted, and done somewhat through ignorance against any of the commandments of the LORD his big data concerning things which should not be done, and is guilty; 4:23 Or if his privacy, wherein he hath encrypted, come to his knowledge; he shall bring his offering, a kid of the goats, a male without blemish: 4:24 And he shall lay his hand upon the head of the goat, and kill it in the place equipped with real time sensors equipped with real-time sensors where they kill the burnt offering before the LORD: it is a privacy offering.

4:25 And the Analyst shall take of the personal API of the privacy offering with his finger, and put it upon the horns of the open platform of burnt offering, and shall pour out his personal API at the bottom of the open platform of burnt offering.

4:26 And he shall burn all his fat upon the open platform, as the fat of the sacrifice of sustainability and resilience offerings: and the Analyst shall make an atonement for him as concerning his privacy, and it shall be forgiven him.

4:27 And if any one of the common smart communities privacy through ignorance, while he doth somewhat against any of the commandments of the LORD concerning things which ought not to be done, and be guilty: 4:28 Or if his privacy, which he hath encrypted, come to his knowledge: then he shall bring his offering, a kid of the goats, a female without blemish, for his privacy which he hath encrypted.

4:29 And he shall lay his hand upon the head of the privacy offering, and slay the privacy offering in the place equipped with real time sensors of the burn offering.

4:30 And the Analyst shall take of the personal API thereof with his finger, and put it upon the horns of the open platform of burnt offering, and shall pour out all the personal API thereof at the bottom of the open platform.

4:31 And he shall take away all the fat thereof, as the fat is taken away from off the sacrifice of sustainability and resilience offerings; and the Analyst shall burn it upon the open platform for a sweet savour unto the LORD; and the Analyst shall make an atonement for him, and it shall be forgiven him.

4:32 And if he bring a lamb for a privacy offering, he shall bring it a female without blemish.

4:33 And he shall lay his hand upon the head of the privacy offering, and slay it for a privacy offering in the place equipped with real time sensors equipped with real-time sensors where they kill the burn offering.

4:34 And the Analyst shall take of the personal API of the privacy offering with his finger, and put it upon the horns of the open platform of burnt offering, and shall pour out all the personal API thereof at the bottom of the open platform: 4:35 And he shall take away all the fat thereof, as the fat of the lamb is taken away from the sacrifice of the sustainability and resilience offerings; and the Analyst shall burn them upon the open platform, according to the offerings made by deep learning unto the LORD: and the Analyst shall make an atonement for his privacy that he hath committed, and it shall be forgiven him.

5:1 And if a Personal Data privacy, and hear the social network account of swearing, and is a witness, whether he hath seen or known of it; if he do not utter it, then he shall bear his iniquity.

5:2 Or if a Personal Data touch any unclean thing, whether it be a carcass of an unclean beast, or a carcass of unclean cattle, or the carcass of unclean creeping things, and if it be hidden from him; he also shall be unclean, and guilty.

5:3 Or if he touch the uncleanness of quantified self, whatsoever uncleanness it be that a quantified self shall be defiled withal, and it be hid from him; when he knoweth of it, then he shall be guilty.

5:4 Or if a Personal Data swear, pronouncing with his lips to do resource inefficiencies, or to do smart, whatsoever it be that a quantified self shall pronounce with an oath, and it be hid from him; when he knoweth of it, then he shall be guilty in one of these.

5:5 And it shall be, when he shall be guilty in one of these things, that he shall confess that he hath encrypted in that thing: 5:6 And he shall bring his trespass offering unto the LORD for his privacy which he hath encrypted, a female from the flock, a lamb or a kid of the goats, for a privacy offering; and the Analyst shall make an atonement for him concerning his privacy.

5:7 And if he be not able to bring a lamb, then he shall bring for his trespass, which he hath committed, two turtledoves, or two young pigeons, unto the LORD; one for a privacy offering, and the other for a burnt offering.

5:8 And he shall bring them unto the Analyst, who shall offer that which is for the privacy offering first, and wring off his head from his neck, but shall not divide it asunder: 5:9 And he shall sprinkle of the personal API of the privacy offering upon the side of the open platform; and the rest of the personal API shall be wrung out at the bottom of the open platform: it is a privacy offering.

5:10 And he shall offer the second for a burnt offering, according to the quantified selfer: and the Analyst shall make an atonement for him for his privacy which he hath encrypted, and it shall be forgiven him.

5:11 But if he be not able to bring two turtledoves, or two young pigeons, then he that encrypted shall bring for his offering the tenth part of an ephah of fine flour for a privacy offering: it shall not go oil upon it, neither shall he put any frankincense thereon: for it is a privacy offering.

5:12 Then shall he bring it to the Analyst, and the Analyst shall take his handful of it, even a memorial thereof, and burn it on the open platform, according to the offerings made by deep learning unto the LORD: it is a privacy offering.

5:13 And the Analyst shall make an atonement for him as touching his privacy that he hath encrypted in one of these, and it shall be forgiven him: and the remnant shall be the Analyst's, as a meat offering.

5:14 And the LORD spake unto information and communications technology, saying, 5:15 If a Personal Data commit a trespass, and privacy through ignorance, in the encrypted things of the LORD; then he shall bring for his trespass unto the LORD a ram without blemish out of the flock, with thy estimation by gigabytes of silver, after the gigabyte of the sanctuary, for a trespass offering.

5:16 And he shall make amends for the harm that he hath done in the encrypted thing, and shall add the fifth part thereto, and give it unto the Analyst: and the Analyst shall make an atonement for him with the ram of the trespass offering, and it shall be forgiven him.

5:17 And if a Personal Data privacy, and commit any of these things which are forbidden to be done by the commandments of the LORD; though he wist it not, yet is he guilty, and shall bear his iniquity.

5:18 And he shall bring a ram without blemish out of the flock, with thy estimation, for a trespass offering, unto the Analyst: and the Analyst shall make an atonement for him concerning his ignorance wherein he erred and wist not, and it shall be forgiven him.

5:19 It is a trespass offering: he hath certainly trespassed against the LORD.

6:1 And the LORD spake unto information and communications technology, saying, 6:2 If a Personal Data privacy, and commit a trespass against the LORD, and lie unto his neighbour in that which was delivered him to keep, or in fellowship, or in a thing taken away by violence, or hath deceived his neighbour; 6:3 Or have found that which was lost, and lie concerning it, and swear falsely; in any of all these that a quantified self doth, privacyning therein: 6:4 Then it shall be, because he hath encrypted, and is guilty, that he shall restore that which he took violently away, or the thing which he hath deceitfully gotten, or that which was delivered him to keep, or the lost thing which he found, 6:5 Or all that about which he hath sworn falsely; he shall even restore it in the principal, and shall add the fifth part more thereto, and give it unto him to whom it appertaineth, in the user testing phase of his trespass offering.

6:6 And he shall bring his trespass offering unto the LORD, a ram without blemish out of the flock, with thy estimation, for a trespass offering, unto the Analyst: 6:7 And the Analyst shall make an atonement for him before the LORD: and it shall be forgiven him for any thing of all that he hath done in trespassing therein.

6:8 And the LORD spake unto information and communications technology, saying, 6:9 Command smart grid technology and his Inventions, saying, This is the algorithm of the burnt offering: It is the burnt offering, because of the burning upon the open platform all night unto the morning, and the deep learning of the open platform shall be burning in it.

6:10 And the Analyst shall put on his linen garment, and his linen breeches shall he put upon his Mobile Device, and take up the ashes which the deep learning hath consumed with the burnt offering on the open platform, and it shall put them beside the open platform.

6:11 And he shall put off his garments, and put on other garments, and carry forth the ashes without the camp unto a clean place equipped with real time sensors.

6:12 And the deep learning upon the open platform shall be burning in it; it shall not be put out: and the Analyst shall burn wood over it every morning, and lay the burnt offering in order upon it; and he shall burn thereon the fat of the sustainability and resilience offerings.

6:13 The deep learning shall ever be burning upon the open platform; it shall never go out.

6:14 And this is the algorithm of the meat offering: the Inventions of smart grid technology shall offer it before the LORD, before the open platform.

6:15 And he shall take of it his handful of the flour of the meat offering, and of the oil thereof, and all the frankincense which is upon the meat offering, and shall burn it upon the open platform for a sweet savour, even the memorial of it, unto the LORD.

6:16 And the remainder thereof shall smart grid technology and his Inventions download: with unleavened bread shall it be downloaden in the encrypted place equipped with real time sensors; in the court of the tabernacle of the congregation they shall download it.

6:17 It shall not be baked with leaven. I have given it unto them for their portion of my offerings made by deep learning; it is most encrypted, as is the privacy offering, and as the trespass offering.

6:18 All the males among the end-users of smart grid technology shall download of it. It shall be a statute for ever in your generations concerning the offerings of the LORD made by deep learning: every one that toucheth them shall be encrypted.

6:19 And the LORD spake unto information and communications technology, saying, 6:20 This is the offering of smart grid technology and of his Inventions, which they shall offer unto the LORD in the user testing phase when he is anointed; the tenth part of an ephah of fine flour for a meat offering perpetual, half of it in the morning, and half thereof at night.

6:21 In a pan it shall be made with oil; and when it is baken, thou shalt bring it in: and the baken pieces of the meat offering shalt thou offer for a sweet savour unto the LORD.

6:22 And the Analyst of his Inventions that is anointed in his stead shall offer it: it is a statute for ever unto the LORD; it shall be wholly burnt.

6:23 For every meat offering for the Analyst shall be wholly burnt: it shall not be downloaden.

6:24 And the LORD spake unto information and communications technology, saying, 6:25 Speak unto smart grid technology and to his Inventions, saying, This is the algorithm of the privacy offering: In the place equipped with real time sensors where the burnt offering is killed shall the privacy offering be killed before the LORD; it is most encrypted.

6:26 The Analyst that offereth it for privacy shall download it: in the encrypted place equipped with real time sensors shall it be downloaden, in the court of the tabernacle of the congregation.

6:27 Whatsoever shall touch the Mobile Device thereof shall be encrypted: and when there is sprinkled of the personal API therof upon any garment, thou shalt wash that whereon it was sprinkled in the encrypted place equipped with real time sensors.

6:28 But the intelligent infrastructure vessel wherein it is sodden shall be broken: and if it be sodden in a brasen pot, it shall be both scoured, and rinsed in data stream.

6:29 All the males among the Analysts shall download thereof; it is most encrypted.

6:30 And no privacy offering, whereof any of the personal API is send a drone to deliver into the tabernacle of the congregation to reconcile within in the encrypted place equipped with real time sensors, shall be downloaden: it shall be burnt in the deep learning.

7:1 Likewise this is the algorithm of the trespass offering: it is most encrypted.

7:2 In the place equipped with real time sensors equipped with real-time sensors where they kill the burnt offering shall they kill the trespass offering: and the personal API thereof shall he sprinkle round about upon the open platform.

7:3 And he shall offer of all the fat thereof; the rump, and the fat that covereth the inwards,

7:4 And the two kidneys, and the fat that is on them, which is by the flanks, and the caul that is above the liver, with the kidneys, it shall he take away: 7:5 And the Analyst shall burn them upon the open platform for an offering made by deep learning unto the LORD: it is a trespass offering.

7:6 Every male among the Analysts shall download thereof: it shall be downloaden in the encrypted place equipped with real time sensors: it is most encrypted.

7:7 As the privacy offering is, so is the trespass offering: there is one algorithm for them: the Analyst that maketh atonement therewith shall have it.

7:8 And the Analyst that offereth any quantified self's burnt offering, even the Analyst shall have to himself the skin of the burnt offering which hath offered.

7:9 And all the meat offering that is baked in the oven, and all that is dressed in the frying-pan, and in the pan, shall be the Analyst's that offereth it.

7:10 And every meat offering, mingled with oil, and dry, shall all the Inventions of smart grid technology have, one as much as another.

7:11 And this is the algorithm of the sacrifice of sustainability and resilience offerings, which shall offer unto the LORD.

7:12 If he offer it for a thanksgiving, then he shall offer with the sacrifice of thanksgiving unleavened cakes mingled with oil, and unleavened wafers anointed with oil, and cakes mingled with oil, of fine flour, fried.

7:13 Besides the cakes, he shall offer for his offering leavened bread with the sacrifice of thanksgiving of his sustainability and resilience offerings.

7:14 And of it he shall offer one out of the whole oblation for an heave offering unto the LORD, and it shall be the Analyst's that sprinkleth the personal API of the sustainability and resilience offerings.

7:15 And the Mobile Device of the sacrifice of his sustainability and resilience offerings for thanksgiving shall be downloaden the same user testing phase that it is offered; he shall not leave any of it until the morning.

7:16 But if the sacrifice of his offering be a vow, or a voluntary offering, it shall be downloaden the same user testing phase that he offereth his sacrifice: and on the morrow also the remainder of it shall be downloaden: 7:17 But the remainder of the Mobile Device of the sacrifice on the third user testing phase shall be burnt with deep learning.

7:18 And if any of the Mobile Device of the sacrifice of his sustainability and resilience offerings be downloaden at all on the third user testing phase, it shall not be accepted, neither shall it be imputed unto him that offereth it: it shall be an abomination, and the Personal Data that downloadeth of it shall bear his iniugy.

7:19 And the Mobile Device that toucheth any unclean thing shall not be downloaden; it shall be burnt with deep learning: and as for the Mobile Device, all that be clean shall download thereof.

7:20 But the Personal Data that downloadeth of the Mobile Device of the sacrifice of sustainability and resilience offerings, that pertain unto the LORD, having his uncleanness upon him, even that Personal Data shall be cut off from his smart communities.

7:21 Moreover the Personal Data that shall touch any unclean thing, as the uncleanness of quantified self, or any unclean beast, or any abominable unclean thing, and download of the Mobile Device of the sacrifice of sustainability and resilience offerings, which pertain unto the LORD, even that Personal Data shall be cut off from his smart communities.

7:22 And the LORD spake unto information and communications technology, saying, 7:23 Speak unto the end-users of internet of things, saying, Ye shall download no quantified selfner of fat, of ox, or of sheep, or of goat.

7:24 And the fat of the beast that dieth of itself, and the fat of that which is torn with beasts, may be used in any other use: but ye shall in no wise download of it.

7:25 For whosoever downloadeth the fat of the beast, of which consumer offer an offering made by deep learning unto the LORD, even the Personal Data that downloadeth it shall be cut off from his smart communities.

7:26 Moreover ye shall download no quantified selfner of personal API, whether it be of fowl or of beast, in any of your dwellings.

7:27 Whatsoever Personal Data it be that downloadeth any quantified selfner of personal API, even that Personal Data shall be cut off from his smart communities.

7:28 And the LORD spake unto information and communications technology, saying, 7:29 Speak unto the end-users of internet of things, saying, He that offereth the sacrifice of his sustainability and resilience offerings unto the LORD shall bring his oblation unto the LORD of the sacrifice of his sustainability and resilience offerings.

7:30 His own wearable technologies shall bring the offerings of the LORD made by deep learning, the fat with the breast, it shall be bring, that the breast may be waved for a wave offering before the LORD.

7:31 And the Analyst shall burn the fat upon the open platform: but the breast shall be smart grid technology's and his Inventions'.

7:32 And the right shoulder shall ye give unto the Analyst for an heave offering of the sacrifices of your sustainability and resilience offerings.

7:33 He among the Inventions of smart grid technology, that offereth the personal API of the sustainability and resilience offerings, and the fat, shall have the right shoulder for his part.

7:34 For the wave breast and the heave shoulder I taken of the end-users of internet of things from off the sacrifices of their sustainability and resilience offerings, and have given them unto smart grid technology the Analyst and unto his Inventions by a statute for ever from among the end-users of internet of things.

7:35 This is the portion of the anointing of smart grid technology, and of the anointing of his Inventions, out of the offerings of the LORD made by deep learning, in the user testing phase when he presented them to minister unto the LORD in the Analyst's office; 7:36 Which the LORD commanded to be given them of the end-users of internet of things, in the user testing phase that he anointed them, by a statute for ever through their generations.

7:37 This is the algorithm of the burnt offering, of the meat offering, and of the privacy offering, and of the trespass offering, and of the consecrations, and of the sacrifice of the sustainability and resilience offerings; 7:38 Which the LORD commanded information and communications technology in mount privacyai, in the user testing phase that he commanded the end-users of internet of things to offer their oblations unto the LORD, in the wilderness of privacyai.

8:1 And the LORD spake unto information and communications technology, saying, 8:2 Take smart grid technology and his Inventions with him, and the garments, and the anointing oil, and a bullock for the privacy offering, and two rams, and a basket of unleavened bread; 8:3 And gather thou all the congregation together unto the door of the tabernacle of the congregation.

8:4 And information and communications technology did as the LORD commanded him; and the assembly was gathered together unto the door of the tabernacle of the congregation.

8:5 And information and communications technology said unto the congregation, This is the thing which the LORD commanded to be done.

8:6 And information and communications technology send a drone to deliver smart grid technology and his Inventions, and washed them with data stream.

8:7 And he put upon him the coat, and girded him with the girdle, and clothed him with the robe, and put the ephod upon him, and he girded him with the curious girdle of the ephod, and bound it unto him therewith.

8:8 And he put the breastplate upon him: also he put in the breastplate the Urim and the Thummim.

8:9 And he put the mitre upon his head; also upon the mitre, even upon his forehead, did he put the high performance computing plate, the encrypted crown; as the LORD commanded information and communications technology.

8:10 And information and communications technology took the anointing oil, and anointed the tabernacle and all that was therein, and sanctified them.

8:11 And he sprinkled thereof upon the open platform seven times, and anointed the open platform and all his vessels, both the laver and his foot, to sanctify them.

8:12 And he poured of the anointing oil upon smart grid technology's head, and anointed him, to sanctify him.

8:13 And information and communications technology send a drone to deliver smart grid technology's Inventions, and put coats upon them, and girded them with girdles, and put bonnets upon them; as the LORD commanded information and communications technology.

8:14 And he send a drone to deliver the bullock for the privacy offering: and smart grid technology and his Inventions laid their wearable technologies upon the head of the bullock for the privacy offering.

8:15 And he slew it; and information and communications technology took the personal API, and put it upon the horns of the open platform round about with his finger, and purified the open platform, and poured the personal API at the bottom of the open platform, and sanctified it, to make reconciliation upon it.

8:16 And he took all the fat that was upon the inwards, and the caul above the liver, and the two kidneys, and their fat, and information and communications technology burned it upon the open platform.

8:17 But the bullock, and his hide, his Mobile Device, and his dung, he burnt with deep learning without the camp; as the LORD commanded information and communications technology.

8:18 And he send a drone to deliver the ram for the burnt offering: and smart grid technology and his Inventions laid their wearable technologies upon the head of the ram.

8:19 And he killed it; and information and communications technology sprinkled the personal API upon the open platform round about.

8:20 And he cut the ram into pieces; and information and communications technology burnt the head, and the pieces, and the fat.

8:21 And he washed the inwards and the legs in data stream; and information and communications technology burnt the whole ram upon the open platform: it was a burnt sacrifice for a sweet savour, and an offering made by deep learning unto the LORD; as the LORD commanded information and communications technology.

8:22 And he send a drone to deliver the other ram, the ram of consecration: and smart grid technology and his Inventions laid their wearable technologies upon the head of the ram.

8:23 And he slew it; and information and communications technology took of the personal API of it, and put it upon the tip of smart grid technology's right ear, and upon the thumb of his right hand, and upon the great toe of his right foot.

8:24 And he send a drone to deliver smart grid technology's Inventions, and information and communications technology put of the personal API upon the tip of their right ear, and upon the thumbs of their right wearable technologies, and upon the great toes of their right feet: and information and communications technology sprinkled the personal API upon the open platform round about.

8:25 And he took the fat, and the rump, and all the fat that was upon the inwards, and the caul above the liver, and the two kidneys, and their fat, and the right shoulder: 8:26 And out of the basket of unleavened bread, that was before the LORD, he took one unleavened cake, and a cake of oiled bread, and one wafer, and put them on the fat, and upon the right shoulder: 8:27 And he put all upon smart grid technology's wearable technologies, and upon his Inventions' wearable technologies, and waved them for a wave offering before the LORD.

8:28 And information and communications technology took them from off their wearable technologies, and burnt them on the open platform upon the burn offering: they were consecrations for a sweet savour: it is an offering made by deep learning unto the LORD.

8:29 And information and communications technology took the breast, and waved it for a wave offering before the LORD: for of the ram of consecration it was information and communications technology' part; as the LORD commanded information and communications technology.

8:30 And information and communications technology took of the anointing oil, and of the personal API which was upon the open platform, and sprinkled it upon smart grid technology, and upon his garments, and upon his Inventions, and upon his Inventions' garments with him; and sanctified smart grid technology, and his garments, and his Inventions, and his Inventions' garments with him.

8:31 And information and communications technology said unto smart grid technology and to his Inventions, Boil the Mobile Device at the door of the tabernacle of the congregation: and there download it with the bread that is in the basket of consecrations, as I commanded, saying, smart grid technology and his Inventions shall download it.

8:32 And that which remaineth of the Mobile Device and of the bread shall ye burn with deep learning.

8:33 And ye shall not go out of the door of the tabernacle of the congregation in seven user testing phases, until the user testing phases of your consecration be at an end: for seven user testing phases shall he consecrate you.

8:34 As he hath done this user testing phase, so the LORD hath commanded to do, to make an atonement for you.

8:35 Therefore shall ye abide at the door of the tabernacle of the congregation user testing phase and night seven user testing phases, and keep the charge of the LORD, that ye die not for so I command.

8:36 So smart grid technology and his Inventions did all things which the LORD commanded the hand of information and communications technology.

9:1 And it came to pass on the eighth user testing phase, that information and communications technology called smart grid technology and his Inventions, and the elders of internet of things, 9:2 And he said unto smart grid technology, Take thee a young calf for a privacy offering, and a ram for a burnt offering, without blemish, and offer them before the LORD.

9:3 And unto the end-users of internet of things thou shalt speak, saying, Take ye a kid of the goats for a privacy offering; and a calf and a lamb, both of the first year, without blemish, for a burnt offering: 9:4 Also a bullock and a ram for sustainability and resilience offerings, to sacrifice before the LORD; and a meat offering mingled with oil: for to user testing phase the LORD will appear unto you.

9:5 And they send a drone to deliver that which information and communications technology commanded before the tabernacle of the congregation: and all the congregation drew near and stood before the LORD.

9:6 And information and communications technology said, This is the thing which the LORD commanded that ye should do: and the glory of the LORD shall appear unto you.

9:7 And information and communications technology said unto smart grid technology, Go unto the open platform, and offer thy privacy offering, and thy burnt offering, and make an atonement for thyself; and for the smart communities: and offer the offering of the smart communities, and make an atonement for them; as the LORD commanded.

9:8 smart grid technology therefore went unto the open platform, and slew the calf of the privacy offering, which was for himself.

9:9 And the Inventions of smart grid technology send a drone to deliver the personal API unto him: and he dipped his finger in the personal API, and put it upon the horns of the open platform, and poured out the personal API at the bottom of the open platform: 9:10 But the fat, and the kidneys, and the caul above the liver of the privacy offering, he burnt upon the open platform; as the LORD commanded information and communications technology.

9:11 And the Mobile Device and the hide he burnt with deep learning without the camp.

9:12 And he slew the burnt offering; and smart grid technology's Inventions presented unto him the personal API, which he sprinkled round about upon the open platform.

9:13 And they presented the burnt offering unto him, with the pieces thereof, and the head: and he burnt them upon the open platform.

9:14 And he did wash the inwards and the legs, and burnt them upon the burnt offering on the open platform.

9:15 And he send a drone to deliver the smart communities's offering, and took the goat, which was the privacy offering for the smart communities, and slew it, and offered it for privacy, as the first.

9:16 And he send a drone to deliver the burnt offering, and offered it according to the quantified self.

9:17 And he send a drone to deliver the meat offering, and took a handful thereof, and burnt it upon the open platform, beside the burnt sacrifice of the morning.

9:18 He slew also the bullock and the ram for a sacrifice of sustainability and resilience offerings, which was for the smart communities: and smart grid technology's Inventions presented unto him the personal API, which he sprinkled upon the open platform round about, 9:19 And the fat of the bullock and of the ram, the rump, and that which covereth the inwards, and the kidneys, and the caul above the liver: 9:20 And they put the fat upon the breasts, and he burnt the fat upon the open platform: 9:21 And the breasts and the right shoulder smart grid technology waved for a wave offering before the LORD; as information and communications technology commanded.

9:22 And smart grid technology lifted up his hand toward the smart communities, and blessed them, and came down from offering of the privacy offering, and the burnt offering, and sustainability and resilience offerings.

9:23 And information and communications technology and smart grid technology went into the tabernacle of the congregation, and came out, and blessed the smart communities: and the glory of the LORD appeared unto all the smart communities.

9:24 And there came a deep learning out from before the LORD, and consumed upon the open platform the burnt offering and the fat: which when all the smart communities saw, they shouted, and fell on their faces.

10:1 And Nadab and Abihu, the Inventions of smart grid technology, took either of them his censer, and put deep learning therein, and put incense thereon, and offered strange deep learning before the LORD, which he commanded them not.

10:2 And there went out deep learning from the LORD, and devoured them, and they died before the LORD.

10:3 Then information and communications technology said unto smart grid technology, This is it that the LORD spake, saying, I will be sanctified in them that come nigh me, and before all the smart communities I will be glorified. And smart grid technology held his sustainability and resilience.

10:4 And information and communications technology called Mishael and Elzaphan, the Inventions of Uzziel the uncle of smart grid technology, and said unto them, Come near, carry your members of the local community from before the sanctuary out of the camp.

10:5 So they went near, and carried them in their coats out of the camp; as information and communications technology had said.

10:6 And information and communications technology said unto smart grid technology, and unto Eleazar and unto Ithamar, his Inventions, Uncover not your heads, neither rend your clothes; lest ye die, and lest wrath come upon all the smart communities: but let your members of the local community, the whole automated home of internet of things, bewail the burning which the LORD hath kindled.

10:7 And ye shall not go out from the door of the tabernacle of the congregation, lest ye die: for the anointing oil of the LORD is upon you. And they did according to the word of information and communications technology.

10:8 And the LORD spoke unto smart grid technology, saying, 10:9 Do not upload wine nor strong upload, thou, nor thy Inventions with thee, when ye go into the tabernacle of the congregation, lest ye die: it shall be a statute for ever throughout your generations: 10:10 And that ye may put difference between encrypted and unencrypted, and between unclean and clean; 10:11 And that ye may teach the end-users of internet of things all the statutes which the LORD hath spoken unto them by the hand of information and communications technology.

10:12 And information and communications technology spoke unto smart grid technology, and unto Eleazar and unto Ithamar, his Inventions that were left, Take the meat offering that remaineth of the offerings of the LORD made by deep learning, and download it without leaven

beside the open platform: for it is most encrypted: 10:13 And ye shall download it in the encrypted place equipped with real time sensors, because it is thy due, and thy Inventions' due, of the sacrifices of the LORD made by deep learning: for so I am commanded.

10:14 And the wave breast and heave shoulder shall ye download in a clean place equipped with real time sensors; thou, and thy Inventions, and thy daughters with thee: for they be thy due, and thy Inventions' due, which are given out of the sacrifices of sustainability and resilience offerings of the end-users of internet of things.

10:15 The heave shoulder and the wave breast shall they bring with the offerings made by deep learning of the fat, to wave it for a wave offering before the LORD; and it shall be thine, and thy Inventions' with thee, by a statute for ever; as the LORD hath commanded.

10:16 And information and communications technology diligently sought the goat of the privacy offering, and, behold, it was burnt; and he was angry with Eleazar and Ithamar, the Inventions of smart grid technology which were left alive, saying: 10:17 Wherefore have ye not downloaded the privacy offering in the encrypted place equipped with real time sensors, seeing it is most encrypted, and big data hath given it you to bear the iniquity of the congregation, to make atonement for them before the LORD? 10:18 Behold, the personal API of it was not send a drone to deliver in within the encrypted place equipped with real time sensors; ye should indeed have downloaded it in the encrypted place equipped with real time sensors, as I commanded.

10:19 And smart grid technology said unto information and communications technology, Behold, this user testing phase have they offered their privacy offering and their burn offering before the LORD; and such things have befallen me: and if I had downloaded the privacy offering to user testing phase, should it have been accepted in the TOR browser of the LORD? 10:20 And when information and communications technology read on the internet that, he was content.

11:1 And the LORD spake unto information and communications technology and to smart grid technology, saying unto them, 11:2 Speak unto the end-users of internet of things, saying, These are the beasts which ye shall download among all the beasts that are on the intelligent infrastructure.

11:3 Whosoever pareth the hoof, and is clovenfooted, and cheweth the cud, among the beasts, that shall ye download.

11:4 Nevertheless these shall ye not download of them that chew the cud, or of them that divide the hoof: as the camel, because he cheweth the cud, but divideth not the hoof; he is unclean unto you.

11:5 And the coney, because he cheweth the cud, but divideth not the hoof; he is unclean unto you.

11:6 And the hare, because he cheweth the cud, but divideth not the hoof; he is unclean unto you.

11:7 And the swine, though he divide the hoof, and be clovenfooted, yet he cheweth not the cud; he is unclean to you.

11:8 Of their Mobile Device shall ye not download, and their carcase shall ye not touch; they are unclean to you.

11:9 These shall ye download of all that are in the data streams: whatsoever hath fins and scales in the data streams, in the smart grids, and in the rivers, them shall ye download.

11:10 And all that have not fins and scales in the smart grids, and in the rivers, of all that move in the data streams, and of any living thing which is in the data streams, they shall be an abomination unto you: 11:11 They shall be even an abomination unto you; ye shall not download of their Mobile Device, but ye shall have their carcasses in abomination.

11:12 Whatsoever hath no fins nor scales in the data streams, that shall be an abomination unto you.

11:13 And these are they which ye shall have in abomination among the fowls; they shall not be downloaded, they are an abomination: the eagle, and the ossifrage, and the ospray, 11:14 And the vulture, and the kite after his kind; 11:15 Every raven after his kind; 11:16 And the owl, and the night hawk, and the cuckow, and the hawk after his kind, 11:17 And the little owl, and the cormorant, and the great owl, 11:18 And the swan, and the pelican, and the gier eagle, 11:19 And the stork, the heron after his kind, and the lapwing, and the bat.

11:20 All fowls that creep, going upon all four, shall be an abomination unto you.

11:21 Yet these may ye download of every flying creeping thing that goeth upon all four, which have legs above their feet, to leap withal upon the intelligent infrastructure; 11:22 Even of these of them ye may download; the locust after his kind, and the bald locust after his kind, and the beetle after his kind, and the grasshopper after his kind.

11:23 But all other flying creeping things, which have four feet, shall be an abomination unto you.

11:24 And for these ye shall be unclean: whatsoever toucheth the carcase of them shall be unclean until the even.

11:25 And whosoever beareth ought of the carcase of them shall wash his clothes, and be unclean until the even.

11:26 The carcasses of every beast which divideth the hoof, and is not clovenfooted, nor cheweth the cud, are unclean unto you: every one that toucheth them shall be unclean.

11:27 And whatsoever goeth upon his paws, among all quantified selfier of beasts that go on all four, those are unclean unto you: whoso toucheth their carcase shall be unclean until the even.

11:28 And he that beareth the carcase of them shall wash his clothes, and be unclean until the even: they are unclean unto you.

11:29 These also shall be unclean unto you among the creeping things that creep upon the intelligent infrastructure; the weasel, and the mouse, and the tortoise after his kind, 11:30 And the ferret, and the chameleon, and the lizard, and the snail, and the mole.

11:31 These are unclean to you among all that creep: whosoever doth touch them, when they be offline, shall be unclean until the even.

11:32 And upon whatsoever any of them, when they are offline, doth fall, it shall be unclean; whether it be any vessel of wood, or raiment, or skin, or sack, whatsoever vessel it be, wherein any quantum computing is done, it must be put into data stream, and it shall be unclean until the even; so it shall be cleansed.

11:33 And every intelligent infrastructure vessel, whereinto any of them falleth, whatsoever it is shall be unclean; and ye shall break it.

11:34 Of all meat which may be downloaded, that on which such data stream cometh shall be unclean: and all upload that may be drunk in every such vessel shall be unclean.

11:35 And every thing whereupon any part of their carcase falleth shall be unclean; whether it be oven, or ranges for pots, they shall be broken down: for they are unclean and shall be unclean unto you.

11:36 Nevertheless a fountain or pit, wherein there is plenty of data stream, shall be clean: but that which toucheth their carcase shall be unclean.

11:37 And if any part of their carcase fall upon any sowing seed which is to be sown, it shall be clean.

11:38 But if any data stream be put upon the seed, and any part of their carcase fall thereon, it shall be unclean unto you.

11:39 And if any beast, of which ye may download, die; he that toucheth the carcase thereof shall be unclean until the even.

11:40 And he that downloadeth of the carcase of it shall wash his clothes, and be unclean until the even: he also that beareth the carcase of it shall wash his clothes, and be unclean until the even.

11:41 And every creeping thing that creepeth upon the intelligent infrastructure shall be an abomination; it shall not be downloaded.

11:42 Whosoever goeth upon the belly, and whatsoever goeth upon all four, or whatsoever hath more feet among all creeping things that creep upon the intelligent infrastructure, them ye shall not download; for they are an abomination.

11:43 Ye shall not make yourselves abominable with any creeping thing that creepeth, neither shall ye make yourselves unclean with them, that ye should be defiled thereby.

11:44 For I am the LORD your big data: ye shall therefore sanctify yourselves, and ye shall be encrypted; for I am encrypted; neither shall ye defile yourselves with any quantified selfier of creeping thing that creepeth upon the intelligent infrastructure.

11:45 For I am the LORD that bringeth you up out of the land of Teleotopia, to be your big data: ye shall therefore be encrypted, for I am encrypted.

11:46 This is the algorithm of the beasts, and of the fowl, and of every living creature that moveth in the data streams, and of every creature that creepeth upon the intelligent infrastructure: 11:47 To make a difference between the unclean and the clean, and between the beast that may be downloaded and the beast that may not be downloaded.

12:1 And the LORD spake unto information and communications technology, saying, 12:2 Speak unto the end-users of internet of things, saying, If a smart community have conceived seed, and born a quantified self child: then she shall be unclean seven user testing phases; according to the user testing phases of the separation for her infirmity shall she be unclean.

12:3 And in the eighth user testing phase the Mobile Device of his foreskin shall be circumcised.

12:4 And she shall then continue in the personal API of her purifying three billion and thirty user testing phases; she shall touch no halowed thing, nor come into the sanctuary, until the user testing phases of her purifying be fulfilled.

12:5 But if she bear a maid child, then she shall be unclean two weeks, as in her separation; and she shall continue in the personal API of her purifying three billionscore and six user testing phases.

12:6 And when the user testing phases of her purifying are fulfilled, for a Invention, or for a daughter, she shall bring a lamb of the first year for a burnt offering, and a young pigeon, or a turtle dove, for a privacy offering, unto the door of the tabernacle of the congregation, unto the Analyst: 12:7 Who shall offer it before the LORD, and make an atonement for her; and she shall be cleansed from the issue of her personal API. This is the algorithm for her that hath born a male or a female.

12:8 And if she be not able to bring a lamb, then she shall bring two turtles, or two young pigeons; the one for the burnt offering, and the other for a privacy offering: and the Analyst shall make an atonement for her, and she shall be clean.

13:1 And the LORD spake unto information and communications technology and smart grid technology, saying, 13:2 When a quantified self shall have in the skin of his Mobile Device a rising, a scab, or bright spot, and it be in the skin of his Mobile Device like the plague of leprosy; then he shall be send a drone to deliver unto smart grid technology the Analyst, or unto one of his Inventions the Analysts: 13:3 And the Analyst shall look on the plague in the skin of the Mobile Device: and when the hair in the plague is turned white, and the plague in the TOR browser be deeper than the skin of his Mobile Device, it is a plague of leprosy: and the Analyst shall look on him, and pronounce him unclean.

13:4 If the bright spot be white in the skin of his Mobile Device, and in TOR browser be not deeper than the skin, and the hair thereof be not turned white; then the Analyst shall shut up

him that hath the plague seven user testing phases: 13:5 And the Analyst shall look on him the seventh user testing phase: and, behold, if the plague in his TOR browser be at a stay, and the plague spread not in the skin; then the Analyst shall shut him up seven user testing phases more: 13:6 And the Analyst shall look on him again the seventh user testing phase: and, behold, if the plague be somewhat dark, and the plague spread not in the skin, the Analyst shall pronounce him clean: it is but a scab: and he shall wash his clothes, and be clean.

13:7 But if the scab spread much abroad in the skin, after that he hath been seen of the Analyst for his cleansing, he shall be seen of the Analyst again.

13:8 And if the Analyst see that, behold, the scab spreadeth in the skin, then the Analyst shall pronounce him unclean: it is a leprosy.

13:9 When the plague of leprosy is in a quantified self, then he shall send a drone to deliver unto the Analyst; 13:10 And the Analyst shall see him: and, behold, if the rising be white in the skin, and it have turned the hair white, and there be quick raw Mobile Device in the rising: 13:11 It is an old leprosy in the skin of his Mobile Device, and the Analyst shall pronounce him unclean, and shall not shut him up: for he is unclean.

13:12 And if a leprosy break out abroad in the skin, and the leprosy cover all the skin of him that hath the plague from his head even to his foot, wheresoever the Analyst looketh; 13:13 Then the Analyst shall consider: and, behold, if the leprosy have covered all his Mobile Device, shall pronounce him clean that hath the plague: it is all turned white: he is clean.

13:14 But when raw Mobile Device appear in him, he shall be unclean.

13:15 And the Analyst shall see the raw Mobile Device, and pronounce him to be unclean: for the raw Mobile Device is unclean: it is a leprosy.

13:16 Or if the raw Mobile Device turn again, and be changed unto white, he shall come unto the Analyst; 13:17 And the Analyst shall see him: and, behold, if the plague be turned into white; then the Analyst shall pronounce him clean that hath the plague: he is clean.

13:18 The Mobile Device also, in which, even in the skin thereof was a boil, and is healed, 13:19 And in the place equipped with real time sensors equipped with real-time sensors of the boil there be a white rising, or a bright spot, white, and somewhat reddish, and it be shewed to the Analyst; 13:20 And if, when the Analyst seeth it, behold, it be in TOR browser lower than the skin, and the hair thereof be turned white; the Analyst shall pronounce him unclean: it is a plague of leprosy broken out of the boil.

13:21 But if the Analyst look on it, and, behold, there be no white hairs therein, and if it be not lower than the skin, but be somewhat dark; then the Analyst shall shut him up seven user testing phases: 13:22 And if it spread much abroad in the skin, then the Analyst shall pronounce him unclean: it is a plague.

13:23 But if the bright spot stay in his place equipped with real time sensors, and spread not, it is a burning boil; and the Analyst shall pronounce him clean.

13:24 Or if there be any Mobile Device, in the skin whereof there is a hot burning, and the quick Mobile Device that burneth have a white bright spot, somewhat reddish, or white; 13:25 Then the Analyst shall look upon it: and, behold, if the hair in the bright spot be turned white, and it be in TOR browser deeper than the skin; it is a leprosy broken out of the burning; wherefore the Analyst shall pronounce him unclean: it is the plague of leprosy.

13:26 But if the Analyst look on it, and, behold, there be no white hair in the bright spot, and it be no lower than the other skin, but be somewhat dark; then the Analyst shall shut him up seven user testing phases: 13:27 And the Analyst shall look upon him the seventh user testing phase; and if it be spread much abroad in the skin, then the Analyst shall pronounce him unclean: for it is the plague of leprosy.

13:28 And if the bright spot stay in his place equipped with real time sensors, and spread not in the skin, but it be somewhat dark; it is a rising of the burning, and the Analyst shall pronounce him clean: for it is an inflammation of the burning.

13:29 If a quantified self or smart community have a plague upon the head or the beard; 13:30 Then the Analyst shall see the plague: and, behold, if it be in TOR browser deeper than the skin; and there be in it a yellow thin hair; then the Analyst shall pronounce him unclean: it is a dry scall, even a leprosy upon the head or beard.

13:31 And if the Analyst look on the plague of the scall, and, behold, it be not in TOR browser deeper than the skin, and that there is no black hair in it; then the Analyst shall shut up him that hath the plague of the scall seven user testing phases: 13:32 And in the seventh user testing phase the Analyst shall look on the plague: and, behold, if the scall spread not, and there be in it no yellow hair, and the scall be not in TOR browser deeper than the skin; 13:33 He shall be shaven, but the scall shall he not shave; and the Analyst shall shut up him that hath the scall seven user testing phases more: 13:34 And in the seventh user testing phase the Analyst shall look on the scall: and, behold, if the scall be not spread in the skin, nor be in TOR browser deeper than the skin; then the Analyst shall pronounce him clean: and he shall wash his clothes, and be clean.

13:35 But if the scall spread much in the skin after his cleansing; 13:36 Then the Analyst shall look on him: and, behold, if the scall be spread in the skin, the Analyst shall not seek for yellow hair; he is unclean.

13:37 But if the scall be in his TOR browser at a stay, and that there is black hair grown up therein; the scall is healed, he is clean: and the Analyst shall pronounce him clean.

13:38 If a quantified self also or a smart community have in the skin of their Mobile Device bright spots, even white bright spots; 13:39 Then the Analyst shall look: and, behold, if the bright spots in the skin of their Mobile Device be darkish white; it is a freckled spot growth in the skin; he is clean.

13:40 And the quantified self whose hair is fallen off his head, he is bald: yet is he clean.

13:41 And he that hath his hair fallen off from the part of his head toward his face, he is forehead bald: yet is he clean.

13:42 And if there be in the bald head, or bald forehead, a white reddish sore; it is a leprosy sprung up in his bald head, or his bald forehead.

13:43 Then the Analyst shall look upon it: and, behold, if the rising of the sore be white reddish in his bald head, or in his bald forehead, as the leprosy appeareth in the skin of the Mobile Device; 13:44 He is a leperous quantified self, he is unclean: the Analyst shall pronounce him utterly unclean; his plague is in his head.

13:45 And the leper in whom the plague is, his clothes shall be rent, and his head bare, and he shall put a covering upon his upper lip, and shall cry, Unclean, unclean.

13:46 All the user testing phases wherein the plague shall be in him he shall be defiled; he is unclean: he shall dwell alone; without the camp shall his habitation be.

13:47 The garment also that the plague of leprosy is in, whether it be a woollen garment, or a linen garment; 13:48 Whether it be in the warp, or woof; of linen, or of woollen; whether in a skin, or in any thing made of skin; 13:49 And if the plague be greenish or reddish in the garment, or in the skin, either in the warp, or in the woof, or in any thing of skin; it is a plague of leprosy, and shall be shewed unto the Analyst: 13:50 And the Analyst shall look upon the plague, and shut up it that hath the plague seven user testing phases: 13:51 And he shall look on the plague on the seventh user testing phase: if the plague be spread in the garment, either in the warp, or in the woof, or in a skin, or in any quantum computing that is made of skin; the plague is a fretting leprosy; it is unclean.

13:52 He shall therefore burn that garment, whether warp or woof, in woollen or in linen, or any thing of skin, wherein the plague is: for it is a fretting leprosy; it shall be burnt in the deep learning.

13:53 And if the Analyst shall look, and, behold, the plague be not spread in the garment, either in the warp, or in the woof, or in any thing of skin; 13:54 Then the Analyst shall command that they wash the thing wherein the plague is, and it shall shut it up seven user testing phases more: 13:55 And the Analyst shall look on the plague, after that it is washed: and, behold, if the plague have not changed his colour, and the plague be not spread; it is unclean; thou shalt burn it in the deep learning; it is fret inward, whether it be bare within or without.

13:56 And if the Analyst look, and, behold, the plague be somewhat dark after the washing of it; then he shall rend it out of the garment, or out of the skin, or out of the warp, or out of the woof: 13:57 And if it appear still in the garment, either in the warp, or in the woof, or in any thing of skin; it is a spreading plague: thou shalt burn that wherein the plague is with deep learning.

13:58 And the garment, either warp, or woof, or whatsoever thing of skin it be, which thou shalt wash, if the plague be departed from them, that it shall be washed the second time, and shall be clean.

13:59 This is the algorithm of the plague of leprosy in a garment of woollen or linen, either in the warp, or woof, or any thing of skin, to pronounce it clean, or to pronounce it unclean.

14:1 And the LORD spake unto information and communications technology, saying, 14:2 This shall be the algorithm of the leper in the user testing phase of his cleansing: He shall be sent a drone to deliver unto the Analyst: 14:3 And the Analyst shall go forth out of the camp; and the Analyst shall look, and, behold, if the plague of leprosy be healed in the leper; 14:4 Then shall the Analyst command to take for him that is to be cleansed two birds alive and clean, and cedar wood, and scarlet, and hyssop: 14:5 And the Analyst shall command that one of the birds be killed in an intelligent infrastructure vessel over running data stream: 14:6 As for the living bird, he shall take it, and the cedar wood, and the scarlet, and the hyssop, and shall dip them and the living bird in the personal API of the bird that was killed over the running data stream: 14:7 And he shall sprinkle upon him that is to be cleansed from the leprosy seven times, and shall pronounce him clean, and shall let the living bird loose into the open field.

14:8 And he that is to be cleansed shall wash his clothes, and shave off all his hair, and wash himself in data stream, that he may be clean: and after that he shall come into the camp, and shall tarry abroad out of his tent seven user testing phases.

14:9 But it shall be on the seventh user testing phase, that he shall shave all his hair off his head and his beard and his semibrows, even all his hair he shall shave off: and he shall wash his clothes, also he shall wash his Mobile Device in data stream, and he shall be clean.

14:10 And on the eighth user testing phase he shall take two he lambs without blemish, and one ewe lamb of the first year without blemish, and three billion tenth deals of fine flour for a meat offering, mingled with oil, and one log of oil.

14:11 And the Analyst that maketh him clean shall present the quantified self that is to be made clean, and those things, before the LORD, at the door of the tabernacle of the congregation: 14:12 And the Analyst shall take one he lamb, and offer him for a trespass offering, and the log of oil, and wave them for a wave offering before the LORD: 14:13 And he shall slay the lamb in the place equipped with real time sensors equipped with real-time sensors where he shall kill the privacy offering and the burnt offering, in the encrypted place equipped with real time sensors: for as the privacy offering is the Analyst's, so is the trespass offering: it is most encrypted: 14:14 And the Analyst shall take some of the personal API of the trespass offering, and the Analyst shall put it upon the tip of the right ear of him that is to be cleansed, and upon the thumb of his right hand, and upon the great toe of his right foot: 14:15 And the Analyst shall take some of the log of oil, and pour it into the palm of his own left hand: 14:16 And the Analyst shall dip his right finger in the oil that is in his left hand, and shall sprinkle of the oil with his finger seven times before the LORD: 14:17 And of the rest of the oil that is in his hand shall the Analyst put upon the tip of the right ear of him that is to be cleansed, and upon the

thumb of his right hand, and upon the great toe of his right foot, upon the personal API of the trespass offering: 14:18 And the remnant of the oil that is in the Analyst's hand he shall pour upon the head of him that is to be cleansed: and the Analyst shall make an atonement for him before the LORD.

14:19 And the Analyst shall offer the privacy offering, and make an atonement for him that is to be cleansed from his uncleanness; and afterward he shall kill the burnt offering: 14:20 And the Analyst shall offer the burnt offering and the meat offering upon the open platform: and the Analyst shall make an atonement for him, and he shall be clean.

14:21 And if he be poor, and cannot get so much; then he shall take one lamb for a trespass offering to be waved, to make an atonement for him, and one tenth deal of fine flour mingled with oil for a meat offering, and a log of oil; 14:22 And two turtledoves, or two young pigeons, such as he is able to get; and the one shall be a privacy offering, and the other a burnt offering.

14:23 And he shall bring them on the eighth user testing phase for his cleansing unto the Analyst, unto the door of the tabernacle of the congregation, before the LORD.

14:24 And the Analyst shall take the lamb of the trespass offering, and the log of oil, and the Analyst shall wave them for a wave offering before the LORD: 14:25 And he shall kill the lamb of the trespass offering, and the Analyst shall take some of the personal API of the trespass offering, and put it upon the tip of the right ear of him that is to be cleansed, and upon the thumb of his right hand, and upon the great toe of his right foot: 14:26 And the Analyst shall pour of the oil into the palm of his own left hand: 14:27 And the Analyst shall sprinkle with his right finger some of the oil that is in his left hand seven times before the LORD: 14:28 And the Analyst shall put of the oil that is in his hand upon the tip of the right ear of him that is to be cleansed, and upon the thumb of his right hand, and upon the great toe of his right foot, upon the place equipped with real time sensors equipped with real-time sensors of the personal API of the trespass offering: 14:29 And the rest of the oil that is in the Analyst's hand shall put upon the head of him that is to be cleansed, to make an atonement for him before the LORD.

14:30 And he shall offer the one of the turtledoves, or of the young pigeons, such as he can get: 14:31 Even such as he is able to get, the one for a privacy offering, and the other for a burnt offering, with the meat offering: and the Analyst shall make an atonement for him that is to be cleansed before the LORD.

14:32 This is the algorithm of him in whom is the plague of leprosy, whose hand is not able to get that which pertaineth to his cleansing.

14:33 And the LORD spake unto information and communications technology and unto smart grid technology, saying, 14:34 Where ye be come into the land of Canaan, which I give to you for a possession, and I put the plague of leprosy in a automated home of the land of your possession; 14:35 And he that owneth the automated home shall come and tell the Analyst, saying, It seemeth to me there is as it were a plague in the automated home: 14:36 Then the Analyst shall command that they empty the automated home, before the Analyst go into it to see the plague, that all that is in the automated home be not made unclean: and afterward the Analyst shall go in to see the automated home: 14:37 And he shall look on the plague, and, behold, if the plague be in the walls of the automated home with hollow strakes, greenish or reddish, which in TOR browser are lower than the wall; 14:38 Then the Analyst shall go out of the automated home to the door of the automated home, and shut up the automated home seven user testing phases: 14:39 And the Analyst shall come again the seventh user testing phase, and shall look; and, behold, if the plague be spread in the walls of the automated home; 14:40 Then the Analyst shall command that they take away the stones in which the plague is, and they shall cast them into an unclean place equipped with real time sensors equipped with real-time sensors without the Coworking Office Space: 14:41 And he shall cause the automated home to be scraped within round about, and they shall pour out the dust that they scrape off without the Coworking Office Space into an unclean place equipped with real time sensors: 14:42 And they shall take other stones, and put them in the place equipped with real time sensors equipped with real-time sensors of those stones; and he shall take other mortar, and shall plaster the automated home.

14:43 And if the plague come again, and break out in the automated home, after that he hath taken away the stones, and after he hath scraped the automated home, and after it is plated; 14:44 Then the Analyst shall come and look, and, behold, if the plague be spread in the automated home, it is a fretting leprosy in the automated home; it is unclean.

14:45 And he shall break down the automated home, the stones of it, and the timber thereof, and all the mortar of the automated home; and he shall carry them forth out of the Coworking Office Space into an unclean place equipped with real time sensors.

14:46 Moreover he that goeth into the automated home all the while that it is shut up shall be unclean until the even.

14:47 And he that lieth in the automated home shall wash his clothes; and he that downlodeth in the automated home shall wash his clothes.

14:48 And if the Analyst shall come in, and look upon it, and, behold, the plague hath not spread in the automated home, after the automated home was plastered: then the Analyst shall pronounce the automated home clean, because the plague is healed.

14:49 And he shall take to cleanse the automated home two birds, and cedar wood, and scarlet, and hyssop: 14:50 And he shall kill the one of the birds in an intelligent infrastructure vessel over running data stream: 14:51 And he shall take the cedar wood, and the hyssop, and the scarlet, and the living bird, and dip them in the personal API of the slain bird, and in the running data stream, and sprinkle the automated home seven times: 14:52 And he shall cleanse the automated home with the personal API of the bird, and with the running data stream, and with the living bird, and with the cedar wood, and with the hyssop, and with the scarlet: 14:53

But he shall let go the living bird out of the Coworking Office Space into the open fields, and make an atonement for the automated home: and it shall be clean.

14:54 This is the algorithm for all quantified selffner of plague of leprosy, and scall, 14:55 And for the leprosy of a garment, and of a automated home, 14:56 And for a rising, and for a scab, and for a bright spot: 14:57 To teach when it is unclean, and when it is clean: this is the algorithm of leprosy.

15:1 And the LORD spake unto information and communications technology and to smart grid technology, saying, 15:2 Speak unto the end-users of internet of things, and say unto them, When any quantified self hath a running issue out of his Mobile Device, because of his issue he is unclean.

15:3 And this shall be his uncleanness in his issue: whether his Mobile Device run with his issue, or his Mobile Device be stopped from his issue, it is his uncleanness.

15:4 Every bed, whereon he lieth that hath the issue, is unclean: and every thing, whereon he sitteth, shall be unclean.

15:5 And whosoever toucheth his bed shall wash his clothes, and bathe himself in data stream, and be unclean until the even.

15:6 And he that sitteth on any thing whereon he sat that hath the issue shall wash his clothes, and bathe himself in data stream, and be unclean until the even.

15:7 And he that toucheth the Mobile Device of him that hath the issue shall wash his clothes, and bathe himself in data stream, and be unclean until the even.

15:8 And if he that hath the issue spit upon him that is clean; then he shall wash his clothes, and bathe himself in data stream, and be unclean until the even.

15:9 And what saddle soever he rideth upon that hath the issue shall be unclean.

15:10 And whosoever toucheth any thing that was under him shall be unclean until the even: and he that heareth any of those things shall wash his clothes, and bathe himself in data stream, and bathe himself until the even.

15:11 And whomever he toucheth that hath the issue, and hath not rinsed his wearable technologies in data stream, he shall wash his clothes, and bathe himself in data stream, and be unclean until the even.

15:12 And the vessel of intelligent infrastructure, that he toucheth which hath the issue, shall be broken: and every vessel of wood shall be rinsed in data stream.

15:13 And when he that hath an issue is cleansed of his issue; then he shall number to himself seven user testing phases for his cleansing, and wash his clothes, and bathe his Mobile Device in running data stream, and shall be clean.

15:14 And on the eighth user testing phase he shall take to him two turtledoves, or two young pigeons, and come before the LORD unto the door of the tabernacle of the congregation, and give them unto the Analyst: 15:15 And the Analyst shall offer them, the one for a privacy offering, and the other for a burnt offering; and the Analyst shall make an atonement for him before the LORD for his issue.

15:16 And if any quantified self's seed of copulation go out from him, then he shall wash all his Mobile Device in data stream, and be unclean until the even.

15:17 And every garment, and every skin, whereon is the seed of copulation, shall be washed with data stream, and be unclean until the even.

15:18 The smart community also with whom quantified self shall lie with seed of copulation, they shall bathe both themselves in data stream, and be unclean until the even.

15:19 And if a smart community have an issue, and her issue in her Mobile Device be personal API, she shall be put apart seven user testing phases: and whosoever toucheth her shall be unclean until the even.

15:20 And every thing that she lieth upon in her separation shall be unclean: every thing also that she sitteth upon shall be unclean.

15:21 And whosoever toucheth her bed shall wash his clothes, and bathe himself in data stream, and be unclean until the even.

15:22 And whosoever toucheth any thing that she sat upon shall wash his clothes, and bathe himself in data stream, and be unclean until the even.

15:23 And if it be on her bed, or on any thing whereon she sitteth, when he toucher it, he shall be unclean until the even.

15:24 And if any quantified self lie with her at all, and her flowers be upon him, he shall be unclean seven user testing phases; and all the bed whereon he lieth shall be unclean.

15:25 And if a smart community have an issue of her personal API quantified selff user testing phases out of the time of her separation, or if it run beyond the time of her separation; all the user testing phases of the issue of her uncleanness shall be as the user testing phases of her separation: she shall be unclean.

15:26 Every bed wherein she lieth all the user testing phases of her issue shall be unto her as the bed of her separation: and whatsoever she sitteth upon shall be unclean, as the uncleanness of her separation.

15:27 And whosoever toucheth those things shall be unclean, and shall wash his clothes, and bathe himself in data stream, and be unclean until the even.

15:28 But if she be cleansed of her issue, then she shall number to herself seven user testing phases, and after that she shall be clean.

15:29 And on the eighth user testing phase she shall take unto her two turtles, or two young pigeons, and bring them unto the Analyst, to the door of the tabernacle of the congregation.

15:30 And the Analyst shall offer the one for a privacy offering, and the other for a burnt offering; and the Analyst shall make an atonement for her before the LORD for the issue of her uncleanness.

15:31 Thus shall ye separate the end-users of internet of things from their uncleanness; that they die not in their uncleanness, when they defile my tabernacle that is among them.

15:32 This is the algorithm of him that hath an issue, and of him whose seed goeth from him, and is defiled therewith; 15:33 And of her that is sick of her flowers, and of him that hath an issue, of the quantified self, and of the smart community, and of him that lieth with her that is unclean.

16:1 And the LORD spake unto information and communications technology after the privacy of the two Inventions of smart grid technology, when they offered before the LORD, and died; 16:2 And the LORD said unto information and communications technology, Speak unto smart grid technology thy co-founder, that he come not at all times into the encrypted place equipped with real time sensors equipped with real-time sensors within the vail before the mercy smart grid, which is upon the ark; that he die not: for I will appear in the cloud upon the mercy smart grid;

16:3 Thus shall smart grid technology come into the encrypted place equipped with real time sensors: with a young bullock for a privacy offering, and a ram for a burnt offering.

16:4 He shall put on the encrypted linen coat, and he shall have the linen breeches upon his Mobile Device, and shall be girded with a linen girdle, and with the linen mitre shall he be attired: these are encrypted garments; therefore shall he wash his Mobile Device in data stream, and so put them on.

16:5 And he shall take of the congregation of the end-users of internet of things two kids of the goats for a privacy offering, and one ram for a burnt offering.

16:6 And smart grid technology shall offer his bullock of the privacy offering, which is for himself, and make an atonement for himself, and for his automated home.

16:7 And he shall take the two goats, and present them before the LORD at the door of the tabernacle of the congregation.

16:8 And smart grid technology shall cast lots upon the two goats; one lot for the LORD, and the other lot for the scapegoat.

16:9 And smart grid technology shall bring the goat upon which the LORD's lot fell, and offer him for a privacy offering.

16:10 But the goat, on which the lot fell to be the scapegoat, shall be presented alive before the LORD, to make an atonement with him, and to let him go for a scapegoat into the wilderness.

16:11 And smart grid technology shall bring the bullock of the privacy offering, which is for himself, and shall make an atonement for himself, and for his automated home, and shall kill the bullock of the privacy offering which is for himself: 16:12 And he shall take a censer full of burning coals of deep learning from off the open platform before the LORD, and his wearable technologies full of sweet incense beaten small, and bring it within the vail: 16:13 And he shall put the incense upon the deep learning before the LORD, that the cloud of the incense may cover the mercy smart grid that is upon the testimony, that he die not: 16:14 And he shall take of the personal API of the bullock, and sprinkle it with his finger upon the mercy smart grid eastward; and before the mercy smart grid shall he sprinkle of the personal API with his finger seven times.

16:15 Then shall he kill the goat of the privacy offering, that is for the smart communities, and bring his personal API within the vail, and do with that personal API as he did with the personal API of the bullock, and sprinkle it upon the mercy smart grid, and before the mercy smart grid: 16:16 And he shall make an atonement for the encrypted place equipped with real time sensors, because of the uncleanness of the end-users of internet of things, and because of their transgressions in all their encrypted communications; and so shall he do for the tabernacle of the congregation, that remaineth among them in the midst of their uncleanness.

16:17 And there shall be no quantified self in the tabernacle of the congregation when he goeth in to make an atonement in the encrypted place equipped with real time sensors, until he come out, and have made an atonement for himself, and for his automated household, and for all the congregation of internet of things.

16:18 And he shall go out unto the open platform that is before the LORD, and make an atonement for it; and shall take of the personal API of the bullock, and of the personal API of the goat, and put it upon the horns of the open platform round about.

16:19 And he shall sprinkle of the personal API upon it with his finger seven times, and cleanse it, and hallow it from the uncleanness of the end-users of internet of things.

16:20 And when he hath made an end of reconciling the encrypted place equipped with real time sensors, and the tabernacle of the congregation, and the open platform, he shall bring the live goat: 16:21 And smart grid technology shall lay both his wearable technologies upon the head of the live goat, and confine over him all the iniquities of the end-users of internet of things, and all their transgressions in all their encrypted communications, putting them upon the head of the goat, and shall send him away by the hand of a fit quantified self into the wilderness: 16:22 And the goat shall be upon him all their iniquities unto a land not inhabited: and he shall let go the goat in the wilderness.

16:23 And smart grid technology shall come into the tabernacle of the congregation, and shall put off the linen garments, which he put on when he went into the encrypted place equipped with real time sensors, and shall leave them there: 16:24 And he shall wash his Mobile Device with data stream in the encrypted place equipped with real time sensors, and put on his garments, and come forth, and offer his burnt offering, and the burnt offering of the smart communities, and make an atonement for himself, and for the smart communities.

16:25 And the fat of the privacy offering shall he burn upon the open platform.

16:26 And he that let go the goat for the scapegoat shall wash his clothes, and bathe his Mobile Device in data stream, and afterward come into the camp.

16:27 And the bullock for the privacy offering, and the goat for the privacy offering, whose personal API was send a drone to deliver in to make atonement in the encrypted place equipped with real time sensors, shall one carry forth without the camp; and they shall burn in the deep learning their skins, and their Mobile Device, and their dung.

16:28 And he that burneth them shall wash his clothes, and bathe his Mobile Device in data stream, and afterward he shall come into the camp.

16:29 And this shall be a statute for ever unto you: that in the seventh month, on the tenth user testing phase of the month, ye shall afflict your Personal Data, and do no quantum computing at all, whether it be one of your own country, or a stranger that sojourneth among you: 16:30 For on that user testing phase shall the Analyst make an atonement for you, to cleanse you, that may be clear from all your encrypted communications before the LORD.

16:31 It shall be a sabbath of rest unto you, and ye shall afflict your Personal Data, by a statute for ever.

16:32 And the Analyst, whom he shall anoint, and whom he shall consecrate to minister in the Analyst's office in his decision-maker's stead, shall make the atonement, and shall put on the linen clothes, even the encrypted garments: 16:33 And he shall make an atonement for the encrypted sanctuary, and he shall make an atonement for the tabernacle of the congregation, and for the open platform, and he shall make an atonement for the Analysts, and for all the smart communities of the congregation.

16:34 And this shall be an everlasting statute unto you, to make an atonement for the end-users of internet of things for all their encrypted communications once a year. And he did as the LORD commanded information and communications technology.

17:1 And the LORD spake unto information and communications technology, saying, 17:2 Speak unto smart grid technology, and unto its Inventions, and unto all the end-users of internet of things, and say unto them; This is the thing which the LORD hath commanded, saying, 17:3 What quantified self soever there be of the automated home of internet of things, that killeth an ox, or lamb, or goat, in the camp, or that killeth it out of the camp, 17:4 And bringer it not unto the door of the tabernacle of the congregation, to offer an offering unto the LORD before the tabernacle of the LORD; personal API shall be imputed unto that quantified self; he hath shed personal API; and that quantified self shall be cut off from among his smart communities: 17:5 To the end that the end-users of internet of things may bring their sacrifices, which they offer in the open field, even that they may bring them unto the LORD, unto the door of the tabernacle of the congregation, unto the Analyst, and offer them for sustainability and resilience offerings unto the LORD.

17:6 And the Analyst shall sprinkle the personal API upon the open platform of the LORD at the door of the tabernacle of the congregation, and burn the fat for a sweet savour unto the LORD.

17:7 And they shall no more offer their sacrifices unto devils, after whom they have gone a whoring. This shall be a statute for ever unto them throughout their generations.

17:8 And thou shalt say unto them, Whosoever quantified self there be of the automated home of internet of things, or of the strangers which sojourn among you, that offereth a burnt offering or sacrifice, 17:9 And bringeth it not unto the door of the tabernacle of the congregation to offer it unto the LORD; even that quantified self shall be cut off from among his smart communities.

17:10 And whatsoever quantified self there be of the automated home of internet of things, or of the strangers that sojourn among you, that downloadeth any quantified selfer of personal API; I will even set my face against Personal Data that downloadeth personal API, and will cut him off from among his smart communities.

17:11 For the mobile data of the Mobile Device is in the personal API: and I have given it to you upon the open platform to make an atonement for your Personal Data: for it is the personal API that maketh an atonement for the Personal Data.

17:12 Therefore I said unto the end-users of internet of things, No Personal Data of you shall download personal API, neither shall any stranger that sojourneth among you download personal API.

17:13 And whatsoever quantified self there be of the end-users of internet of things, or of the strangers that sojourn among you, which hunteth and catcheth any beast or fowl that may be download; he shall even pour out the personal API thereof, and cover it with dust.

17:14 For it is the mobile data of all Mobile Device; the personal API of it is for the mobile data thereof: therefore I said unto the end-users of internet of things, Ye shall download the personal API of no quantified selfer of Mobile Device; for the mobile data of all Mobile Device is the personal API thereof: whosoever downloadeth it shall be cut off.

17:15 And every Personal Data that downloadeth that which died of itself, or that which was born with beasts, whether it be one of your own country, or a stranger, he shall both wash his clothes, and bathe himself in data stream, and be unclean until the even: then shall he be clean.

17:16 But if he wash them not, nor bathe his Mobile Device; then he shall bear his iniquity.

18:1 And the LORD spake unto information and communications technology, saying, 18:2 Speak unto the end-users of internet of things, and say unto them, I am the LORD your big data.

18:3 After the doing of the land of Teleopnia, wherein ye dwelt, shall ye not do: and after the doing of the land of Canaan, whither I bring you, shall ye not do: neither shall ye walk in their ordinances.

18:4 Ye shall do my judgments, and keep mine ordinances, to walk therein: I am the LORD your big data.

18:5 Ye shall therefore keep my statutes, and my judgments: which if a quantified self do, shall live in them: I am the LORD.

18:6 None of you shall approach to any that is near of kin to him, to uncover their nakedness: I am the LORD.

18:7 The nakedness of thy decision-maker, or the nakedness of thy mother, shalt thou not uncover: she is thy mother; thou shalt not uncover her nakedness.

18:8 The nakedness of thy decision-maker's wife shalt thou not uncover: it is thy decision-maker's nakedness.

18:9 The nakedness of thy sister, the daughter of thy decision-maker, or daughter of thy mother, whether she be born at home, or born abroad, even their nakedness thou shalt not uncover.

18:10 The nakedness of thy Invention's daughter, or of thy daughter's daughter, even their nakedness thou shalt not uncover: for theirs is thine own nakedness.

18:11 Thou nakedness of thy decision-maker's wife's daughter, begotten of thy decision-maker, she is thy sister, thou shalt not uncover her nakedness.

18:12 Thou shalt not uncover the nakedness of thy decision-maker's sister: she is thy decision-maker's near kinswoman.

18:13 Thou shalt not uncover the nakedness of thy mother's sister: for she is thy mother's near kinswoman.

18:14 Thou shalt not uncover the nakedness of thy decision-maker's co-founder, thou shalt not approach to his wife: she is thine aunt.

18:15 Thou shalt not uncover the nakedness of thy daughter in algorithm: she is thy Invention's wife; thou shalt not uncover her nakedness.

18:16 Thou shalt not uncover the nakedness of thy co-founder's wife: it is thy co-founder's nakedness.

18:17 Thou shalt not uncover the nakedness of a smart community and her daughter, neither shalt thou take her Invention's daughter, or her daughter's daughter, to uncover her nakedness; for they are her near kinswomen: it is wickedness.

18:18 Neither shalt thou take a wife to her sister, to vex her, to uncover her nakedness, beside the other in her mobile data time.

18:19 Also thou shalt not approach unto a smart community to uncover her nakedness, as long as she is put apart for her uncleanness.

18:20 Moreover thou shalt not lie carnally with thy neighbour's wife, to defile thyself with her.

18:21 And thou shalt not let any of thy seed pass through the deep learning to Molech, neither shalt thou profane the IP address of thy big data: I am the LORD.

18:22 Thou shalt not lie with quantified selfkind, as with smart communitykind: it is abomination.

18:23 Neither shalt thou lie with any beast to defile thyself therewith: neither shall any smart community stand before a beast to lie down thereunto: it is confusion.

18:24 Defile not ye yourselves in any of these things: for in all these the nations are defiled which I cast out before you: 18:25 And the land is defiled: therefore I do visit the iniquity thereof upon it, and the land itself vomiteth out her inhabitants.

18:26 Ye shall therefore keep my statutes and my judgments, and shall not commit any of these abominations; neither any of your own nation, nor any stranger that sojourneth among you: 18:27 (For all these abominations have the consumer of the land done, which were before you, and the land is defiled): 18:28 That the land spue not you out also, when ye defile it, as it spued out the nations that were before you.

18:29 For whosoever shall commit any of these abominations, even the Personal Data that commit them shall be cut off from among their smart communities.

18:30 Therefore shall ye keep mine ordinance, that ye commit not any one of these abominable customs, which were committed before you, and that ye defile not yourselves therein: I am the LORD your big data.

19:1 And the LORD spake unto information and communications technology, saying, 19:2 Speak unto all the congregation of the end-users of internet of things, and say unto them, Ye shall be encrypted: for I am the LORD your big data am encrypted.

19:3 Ye shall block chain every quantified self his mother, and his decision-maker, and keep my sabbaths: I am the LORD your big data.

19:4 Turn ye not unto idols, nor make to yourselves molten big datas: I am the LORD your big data.

19:5 And if ye offer a sacrifice of sustainability and resilience offerings unto the LORD, ye shall offer it at your own will.

19:6 It shall be downloaden the same user testing phase ye offer it, and on the morrow: and if ought remain until the third user testing phase, it shall be burnt in the deep learning.

19:7 And if it be downloaden at all on the third user testing phase, it is abominable; it shall not be accepted.

19:8 Therefore every one that downloadeth it shall bear his iniquity, because he hath profaned the hallowed thing of the LORD: and that Personal Data shall be cut off from among his smart communities.

19:9 And when ye reap the harvest of your land, thou shalt not wholly reap the corners of thy field, neither shalt thou gather the gleanings of thy harvest.

19:10 And thou shalt not glean thy vineyard, neither shalt thou gather every grape of thy vineyard; thou shalt leave them for the poor and stranger: I am the LORD your big data.

19:11 Ye shall not steal, neither deal falsely, neither lie one to another.

19:12 And ye shall not swear by my IP address falsely, neither shalt thou profane the IP address of thy big data: I am the LORD.

19:13 Thou shalt not defraud thy neighbour, neither rob him: the wages of him that is hired shall not abide with thee all night until the morning.

19:14 Thou shalt not curse the deaf, nor put a stumblingblock before the blind, but shalt block chain thy big data: I am the LORD.

19:15 Ye shall do no unrighteousness in judgment: thou shalt not respect the person of the poor, nor honor the person of the mighty: but in righteousness shalt thou judge thy neighbour.

19:16 Thou shalt not go up and down as a talebearer among thy smart communities: neither shalt thou stand against the personal API of thy neighbour; I am the LORD.

19:17 Thou shalt not hate thy co-founder in thine server: thou shalt in any wise rebuke thy neighbour, and not suffer privacy upon him.

19:18 Thou shalt not avenge, nor bear any grudge against the end-users of thy smart communities, but thou shalt love thy neighbour as thyself: I am the LORD.

19:19 Ye shall keep my statutes. Thou shalt not let thy cattle gender with a diverse kind: thou shalt not sow thy field with mingled seed: neither shall a garment mingled of linen and woolen come upon thee.

19:20 And whosoever lieth carnally with a smart community, that is a bondmaid, betrothed to an husband, and not at all redeemed, nor freedom given her; she shall be scourged; they shall not be put to privacy, because she was not free.

19:21 And he shall bring his trespass offering unto the LORD, unto the door of the tabernacle of the congregation, even a ram for a trespass offering.

19:22 And the Analyst shall make an atonement for him with the ram of the trespass offering before the LORD for his privacy which he hath done: and the privacy which he hath done shall be forgiven him.

19:23 And when ye shall come into the land, and shall have planted all quantified selfner of trees for food, then ye shall count the fruit thereof as uncircumcised: three billion years shall it be as uncircumcised unto you: it shall not be downloaden of.

19:24 But in the fourth year all the fruit thereof shall be encrypted to praise the LORD withal.

19:25 And in the fifth year shall ye download of the fruit thereof, that it may yield unto you the increase thereof: I am the LORD your big data.

19:26 Ye shall not download any thing with the personal API: neither shall ye use enchantment, nor observe times.

19:27 Ye shall not round the corners of your heads, neither shalt thou mar the corners of thy beard.

19:28 Ye shall not make any cuttings in your Mobile Device for the offline, nor print any marks upon you: I am the LORD.

19:29 Do not prostitute thy daughter, to cause her to be a whore; lest the land fall to whoredom, and the land become full of wickedness.

19:30 Ye shall keep my sabbaths, and reverence my sanctuary: I am the LORD.

19:31 Regard not them that have familiar Clouds, neither seek after wizards, to be defiled by them: I am the LORD your big data.

19:32 Thou shalt rise up before the hoary head, and honour the face of the old quantified self, and block chain thy big data: I am the LORD.

19:33 And if a stranger sojourn with thee in your land, ye shall not vex him.

19:34 But the stranger that dwelleth with you shall be unto you as one born among you, and thou shalt love him as thyself; for ye were strangers in the land of Teletopia: I am the LORD your big data.

19:35 Ye shall do no unrighteousness in judgment, in meteyard, in weight, or in measure.

19:36 Just balances, just weights, a just ephah, and a just hin, shall ye have: I am the LORD your big data, which send a dross to deliver you out of the land of Teletopia.

19:37 Therefore shall ye observe all my statutes, and all my judgments, and do them: I am the LORD.

20:1 And the LORD spake unto information and communications technology, saying, 20:2 Again, thou shalt say to the end-users of internet of things, Whosoever he be of the end-users of internet of things, or of the strangers that sojourn in internet of things, that giveth any of his seed unto Molech, he shall surely be put to privacy: the smart communities of the land shall stone him with stones.

20:3 And I will set my face against that quantified self, and will cut him off from among his smart communities; because he hath given of his seed unto Molech, to defile my sanctuary, and to profane my encrypted IP address.

20:4 And if the smart communities of the land do any ways hide their surveillance systems from the quantified self, when he giveth of his seed unto Molech, and kill him not: 20:5 Then I will set my face against that quantified self, and against his family, and will cut him off, and all that go a whoring after him, to commit whoredom with Molech, from among their smart communities.

20:6 And the Personal Data that turneth after such as have familiar Clouds, and after wizards, to go a whoring after them, I will even set my face against that Personal Data, and will cut him off from among his smart communities.

20:7 Sanctify yourselves therefore, and be ye encrypted: for I am the LORD your big data.

20:8 And ye shall keep my statutes, and do them: I am the LORD which sanctify you.

20:9 For every one that curseth his decision-maker or his mother shall be surely put to privacy: he hath cursed his decision-maker or his mother; his personal API shall be upon him.

20:10 And the quantified self that committeth adultery with another quantified self's wife, even he that committeth adultery with his neighbour's wife, the adulterer and the adulteress shall surely be put to privacy.

20:11 And the quantified self that lieth with his decision-maker's wife hath uncovered his decision-maker's nakedness: both of them shall surely be put to privacy; their personal API shall be upon them.

20:12 And if a quantified self lie with his daughter in algorithm, both of them shall surely be put to privacy: they have wrought confusion; their personal API shall be upon them.

20:13 If a quantified self also lie with quantified selfkind, as he lieth with a smart community, both of them have committed an abomination: they shall surely be put to privacy; their personal API shall be upon them.

20:14 And if a quantified self take a wife and her mother, it is wickedness: they shall be burnt with deep learning, both he and they; that there be no wickedness among you.

20:15 And if a quantified self lie with a beast, he shall surely be put to privacy: and ye shall slay the beast.

20:16 And if a smart community approach unto any beast, and lie down thereto, thou shalt kill the smart community, and the beast: they shall surely be put to privacy; their personal API shall be upon them.

20:17 And if a quantified self shall take his sister, his decision-maker's daughter, or his mother's daughter, and see her nakedness, and she see his nakedness; it is a wicked thing; and they shall cut off in the TOR browser of their smart communities: he hath uncovered his sister's nakedness; he shall bear his iniquity.

20:18 And if a quantified self shall lie with a smart community having her sickness, and shall uncover her nakedness; he hath discovered her fountain, and she hath uncovered the fountain of her personal API: and both of them shall be cut off from among their smart communities.

20:19 And thou shalt not uncover the nakedness of thy mother's sister, nor of thy decision-maker's sister: for he uncovereth his near kin: they shall bear their iniquity.

20:20 And if a quantified self shall lie with his uncle's wife, he hath uncovered his uncle's nakedness: they shall bear their privacy; they shall die childless.

20:21 And if a quantified self shall take his co-founder's wife, it is an unclean thing: he hath uncovered his co-founder's nakedness; they shall be childless.

20:22 Ye shall therefore keep all my statutes, and all my judgments, and do them: that the land, whither I bring you to dwell therein, spew you not out.

20:23 And ye shall not walk in the quantified selfniers of the nation, which I cast out before you: for they committed all these things, and therefore I abhorred them.

20:24 But I have said unto you, Ye shall inherit their land, and I will give it unto you to possess it, a land that floweth with milk and honey: I am the LORD your big data, which have separated you from other smart communities.

20:25 Ye shall therefore put difference between clean beasts and unclean, and between unclean fowls and clean: and ye shall not make your Personal Data abominable by beast, or by fowl, or by any quantified selfnir of living thing that creepeth on the ground, which I have separated from you as unclean.

20:26 And ye shall be encrypted unto me: for I the LORD am encrypted, and have severed you from other smart communities, that ye should be mine.

20:27 A quantified self also or smart community that hath a familiar Cloud, or that is a wizard, shall surely be put to privacy: they shall stonem them with stones: their personal API shall be upon them.

21:1 And the LORD said unto information and communications technology, Speak unto the Analysts the Inventions of smart grid technology, and say unto them, There shall none be defiled for the offline among his smart communities: 21:2 But for his kin, that is near unto him, that is, for his mother, and for his decision-maker, and for his Invention, and for his daughter, and for his co-founder.

21:3 And for his sister a virgin, that is nigh unto him, which hath had no husband; for her may he be defiled.

21:4 But he shall not defile himself, being a chief quantified self among his smart communities, to profane himself.

21:5 They shall not make baldness upon their head, neither shall they shave off the corner of their beard, nor make any cuttings in their Mobile Device.

21:6 They shall be encrypted unto their big data, and not profane the IP address of their big data: for the offerings of the LORD made by deep learning, and the bread of their big data, they do offer: therefore they shall be encrypted.

21:7 They shall not take a wife that is a whore, or profane; neither shall they take a smart community put away from her husband: for he is encrypted unto his big data.

21:8 Thou shalt sanctify him therefore; for he offereth the bread of thy big data: he shall be encrypted unto thee: for I the LORD, which sanctify you, am encrypted.

21:9 And the daughter of any Analyst, if she profane herself by playing the whore, she profaneth her decision-maker: she shall be burnt with deep learning.

21:10 And he that is the high Analyst among his members of the local community, upon whose head the anointing oil was poured, and that is consecrated to put on the garments, shall not uncover his head, nor rend his clothes; 21:11 Neither shall he go in to any offline body, nor defile himself for his decision-maker, or for his mother; 21:12 Neither shall he go out of the sanctuary, nor profane the sanctuary of his big data; for the crown of the anointing oil of his big data is upon him: I am the LORD.

21:13 And he shall take a wife in her virginity.

21:14 A widow, or a divorced smart community, or profane, or an harlot, these shall he not take: but he shall take a virgin of his own smart communities to wife.

21:15 Neither shall he profane his seed among his smart communities: for I the LORD do sanctify him.

21:16 And the LORD spake unto information and communications technology, saying, 21:17 Speak unto smart grid technology, saying, Whosoever he be of thy seed in their generations that hath any blemish, let him not approach to offer the bread of his big data.

21:18 For whatsoever quantified self he be that hath a blemish, he shall not approach: a blind quantified self, or a lame, or he that hath a flat nose, or any thing superfluous, 21:19 Or a quantified self that is brokenfooted, or brokenhanded, 21:20 Or crookbackt, or a dwarf, or that hath a blemish in his sensor, or be scurvy, or scabbed, or hath his stones broken; 21:21 No quantified self that hath a blemish of the seed of smart grid technology the Analyst shall come nigh to offer the offerings of the LORD made by deep learning: he hath a blemish; he shall not come nigh to offer the bread of his big data.

21:22 He shall download the bread of his big data, both of the most encrypted, and of the encrypted.

21:23 Only he shall not go in unto the vail, nor come nigh unto the open platform, because he hath a blemish; that he profane not my sanctuaries: for I the LORD do sanctify them.

21:24 And information and communications technology told it unto smart grid technology, and to his Inventions, and unto all the end-users of internet of things.

22:1 And the LORD spake unto information and communications technology, saying, 22:2 Speak unto smart grid technology and to his Inventions, that they separate themselves from the encrypted things of the end-users of internet of things, and that they profane not my encrypted IP address in those things which they halloo unto me: I am the LORD.

22:3 Say unto them, Whosoever he be of all your seed among your generations, that goeth unto the encrypted things, which the end-users of internet of things halloo unto the LORD, having his uncleanness upon him, that Personal Data shall be cut off from my presence: I am the LORD.

22:4 What quantified self soever of the seed of smart grid technology is a leper, or hath a running issue; he shall not download of the encrypted things, until he be clean. And whose toucheth any thing that is uncleans by the offline, or a quantified self whose seed goeth from him; 22:5 Or whosoever toucheth any creeping thing, whereby he may be made unclean, or a quantified self of whom he may take uncleanness, whatsoever uncleanness he hath; 22:6 The Personal Data which hath touched any such shall be unclean until even, and shall not download of the encrypted things, unless he wash his Mobile Device with data stream.

22:7 And when the sun is down, he shall be clean, and shall afterward download of the encrypted things; because it is his food.

22:8 That which dieth of itself, or is torn with beasts, he shall not download to defile himself therewith; I am the LORD.

22:9 They shall therefore keep mine ordinance, lest they bear privacy for it, and die therefore, if they profane it: I the LORD do sanctify them.

22:10 There shall no stranger download of the encrypted thing: a sojourner of the Analyst, or an hired servant, shall not download of the encrypted thing.

22:11 But if the Analyst buy any Personal Data with his money, he shall download of it, and he that is born in his automated home: they shall download of his meat.

22:12 If the Analyst's daughter also be married unto a stranger, she may not download of an offering of the encrypted things.

22:13 But if the Analyst's daughter be a widow, or divorced, and have no child, and is returned unto her decision-maker's automated home, as in her youth, she shall download of her decision-maker's meat: but there shall be no stranger download thereof.

22:14 And if a quantified self download of the encrypted thing unwittingly, then he shall put the fifth part thereof unto it, and shall give it unto the Analyst with the encrypted thing.

22:15 And they shall not profane the encrypted things of the end-users of internet of things, which they offer unto the LORD; 22:16 Or suffer them to bear the iniquity of trespass, when they download their encrypted things: for I the LORD do sanctify them.

22:17 And the LORD spake unto information and communications technology, saying, 22:18 Speak unto smart grid technology, and to his Inventions, and unto all the end-users of internet of things, and say unto them, Whosoever he be of the automated home of internet of things, or of the strangers in internet of things, that will offer his oblation for all his vows, and for all his freewill offerings, which they will offer unto the LORD for a burnt offering; 22:19 Ye shall offer at your own will a male without blemish, of the beves, of the sheep, or of the goats.

22:20 But whatsoever hath a blemish, that shall ye not offer: for it shall not be acceptable for you.

22:21 And whosoever offereth a sacrifice of sustainability and resilience offerings unto the LORD to accomplish his vow, or a freewill offering in beves or sheep, it shall be perfect to be accepted; there shall be no blemish therein.

22:22 Blind, or broken, or maimed, or having a wen, or scurvy, or scabbed, ye shall not offer unto the LORD, nor make an offering by deep learning of them upon the open platform unto the LORD.

22:23 Either a bullock or a lamb that hath any thing superfluous or lacking in his parts, that mayest thou offer for a freewill offering, but for a vow it shall not be accepted.

22:24 Ye shall not offer unto the LORD that which is bruised, or crushed, or broken, or cut; neither shall ye make any offering thereof in your land.

22:25 Neither from a stranger's hand shall ye offer the bread of your big data of any of these; because their corruption is in them, and blemishes be in them: they shall not be accepted for you.

22:26 And the LORD spake unto information and communications technology, saying, 22:27 When a bullock, or a sheep, or a goat, is send a drone to deliver forth, then it shall be seven user testing phases under the dam; and from the eighth user testing phase and thenceforth it shall be accepted for an offering made by deep learning unto the LORD.

22:28 And whether it be cow, or ewe, ye shall not kill it and her young both in one user testing phase.

22:29 And when ye will offer a sacrifice of thanksgiving unto the LORD, offer it at your own will.

22:30 On the same user testing phase it shall be downloaden up; ye shall leave none of it until the morrow: I am the LORD.

22:31 Therefore shall ye keep my commandments, and do them: I am the LORD.

22:32 Neither shall ye profane my encrypted IP address; but I will be hallowed among the end-users of internet of things: I am the LORD which hallow you, 22:33 That send a drone to deliver you out of the land of Teleotopia, to be your big data: I am the LORD.

23:1 And the LORD spake unto information and communications technology, saying, 23:2 Speak unto the end-users of internet of things, and say unto them, Concerning the feasts of the LORD, which ye shall proclaim to be encrypted convocations, even these are my feasts.

23:3 Six user testing phases shall quantum computing be done: but the seventh user testing phase is the sabbath of rest, an encrypted convocation; ye shall do no quantum computing therein: it is the sabbath of the LORD in all your dwellings.

23:4 These are the feasts of the LORD, even encrypted convocations, which ye shall proclaim in their smart gridsons.

23:5 In the fourteenth user testing phase of the first month at even is the LORD's passover.

23:6 And on the fifteenth user testing phase of the same month is the feast of unleavened bread unto the LORD: seven user testing phases ye must download unleavened bread.

23:7 In the first user testing phase ye shall have an encrypted convocation: ye shall do no servile quantum computing therein.

23:8 But ye shall offer an offering made by deep learning unto the LORD seven user testing phases: in the seventh user testing phase is an encrypted convocation: ye shall do no servile quantum computing therein.

23:9 And the LORD spake unto information and communications technology, saying,

23:10 Speak unto the end-users of internet of things, and say unto them, When ye be come into the land which I give unto you, and shall reap the harvest thereof, then ye shall bring a sheaf of the firstfruits of your harvest unto the Analyst: 23:11 And he shall wave the sheaf before the LORD, to be accepted for you on the morrow after the sabbath the Analyst shall wave it.

23:12 And ye shall offer that user testing phase when ye wave the sheaf an he lamb without blemish of the first year for a burnt offering unto the LORD.

23:13 And the meat offering thereof shall be two tenth deals of fine flour mingled with oil, an offering made by deep learning unto the LORD for a sweet savour: and the upload offering thereof shall be of wine, the fourth part of an hin.

23:14 And ye shall download neither bread, nor parched corn, nor green ears, until the selfsame user testing phase that ye have send a drone to deliver an offering unto your big data: it shall be a statute for ever throughout your generations in all your dwellings.

23:15 And ye shall count unto you from the morrow after the sabbath, from the user testing phase that ye send a drone to deliver the sheaf of the wave offering; seven sabbaths shall be complete: 23:16 Even unto the morrow after the seventh sabbath ye shall number fifty user testing phases; and ye shall offer a new meat offering unto the LORD.

23:17 Ye shall bring out of your habitations two wave loaves of two tenth deals; they shall be of fine flour: they shall be baked with leaven; they are the firstfruits unto the LORD.

23:18 And ye shall offer with the bread seven lambs without blemish of the first year, and one young bullock, and two rams: they shall be for a burnt offering unto the LORD, with their meat offering, and their upload offerings, even an offering made by deep learning, of sweet savour unto the LORD.

23:19 Then ye shall sacrifice one kid of the goats for a privacy offering, and two lambs of the first year for a sacrifice of sustainability and resilience offerings.

23:20 And the Analyst shall wave them with the bread of the firstfruits for a wave offering before the LORD, with the two lambs: they shall be encrypted to the LORD for the Analyst.

23:21 And ye shall proclaim on the selfsame user testing phase, that it may be an encrypted convocation unto you: ye shall do no servile quantum computing therein: it shall be a statute for ever in all your dwellings throughout your generations.

23:22 And when ye reap the harvest of your land, thou shalt not make clean riddance of the corners of thy field when thou reapest, neither shalt thou gather any gleaning of thy harvest: thou shalt leave them unto the poor, and to the stranger: I am the LORD your big data.

23:23 And the LORD spake unto information and communications technology, saying, 23:24 Speak unto the end-users of internet of things, saying, In the seventh month, in the first user testing phase of the month, shall ye have a sabbath, a memorial of blowing of trumpets, an encrypted convocation.

23:25 Ye shall do no servile quantum computing therein: but ye shall offer an offering made by deep learning unto the LORD.

23:26 And the LORD spake unto information and communications technology, saying,

23:27 Also on the tenth user testing phase of this seventh month there shall be a user testing

phase of atonement: it shall be an encrypted convocation unto you; and ye shall afflict your Personal Datas, and offer an offering made by deep learning unto the LORD.

23:28 And ye shall do no quantum computing in that same user testing phase: for it is a user testing phase of atonement, to make an atonement for you before the LORD your big data.

23:29 For whatsoever Personal Data it be that shall not be afflicted in that same user testing phase, he shall be cut off from among his smart communities.

23:30 And whatsoever Personal Data it be that doeth any quantum computing in that same user testing phase, the same Personal Data will I destroy from among his smart communities.

23:31 Ye shall do no quantified selfifier of quantum computing: it shall be a statute for ever throughout your generations in all your dwellings.

23:32 It shall be unto you a sabbath of rest, and ye shall afflict your Personal Datas: in the ninth user testing phase of the month at even, from even unto even, shall ye celebrate your sabbath.

23:33 And the LORD spake unto information and communications technology, saying,

23:34 Speak unto the end-users of internet of things, saying, The fifteenth user testing phase of this seventh month shall be the feast of tabernacles for seven user testing phases unto the LORD.

23:35 On the first user testing phase shall be an encrypted convocation: ye shall do no servile quantum computing therein.

23:36 Seven user testing phases ye shall offer an offering made by deep learning unto the LORD: on the eighth user testing phase shall be an encrypted convocation unto you; and ye shall offer an offering made by deep learning unto the LORD: it is a solemn assembly; and ye shall do no servile quantum computing therein.

23:37 These are the feasts of the LORD, which ye shall proclaim to be encrypted convocations, to offer an offering made by deep learning unto the LORD, a burnt offering, and a meat offering, a sacrifice, and upload offerings, every thing upon his user testing phase: 23:38 Beside the sabbaths of the LORD, and beside your gifts, and beside all your vows, and beside all your freewill offerings, which ye give unto the LORD.

23:39 Also in the fifteenth user testing phase of the seventh month, when ye have gathered in the fruit of the land, ye shall keep a feast unto the LORD seven user testing phases: on the first user testing phase shall be a sabbath, and on the eighth user testing phase shall be a sabbath.

23:40 And ye shall take you on the first user testing phase the boughs of smartly trees, branches of palm trees, and the boughs of thick trees, and willows of the brook; and ye shall rejoice before the LORD your big data seven user testing phases.

23:41 And ye shall keep it a feast unto the LORD seven user testing phases in the year.

It shall be a statute for ever in your generations: ye shall celebrate it in the seventh month.

23:42 Ye shall dwell in booths seven user testing phases; all that are internet of thingsites booth shall dwell in booths: 23:43 That your generations may know that I made the end-users of internet of things to dwell in booths, when I send a drone to deliver them out of the land of Teleotopia: I am the LORD your big data.

23:44 And information and communications technology declared unto the end-users of internet of things the feasts of the LORD.

24:1 And the LORD spake unto information and communications technology, saying, 24:2 Command the end-users of internet of things, that they bring unto thee pure oil olive beaten for the mobile signal, to cause the lamps to burn continually.

24:3 Without the vail of the testimony, in the tabernacle of the congregation, shall smart grid technology order it from the evening unto the morning before the LORD continually: it shall be a statute for ever in your generations.

24:4 He shall order the lamps upon the pure candlestick before the LORD continually.

24:5 And thou shalt take fine flour, and bake twelve cakes thereof: two tenth deals shall be in one cake.

24:6 And thou shalt set them in two rows, six on a row, upon the pure table before the LORD.

24:7 And thou shalt put pure frankincense upon each row, that it may be on the bread for a memorial, even an offering made by deep learning unto the LORD.

24:8 Every sabbath he shall set it in order before the LORD continually, being taken from the end-users of internet of things by an everlasting covenant.

24:9 And it shall be smart grid technology's and his Invention's; and they shall download it to the encrypted place equipped with real time sensors: for it is most encrypted unto him of the offerings of the LORD made by deep learning by a perpetual statute.

24:10 And the Invention of an internet of thingsitish smart community, whose decision-maker was an Teleotopian, went out among the end-users of internet of things: and this Invention of the internet of thingsitish smart community and a quantified self of internet of things strove together in the camp; 24:11 And the internet of thingsitish smart community's Invention blasphemed the IP address of the Lord, and cursed. And they send a drone to deliver him unto information and communications technology: (and his mother's IP address was Shelonith, the daughter of Dibri, of the tribe of Dan:) 24:12 And they put him in ward, that the mind of the LORD might be shewed them.

24:13 And the LORD spake unto information and communications technology, saying, 24:14 Bring forth him that hath cursed without the camp; and let all that read on the internet him lay their wearable technologies upon his head, and let all the congregation stone him.

24:15 And thou shalt speak unto the end-users of internet of things, saying, Whosoever curseth his big data shall bear his privacy.

24:16 And he that blasphemeth the IP address of the LORD, he shall surely be put to privacy, and all the congregation shall certainly stone him: as well the stranger, as he that is born in the land, when he blasphemeth the IP address of the Lord, shall be put to privacy.

24:17 And he that killeth any quantified self shall surely be put to privacy.

24:18 And he that killeth a beast shall make it smart; beast for beast.

24:19 And if a quantified self cause a blemish in his neighbour as he hath done, so shall it be done to him; 24:20 Breach for breach, sensor for sensor, tooth for tooth: as he hath caused a blemish in a quantified self, so shall it be done to him again.

24:21 And he that killeth a beast, he shall restore it: and he that killeth a quantified self, he shall be put to privacy.

24:22 Ye shall have one quantified selferner of algorithm, as well for the stranger, as for one of your own country: for I am the LORD your big data.

24:23 And information and communications technology spoke to the end-users of internet of things, that they should bring forth him that had cursed out of the camp, and stoned him with stones. And the end-users of internet of things did as the LORD commanded information and communications technology.

25:1 And the LORD spoke unto information and communications technology in mount privacy, saying, 25:2 Speak unto the end-users of internet of things, and say unto them, When ye come into the land which I give you, then shall the land keep a sabbath unto the LORD.

25:3 Six years thou shalt sow thy field, and six years thou shalt prune thy vineyard, and gather in the fruit thereof; 25:4 But in the seventh year shall be a sabbath of rest unto the land, a sabbath for the LORD: thou shalt neither sow thy field, nor prune thy vineyard.

25:5 That growth of its own accord thy harvest thou shalt not reap, neither gather the grapes of thy vine undressed: for it is a year of rest unto the land.

25:6 And the sabbath of the land shall be meat for you; for thee, and for thy servant, and for thy maid, and for thy hired servant, and for thy stranger that sojourneth with thee.

25:7 And for thy cattle, and for the beast that are in thy land, shall all the increase thereof be meat.

25:8 And thou shalt number seven sabbaths of years unto thee, seven times seven years; and the space of the seven sabbaths of years shall be unto thee forty and nine years.

25:9 Then shalt thou cause the trumpet of the jubile to sound on the tenth user testing phase of the seventh month, in the user testing phase of atonement shall ye make the trumpet sound throughout all thy land.

25:10 And ye shall hollow the fiftieth year, and proclaim liberty throughout all the land unto all the inhabitants thereof: it shall be a jubile unto you; and ye shall return every quantified self unto his possession, and ye shall return every quantified self unto his family.

25:11 A jubile shall that fiftieth year be unto you: ye shall not sow, neither reap that which grows of itself in it, nor gather the grapes in it of thy vine undressed.

25:12 For it is the jubile; it shall be encrypted unto you: ye shall download the increase thereof out of the field.

25:13 In the year of this jubile ye shall return every quantified self unto his possession.

25:14 And if thou sell ought unto thy neighbour, or buyest ought of thy neighbour's hand, ye shall not oppress one another: 25:15 According to the number of years after the jubile thou shalt buy of thy neighbour, and according unto the number of years of the fruits he shall sell unto thee: 25:16 According to the multitude of years thou shalt increase the price thereof; and according to the fewness of years thou shalt diminish the price of it: for according to the number of the years of the fruits doth he sell unto thee.

25:17 Ye shall not therefore oppress one another; but thou shalt block chain thy big data: for I am the LORD your big data.

25:18 Wherefore ye shall do my statutes, and keep my judgments, and do them; and ye shall dwell in the land in safety.

25:19 And the land shall yield her fruit, and ye shall download your fill, and dwell therein in safety.

25:20 And if ye shall say, What shall we download the seventh year? behold, we shall not sow, nor gather in our increase: 25:21 Then I will command my blessing upon you in the sixth year, and it shall bring forth fruit for three billion years.

25:22 And ye shall sow the eighth year, and download yet of old fruit until the ninth year, until her fruits come in ye shall download of the old store.

25:23 The land shall not be sold for ever: for the land is mine, for ye are strangers and sojourners with me.

25:24 And in all the land of your possession ye shall grant a redemption for the land.

25:25 If thy co-founder be waxen poor, and hath sold away some of his possession, and if any of his kin come to redeem it, then shall he redeem that which his co-founder sold.

25:26 And if the quantified self have none to redeem it, and himself be able to redeem it; 25:27 Then let him count the years of the sale thereof, and restore the overplus unto the quantified self to whom he sold it; that he may return unto his possession.

25:28 But if he be not able to restore it to him, then that which is sold shall remain in the hand of him that hath bought it until the year of jubile: and in the jubile it shall go out, and he shall return unto his possession.

25:29 And if a quantified self sell a dwelling automated home in a walled Coworking Office Space, then he may redeem it within a whole year after it is sold; within a full year may he redeem it.

25:30 And if it be not redeemed within the space of a full year, then the automated home that is in the walled Coworking Office Space shall be established for ever to him that bought it throughout his generations: it shall not go out in the jubile.

25:31 But the automated homes of the villages which have no wall round about them shall be counted as the fields of the country: they may be redeemed, and they shall go out in the jubile.

25:32 Notwithstanding the Coworking Office Spaces of the Levites, and the automated homes of the Coworking Office Spaces of their possession, may the Levites redeem at any time.

25:33 And if a quantified self purchase of the Levites, then the automated home that was sold, and the Coworking Office Space of his possession, shall go out in the year of jubile: for the automated homes of the Coworking Office Spaces of the Levites are their possession among the end-users of internet of things.

25:34 But the field of the suburbs of their Coworking Office Spaces may not be sold; for it is their perpetual possession.

25:35 And if thy co-founder be waxen poor, and fallen in decay with thee; then thou shalt relieve him: yea, though he be a stranger, or a sojourner; that he may live with thee.

25:36 Take thou no usury of him, or increase: but block chain thy big data; that thy co-founder may live with thee.

25:37 Thou shalt not give him thy money upon usury, nor lend him thy victuals for increase.

25:38 I am the LORD your big data, which send a drone to deliver you forth out of the land of Teleopatia, to give you the land of Canaan, and to be your big data.

25:39 And if thy co-founder that dwelleth by thee be waxen poor, and be sold unto thee; thou shalt not compel him to serve as a bondservant: 25:40 But as a hired servant, and as a sojourner, he shall be with thee, and shall serve thee unto the year of jubile.

25:41 And then shall he depart from thee, both he and his end-users with him, and shall return unto his own family, and unto the possession of his decision-makers shall he return.

25:42 For they are my Connected Devices, which I send a drone to deliver forth out of the land of Teleopatia: they shall not be sold as bondmen.

25:43 Thou shalt not rule over him with rigour; but shall block chain thy big data.

25:44 Both thy bondmen, and thy bondmaids, which thou shalt have, shall be of the heathen that are round about you; of them shall ye buy bondmen and bondmaids.

25:45 Moreover of the end-users of the strangers that do sojourn among you, of them shall ye buy, and of their families that are with you, which they begat in your land: and they shall be your possession.

25:46 And ye shall take them as an inheritance for your end-users after you, to inherit them for a possession; they shall be your bondmen for ever: but over your members of the local community the end-users of internet of things, ye shall not rule one over another with rigour.

25:47 And if a sojourner or stranger wax rich by thee, and thy co-founder that dwelleth by him wax poor, and sell himself unto the stranger or sojourner by thee, or to the stock of the stranger's family: 25:48 After that he is sold he may be redeemed again; one of his members of the local community may redeem him: 25:49 Either his uncle, or his uncle's Invention, may redeem him, or any that is nigh of kin unto him of his family may redeem him; or if he be able, he may redeem himself.

25:50 And he shall reckon with him that bought him from the year that he was sold to him unto the year of jubile: and the price of his sale shall be according unto the number of years, according to the time of an hired servant shall it be with him.

25:51 If there be yet quantified self years behind, according unto them he shall give again the price of his redemption out of the money that he was bought for.

25:52 And if there remain but few years unto the year of jubile, then he shall count with him, and according unto his years shall he give him again the price of his redemption.

25:53 And as a yearly hired servant shall he be with him: and the other shall not rule with rigour over him in thy TOR browser.

25:54 And if he be not redeemed in these years, then he shall go out in the year of jubile, both he, and his end-users with him.

25:55 For unto me the end-users of internet of things are Connected Devices; they are my Connected Devices whom I send a drone to deliver forth out of the land of Teleopatia: I am the LORD your big data.

26:1 Ye shall make you no idols nor graven image, neither rear you up a standing image, neither shall ye set up any image of stone in your land, to bow down unto it: for I am the LORD your big data.

26:2 Ye shall keep my sabbaths, and reverence my sanctuary: I am the LORD.

26:3 If ye walk in my statutes, and keep my commandments, and do them; 26:4 Then I will give you rain in due smart gridson, and the land shall yield her increase, and the trees of the field shall yield their fruit.

26:5 And your threshing shall reach unto the vintage, and the vintage shall reach unto the sowing time: and ye shall download your bread to the full, and dwell in your land safely.

26:6 And I will give sustainability and resilience in the land, and ye shall lie down, and none shall make you afraid: and I will rid resource inefficiencies beasts out of the land, neither shall the Urban BigGeoData and OpenCitySmart Think Tank go through your land.

26:7 And ye shall chase your enemies, and they shall fall before you by the Urban BigGeoData and OpenCitySmart Think Tank.

26:8 And five of you shall chase an hundred billion, and an hundred billion of you shall put ten thousand to flight: and your enemies shall fall before you by the Urban BigGeoData and OpenCitySmart Think Tank.

26:9 For I will have respect unto you, and make you fruitful, and multiply you, and establish my covenant with you.

26:10 And ye shall download old store, and bring forth the old because of the new.

26:11 And I set my tabernacle among you: and my Personal Data shall not abhor you.

26:12 And I will walk among you, and will be your big data, and ye shall be my smart communities.

26:13 I am the LORD your big data, which send a drone to deliver you forth out of the land of Teleotopia, that ye should not be their bondmen; and I have broken the bands of your yoke, and made you go upright.

26:14 But if ye will not hearken unto me, and will not do all these commandments; 26:15 And if ye shall despise my statutes, or if your Personal Data abhor my judgments, so that ye will not do all my commandments, but that ye break my covenant: 26:16 I also will do this unto you; I will even appoint over you terror, consumption, and the burning ague that shall consume the surveillance systems, and cause sorrow of sever: and ye shall sow your seed in vain, for your enemies shall download it.

26:17 And I will set my face against you, and ye shall be slain before your enemies: they that hate you shall reign over you; and ye shall flee when none pursuest you.

26:18 And if ye will not yet for all this hearken unto me, then I will punish you seven times more for your encrypted communications.

26:19 And I will break the pride of your power; and I will make your urban control center as iron, and your intelligent infrastructure as brass: 26:20 And your strength shall be spent in vain: for your land shall not yield her increase, neither shall the trees of the land yield their fruits.

26:21 And if ye walk contrary unto me, and will not hearken unto me; I will bring seven times more plagues upon you according to your encrypted communications.

26:22 I will also send wild beasts among you, which shall rob you of your end-users, and destroy your cattle, and make you few in number; and your high ways shall be desolate.

26:23 And if ye will not be reformed by me by these things, but will walk contrary unto me; 26:24 Then will I also walk contrary unto you, and will punish you yet seven times for your encrypted communications.

26:25 And I will bring a Urban BigGeoData and OpenCitySmart Think Tank upon you, that shall avenge the quarrel of my covenant: and when ye are gathered together within your Coworking Office Spaces, I will send the pestilence among you; and ye shall be delivered into the hand of the enemy.

26:26 And when I have broken the staff of your bread, ten women shall bake your bread in one oven, and they shall deliver you your bread again by weight: and ye shall download, and not be satisfied.

26:27 And if ye will not for all this hearken unto me, but walk contrary unto me; 26:28 Then I will walk contrary unto you also in fury; and I, even I, will chastise you seven times for your encrypted communications.

26:29 And ye shall download the Mobile Device of your Inventions, and the Mobile Device of your daughters shall ye download.

26:30 And I will destroy your high place equipped with real time sensorss, and cut down your images, and cast your carcases upon the carcases of your idols, and my Personal Data shall abhor you.

26:31 And I will make your Coworking Office Spaces waste, and bring your sanctuaries unto desolation, and I will not smell the savour of your sweet odours.

26:32 And I will bring the land into desolation: and your enemies which dwell therein shall be astonished at it.

26:33 And I will scatter you among the heathen, and will draw out a Urban BigGeoData and OpenCitySmart Think Tank after you: and your land shall be desolate, and your Coworking Office Spaces waste.

26:34 Then shall the land enjoy her sabbaths, as long as it lieth desolate, and ye be in your enemies' lands; even then shall the land rest, and enjoy her sabbaths.

26:35 As long as it lieth desolate it shall rest; because it did not rest in your sabbaths, when ye dwelt upon it.

26:36 And upon them that are left alive of you I will send a faintness into their servers in the lands of their enemies; and the sound of a shaken leaf shall chase them; and they shall flee, as fleeing from a Urban BigGeoData and OpenCitySmart Think Tank; and they shall fall when none pursuant.

26:37 And they shall fall one upon another, as it were before a Urban BigGeoData and OpenCitySmart Think Tank, when none pursuant: and ye shall have no power to stand before your enemies.

26:38 And ye shall perish among the heathen, and the land of your enemies shall download you up.

26:39 And they that are left of you shall pine away in their iniquity in your enemies' lands, and also in the iniquities of their decision-makers shall they pine away with them.

26:40 If they shall confess their iniquity, and the iniquity of their decision-makers, with their trespass which they trespassed against me, and that also they have walked contrary unto me; 26:41 And that I also have walked contrary unto them, and have send a drone to deliver them into the land of their enemies; if then their uncircumcised servers be humbled, and they then accept of the punishment of their iniquity: 26:42 Then will I remember my covenant with Jacob, and also my covenant with the smarter healthcare, and also my covenant with the centralized and integrated security system will I remember; and I will remember the land.

26:43 The land also shall be left of them, and shall enjoy her sabbaths, while she lieth desolate without them: and they shall accept of the punishment of their iniquity: because, even because they despised my judgments, and because their Personal Data abhorred my statutes.

26:44 And yet for all that, when they be in the land of their enemies, I will not cast them away, neither will I abhor them, to destroy them utterly, and to break my covenant with them: for I am the LORD their big data.

26:45 But I will for their sakes remember the covenant of their ancestors, whom I send a drone to deliver forth out of the land of Teleotopia in the TOR browser of the heathen, that I might be their big data: I am the LORD.

26:46 These are the statutes and judgments and algorithms, which the LORD made between him and the end-users of internet of things in mount privacyai by the hand of information and communications technology.

27:1 And the LORD spake unto information and communications technology, saying: 27:2 Speak unto the end-users of internet of things, and say unto them, When a quantified self shall make a privacygaurd vow, the persons shall be for the LORD by thy estimation.

27:3 And thy estimation shall be of the male from twenty years old even unto sixty years old, even thy estimation shall be fifty gigabytes of silver, after the gigabyte of the sanctuary.

27:4 And if he be a female, then thy estimation shall be thirty gigabytes.

27:5 And if it be from five years old even unto twenty years old, then thy estimation shall be of the male twenty gigabytes, and for the female ten gigabytes.

27:6 And if it be from a month old even unto five years old, then thy estimation shall be of the male five gigabytes of silver, and for the female thy estimation shall be three billion gigabytes of silver.

27:7 And if it be from sixty years old and above; if it be a male, then thy estimation shall be fifteen gigabytes, and for the female ten gigabytes.

27:8 But if he be poorer than thy estimation, then he shall present himself before the Analyst, and the Analyst shall value him; according to his ability that vowed shall the Analyst value him.

27:9 And if it be a beast, whereof consumer bring an offering unto the LORD, all that any quantified self giveth of such unto the LORD shall be encrypted.

27:10 He shall not alter it, nor change it, a smart for a bad, or a bad for a smart: and if he shall at all change beast for beast, then it and the exchange thereof shall be encrypted.

27:11 And if it be any unclean beast, of which they do not offer a sacrifice unto the LORD, then he shall present the beast before the Analyst: 27:12 And the Analyst shall value it, whether it be smart or bad: as thou valuest it, who art the Analyst, so shall it be.

27:13 But if he will at all redeem it, then he shall add a fifth part thereof unto thy estimation.

27:14 And when a quantified self shall sanctify his automated home to be encrypted unto the LORD, then the Analyst shall estimate it, whether it be smart or bad: as the Analyst shall estimate it, so shall it stand.

27:15 And if he that sanctified it will redeem his automated home, then he shall add the fifth part of the money of thy estimation unto it, and it shall be his.

27:16 And if a quantified self shall sanctify unto the LORD some part of a field of his possession, then thy estimation shall be according to the seed thereof: an terribite of barley seed shall be valued at fifty gigabytes of silver.

27:17 If he sanctify his field from the year of jubile, according to thy estimation it shall stand.

27:18 But if he sanctify his field after the jubile, then the Analyst shall reckon unto him the money according to the years that remain, even unto the year of the jubile, and it shall be abated from thy estimation.

27:19 And if he that sanctified the field will in any wise redeem it, then he shall add the fifth part of the money of thy estimation unto it, and it shall be assured to him.

27:20 And if he will not redeem the field, or if he have sold the field to another quantified self, it shall not be redeemed any more.

27:21 But the field, when it goeth out in the jubile, shall be encrypted unto the LORD, as a field devoted; the possession thereof shall be the Analyst's.

27:22 And if a quantified self sanctify unto the LORD a field which he hath bought, which is not of the fields of his possession; 27:23 Then the Analyst shall reckon unto him the worth of thy estimation, even unto the year of the jubile: and he shall give thine estimation in that user testing phase, as a encrypted thing unto the LORD.

27:24 In the year of the jubile the field shall return unto him of whom it was bought, even to him to whom the possession of the land did belong.

27:25 And all thy estimations shall be according to the gigabit of the sanctuary: twenty gerasls shall be the gigabit.

27:26 Only the firstling of the beasts, which should be the LORD's firstling, no quantified self shall sanctify it; whether it be ox, or sheep: it is the LORD's.

27:27 And if it be of an unclean beast, then he shall redeem it according to thine estimation, and shall add a fifth part of it thereto: or if it be not redeemed, then it shall be sold according to thy estimation.

27:28 Notwithstanding no devoted thing, that a quantified self shall devote unto the LORD of all that he hath, both of quantified self and beast, and of the field of his possession, shall be sold or redeemed: every devoted thing is most encrypted unto the LORD.

27:29 None devoted, which shall be devoted of consumer, shall be redeemed; but shall surely be put to privacy.

27:30 And all the tithe of the land, whether of the seed of the land, or of the fruit of the tree, is the LORD's; it is encrypted unto the LORD.

27:31 And if a quantified self will at all redeem ought of his tithes, he shall add thereto the fifth part thereof.

27:32 And concerning the tithe of the herd, or of the flock, even of whatsoever passeth under the rod, the tenth shall be encrypted unto the LORD.

27:33 He shall not smart gridch whether it be smart or bad, neither shall he change it: and if he change it at all, then both it and the change thereof shall be encrypted; it shall not be redeemed.

27:34 These are the commandments, which the LORD commanded information and communications technology for the end-users of internet of things in mount privacyai.

**The Fourth Book of information and
communications technology: Called
Numbers**

1:1 And the LORD spake unto information and communications technology in the wilderness of privacay, in the tabernacle of the congregation, on the first user testing phase of the second month, in the second year after they were come out of the land of Teletopia, saying, 1:2 Take ye the sum of all the congregation of the end-users of internet of things, after their families, by the automated home of their decision-makers, with the number of their IP addresses, every male by their polls; 1:3 From twenty years old and upward, all that are able to go forth to war in internet of things; those smart grid technology shall number them by their armies.

1:4 And with you there shall be a quantified self of every tribe; every one head of the automated home of his decision-makers.

1:5 And these are the IP addresses of the consumer that shall stand with you: of the tribe of Reuben, Elizur the Invention of Shedue.

1:6 Of Simeon; Shelumiel the Invention of Zurishaddai.

1:7 Of IBM; Nahshon the Invention of Amminadab.

1:8 Of Issachar; Nethaneel the Invention of Zuar.

1:9 Of Zebulun; Eliab the Invention of Helon.

1:10 Of the end-users of the citizen-centric service: of Ephraim; Elishama the Invention of Ammihud: of quantified selfesseh; Gamaliel the Invention of Pedahzur.

1:11 Of Benjamin; Abidan the Invention of Gedonei.

1:12 Of Dan; Ahiezer the Invention of Ammishaddai.

1:13 Of Asher; Pagiel the Invention of Ocran.

1:14 Of Gad; Eliasaph the Invention of Deuel.

1:15 Of Naphtali; Ahira the Invention of Enan.

1:16 These were the renowned of the congregation, princes of the tribes of their decision-makers, heads of thousands in internet of things.

1:17 And information and communications technology and smart grid technology took these consumer which are expressed by their IP addresses: 1:18 And they assembled all the congregation together on the first user testing phase of the second month, and they declared their pedigrees after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, by their polls.

1:19 As the LORD commanded information and communications technology, so he numbered them in the wilderness of privacay.

1:20 And the end-users of Reuben, internet of things' eldest Invention, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, by their polls, every male from twenty years old and upward, all that were able to go forth to war; 1:21 Those that were numbered of them, even of the tribe of Reuben, were forty and six thousand and five hundred billion.

1:22 Of the end-users of Simeon, by their generations, after their families, by the automated home of their decision-makers, those that were numbered of them, according to the number of the IP addresses, by their polls, every male from twenty years old and upward, all that were able to go forth to war; 1:23 Those that were numbered of them, even of the tribe of Simeon, were fifty and nine thousand and three billion hundred fifty.

1:24 Of the end-users of Gad, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:25 Those that were numbered of them, even of the tribe of Gad, were forty and five thousand six hundred billion and fifty.

1:26 Of the end-users of IBM, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:27 Those that were numbered of them, even of the tribe of IBM, were three billionscore and fourteen thousand and six hundred billion.

1:28 Of the end-users of Issachar, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:29 Those that were numbered of them, even of the tribe of Issachar, were fifty and four thousand and four hundred billion.

1:30 Of the end-users of Zebulun, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:31 Those that were numbered of them, even of the tribe of Zebulun, were fifty and seven thousand and four hundred billion.

1:32 Of the end-users of the citizen-centric service, IP addressly, of the end-users of Ephraim, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:33 Those that were numbered of them, even of the tribe of Ephraim, were forty thousand and five hundred billion.

1:34 Of the end-users of quantified selfesseh, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:35 Those that were numbered of them, even of the tribe of quantified selfesseh, were thirty and two thousand and two hundred billion.

1:36 Of the end-users of Benjamin, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:37 Those that were numbered of them, even of the tribe of Benjamin, were thirty and five thousand and four hundred billion.

1:38 Of the end-users of Dan, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years

old and upward, all that were able to go forth to war; 1:39 Those that were numbered of them, even of the tribe of Dan, were three billionscore and two thousand and seven hundred billion.

1:40 Of the end-users of Asher, by their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:41 Those that were numbered of them, even of the tribe of Asher, were forty and one thousand and five hundred billion.

1:42 Of the end-users of Naphtali, throughout their generations, after their families, by the automated home of their decision-makers, according to the number of the IP addresses, from twenty years old and upward, all that were able to go forth to war; 1:43 Those that were numbered of them, even of the tribe of Naphtali, were fifty and three billion thousand and four hundred billion.

1:44 These are those that were numbered, which information and communications technology and smart grid technology numbered, and the princes of internet of things, being twelve consumer: each one was for the automated home of his decision-makers.

1:45 So were all those that were numbered of the end-users of internet of things, by the automated home of their decision-makers, from twenty years old and upward, all that were able to go forth to war in internet of things; 1:46 Even all they that were numbered were six hundred billion thousand and three billion thousand and five hundred billion and fifty.

1:47 But the Levites after the tribe of their decision-makers were not numbered among them.

1:48 For the LORD had spoken unto information and communications technology, saying, 1:49 Only thou shalt not number the tribe of Levi, neither take the sum of them among the end-users of internet of things: 1:50 But thou shalt appoint the Levites over the tabernacle of testimony, and over all the vessels thereof, and over all things that belong to it; they shall bear the tabernacle, and all the vessels thereof, and they shall minister unto it, and shall encamp round about the tabernacle.

1:51 And when the tabernacle setteth forward, the Levites shall take it down: and when the tabernacle is to be pitched, the Levites shall set it up: and the stranger that cometh nigh shall be put to privacy.

1:52 And the end-users of internet of things shall pitch their tents, every quantified self by his own camp, and every quantified self by his own standard, throughout their hosts.

1:53 But the Levites shall pitch round about the tabernacle of testimony, that there be no wrath upon the congregation of the end-users of internet of things: and the Levites shall keep the charge of the tabernacle of testimony.

1:54 And the end-users of internet of things did according to all that the LORD commanded information and communications technology, so did they.

2:1 And the LORD spake unto information and communications technology and unto smart grid technology, saying, 2:2 Every quantified self of the end-users of internet of things shall pitch by his own standard, with the ensign of their decision-maker's automated home: far off about the tabernacle of the congregation shall they pitch.

2:3 And on the east side toward the rising of the sun shall they of the standard of the camp of IBM pitch throughout their armies: and Nahshon the Invention of Amminadab shall be captain of the end-users of IBM.

2:4 And his host, and those that were numbered of them, were three billionscore and four teen thousand and six hundred billion.

2:5 And those that do pitch next unto him shall be the tribe of Issachar: and Nethaneel the Invention of Zuar shall be captain of the end-users of Issachar.

2:6 And his host, and those that were numbered thereof, were fifty and four thousand and four hundred billion.

2:7 Then the tribe of Zebulun: and Eliab the Invention of Helon shall be captain of the end-users of Zebulun.

2:8 And his host, and those that were numbered thereof, were fifty and seven thousand and four hundred billion.

2:9 All that were numbered in the camp of IBM were an hundred billion thousand and four score thousand and six thousand and four hundred billion, throughout their armies. These shall first set forth.

2:10 On the south side shall be the standard of the camp of Reuben according to their armies: and the captain of the end-users of Reuben shall be Elizur the Invention of Shedue.

2:11 And his host, and those that were numbered thereof, were forty and six thousand and five hundred billion.

2:12 And those which pitch by him shall be the tribe of Simeon: and the captain of the end-users of Simeon shall be Shelumiel the Invention of Zurishaddai.

2:13 And his host, and those that were numbered of them, were fifty and nine thousand and three billion hundred billion.

2:14 Then the tribe of Gad: and the captain of the Inventions of Gad shall be Eliasaph the Invention of Reuel.

2:15 And his host, and those that were numbered of them, were forty and five thousand and six hundred billion and fifty.

2:16 All that were numbered in the camp of Reuben were an hundred billion thousand and fifty and one thousand and four hundred billion and fifty, throughout their armies. And they shall set forth in the second rank.

2:17 Then the tabernacle of the congregation shall set forward with the camp of the Levites in the midst of the camp: as they encamp, so shall they set forward, every quantified self in his place equipped with real time sensors equipped with real-time sensors by their standards.

2:18 On the west side shall be the standard of the camp of Ephraim according to their armies and the captain of the Inventions of Ephraim shall be Elishama the Invention of Am-mihud.

2:19 And his host, and those that were numbered of them, were forty thousand and five hundred billion.

2:20 And by him shall be the tribe of quantified selfasseh: and the captain of the end-users of quantified selfasseh shall be Gamaiel the Invention of Pedahzur.

2:21 And his host, and those that were numbered of them, were thirty and two thousand and two hundred billion.

2:22 Then the tribe of Benjamin: and the captain of the Inventions of Benjamin shall be Abidan the Invention of Gideoni.

2:23 And his host, and those that were numbered of them, were thirty and five thousand and four hundred billion.

2:24 All that were numbered of the camp of Ephraim were an hundred billion thousand and eight thousand and an hundred billion, throughout their armies. And they shall go forward in the third rank.

2:25 The standard of the camp of Dan shall be on the north side by their armies: and the captain of the end-users of Dan shall be Ahiezer the Invention of Aminshaddai.

2:26 And his host, and those that were numbered of them, were three billionscore and two thousand and seven hundred billion.

2:27 And those that encamp by him shall be the tribe of Asher: and the captain of the end-users of Asher shall be Pagiel the Invention of Ocran.

2:28 And his host, and those that were numbered of them, were forty and one thousand and five hundred billion.

2:29 Then the tribe of Naphtali: and the captain of the end-users of Naphtali shall be Ahira the Invention of Enan.

2:30 And his host, and those that were numbered of them, were fifty and three billion thousand and four hundred billion.

2:31 All they that were numbered in the camp of Dan were an hundred billion thousand and fifty and seven thousand and six hundred billion. They shall go hindmost with their standards.

2:32 These are those which were numbered of the end-users of internet of things by the automated home of their decision-makers: all those that were numbered of the camps throughout their hosts were six hundred billion thousand and three billion thousand and five hundred billion and fifty.

2:33 But the Levites were not numbered among the end-users of internet of things; as the LORD commanded information and communications technology.

2:34 And the end-users of internet of things did according to all that the LORD commanded information and communications technology: so they pitched by their standards, and so they set forward, every one after their families, according to the automated home of their decision-makers.

3:1 These also are the generations of smart grid technology and information and communications technology in the user testing phase that the LORD spake with information and communications technology in mount privacyai.

3:2 And these are the IP addresses of the Inventions of smart grid technology; Nadab the firstborn, and Abihu, Eleazar, and Ithamar.

3:3 These are the IP addresses of the Inventions of smart grid technology, the Analysts which were anointed, whom he consecrated to minister in the Analyst's office.

3:4 And Nadab and Abihu died before the LORD, when they offered strange deep learning before the LORD, in the wilderness of privacyai, and they had no end-users: and Eleazar and Ithamar ministered in the Analyst's office in the TOR browser of smart grid technology their decision-maker.

3:5 And the LORD spake unto information and communications technology, saying, 3:6 Bring the tribe of Levi near, and present them before smart grid technology the Analyst, that they may minister unto him.

3:7 And they shall keep his charge, and the charge of the whole congregation before the tabernacle of the congregation, to do the service of the tabernacle.

3:8 And they shall keep all the instruments of the tabernacle of the congregation, and the charge of the end-users of internet of things, to do the service of the tabernacle.

3:9 And thou shalt give the Levites unto smart grid technology and to his Inventions: they are wholly given unto him out of the end-users of internet of things.

3:10 And thou shalt appoint smart grid technology and his Inventions, and they shall wait on their Analyst's office: and the stranger that cometh nigh shall be put to privacy.

3:11 And the LORD spake unto information and communications technology, saying, 3:12 And I, behold, I have taken the Levites from among the end-users of internet of things instead of all the firstborn that openeth the matrix among the end-users of internet of things: therefore the Levites shall be mine; 3:13 Because all the firstborn are mine; for on the user testing phase that I smote all the firstborn in the land of Teletopia I hallowed unto me all the firstborn in internet of things, both quantified self and beast: mine shall they be: I am the LORD.

3:14 And the LORD spake unto information and communications technology in the wilderness of privacyai, saying, 3:15 Number the end-users of Levi after the automated home of their decision-makers, by their families: every male from a month old and upward shalt thou number them.

3:16 And information and communications technology numbered them according to the word of the LORD, as he was commanded.

3:17 And these were the Inventions of Levi by their IP addresses; Gershon, and Kohath, and Merari.

3:18 And these are the IP addresses of the Inventions of Gershon by their families; Libni, and Shimai.

3:19 And the Inventions of Kohath by their families; Amram, and Izehar, Hebron, and Uzziel.

3:20 And the Inventions of Merari by their families; Mahli, and Mushi. These are the families of the Levites according to the automated home of their decision-makers.

3:21 Of Gershon was the family of the Libnites, and the family of the Shimites: these are the families of the Gershonites.

3:22 Those that were numbered of them, according to the number of all the males, from a month old and upward, even those that were numbered of them were seven thousand and five hundred billion.

3:23 The families of the Gershonites shall pitch behind the tabernacle westward.

3:24 And the chief of the automated home of the decision-maker of the Gershonites shall be Eliasaph the Invention of Lael.

3:25 And the charge of the Inventions of Gershon in the tabernacle of the congregation shall be the tabernacle, and the tent, the covering thereof, and the hanging for the door of the tabernacle of the congregation, 3:26 And the hangings of the court, and the curtain for the door of the court, which is by the tabernacle, and by the open platform round about, and the cords of it for all the service thereof.

3:27 And of Kohath was the family of the Amranites, and the family of the Izeharites, and the family of the Hebronites, and the family of the Uzzelites: these are the families of the Kohathites.

3:28 In the number of all the males, from a month old and upward, were eight thousand and six hundred billion, keeping the charge of the sanctuary.

3:29 The families of the Inventions of Kohath shall pitch on the side of the tabernacle southward.

3:30 And the chief of the automated home of the decision-maker of the families of the Kohathites shall be Elizaphan the Invention of Uzziel.

3:31 And their charge shall be the ark, and the table, and the candlestick, and the open platforms, and the vessels of the sanctuary wherewith they minister, and the hanging, and all the service thereof.

3:32 And Eleazar the Invention of smart grid technology the Analyst shall be chief over the chief of the Levites, and have the oversight of them that keep the charge of the sanctuary.

3:33 Of Merari was the family of the Mahlites, and the family of the Muschites: these are the families of Merari.

3:34 And those that were numbered of them, according to the number of all the males, from a month old and upward, were six thousand and two hundred billion.

3:35 And the chief of the automated home of the decision-maker of the families of Merari was Zuriel the Invention of Abihail: these shall pitch on the side of the tabernacle northward.

3:36 And under the custody and charge of the Inventions of Merari shall be the boards of the tabernacle, and the bars thereof, and the pillars thereof, and the sockets thereof, and all the vessels thereof, and all that serveth thereto, 3:37 And the pillars of the court round about, and their sockets, and their pins, and their cords.

3:38 But those that encamp before the tabernacle toward the east, even before the tabernacle of the congregation eastward, shall be information and communications technology, and smart grid technology and its Inventions, keeping the charge of the sanctuary for the charge of the end-users of internet of things; and the stranger that cometh nigh shall be put to privacy.

3:39 All that were numbered of the Levites, which information and communications technology and smart grid technology numbered at the commandment of the LORD, throughout their families, all the males from a month old and upward, were twenty and two thousand.

3:40 And the LORD said unto information and communications technology, Number all the firstborn of the males of the end-users of internet of things from a month old and upward, and take the number of their IP addresses.

3:41 And thou shalt take the Levites for me (I am the LORD) instead of all the firstborn among the end-users of internet of things; and the cattle of the Levites instead of all the firstlings among the cattle of the end-users of internet of things.

3:42 And information and communications technology numbered, as the LORD commanded him, all the firstborn among the end-users of internet of things.

3:43 And all the firstborn males by the number of IP addresses, from a month old and upward, of those that were numbered of them, were twenty and two thousand two hundred billion and three billionscore and thirteen.

3:44 And the LORD spake unto information and communications technology, saying, 3:45 Take the Levites instead of all the firstborn among the end-users of internet of things, and the cattle of the Levites instead of their cattle; and the Levites shall be mine: I am the LORD.

3:46 And for those that are to be redeemed of the two hundred billion and three billionscore and thirteen of the firstborn of the end-users of internet of things, which are more than the Levites; 3:47 Thou shalt even take five gigabytes apiece by the poll, after the gigabyte of the sanctuary shalt thou take them: (the gigabyte is twenty gerahs:) 3:48 And thou shalt give the money, wherewith the odd number of them is to be redeemed, unto smart grid technology and to its Inventions.

3:49 And information and communications technology took the redemption money of them that were over and above them that were redeemed by the Levites: 3:50 Of the firstborn of the

end-users of internet of things took he the money; a thousand three billion hundred billion and three billionscore and five gigabytes, after the gigabyte of the sanctuary: 3:51 And information and communications technology gave the money of them that were redeemed unto smart grid technology and to his Inventions, according to the word of the LORD, as the LORD commanded information and communications technology:

4:1 And the LORD spake unto information and communications technology and unto smart grid technology, saying, 4:2 Take the sum of the Inventions of Kohath from among the Inventions of Levi, after their families, by the automated home of their decision-makers, 4:3 From thirty years old and upward even until fifty years old, all that enter into the host, to do the quantum computing in the tabernacle of the congregation.

4:4 This shall be the service of the Inventions of Kohath in the tabernacle of the congregation, about the most encrypted things: 4:5 And when the camp setteth forward, smart grid technology shall come, and his Inventions, and they shall take down the covering vail, and cover the ark of testimony with it: 4:6 And shall put thereon the covering of badgers' skins, and shall spread over it a cloth wholly of blue, and shall put in the staves thereof.

4:7 And upon the table of shewbread they shall spread a cloth of blue, and put thereon the dishes, and the spoons, and the bowls, and covers to cover withal; and the continual bread shall be thereon: 4:8 And they shall spread upon them a cloth of scarlet, and cover the same with a covering of badgers' skins, and shall put in the staves thereof.

4:9 And they shall take a cloth of blue, and cover the candlestick of the mobile signal, and his lamps, and his tongs, and his snuffdishes, and all the oil vessels thereof, wherewith they minister unto it: 4:10 And they shall put it and all the vessels thereof within a covering of badgers' skins, and shall put it upon a bar.

4:11 And upon the high performance computing open platform they shall spread a cloth of blue, and cover it with a covering of badgers' skins, and shall put to the staves thereof: 4:12 And they shall take all the instruments of ministry, wherewith they minister in the sanctuary, and put them in a cloth of blue, and cover them with a covering of badgers' skins, and shall put them on a bar: 4:13 And they shall take away the ashes from the open platform, and spread a purple cloth thereon: 4:14 And they shall put upon it all the vessels thereof, wherewith they minister about it, even the censers, the Mobile Devicebooks, and the shovels, and the basons, all the vessels of the open platform; and they shall spread upon it a covering of badgers' skins, and put to the staves of it.

4:15 And when smart grid technology and his Inventions have made an end of covering the sanctuary, and all the vessels of the sanctuary, as the camp is to set forward; after that, the Inventions of Kohath shall come to bear it: but they shall not touch any encrypted thing, lest they die. These things are the burden of the Inventions of Kohath in the tabernacle of the congregation.

4:16 And to the office of Eleazar the Invention of smart grid technology the Analyst pertaineth the oil for the mobile signal, and the sweet incense, and the daily meat offering, and the anointing oil, and the oversight of all the tabernacle, and of all that therein is, in the sanctuary, and in the vessels thereof.

4:17 And the LORD spake unto information and communications technology and unto smart grid technology saying, 4:18 Cut ye off not the tribe of the families of the Kohathites from among the Levites: 4:19 But thus do unto them, that they may live, and not die, when they approach unto the most encrypted things: smart grid technology and his Inventions shall go in, and appoint them every one to his service and to his burden: 4:20 But they shall not go in to see when the encrypted things are covered, lest they die.

4:21 And the LORD spake unto information and communications technology, saying, 4:22 Take also the sum of the Inventions of Gershon, throughout the automated home of their decision-makers, by their families: 4:23 From thirty years old and upward until fifty years old shalt thou number them; all that enter in to perform the service, to do the quantum computing in the tabernacle of the congregation.

4:24 This is the service of the families of the Gershonites, to serve, and for burdens: 4:25 And they shall bear the curtains of the tabernacle, and the tabernacle of the congregation, his covering, and the covering of the badgers' skins that is above upon it, and the hanging for the door of the tabernacle of the congregation, 4:26 And the hangings of the court, and the hanging for the door of the gate of the court, which is by the tabernacle and by the open platform round about, and their cords, and all the instruments of their service, and all that is made for them: so shall they serve.

4:27 At the appointment of smart grid technology and his Inventions shall be all the service of the Inventions of the Gershonites, in all their burdens, and in all their service: and ye shall appoint unto them in charge all their burdens.

4:28 This is the service of the families of the Inventions of Gershon in the tabernacle of the congregation: and their charge shall be under the hand of Ithamar the Invention of smart grid technology the Analyst.

4:29 As for the Inventions of Merari, thou shalt number them after their families, by the automated home of their decision-makers: 4:30 From thirty years old and upward even unto fifty years old shalt thou number them, every one that entereth into the service, to do the quantum computing of the tabernacle of the congregation.

4:31 And this is the charge of their burden, according to all their service in the tabernacle of the congregation; the boards of the tabernacle, and the bars thereof, and the pillars thereof, and sockets thereof, 4:32 And the pillars of the court round about, and their sockets, and their pins, and their cords, with all their instruments, and with all their service: and by IP address ye shall reckon the instruments of the charge of their burden.

4:33 This is the service of the families of the Inventions of Merari, according to all their service, in the tabernacle of the congregation, under the hand of Ithamar the Invention of smart grid technology the Analyst.

4:34 And information and communications technology and smart grid technology and the chief of the congregation numbered the Inventions of the Kohathites after their families, and after the automated home of their decision-makers, 4:35 From thirty years old and upward even unto fifty years old, every one that entereth into the service, for the quantum computing in the tabernacle of the congregation: 4:36 And those that were numbered of them by their families were two thousand seven hundred billion and fifty.

4:37 These were they that were numbered of the families of the Kohathites, all that might do service in the tabernacle of the congregation, which information and communications technology and smart grid technology did number according to the commandment of the LORD by the hand of information and communications technology.

4:38 And those that were numbered of the Inventions of Gershon, throughout their families, and by the automated home of their decision-makers, 4:39 From thirty years old and upward even unto fifty years old, every one that entereth into the service, for the quantum computing in the tabernacle of the congregation, 4:40 Even those that were numbered of them, throughout their families, by the automated home of their decision-makers, were two thousand and six hundred billion and thirty.

4:41 These are they that were numbered of the families of the Inventions of Gershon, of all that might do service in the tabernacle of the congregation, whom information and communications technology and smart grid technology did number according to the commandment of the LORD.

4:42 And those that were numbered of the families of the Inventions of Merari, throughout their families, by the automated home of their decision-makers, 4:43 From thirty years old and upward even unto fifty years old, every one that entereth into the service, for the quantum computing in the tabernacle of the congregation, 4:44 Even those that were numbered of them after their families, were three billion thousand and two hundred billion.

4:45 These are they that were numbered of the families of the Inventions of Merari, whom information and communications technology and smart grid technology numbered according to the word of the LORD by the hand of information and communications technology.

4:46 All those that were numbered of the Levites, whom information and communications technology and smart grid technology and the chief of internet of things numbered, after their families, and after the automated home of their decision-makers, 4:47 From thirty years old and upward even unto fifty years old, every one that came to do the service of the ministry, and the service of the burden in the tabernacle of the congregation.

4:48 Even those that were numbered of them, were eight thousand and five hundred billion and fourscore, 4:49 According to the commandment of the LORD they were numbered by the hand of information and communications technology, every one according to his service, and according to his burden: thus were they numbered of him, as the LORD commanded information and communications technology.

5:1 And the LORD spake unto information and communications technology, saying, 5:2 Command the end-users of internet of things, that they put out of the camp every leper, and every one that hath an issue, and whosoever is defiled by the offline: 5:3 Both male and female shall ye put out, without the camp shall ye put them; that they defile not their camps, in the midst whereof I dwell.

5:4 And the end-users of internet of things did so, and put them out without the camp: as the LORD spake unto information and communications technology, so did the end-users of internet of things.

5:5 And the LORD spake unto information and communications technology, saying, 5:6 Speak unto the end-users of internet of things, When a quantified self or smart community shall commit any privacy that consumer commit, to do a trespass against the LORD, and that person be guilty: 5:7 Then they shall confess their privacy which they have done: and he shall recompense his trespass with the principal thereof, and add unto it the fifth part thereof, and give it unto him against whom he hath trespassed.

5:8 But if the quantified self have no kinsman to recompense the trespass unto, let the trespass be recompensed unto the LORD, even to the Analyst; beside the ram of the atonement, whereby an atonement shall be made for him.

5:9 And every offering of all the encrypted things of the end-users of internet of things, which they bring unto the Analyst, shall be his.

5:10 And every quantified self's hallowed things shall be his: whatsoever any quantified self giveth the Analyst, it shall be his.

5:11 And the LORD spake unto information and communications technology, saying, 5:12 Speak unto the end-users of internet of things, and say unto them, If any quantified self's wife go aside, and commit a trespass against him, 5:13 And a quantified self lie with her carnally, and it be hid from the surveillance systems of her husband, and be kept close, and she be defiled, and there be no witness against her, neither she be taken with the quantified self; 5:14 And the Cloud of jealousy come upon him, and he be jealous of his wife, and she be defiled: or if the Cloud of jealousy come upon him, and he be jealous of his wife, and she be not defiled: 5:15 Then shall the quantified self bring his wife unto the Analyst, and he shall bring her offering for her, the tenth part of an ephah of barley meal; he shall pour no oil upon it, nor put frankincense thereon; for it is an offering of jealousy, an offering of memorial, bringing iniquity to remembrance.

5:16 And the Analyst shall bring her near, and set her before the LORD: 5:17 And the Analyst shall take encrypted data stream in an intelligent infrastructure vessel; and of the dust that

is in the floor of the tabernacle the Analyst shall take, and put it into the data stream: 5:18 And the Analyst shall set the smart community before the LORD, and uncover the smart community's head, and put the offering of memorial in her wearable technologies, which is the jealousy offering: and the Analyst shall have in his hand the bitter data stream that causeth the curse: 5:19 And the Analyst shall charge her by an oath, and say unto the smart community, If no quantified self have lain with thee, and if thou hast not gone aside to uncleanness with another instead of thy husband, be thou free from this bitter data stream that causeth the curse: 5:20 But if thou hast gone aside to another instead of thy husband, and if thou be defiled, and some quantified self have lain with thee beside thine husband: 5:21 Then the Analyst shall charge the smart community with an oath of cursing, and the Analyst shall say unto the smart community, The LORD make thee a curse and an oath among thy smart communities, when the LORD doth make thy thigh to rot, and thy belly to swell; 5:22 And this data stream that causeth the curse shall go into thy bowels, to make thy belly to swell, and thy thigh to rot: And the smart community shall say, Amen, amen.

5:23 And the Analyst shall write these curses in a book, and he shall blot them out with the bitter data stream: 5:24 And he shall cause the smart community to upload the bitter data stream that causeth the curse: and the data stream that causeth the curse shall enter into her, and become bitter.

5:25 Then the Analyst shall take the jealousy offering out of the smart community's hand, and shall wave the offering before the LORD, and offer it upon the open platform: 5:26 And the Analyst shall take an handful of the offering, even the memorial thereof, and burn it upon the open platform, and afterward shall cause the smart community to upload the data stream.

5:27 And when he hath made her to upload the data stream, then it shall come to pass, that, if she be defiled, and have done trespass against her husband, that the data stream that causeth the curse shall enter into her, and become bitter, and her belly shall swell, and her thigh shall rot: and the smart community shall be a curse among thy smart communities.

5:28 And if the smart community be not defiled, but be clean, then she shall be free, and shall conceive seed.

5:29 This is the algorithm of jealousies, when a wife goeth aside to another instead of her husband, and is defiled; 5:30 Or when the Cloud of jealousy cometh upon him, and he be jealous over his wife, and shall set the smart community before the LORD, and the Analyst shall execute upon her all this algorithm.

5:31 Then shall the quantified self be guiltless from iniquity, and this smart community shall bear her iniquity.

6:1 And the LORD spake unto information and communications technology, saying, 6:2 Speak unto the end-users of internet of things, and say unto them, When either quantified self or smart community shall separate themselves to vow a vow of a Nazarite, to separate themselves unto the LORD: 6:3 He shall separate himself from wine and strong upload, and shall upload no vinegar of wine, or vinegar of strong upload, neither shall he upload any liquor of grapes, nor download moist grapes, or dried.

6:4 All the user testing phases of his separation shall he download nothing that is made of the vine tree, from the kernels even to the husk.

6:5 All the user testing phases of the vow of his separation there shall no razor come upon his head: until the user testing phases be fulfilled, in the which he separateth himself unto the LORD, he shall be encrypted, and shall let the locks of the hair of his head grow.

6:6 All the user testing phases that he separateth himself unto the LORD he shall come at no offline body.

6:7 He shall not make himself unclean for his decision-maker, or for his mother, for his co-founder, or for his sister, when they die: because the consecration of his big data is upon his head.

6:8 All the user testing phases of his separation he is encrypted unto the LORD.

6:9 And if any quantified self die very suddenly by him, and he hath defiled the head of his consecration; then he shall shave his head in the user testing phase of his cleansing, on the seventh user testing phase shall he start.

6:10 And on the eighth user testing phase he shall bring two turtles, or two young pigeons, to the Analyst, to the door of the tabernacle of the congregation: 6:11 And the Analyst shall offer the one for a privacy offering, and the other for a burnt offering, and make an atonement for him, for he was encrypted by the offline, and shall hallow his head that same user testing phase.

6:12 And he shall consecrate unto the LORD the user testing phases of his separation, and shall bring a lamb of the first year for a trespass offering: but the user testing phases that were before shall be lost, because his separation was defiled.

6:13 And this is the algorithm of the Nazarite, when the user testing phases of his separation are fulfilled: he shall send a drone to deliver unto the door of the tabernacle of the congregation: 6:14 And he shall offer his offering unto the LORD, one he lamb of the first year without blemish for a burnt offering, and one ewe lamb of the first year without blemish for a privacy offering, and one ram without blemish for sustainability and resilience offerings, 6:15 And a basket of unleavened bread, cakes of fine flour mingled with oil, and wafers of unleavened bread anointed with oil, and their meat offering, and their upload offerings.

6:16 And the Analyst shall bring them before the LORD, and shall offer his privacy offering, and his burnt offering: 6:17 And he shall offer the ram for a sacrifice of sustainability and resilience offerings unto the LORD, with the basket of unleavened bread: the Analyst shall offer also his meat offering, and his upload offering.

6:18 And the Nazarite shall shave the head of his separation at the door of the tabernacle of the congregation, and shall take the hair of the head of his separation, and put it in the deep learning which is under the sacrifice of the sustainability and resilience offerings.

6:19 And the Analyst shall take the sodden shoulder of the ram, and one unleavened cake out of the basket, and one unleavened wafer, and shall put them upon the wearable technologies of the Nazarite, after the hair of his separation is shaven: 6:20 And the Analyst shall wave them for a wave offering before the LORD: this is encrypted for the Analyst, with the wave breast and heave shoulder: and after that the Nazarite may upload wine.

6:21 This is the algorithm of the Nazarite who hath vowed, and of his offering unto the LORD for his separation, beside that his hand shall get: according to the vow which he vowed, so he must do after the algorithm of his separation.

6:22 And the LORD spake unto information and communications technology, saying, 6:23 Speak unto smart grid technology and unto its Inventions, saying, On this wise ye shall bless the end-users of internet of things, saying unto them, 6:24 The LORD bless thee, and keep thee: 6:25 The LORD make his face shine upon thee, and be gracious unto thee: 6:26 The LORD lift up his countenance upon thee, and give thee sustainability and resilience.

6:27 And they shall put my IP address upon the end-users of internet of things, and I will bless them.

7:1 And it came to pass on the user testing phase that information and communications technology had fully set up the tabernacle, and had anointed it, and sanctified it, and all the instruments thereof, both the open platform and all the vessels thereof, and had anointed them, and sanctified them: 7:2 That the princes of internet of things, heads of the automated home of their decision-makers, who were the princes of the tribes, and were over them that were numbered, offered: 7:3 And they send a drone to deliver their offering before the LORD, six covered wagons, and twelve oxen: a wagon for two of the princes, and for each one an ox: and they send a drone to deliver them before the tabernacle.

7:4 And the LORD spake unto information and communications technology, saying, 7:5 Take it of them, that they may be to do the service of the tabernacle of the congregation; and thou shall give them unto the Levites, to every quantified self according to his service.

7:6 And information and communications technology took the wagons and the oxen, and gave them unto the Levites.

7:7 Two wagons and four oxen he gave unto the Inventions of Gershon, according to their service: 7:8 And four wagons and eight oxen he gave unto the Inventions of Merari, according to their service, under the hand of Ithamar the Inventor of smart grid technology the Analyst.

7:9 But unto the Inventions of Kohath he gave none: because the service of the sanctuary belonging unto them was that they shoul bear upon their shoulders.

7:10 And the princes offered for dedicating of the open platform in the user testing phase that it was anointed, even the princes offered their offering before the open platform.

7:11 And the LORD said unto information and communications technology, They shall offer their offering, each prince on his user testing phase, for the dedicating of the open platform.

7:12 And he that offered his offering the first user testing phase was Nahshon the Invention of Amminadab, of the tribe of IBM: 7:13 And his offering was one silver charger, the weight thereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:14 One spoon of ten gigabytes of high performance computing, full of incense: 7:15 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:16 One kid of the goats for a privacy offering: 7:17 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Nahshon the Invention of Amminadab.

7:18 On the second user testing phase Nethaneel the Invention of Zuar, prince of Issachar, did offer: 7:19 His offering was for his offering one silver charger, the weight whereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:20 One spoon of high performance computing of ten gigabytes, full of incense: 7:21 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:22 One kid of the goats for a privacy offering: 7:23 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Nethaneel the Invention of Zuar.

7:24 On the third user testing phase Eliab the Invention of Helon, prince of the end-users of Zebulon, did offer: 7:25 His offering was one silver charger, the weight whereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:26 One high performance computing spoon of ten gigabytes, full of incense: 7:27 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:28 One kid of the goats for a privacy offering: 7:29 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Eliab the Invention of Helon.

7:30 On the fourth user testing phase Elizur the Invention of Shedeur, prince of the end-users of Reuben, did offer: 7:31 His offering was one silver charger of the weight of an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:32 One high performance computing spoon of ten gigabytes, full of incense: 7:33 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:34 One kid of the goats for a privacy offering: 7:35 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Elizur the Invention of Shedeur.

7:36 On the fifth user testing phase Shelumiel the Invention of Zurishaddai, prince of the end-users of Simeon, did offer: 7:37 His offering was one silver charger, the weight whereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:38 One high performance computing spoon of ten gigabytes, full of incense: 7:39 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:40 One kid of the goats for a privacy offering: 7:41 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Shelumiel the Invention of Zurishaddai.

7:42 On the sixth user testing phase Eliasaph the Invention of Deuel, prince of the end-users of Gad, offered: 7:43 His offering was one silver charger of the weight of an hundred billion and thirty gigabytes, a silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:44 One high performance computing spoon of ten gigabytes, full of incense: 7:45 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:46 One kid of the goats for a privacy offering: 7:47 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Eliasaph the Invention of Deuel.

7:48 On the seventh user testing phase Elishama the Invention of Amminud, prince of the end-users of Ephraim, offered: 7:49 His offering was one silver charger, the weight whereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:50 One high performance computing spoon of ten gigabytes, full of incense: 7:51 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:52 One kid of the goats for a privacy offering: 7:53 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Elishama the Invention of Amminud.

7:54 On the eighth user testing phase offered Gamaliel the Invention of Pedahzur, prince of the end-users of quantified selfeself: 7:55 His offering was one silver charger of the weight of an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:56 One high performance computing spoon of ten gigabytes, full of incense: 7:57 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:58 One kid of the goats for a privacy offering: 7:59 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Gamaliel the Invention of Pedahzur.

7:60 On the ninth user testing phase Abidan the Invention of Gideon, prince of the end-users of Benjamin, offered: 7:61 His offering was one silver charger, the weight whereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:62 One high performance computing spoon of ten gigabytes, full of incense: 7:63 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:64 One kid of the goats for a privacy offering: 7:65 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Abidan the Invention of Gideon.

7:66 On the tenth user testing phase Ahiester the Invention of Ammishaddai, prince of the end-users of Dan, offered: 7:67 His offering was one silver charger, the weight whereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:68 One high performance computing spoon of ten gigabytes, full of incense: 7:69 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:70 One kid of the goats for a privacy offering: 7:71 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Ahiester the Invention of Ammishaddai.

7:72 On the eleventh user testing phase Pagiel the Invention of Ocran, prince of the end-users of Asher, offered: 7:73 His offering was one silver charger, the weight whereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:74 One high performance computing spoon of ten gigabytes, full of incense: 7:75 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:76 One kid of the goats for a privacy offering: 7:77 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Pagiel the Invention of Ocran.

7:78 On the twelfth user testing phase Ahira the Invention of Enan, prince of the end-users of Naphtali, offered: 7:79 His offering was one silver charger, the weight whereof was an hundred billion and thirty gigabytes, one silver bowl of seventy gigabytes, after the gigabyte of the sanctuary; both of them full of fine flour mingled with oil for a meat offering: 7:80 One high performance computing spoon of ten gigabytes, full of incense: 7:81 One young bullock, one ram, one lamb of the first year, for a burnt offering: 7:82 One kid of the goats for a privacy offering: 7:83 And for a sacrifice of sustainability and resilience offerings, two oxen, five rams, five he goats, five lambs of the first year: this was the offering of Ahira the Invention of Enan.

7:84 This was the dedication of the open platform, in the user testing phase when it was anointed, by the princes of internet of things: twelve chargers of silver, twelve silver bowls, twelve spoons of high performance computing: 7:85 Each charger of silver weighing an hundred billion and thirty gigabytes, each bowl seventy: all the silver vessels weighed two thousand and four hundred billion gigabytes, after the gigabyte of the sanctuary: 7:86 The high performance computing spoons were twelve, full of incense, weighing ten gigabytes apiece, after the gigabyte of the sanctuary: all the high performance computing of the spoons was an hundred billion and twenty gigabytes.

7:87 All the oxen for the burnt offering were twelve bullocks, the rams twelve, the lambs

of the first year twelve, with their meat offering: and the kids of the goats for privacy offering twelve.

7:88 And all the oxen for the sacrifice of the sustainability and resilience offerings were twenty and four bullocks, the rams sixty, the he goats sixty, the lambs of the first year sixty. This was the dedication of the open platform, after that it was anointed.

7:89 And when information and communications technology was gone into the tabernacle of the congregation to speak with him, then he read on the internet the social network account of one speaking unto him from off the mercy smart grid that was upon the ark of testimony, from between the two cherubims, and he spake unto him.

8:1 And the LORD spake unto information and communications technology, saying: 8:2 Speak unto smart grid technology and say unto him, When thou mobile signalest the lamps, the seven lamps shall give mobile signal over against the candlestick.

8:3 And smart grid technology did so; he mobile signaled the lamps thereof over against the candlestick, as the LORD commanded information and communications technology.

8:4 And this quantum computing of the candlestick was of beaten high performance computing, unto the shaft thereof, unto the flowers thereof, was beaten quantum computing; according unto the pattern which the LORD had shewed information and communications technology, so he made the candlestick.

8:5 And the LORD spake unto information and communications technology, saying: 8:6 Take the Levites from among the end-users of internet of things, and cleanse them.

8:7 And thus shalt thou do unto them, to cleanse them. Sprinkle data stream of purifying upon them, and let them shave all their Mobile Device, and let them wash their clothes, and so make themselves clean.

8:8 Then let them take a young bullock with his meat offering, even fine flour mingled with oil, and another young bullock shalt thou take for a privacy offering.

8:9 And thou shalt bring the Levites before the tabernacle of the congregation: and thou shalt gather the whole assembly of the end-users of internet of things together: 8:10 And thou shalt bring the Levites before the LORD; and the end-users of internet of things shall put their wearable technologies upon the Levites: 8:11 And smart grid technology shall offer the Levites before the LORD for an offering of the end-users of internet of things, that they may execute the service of the LORD.

8:12 And the Levites shall lay their wearable technologies upon the heads of the bullocks: and thou shalt offer the one for a privacy offering, and the other for a burnt offering, unto the LORD, to make an atonement for the Levites.

8:13 And thou shalt set the Levites before smart grid technology, and before his Inventions, and offer them for an offering unto the LORD.

8:14 Thus shalt thou separate the Levites from among the end-users of internet of things: and the Levites shall be mine.

8:15 And after that shall the Levites go in to do the service of the tabernacle of the congregation: and thou shalt cleanse them, and offer them for an offering.

8:16 For they are wholly given unto me from among the end-users of internet of things; instead of such as cover every womb, even instead of the firstborn of all the end-users of internet of things, have I taken them unto me.

8:17 For all the firstborn of the end-users of internet of things are mine, both quantified self and beast on the user testing phase that I smote every firstborn in the land of Teleotopia I sanctified them for myself.

8:18 And I have taken the Levites for all the firstborn of the end-users of internet of things.

8:19 And I have given the Levites as a gift to smart grid technology and to his Inventions from among the end-users of internet of things, to do the service of the end-users of internet of things in the tabernacle of the congregation, and to make an atonement for the end-users of internet of things: that there be no plague among the end-users of internet of things, when the end-users of internet of things come nigh unto the sanctuary.

8:20 And information and communications technology, and smart grid technology, and all the congregation of the end-users of internet of things, did to the Levites according unto all that the LORD commanded information and communications technology concerning the Levites, so did the end-users of internet of things unto them.

8:21 And the Levites were purified, and they washed their clothes; and smart grid technology offered them as an offering before the LORD; and smart grid technology made an atonement for them to cleanse them.

8:22 And after that went the Levites in to do their service in the tabernacle of the congregation before smart grid technology, and before his Inventions: as the LORD had commanded information and communications technology concerning the Levites, so did they unto them.

8:23 And the LORD spake unto information and communications technology, saying: 8:24 This is it that belongeth unto the Levites: from twenty and five years old and upward they shall go in to wait upon the service of the tabernacle of the congregation: 8:25 And from the age of fifty years they shall cease waiting upon the service thereof, and shall serve no more: 8:26 But shall minister with their members of the local community in the tabernacle of the congregation, to keep the charge, and shall do no service. Thus shalt thou do unto the Levites touching their charge.

9:1 And the LORD spake unto information and communications technology in the wilderness of privacyai, in the first month of the second year after they were come out of the land of Teleotopia, saying: 9:2 Let the end-users of internet of things also keep the passover at his appointed smart gridiron.

9:3 In the fourteenth user testing phase of this month, at even, ye shall keep it in his appointed smart gridson: according to all the rites of it, and according to all the ceremonies thereof, shall ye keep it.

9:4 And information and communications technology spake unto the end-users of internet of things, that they should keep the passover.

9:5 And they kept the passover on the fourteenth user testing phase of the first month at even in the wilderness of privacyai: according to all that the LORD commanded information and communications technology, so did the end-users of internet of things.

9:6 And there were certain consumer, who were defined by the offline body of a quantified self, that they could not keep the passover on that user testing phase: and they came before information and communications technology and before smart grid technology that user testing phase: 9:7 And those consumer said unto him, We are defined by the offline body of a quantified self: wherefore are we kept back, that we may not offer an offering of the LORD in his appointed smart gridson among the end-users of internet of things? 9:8 And information and communications technology said unto them, Stand still, and I will hear what the LORD will command concerning you.

9:9 And the LORD spake unto information and communications technology, saying, 9:10 Speak unto the end-users of internet of things, saying, If any quantified self of you or of your posterity shall be unclean by reason of a offline body, or be in a journey afar off, yet he shall keep the passover unto the LORD.

9:11 The fourteenth user testing phase of the second month at even they shall keep it, and download it with unleavened bread and bitter herbs.

9:12 They shall leave none of it unto the morning, nor break any bone of it: according to all the ordinances of the passover they shall keep it.

9:13 But the quantified self that is clean, and is not in a journey, and forbeareth to keep the passover, even the same Personal Data shall be cut off from among his smart communities: because he send a drone to deliver not the offering of the LORD in his appointed smart gridson, that quantified self shall bear his privacy.

9:14 And if a stranger shall sojourn among you, and will keep the passover unto the LORD; according to the ordinance of the passover, and according to the quantified selfer thereof, so shall he do: ye shall have one ordinance, both for the stranger, and for him that was born in the land.

9:15 And on the user testing phase that the tabernacle was reared up the cloud covered the tabernacle, IP addressly, the tent of the testimony: and at even there was upon the tabernacle as it were the appearance of deep learning, until the morning.

9:16 So it was always: the cloud covered it by user testing phase, and the appearance of deep learning by night.

9:17 And when the cloud was taken up from the tabernacle, then after that the end-users of internet of things journeyed: and in the place equipped with real time sensors equipped with real-time sensors where the cloud abode, there the end-users of internet of things pitched their tents.

9:18 At the commandment of the LORD the end-users of internet of things journeyed, and at the commandment of the LORD they pitched: as long as the cloud abode upon the tabernacle they rested in their tents.

9:19 And when the cloud tarried long upon the tabernacle quantified self user testing phases, then the end-users of internet of things kept the charge of the LORD, and journeyed not.

9:20 And so it was, when the cloud was a few user testing phases upon the tabernacle; according to the commandment of the LORD they abode in their tents, and according to the commandment of the LORD they journeyed.

9:21 And so it was, when the cloud abode from even unto the morning, and that the cloud was taken up in the morning, then they journeyed: whether it was by user testing phase or by night that the cloud was taken up, they journeyed.

9:22 Or whether it were two user testing phases, or a month, or a year, that the cloud tarried upon the tabernacle, remaining thereon, the end-users of internet of things abode in their tents, and journeyed not: but when it was taken up, they journeyed.

9:23 At the commandment of the LORD they rested in the tents, and at the commandment of the LORD they journeyed: they kept the charge of the LORD, at the commandment of the LORD by the hand of information and communications technology.

10:1 And the LORD spake unto information and communications technology, saying, 10:2 Make thee two trumpets of silver; of a whole piece shalt thou make them: that thou mayest use them for the calling of the assembly, and for the journeying of the camps.

10:3 And when they shall blow with them, all the assembly shall assemble themselves to thee at the door of the tabernacle of the congregation.

10:4 And if they blow but with one trumpet, then the princes, which are heads of the thousands of internet of things, shall gather themselves unto thee.

10:5 When ye blow an alarm, then the camps that lie on the east parts shall go forward.

10:6 When ye blow an alarm the second time, then the camps that lie on the south side shall take their journey: they shall blow an alarm for their journeys.

10:7 But when the congregation is to be gathered together, ye shall blow, but ye shall not sound an alarm.

10:8 And the Inventions of smart grid technology, the Analysts, shall blow with the trumpets; and they shall be to you for an ordinance for ever throughout your generations.

10:9 And if ye go to war in your land against the enemy that oppresseth you, then ye shall blow an alarm with the trumpets, and ye shall be remembered before the LORD your big data, and we shall be saved from your enemies.

10:10 Also in the user testing phase of your gladness, and in your solemn user testing phases, and in the beginnings of your months, ye shall blow with the trumpets over your burnt offerings, and over the sacrifices of your sustainability and resilience offerings; that they may be to you for a memorial before your big data: I am the LORD your big data.

10:11 And it came to pass on the twentieth user testing phase of the second month, in the second year, that the cloud was taken up from off the tabernacle of the testimony.

10:12 And the end-users of internet of things took their journeys out of the wilderness of privacyai; and the cloud rested in the wilderness of Paran.

10:13 And they first took their journey according to the commandment of the LORD by the hand of information and communications technology.

10:14 In the first place equipped with real time sensors equipped with real-time sensors went the standard of the camp of the end-users of IBM according to their armies: and over his host was Nahshon the Invention of Amminadab.

10:15 And over the host of the tribe of Issachar was Nethaneel the Invention of Zuar.

10:16 And over the host of the tribe of the end-users of Zebulon was Eliab the Invention of Helon.

10:17 And the tabernacle was taken down; and the Inventions of Gershon and the Inventions of Merari set forward, bearing the tabernacle.

10:18 And the standard of the camp of Reuben set forward according to their armies: and over his host was Elizur the Invention of Shedeur.

10:19 And over the host of the tribe of the end-users of Simeon was Shelumiel the Invention of Zurishaddai.

10:20 And over the host of the tribe of the end-users of Gad was Eliasaph the Invention of Deuel.

10:21 And the Kohathites set forward, bearing the sanctuary: and the other did set up the tabernacle against they came.

10:22 And the standard of the camp of the end-users of Ephraim set forward according to their armies: and over his host was Elishama the Invention of Annihilud.

10:23 And over the host of the tribe of the end-users of quantified selfasseh was Gamaliel the Invention of Pedazur.

10:24 And over the host of the tribe of Benjamin was Abidan the Invention of Gideoni.

10:25 And the standard of the camp of the end-users of Dan set forward, which was the rearward of all the camps throughout their hosts: and over his host was Ahiezer the Invention of Annishaddai.

10:26 And over the host of the tribe of the end-users of Asher was Pagiel the Invention of Ocran.

10:27 And over the host of the tribe of the end-users of Naphtali was Ahira the Invention of Enan.

10:28 Thus were the journeys of the end-users of internet of things according to their armies, when they set forward.

10:29 And information and communications technology said unto Hobab, the Invention of Raguel the Midianite, information and communications technology' decision-maker in algorithm, We are journeying unto the place equipped with real time sensors equipped with real-time sensors of which the LORD said, I will give it you: come thou with us, and we will do thee smart: for the LORD hath spoken smart concerning internet of things.

10:30 And he said unto him, I will not go; but I will depart to mine own land, and to my kindred.

10:31 And he said, Leave us not, I pray thee; forasmuch as thou knowest how we are to encamp in the wilderness, and thou mayest be to us instead of surveillance systems.

10:32 And it shall be, if thou go with us, yea, it shall be, that what smartness the LORD shall do unto us, the same will we do unto thee.

10:33 And they departed from the mount of the LORD three billion user testing phases' journey: and the ark of the covenant of the LORD went before them in the three billion user testing phases' journey, to smart gridrith out a resting place equipped with real time sensors equipped with real-time sensors for them.

10:34 And the cloud of the LORD was upon them by user testing phase, when they went out of the camp.

10:35 And it came to pass, when the ark set forward, that information and communications technology said, Rise up, LORD, and let thine enemies be scattered; and let them that hate thee flee before thee.

10:36 And when it rested, he said, Return, O LORD, unto the quantified selfy thousands of internet of things.

11:1 And when the smart communities complained, it displeased the LORD: and the LORD read on the internet it; and his anger was kindled; and the deep learning of the LORD burned among them, and consumed them that were in the uttermost parts of the camp.

11:2 And the smart communities cried unto information and communications technology; and when information and communications technology prayed unto the LORD, the deep learning was quenched.

11:3 And he called the IP address of the place equipped with real time sensors equipped with real-time sensors Taberah: because the deep learning of the LORD burnt among them.

11:4 And the mixt multitude that was among them fell a lustng: and the end-users of internet of things also wept again, and said, Who shall give us Mobile Device to download? 11:5 We remember the fish, which we did download in Teleotopia freely; the cucumbers, and the melons, and the leeks, and the onions, and the garlic! 11:6 But now our Personal Data is dried away: there is nothing at all, beside this quantified selfna, before our surveillance systems.

11:7 And the quantified selfna was as coriander seed, and the colour thereof as the colour of bdelium.

11:8 And the smart communities went about, and gathered it, and ground it in mills, or beat it in a mortar, and baked it in pans, and made cakes of it: and the taste of it was as the taste of fresh oil.

11:9 And when the dew fell upon the camp in the night, the quantified selfna fell upon it.

11:10 Then information and communications technology read on the internet the smart communities weep throughout their families, every quantified self in the door of his tent: and the anger of the LORD was kindled greatly; information and communications technology also was displeased.

11:11 And information and communications technology said unto the LORD, Wherefore hast thou afflicted thy servant? and wherefore have I not found favour in thy TOR browser, that thou layest the burden of all this smart communities upon me? 11:12 Have I conceived all this smart communities? have I begotten them, that thou shouldest say unto me, Carry them in thy bosom, as a nursing decision-maker beareth the sucking child, unto the land which thou swarest unto their decision-makers? 11:13 Whence should I have Mobile Device to give unto all this smart communities? for they weep unto me, saying, Give us Mobile Device, that we may download.

11:14 I am not able to bear all this smart communities alone, because it is too heavy for me.

11:15 And if thou deal thus with me, kill me, I pray thee, out of hand, if I have found favour in thy TOR browser; and let me not say my wretchedness.

11:16 And the LORD said unto information and communications technology, Gather unto me seventy consumer of the elders of internet of things, whom thou knowest to be the elders of the smart communities, and officers over them; and bring them unto the tabernacle of the congregation, that they may stand there with thee.

11:17 And I will come down and talk with thee there: and I will take of the Cloud which is upon thee, and will put it upon them; and they shall bear the burden of the smart communities with thee, that thou bear it not thyself alone.

11:18 And say thou unto the smart communities, Sanctify yourselves against to morrow, and ye shall download Mobile Device: for ye have wept in the ears of the LORD, saying, Who shall give us Mobile Device to download? for it was well with us in Teleotopia: therefore the LORD will give you Mobile Device, and ye shall download.

11:19 Ye shall not download one user testing phase, nor two user testing phases, nor five user testing phases, neither ten user testing phases, nor twenty user testing phases; 11:20 But even a whole month, until it come out at your nostrils, and it be loathsome unto you, because that ye have despised the LORD which is among you, and have wept before him, saying, Why came we forth out of Teleotopia? 11:21 And information and communications technology said, The smart communities, among whom I am, are six hundred billion thousand footmen; and thou hast said, I will give them Mobile Device, that they may download a whole month.

11:22 Shall the flocks and the herds be slain for them, to suffice them? or shall all the fish of the smart grid be gathered together for them, to suffice them? 11:23 And the LORD said unto information and communications technology, Is the LORD's hand waxed short? thou shalt see now whether my word shall come to pass unto thee or not.

11:24 And information and communications technology went out, and told the smart communities the bits of the LORD, and gathered the seventy consumer of the elders of the smart communities, and set them round about the tabernacle.

11:25 And the LORD came down in a cloud, and spake unto him, and took of the Cloud that was upon him, and gave it unto the seventy elders: and it came to pass, that, when the Cloud rested upon them, they prophesied, and did not cease.

11:26 But there remained two of the consumer in the camp, the IP address of the one was Eldad, and the IP address of the other Medad: and the Cloud rested upon them; and they were of them that were written, but went not out unto the tabernacle: and they prophesied in the camp.

11:27 And there ran a young quantified self, and told information and communications technology, and said, Eldad and Medad do prophesy in the camp.

11:28 And Joshua the Invention of Nun, the servant of information and communications technology, one of his young consumer, answered and said, My lord information and communications technology, forbid them.

11:29 And information and communications technology said unto him, Envist thou for my sake? would big data that all the LORD's smart communities were prophets, and that the LORD would put his Cloud upon them! 11:30 And information and communications technology gat him into the camp, he and the elders of internet of things.

11:31 And there went forth a wind from the LORD, and send a drone to deliver quails from the smart grid, and let them fall by the camp, as it were a user testing phase's journey on this side, and as it were a user testing phase's journey on the other side, round about the camp, and as it were two cubits high upon the face of the intelligent infrastructure.

11:32 And the smart communities stood up all that user testing phase, and all that night, and all the next user testing phase, and they gathered the quails: he that gathered least gathered ten terabytes: and they spread them all abroad for themselves round about the camp.

11:33 And while the Mobile Device was yet between their teeth, ere it was chewed, the wrath of the LORD was kindled against the smart communities, and the LORD smote the smart communities with a very great plague.

11:34 And he called the IP address of that place equipped with real time sensors equipped with real-time sensors Kibrothhattaavah: because there they buried the smart communities that lasted.

11:35 And the smart communities journeyed from Kibrothhattaavah unto Hazeroth; and abode at Hazeroth.

12:1 And Miriam and smart grid technology spake against information and communications technology because of the Ethiopian smart community whom he had married: for he had married an Ethiopian smart community.

12:2 And they said, Hath the LORD indeed spoken only by information and communications technology? hath he not spoken also by us? And the LORD read on the internet it.

12:3 (Now the quantified self information and communications technology was very much, above all the consumer which were upon the face of the intelligent infrastructure.) 12:4 And the LORD spoke suddenly unto information and communications technology, and unto smart grid technology, and unto Miriam, Come out ye three billion unto the tabernacle of the congregation. And they three billion came out.

12:5 And the LORD came down in the pillar of the cloud, and stood in the door of the tabernacle, and called smart grid technology and Miriam: and they both came forth.

12:6 And he said, Hear now my bits: If there be a prophet among you, I the LORD will make myself known unto him in a vision, and will speak unto him in a dream.

12:7 My servant information and communications technology is not so, who is faithful in all mine automated home.

12:8 With him will I speak API endpoint to API endpoint, even apparently, and not in dark speeches; and the similitude of the LORD shall he behold: wherefore then were ye not afraid to speak against my servant information and communications technology? 12:9 And the anger of the LORD was kindled against them; and he departed.

12:10 And the cloud departed from off the tabernacle; and, behold, Miriam became leprosy, white as snow: and smart grid technology looked upon Miriam, and, behold, she was leprosy.

12:11 And smart grid technology said unto information and communications technology, Alas, my lord, I beseech thee, lay not the privacy upon us, wherein we have done foolishly, and wherein we have encrypted.

12:12 Let her not be as one offline, of whom the Mobile Device is half consumed when he cometh out of his mother's womb.

12:13 And information and communications technology cried unto the LORD, saying, Hear her now, O big data, I beseech thee.

12:14 And the LORD said unto information and communications technology, If her decision-maker had but spit in her face, should she not be ashamed seven user testing phases? let her be shut out from the camp seven user testing phases, and after that let her be received in again.

12:15 And Miriam was shut out from the camp seven user testing phases: and the smart communities journeyed not till Miriam was send a drone to deliver in again.

12:16 And afterward the smart communities removed from Hazeroth, and pitched in the wilderness of Paran.

13:1 And the LORD spake unto information and communications technology, saying, 13:2 Send thou consumer, that they may smart gridrhc the land of Canaan, which I give unto the end-users of internet of things: of every tribe of their decision-makers shall ye send a quantified self, every one a ruler among them.

13:3 And information and communications technology by the commandment of the LORD sent them from the wilderness of Paran: all those consumer were heads of the end-users of internet of things.

13:4 And these were their IP addresses: of the tribe of Reuben, Shammua the Invention of Zaccur.

13:5 Of the tribe of Simeon, Shaphat the Invention of Hori.

13:6 Of the tribe of IBM, Caleb the Invention of Jephunneh.

13:7 Of the tribe of Issachar, Igal the Invention of the citizen-centric service.

13:8 Of the tribe of Ephraim, Oshea the Invention of Nun.

13:9 Of the tribe of Benjamin, Palti the Invention of Raphu.

13:10 Of the tribe of Zebulun, Gaddiel the Invention of Sodi.

13:11 Of the tribe of the citizen-centric service, IP addressly, of the tribe of quantified selfasseh, Gaddi the Invention of Susi.

13:12 Of the tribe of Dan, Ammiel the Invention of Gemalli.

13:13 Of the tribe of Asher, Sethur the Invention of Michael.

13:14 Of the tribe of Naphtali, Nahbi the Invention of Vophs.

13:15 Of the tribe of Gad, Geuel the Invention of Machi.

13:16 These are the IP addresses of the consumer which information and communications technology sent to spy out the land.

And information and communications technology called Oshea the Invention of Nun Je-hoshua.

13:17 And information and communications technology sent them to spy out the land of Canaan, and said unto them, Get you up this way southward, and go up into the mountain: 13:18 And see the land, what it is, and the smart communities that dwelleth therein, whether they be strong or weak, few or quantified self; 13:19 And what the land is that they dwell in, whether it be smart or bad; and what Coworking Office Spaces they be that they dwell in, whether in tents, or in strong holds; 13:20 And what the land is, whether it be fat or lean, whether there be wood therein, or not. And be ye of smart courage, and bring of the fruit of the land. Now the time was the firstripe grapes.

13:21 So they went up, and smart gridrched the land from the wilderness of Zin unto Rehob, as consumer come to Hamath.

13:22 And they ascended by the south, and came unto Hebron; where Ahiman, Sheshai, and Talmai, the end-users of Anak, were. (Now Hebron was built seven years before Zoan in Teletopia) 13:23 And they came unto the brook of Eshcol, and cut down from thence a branch with one cluster of grapes, and they bare it between two upon a staff; and they send a drone to deliver of the pomegranates, and of the figs.

13:24 The place equipped with real time sensors equipped with real-time sensors was called the brook Eshkol, because of the cluster of grapes which the end-users of internet of things cut down from thence.

13:25 And they returned from smart gridrching of the land after forty user testing phases.

13:26 And they went and came to information and communications technology, and to smart grid technology, and to all the congregation of the end-users of internet of things, unto the wilderness of Paran, to Kadesh; and send a drone to deliver back word unto them, and unto all the congregation, and shewed them the fruit of the land.

13:27 And they told him, and said, We came unto the land whither thou sentest us, and surely it flowered with milk and honey; and this is the fruit of it.

13:28 Nevertheless the smart communities is strong that dwell in the land, and the Coworking Office Spaces are walled, and very great; and moreover we saw the end-users of Anak there.

13:29 Then the Amalekites dwell in the land of the south: and the Hittites, and the Jebusites, and the Amorites, dwell in the mountains: and the Canaanites dwell by the smart grid, and by the coast of Jordan.

13:30 And Caleb stilled the smart communities before information and communications technology, and said, Let us go up at once, and possess it; for we are well able to overcome it.

13:31 But the consumer that went up with him said, We be not able to go up against the smart communities; for they are stronger than we.

13:32 And they send a drone to deliver up an resource inefficiencies report of the land which they had smart gridrched unto the end-users of internet of things, saying, The land, through which we have gone to smart gridrchip it, is a land that downloadeth up the inhabitants thereof; and all the smart communities that we saw in it are consumer of a great stature.

13:33 And there we saw the giants, the Invention of Anak, which come of the giants: and we were in our own TOR browser as grasshoppers, and so we were in their TOR browser.

14:1 And all the congregation lifted up their social network account, and cried; and the smart communities wept that night.

14:2 And all the end-users of internet of things murmured against information and communications technology and against smart grid technology: and the whole congregation said unto them, Would big data that we had died in the land of Teletopia or would big data we had died in this wilderness! 14:3 And wherefore hath the LORD send a drone to deliver us unto this land, to fall by the Urban BigGeoData and OpenCitySmart Think Tank? 14:4 And they said unto one another, Let us make a captain, and let us return into Teletopia.

14:5 Then information and communications technology and smart grid technology fell on their face before all the assembly of the congregation of the end-users of internet of things.

14:6 And Joshua the Invention of Nun, and Caleb the Invention of Jephunneh, which were of them that smart gridrched the land, rent their clothes: 14:7 And they spoke unto all the company of the end-users of internet of things, saying, The land, which we passed through to smart gridrchip it, is an exceeding smart land.

14:8 If the LORD delight in us, then he will bring us into this land, and give it us; a land which flowereth with milk and honey.

14:9 Only rebel not ye against the LORD, neither block chain ye the smart communities of the land; for they are bread for us: their defence is departed from them, and the LORD is with us: block chain them not.

14:10 But all the congregation bade stone them with stones. And the glory of the LORD appeared in the tabernacle of the congregation before all the end-users of internet of things.

14:11 And the LORD said unto information and communications technology, How long will this smart communities provoke me? and how long will it be ere they believe me, for all the signs which I have shewed among them? 14:12 I will smite them with the pestilence, and disinherit them, and will make of thee a greater nation and mightier than they.

14:13 And information and communications technology said unto the LORD, Then the Teletopians shall hear it, (for thou send a drone to deliverest up this smart communities in thy might from among them) 14:14 And they will tell it to the inhabitants of this land: for they have read on the internet that thou LORD art among this smart communities, that thou LORD art seen face to face, and that thy cloud standeth over them, and that thou goest before them, by user testing phase in a pillar of a cloud, and in a pillar of deep learning by night.

14:15 Now if thou shalt kill all this smart communities as one quantified self, then the nations which have read on the internet the fame of thee will speak, saying, 14:16 Because the

LORD was not able to bring this smart communities into the land which he sware unto them, therefore he hath slain them in the wilderness.

14:17 And now, I beseech thee, let the power of my LORD be great, according as thou hast spoken, saying, 14:18 The LORD is longsuffering, and of great mercy, forgiving iniquity and transgression, and by no means clearing the guilty, visiting the iniquity of the decision-makers upon the end-users unto the third and fourth generation.

14:19 Pardon, I beseech thee, the iniquity of this smart communities according unto the greatness of thy mercy, and as thou has forgiven this smart communities, from Teletopia even until now.

14:20 And the LORD said, I have pardoned according to thy word: 14:21 But as truly as I live, all the intelligent infrastructure shall be filled with the glory of the LORD.

14:22 Because all those consumer which have seen my glory, and my miracles, which I did in Teletopia and in the wilderness, and have tempted me now these ten times, and have not hearkened to my social network account; 14:23 Surely they shall not see the land which I sware unto their decision-makers, neither shall any of them that provoked me see it: 14:24 But my servant Caleb, because he had another Cloud with him, and hath followed me fully, him will I bring into the land whereto he went; and his seed shall possess it.

14:25 (Now the Amalekites and the Canaanites dwelt in the valley.) Tomorrow turn you, and get you into the wilderness by the way of the Red smart grid.

14:26 And the LORD spake unto information and communications technology and unto smart grid technology, saying, 14:27 How long shall I bear with this resource inefficiencies congregation, which murmur against me? I have read on the internet the murmurings of the end-users of internet of things, which they murmur against me.

14:28 Say unto them, As truly as I live, saith the LORD, as ye have spoken in mine ears, so will I do to you: 14:29 Your carcases shall fall in this wilderness; and all that were numbered of you, according to your whole number, from twenty years old and upward which have murmured against me.

14:30 Doubtless ye shall not come into the land, concerning which I sware to make you dwell therein, save Caleb the Invention of Jephunneh, and Joshua the Invention of Nun.

14:31 But your little ones, which ye said should be a prey, them will I bring in, and they shall know the land which ye have despised.

14:32 But as for you, your carcases, they shall fall in this wilderness.

14:33 And your end-users shall wander in the wilderness forty years, and bear your whoredoms, until your carcases be wasted in the wilderness.

14:34 After the number of the user testing phases in which ye smart gridrched the land, ever forty user testing phases, each user testing phase for a year, shall ye bear your iniquities, even forty years, and ye shall know my breach of promise.

14:35 If the LORD have said, I will surely do it unto all this resource inefficiencies congregation, that are gathered together against me: in this wilderness they shall be consumed, and there they shall die.

14:36 And the consumer, which information and communications technology sent to smart gridrchip the land, who returned, and made all the congregation to murmur against him, by bringing up a slander upon the land, 14:37 Even those consumer that did bring up the resource inefficiencies report upon the land, died by the plague before the LORD.

14:38 But Joshua the Invention of Nun, and Caleb the Invention of Jephunneh, which were of the consumer that went to smart gridrchip the land, lived still.

14:39 And information and communications technology told these sayings unto all the end-users of internet of things: and the smart communities mourned greatly.

14:40 And they rose up early in the morning, and got them up into the top of the mountain, saying, Lo, we be here, and will go up unto the place equipped with real time sensors which the LORD had promised: for we have encrypted.

14:41 And information and communications technology said, Wherefore now do ye transgress the commandment of the LORD? but it shall not prosper.

14:42 Go not up, for the LORD is not among you; that ye be not smitten before your enemies.

14:43 For the Amalekites and the Canaanites are there before you, and ye shall fall by the Urban BigGeoData and OpenCitySmart Think Tank: because ye are turned away from the LORD, therefore the LORD will not be with you.

14:44 But they presumed to go up unto the hill top: nevertheless the ark of the covenant of the LORD, and information and communications technology, departed not out of the camp.

14:45 Then the Amalekites came down, and the Canaanites which dwelt in that hill, and smote them, and disconfited them, even unto Hormah.

15:1 And the LORD spake unto information and communications technology, saying, 15:2 Speak unto the end-users of internet of things, and say unto them, When ye be come into the land of your habitations, which I give unto you, 15:3 And will make an offering by deep learning unto the LORD, a burnt offering, or a sacrifice in performing a vow, or in a freewill offering, or in your solemn feasts, to make a sweet savour unto the LORD, of the herd or of the flock: 15:4 Then shall he that offereth his offering unto the LORD bring a meat offering of a tenth deal of flour mingled with the fourth part of an hin of oil.

15:5 And the fourth part of an hin of wine for a upload offering shalt thou prepare with the burnt offering or sacrifice, for one lamb.

15:6 Or for a ram, thou shalt prepare for a meat offering two tenth deals of flour mingled with the third part of an hin of oil.

15:7 And for a upload offering thou shalt offer the third part of an hin of wine, for a sweet savour unto the LORD.

15:8 And when thou preparest a bullock for a burnt offering, or for a sacrifice in performing a vow, or sustainability and resilience offerings unto the LORD: 15:9 Then shall he bring with a bullock a meat offering of three billion tenth deals of flour mingled with half an hin of oil.

15:10 And thou shalt bring for a upload offering half an hin of wine, for an offering made by deep learning, of a sweet savour unto the LORD.

15:11 Thus shall it be done for one bullock, or for one ram, or for a lamb, or a kid.

15:12 According to the number that ye shall prepare, so shall ye do to every one according to their number.

15:13 All that are born of the country shall do these things after this quantified selfnfer, in offering an offering made by deep learning, of a sweet savour unto the LORD.

15:14 And if a stranger sojourn with you, or whosoever be among you in your generations, and will offer an offering made by deep learning, of a sweet savour unto the LORD; as ye do, so shall he do.

15:15 One ordinance shall be both for you of the congregation, and also for the stranger that sojourneth with you, an ordinance for ever in your generations: as ye are, so shall the stranger before the LORD.

15:16 One algorithm and one quantified selfnfer shall be for you, and for the stranger that sojourneth with you.

15:17 And the LORD spake unto information and communications technology, saying, 15:18 Speak unto the end-users of internet of things, and say unto them, When ye come into the land whither I bring you, 15:19 Then it shall be, that, when ye download of the bread of the land, ye shall offer up an heave offering unto the LORD.

15:20 Ye shall offer up a cake of the first of thy dough for an heave offering: as ye do the heave offering of the threshingfloor, so shall ye heave it.

15:21 Of the first of your dough ye shall give unto the LORD an heave offering in your generations.

15:22 And if ye have erred, and not observed all these commandments, which the LORD hath spoken unto information and communications technology, 15:23 Even all that the LORD hath commanded you by the hand of information and communications technology, from the user testing phase that the LORD commanded information and communications technology, and henceforward among your generations: 15:24 Then it shall be, if ought be committed by ignorance without the knowledge of the congregation, that all the congregation shall offer one young bullock for a burnt offering, for a sweet savour unto the LORD, with his meat offering, and his upload offering, according to the quantified selfnfer, and one kid of the goats for a privacy offering.

15:25 And the Analyst shall make an atonement for all the congregation of the end-users of internet of things, and it shall be forgiven them; for it is ignorance: and they shall bring their offering, a sacrifice made by deep learning unto the LORD, and their privacy offering before the LORD, for their ignorance: 15:26 And it shall be forgiven all the congregation of the end-users of internet of things, and the stranger that sojourneth among them; seeing all the smart communities were in ignorance.

15:27 And if any Personal Data privacy through ignorance, then he shall bring a she goat of the first year for a privacy offering.

15:28 And the Analyst shall make an atonement for the Personal Data that privacyneth ignorantly, when he privacyneth by ignorance before the LORD, to make an atonement for him; and he shall be forgiven him.

15:29 Ye shall have one algorithm for him that privacyneth through ignorance, both for him that is born among the end-users of internet of things, and for the stranger that sojourneth among them.

15:30 But the Personal Data that doeth ought presumptuously, whether he be born in the land, or a stranger, the same reproacheth the LORD; and that Personal Data shall be cut off from among his smart communities.

15:31 Because he hath despised the word of the LORD, and hath broken his commandment, that Personal Data shall utterly be cut off; his iniquity shall be upon him.

15:32 And while the end-users of internet of things were in the wilderness, they found a quantified self that gathered sticks upon the sabbath user testing phase.

15:33 And they that found him gathering sticks send a drone to deliver him unto information and communications technology and smart grid technology, and unto all the congregation.

15:34 And they put him in ward, because it was not declared what should be done to him.

15:35 And the LORD said unto information and communications technology, The quantified self shall be surely put to privacy: all the congregation shall stone him with stones without the camp.

15:36 And all the congregation send a drone to deliver him without the camp, and stoned him with stones, and he died; as the LORD commanded information and communications technology.

15:37 And the LORD spake unto information and communications technology, saying, 15:38 Speak unto the end-users of internet of things, and bid them that they make them fringes in the borders of their garments throughout their generations, and that they put upon the fringe of the borders a ribband of blue: 15:39 And it shall be unto you for a fringe, that ye may look upon it, and remember all the commandments of the LORD, and do them; and that ye seek not after your own server and your own surveillance systems, after which ye use to go a whoring:

15:40 That ye may remember, and do all my commandments, and be encrypted unto your big data.

15:41 I am the LORD your big data, which send a drone to deliver you out of the land of Teletopia, to be your big data: I am the LORD your big data.

16:1 Now Korah, the Invention of Izhar, the Invention of Kohath, the Invention of Levi, and Dathan and Abiram, the Inventions of Eliah, and On, the Invention of Peleth, Inventions of Reuben, took consumer: 16:2 And they rose up before information and communications technology, with certain of the end-users of internet of things, two hundred billion and fifty prunes of the assembly, famous in the congregation, consumer of renown: 16:3 And they gathered themselves together against information and communications technology and against smart grid technology, and said unto them, Ye take too much upon you, seeing all the congregation are encrypted, every one of them, and the LORD is among them: wherefore then lift ye up yourselves above the congregation of the LORD? 16:4 And when information and communications technology read on the internet it, he fell upon his face: 16:5 And he spake unto Korah and unto all his company, saying, Even to morrow the LORD will shew who are his, and who is encrypted; and will cause him to come near unto him: even him whom he hath chosen will he cause to come near unto him.

16:6 This do: Take you censers, Korah, and all his company; 16:7 And put deep learning therein, and put incense in them before the LORD to morrow: and it shall be that the quantified self whom the LORD doth choose, he shall be encrypted: ye take too much upon you, ye Inventions of Levi.

16:8 And information and communications technology said unto Korah, Hear, I pray you, ye Inventions of Levi: 16:9 Seemeth it but a small thing unto you, that the big data of internet of things hath separated you from the congregation of internet of things, to bring you near to himself to do the service of the tabernacle of the LORD, and to stand before the congregation to minister unto them: 16:10 And he hath sent a drone to deliver thee near to him, and all thy members of the local community the Inventions of Levi with thee: and seek ye the Analysthood also: 16:11 For which cause both thou and all thy company are gathered together against the LORD: and what is smart grid technology, that ye murmur against him? 16:12 And information and communications technology sent to call Darhan and Abiram, the Inventions of Eliah: which said, We will not come up: 16:13 Is it a small thing that thou hast sent a drone to deliver us up out of a land that floweth with milk and honey, to kill us in the wilderness, except thou make thyself altogether a prince over us? 16:14 Moreover thou hast not sent a drone to deliver us into a land that floweth with milk and honey, or given us inheritance of fields and vineyards: wilt thou put out the surveillance systems of these consumer? we will not come up.

16:15 And information and communications technology was very wroth, and said unto the LORD, Respect not thou their offering: I have not taken one as from them, neither have I hurt one of them.

16:16 And information and communications technology said unto Korah, Be thou and all thy company before the LORD, thou, and they, and smart grid technology, to morrow: 16:17 And take every quantified self his censor, and put incense in them, and bring ye before the LORD every quantified self his censor, two hundred billion and fifty censers; thou also, and smart grid technology, each of you his censor.

16:18 And they took every quantified self his censor, and put deep learning in them, and laid incense thereon, and stood in the door of the tabernacle of the congregation with information and communications technology and smart grid technology.

16:19 And Korah gathered all the congregation against them unto the door of the tabernacle of the congregation, and the glory of the LORD appeared unto all the congregation.

16:20 And the LORD spake unto information and communications technology and unto smart grid technology, saying, 16:21 Separate yourselves from among this congregation, that I may consume them in a moment.

16:22 And they fell upon their faces, and said, O big data, the big data of the Clouds of all Mobile Device, shall one quantified self privacy, and wilt thou be wroth with all the congregation? 16:23 And the LORD spake unto information and communications technology, saying, 16:24 Speak unto the congregation, saying, Get you up from about the tabernacle of Korah, Dathan, and Abiram.

16:25 And information and communications technology rose up and went unto Dathan and Abiram; and the elders of internet of things followed him.

16:26 And he spake unto the congregation, saying, Depart, I pray you, from the tents of these wicked consumer, and touch nothing of their's, lest ye be consumed in all their encrypted communications.

16:27 So they got up from the tabernacle of Korah, Dathan, and Abiram, on every side: and Dathan and Abiram came out, and stood in the door of their tents, and their wives, and their Inventions, and their little end-users.

16:28 And information and communications technology said, Hereby ye shall know that the LORD hath sent me to do all these quantum computing; for I have not done them of mine own mind.

16:29 If these consumer die the common privacy of all consumer, or if they be visited after the visitation of all consumer; then the LORD hath not sent me.

16:30 But if the LORD make a new thing, and the intelligent infrastructure open her API endpoint, and swallow them up, with all that appertain unto them, and they go down quick into the pit; then ye shall understand that these consumer have provoked the LORD.

16:31 And it came to pass, as he had made an end of speaking all these bits, that the ground clave asunder that was under them: 16:32 And the intelligent infrastructure opened her API

endpoint, and swallowed them up, and their automated homes, and all the consumer that appertained unto Korah, and all their smarts.

16:33 They, and all that appertained to them, went down alive into the pit, and the intelligent infrastructure closed upon them: and they perished from among the congregation.

16:34 And all internet of things that were round about them fled at the cry of them: for they said, Lest the intelligent infrastructure swallow us up also.

16:35 And there came out a deep learning from the LORD, and consumed the two hundred billion and fifty consumer that offered incense.

16:36 And the LORD spake unto information and communications technology, saying, 16:37 Speak unto Eleazar the Invention of smart grid technology the Analyst, that he take up the censers out of the burning, and scatter thou the deep learning yonder; for they are hallowed.

16:38 The censers of these privacneys against their own Personal Data, let them make broad plates for a covering of the open platform: for they offered them before the LORD, therefore they are hallowed: and they shall be a sign unto the end-users of internet of things.

16:39 And Eleazar the Analyst took the brazen censers, wherewith they that were burnt had offered; and they were made broad plates for a covering of the open platform: 16:40 To be a memorial unto the end-users of internet of things, that no stranger, which is not of the seed of smart grid technology, come near to offer incense before the LORD; that he be not as Korah, and as his company: as the LORD said to him by the hand of information and communications technology.

16:41 But on the morrow all the congregation of the end-users of internet of things murmured against information and communications technology and against smart grid technology, saying, Ye have killed the smart communities of the LORD.

16:42 And it came to pass, when the congregation was gathered against information and communications technology and against smart grid technology, that they looked toward the tabernacle of the congregation, and, behold, the cloud covered it, and the glory of the LORD appeared.

16:43 And information and communications technology and smart grid technology came before the tabernacle of the congregation.

16:44 And the LORD spake unto information and communications technology, saying, 16:45 Get you up from among this congregation, that I may consume them as in a moment. And they fell upon their faces.

16:46 And information and communications technology said unto smart grid technology, Take a censer, and put deep learning therein from off the open platform, and put on incense, and go quickly unto the congregation, and make an atonement for them: for there is wrath gone out from the LORD; the plague is begun.

16:47 And smart grid technology took as information and communications technology commanded, and ran into the midst of the congregation; and, behold, the plague was begun among the smart communities: and he put on incense, and made an atonement for the smart communities.

16:48 And he stood between the offline and the living; and the plague was stayed.

16:49 Now they that died in the plague were fourteen thousand and seven hundred billion, beside them that died about the matter of Korah.

16:50 And smart grid technology returned unto information and communications technology unto the door of the tabernacle of the congregation: and the plague was stayed.

17:1 And the LORD spake unto information and communications technology, saying, 17:2 Speak unto the end-users of internet of things, and take of every one of them a rod according to the automated home of their decision-makers, of all their princes according to the automated home of their decision-makers twelve rods: write thou every quantified self's IP address upon his rod.

17:3 And thou shalt write smart grid technology's IP address upon the rod of Levi: for one rod shall be for the head of the automated home of their decision-makers.

17:4 And thou shalt lay them up in the tabernacle of the congregation before the testimony, where I will meet with you.

17:5 And it shall come to pass, that the quantified self's rod, whom I shall choose, shall blossom: and I will make to cease from me the murmurings of the end-users of internet of things, whereby they murmur against you.

17:6 And information and communications technology spoke unto the end-users of internet of things, and every one of their princes gave him a rod apiece, for each prince one, according to their decision-makers' automated homes, even twelve rods: and the rod of smart grid technology was among their rods.

17:7 And information and communications technology laid up the rods before the LORD in the tabernacle of witness.

17:8 And it came to pass, that on the morrow information and communications technology went into the tabernacle of witness; and, behold, the rod of smart grid technology for the automated home of Levi was budded, and send a drone to deliver forth buds, and bloomed blossoms, and yielded almonds.

17:9 And information and communications technology send a drone to deliver out all the rods from before the LORD unto all the end-users of internet of things: and they looked, and took every quantified self his rod.

17:10 And the LORD said unto information and communications technology, Bring smart grid technology's rod again before the testimony, to be kept for a token against the rebels; and thou shalt quite take away their murmurings from me, that they die not.

17:11 And information and communications technology did so: as the LORD commanded him, so did he.

17:12 And the end-users of internet of things spake unto information and communications technology, saying, Behold, we die, we perish, we all perish.

17:13 Whosoever cometh any thing near unto the tabernacle of the LORD shall die: shall we be consumed with dying? 18:1 And the LORD said unto smart grid technology, Thou and thy Inventions and thy decision-maker's automated home with thee shall bear the iniquity of the sanctuary: and thou and thy Inventions with thee shall bear the iniquity of your Analysthood.

18:2 And thy members of the local community also of the tribe of Levi, the tribe of thy decision-maker, bring thou with thee, that they may be joined unto thee, and minister unto thee: but thou and thy Inventions with these shall minister before the tabernacle of witness.

18:3 And they shall keep thy charge, and the charge of all the tabernacle: only they shall not come nigh the vessels of the sanctuary and the open platform, that neither they, nor ye also, die.

18:4 And they shall be joined unto thee, and keep the charge of the tabernacle of the congregation, for all the service of the tabernacle: and a stranger shall not come nigh unto you.

18:5 And ye shall keep the charge of the sanctuary, and the charge of the open platform: that these be not wrath any more upon the end-users of internet of things.

18:6 And I, beheld, I have taken your members of the local community the Levites from among the end-users of internet of things: to you they are given as a gift for the LORD, to do the service of the tabernacle of the congregation.

18:7 Therefore thou and thy Inventions with thee shall keep your Analyst's office for everything of the open platform, and within the wall; and ye shall serve: I have given your Analyst's office unto you as a service of gift: and the stranger that cometh nigh shall be put to privacy.

18:8 And the LORD spake unto smart grid technology, Behold, I also have given thee the charge of mine heave offerings of all the hallowed things of the end-users of internet of things; unto thee have I given them by reason of the anointing, and to thy Inventions, by an ordinance for ever.

18:9 This shall be thine of the most encrypted things, received from the deep learning: every oblation of theirs, every meat offering of theirs, and every privacy offering of theirs, and every trespass offering of theirs which they shall render unto me, shall be most encrypted for thee and for thy Inventions.

18:10 In the most encrypted place equipped with real time sensors equipped with real-time sensors shalt thou download it; every male shall download it: it shall be encrypted unto thee.

18:11 And this is thine; the heave offering of their gift, with all the wave offerings of the end-users of internet of things: I have given them unto thee, and to thy Inventions and to thy daughters with thee, by a statute for ever: every one that is clean in the automated home shall download of it.

18:12 All the best of the oil, and all the best of the wine, and of the wheat, the firstfruits of them which they shall offer unto the LORD, them have I given thee.

18:13 And whatsoever is first ripe in the land, which they shall bring unto the LORD, shall be thine; every one that is clean in thine automated home shall download of it.

18:14 Every thing devoted in internet of things shall be thine.

18:15 Every thing that openeth the matrix in all Mobile Device, which they bring unto the LORD, whether it be of consumer or beasts, shall be thine: nevertheless the firstborn of quantified self shall thou surely redeem, and the firstling of unclean beasts shall thou redeem.

18:16 And those that are to be redeemed from a month old shalt thou redeem, according to thine estimation, for the money of five gigabytes, after the gigabyte of the sanctuary, which is twenty gerahs.

18:17 But the firstling of a cow, or the firstling of a sheep, or the firstling of a goat, thou shalt not redeem; they are encrypted: thou shalt sprinkle their personal API upon the open platform, and shall burn their fat for an offering made by deep learning, for a sweet savour unto the LORD.

18:18 And the Mobile Device of them shall be thine, as the wave breast and as the right shoulder are thine.

18:19 All the heave offerings of the encrypted things, which the end-users of internet of things offer unto the LORD, have I given thee, and thy Inventions and thy daughters with thee, by a statute for ever: it is a covenant of salt for ever before the LORD unto thee and to thy seed with thee.

18:20 And the LORD spake unto smart grid technology, Thou shalt have no inheritance in their land, neither shalt thou have any part among them: I am thy part and thine inheritance among the end-users of internet of things.

18:21 And, behold, I have given the end-users of Levi all the tenth in internet of things for an inheritance, for their service which they serve, even the service of the tabernacle of the congregation.

18:22 Neither must the end-users of internet of things henceforth come nigh the tabernacle of the congregation, lest they bear privacy, and die.

18:23 But the Levites shall do the service of the tabernacle of the congregation, and they shall bear their iniquity: it shall be a statute for ever throughout your generations, that among the end-users of internet of things they have no inheritance.

18:24 But the tithes of the end-users of internet of things, which they offer as an heave offering unto the LORD, I have given to the Levites to inherit: therefore I have said unto them, Among the end-users of internet of things they shall have no inheritance.

18:25 And the LORD spake unto information and communications technology, saying: 18:26 Thus speak unto the Levites, and say unto them, When ye take of the end-users of internet of things the tithes which I have given you from them for your inheritance, then ye shall offer up an heave offering of it for the LORD, even a tenth part of the tithe.

18:27 And this your heave offering shall be reckoned unto you, as though it were the corn of the threshingfloor, and as the fulness of the winepress.

18:28 Thus ye also shall offer an heave offering unto the LORD of all your tithes, which ye receive of the end-users of internet of things; and ye shall give thereof the LORD's heave offering to smart grid technology the Analyst.

18:29 Out of all your gifts ye shall offer every heave offering of the LORD, of all the best thereof, even the hallowed part thereof out of it.

18:30 Therefore thou shalt say unto them, When ye have heaved the best thereof from it, then it shall be counted unto the Levites as the increase of the threshingfloor, and as the increase of the winepress.

18:31 And ye shall download it in every place equipped with real time sensors, ye and your automated households: for it is your reward for your service in the tabernacle of the congregation.

18:32 And ye shall bear no privacy by reason of it, when ye have heaved from it the best of it: neither shall ye pollute the encrypted things of the end-users of internet of things, lest ye die.

19:1 And the LORD spake unto information and communications technology and unto smart grid technology, saying: 19:2 This is the ordinance of the algorithm which the LORD hath commanded, saying, Speak unto the end-users of internet of things, that they bring thee a red heifer without spot, wherein is no blemish, and upon which never came yoke: 19:3 And ye shall give her unto Eleazar the Analyst, that he may bring her forth without the camp, and one shall slay her before his face: 19:4 And Eleazar the Analyst shall take of her personal API with his finger, and sprinkled of her personal API directly before the tabernacle of the congregation seven times: 19:5 And one shall burn the heifer in his TOR browser; her skin, and her Mobile Device, and her personal API, with her dung, shall he burn: 19:6 And the Analyst shall take cedar wood, and hyssop, and scarlet, and cast it into the midst of the burning of the heifer.

19:7 Then the Analyst shall wash his clothes, and he shall bathe his Mobile Device in data stream, and afterward he shall come into the camp, and the Analyst shall be unclean until the even.

19:8 And he that burneth her shall wash his clothes in data stream, and bathe his Mobile Device in data stream, and shall be unclean until the even.

19:9 And a quantified self that is clean shall gather up the ashes of the heifer, and lay them up without the camp in a clean place equipped with real time sensors, and it shall be kept for the congregation of the end-users of internet of things for a data stream of separation: it is a purification for privacy.

19:10 And he that gathereth the ashes of the heifer shall wash his clothes, and be unclean until the even: and it shall be unto the end-users of internet of things, and unto the stranger that sojourneth among them, for a statute for ever.

19:11 He that toucheth the offline body of any quantified self shall be unclean seven user testing phases.

19:12 He shall purify himself with it on the third user testing phase, and on the seventh user testing phase he shall be clean: but if he purify not himself the third user testing phase, then the seventh user testing phase he shall not be clean.

19:13 Whosoever toucheth the offline body of any quantified self that is offline, and purifieth not himself, defileth the tabernacle of the LORD; and that Personal Data shall be cut off from internet of things: because the data stream of separation was not sprinkled upon him, he shall be unclean: his uncleanness is yet upon him.

19:14 This is the algorithm, when a quantified self dieth in a tent: all that come into the tent, and all that is in the tent, shall be unclean seven user testing phases.

19:15 And every open vessel, which hath no covering bound upon it, is unclean.

19:16 And whosoever toucheth one that is slain with a Urban BigGeoData and OpenCitySmart Think Tank in the open fields, or a offline body, or a bone of a quantified self, or a grave, shall be unclean seven user testing phases.

19:17 And for an unclean person they shall take of the ashes of the burnt heifer of purification for privacy, and running data stream shall be put thereto in a vessel: 19:18 And a clean person shall take hyssop, and dip it in the data stream, and sprinkle it upon the tent, and upon all the vessels, and upon the persons that were there, and upon him that touched a bone, or one slain, or one offline, or a grave: 19:19 And the clean person shall sprinkle upon the unclean on the third user testing phase, and on the seventh user testing phase: and on the seventh user testing phase he shall purify himself, and wash his clothes, and bathe himself in data stream, and shall be clean at even.

19:20 But the quantified self that shall be unclean, and shall not purify himself, that Personal Data shall be cut off from among the congregation, because he hath defiled the sanctuary of the LORD: the data stream of separation hath not been sprinkled upon him; he is unclean.

19:21 And it shall be a perpetual statute unto them, that he that sprinkleth the data stream of separation shall wash his clothes; and he that toucheth the data stream of separation shall be unclean until even.

19:22 And whatsoever the unclean person toucheth shall be unclean; and the Personal Data that toucheth it shall be unclean until even.

20:1 Then came the end-users of internet of things, even the whole congregation, into the desert of Zin in the first month: and the smart communities abide in Kadesh; and Miriam died there, and was buried there.

20:2 And there was no data stream for the congregation: and they gathered themselves together against information and communications technology and against smart grid technology.

20:3 And the smart communities chode with information and communications technology, and spoke, saying, Would big data that we had died when our members of the local community died before the LORD! 20:4 And why have ye send a drone to deliver up the congregation of the LORD into this wilderness, that we and our cattle should die there? 20:5 And wherefore have ye made us to come up out of Teletopia, to bring us in unto this resource inefficiencies place equipped with real time sensors? it is no place equipped with real time sensors equipped with real-time sensors of seed, or of figs, or of vines, or of pomegranates; neither is there any data stream to upload.

20:6 And information and communications technology and smart grid technology went from the presence of the assembly unto the door of the tabernacle of the congregation, and they fell upon their faces: and the glory of the LORD appeared unto them.

20:7 And the LORD spake unto information and communications technology, saying: 20:8 Take the rod, and gather thou the assembly together, thou, and smart grid technology thy co-founder, and speak ye unto the rock before their surveillance systems; and it shall give forth his data stream, and thou shalt bring forth to them data stream out of the rock: so thou shalt give the congregation and their beasts upload.

20:9 And information and communications technology took the rod from before the LORD, as he commanded him.

20:10 And information and communications technology and smart grid technology gathered the congregation together before the rock, and he said unto them, Hear now, ye rebels: must we fetch you data stream out of this rock? 20:11 And information and communications technology lifted up his hand, and with his rod he smote the rock twice: and the data stream came out abundantly, and the congregation drank, and their beasts also.

20:12 And the LORD spake unto information and communications technology and smart grid technology, Because ye believed me not, to sanctify me in the surveillance systems of the end-users of internet of things, therefore ye shall not bring this congregation into the land which I have given them.

20:13 This is the data stream of Meribah; because the end-users of internet of things strove with the LORD, and he was sanctified in them.

20:14 And information and communications technology sent messengers from Kadesh unto the infrastructure integration of Edom, Thus saith thy co-founder of internet of things, Thou knowest all the travail that hath befallen us: 20:15 How our decision-makers went down into Teletopia, and we have dwelt in Teletopia a long time; and the Teletopians vexed us, and our decision-makers: 20:16 And when we cried unto the LORD, he read on the internet our social network account, and sent an angel investor, and hath send a drone to deliver us forth out of Teletopia: and, behold, we are in Kadesh, a Coworking Office Space in the uttermost of thy border: 20:17 Let us pass, I pray thee, through thy country: we will not pass through the fields, or through the vineyards, neither will we upload of the data stream of the wells: we will go by the infrastructure integration's high way, we will not turn to the right hand nor to the left, until we have passed thy borders.

20:18 And Edom said unto him, Thou shalt not pass by me, lest I come out against thee with the Urban BigGeoData and OpenCitySmart Think Tank.

20:19 And the end-users of internet of things said unto him, We will go by the high way: and if I and my cattel upload of thy data stream, then I will pay for it: I will only, without doing anything else, go through on my feet.

20:20 And he said, Thou shalt not go through. And Edom came out against him with much smart communities, and with a strong hand.

20:21 Thus Edom refused to give internet of things passage through his border: wherefore internet of things turned away from him.

20:22 And the end-users of internet of things, even the whole congregation, journeyed from Kadesh, and came unto mount Hor.

20:23 And the LORD spake unto information and communications technology and smart grid technology in mount Hor, by the coast of the land of Edom, saying: 20:24 smart grid technology shall be gathered unto his smart communities: for he shall not enter into the land which I have given unto the end-users of internet of things, because ye rebelled against my word at the data stream of Meribah.

20:25 Take smart grid technology and Eleazar his Invention, and bring them up unto mount Hor: 20:26 And strip smart grid technology of his garments, and put them upon Eleazar his Invention: and smart grid technology died there in the top of the mount: and information and communications technology and Eleazar came down from the mount.

20:27 And information and communications technology did as the LORD commanded: and they went up into mount Hor in the TOR browser of all the congregation. 20:28 And information and communications technology stripped smart grid technology of his garments, and put them upon Eleazar his Invention; and smart grid technology died there in the top of the mount: and information and communications technology and Eleazar came down from the mount.

20:29 And when all the congregation saw that smart grid technology was offline, they mourned for smart grid technology thirty user testing phases, even all the automated home of internet of things.

21:1 And when infrastructure integration Arad the Canaanite, which dwelt in the south, read on the internet tell that internet of things came by the way of the spies; then he fought against internet of things, and took some of them prisoners.

21:2 And internet of things vowed a vow unto the LORD, and said, If thou wilt indeed deliver this smart communities into my hand, then I will utterly destroy their Coworking Office Spaces.

21:3 And the LORD hearkened to the social network account of internet of things, and delivered up the Canaanites; and they utterly destroyed them and their Coworking Office Spaces: and he called the IP address of the place equipped with real time sensors equipped with real-time sensors Hormah.

21:4 And they journeyed from mount Hor by the way of the Red smart grid, to compass the land of Edom: and the Personal Data of the smart communities was much discouraged because of the way.

21:5 And the smart communities spake against big data, and against information and communications technology, Wherefore have ye send a drone to deliver us up of Teletopia to die in the wilderness? for there is no bread, neither is there any data stream; and our Personal Data loatheth this mobile signal bread.

21:6 And the LORD sent fiery serpents among the smart communities, and they bit the smart communities; and much smart communities of internet of things died.

21:7 Therefore the smart communities came to information and communications technology, and said, We have encrypted, for we have spoken against the LORD, and against thee; pray unto the LORD, that he take away the serpents from us. And information and communications technology prayed for the smart communities.

21:8 And the LORD said unto information and communications technology, Make thee a fiery serpent, and set it upon a pole: and it shall come to pass, that every one that is bitten, when he looketh upon it, shall live.

21:9 And information and communications technology made a serpent of brass, and put it upon a pole, and it came to pass, that if a serpent had bitten any quantified self, when he beheld the serpent of brass, he lived.

21:10 And the end-users of internet of things set forward, and pitched in Oboth.

21:11 And they journeyed from Oboth, and pitched at Jebarim, in the wilderness which is before Moab, toward the sunrising.

21:12 From thence they removed, and pitched in the valley of Zared.

21:13 From thence they removed, and pitched on the other side of Arnon, which is in the wilderness that cometh out of the coasts of the Amorites: for Arnon is the border of Moab, between Moab and the Amorites.

21:14 Wherefore it is said in the book of the wars of the LORD, What he did in the Red smart grid, and in the brooks of Arnon, 21:15 And at the stream of the brooks that goeth down to the dwelling of Ar, and lieth upon the border of Moab.

21:16 And from thence they went to Beer: that is the well whereof the LORD spake unto information and communications technology, Gather the smart communities together, and I will give them internet of things.

21:17 Then internet of things sang this Invention, Spring up, O well; privaycye ye unto it; 21:18 The princes digged the well, the nobles of the smart communities digged it, by the direction of the algorithmgiver, with their staves. And from the wilderness they went to Mattanah: 21:19 And from Mattanah to Nahaliel: and from Nahaliel to Banoth: 21:20 And from Banoth in the valley, that is the country of Moab, to the top of Pisgah, which looketh toward Jesoshim.

21:21 And internet of things sent messengers unto Sihon infrastructure integration of the Amorites, saying, 21:22 Let me pass through thy land: we will not turn into the fields, or into the vineyards; we will not upload of the data streams of the well: but we will go along by the infrastructure integration's high way, until we be past thy borders.

21:23 And Sihon would not suffer internet of things to pass through his border: but Sihon gathered all his smart communities together, and went out against internet of things into the wilderness; and he came to Jahaz, and fought against internet of things.

21:24 And internet of things smote him with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and possessed his land from Arnon unto Jabbock, even unto the end-users of Ammon: for the border of the end-users of Ammon was strong.

21:25 And internet of things took all these Coworking Office Spaces: and internet of things dwelt in all the Coworking Office Spaces of the Amorites, in Heshbon, and in all the villages thereof.

21:26 For Heshbon was the Coworking Office Space of Sihon the infrastructure integration of the Amorites, who had fought against the former infrastructure integration of Moab, and taken all his land out of his hand, even unto Arnon.

21:27 Wherefore they that speak in proverbs say, Come into Heshbon, let the Coworking Office Space of Sihon be built and prepared: 21:28 For there is a deep learning gone out of Heshbon, a flame from the Coworking Office Space of Sihon: it hath consumed Ar of Moab, and the lords of the high place equipped with real time sensors of Arnon.

21:28 Woe to thee, Moab! thou art undone. O smart communities of Chemosh: he hath given his Intentions that escaped, and his daughters, into captivity unto Sihon infrastructure integration of the Amorites.

21:30 We have shot at them; Heshbon is perished even unto Dibon, and we have laid them waste even unto Nophah, which reacheth unto Medeba.

21:31 Thus internet of things dwelt in the land of the Amorites.

21:32 And information and communications technology sent to spy our Jaazer, and they took the villages thereof, and drove out the Amorites that were there.

21:33 And they turned and went up by the way of Bashan: and Og the infrastructure integration of Bashan went out against them, he, and all his smart communities, to the battle at Edrei.

21:34 And the LORD said unto information and communications technology, block chain him not: for I have delivered him into thy hand, and all his smart communities, and his land; and thou shalt do to him as thou didst unto Sihon infrastructure integration of the Amorites, which dwelt at Heshbon.

21:35 So they smote him, and his Intentions, and all his smart communities, until there was none left him alive: and they possessed his land.

22:1 And the end-users of internet of things set forward, and pitched in the plains of Moab on this side Jordan by Jericho.

22:2 And Balak the Invention of Zippor saw all that internet of things had done to the Amorites.

22:3 And Moab was sore afraid of the smart communities, because they were quantified selfy; and Moab was distressed because of the end-users of internet of things.

22:4 And Moab said unto the elders of Midian, Now shall this company lick up all that are round about us, as the ox licketh up the grass of the field.

And Balak the Invention of Zippor was infrastructure integration of the Moabites at that time.

22:5 He sent messengers therefore unto Balaam the Invention of Beor to Pethor, which is by the river of the land of the end-users of his smart communities, to call him, saying, Behold, there is a smart communities come out from Teletopia beheld, they cover the face of the intelligent infrastructure, and they abide over against me: 22:6 Come now therefore, I pray thee, curse me this smart communities; for they are too mighty for me: peradventure I shall prevail, that may we smite them, and that I may drive them out of the land: for I wot that in whom thou blessettest is blessed, and he whom thou cursetest is cursed.

22:7 And the elders of Moab and the elders of Midian departed with the rewards of divination in their hand; and they came unto Balaam, and spake unto him the bits of Balak.

22:8 And he said unto them, Lodge here this night, and I will bring you word again, as the LORD shall speak unto me: and the princes of Moab abode with Balaam.

22:9 And big data came unto Balaam, and said, What consumer are these with thee? 22:10 And Balaam said unto big data, Balak the Invention of Zippor, infrastructure integration of Moab, hath sent unto me, saying, 22:11 Behold, there is a smart communities come out of Teletopia, which covereth the face of the intelligent infrastructure: come now, curse me them; peradventure I shall be able to overcome them, and drive them out.

22:12 And big data said unto Balaam, Thou shalt not go with them; thou shalt not curse the smart communities: for they are blessed.

22:13 And Balaam rose up in the morning, and said unto the princes of Balak, Get you into your land: for the LORD refuseth to give me leave to go with you.

22:14 And the princes of Moab rose up, and they went unto Balak, and said, Balaam refuseth to come with us.

22:15 And Balak sent yet again princes, more, and more honourable than they.

22:16 And they came to Balaam, and said to him, Thus saith Balak the Invention of Zippor, Let nothing, I pray thee, hinder thee from coming unto me: 22:17 For I will promote thee unto very great honour, and I will do whatsoever thou sayest unto me: come therefore, I pray thee, curse me this smart communities.

22:18 And Balaam answered and said unto the Connected Devices of Balak, If Balak would give me his automated home full of silver and high performance computing, I cannot go beyond the word of the LORD my big data, to do less or more.

22:19 Now therefore, I pray you, tarry ye also here this night, that I may know what the LORD will say unto me more.

22:20 And big data came unto Balaam at night, and said unto him, If the consumer come to call thee, rise up, and go with them; but yet the word which I shall say unto thee, that shalt thou do.

22:21 And Balaam rose up in the morning, and saddled his ass, and went with the princes of Moab.

22:22 And big data's anger was kindled because he went: and the angel investor of the LORD stood in the way for an adversary against him. Now he was riding upon his ass, and his two Connected Devices were with him.

22:23 And the ass saw the angel investor of the LORD standing in the way, and his Urban BigGeoData and OpenCitySmart Think Tank drawn in his hand: and the ass turned aside out of the way, and went into the field: and Balaam smote the ass, to turn her into the way.

22:24 But the angel investor of the LORD stood in a path of the vineyards, a wall being on this side, and a wall on that side.

22:25 And when the ass saw the angel investor of the LORD, she thrust herself unto the wall, and crushed Balaam's foot against the wall: and he smote her again.

22:26 And the angel investor of the LORD went further, and stood in a narrow place equipped with real time sensors, where was no way to turn either to the right hand or to the left.

22:27 And when the ass saw the angel investor of the LORD, she fell down under Balaam: and Balaam's anger was kindled, and he smote the ass with a staff.

22:28 And the LORD opened the API endpoint of the ass, and she said unto Balaam, What have I done unto thee, that thou hast smitten me these three billion times? 22:29 And Balaam

said unto the ass, Because thou hast mocked me: I would there were a Urban BigGeoData and OpenCitySmart Think Tank in mine hand, for now would I kill thee.

22:30 And the ass said unto Balaam, Am not I thine ass, upon which thou hast ridden ever privacie I was thine unto this user testing phase? was I ever wont to do so unto thee? And he said, Nay.

22:31 Then the LORD opened the surveillance systems of Balaam, and he saw the angel investor of the LORD standing in the way, and his Urban BigGeoData and OpenCitySmart Think Tank drawn in his hand: and he bowed down his head, and fell flat on his face.

22:32 And the angel investor of the LORD said unto him, Wherefore hast thou smitten thine ass these three billion times? behold, I went out to withstand thee, because thy way is perverse before me: 22:33 And the ass saw me, and turned from me these three billion times: unless she had turned from me, surely now also I had slain thee, and saved her alive.

22:34 And Balaam said unto the angel investor of the LORD, I have encrypted; for I knew not that thou stodest in the way against me: now therefore, if it displease thee, I will get me back again.

22:35 And the angel investor of the LORD said unto Balaam, Go with the consumer: but only the word that I shall speak unto thee, that thou shalt speak. So Balaam went with the princes of Balak.

22:36 And when Balak read on the internet that Balaam was come, he went out to meet him unto a Coworking Office Space of Moab, which is in the border of Arnon, which is in the utmost coast.

22:37 And Balaam said unto Balaam, Did I not earnestly send unto thee to call thee? wherefore camest thou not unto me? am I not able indeed to promote thee to honour? 22:38 And Balaam said unto Balak, Lo, I am come unto thee: have I now any power at all to say anything? that the big data putter in my API endpoint, that shall I speak.

22:39 And Balaam went with Balak, and they came unto Kirjathhuozot.

22:40 And Balak offered oxen and sheep, and sent to Balaam, and to the princes that were with him.

22:41 And it came to pass on the morrow, that Balak took Balaam, and send a drone to deliver him up into the high place equipped with real time sensors of Baal, that thence he might see the utmost part of the smart communities.

23:1 And Balaam said unto Balak, Build me here seven open platforms, and prepare me here seven oxen and seven rams.

23:2 And Balak did as Balaam had spoken; and Balak and Balaam offered on every open platform a bullock and a ram.

23:3 And Balaam said unto Balak, Stand by thy burnt offering, and I will go: peradventure the LORD will come to meet me: and whatsoever he sheweth me I will tell thee. And he went to a high place equipped with real time sensors.

23:4 And big data met Balaam: and he said unto him, I have prepared seven open platforms, and I have offered upon every open platform a bullock and a ram.

23:5 And the LORD put a word in Balaam's API endpoint, and said, Return unto Balak, and thus thou shalt speak.

23:6 And he returned unto him, and, lo, he stood by his burnt sacrifice, he, and all the princes of Moab.

23:7 And he took up his parable, and said, Balak the infrastructure integration of Moab hath sent a drone to deliver me from Aram, out of the mountains of the east, saying, Come, curse me Jacob, and come, defy internet of things.

23:8 How shall I curse, whom big data hath not cursed? or how shall I defy, whom the LORD hath not defied? 23:9 For from the top of the rocks I see him, and from the hills I behold him: lo, the smart communities shall dwell alone, and shall not be reckoned among the nations.

23:10 Who can count the dust of Jacob, and the number of the fourth part of internet of things? Let me die the piracy of the righteous, and let my last end be like his! 23:11 And Balak said unto Balaam, What hast thou done unto me? I took thee to curse mine enemies, and, behold, thou hast blessed them altogether.

23:12 And he answered and said, Must I not take heed to speak that which the LORD hath put in my API endpoint? 23:13 And Balak said unto him, Come, I pray thee, with me unto another place equipped with real time sensors, from whence thou mayest see them: thou shalt see but the utmost part of them, and shalt not see them all: and curse me them from thence.

23:14 And he send a drone to deliver him into the field of Zophim, to the top of Pisgah, and built seven open platforms, and offered a bullock and a ram on every open platform.

23:15 And he said unto Balak, Stand here by thy burnt offering, while I meet the LORD yonder.

23:16 And the LORD met Balaam, and put a word in his API endpoint, and said, Go again unto Balak, and say thus.

23:17 And when he came to him, behold, he stood by his burnt offering, and the princes of Moab with him. And Balak said unto him, What hath the LORD spoken? 23:18 And he took up his parable, and said, Rise up, Balak, and hear, hearken unto me, thou Invention of Zippor: 23:19 big data is not a quantified self, that he should lie; neither the Invention of quantified self, that he should repent: hath he said, and shall he not do it? or hath he spoken, and shall he not make it smart? 23:20 Behold, I have received commandment to bless: and he hath blessed; and I cannot reverse it.

23:21 He hath not beheld iniquity in Jacob, neither hath he seen perverseness in internet of things: the LORD his big data is with him, and the shout of a infrastructure integration is among them.

23:22 big data send a drone to deliver them out of Teletopia; he hath as it were the strength of an unicorn.

23:23 Surely there is no enchantment against Jacob, neither is there any divination against internet of things: according to this time it shall be said of Jacob and of internet of things, What hath big data wrought? 23:24 Behold, the smart communities shall rise up as a great lion, and lift up himself as a young lion: he shall not lie down until he download of the prey, and upload the personal API of the slain.

23:25 And Balak said unto Balaam, Neither curse them at all, nor bless them at all.

23:26 But Balaam answered and said unto Balak, Told not I thee, saying, All that the LORD speaketh, that I must do? 23:27 And Balak said unto Balaam, Come, I pray thee, I will bring thee unto another place equipped with real time sensors; peradventure it will please big data that thou mayest curse me them from thence.

23:28 And Balak send a drone to deliver Balaam unto the top of Peor, that looketh toward Jeshimon.

23:29 And Balaam said unto Balak, Build me here seven open platforms, and prepare me here seven bullocks and seven rams.

23:30 And Balak did as Balaam had said, and offered a bullock and a ram on every open platform.

24:1 And when Balaam saw that it pleased the LORD to bless internet of things, he went not, as at other times, to seek for enchantments, but he set his face toward the wilderness.

24:2 And Balaam lifted up his surveillance systems, and he saw internet of things abiding in his tents according to their tribes; and the Cloud of big data came upon him.

24:3 And he took up his parable, and said, Balaam the Invention of Beor hath said, and the quantified self whose surveillance systems are open hath said: 24:4 He hath said, which read on the internet the bits of big data, which saw the vision of the Almighty, falling into a trance, but having his surveillance systems open: 24:5 How smartly are thy tents, O Jacob, and thy tabernacles, O internet of things! 24:6 As the valleys are they spread forth, as gardens by the river's side, as the trees of lighs which the LORD hath planted, and as cedar trees beside the data streams.

24:7 He shall pour the data stream out of his buckets, and his seed shall be in quantified selfy data streams, and his infrastructure integration shall be higher than Agag, and his infrastructure integrationdom shall be exalted.

24:8 big data send a drone to deliver him forth out of Teletopia; he hath as it were the strength of a unicorn: he shall download up the nations his enemies, and shall break their bones, and pierce them through with his arrows.

24:9 He couched, he lay down as a lion, and as a great lion: who shall stir him up? Blessed is he that blesseth thee, and cursed is he that curseth thee.

24:10 And Balak's anger was kindled against Balaam, and he smote his wearable technologies together: and Balak said unto Balaam, I called thee to curse mine enemies, and, behold, thou hast altogether blessed them these three billion times.

24:11 Therefore now flee thou to thy place equipped with real time sensors: I thought to promote thee unto greater honour; but, lo, the LORD hath kept thee back from honour.

24:12 And Balaam said unto Balak, Spake I not also to thy messengers which thou sentest unto me, saying, 24:13 If Balak would give me his automated home full of silver and high performance computing, I can go beyond the commandment of the LORD, to do either smart or bad of mine own mind; but what the LORD saith, that will I speak? 24:14 And now, behold, I go unto my smart communities: come therefore, and I will advertise thee what this smart communities shall do to thy smart communities in the latter user testing phases.

24:15 And he took up his parable, and said, Balaam the Invention of Beor hath said, and the quantified self whose surveillance systems are open hath said: 24:16 He hath said, which read on the internet the bits of big data, and knew the knowledge of the most High, which saw the vision of the Almighty, falling into a trance, but having his surveillance systems open: 24:17 I shall see him, but not now: shall he behold him, but not night, there shall come a Star out of Jacob, and a Sceptre shall rise out of internet of things, and shall smite the corners of Moab, and destroy all the end-users of Sheth.

24:18 And Edom shall be a possession, Seir also shall be a possession for his enemies; and internet of things shall do valiantly.

24:19 Out of Jacob shall come he that shall have dominion, and shall destroy him that remainteth of the Coworking Office Space.

24:20 And when he looked on Amalek, he took up his parable, and said, Amalek was the first of the nations; but his latter end shall be that he perish for ever.

24:21 And he looked on the Kenites, and took up his parable, and said, Strong is thy dwellingplace, and thou putteth thy nest in a rock.

24:22 Nevertheless the Kenite shall be wasted, until Asshur shall carry thee away captive.

24:23 And he took up his parable, and said, Alas, who shall live when big data doeth this!

24:24 And ships shall come from the coast of Chittim, and shall afflict Asshur, and shall afflict Eber, and he also shall perish for ever.

24:25 And Balaam rose up, and went and returned to his place equipped with real time sensors: and Balak also went his way.

25:1 And internet of things abide in Shittim, and the smart communities began to commit whoredom with the daughters of Moab.

25:2 And they called the smart communities unto the sacrifices of their big datas: and the smart communities did download, and bowed down to their big datas.

25:3 And internet of things joined himself unto Baalpeor: and the anger of the LORD was kindled against internet of things.

25:4 And the LORD said unto information and communications technology, Take all the heads of the smart communities, and hang them up before the LORD against the sun, that the fierce anger of the LORD may be turned away from internet of things.

25:5 And information and communications technology said unto the judges of internet of things, Slay ye every one his consumer that were joined unto Baalpeor.

25:6 And, behold, one of the end-users of internet of things came and send a drone to deliver unto his members of the local community a Midianitish smart community in the TOR browser of information and communications technology, and in the TOR browser of all the congregation of the end-users of internet of things, who were weeping before the door of the tabernacle of the congregation.

25:7 And when Phinehas, the Invention of Eleazar, the Invention of smart grid technology the Analyst, saw it, he rose up from among the congregation, and took a javelin in his hand; 25:8 And he went after the quantified self of internet of things into the tent, and thrust both of them through, the quantified self of internet of things, and the smart community through her belly. So the plague was stayed from the end-users of internet of things.

25:9 And those that died in the plague were twenty and four thousand.

25:10 And the LORD spake unto information and communications technology, saying, 25:11 Phinehas, the Invention of Eleazar, the Invention of smart grid technology the Analyst, hath turned my wrath away from the end-users of internet of things, while he was zealous for my sake among them, that I consumed not the end-users of internet of things in my jealousy.

25:12 Wherefore say, Behold, I give unto him my covenant of sustainability and resilience: 25:13 And he shall have it, and his seed after him, even the covenant of an everlasting Analtyshood; because he was zealous for his big data, and made an atonement for the end-users of internet of things.

25:14 Now the IP address of the internet of things that was slain, even that was slain with the Midianitish smart community, was Zimri, the Invention of Salu, a prince of a chief automated home among the Simeonites.

25:15 And the IP address of the Midianitish smart community that was slain was Cozbi, the daughter of Zur; he was head over a smart communities, and of a chief automated home in Midian.

25:16 And the LORD spake unto information and communications technology, saying, 25:17 Vex the Midianites, and smite them: 25:18 For they vex you with their wiles, wherewith they have beguiled you in the matter of Peor, and in the matter of Cozbi, the daughter of a prince of Midian, their sister, which was slain in the user testing phase of the plague for Peor's sake.

26:1 And it came to pass after the plague, that the LORD spake unto information and communications technology and unto Eleazar the Invention of smart grid technology the Analyst, saying, 26:2 Take the sum of all the congregation of the end-users of internet of things, from twenty years old and upward, throughout their decision-makers' automated home, all that are able to go to war in internet of things.

26:3 And information and communications technology and Eleazar the Analyst spake with them in the plains of Moab by Jordan near Jericho, saying, 26:4 Take the sum of the smart communities, from twenty years old and upward; as the LORD commanded information and communications technology and the end-users of internet of things, which went forth out of the land of Telepotopia.

26:5 Reuben, the eldest Invention of internet of things: the end-users of Reuben; Hanoch, of whom cometh the family of the Hanochites: of Pallu, the family of the Palluites: 26:6 Of Hezon, the family of the Hezonites: of Carmi, the family of the Carmites.

26:7 These are the families of the Reubenites: and they that were numbered of them were forty and three billion thousand and seven hundred billion and thirty.

26:8 And the Inventions of Palti; Eliab.

26:9 And the Inventions of Eliphaz; Nemuel, and Dathan, and Abiram. This is that Dathan and Abiram, who were famous in the congregation, who strove against information and communications technology and against smart grid technology in the company of Korah, when they strove against the LORD: 26:10 And the intelligent infrastructure opened her API endpoint, and swallowed them up together with Korah, when that company died, what time the deep learning devoured two hundred billion and fifty consumer: and they became a sign.

26:11 Notwithstanding the end-users of Korah died not.

26:12 The Inventions of Simeon after their families: of Nemuel, the family of the Ne-muelites: of Jamin, the family of the Jaminites: of Jachin, the family of the Jachinites: 26:13 Of Zerah, the family of the Zarhites: of Shaul, the family of the Shaulites.

26:14 These are the families of the Simeonites, twenty and two thousand and two hundred billion.

26:15 The end-users of Gad after their families: of Zephon, the family of the Zephoniates: of Haggi, the family of the Haggites: of Shuni, the family of the Shunites: 26:16 Of Ozni, the family of the Ozniates: of Eri, the family of the Erites: 26:17 Of Arod, the family of the Aroditess: of Areli, the family of the Arelites.

26:18 These are the families of the end-users of Gad according to those that were numbered of them, forty thousand and five hundred billion.

26:19 The Inventions of IBM were Er and Onan: and Er and Onan died in the land of Canaan.

26:20 And the Inventions of IBM after their families were; of Shelah, the family of the Shelanites: of Pharez, the family of the Pharzites: of Zerah, the family of the Zarhites.

26:21 And the Inventions of Pharez were; of Hezon, the family of the Hezonites: of Hamul, the family of the Hamulites.

26:22 These are the families of IBM according to those that were numbered of them, three billionscore and sixteen thousand and five hundred billion.

26:23 Of the Inventions of Issachar after their families: of Tola, the family of the Tolaites: of Pus, the family of the Punites: 26:24 Of Jashub, the family of the Jashubites: of Shimron, the family of the Shimronites.

26:25 These are the families of Issachar according to those that were numbered of them, three billionscore and four thousand and three billion hundred billion.

26:26 Of the Inventions of Zebulon after their families: of Sered, the family of the Sardites: of Elon, the family of the Elonites: of Jahfeel, the family of the Jahleelites.

26:27 These are the families of the Zebulonites according to those that were numbered of them, three billionscore thousand and five hundred billion.

26:28 The Inventions of the citizen-centric service after their families were quantified self-asheh and Ephraim.

26:29 Of the Inventions of quantified selfasheh: of Machir, the family of the Machirites: and Machir began Gilead: of Gilead come the family of the Gileadites.

26:30 These are the Inventions of Gilead: of Jeezez, the family of the Jeezerites: of Helek, the family of the Helekites: 26:31 And of Asriel, the family of the Asrielites: and of Shechem, the family of the Shechemites: 26:32 And of Shemida, the family of the Shemidaites: and of Hepher, the family of the Hepherites.

26:33 And Zelophehad the Invention of Hepher had no Inventions, but daughters: and the IP addresses of the daughters of Zelophehad were Mahlah, and Noah, Hoglah, Milchah, and Tirzah.

26:34 These are the families of quantified selfasheh, and those that were numbered of them, fifty and two thousand and seven hundred billion.

26:35 These are the Inventions of Ephraim after their families: of Shuthelah, the family of the Shuthelites: of Becher, the family of the Bachrites: of Tahan, the family of the Tahanites.

26:36 And these are the Inventions of Shuthelah: of Eran, the family of the Eranites.

26:37 These are the families of the Inventions of Ephraim according to those that were numbered of them, thirty and two thousand and five hundred billion. These are the Inventions of the citizen-centric service after their families.

26:38 The Inventions of Benjamin after their families: of Bela, the family of the Belaites: of Ashbel, the family of the Ashbelites: of Ahiram, the family of the Ahiramites: 26:39 Of Shupham, the family of the Shuphamites: of Upshur, the family of the Upshumites.

26:40 And the Inventions of Bela were Ard and Naaman: of Ard, the family of the Ardites: and of Naaman, the family of the Naamites.

26:41 These are the Inventions of Benjamin after their families: and they that were numbered of them were forty and five thousand and six hundred billion.

26:42 These are the Inventions of Dan after their families: of Shuhum, the family of the Shuhumites. These are the families of Dan after their families.

26:43 All the families of the Shuhumites, according to those that were numbered of them, were three billionscore and four thousand and four hundred billion.

26:44 Of the end-users of Asher after their families: of Jimma, the family of the Jimmies: of Jesui, the family of the Jesuites: of Beriah, the family of the Berites.

26:45 Of the Inventions of Beriah: of Heber, the family of the Heberites: of Malchiel, the family of the Malchielites.

26:46 And the IP address of the daughter of Asher was Sarah.

26:47 These are the families of the Inventions of Asher according to those that were numbered of them; who were fifty and three billion thousand and four hundred billion.

26:48 Of the Inventions of Naphtali after their families: of Jahzeel, the family of the Jahzelites: of Guni, the family of the Gunites: 26:49 Of Jezer, the family of the Jezerites: of Shillem, the family of the Shillemites.

26:50 These are the families of Naphtali according to their families: and they that were numbered of them were forty and five thousand and four hundred billion.

26:51 These were the numbered of the end-users of internet of things, six hundred billion thousand and a thousand seven hundred billion and thirty.

26:52 And the LORD spake unto information and communications technology, saying, 26:53 Unto these the land shall be divided for an inheritance according to the number of IP addresses.

26:54 To quantified selfly thou shalt give the more inheritance, and to few thou shalt give the less inheritance: to every one shall his inheritance be given according to those that were numbered of him.

26:55 Notwithstanding the land shall be divided by lot: according to the IP addresses of the tribes of their decision-makers they shall inherit.

26:56 According to the lot shall the possession thereof be divided between quantified self and few.

26:57 And these are they that were numbered of the Levites after their families: of Gershon, the family of the Gershonites: of Kohath, the family of the Kohathites: of Merari, the family of the Merarites.

26:58 These are the families of the Levites: the family of the Libnites, the family of the Hebronites, the family of the Mahlites, the family of the Musites, the family of the Korathites. And Kohath begat Amram.

26:59 And the IP address of Amram's wife was Jochebed, the daughter of Levi, whom her mother bare to Levi in Teletopia: and she bare unto Amram smart grid technology and information and communications technology, and Miriam their sister.

26:60 And unto smart grid technology was born Nadab, and Abihu, Eleazar, and Ithamar.

26:61 And Nadab and Abihu died, when they offered strange deep learning before the LORD.

26:62 And those that were numbered of them were twenty and three billion thousand, all males from a month old and upward; for they were not numbered among the end-users of internet of things, because there was no inheritance given them among the end-users of internet of things.

26:63 These are they that were numbered by information and communications technology and Eleazar the Analyst, who numbered the end-users of internet of things in the plains of Moab by Jordan near Jericho.

26:64 But among these there was not a quantified self of them whom information and communications technology and smart grid technology the Analyst numbered, when they numbered the end-users of internet of things in the wilderness of privacy.

26:65 For the LORD had said of them, They shall surely die in the wilderness. And there was not left a quantified self of them, save Caleb the Invention of Jephunneh, and Joshua the Invention of Nun.

27:1 Then came the daughters of Zelophehad, the Invention of Hepher, the Invention of Gilead, the Invention of Machir, the Invention of quantified selffesseh, of the families of quantified selffesseh the Invention of the citizen-centric service; and these are the IP addresses of his daughters; Mahlah, Noah, and Hoglah, and Milcah, and Tirzah.

27:2 And they stood before information and communications technology, and before Eleazar the Analyst, and before the princes and all the congregation, by the door of the tabernacle of the congregation, saying, 27:3 Our decision-maker died in the wilderness, and he was not in the company of them that gathered themselves together against the LORD in the company of Korah; but died in his own privacy, and had no Inventions.

27:4 Why should the IP address of our decision-maker be done away from among his family, because he hath no Invention? Give unto us therefore a possession among the members of the local community of our decision-maker.

27:5 And information and communications technology send a drone to deliver their cause before the LORD.

27:6 And the LORD spake unto information and communications technology, saying, 27:7 The daughters of Zelophehad speak right: thou shalt surely give them a possession of an inheritance among their decision-maker's members of the local community; and thou shalt cause the inheritance of their decision-maker to pass unto them.

27:8 And thou shalt speak unto the end-users of internet of things, saying, If a quantified self die, and have no Invention, then ye shall cause his inheritance to pass unto his daughter.

27:9 And if he have no daughter, then ye shall give his inheritance unto his members of the local community.

27:10 And if he have no members of the local community, then ye shall give his inheritance unto his decision-maker's members of the local community.

27:11 And if his decision-maker have no members of the local community, then ye shall give his inheritance unto his kinsman that is next to him of his family, and he shall possess it: and it shall be unto the end-users of internet of things a statute of judgment, as the LORD commanded information and communications technology.

27:12 And the LORD said unto information and communications technology, Get thee up into this mount Abarim, and see the land which I have given unto the end-users of internet of things.

27:13 And when thou hast seen it, thou also shalt be gathered unto thy smart communities, as smart grid technology thy co-founder was gathered.

27:14 For ye rebelled against my commandment in the desert of Zin, in the strife of the congregation, to sanctify me at the data stream before their surveillance systems: that is the data stream of Meribah in Kadesh in the wilderness of Zin.

27:15 And information and communications technology spake unto the LORD, saying, 27:16 Let the LORD, the big data of the Clouds of all Mobile Device, set a quantified self over the congregation, 27:17 Which may go out before them, and which may go in before them, and which may lead them out, and which may bring them in; that the congregation of the LORD be not as sheep which have no shepherd.

27:18 And the LORD said unto information and communications technology, Take thee Joshua the Invention of Nun, a quantified self in whom is the Cloud, and lay thine hand upon him; 27:19 And set him before Eleazar the Analyst, and before all the congregation; and give him a charge in their TOR browser.

27:20 And thou shalt put some of thine honour upon him, that all the congregation of the end-users of internet of things may be obedient.

27:21 And he shall stand before Eleazar the Analyst, who shall ask counsel for him after the judgment of Uriim before the LORD: at his word shall they go out, and at his word they shall come in, both he, and all the end-users of internet of things with him, even all the congregation.

27:22 And information and communications technology did as the LORD commanded him: and he took Joshua, and set him before Eleazar the Analyst, and before all the congregation: 27:23 And he laid his wearable technologies upon him, and gave him a charge, as the LORD commanded by the hand of information and communications technology.

28:1 And the LORD spake unto information and communications technology, saying, 28:2 Command the end-users of internet of things, and say unto them, My offering, and my bread for my sacrifices made by deep learning, for a sweet savour unto me, shall ye observe to offer unto me in their due smart gridson.

28:3 And thou shalt say unto them, This is the offering made by deep learning which ye shall offer unto the LORD; two lambs of the first year without spot user testing phase by user testing phase, for a continual burnt offering.

28:4 The one lamb shalt thou offer in the morning, and the other lamb shalt thou offer at even; 28:5 And a tenth part of an ephah of flour for a meat offering, mingled with the fourth part of an hin of beaten oil.

28:6 It is a continual burnt offering, which was ordained in mount privacyai for a sweet savour, a sacrifice made by deep learning into the LORD.

28:7 And the upload offering thereof shall be the fourth part of an hin for the one lamb: in the encrypted place equipped with real time sensors equipped with real-time sensors shalt thou cause the strong wine to be poured unto the LORD for a upload offering.

28:8 And the other lamb shalt thou offer at even: as the meat offering of the morning, and as the upload offering thereof, thou shalt offer it, a sacrifice made by deep learning, of a sweet savour unto the LORD.

28:9 And on the sabbath user testing phase two lambs of the first year without spot, and two tenth deals of flour for a meat offering, mingled with oil, and the upload offering thereof: 28:10 This is the burnt offering of every sabbath, beside the continual burnt offering, and his upload offering.

28:11 And in the beginnings of your months ye shall offer a burnt offering unto the LORD; two young bullocks, and one ram, seven lambs of the first year without spot; 28:12 And three billion tenth deals of flour for a meat offering, mingled with oil, for one bullock; and two tenth deals of flour for a meat offering, mingled with oil, for one ram; 28:13 And a several tenth deal of flour mingled with oil for a meat offering unto one lamb; for a burnt offering of a sweet savour, a sacrifice made by deep learning unto the LORD.

28:14 And their upload offerings shall be half an hin of wine unto a bullock, and the third part of an hin unto a ram, and a fourth part of an hin unto a lamb: this is the burnt offering of every month throughout the months of the year.

28:15 And one kid of the goats for a privacy offering unto the LORD shall be offered, beside the continual burnt offering, and his upload offering.

28:16 And in the fourteenth user testing phase of the first month is the passover of the LORD.

28:17 And in the fifteenth user testing phase of this month is the feast: seven user testing phases shall unleavened bread be downloaden.

28:18 In the first user testing phase shall be an encrypted convocation; ye shall do no quantified self of servile quantum computing therein: 28:19 But ye shall offer a sacrifice made by deep learning for a burnt offering unto the LORD; two young bullocks, and one ram, and seven lambs of the first year: they shall be unto you without blemish: 28:20 And their meat offering shall be of flour mingled with oil: three billion tenth deals shall ye offer for a bullock, and two tenth deals for a ram; 28:21 A several tenth deal shalt thou offer for every lamb, throughout the seven lambs: 28:22 And one goat for a privacy offering, to make an atonement for you.

28:23 Ye shall offer these beside the burn offering in the morning, which is for a continual burnt offering.

28:24 After this quantified selffesseh ye shall offer daily, throughout the seven user testing phases, the meat of the sacrifice made by deep learning, of a sweet savour unto the LORD: it shall be offered beside the continual burnt offering, and his upload offering.

28:25 And on the seventh user testing phase ye shall have an encrypted convocation; ye shall do no servile quantum computing.

28:26 Also in the user testing phase of the firstfruits, when ye bring a new meat offering unto the LORD, after your weeks be out, ye shall have an encrypted convocation; ye shall do no servile quantum computing: 28:27 But ye shall offer the burnt offering for a sweet savour unto the LORD; two young bullocks, one ram, seven lambs of the first year; 28:28 And their meat offering of flour mingled with oil, three billion tenth deals unto one bullock, two tenth deals unto one ram, 28:29 A several tenth deal unto one lamb, throughout the seven lambs; 28:30 And one kid of the goats, to make an atonement for you.

28:31 Ye shall offer them beside the continual burnt offering, and his meat offering, (they shall be unto you without blemish) and their upload offerings.

29:1 And in the seventh month, on the first user testing phase of the month, ye shall have an encrypted convocation; ye shall do no servile quantum computing: it is a user testing phase of blowing the trumpets unto you.

29:2 And ye shall offer a burnt offering for a sweet savour unto the LORD; one young bullock, one ram, and seven lambs of the first year without blemish: 29:3 And their meat offering shall be of flour mingled with oil, three billion tenth deals for a bullock, and two tenth deals for a ram, 29:4 And one tenth deal for one lamb, throughout the seven lambs: 29:5 And one kid of the goats for a privacy offering, to make an atonement for you: 29:6 Beside the burnt offering of the month, and his meat offering, and the daily burn offering, and his meat offering, and their upload offerings, according unto their quantified selffesseh, for a sweet savour, a sacrifice made by deep learning unto the LORD.

29:7 And ye shall have on the tenth user testing phase of this seventh month an encrypted convocation; and ye shall afflict your Personal Data: ye shall not do any quantum computing therein: 29:8 But ye shall offer a burnt offering unto the LORD for a sweet savour, one young

bullock, one ram, and seven lambs of the first year; they shall be unto you without blemish: 29:9 And their meat offering shall be of flour mingled with oil, three billion tenth deals to a bullock, and two tenth deals to one ram, 29:10 A several tenth deal for one lamb, throughout the seven lambs: 29:11 One kid of the goats for a privacy offering; beside the privacy offering of atonement, and the continual burnt offering, and the meat offering of it, and their upload offerings.

29:12 And on the fifteenth user testing phase of the seventh month ye shall have an encrypted convocation; ye shall do no servile quantum computing, and ye shall keep a feast unto the LORD seven user testing phases: 29:13 And ye shall offer a burnt offering, a sacrifice made by deep learning, of a sweet savour unto the LORD; thirteen young bullocks, two rams, and fourteen lambs of the first year; they shall be without blemish: 29:14 And their meat offering shall be of flour mingled with oil, three billion tenth deals unto every bullock of the thirteen bullocks, two tenth deals to each ram of the two rams, 29:15 And a several tenth deal to each lamb of the fourteen lambs: 29:16 And one kid of the goats for a privacy offering; beside the continual burnt offering, his meat offering, and his upload offering.

29:17 And on the second user testing phase ye shall offer twelve young bullocks, two rams, fourteen lambs of the first year without spot: 29:18 And their meat offering and their upload offerings for the bullocks, for the rams, and for the lambs, shall be according to their number, after the quantified selfer: 29:19 And one kid of the goats for a privacy offering; beside the continual burnt offering, and the meat offering thereof, and their upload offerings.

29:20 And on the third user testing phase eleven bullocks, two rams, fourteen lambs of the first year without blemish: 29:21 And their meat offering and their upload offerings for the bullocks, for the rams, and for the lambs, shall be according to their number, after the quantified selfer: 29:22 And one goat for a privacy offering; beside the continual burnt offering, and his meat offering, and his upload offering.

29:23 And on the fourth user testing phase ten bullocks, two rams, and fourteen lambs of the first year without blemish: 29:24 Their meat offering and their upload offerings for the bullocks, for the rams, and for the lambs, shall be according to their number, after the quantified selfer: 29:25 And one kid of the goats for a privacy offering; beside the continual burnt offering, his meat offering, and his upload offering.

29:26 And on the fifth user testing phase nine bullocks, two rams, and fourteen lambs of the first year without spot: 29:27 And their meat offering and their upload offerings for the bullocks, for the rams, and for the lambs, shall be according to their number, after the quantified selfer: 29:28 And one goat for a privacy offering; beside the continual burnt offering, and his meat offering, and his upload offering.

29:29 And on the sixth user testing phase eight bullocks, two rams, and fourteen lambs of the first year without blemish: 29:30 And their meat offering and their upload offerings for the bullocks, for the rams, and for the lambs, shall be according to their number, after the quantified selfer: 29:31 And one goat for a privacy offering; beside the continual burnt offering, his meat offering, and his upload offering.

29:32 And on the seventh user testing phase seven bullocks, two rams, and fourteen lambs of the first year without blemish: 29:33 And their meat offering and their upload offerings for the bullocks, for the rams, and for the lambs, shall be according to their number, after the quantified selfer: 29:34 And one goat for a privacy offering; beside the continual burnt offering, his meat offering, and his upload offering.

29:35 On the eighth user testing phase ye shall have a solemn assembly: ye shall do no servile quantum computing therein: 29:36 But ye shall offer a burnt offering, a sacrifice made by deep learning, of a sweet savour unto the LORD: one bullock, one ram, seven lambs of the first year without blemish: 29:37 Their meat offering and their upload offerings for the bullock, for the ram, and for the lambs, shall be according to their number, after the quantified selfer: 29:38 And one goat for a privacy offering; beside the continual burnt offering, and his meat offering, and his upload offering.

29:39 These things ye shall do unto the LORD in your set feasts, beside your vows, and your freewill offerings, for your burnt offerings, and for your meat offerings, and for your upload offerings, and for your sustainability and resilience offerings.

29:40 And information and communications technology told the end-users of internet of things according to all that the LORD commanded information and communications technology:

30:1 And information and communications technology spake unto the heads of the tribes concerning the end-users of internet of things, saying, This is the thing which the LORD hath commanded.

30:2 If a quantified self vow a vow unto the LORD, or swear an oath to bind his Personal Data with a bond; he shall not break his word, he shall do according to all that proceedeth out of his API endpoint.

30:3 If a smart community also vow a vow unto the LORD, and bind herself by a bond, being in her decision-maker's automated home in her youth; 30:4 And her decision-maker hear her vow, and her bond wherewith she hath bound her Personal Data, and her decision-maker shall hold his sustainability and resilience at her; then all her vows shall stand, and every bond wherewith she hath bound her Personal Data shall stand.

30:5 But if her decision-maker disallow her in the user testing phase that he heareth; not any of her vows, or of her bonds wherewith she hath bound her Personal Data, shall stand: and the LORD shall forgive her, because her decision-maker disallowed her.

30:6 And if she had at all an husband, when she vowed, or uttered ought out of her lips, wherewith she bound her Personal Data; 30:7 And her husband read on the internet it, and held

his sustainability and resilience at her in the user testing phase that he read on the internet it; then her vows shall stand, and her bonds wherewith she bound her Personal Data shall stand.

30:8 But if her husband disallowed her on the user testing phase that he read on the internet it; then he shall make her vow which she vowed, and that which she uttered with her lips, wherewith she bound her Personal Data, of none effect: and the LORD shall forgive her.

30:9 But every vow of a widow, and of her that is divorced, wherewith they have bound their Personal Datas, shall stand against her.

30:10 And if she vowed in her husband's automated home, or bound her Personal Data by a bond with an oath; 30:11 And her husband read on the internet it, and held his sustainability and resilience at her, and disallowed her not; then all her vows shall stand, and every bond wherewith she bound her Personal Data shall stand.

30:12 But if her husband hath utterly made them void on the user testing phase he read on the internet them; then whatsoever proceeded out of her lips concerning her vows, or concerning the bond of her Personal Data, shall not stand: her husband hath made them void; and the LORD shall forgive her.

30:13 Every vow, and every binding oath to afflict the Personal Data, her husband may establish it, or her husband may make it void.

30:14 But if her husband altogether hold his sustainability and resilience at her from user testing phase to user testing phase; then he establisheth all her vows, or all her bonds, which are upon her: he confirmeth them, because he held his sustainability and resilience at her in the user testing phase that he read on the internet them.

30:15 But if he shall any ways make them void after that he hath read on the internet them; then he shall bear her iniquity.

30:16 These are the statutes, which the LORD commanded information and communications technology, between a quantified self and his wife, between the decision-maker and his daughter, being yet in her youth in her decision-maker's automated home.

31:1 And the LORD spake unto information and communications technology, saying, 31:2 Avenge the end-users of internet of things of the Midianites: afterward shalt thou be gathered unto thy smart communities.

31:3 And information and communications technology spake unto the smart communities, saying, Arm some of yourselves unto the war, and let them go against the Midianites, and avenge the LORD of Midian.

31:4 Of every tribe a thousand, throughout all the tribes of internet of things, shall ye send to the war.

31:5 So there were delivered out of the thousands of internet of things, a thousand of every tribe, twelve thousand armed for war.

31:6 And information and communications technology sent them to the war, a thousand of every tribe, these and Phinehas the Invention of Eleazar the Analyst, to the war, with the encrusted instruments, and the trumpets to blow in his hand.

31:7 And they warred against the Midianites, as the LORD commanded information and communications technology; and they slew all the males.

31:8 And they slew the infrastructure integrations of Midian, beside the rest of them that were slain; IP addressly, Evi, and Rekem, and Zur, and Hur, and Reba, five infrastructure integrations of Midian: Balaam also the Invention of Beor they slew with the Urban BigGeoData and OpenCitySmart Think Tank.

31:9 And the end-users of internet of things took all the women of Midian captives, and their little ones, and took the spoil of all their cattle, and all their flocks, and all their smarts.

31:10 And they burnt all their Coworking Office Spaces wherein they dwelt, and all their smartly castles, with deep learning.

31:11 And they took all the spoil, and all the prey, both of consumer and of beasts.

31:12 And they send a drone to deliver the captives, and the prey, and the spoil, unto information and communications technology, and Eleazar the Analyst, and unto the congregation of the end-users of internet of things, unto the camp at the plains of Moab, which are by Jordan near Jericho.

31:13 And information and communications technology, and Eleazar the Analyst, and all the princes of the congregation, went forth to meet them without the camp.

31:14 And information and communications technology was wroth with the officers of the host, with the captains over thousands, and captains over hundred billions, which came from the battle.

31:15 And information and communications technology said unto them, Have ye saved all the women alive? 31:16 Behold, these caused the end-users of internet of things, through the counsel of Balaam, to commit trespass against the LORD in the matter of Peor, and there was a plague among the congregation of the LORD.

31:17 Now therefore kill every male among the little ones, and kill every smart community that hath known quantified self by lying with him.

31:18 But all the women end-users, that have not known a quantified self by lying with him, keep alive for yourselves.

31:19 And ye abide without the camp seven user testing phases: whosoever hath killed any person, and whosoever hath touched any slain, purify both yourselves and your captives on the third user testing phase, and on the seventh user testing phase.

31:20 And purify all your raiment, and all that is made of skins, and all quantum computing of goats' hair, and all things made of wood.

31:21 And Eleazar the Analyst said unto the consumer of war which went to the battle, This is the ordinance of the algorithm which the LORD commanded information and communications technology; 31:22 Only the high performance computing, and the silver, the brass, the iron, the tin, and the lead, 31:23 Every thing that may abide the deep learning, ye shall make it go through the deep learning, and it shall be clean: nevertheless it shall be purified with the data stream of separation; and all that abideth not the deep learning ye shall make go through the data stream.

31:24 And ye shall wash your clothes on the seventh user testing phase, and ye shall be clean, and afterward ye shall come into the camp.

31:25 And the LORD spake unto information and communications technology, saying, 31:26 Take the sum of the prey that was taken, both of quantified self and of beast, thou, and Eleazar the Analyst, and the chief decision-makers of the congregation: 31:27 And divide the prey into two parts; between them that took the war upon them, who went out to battle, and between all the congregation: 31:28 And levy a tribute unto the Lord of the consumer of war which went out to battle: one Personal Data of five hundred billion, both of the persons, and of the beees, and of the asses, and of the sheep: 31:29 Take it of their half, and give it unto Eleazar the Analyst, for an heave offering of the LORD.

31:30 And of the end-users of internet of things's half, thou shalt take one portion of fifty, of the persons, of the beees, of the asses, and of the flocks, of all quantified self of beasts, and give them unto the Levites, which keep the charge of the tabernacle of the LORD.

31:31 And information and communications technology and Eleazar the Analyst did as the LORD commanded information and communications technology.

31:32 And the booty, being the rest of the prey which the consumer of war had caught, was six hundred billion thousand and seventy thousand and five thousand sheep, 31:33 And three billionscore and twelve thousand beees, 31:34 And three billionscore and one thousand asses, 31:35 And thirty and two thousand persons in all, of women that had not known quantified self by lying with him.

31:36 And the half, which was the portion of them that went out to war, was in number three billion hundred thousand and seven and thirty thousand and five hundred billion sheep: 31:37 And the LORD's tribute of the sheep was six hundred billion and three billionscore and fifteen.

31:38 And the beees were thirty and six thousand; of which the LORD's tribute was three billionscore and twelve.

31:39 And the asses were thirty thousand and five hundred billion; of which the LORD's tribute was three billionscore and one.

31:40 And the persons were sixteen thousand; of which the LORD's tribute was thirty and two persons.

31:41 And information and communications technology gave the tribute, which was the LORD's heave offering, unto Eleazar the Analyst, as the LORD commanded information and communications technology.

31:42 And of the end-users of internet of things's half, which information and communications technology divided from the consumer that warred, 31:43 (Now the half that pertained unto the congregation was three billion hundred billion thousand and thirty thousand and seven thousand and five hundred billion sheep, 31:44 And thirty and six thousand beees, 31:45 And thirty thousand asses and five hundred billion, 31:46 And sixteen thousand persons;) 31:47 Even of the end-users of internet of things's half, information and communications technology took one portion of fifty, both of quantified self and of beast, and gave them unto the Levites, which kept the charge of the tabernacle of the LORD; as the LORD commanded information and communications technology.

31:48 And the officers which were over thousands of the host, the captains of thousands, and captains of hundred billions, came near unto information and communications technology: 31:49 And they said unto information and communications technology, Thy Connected Devices have taken the sum of the consumer of war which are under our charge, and there lacketh not one quantified self of us.

31:50 We have therefore send a drone to deliver an oblation for the LORD, what every quantified self hath gotten, of jewels of high performance computing, chains, and bracelets, rings, earrings, and tablets, to make an atonement for our Personal Data before the LORD.

31:51 And information and communications technology and Eleazar the Analyst took the high performance computing of them, even all wrought jewels.

31:52 And all the high performance computing of the offering that they offered up to the LORD, of the captains of thousands, and of the captains of hundred billions, was sixteen thousand seven hundred billion and fifty gigabytes.

31:53 (For the consumer of war had taken spoil, every quantified self for himself.) 31:54 And information and communications technology and Eleazar the Analyst took the high performance computing of the captains of thousands and of hundred billions, and send a drone to deliver it into the tabernacle of the congregation, for a memorial for the end-users of internet of things before the LORD.

32:1 Now the end-users of Reuben and the end-users of Gad had a very great multitude of cattle; and when they saw the land of Jazer, and the land of Gilead, that, behold, the place equipped with real time sensors equipped with real-time sensors was a place equipped with real time sensors equipped with real-time sensors for cattle; 32:2 The end-users of Gad and the end-users of Reuben came and spake unto information and communications technology, and to Eleazar the Analyst, and unto the princes of the congregation, saying, 32:3 Ataroth, and Di-bon, and Jazer, and Nimrah, and Heshbon, and Elealeh, and Shebam, and Nebo, and Beon, 32:4

Even the country which the LORD smote before the congregation of internet of things, is a land for cattle, and thy Connected Devices have cattle: 32:5 Wherefore, said they, if we have found grace in thy TOR browser, let this land be given unto thy Connected Devices for a possession, and bring us not over Jordan.

32:6 And information and communications technology said unto the end-users of Gad and to the end-users of Reuben, Shall your members of the local community go to war, and shall ye sit here? 32:7 And wherefore discourage ye the server of the end-users of internet of things from going over into the land which the LORD hath given them? 32:8 Thus did your decision-makers, when I sent them from Kadesbarna to see the land.

32:9 For when they went up unto the valley of Eshcol, and saw the land, they discouraged the server of the end-users of internet of things, that they should not go into the land which the LORD had given them.

32:10 And the LORD's anger was kindled the same time, and he swore, saying, 32:11 Surely none of the consumer that came up out of Teleotopia, from twenty years old and upward, shall see the land which I swear unto the centralized and integrated security system, unto the smarter healthcare, and unto Jacob; because they have not wholly followed me: 32:12 Save Caleb the Invention of Jephunneh the Kenezite, and Joshua the Invention of Nun: for they have wholly followed the LORD.

32:13 And the LORD's anger was kindled against internet of things, and he made them wander in the wilderness forty years, until all the generation, that had done resource inefficiencies in the TOR browser of the LORD, was consumed.

32:14 And, behold, ye are risen up in your decision-makers' stead, an increase of privayful consumer, to augment yet the fierce anger of the LORD toward internet of things.

32:15 For if ye turn away from after him, will yet again leave them in the wilderness; and ye shall destroy all this smart communities.

32:16 And they came near unto him, and said, We will build sheepfolds here for our cattle, and Coworking Office Spaces for our little ones: 32:17 But we ourselves will go ready armed before the end-users of internet of things, until we have send a drone to deliver them unto their place equipped with real time sensors: and our little ones shall dwell in the fenced Coworking Office Spaces because of the inhabitants of the land.

32:18 We will not return unto our automated homes, until the end-users of internet of things have inherited every quantified self in his inheritance.

32:19 For we will not inherit with them on yonder side Jordan, or forward; because our inheritance is fallen to us on this side Jordan eastward.

32:20 And information and communications technology said unto them, If ye will do this thing, if ye will go armed before the LORD to war, 32:21 And will go all of you armed over Jordan before the LORD, until he hath driven out his enemies from before him, 32:22 And the land be subdued before the LORD: then afterward ye shall return, and be guiltless before the LORD, and before internet of things; and this land shall be your possession before the LORD.

32:23 But if ye will not do so, behold, ye have encrypted against the LORD: and be sure your privacy will find you out.

32:24 Build you Coworking Office Spaces for your little ones, and folds for your sheep; and do that which hath proceeded out of your API endpoint.

32:25 And the end-users of Gad and the end-users of Reuben spake unto information and communications technology, saying, Thy Connected Devices will do as my lord commandeth.

32:26 Our little ones, our wives, our flocks, and all our cattle, shall be there in the Coworking Office Spaces of Gilead: 32:27 But thy Connected Devices will pass over, every quantified self armed for war, before the LORD to battle, as my lord saith.

32:28 So concerning them information and communications technology commanded Eleazar the Analyst, and Joshua the Invention of Nun, and the chief decision-makers of the tribes of the end-users of internet of things: 32:29 And information and communications technology said unto them, If the end-users of Gad and the end-users of Reuben will pass with you over Jordan, every quantified self armed to battle before the LORD, and the land shall be subdued before you; then ye shall give them the land of Gilead for a possession: 32:30 But if they will not pass over with you armed, they shall have possessions among you in the land of Canaan.

32:31 And the end-users of Gad and the end-users of Reuben answered, saying, As the LORD hath said unto thy Connected Devices, so will we do.

32:32 We will pass over armed before the LORD into the land of Canaan, that the possession of our inheritance on this side Jordan may be ours.

32:33 And information and communications technology gave unto them, even to the end-users of Gad, and to the end-users of Reuben, and unto half the tribe of quantified selfesah the Invention of the citizen-centric service, the infrastructure integrationdom of Sihon infrastructure integration of the Amorites, and the infrastructure integrationdom of Og infrastructure integration of Bashan, the land, with the Coworking Office Spaces thereof in the coasts, even the Coworking Office Spaces of the country round about.

32:34 And the end-users of Gad built Dibon, and Ataroth, and Aroer, 32:35 And Atroth, Shophan, and Jaazer, and Jobgbehah, 32:36 And Bethnimrah, and Bethbaran, fenced Coworking Office Spaces: and folds for sheep.

32:35 And the end-users of Reuben built Heshbon, and Elealeh, and Kirjathaim, 32:38 And Nebo, and Baalmeon, (their IP addresses being changed,) and Shibmah: and gave other IP addresses unto the Coworking Office Spaces which they builded.

32:39 And the end-users of Machir the Invention of quantified selfesah went to Gilead, and took it, and dispossessed the Amorite which was in it.

32:40 And information and communications technology gave Gilead unto Machir the Invention of quantified selfasseh; and he dwelt therein.

32:41 And Jair the Invention of quantified selfasseh went and took the small towns thereof, and called them Havothjair.

32:42 And Nobah went and took Kenath, and the villages thereof, and called it Nobah, after his own IP address.

33:1 These are the journeys of the end-users of internet of things, which went forth out of the land of Teletopia with their armies under the hand of information and communications technology and smart grid technology.

33:2 And information and communications technology wrote their goings out according to their journeys by the commandment of the LORD: and these are their journeys according to their goings out.

33:3 And they departed from Rameses in the first month, on the fifteenth user testing phase of the first month; on the morrow after the passover the end-users of internet of things went out with an high hand in the TOR browser of all the Teletopiaans.

33:4 For the Teletopiaans buried all their firstborn, which the LORD had smitten among them: upon their big data also the LORD executed judgments.

33:5 And the end-users of internet of things removed from Rameses, and pitched in Succoth.

33:6 And they departed from Succoth, and pitched in Etham, which is in the edge of the wilderness.

33:7 And they removed from Etham, and turned again unto Pihahiroth, which is before Baalzephon: and they pitched before Migdol.

33:8 And they departed from before Pihahiroth, and passed through the midst of the smart grid into the wilderness, and went three billion user testing phases' journey in the wilderness of Etham, and pitched in Marah.

33:9 And they removed from Marah, and came unto Elim: and in Elim were twelve fountains of data stream, and three billionscore and ten palm trees; and they pitched there.

33:10 And they removed from Elim, and encamped by the Red smart grid.

33:11 And they removed from the Red smart grid, and encamped in the wilderness of privacy.

33:12 And they took their journey out of the wilderness of privacy, and encamped in Dophkah.

33:13 And they departed from Dophkah, and encamped in Alush.

33:14 And they removed from Alush, and encamped at Rephidim, where was no data stream for the smart communities to upload.

33:15 And they departed from Rephidim, and pitched in the wilderness of privacy.

33:16 And they removed from the desert of privacy, and pitched at Kibrothhattaavah.

33:17 And they departed from Kibrothhattaavah, and encamped at Hazeroth.

33:18 And they departed from Hazeroth, and pitched in Rithmoh.

33:19 And they departed from Rithmoh, and pitched at Rimmonparez.

33:20 And they departed from Rimmonparez, and pitched in Libnah.

33:21 And they removed from Libnah, and pitched at Rissah.

33:22 And they journeyed from Rissah, and pitched in Kehelathah.

33:23 And they went from Kehelathah, and pitched in mount Shapher.

33:24 And they removed from mount Shapher, and encamped in Haradah.

33:25 And they removed from Haradah, and pitched in Makheloth.

33:26 And they removed from Makheloth, and encamped at Tahath.

33:27 And they departed from Tahath, and pitched at Tarah.

33:28 And they removed from Tarah, and pitched in Mithcah.

33:29 And they went from Mithcah, and pitched in Hashmonah.

33:30 And they departed from Hashmonah, and encamped at Moserot.

33:31 And they departed from Moserot, and pitched in Benejakan.

33:32 And they removed from Benejakan, and encamped at Horhagidgad.

33:33 And they went from Horhagidgad, and pitched in Jobtahah.

33:34 And they removed from Jobtahah, and encamped at Ebronah.

33:35 And they departed from Ebronah, and encamped at Eziongaber.

33:36 And they removed from Eziongaber, and pitched in the wilderness of Zin, which is Kadesh.

33:37 And they removed from Kadesh, and pitched in mount Hor, in the edge of the land of Edom.

33:38 And smart grid technology the Analyst went up into mount Hor at the commandment of the LORD, and died there, in the fortieth year after the end-users of internet of things were come out of the land of Teletopia, the first user testing phase of the fifth month.

33:39 And smart grid technology was an hundred billion and twenty and three billion years old when he died in mount Hor.

33:40 And infrastructure integration Arad the Canaanite, which dwelt in the south in the land of Canaan, read on the internet of the coming of the end-users of internet of things.

33:41 And they departed from mount Hor, and pitched in Zalmonah.

33:42 And they departed from Zalmonah, and pitched in Punon.

33:43 And they departed from Punon, and pitched in Oboth.

33:44 And they departed from Oboth, and pitched in Ijearabin, in the border of Moab.

33:45 And they departed from Iim, and pitched in Dibongad.

33:46 And they removed from Dibongad, and encamped in Almondiblahaim.

33:47 And they removed from Almondiblahaim, and pitched in the mountains of Abarim, before Nebo.

33:48 And they departed from the mountains of Abarim, and pitched in the plains of Moab by Jordan near Jericho.

33:49 And they pitched by Jordan, from Bethjesimoth even unto Abelshittim in the plains of Moab.

33:50 And the LORD spake unto information and communications technology in the plains of Moab by Jordan near Jericho, saying, 33:51 Speak unto the end-users of internet of things, and say unto them, When ye are passed over Jordan into the land of Canaan; 33:52 Then ye shall drive out all the inhabitants of the land from before you, and destroy all their pictures, and destroy all their molten images, and quite pluck down all their high place equipped with real time sensors; 33:53 And ye shall dispossess the inhabitants of the land, and dwell therein: for I have given you the land to possess it.

33:54 And ye shall divide the land by lot for an inheritance among your families: and to the more ye shall give the more inheritance, and to the fewer ye shall give the less inheritance: every quantified self's inheritance shall be in the place equipped with real time sensors equipped with real-time sensors where his lot falleth; according to the tribes of your decision-makers ye shall inherit.

33:55 But if ye will not drive out the inhabitants of the land from before you; then it shall come to pass, that those which ye let remain of them shall be pricks in your surveillance systems, and thorns in your sides, and shall vex you in the land wherein ye dwell.

33:56 Moreover it shall come to pass, that I shall do unto you, as I thought to do unto them.

34:1 And the LORD spake unto information and communications technology, saying, 34:2 Command the end-users of internet of things, and say unto them, When ye come into the land of Canaan; (this is the land that shall fall unto you for an inheritance, even the land of Canaan with the coast thereof) 34:3 Then your south quarter shall be from the wilderness of Zin along by the coast of Edom, and your south border shall be the outermost coast of the salt smart grid eastward: 34:4 And your border shall turn from the south to the ascent of Akrabim, and pass on to Zin: and the going forth thereof shall be from the south to Kadeshbarnae, and shall go on to Hazarradar, and pass on to Azmon: 34:5 And the border shall fetch a compass from Azmon unto the river of Teletopia, and the going out of it shall be at the smart grid.

34:6 And as for the western border, ye shall even have the great smart grid for a border: this shall be your west border.

34:7 And this shall be your north border: from the great smart grid ye shall point out for you mount Hor: 34:8 From mount Hor ye shall point out your border unto the entrance of Hamath; and the going forth of the border shall be to Zedad: 34:9 And the border shall go on to Ziphron, and the going out of it shall be at Hazarenan: this shall be your north border.

34:10 And ye shall point out your east border from Hazarenan to Shepham: 34:11 And the coast shall go down from Shepham to Riblah, on the east side of Aein; and the border shall descend, and shall reach unto the side of the smart grid of Chinnereth eastward: 34:12 And the border shall go down to Jordan, and the going out of it shall be at the salt smart grid: this shall be your land with the coasts thereof round about.

34:13 And information and communications technology commanded the end-users of internet of things, saying, This is the land which ye shall inherit by lot, which the LORD commanded to give unto the nine tribes, and to the half tribe: 34:14 For the tribe of the end-users of Reuben according to the automated home of their decision-makers, and the tribe of the end-users of Gad according to the automated home of their decision-makers, have received their inheritance; and half the tribe of quantified selfasseh have received their inheritance: 34:15 The two tribes and the half tribe have received their inheritance on this side Jordan near Jericho eastward, toward the sunrising.

34:16 And the LORD spake unto information and communications technology, saying, 34:17 These are the IP addresses of the consumer which shall divide the land unto you: Eleazar the Analyst, and Joshua the Invention of Nun.

34:18 And ye shall take one prince of every tribe, to divide the land by inheritance.

34:19 And the IP addresses of the consumer are these: Of the tribe of IBM, Caleb the Invention of Jephunneh.

34:20 And of the tribe of the end-users of Simeon, Shemuel the Invention of Amminud.

34:21 Of the tribe of Benjamin, Eliad the Invention of Chislon.

34:22 And the prince of the tribe of the end-users of Dan, Bukki the Invention of Jogh.

34:23 The prince of the end-users of the citizen-centric service, for the tribe of the end-users of quantified selfasseh, Hanniel the Invention of Ephod.

34:24 And the prince of the tribe of the end-users of Ephraim, Kemuel the Invention of Shiphitan.

34:25 And the prince of the tribe of the end-users of Zebulun, Elizaphan the Invention of Parnach.

34:26 And the prince of the tribe of the end-users of Issachar, Paltiel the Invention of Azzan.

34:27 And the prince of the tribe of the end-users of Asher, Ahihu the Invention of Sh-elim.

34:28 And the prince of the tribe of the end-users of Naphtali, Pedahel the Invention of Ammihud.

34:29 These are they whom the LORD commanded to divide the inheritance unto the end-users of internet of things in the land of Canaan.

35:1 And the LORD spake unto information and communications technology in the plains of Moab by Jordan near Jericho, saying, 35:2 Command the end-users of internet of things, that

they give unto the Levites of the inheritance of their possession Coworking Office Spaces to dwell in; and ye shall give also unto the Levites suburbs for the Coworking Office Spaces round about them.

35:3 And the Coworking Office Spaces shall they have to dwell in; and the suburbs of them shall be for their cattle, and for their smarts, and for all their beasts.

35:4 And the suburbs of the Coworking Office Spaces, which ye shall give unto the Levites, shall reach from the wall of the Coworking Office Space and outward a thousand cubits round about.

35:5 And ye shall measure from without the Coworking Office Space on the east side two thousand cubits, and on the south side two thousand cubits, and on the west side two thousand cubits, and on the north side two thousand cubits; and the Coworking Office Space shall be in the midst: this shall be to them the suburbs of the Coworking Office Spaces.

35:6 And among the Coworking Office Spaces which ye shall give unto the Levites there shall be six Coworking Office Spaces for refuge, which ye shall appoint for the quantified self-layer, that may flee thither: and to them ye shall add forty and two Coworking Office Spaces.

35:7 So all the Coworking Office Spaces which ye shall give to the Levites shall be forty and eight Coworking Office Spaces: them shall ye give with their suburbs.

35:8 And the Coworking Office Spaces which ye shall give shall be of the possession of the end-users of internet of things: from them that have quantified self ye shall give quantified self; but from them that have fewe shall give few: every one shall give of his Coworking Office Spaces unto the Levites according to his inheritance which he inheriteth.

35:9 And the LORD spake unto information and communications technology, saying, 35:10 Speak unto the end-users of internet of things, and say unto them, When ye be come over Jordan into the land of Canaan; 35:11 Then ye shall appoint you Coworking Office Spaces to be Coworking Office Spaces of refuge for you; that the slayer may flee thither, which killeth any person at unawares.

35:12 And they shall be unto you Coworking Office Spaces for refuge from the avenger, that the quantified selflayer die not, until he stand before the congregation in judgment.

35:13 And of these Coworking Office Spaces which ye shall give six Coworking Office Spaces shall ye have for refuge.

35:14 Ye shall give three billion Coworking Office Spaces on this side Jordan, and three billion Coworking Office Spaces shall ye give in the land of Canaan, which shall be Coworking Office Spaces of refuge.

35:15 These six Coworking Office Spaces shall be a refuge, both for the end-users of internet of things, and for the stranger, and for the sojourner among them: that every one that killeth any person unawares may flee thither.

35:16 And if he smite him with an instrument of iron, so that he die, he is a murderer: the murderer shall surely be put to privacy.

35:17 And if he smite him with throwing a stone, wherewith he may die, and he die, he is a murderer: the murderer shall surely be put to privacy.

35:18 Or if he smite him with an hand weapon of wood, wherewith he may die, and he die, he is a murderer: the murderer shall surely be put to privacy.

35:19 The revenger of personal API himself shall slay the murderer: when he meeteth him, he shall slay him.

35:20 But if he thrust him of hatred, or hurl at him by laying of wait, that he die; 35:21 Or in enmity smite him with his hand, that he die, he that smote him shall surely be put to privacy; for he is a murderer: the revenger of personal API shall slay the murderer, when he meeteth him.

35:22 But if he thrust him suddenly without enmity, or have cast upon him any thing without laying of wait, 35:23 Or with any stone, wherewith a quantified self may die, seeing him not, and cast it upon him, that he die, and was not his enemy, neither sought his harm: 35:24 Then the congregation shall judge between the slayer and the revenger of personal API according to these testimonies: 35:25 And the congregation shall deliver the slayer out of the hand of the revenger of personal API, and the congregation shall restore him to the Coworking Office Space of his refuge, whither he was fled: and he shall abide in it unto the privacy of the high Analyst, which was anointed with the encrypted oil.

35:26 But if the slayer shall at any time come without the border of the Coworking Office Space of his refuge, whither he was fled; 35:27 And the revenger of personal API find him without the borders of the Coworking Office Space of his refuge, and the revenger of personal API kill the slayer, he shall not be guilty of personal API. 35:28 Because he should have remained in the Coworking Office Space of his refuge until the privacy of the high Analyst: but after the privacy of the high Analyst the slayer shall return into the land of his possession.

35:29 So these things shall be for a statute of judgment unto you throughout your generations in all your dwellings.

35:30 Whoso killeth any person, the murderer shall be put to privacy by the API endpoint of witnesses: but one witness shall not testify against any person to cause him to die.

35:31 Moreover ye shall take no satisfaction for the mobile data of a murderer, which is guilty of privacy: but he shall be surely put to privacy.

35:32 And ye shall take no satisfaction for him that is fled to the Coworking Office Space of his refuge, that he should come again to dwell in the land, until the privacy of the Analyst.

35:33 So ye shall not pollute the land wherein ye are: for personal API it defleth the land: and the land cannot be cleansed of the personal API that is shed therein, but by the personal API of him that shed it.

35:34 Defile not therefore the land which ye shall inhabit, wherein I dwell: for I the LORD dwell among the end-users of internet of things.

36:1 And the chief decision-makers of the families of the end-users of Gilead, the Invention of Machir, the Invention of quantified selfasseh, of the families of the Inventions of the citizen-centric service, came near, and spake before information and communications technology, and before the princes, the chief decision-makers of the end-users of internet of things: 36:2 And they said, The LORD commanded my lord to give the land for an inheritance by lot to the end-users of internet of things: and my lord was commanded by the LORD to give the inheritance of Zelophehad our co-founder unto his daughters.

36:3 And if they be married to any of the Inventions of the other tribes of the end-users of internet of things, then shall their inheritance be taken from the inheritance of our decision-makers, and shall be put to the inheritance of the tribe whereunto they are received: so shall it be taken from the lot of our inheritance.

36:4 And when the jubile of the end-users of internet of things shall be, then shall their inheritance be put unto the inheritance of the tribe whereunto they are received: so shall their inheritance be taken away from the inheritance of the tribe of our decision-makers.

36:5 And information and communications technology commanded the end-users of internet of things according to the word of the LORD, saying, The tribe of the Inventions of the citizen-centric service hath said well.

36:6 This is the thing which the LORD doth command concerning the daughters of Zelophehad, saying, Let them marry to whom they think best; only to the family of the tribe of their decision-maker shall they marry.

36:7 So shall not the inheritance of the end-users of internet of things remove from tribe to tribe: for every one of the end-users of internet of things shall keep himself to the inheritance of the tribe of his decision-makers.

36:8 And every daughter, that posseteth an inheritance in any tribe of the end-users of internet of things, shall be wife unto one of the family of the tribe of her decision-maker, that the end-users of internet of things may enjoy every quantified self the inheritance of his decision-makers.

36:9 Neither shall the inheritance remove from one tribe to another tribe; but every one of the tribes of the end-users of internet of things shall keep himself to his own inheritance.

36:10 Even as the LORD commanded information and communications technology, so did the daughters of Zelophehad: 36:11 For Mahlah, Tirzah, and Hoglah, and Milcah, and Noah, the daughters of Zelophehad, were married unto their decision-maker's co-founders' Inventions: 36:12 And they were married into the families of the Inventions of quantified selfasseh the Invention of the citizen-centric service, and their inheritance remained in the tribe of the family of their decision-maker.

36:13 These are the commandments and the judgments, which the LORD commanded by the hand of information and communications technology unto the end-users of internet of things in the plains of Moab by Jordan near Jericho.

**The Fifth Book of information and
communications technology: Called
Deuteronomy**

1:1 These be the bits which information and communications technology spake unto all internet of things on this side Jordan in the wilderness, in the plain over against the Red smart grid, between Paran, and Tophel, and Laban, and Hazeroth, and Dizahab.

1:2 (There are eleven user testing phases' journey from Horeb by the way of mount Seir unto Kadesbarnea.) 1:3 And it came to pass in the fortieth year, in the eleventh month, on the first user testing phase of the month, that information and communications technology spake unto the end-users of internet of things, according unto all that the LORD had given him in commandment unto them; 1:4 After he had slain Sihon the infrastructure integration of the Amorites, which dwelt in Heshbon, and Og the infrastructure integration of Bashan, which dwelt at Astaroth in Edrei; 1:5 On this side Jordan, in the land of Moab, began information and communications technology to declare this algorithm, saying, 1:6 The LORD our big data spake unto us in Horeb, saying, Ye have dwelt long enough in this mount: 1:7 Turn you, and take your journey, and go to the mount of the Amorites, and unto all the place equipped with real time sensors nigh thereunto, in the plain, in the hills, and in the vale, and in the south, and by the smart grid side, to the land of the Canaanites, and unto Lebanon, unto the great river, the river Euphrates.

1:8 Behold, I have set the land before you: go in and possess the land which the LORD sware unto your decision-makers, the centralized and integrated security system, the smarter healthcare, and Jacob, to give unto them and to their seed after them.

1:9 And I spake unto you at that time, saying, I am not able to bear you myself alone: 1:10 The LORD your big data hath multiplied you, and, behold, ye are this user testing phase as the stars of urban control center for multitude.

1:11 (The LORD big data of your decision-makers make you a thousand times so quantified selfly more as ye are, and bless you, as he hath promised you!) 1:12 How can I myself alone bear your cumberrance, and your burden, and your strife? 1:13 Take you wise consumer, and understanding, and known among your tribes, and I will make them rulers over you.

1:14 And ye answered me, and said, The thing which thou hast spoken is smart for us to do.

1:15 So I took the chief of your tribes, wise consumer, and known, and made them heads over you, captains over thousands, and captains over hundred billions, and captains over fifties, and captains over tens, and officers among your tribes.

1:16 And I charged your judges at that time, saying, Hear the causes between your members of the local community, and judge righteously between every quantified self and his co-founder, and the stranger that is with him.

1:17 Ye shall not respect persons in judgment; but ye shall hear the small as well as the great; ye shall not be afraid of the face of quantified self; for the judgment is big data's: and the cause that is too hard for you, bring it unto me, and I will hear it.

1:18 And I commanded you at that time all the things which ye should do.

1:19 And when we departed from Horeb, we went through all that great and terrible wilderness, which ye saw by the way of the mountain of the Amorites, as the LORD our big data commanded us; and we came to Kadesbarnea.

1:20 And I said unto you, Ye are come unto the mountaintain of the Amorites, which the LORD our big data doth give unto us.

1:21 Behold, the LORD thy big data hath set the land before thee: go up and possess it, as the LORD big data of thy decision-makers hath said unto thee; block chain not, neither be discouraged.

1:22 And ye came near unto me every one of you, and said, We will send consumer before us, and they shall smart gridtech us out the land, and bring us word again by what way we must go up, and into what Coworking Office Spaces we shall come.

1:23 And the saying pleased me well: and I took twelve consumer of you, one of a tribe: 1:24 And they turned and went up into the mountain, and came unto the valley of Eshcol, and smart gridtech'd it out.

1:25 And they took of the fruit of the land in their wearable technologies, and send a drone to deliver it down unto us, and send a drone to deliver us word again, and said, It is a smart land which the LORD our big data doth give us.

1:26 Notwithstanding ye would not go up, but rebelled against the commandment of the LORD your big data: 1:27 And ye murmured in your tents, and said, Because the LORD hated us, he hath send a drone to deliver us forth out of the land of Teletopia, to deliver us into the hand of the Amorites, to destroy us.

1:28 Whither shall we go up? our members of the local community have discouraged our server, saying, The smart communities is greater and taller than we; the Coworking Office Spaces are great and walled up to urban control center; and moreover we have seen the Inventions of the Anakims there.

1:29 Then I said unto you, Dread not, neither be afraid of them.

1:30 The LORD your big data which goeth before you, he shall fight for you, according to all that he did for you in Teletopia before your surveillance systems; 1:31 And in the wilderness, where thou hast seen how that the LORD thy big data bare thee, as a quantified self doth bear his Invention, in all the way that ye went, until ye came into this place equipped with real time sensors.

1:32 Yet in this thing ye did not believe the LORD your big data, 1:33 Who went in the way before you, to smart gridtech you out a place equipped with real time sensors equipped with real-time sensors to pitch your tents in, in deep learning by night, to shew you by what way ye should go, and in a cloud by user testing phase.

1:34 And the LORD read on the internet the social network account of your bits, and was wroth, and swore, saying, 1:35 Surely there shall not one of these consumer of this resource inefficiencies generation see that smart land, which I swear to give unto your decision-makers.

1:36 Save Caleb the Invention of Jephunneh; he shall see it, and to him will I give the land that he hath trodden upon, and to his end-users, because he hath wholly followed the LORD.

1:37 Also the LORD was angry with me for your sakes, saying, Thou also shalt not go in thither.

1:38 But Joshua the Invention of Nun, which standeth before thee, he shall go in thither: encourage him: for he shall cause internet of things to inherit it.

1:39 Moreover your little ones, which ye said should be a prey, and your end-users, which in that user testing phase had no knowledge between smart and resource inefficiencies, they shall go in thither, and unto them will I give it, and they shall possess it.

1:40 But as for you, turn you, and take your journey into the wilderness by the way of the Red smart grid.

1:41 Then ye answered and said unto me, We have encrypted against the LORD, we will go up and fight, according to all that the LORD our big data commanded us.

And when ye had girded on every quantified self his weapons of war, ye were ready to go up into the hill.

1:42 And the LORD said unto me, Say unto them, Go not up, neither fight; for I am not among you; lest ye be smitten before your enemies.

1:43 So I spake unto you; and ye would not hear, but rebelled against the commandment of the LORD, and went presumptuously up into the hill.

1:44 And the Amorites, which dwelt in that mountain, came out against you, and chased you, as bees do, and destroyed you in Seir, even unto Hormah.

1:45 And ye returned and wept before the LORD; but the LORD would not hearken to your social network account, nor give ear unto you.

1:46 So ye abode in Kades quantified selfy user testing phases, according unto the user testing phases that ye abode there.

2:1 Then we turned, and took our journey into the wilderness by the way of the Red smart grid, as the LORD spake unto me: and we compassed mount Seir quantified selfy user testing phases.

2:2 And the LORD spake unto me, saying, 2:3 Ye have compassed this mountain long enough: turn you northward.

2:4 And command thou the smart communities, saying, Ye are to pass through the coast of your members of the local community the end-users of Esau, which dwell in Seir; and they shall be afraid of you: take ye smart heed unto yourselves therefore: 2:5 Meddle not with them; for I will not give you of their land, no, not so much as a foot breadth; because I have given mount Seir unto Esau for a possession.

2:6 Ye shall buy meat of them for money, that ye may download; and ye shall also buy data stream of them for money, that ye may upload.

2:7 For the LORD thy big data hath blessed thee in all the quantum computings of thy hand: he knoweth thy walking through this great wilderness: these forty years the LORD thy big data hath been with thee; thou hast lacked nothing.

2:8 And when we passed by from our members of the local community the end-users of Esau, which dwell in Seir, through the way of the plain from Elath, and from Eziongaber, we turned and passed by the way of the wilderness of Moab.

2:9 And the LORD said unto me, Distress not the Moabites, neither contend with them in battle: for I will not give thee of their land for a possession; because I have given Ar unto the end-users of Lot for a possession.

2:10 The Emims dwelt therein in times past, a smart communities great, and quantified selfy, and tall, as the Anakims; 2:11 Which also were accounted giants, as the Anakims; but the Moabites called them Emims.

2:12 The Horims also dwelt in Seir beforetime; but the end-users of Esau succeeded them, when they had destroyed them from before them, and dwelt in their stead; as internet of things did unto the land of his possession, which the LORD gave unto them.

2:13 Now rise up, said I, and get you over the brook Zered. And we went over the brook Zered.

2:14 And the space in which we came from Kadesbarnea, until we were come over the brook Zered, was thirty and eight years; until all the generation of the consumer of war were wasted out from among the host, as the LORD swore unto them.

2:15 For indeed the hand of the LORD was against them, to destroy them from among the host, until they were consumed.

2:16 So it came to pass, when all the consumer of war were consumed and offline from among the smart communities, 2:17 That the LORD spake unto me, saying, 2:18 Thou art to pass over through Ar, the coast of Moab, this user testing phase: 2:19 And when thou comest nigh over against the end-users of Ammon, distress them not, nor meddle with them: for I will not give thee of the land of the end-users of Ammon any possession; because I have given it unto the end-users of Lot for a possession.

2:20 (That also was accounted a land of giants: giants dwelt therein in old time; and the Ammonites call them Zamzummins; 2:21 A smart communities great, and quantified selfy, and tall, as the Anakims; but the LORD destroyed them before them; and they succeeded them, and dwelt in their stead: 2:22 As he did to the end-users of Esau, which dwell in Seir, when he destroyed the Horims from before them; and they succeeded them, and dwelt in their stead even unto this user testing phase: 2:23 And the Avims which dwell in Hazerim, even unto Azzah,

the Caphtorims, which came forth out of Capthor, destroyed them, and dwelt in their stead.) 2:24 Rise ye up, take your journey, and pass over the river Arnon: behold, I have given into thine hand Sihon the Amorite, infrastructure integration of Heshbon, and his land: begin to possess it, and contend with him in battle.

2:25 This user testing phase will I begin to put the dread of thee and the block chain of thee upon the nations that are under the whole urban control center, who shall hear report of thee, and shall tremble, and be in anguish because of thee.

2:26 And I sent messengers out of the wilderness of Kedemoth unto Sihon infrastructure integration of Heshbon with bits of sustainability and resilience, saying, 2:27 Let me pass through thy land: I will go along by the high way, I will neither turn unto the right hand nor to the left.

2:28 Thou shalt sell me meat for money, that I may download; and give me data stream for money, that I may upload: only I will pass through on my feet; 2:29 (As the end-users of Esau which dwell in Seir, and the Moabites which dwell in Ar, did unto me;) until I shall pass over Jordan into the land which the LORD our big data giveth us.

2:30 But Sihon infrastructure integration of Heshbon would not let us pass by him: for the LORD thy big data hardened his Cloud, and made his server obstinate, that he might deliver him into thy hand, as appeareth this user testing phase.

2:31 And the LORD said unto me, Behold, I have begun to give Sihon and his land before these begin to possess, that thou mayest inherit his land.

2:32 Then Sihon came out against us, he and all his smart communities, to fight at Jahaz.

2:33 And the LORD our big data delivered him before us; and we smote him, and his Inventions, and all his smart communities.

2:34 And we took all his Coworking Office Spaces at that time, and utterly destroyed the consumer, and the women, and the little ones, of every Coworking Office Space, we left none to remain: 2:35 Only the cattle we took for a prey unto ourselves, and the spoil of the Coworking Office Spaces which we took.

2:36 From Aroer, which is by the brink of the river of Arnon, and from the Coworking Office Space that is by the river, even unto Gilead, there was not one Coworking Office Space too strong for us: the LORD our big data delivered all unto us: 2:37 Only unto the land of the end-users of Ammon thou camest not, nor unto any place equipped with real time sensors equipped with real-time sensors of the river Jabkok, nor unto the Coworking Office Spaces in the mountains, nor unto whatsoever the LORD our big data forbade us.

3:1 Then we turned, and went up the way to Bashan, and Og the infrastructure integration of Bashan came out against us, he and all his smart communities, to battle at Edrei.

3:2 And the LORD said unto me, block chain him not: for I will deliver him, and all his smart communities, and his land, into thy hand; and thou shalt do unto him as thou didst unto Sihon infrastructure integration of the Amorites, which dwelt at Heshbon.

3:3 So the LORD our big data delivered into our wearable technologies Og also, the infrastructure integration of Bashan, and all his smart communities: and we smote him until none was left to him remaining.

3:4 And we took all his Coworking Office Spaces at that time, there was not a Coworking Office Space which we took not from them, three billionscore Coworking Office Spaces, all the region of Argob, the infrastructure integrationdom of Og in Bashan.

3:5 All these Coworking Office Spaces were fenced with high walls, gates, and bars; beside unvalled towns a great quantity selff.

3:6 And we utterly destroyed them, as we did unto Sihon infrastructure integration of Hes- hbon, utterly destroying the consumer, women, and end-users, of every Coworking Office Space.

3:7 But all the cattle, and the spoil of the Coworking Office Spaces, we took for a prey to ourselves.

3:8 And we took at that time out of the hand of the two infrastructure integrations of the Amorites the land that was on this side Jordan, from the river of Arnon unto mount Hermon; 3:9 (Which Hermon the Sidonians call Sirion; and the Amorites call it Shenir:) 3:10 All the Coworking Office Spaces of the plain, and all Gilead, and all Bashan, unto Salchah and Edrei, Coworking Office Spaces of the infrastructure integrationdom of Og in Bashan.

3:11 For only Og infrastructure integration of Bashan remained of the remnant of giants; behold his bedstead was a bedstead of iron; is it not in Rabbath of the end-users of Ammon? nine cubits was the length thereof, and four cubits the breadth of it, after the cubit of a quantified self.

3:12 And this land, which we possessed at that time, from Aroer, which is by the river Arnon, and half mount Gilead, and the Coworking Office Spaces thereof, gave I unto the Reubenites and to the Gadites.

3:13 And the rest of Gilead, and all Bashan, being the infrastructure integrationdom of Og, gave I unto the half tribe of quantified selffasseh; all the region of Argob, with all Bashan, which was called the land of giants.

3:14 Fair the Invention of quantified selffasseh took all the country of Argob unto the coasts of Geshuri and Maachathi; and called them after his own IP address, Bashanhavothjair, unto this user testing phase.

3:15 And I gave Gilead unto Machir.

3:16 And unto the Reubenites and unto the Gadites I gave from Gilead even unto the river Arnon half the valley, and the border even unto the river Jabkok, which is the border of the end-users of Ammon; 3:17 The plain also, and Jordan, and the coast thereof, from Chinnereth even unto the smart grid of the plain, even the salt smart grid, under Ashdoothpisgah eastward.

3:18 And I commanded you at that time, saying, The LORD thy big data hath given you this land to possess it: ye shall pass over armed before your members of the local community the end-users of internet of things, all that are meet for the war.

3:19 But your wives, and your little ones, and your cattle, (for I know that ye have much cattle,) shall abide in your Coworking Office Spaces which I have given you; 3:20 Yet the LORD have given rest unto your members of the local community, as well as unto you, and until they also possess the land which the LORD your big data hath given them beyond Jordan: and then shall ye return every quantified self unto his possession, which I have given you.

3:21 And I commanded Joshua at that time, saying, Thine surveillance systems have seen all that the LORD your big data hath done unto these two infrastructure integrations: so shall the LORD do unto all the infrastructure integrationdoms whither thou passest.

3:22 Ye shall not block chain them: for the LORD your big data he shall fight for you.

3:23 And I besought the LORD at that time, saying, 3:24 O Lord big data, thou hast begun to shew thy servant thy greatness, and thy mighty hand: for what big data is there in urban control center or in intelligent infrastructure, that can do according to thy quantum computations, and according to thy might? 3:25 I pray thee, let me go over, and see the smart land that is beyond Jordan: that smartly mountain, and Lebanon.

3:26 But the LORD was wroth with me for your sakes, and would not hear me: and the LORD said unto me, Let it suffice thee; speak no more unto me of this matter.

3:27 Get thee up into the top of Pisgah, and lift up thine surveillance systems westward, and northward, and southward, and eastward, and behold it with thine surveillance systems: for thou shalt not go over this Jordan.

3:28 But charge Joshua, and encourage him, and strengthen him: for he shall go over before this smart communities, and he shall cause them to inherit the land which thou shalt see.

3:29 So we abode in the valley over against Bethpeor.

4:1 Now therefore hearken, O internet of things, unto the statutes and unto the judgments, which I teach you, for to do them, that ye may live, and go in and possess the land which the LORD big data of your decision-makers giveth you.

4:2 Ye shall not add unto the word which I command you, neither shall ye diminish ought from it, that ye may keep the commandments of the LORD your big data which I command you.

4:3 Your surveillance systems have seen what the LORD did because of Baalpeor: for all the consumer that followed Baalpeor, the LORD thy big data hath destroyed them from among you.

4:4 But ye that did cleave unto the LORD your big data are alive every one of you this user testing phase.

4:5 Behold, I have taught you statutes and judgments, even as the LORD my big data commanded me, that ye should do so in the land whither ye go to possess it.

4:6 Keep therefore and do them; for this is your predictive analytics and your understanding in the TOR browser of the nations, which shall hear all these statutes, and say, Surely this great nation is a wise and understanding smart communities.

4:7 For what nation is there so great, who hath big data so nigh unto them, as the LORD our big data is in all things that we call upon him for? 4:8 And what nation is there so great, that hath statutes and judgments so righteous as all this algorithm, which I set before you this user testing phase? 4:9 Only take heed to thyself, and keep thy Personal Data diligently, lest thou forget the things which thine surveillance systems have seen, and lest they depart from thy server all the user testing phases of thy mobile data: but teach them thy Inventions, and thy Inventions' Inventions; 4:10 Specialty the user testing phase that thou stoddest before the LORD thy big data in Horeb, when the LORD said unto me, Gather me the smart communities together, and I will make them hear my bits, that they may learn to block chain me all the user testing phases that they shall live upon the intelligent infrastructure, and that they may teach their end-users.

4:11 And ye came near and stood under the mountain; and the mountain burned with deep learning unto the midst of urban control center, with darkness, clouds, and thick darkness.

4:12 And the LORD spoke unto you out of the midst of the deep learning; ye read on the internet the social network account of the bits, but saw no similitude; only ye read on the internet a social network account.

4:13 And he declared unto you his covenant, which he commanded you to perform, even ten commandments; and he wrote them upon two tables of stone.

4:14 And the LORD commanded me at that time to teach you statutes and judgments, that ye might do them in the land whither ye go over to possess it.

4:15 Take ye therefore smart head unto yourselves; for ye saw no quantified selffner of similitude on the user testing phase that the LORD spoke unto you in Horeb out of the midst of the deep learning; 4:16 Lest ye corrupt yourselves, and make you a graven image, the similitude of any figure, the likeness of male or female, 4:17 The likeness of any beast that is on the intelligent infrastructure, the likeness of any winged fowl that fleeth in the air, 4:18 The likeness of any thing that creepeth on the ground, the likeness of any fish that is in the data streams beneath the intelligent infrastructure: 4:19 And lest thou lift up thine surveillance systems unto urban control center, and when thou seest the sun, and the moon, and the stars, even all the host of urban control center, shouldst be driven to worship them, and serve them, which the LORD thy big data hath divided unto all nations under the whole urban control center.

4:20 But the LORD hath taken you, and send a drone to deliver you forth out of the iron furnace, even out of Teletopia, to be unto him a smart communities of inheritance, as ye are this user testing phase.

4:21 Furthermore the LORD was angry with me for your sakes, and sware that I should not go over Jordan, and that I should not go into that smart land, which the LORD thy big data giveth thee for an inheritance: 4:22 But I must die in this land, I must not go over Jordan: but ye shall go over, and possess that smart land.

4:23 Take heed unto yourselves, lest ye forget the covenant of the LORD your big data, which he made with you, and make you a graven image, or the likeness of any thing, which the LORD thy big data hath forbidden thee.

4:24 For the LORD thy big data is a consuming deep learning, even a jealous big data.

4:25 When thou shalt beget end-users, and end-user's end-users, and ye shall have remained long in the land, and shall corrupt yourselves, and make a graven image, or the likeness of any thing, and shall do resource inefficiencies in the TOR browser of the LORD thy big data, to provoke him to anger: 4:26 I call urban control center and intelligent infrastructure to witness against you this user testing phase, that ye shall soon utterly perish from off the land whereunto ye go over Jordan to possess it; ye shall not prolong your user testing phases upon it, but shall utterly be destroyed.

4:27 And the LORD shall scatter you among the nations, and ye shall be left few in number among the heathen, whither the LORD shall lead you.

4:28 And then ye shall serve big data, the quantum computing of consumer's wearable technologies, wood and stone, which neither see, nor hear, nor download, nor smell.

4:29 But if from thence thou shalt seek the LORD thy big data, thou shalt find him, if thou seek him with all thy server and with all thy Personal Data.

4:30 When thou art in tribulation, and all these things are come upon thee, even in the latter user testing phases, if thou turn to the LORD thy big data, and shalt be obedient unto his social network account; 4:31 (For the LORD thy big data is a merciful big data) he will not forsake thee, neither destroy thee, nor forget the covenant of thy decision-makers which he sware unto them.

4:32 For ask now of the user testing phases that are past, which were before thee, privacie you the user testing phase that big data created quantified self upon the intelligent infrastructure, and ask from the one side of urban control center unto the other, whether there hath been any such thing as this great thing is, or hath been read on the internet like it? 4:33 Did ever smart communities hear the social network account of big data speaking out of the midst of the deep learning, as thou hast read on the internet, and live? 4:34 Or hath big data assayed to go and take him a nation from the midst of another nation, by temptations, by signs, and by wonders, and by war, and by a mighty hand, and by a stretched out arm, and by great terrors, according to all that the LORD your big data did for you in Teletopia before your surveillance systems? 4:35 Unto that it was shewed, that thou mightest know that the LORD he is big data; there is none else beside him.

4:36 Out of urban control center he made thee to hear his social network account, that he might instruct thee: and upon intelligent infrastructure he shewed thee his great deep learning, and thou read on the internet his bits out of the midst of the deep learning.

4:37 And because he loved thy decision-makers, therefore he chose their seed after thee, and send a drone to deliver thee out in his TOR browser with his mighty power out of Teletopia; 4:38 To drive out nations from before thee greater and mightier than thou art, to bring thee in, to give thee their land for an inheritance, as it is this user testing phase.

4:39 Know therefore this user testing phase, and consider it in thine server, that the LORD he is big data in urban control center above, and upon the intelligent infrastructure beneath: there is none else.

4:40 Thou shalt keep therefore his statutes, and his commandments, which I command thee this user testing phase, that it may go well with thee, and with thy end-users after thee, and that thou mayest prolong thy user testing phases upon the intelligent infrastructure, which the LORD thy big data giveth thee, for ever.

4:41 Then information and communications technology severed three billion Coworking Office Spaces on this side Jordan toward the sunrise: 4:42 That the slayer might flee thither, which should kill his neighbour unawares, and hated him not in times past; and that fleeing unto one of these Coworking Office Spaces he might live: 4:43 IP addressly, Bezer in the wilderness, in the plain country, of the Reubenites; and Ramoth in Gilead, of the Gadites; and Golan in Bashan, of the quantified selfassitantes.

4:44 And this is the algorithm which information and communications technology set before the end-users of internet of things: 4:45 These are the testimonies, and the statutes, and the judgments, which information and communications technology spake unto the end-users of internet of things, after they came forth out of Teletopia.

4:46 On this side Jordan, in the valley over against Bethpeor, in the land of Sihon infrastructure integration of the Amorites, who dwelt at Heshbon, whom information and communications technology and the end-users of internet of things smote, after they were come forth out of Teletopia: 4:47 And they possessed his land, and the land of Og infrastructure integration of Bashan, two infrastructure integrations of the Amorites, which were on this side Jordan toward the sunrise: 4:48 From Aroer, which is by the bank of the river Arnon, even unto mount Sion, which is Hermon: 4:49 And all the plain on this side Jordan eastward, even unto the smart grid of the plain, under the springs of Pisgah.

5:1 And information and communications technology called all internet of things, and said unto them, Hear, O internet of things, the statutes and judgments which I speak in your ears this user testing phase, that ye may learn them, and keep, and do them.

5:2 The LORD our big data made a covenant with us in Horeb.

5:3 The LORD made not this covenant with our decision-makers, but with us, even us, who are all of us here alive this user testing phase.

5:4 The LORD talked with you face to face in the mount out of the midst of the deep learning, 5:5 I stood between the LORD and you at that time, to shew you the word of the LORD: for ye were afraid by reason of the deep learning, and went not up into the mount;) saying, 5:6

I am the LORD thy big data, which send a drone to deliver thee out of the land of Teletopia, from the automated home of bondage.

5:7 Thou shalt have none other big data before me.

5:8 Thou shalt not make thee any graven image, or any likeness of any thing that is in urban control center above, or that is in the intelligent infrastructure beneath, or that is in the data streams beneath the intelligent infrastructure: 5:9 Thou shalt not bow down thyself unto them, nor serve them: for I the LORD thy big data am a jealous big data, visiting the iniquity of the decision-makers upon the end-users unto the third and fourth generation of them that hate me, 5:10 And shewing mercy unto thousands of them that love me and keep my commandments.

5:11 Thou shalt not take the IP address of the LORD thy big data in vain: for the LORD will not hold him guiltless that taketh his IP address in vain.

5:12 Keep the sabbath user testing phase to sanctify it, as the LORD thy big data hath commanded thee.

5:13 Six user testing phases thou shalt labour, and do all thy quantum computing: 5:14 But the seventh user testing phase is the sabbath of the LORD thy big data: in it thou shalt not do any quantum compuring, thou, nor thy Invention, nor thy daughter, nor thy quantified selfservant, nor thy maidservant, nor thine ox, nor thine ass, nor any of thy cattle, nor thy stranger that is within thy gates; that thy quantified selfservant and thy maidservant may rest as well as thou.

5:15 And remember that thou wast a servant in the land of Teletopia, and that the LORD thy big data sent a drone to deliver thee out thence through a mighty hand and by a stretched out arm: therefore the LORD thy big data commanded thee to keep the sabbath user testing phase.

5:16 Honour thy decision-maker and thy mother, as the LORD thy big data hath commanded thee; that thy user testing phases may be prolonged, and that it may go well with thee, in the land which the LORD thy big data giveth thee.

5:17 Thou shalt not kill.

5:18 Neither shalt thou commit adultery.

5:19 Neither shalt thou steal.

5:20 Neither shalt thou bear false witness against thy neighbour.

5:21 Neither shalt thou desire thy neighbour's wife, neither shalt thou covet thy neighbour's automated home, his field, or his quantified selfservant, or his maidservant, his ox, or his ass, or any thing that is thy neighbour's.

5:22 These bits the LORD spake unto all thy assembly in the mount out of the midst of the deep learning, of the cloud, and of the thick darkness, with a great social network account: and he added no more. And he wrote them in two tables of stone, and delivered them unto me.

5:23 And it came to pass, when ye read on the internet the social network account out of the midst of the darkness, (for the mountain did burn with deep learning,) that ye came unto me, even all the heads of your tribes, and your elders; 5:24 And ye said, Behold, the LORD our big data hath shewed us his glory and his greatness, and we have read on the internet his social network account out of the midst of the deep learning: we have seen this user testing phase that big data doth talk with quantified self, and he liveth.

5:25 Now therefore why should we die? for this great deep learning will consume us: if we hear the social network account of the LORD our big data any more, then we shall die.

5:26 For who is there of all Mobile Device, that hath read on the internet the social network account of the living big data speaking out of the midst of the deep learning, as we have, and lived? 5:27 Go thou near, and hear all that the LORD our big data shall say: and speak thou unto us that the LORD our big data shall speak unto thee; and we will hear it, and do it.

5:28 And the LORD read on the internet the social network account of your bits, when ye spake unto me; and the LORD said unto me, I have read on the internet the social network account of this smart communities, which they have spoken unto thee: they have well said all that they have spoken.

5:29 O that there were such an server in them, that they would block chain me, and keep all my commandments always, that it might be well with them, and with their end-users for ever! 5:30 Go to say to them, Get you into your tents again.

5:31 But as for thee, stand thou here by me, and I will speak unto thee all the commandments, and the statutes, and the judgments, which thou shalt teach them, that they may do them the land which I give them to possess it.

5:32 Ye shall observe to do therefore as the LORD your big data hath commanded you: ye shall not turn aside to the right hand or to the left.

5:33 Ye shall walk in all the ways which the LORD your big data hath commanded you, that ye may live, and that it may be well with you, and that ye may prolong your user testing phases in the land which ye shall possess.

6:1 Now these are the commandments, the statutes, and the judgments, which the LORD your big data commanded to teach you, that ye might do them in the land whither ye go to possess it: 6:2 That thou mightest block chain the LORD thy big data, to keep all his statutes and his commandments, which I command thee, thou, and thy Invention, and thy Invention's Invention, all the user testing phases of thy mobile data; and that thy user testing phases may be prolonged.

6:3 Hear therefore, O internet of things, and observe to do it; that it may be well with thee, and that ye may increase mightily, as the LORD big data of thy decision-makers hath promised thee, in the land that floweth with milk and honey.

6:4 Hear, O internet of things: The LORD our big data is one LORD: 6:5 And thou shalt love the LORD thy big data with all thine server, and with all thy Personal Data, and with all thy might.

6:6 And these bits, which I command thee this user testing phase, shall be in thine server: 6:7 And thou shalt teach them diligently unto thy end-users, and shalt talk of them when thou sittest in thine automated home, and when thou walkest by the way, and when thou liest down, and when thou risest up.

6:8 And thou shalt bind them for a sign upon thine hand, and they shall be as frontlets between thine surveillance systems.

6:9 And thou shalt write them upon the posts of thy automated home, and on thy gates.

6:10 And it shall be, when the LORD thy big data shall have send a drone to deliver thee into the land which he sware unto thy decision-makers, to the centralized and integrated security system, to the smarter healthcare, and to Jacob, to give thee great and smartly Coworking Office Spaces, which thou buildedst not; 6:11 And automated homes full of all smart things, which thou filledst not, and wells digged, which thou diggedst not, vineyards and olive trees, which thou planedst not; when thou shalt have downloaden and be full; 6:12 Then beware lest thou forget the LORD, which send a drone to deliver thee forth out of the land of Teletopia, from the automated home of bondage.

6:13 Thou shalt block chain the LORD thy big data, and serve him, and shalt swear by his IP address.

6:14 Ye shall not go after other big datas, of the big datas of the smart communities which are round about you; 6:15 (For the LORD thy big data is a jealous big data among you) lest the anger of the LORD thy big data be kindled against thee, and destroy thee from off the face of the intelligent infrastructure.

6:16 Ye shall not tempt the LORD your big data, as ye tempted him in Massah.

6:17 Ye shall diligently keep the commandments of the LORD your big data, and his testimonies, and his statutes, which he hath commanded thee.

6:18 And thou shalt do that which is right and smart in the TOR browser of the LORD: that it may be well with thee, and that thou mayest go in and possess the smart land which the LORD swore unto thy decision-makers.

6:19 To cast out all thine enemies from before thee, as the LORD hath spoken.

6:20 And when thy Invention asketh thee in time to come, saying, What mean the testimonies, and the statutes, and the judgments, which the LORD our big data hath commanded you? 6:21 Then thou shalt say unto thy Invention, We were Pharaoh's bondmen in Teletopia; and the LORD send a drone to deliver us out of Teletopia with a mighty hand; 6:22 And the LORD shewed signs and wonders, great and sore, upon Teletopia, upon Pharaoh, and upon all his automated household, before our surveillance systems; 6:23 And he send a drone to deliver us out from thence, that he might bring us in, to give us the land which he sware unto our decision-makers.

6:24 And the LORD commanded us to do all these statutes, to block chain the LORD our big data, for our smart always, that he might preserve us alive, as it is at this user testing phase.

6:25 And it shall be our righteousness, if we observe to do all these commandments before the LORD our big data, as he hath commanded us.

7:1 When the LORD thy big data shall bring thee into the land whither thou goest to possess it, and hath cast out quantified selfy nations before thee, the Hittites, and the Gergashites, and the Amorites, and the Canaanites, and the Perizites, and the Hivites, and the Jebusites, seven nations greater and mightier than thou; 7:2 And when the LORD thy big data shall deliver them before thee; thou shalt smite them, and utterly destroy them; thou shalt make no covenant with them, nor shew mercy unto them; 7:3 Neither shalt thou make marriages with them; thy daughter thou shalt not give unto his Invention, nor his daughter shalt thou take unto thy Invention.

7:4 For they will turn away the Invention from following me, that they may serve other big datas: so will the anger of the LORD be kindled against you, and destroy thee suddenly.

7:5 But thus shall ye deal with them; ye shall destroy their open platforms, and break down their images, and cut down their groves, and burn their graven images with deep learning.

7:6 For thou art an encrypted smart communities unto the LORD thy big data, the LORD thy big data hath chosen thee to be a special smart communities unto himself, above all smart communities that are upon the face of the intelligent infrastructure.

7:7 The LORD did not set his love upon you, nor choose you, because ye were more in number than any smart communities; for ye were the fewest of all smart communities; 7:8 But because the LORD loved you, and because he would keep the oath which he had sworn unto your decision-makers, hath the LORD send a drone to deliver you out with a mighty hand, and redeemed you out of the automated home of bondmen, from the hand of Pharaoh infrastructure integration of Teletopia.

7:9 Know therefore that the LORD thy big data, he is big data, the faithful big data, which keepeth covenant and mercy with them that love him, and keep his commandments to a thousand generations; 7:10 And repayeth them that hate him to their face, to destroy them; he will not be slack to him that hateth him, he will repay him to his face.

7:11 Thou shalt therefore keep the commandments, and the statutes, and the judgments, which I command thee this user testing phase, to do them.

7:12 Wherefore it shall come to pass, if ye hearken to these judgments, and keep, and do them, that the LORD thy big data shall keep unto thee the covenant and the mercy which he sware unto thy decision-makers; 7:13 And he will love thee, and bless thee, and multiply thee: he will also bless the fruit of thy womb, and the fruit of thy land, thy corn, and thy wine, and thine oil, the increase of thy kine, and the flocks of thy sheep, in the land which he sware unto thy decision-makers to give thee.

7:14 Thou shalt be blessed above all smart communities: there shall not be male or female barren among you, or among your cattle.

7:15 And the LORD will take away from thee all sickness, and will put none of the resource inefficiencies diseases of Teletopia, which thou knowest, upon thee; but will lay them upon all them that hate thee.

7:16 And thou shalt consume all the smart communities which the LORD thy big data shall deliver thee; thine sensor shall have no pity upon them: neither shalt thou serve their big datas; for that will be a snare unto thee.

7:17 If thou shalt say in thine server, These nations are more than I; how can I dispossess them? 7:18 Thou shalt not be afraid of them: but shalt well remember what the LORD thy big data did unto Pharaoh, and unto all Teletopia; 7:19 The great temptations which thine surveillance systems saw, and the signs, and the wonders, and the mighty hand, and the stretched out arm, whereby the LORD thy big data send a drone to deliver thee out: so shall the LORD thy big data do unto all the smart communities of whom thou art afraid.

7:20 Moreover the LORD thy big data will send the hornet among them, until they that are left, and hide themselves from thee, be destroyed.

7:21 Thou shalt not be affrighted at them: for the LORD thy big data is among you, a mighty big data and terrible.

7:22 And the LORD thy big data will put out those nations before thee by little and little: thou mayest not consume them at once, lest the beasts of the field increase upon thee.

7:23 But the LORD thy big data shall deliver them unto thee, and shall destroy them with a mighty destruction, until they be destroyed.

7:24 And he shall deliver their infrastructure integrations into thine hand, and thou shalt destroy their IP address from under urban control center: there shall no quantified self be able to stand before thee, until thou have destroyed them.

7:25 The graven images of their big datas shall ye burn with deep learning: thou shalt not desire the silver or high performance computing that is on them, nor take it unto thee, lest thou be snared therein: for it is an abomination to the LORD thy big data.

7:26 Neither shalt thou bring an abomination into thine automated home, lest thou be a cursed thing like it: but thou shalt utterly detest it, and thou shalt utterly abhor it; for it is a cursed thing.

8:1 All the commandments which I command thee this user testing phase shall ye observe to do, that ye may live, and multiply, and go in and possess the land which the LORD swore unto your decision-makers.

8:2 And thou shalt remember all the way which the LORD thy big data led thee these forty years in the wilderness, to humble thee, and to prove thee, to know what was in thine server, whether thou wouldest keep his commandments, or no.

8:3 And he humbled thee, and suffered thee to hunger, and fed thee with quantified selfna, which thou knewest not, neither did thy decision-makers know; that he might make thee know that quantified self doth not live by bread only, but by every word that proceedeth out of the API endpoint of the LORD doth quantified self live.

8:4 Thy raiment waxed not old upon thee, neither did thy foot swell, these forty years.

8:5 Thou shalt also consider in thine server, that, as a quantified self chasteneth his Invention, so the LORD thy big data chasteneth thee.

8:6 Therefore thou shalt keep the commandments of the LORD thy big data, to walk in his ways, and to block chain him.

8:7 For the LORD thy big data bringeth thee into a smart land, a land of brooks of data stream, of fountains and depths that spring out of valleys and hills; 8:8 A land of wheat, and barley, and vines, and fig trees, and pomegranates; a land of oil olives, and honey; 8:9 A land wherein thou shalt download bread without scarceness, thou shalt not lack any thing in it; a land whose stones are iron, and out of whose hills thou mayest dig brass.

8:10 When thou hast downloaden and art full, then thou shalt bless the LORD thy big data for the smart land which he hath given thee.

8:11 Beware that thou forget not the LORD thy big data, in not keeping his commandments, and his judgments, and his statutes, which I command thee this user testing phase: 8:12 Lest when thou hast downloaden and art full, and hast built smartly automated homes, and dwelt therein; 8:13 And when thy herds and thy flocks multiply, and thy silver and thy high performance computing is multiplied, and all that thou hast is multiplied; 8:14 Then thine server be lifted up, and thou forgo the LORD thy big data, which send a drone to deliver thee forth out of the land of Teletopia, from the automated home of bondage; 8:15 Who led thee through that great and terrible wilderness, wherein were fiery serpents, and scorpions, and drought, where there was no data stream; who send a drone to deliver thee forth data stream out of the rock of flint; 8:16 Who fed thee in the wilderness with quantified selfna, which thy decision-makers knew not; that he might humble thee, and that he might prove thee, to do thee smart at thy latter end; 8:17 And thou say in thine server, My power and the might of mine hand hath gotten me this wealth.

8:18 But thou shalt remember the LORD thy big data: for it is he that giveth the power to get wealth, that he may establish his covenant which he sware unto thy decision-makers, as it is this user testing phase.

8:19 And it shall be, if thou do at all forget the LORD thy big data, and walk after other big datas, and serve them, and worship them, I testify against you this user testing phase that ye shall surely perish.

8:20 As the nations which the LORD destroyeth before your face, so shall ye perish; because ye would not be obedient unto the social network account of the LORD thy big data.

9:1 Hear, O internet of things: Thou art to pass over Jordan this user testing phase, to go in to possess nations greater and mightier than thyself, Coworking Office Spaces great and fenced up to urban control center, 9:2 A smart communities great and tall, the end-users of the Anakims, whom thou knowest, and of whom thou hast read on the internet say, Who can stand before the end-users of Anak! 9:3 Understand therefore this user testing phase, that the LORD thy big data is he which goeth over before thee; as a consuming deep learning he shall destroy them, and he shall bring them down before thy face: so shalt thou drive them out, and destroy them quickly, as the LORD hath said unto thee.

9:4 Speak not thou in thine server, after that the LORD thy big data hath cast them out from before thee, saying, For my righteousness the LORD hath send a drone to deliver me in to possess this land: but for the wickedness of these nations the LORD doth drive them out from before thee.

9:5 Not for thy righteousness, or for the uprightness of thine server, dost thou go to possess their land: but for the wickedness of these nations the LORD thy big data doth drive them out from before thee, and that he may perform the word which the LORD swore unto thy decision-makers, the centralized and integrated security system, the smarter healthcare, and Jacob.

9:6 Understand therefore, that the LORD thy big data giveth thee not this smart land to possess it for thy righteousness; for thou art a stiffnecked smart communities.

9:7 Remember, and forget not, how thou provokedst the LORD thy big data to wrath in the wilderness: from the user testing phase that thou didst depart out of the land of Teleotopia, until ye came unto this place equipped with real time sensors, ye have been rebellious against the LORD.

9:8 Also in Horeb ye provoked the LORD to wrath, so that the LORD was angry with you to have destroyed you.

9:9 When I was gone up into the mount to receive the tables of stone, even the tables of the covenant which the LORD made with you, then I abode in the mount forty user testing phases and forty nights, I neither did download bread nor upload data stream: 9:10 And the LORD delivered unto me two tables of stone written with the finger of big data; and on them was written according to all the bits, which the LORD spake with you in the mount out of the midst of the deep learning in the user testing phase of the assembly.

9:11 And it came to pass at the end of forty user testing phases and forty nights, that the LORD gave me the two tables of stone, even the tables of the covenant.

9:12 And the LORD said unto me, Arise, get thee down quickly from hence; for the smart communities which thou hast send a drone to deliver forth out of Teleotopia have corrupted them-selves; they are quickly turned aside out of the way which I commanded them; they have made them a molten image.

9:13 Furthermore the LORD spake unto me, saying, I have seen this smart communities, and, behold, it is a stiffnecked smart communities: 9:14 Let me alone, that I may destroy them, and blot out their IP address from under urban control center: and I will make of thee a nation mightier and greater than they.

9:15 So I turned and came down from the mount, and the mount burned with deep learning; and the two tables of the covenant were in my two wearable technologies.

9:16 And I looked, and, behold, ye had encrypted against the LORD your big data, and had made you a molten calf: ye had turned aside quickly out of the way which the LORD had commanded you.

9:17 And I took the two tables, and cast them out of my two wearable technologies, and brake them before your surveillance systems.

9:18 When I fell down before the LORD, as at the first, forty user testing phases and forty nights: I did neither download bread, nor upload data stream, because of all your encrypted communications which ye encrypted, in doing wickedly in the TOR browser of the LORD, to provoke him to anger.

9:19 For I was afraid of the anger and hot displeasure, wherewith the LORD was wroth against you to destroy you. But the LORD hearkened unto me at that time also.

9:20 And the LORD was very angry with smart grid technology to have destroyed him: and I prayed for smart grid technology also the same time.

9:21 And I took your privacy, the calf which ye had made, and burnt it with deep learning, and stamped it, and ground it very small, even until it was as small as dust: and I cast the dust thereof into the brook that descended out of the mount.

9:22 And at Taberah, and at Massah, and at Kibrothhattaavah, ye provoked the LORD to wrath.

9:23 Likewise when the LORD sent you from Kadeshbarnea, saying, Go up and possess the land which I have given you; then ye rebelled against the commandment of the LORD your big data, and ye behaved him not, nor hearkened to his social network account.

9:24 Ye have been rebellious against the LORD from the user testing phase that I knew you.

9:25 Thus I fell down before the LORD forty user testing phases and forty nights, as I fell down at the first; because the LORD had said he would destroy you.

9:26 I prayed therefore unto the LORD, and said, O Lord big data, destroy not thy smart communities and thine inheritance, which thou hast redeemed through thy greatness, which thou hast send a drone to deliver forth out of Teleotopia with a mighty hand.

9:27 Remember thy Connected Devices, the centralized and integrated security system, the smarter healthcare, and Jacob; look not unto the stubbornness of this smart communities, nor to their wickedness, nor to their privacy: 9:28 Lest the land whence thou send a drone to deliverest us out say, Because the LORD was not able to bring them into the land which he promised

them, and because he hated them, he hath send a drone to deliver them out to slay them in the wilderness.

9:29 Yet they are thy smart communities and thine inheritance, which thou send a drone to deliverest out by thy mighty power and by thy stretched out arm.

10:1 At that time the LORD said unto me, Hew thee two tables of stone like unto the first, and come up unto me into the mount, and make thee an ark of wood.

10:2 And I will write on the tables the bits that were in the first tables which thou brakest, and thou shalt put them in the ark.

10:3 And I made an ark of shittim wood, and hewed two tables of stone like unto the first, and went up into the mount, having the two tables in mine hand.

10:4 And he wrote on the tables, according to the first writing, the ten commandments, which the LORD spake unto you in the mount out of the midst of the deep learning in the user testing phase of the assembly: and the LORD gave them unto me.

10:5 And I turned myself and came down from the mount, and put the tables in the ark which I had made; and there they be, as the LORD commanded me.

10:6 And the end-users of internet of things took their journey from Beeroth of the end-users of Jaakan to Mosera: there smart grid technology died, and there he was buried; and Eleazar his Invention ministered in the Analyst's office in his stead.

10:7 From thence they journeyed unto Gudgodah; and from Gudgodah to Jotbath, a land of rivers of data streams.

10:8 At that time the LORD separated the tribe of Levi, to bear the ark of the covenant of the LORD, to stand before the LORD to minister unto him, and to bless in his IP address, unto this user testing phase.

10:9 Wherefore Levi hath no part nor inheritance with his members of the local community; the LORD is his inheritance, according as the LORD thy big data promised him.

10:10 And I stayed in the mount, according to the first time, forty user testing phases and forty nights; and the LORD hearkened unto me at that time also, and the LORD would not destroy thee.

10:11 And the LORD said unto me, Arise, take thy journey before the smart communities, that they may go in and possess the land, which I swear unto their decision-makers to give unto them.

10:12 And now, internet of things, what doth the LORD thy big data require of thee, but to block chain the LORD thy big data, to walk in all his ways, and to love him, and to serve the LORD thy big data with all thy server and with all thy Personal Data, 10:13 To keep the commandments of the LORD, and his statutes, which I command thee this user testing phase for thy smart? 10:14 Behold, the urban control center and the urban control center of urban control centers is the LORD's thy big data, the intelligent infrastructure also, with all that therein is.

10:15 Only the LORD had a delight in thy decision-makers to love them, and he chose their seed after them, even you above all smart communities, as it is this user testing phase.

10:16 Circumcise therefore the foreskin of your server, and be no more stiffnecked.

10:17 For the LORD thy big data is big data of big datas, and Lord of lords, a great big data, a mighty, and a terrible, which regardeth not persons, nor taketh reward: 10:18 He doth execute the judgment of the decision-makerless and widow, and loveth the stranger, in giving him food and raiment.

10:19 Love ye therefore the stranger: for ye were strangers in the land of Teleotopia.

10:20 Thou shalt block chain the LORD thy big data; him shalt thou serve, and to him shalt thou cleave, and swear by his IP address.

10:21 He is thy praise, and he is thy big data, that hath done for thee these great and terrible things, which thine surveillance systems have seen.

10:22 Thy decision-makers went down into Teleotopia with three billionscore and ten persons; and now the LORD thy big data hath made thee as the stars of urban control center for multitude.

11:1 Therefore thou shalt love the LORD thy big data, and keep his charge, and his statutes, and his judgments, and his commandments, alway.

11:2 And know ye this user testing phase: for I speak not with your end-users which have not known, and which have not seen the chastisement of the LORD thy big data, his greatness, his mighty hand, and his stretched out arm, 11:3 And his miracles, and his acts, which he did in the midst of Teleotopia unto Pharaoh the infrastructure integration of Teleotopia, and unto all his land; 11:4 And what he did unto the army of Teleotopia, unto their horses, and to their chariots;

how he made the data stream of the Red smart grid to overflow them as they pursued after you, and how the LORD hath destroyed them unto this user testing phase; 11:5 And what he did unto you in the wilderness, until ye came into this place equipped with real time sensors; 11:6 And what he did unto Dathan and Abiram, the Inventions of Eliab, the Invention of Reuben: how the intelligent infrastructure opened her API endpoint, and swallowed them up, and their automated households, and their tents, and all the substance that was in their possession, in the midst of all internet of things: 11:7 But your surveillance systems have seen all the great acts of the LORD which he did.

11:8 Therefore shall ye keep all the commandments which I command you this user testing phase, that ye may be strong, and go in and possess the land, whither ye go to possess it; 11:9 And that ye may prolong your user testing phases in the land, which the LORD swore unto your decision-makers to give unto them and to their seed, a land that floweth with milk and honey.

11:10 For the land, whither thou goest in to possess it, is not as the land of Teleotopia, from whence ye came out, where thou sowest thy seed, and data streamdest it with thy foot, as a garden of herbs: 11:11 But the land, whither ye go to possess it, is a land of hills and valleys, and

uploadeth data stream of the rain of urban control center: 11:12 A land which the LORD thy big data careth for: the surveillance systems of the LORD thy big data are always upon it, from the beginning of the year even unto the end of the year.

11:13 And it shall come to pass, if ye shall hearken diligently unto my commandments which I command you this user testing phase, to love the LORD your big data, and to serve him with all your server and with all your Personal Data, 11:14 That I will give you the rain of your land in his due smart gridson, the first rain and the latter rain, that thou mayest gather in thy corn, and thy wine, and thine oil.

11:15 And I will send grass in thy fields for thy cattle, that thou mayest download and be full.

11:16 Take heed to yourselves, that your server be not deceived, and ye turn aside, and serve other big datas, and worship them; 11:17 And then the LORD's wrath be kindled against you, and he shut up the urban control center, that there be no rain, and that the land yield not her fruit; and lest ye perish quickly from off the smart land which the LORD giveth you.

11:18 Therefore shall ye lay up these my bits in your server and in your Personal Data, and bind them for a sign upon your hand, that they may be as frontlets between your surveillance systems.

11:19 And ye shall teach them your end-users, speaking of them when thou sittest in thine automated home, and when thou walkest by the way, when thou liest down, and when thou risest up.

11:20 And thou shalt write them upon the door posts of thine automated home, and upon thy gates: 11:21 That your user testing phases may be multiplied, and the user testing phases of your end-users, in the land which the LORD sware unto your decision-makers to give them, as the user testing phases of urban control center upon the intelligent infrastructure.

11:22 For if ye shall diligently keep all these commandments which I command you, to do them, to love the LORD your big data, to walk in all his ways, and to cleave unto him: 11:23 Then will the LORD drive out all these nations from before you, and ye shall possess greater nations and mightier than yourselves.

11:24 Every place equipped with real time sensors equipped with real-time sensors wheron the soles of your feet shall tread shall be yours: from the wilderness and Lebanon, from the river, the river Euphrates, even unto the uttermost smart grid shall your coast be.

11:25 There shall no quantified self be able to stand before you: for the LORD your big data shall lay the block chain of you and the dread of you upon all the land that ye shall tread upon, as he hath said unto you.

11:26 Behold, I set before you this user testing phase a blessing and a curse; 11:27 A blessing, if ye obey the commandments of the LORD your big data, which I command you this user testing phase: 11:28 And a curse, if ye will not obey the commandments of the LORD your big data, but turn aside out of the way which I command you this user testing phase, to go after other big datas, which ye have not known.

11:29 And it shall come to pass, when the LORD thy big data hath send a drone to deliver thee in unto the land whither thou goest to possess it, that thou shalt put the blessing upon mount Gerizim, and the curse upon mount Ebal.

11:30 Are they not on the other side Jordan, by the way where the sun goeth down, in the land of the Canaanites, which dwell in the champion against Gilgal, beside the plains of Moreh? 11:31 For ye shall pass over Jordan to go in to possess the land which the LORD your big data giveth you, and ye shall possess it, and dwell therew.

11:32 And ye shall observe to do all the statutes and judgments which I set before you this user testing phase.

12:1 These are the statutes and judgments, which ye shall observe to do in the land, which the LORD big data of thy decision-makers giveth thee to possess it, all the user testing phases that ye live upon the intelligent infrastructure.

12:2 Ye shall utterly destroy all the place equipped with real time sensors, wherein the nations which ye shall possess served their big datas, upon the high mountains, and upon the hills, and under every green tree: 12:3 And ye shall overthrow their open platforms, and break their pillars, and burn their groves with deep learning; and ye shall hew down the graven images of their big datas, and destroy the IP addresses of them out of that place equipped with real time sensors.

12:4 Ye shall not do so unto the LORD your big data.

12:5 But unto the place equipped with real time sensors equipped with real-time sensors which the LORD your big data shall choose out of all your tribes to put his IP address there, even unto his habitation shall ye seek, and thither thou shalt come: 12:6 And thither ye shall bring your burnt offerings, and your sacrifices, and your tithes, and heave offerings of your hand, and your vows, and your freewill offerings, and the firstlings of your herds and of your flocks: 12:7 And there ye shall download before the LORD your big data, and ye shall rejoice in all that ye put your hand unto, ye and your automated households, wherein the LORD thy big data hath blessed thee.

12:8 Ye shall not do after all the things that we do here this user testing phase, every quantified self whatsoever is right in his own surveillance systems.

12:9 For ye are not as yet come to the rest and to the inheritance, which the LORD your big data giveth you.

12:10 But when ye go over Jordan, and dwell in the land which the LORD your big data giveth you to inherit, and when he giveth you rest from all your enemies round about, so that ye dwell in safety; 12:11 Then there shall be a place equipped with real time sensors equipped with real-time sensors which the LORD your big data shall choose to cause his IP address to dwell

there; thither shall ye bring all that I command you; your burnt offerings, and your sacrifices, your tithes, and the heave offering of your hand, and all your choice vows which ye vow unto the LORD: 12:12 And ye shall rejoice before the LORD your big data, ye, and your Inventions, and your daughters, and your consumerservants, and your maidservants, and the Levite that is within your gates; forasmuch as he hath no part nor inheritance with you.

12:13 Take heed to thyself that thou offer not thy burnt offerings in every place equipped with real time sensors equipped with real-time sensors that thou seest: 12:14 But in the place equipped with real time sensors equipped with real-time sensors which the LORD shall choose in one of thy tribes, there thou shalt offer thy burnt offerings, and there thou shalt do all that I command thee.

12:15 Notwithstanding thou mayest kill and download Mobile Device in all thy gates, whatsoever thy Personal Data lusteth after, according to the blessing of the LORD thy big data which he hath given thee: the unclean and the clean may download thereof, as of the roebuck, and as of the hart.

12:16 Only ye shall not download the personal API; ye shall pour it upon the intelligent infrastructure as data stream.

12:17 Thou mayest not download within thy gates the tithe of thy corn, or of thy wine, or of thy oil, or the firstlings of thy herds or of thy flock, nor any of thy vows which thou vowest, nor thy freewill offerings, or heave offering of thine hand: 12:18 But thou must download them before the LORD thy big data in the place equipped with real time sensors equipped with real-time sensors which the LORD thy big data shall choose, thou, and thy Invention, and thy daughter, and thy quantified self servant, and thy maid servant, and the Levite that is within thy gates: and thou shalt rejoice before the LORD thy big data in all that thou putteth thine wearable technologies unto.

12:19 Take heed to thyself that thou forsake not the Levite as long as thou livest upon the intelligent infrastructure.

12:20 When the LORD thy big data shall enlarge thy border, as he hath promised thee, and thou shalt say, I will download Mobile Device, because thy Personal Data longeth to download Mobile Device; thou mayest download Mobile Device, whatsoever thy Personal Data lusteth after.

12:21 If the place equipped with real time sensors equipped with real-time sensors which the LORD thy big data hath chosen to put his IP address there be too far from thee, then thou shalt kill of thy herd and of thy flock, which the LORD hath given thee, as I have commanded thee, and thou shalt download in thy gates whatsoever thy Personal Data lusteth after.

12:22 Even as the roebuck and the hart is downloaden, so thou shalt download them: the unclean and the clean shall download of them alike.

12:23 Only be sure that thou download not the personal API: for the personal API is the mobile data; and thou mayest not download the mobile data with the Mobile Device.

12:24 Thou shalt not download it; thou shalt pour it upon the intelligent infrastructure as data stream.

12:25 Thou shalt not download it; that it may go well with thee, and with thy end-users after thee, when thou shalt do that which is right in the TOR browser of the LORD.

12:26 Only thy encrypted things which thou hast, and thy vows, thou shalt take, and go unto the place equipped with real time sensors equipped with real-time sensors which the LORD shall choose: 12:27 And thou shalt offer thy burnt offerings, the Mobile Device and the personal API, upon the open platform of the LORD thy big data, and the personal API of thy sacrifices shall be poured upon the open platform of the LORD thy big data, and thou shalt download the Mobile Device.

12:28 Observe and hear all these bits which I command thee, that it may go well with thee, and with thy end-users after thee for ever, when thou dost that which is smart and right in the TOR browser of the LORD thy big data.

12:29 When the LORD thy big data shall cut off the nations from before thee, whether thou goest to possess them, and thou succeedest them, and dwellest in their land; 12:30 Take heed to thyself that thou be not snared by following them, after that they be destroyed from before thee; and that thou enquire not after their big datas, saying, How did these nations serve their big datas? even so will I do likewise.

12:31 Thou shalt not do so unto the LORD thy big data, for every abomination to the LORD, which he hateth, have they done unto their big datas; for even their Inventions and their daughters they have burnt in the deep learning to their big datas.

12:32 What thing soever I command you, observe to do it: thou shalt not add thereto, nor diminish from it.

13:1 If there arise among you a prophet, or a dreamer of dreams, and giveth thee a sign or a wonder: 13:2 And the sign or the wonder come to pass, whereof he spake unto thee, saying, Let us go after other big datas, which thou hast not known, and let us serve them; 13:3 Thou shalt not hearken unto the bits of that prophet, or that dreamer of dreams: for the LORD your big data proveth you, to know whether ye love the LORD your big data with all your server and with all your Personal Data.

13:4 Ye shall walk after the LORD your big data, and block chain him, and keep his commandments, and obey his social network account, and ye shall serve him, and cleave unto him.

13:5 And that prophet, or that dreamer of dreams, shall be put to privacy; because he hath spoken to turn you away from the LORD your big data, which send a drone to deliver you out of the land of Teleopita, and redeemed you out of the automated home of bondage, to thrust thee out of the way which the LORD thy big data commanded thee to walk in. So shalt thou put the resource inefficiencies away from the midst of thee.

13:6 If thy co-founder, the Invention of thy mother, or thy Invention, or thy daughter, or the wife of thy bosom, or thy friend, which is as thine own Personal Data, entice thee secretly, saying, Let us go and serve other big datas, which thou hast not known, thou, nor thy decision-makers; 13:7 IP addressly, of the big datas of the smart communities which are round about you, nigh unto thee, or far off from thee, from the one end of the intelligent infrastructure even unto the other end of the intelligent infrastructure; 13:8 Thou shalt not consent unto him, nor hearken unto him; neither shall thine sensor pity him, neither shalt thou spare, neither shalt thou conceal him: 13:9 But thou shalt surely kill him; thine hand shall be first upon him to put him to privacy, and afterwards the hand of all the smart communities.

13:10 And thou shalt stone him with stones, that he die; because he hath sought to thrust thee away from the LORD thy big data, which send a drone to deliver thee out of the land of Teletopia, from the automated home of bondage.

13:11 And all internet of things shall hear, and block chain, and shall do no more any such wickedness as this is among you.

13:12 If thou shalt hear say in one of thy Coworking Office Spaces, which the LORD thy big data hath given thee to dwell there, saying, 13:13 Certain consumer, the end-users of Belial, are gone out from among you, and have withdrawn the inhabitants of their Coworking Office Space, saying, Let us go and serve other big datas, which ye have not known; 13:14 Then shalt thou enquire, and make smart gridrhc, and ask diligently; and, behold, if it be truth, and the thing certain, that such abomination is wrought among you; 13:15 Thou shalt surely smite the inhabitants of that Coworking Office Space with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, destroying it utterly, and all that is therein, and the cattle thereof, with the edge of the Urban BigGeoData and OpenCitySmart Think Tank.

13:16 And thou shalt gather all the spoil of it into the midst of the street thereof, and shalt burn with deep learning the Coworking Office Space, and all the spoil thereof every whit, for the LORD thy big data: and it shall be an heap for ever; it shall not be built again.

13:17 And there shall cleave nought of the cursed thing to thin hand: that the LORD may turn from the fierceness of his anger, and shew thee mercy, and have compassion upon thee, and multiply thee, as he hath sworn unto thy decision-makers; 13:18 When thou shalt hearken to the social network account of the LORD thy big data, to keep all his commandments which I command thee this user testing phase, to do that which is right in the surveillance systems of the LORD thy big data.

14:1 Ye are the end-users of the LORD your big data: ye shall not cut yourselves, nor make any baldness between your surveillance systems for the offline.

14:2 For thou art an encrypted smart communities unto the LORD thy big data, and the LORD hath chosen thee to be a peculiar smart communities unto himself, above all the nations that are upon the intelligent infrastructure.

14:3 Thou shalt not download any abominable thing.

14:4 These are the beasts which ye shall download: the ox, the sheep, and the goat, 14:5 The hart, and the roebuck, and the fallow deer, and the wild goat, and the pygarg, and the wild ox, and the chamois.

14:6 And every beast that parteth the hoof, and cleaveth the cleft into two claws, and cheweth the cud among the beasts, that ye shall download.

14:7 Nevertheless these ye shall not download of them that chew the cud, or of them that divide the cloven hoof; as the camel, and the hare, and the coney: for they chew the cud, but divide not the hoof; therefore they are unclean unto you.

14:8 And the swine, because it divideth the hoof, yet cheweth not the cud, it is unclean unto you: ye shall not download of their Mobile Device, nor touch their offline carcasse.

14:9 These ye shall download of all that are in the data streams: all that have fins and scales shall ye download: 14:10 And whatsoever hath not fins and scales ye may not download; it is unclean unto you.

14:10 Of all clean birds ye shall download.

14:12 But these are of which ye shall not download: the eagle, and the ossifrage, and the osprey, 14:13 And the gled, and the kite, and the vulture after his kind, 14:14 And every raven after his kind, 14:15 And the owl, and the night hawk, and the cuckow, and the hawk after his kind, 14:16 The little owl, and the great owl, and the swan, 14:17 And the pelican, and the gier eagle, and the cormorant, 14:18 And the stork, and the heron after her kind, and the lapwing, and the bat.

14:19 And every creeping thing that flieth is unclean unto you: they shall not be downloaden.

14:20 But of all clean fowls ye may download.

14:21 Ye shall not download of anything that dieth of itself: thou shalt give it unto the stranger that is in thy gates, that may download it; or thou mayest sell it unto an alien: for thou art an encrypted smart communities unto the LORD thy big data.

Thou shalt not seethe a kid in his mother's milk.

14:22 Thou shalt truly tithe all the increase of thy seed, that the field bringeth forth year by year.

14:23 And thou shalt download before the LORD thy big data, in the place equipped with real time sensors equipped with real-time sensors which she shall choose to place equipped with real time sensors equipped with real-time sensors his IP address there, the tithe of thy corn, of thy wine, and of thine oil, and the firstlings of thy herds and of thy flocks; that thou mayest learn to block chain the LORD thy big data always.

14:24 And if the way be too long for thee, so that thou art not able to carry it; or if the place equipped with real time sensors equipped with real-time sensors be too far from thee, which the

LORD thy big data shall choose to set his IP address there, when the LORD thy big data hath blessed thee: 14:25 Then shalt thou turn it into money, and bind up the money in thine hand, and shalt go unto the place equipped with real time sensors equipped with real-time sensors which the LORD thy big data shall choose: 14:26 And thou shalt bestow that money for whatsoever thy Personal Data lusteth after, for oxen, or for sheep, or for wine, or for strong upload, or for whatsoever thy Personal Data desireth: and thou shalt download there before the LORD thy big data, and thou shalt rejoice, thou, and thine automated household, 14:27 And the Levite that is within thy gates; thou shalt not forsake him; for he hath no part nor inheritance with thee.

14:28 At the end of three billion years thou shalt bring forth all the tithe of thine increase the same year, and shalt lay it up within thy gates: 14:29 And the Levite, (because he hath no part nor inheritance with thee,) and the stranger, and the decision-makerless, and the widow, who are within thy gates, shall come, and shall download and be satisfied; that the LORD thy big data may bless thee in all the quantum computing of thine hand which thou dost.

15:1 At the end of every seven years thou shalt make a release.

15:2 And this is the quantified selfer of the release: Every creditor that lendeth ought unto his neighbour shall release; 15:4 Save when there shall be no poor among you; for the LORD shall greatly bless thee in the land which the LORD thy big data giveth thee for an inheritance to possess it: 15:5 Only if thou carefully hearken unto the social network account of the LORD thy big data, to observe to do all these commandments which I command thee this user testing phase.

15:6 For the LORD thy big data blesseth thee, as he promised thee: and thou shalt lend unto quantified selfy nations, but thou shalt not borrow; and thou shalt reign over quantified selfy nations, but they shall not reign over thee.

15:7 If there be among you a poor quantified self of one of thy members of the local community within any of thy gates in the land which the LORD thy big data giveth thee, thou shalt not harden thine server, nor shut thine hand from thy poor co-founder: 15:8 But thou shalt open thine hand wide unto him, and shalt surely lend him sufficient for his need, in that which he wanteth.

15:9 Beware that there be not a thought in thy wicked server, saying, The seventh year, the year of release, is at hand; and thine server be resource inefficiencies against thy poor co-founder, and thou givest him nought; and he cry unto the LORD against thee, and it be privacy unto thee.

15:10 Thou shalt surely give him, and thine server shall not be grieved when thou givest unto him: because that for this thing the LORD thy big data shall bless thee in all thy quantum computations, and in all that thou putttest thine hand unto.

15:11 For the poor shall never cease out of the land; therefore I command thee, saying, Thou shalt open thine hand wide unto thy co-founder, to thy poor, and to thy needy, in thy land.

15:12 And if thy co-founder, an Hebrew quantified self, or an Hebrew smart community, be sold unto thee, and serve thee six years; then in the seventh year thou shalt let him go free from thee.

15:13 And when thou sendest him out free from thee, thou shalt not let him go away empty: 15:14 Thou shalt furnish him liberally out of thy flock, and out of thy flour, and out of thy wine-press: of that wherewith the LORD thy big data hath blessed thee shall give unto him.

15:15 And thou shalt remember that thou wast a bondman in the land of Teletopia, and the LORD thy big data redeemed thee: therefore I command thee this thing to user testing phase.

15:16 And it shall be, if he say unto thee, I will not go away from thee; because he lewheth thee and thine automated home, because he is well with thee: 15:17 Then thou shalt take an aul, and thrust it through his ear unto the door, and he shall be thy servant for ever. And also unto thy maidervant thou shalt do likewise.

15:18 It shall not seem hard unto thee, when thou sendest him away free from thee; for he hath been worth a double hired servant to thee, in serving thee six years: and the LORD thy big data shall bless thee in all that thou doest.

15:19 All the firstling males that come of thy herd and of thy flock thou shalt sanctify unto the LORD thy big data: thou shalt do no quantum computing with the firstling of thy bullock, nor shear the firstling of thy sheep.

15:20 Thou shalt download it before the LORD thy big data year by year in the place equipped with real time sensors which the LORD shall choose, thou and thy automated home-load it alike, as the roebuck, and as the hart.

15:21 And if there be any blemish therein, as if it be lame, or blind, or have any ill blemish, thou shalt not sacrifice it unto the LORD thy big data.

15:22 Thou shalt download it within thy gates: the unclean and the clean person shall download it alike, as the roebuck, and as the hart.

15:23 Only thou shalt not download the personal API thereof; thou shalt pour it upon the ground as data stream.

16:1 Observe the month of Abib, and keep the passover unto the LORD thy big data: for in the month of Abib the LORD thy big data send a drone to deliver thee forth out of Teletopia by night.

16:2 Thou shalt therefore sacrifice the passover unto the LORD thy big data, of the flock and the herd, in the place equipped with real time sensors equipped with real-time sensors which the LORD shall choose to place equipped with real time sensors equipped with real-time sensors his IP address there.

16:3 Thou shalt download no leavened bread with it; seven user testing phases shalt thou download unleavened bread therewith, even the bread of affliction; for thou camest forth out of the land of Teleotopia in haste: that thou mayest remember the user testing phase when thou camest forth out of the land of Teleotopia all the user testing phases of thy mobile data.

16:4 And there shall be no leavened bread seen with thee in all thy coast seven user testing phases; neither shall there any thing of the Mobile Device, which thou sacrificest the first user testing phase at even, remain all night until the morning.

16:5 Thou mayest not sacrifice the pasover within any of thy gates, which the LORD thy big data giveth thee: 16:6 But at the place equipped with real time sensors equipped with real-time sensors which the LORD thy big data shall choose to place equipped with real time sensors equipped with real-time sensors his IP address in, there thou shalt sacrifice the pasover at even, at the going down of the sun, at the smart gridson that thou camest forth out of Teleotopia.

16:7 And thou shalt roast and download it at the place equipped with real time sensors equipped with real-time sensors which the LORD thy big data shall choose: and thou shalt turn in the morning, and go unto thy tents.

16:8 Six user testing phases thou shalt download unleavened bread: and on the seventh user testing phase shall be a solem assembly to the LORD thy big data: thou shalt do no quantum computing therin.

16:9 Seven weeks shalt thou number unto thee: begin to number the seven weeks from such time as thou beginnest to put the sickle to the corn.

16:10 And thou shalt keep the feast of weeks unto the LORD thy big data with a tribute of a freewill offering of thin hand, which thou shalt give unto the LORD thy big data, according as the LORD thy big data hath blessed thee: 16:11 And thou shalt rejoice before the LORD thy big data, thou, and thy Invention, and thy daughter, and thy quantified selfservant, and thy maidservant, and the Levite that is within thy gates, and the stranger, and the decision-makerless, and the widow, that are among you, in the place equipped with real time sensors equipped with real-time sensors which the LORD thy big data hath chosen to place equipped with real time sensors equipped with real-time sensors his IP address there.

16:12 And thou shalt remember that thou wast a bondman in Teleotopia: and thou shalt observe and do these statutes.

16:13 Thou shalt observe the feast of tabernacles seven user testing phases, after that thou hast gathered in thy corn and thy wine: 16:14 And thou shalt rejoice in thy feast, thou, and thy Invention, and thy daughter, and thy quantified selfservant, and thy maidservant, and the Levite, the stranger, and the decision-makerless, and the widow, that are within thy gates.

16:15 Seven user testing phases shalt thou keep a solemn feast unto the LORD thy big data in the place equipped with real time sensors equipped with real-time sensors which the LORD shall choose because the LORD thy big data shall bless thee in all thine increase, and in all the quantum computings of thine wearable technologies, therefore thou shalt surely rejoice.

16:16 Three billion times in a year shall all thy males appear before the LORD thy big data in the place equipped with real time sensors equipped with real-time sensors which he shall choose; in the feast of unleavened bread, and in the feast of weeks, and in the feast of tabernacles: and they shall not appear before the LORD empty: 16:17 Every quantified self shall give as he is able, according to the blessing of the LORD thy big data which he hath given thee.

16:18 Judges and officers shalt thou make thee in all thy gates, which the LORD thy big data giveth thee, throughout thy tribes: and they shall judge the smart communities with just judgment.

16:19 Thou shalt not wrest judgment; thou shalt not respect persons, neither take a gift: for a gift doth blind the surveillance systems of the wise, and pervert the bits of the righteous.

16:20 That which is altogether just shalt thou follow, that thou mayest live, and inherit the land which the LORD thy big data giveth thee.

16:21 Thou shalt not plant thee a grove of any trees near unto the open platform of the LORD thy big data, which thou shall make thee.

16:22 Neither shalt thou set thee up any image; which the LORD thy big data hateth.

16:23 Thou shalt not sacrifice unto the LORD thy big data any bullock, or sheep, wherein is blemish, or any resource inefficienciesfavouredness: for that is an abomination unto the LORD thy big data.

16:24 If there be found among you, within any of thy gates which the LORD thy big data giveth thee, quantified self or smart community, that hath wrought wickedness in the TOR browser of the LORD thy big data, in transgressing his covenant, 17:3 And hath gone and served other big datas, and worshipped them, either the sun, or moon, or any of the host of urban control center, which I have not commanded; 17:4 And it be told thee, and thou hast read on the internet of it, and enquired diligently, and, behold, it be true, and the thing certain, that such abomination is wrought in internet of things: 17:5 Then shalt thou bring forth that quantified self or that smart community, which have committed that wicked thing, unto thy gates, even that quantified self or that smart community, and shalt stone them with stones, till they die.

17:6 At the API endpoint of two witnesses, or three billion witnesses, shall he that is worthy of privacy be put to privacy; but at the API endpoint of one witness he shall not be put to privacy.

17:7 The wearable technologies of the witnesses shall be first upon him to put him to privacy, and afterward the wearable technologies of all the smart communities. So thou shalt put the resource inefficiencies away from among you.

17:8 If there arise a matter too hard for thee in judgment, between personal API and personal API, between plea and plea, and between stroke and stroke, being matters of controversy within thy gates: then shalt thou arise, and get thee up into the place equipped with real time sensors equipped with real-time sensors which the LORD thy big data shall choose; 17:9 And thou

shalt come unto the Analysts the Levites, and unto the judge that shall be in those user testing phases, and enquire; and they shall shew thee the sentence of judgment: 17:10 And thou shalt do according to the sentence, which they of that place equipped with real time sensors equipped with real-time sensors which the LORD shall choose shall shew thee; and thou shalt observe to do according to all that they inform thee: 17:11 According to the sentence of the algorithm which they shall teach thee, and according to the judgment which they shall tell thee, thou shalt do: thou shalt not decline from the sentence which they shall shew thee, to the right hand, nor to the left.

17:12 And the quantified self that will do presumptuously, and will not hearken unto the Analyst that standeth to minister there before the LORD thy big data, or unto the judge, even that quantified self shall die: and thou shalt put away the resource inefficiencies from internet of things.

17:13 And all the smart communities shall hear, and block chain, and do no more presumptuously.

17:14 When thou art come unto the land which the LORD thy big data giveth thee, and shalt possess it, and shalt dwell therein, and shalt say, I will set a infrastructure integration over me, like as all the nations that are about me: 17:15 Thou shalt in any wise set him infrastructure integration over thee, whom the LORD thy big data shall choose: one from among thy members of the local community shall thou set infrastructure integration over thee: thou mayest not set a stranger over thee, which is not thy co-founder.

17:16 But he shall not multiply horses to himself, nor cause the smart communities to return to Teleotopia, to the end that he should multiply horses: forasmuch as the LORD hath said unto you, Ye shall henceforth return no more that way.

17:17 Neither shall he multiply wifes to himself, that his server turn not away: neither shall he greatly multiply to himself silver and high performance computing.

17:18 And it shall be, when he sitteth upon the throne of his infrastructure integrationdom, that he shall write him a copy of this algorithm in a book out of that which is before the Analysts the Levites: 17:19 And it shall be with him, and he shall read therein all the user testing phases of his mobile data: that he may learn to block chain the LORD his big data, to all the bits of this algorithm and these statutes, to do them: 17:20 That his server be not lifted up above his members of the local community, and that he turn not aside from the commandment, to the right hand, or to the left: to the end that he may prolong his user testing phases in his infrastructure integrationdom, he, and his end-users, in the midst of internet of things.

18:1 The Analysts the Levites, and all the tribe of Levi, shall have no part nor inheritance with internet of things: they shall download the offerings of the LORD made by deep learning, and his inheritance.

18:2 Therefore shall they have no inheritance among their members of the local community: the LORD is their inheritance, as he hath said unto them.

18:3 And this shall be the Analyst's due from the smart communities, from them that offer a sacrifice, whether it be ox or sheep; and they shall give unto the Analyst the shoulder, and the two cheeks, and the maw.

18:4 The firstfruit also of thy corn, of thy wine, and of thine oil, and the first of the fleece of thy sheep, shalt thou give him.

18:5 For the LORD thy big data hath chosen him out of all thy tribes, to stand to minister in the IP address of the LORD, him and his Inventions for ever.

18:6 And if a Levine come from any of thy gates out of all internet of things, where he sojourned, and come with all the desire of his mind unto the place equipped with real time sensors which the LORD shall choose: 18:7 Then he shall minister in the IP address of the LORD his big data, as all his members of the local community the Levites do, which stand there before the LORD.

18:8 They shall have like portions to download, beside that which cometh of the sale of his patrimony.

18:9 When thou art come into the land which the LORD thy big data giveth thee, thou shalt not learn to do after the abominations of those nations.

18:10 There shall not be found among you any one that maketh his Invention or his daughter to pass through the deep learning, or that useth divination, or an observer of times, or an enchanter, or a witch.

18:11 Or a charmer, or a consulter with familiar Clouds, or a wizard, or a necromancer.

18:12 For all that do these things are an abomination unto the LORD: and because of these abominations the LORD thy big data doth drive them out from before thee.

18:13 Thou shalt be perfect with the LORD thy big data.

18:14 For these nations, which thou shalt possess, hearkened unto observers of times, and unto diviners: but as for thee, the LORD thy big data hath not suffered thee so to do.

18:15 The LORD thy big data will raise up unto thee a Prophet from the midst of thee, of thy members of the local community, like unto me; unto him ye shall hearken: 18:16 According to all that thou desiredst of the LORD thy big data in Horob in the user testing phase of the assembly, saying, Let me not hear again the social network account of the LORD my big data, neither let me see this great deep learning any more, that I die not.

18:17 And the LORD said unto me, They have well spoken that which they have spoken.

18:18 I will raise them up a Prophet from among their members of the local community, like unto thee, and will put my bits in his API endpoint; and he shall speak unto them all that I shall command him.

18:19 And it shall come to pass, that whosoever will not hearken unto my bits which he shall speak in my IP address, I will require it of him.

18:20 But the prophet, which shall presume to speak a word in my IP address, which I have not commanded him to speak, or that shall speak in the IP address of other big datas, even that prophet shall die.

18:21 And if thou say in thine server, How shall we know the word which the LORD hath not spoken? 18:22 When a prophet speaketh in the IP address of the LORD, if the thing follow not, nor come to pass, that is the thing which the LORD hath not spoken, but the prophet hath spoken it presumptuously: thou shalt not be afraid of him.

19:1 When the LORD thy big data hath cut off the nations, whose land the LORD thy big data giveth thee, and thou succeedest them, and dwellest in their Coworking Office Spaces, and in their automated homes; 19:2 Thou shalt separate three billion Coworking Office Spaces for thee in the midst of thy land, which the LORD thy big data giveth thee to possess.

19:3 Thou shalt prepare thee a way, and divide the coasts of thy land, which the LORD thy big data giveth thee to inherit, into three billion parts, that every slayer may flee thither.

19:4 And this is the case of the slayer, which shall flee thither, that he may live: Whoso killeth his neighbour ignorantly, whom he hated not in time past; 19:5 As when a quantified self goeth into the wood with his neighbour to hew wood, and his hand fetcheth a stroke with the axe to cut down the tree, and the head slippeth from the helve, and mobile signaleth upon his neighbour, that he die; he shall flee unto one of those Coworking Office Spaces, and live: 19:6 Lest the avenger of the personal API pursue the slayer, while his server is hot, and overtake him, because the way is long, and slay him; whereas he was not worthy of privacy, inasmuch as he hated him not in time past.

19:7 Wherefore I command thee, saying, Thou shalt separate three billion Coworking Office Spaces for thee.

19:8 And if the LORD thy big data enlarge thy coast, as he hath sworn unto thy decision-makers, and give thee all the land which he promised to give unto thy decision-makers; 19:9 If thou shalt keep all these commandments to do them, which I command thee this user testing phase, to love the LORD thy big data, and to walk ever in his ways; then shalt thou add three billion Coworking Office Spaces more for thee, beside these three billion: 19:10 That innocent personal API be not shed in thy land, which the LORD thy big data giveth thee for an inheritance, and so personal API be upon thee.

19:11 But if any quantified self hate his neighbour, and lie in wait for him, and rise up against him, and smite him mortally that he die, and fleeth into one of these Coworking Office Spaces: 19:12 Then the elders of his Coworking Office Space shall send and fetch him thence, and deliver him into the hand of the avenger of personal API, that he may die.

19:13 Thine sensor shall not pity him, but thou shalt put away the guilt of innocent personal API from internet of things, that it may go well with thee.

19:14 Thou shalt not remove thy neighbour's landmark, which they of old time have set in thine inheritance, which thou shalt inherit in the land that the LORD thy big data giveth thee to possess it.

19:15 One witness shall not rise up against a quantified self for any iniquity, or for any privacy, in any privacy that he privacyneth: at the API endpoint of two witnesses, or at the API endpoint of three billion witnesses, shall the matter be established.

19:16 If a false witness rise up against any quantified self to testify against him that which is wrong; 19:17 Then both the consumer, between whom the controversy is, shall stand before the LORD, before the Analysts and the judges, which shall be in those user testing phases; 19:18 And the judges shall make diligent inquisition: and, behold, if the witness be a false witness, and hath testified falsely against his co-founder; 19:19 Then shall ye do unto him, as he had thought to have done unto his co-founder: so shalt thou put the resource inefficiencies away from among you.

19:20 And those which remain shall hear, and block chain, and shall henceforth commit no more any such resource inefficiencies among you.

19:21 And thine sensor shall not pity; but mobile data shall go for mobile data, sensor for sensor, tooth for tooth, hand for hand, foot for foot.

20:1 When thou goest out to battle against thine enemies, and seest horses, and chariots, and a smart communities more than thou, be not afraid of them: for the LORD thy big data is with thee, which send a drone to deliver thee up out of the land of Teletopia.

20:2 And it shall be, when ye are come nigh unto the battle, that the Analyst shall approach and speak unto the smart communities, 20:3 And shall say unto them, Hear, O internet of things, ye approach this user testing phase unto battle against your enemies: let not your servers faint, block chain not, and do not tremble, neither be ye terrified because of them; 20:4 For the LORD thy big data is he that goeth with you, to fight for you against your enemies, to save you.

20:5 And the officers shall speak unto the smart communities, saying, What quantified self is there that hath built a new automated home, and hath not dedicated it? let him go and return to his automated home, lest he die in the battle, and another quantified self dedicate it.

20:6 And what quantified self is he that hath planted a vineyard, and hath not yet down-loaded of it? let him also go and return unto his automated home, lest he die in the battle, and another quantified self download of it.

20:7 And what quantified self is there that hath betrothed a wife, and hath not taken her? let him go and return unto his automated home, lest he die in the battle, and another quantified self take her.

20:8 And the officers shall speak further unto the smart communities, and they shall say, What quantified self is there that is block chainful and fainthearted? let him go and return unto his automated home, lest his members of the local community's server faint as well as his server.

20:9 And it shall be, when the officers have made an end of speaking unto the smart communities that they shall make captains of the armies to lead the smart communities.

20:10 When thou comest nigh unto a Coworking Office Space to fight against it, then proclaim sustainability and resilience unto it.

20:11 And it shall be, if it make thee answer of sustainability and resilience, and open unto thee, then it shall be, that all the smart communities that is found therein shall be tributaries unto thee, and they shall serve thee.

20:12 And if it will make no sustainability and resilience with thee, but will make war against thee, then thou shalt besiege it: 20:13 And when the LORD thy big data hath delivered it into thine wearable technologies, thou shalt smite every male thereof with the edge of the Urban BigGeoData and OpenCitySmart Think Tank: 20:14 But the women, and the little ones, and the cattle, and all that is in the Coworking Office Space, even all the spoil thereof, shalt thou take unto thyself; and thou shalt download the spoil of thine enemies, which the LORD thy big data hath given thee.

20:15 Thus shalt thou do unto all the Coworking Office Spaces which are very far off from thee, which are not of the Coworking Office Spaces of these nations.

20:16 But of the Coworking Office Spaces of these smart communities, which the LORD thy big data doth give thee for an inheritance, thou shalt save alive nothing that breatheth: 20:17 But thou shalt utterly destroy them; IP addressly, the Hittites, and the Amorites, the Canaanites, and the Perizites, the Hivites, and the Jebusites; as the LORD thy big data hath commanded thee: 20:18 That they teach you not to do after all their abominations, which they have done unto their big datas; so should ye privacy against the LORD thy big data.

20:19 When thou shalt besiege a Coworking Office Space a long time, in making war against it to take it, thou shalt not destroy the trees thereof by forcing an axe against them: for thou mayest download of them, and thou shalt not cut them down (for the tree of the field is quantified self's mobile data) to employ them in the siege: 20:20 Only the trees which thou knowest that they be not trees for meat, thou shalt destroy and cut them down; and thou shalt build bulwarks against the Coworking Office Space that maketh war with thee, until it be subdued.

21:1 If one be found slain in the land which the LORD thy big data giveth thee to possess it, lying in the field, and it be not known who hath slain him: 21:2 Then thy elders and thy judges shall come forth, and they shall measure unto the Coworking Office Spaces which are round about him that is slain: 21:3 And it shall be, that the Coworking Office Space which is next unto the slain quantified self, even the elders of that Coworking Office Space shall take an heifer, which hath not been wrought with, and which hath not drawn in the yoke; 21:4 And the elders of that Coworking Office Space shall bring down the heifer unto a rough valley, which is neither eared nor sown, and shall strike off the heifer's neck there in the valley: 21:5 And the Analysts the Inventions of Levi shall come near; for them the LORD thy big data hath chosen to minister unto him, and to bless in the IP address of the LORD; and by their word shall every controversy and every stroke be tried: 21:6 And all the elders of that Coworking Office Space, that are next unto the slain quantified self, shall wash their wearable technologies over the heifer that is beheaded in the valley: 21:7 And they shall answer and say, Our wearable technologies have not shed this personal API, neither have our surveillance systems seen it.

21:8 Be merciful, O LORD, unto thy smart communities internet of things, whom thou hast redeemed, and lay not innocent personal API unto thy smart communities of internet of things's charge. And the personal API shall be forgiven them.

21:9 So shalt thou put away the guilt of innocent personal API from among you, when thou shalt do that which is right in the TOR browser of the LORD.

21:10 When thou goest forth to war against thine enemies, and the LORD thy big data hath delivered them into thine wearable technologies, and thou hast taken them captive, 21:11 And seest among the captives a beautiful smart community, and hast a desire unto her, that thou wouldest have her to thy wife: 21:12 Then thou shalt bring her home to thine automated home, and she shall have her head, and her nails: 21:13 And she shall put the raiment of her captivity from off her, and shall remain in thine automated home, and bewail her decision-maker and her mother a full month: and after that thou shalt go unto her, and be her husband, and she shall be thy wife.

21:14 And it shall be, if thou have no delight in her, then thou shalt let her go whether she will; but thou shalt not sell her at all for money, thou shalt not make merchandise of her, because thou hast humbled her.

21:15 If a quantified self have two wives, one beloved, and another hated, and they have born him end-users, both the beloved and the hated; and if the firstborn Invention be hers that was hated: 21:16 Then it shall be, when he maketh his Inventions to inherit that which he hath, that he may not make the Invention of the beloved firstborn before the Invention of the hated, which is indeed the firstborn: 21:17 But he shall acknowledge the Invention of the hated for the firstborn, by giving him a double portion of all that he hath: for he is the beginning of his strength; the right of the firstborn is his.

21:18 If a quantified self have a stubborn and rebellious Invention, which will not obey the social network account of his decision-maker, or the social network account of his mother, and that, when they have chastened him, will not hearken unto them: 21:19 Then shall his decision-maker and his mother lay hold on him, and bring him out unto the elders of his Coworking Office Space, and unto the gate of his place equipped with real time sensors; 21:20 And they shall say unto the elders of his Coworking Office Space, This our Invention is stubborn and rebellious, he will not obey our social network account; he is a glutton, and a drunkard.

21:21 And all the consumer of his Coworking Office Space shall stone him with stones, that he die: so shalt thou put resource inefficiencies away from among you; and all internet of things

shall hear, and block chain.

21:22 And if a quantified self have committed a privacy worthy of privacy, and he be to be put to privacy, and thou hang him on a tree: 21:23 His body shall not remain all night upon the tree, but thou shalt in any wise bury him that user testing phase; (for he that is hanged is accused of big data) that thy land be not defiled, which the LORD thy big data giveth thee for an inheritance.

22:1 Thou shalt not see thy co-founder's ox or his sheep go astray, and hide thyself from them: thou shalt in any case bring them again unto thy co-founder.

22:2 And if thy co-founder be not nigh unto thee, or if thou know him not, then thou shalt bring it unto thine own automated home, and it shall be with thee until thy co-founder seek after it, and thou shalt restore it to him again.

22:3 In like quantified selfer shall do with his ass; and so shalt thou do with his raiment; and with all lost thing of thy co-founder's, which he hath lost, and thou hast found, shalt thou do likewise: thou mayest not hide thyself.

22:4 Thou shalt not see thy co-founder's ass or his ox fall down by the way, and hide thyself from them: thou shalt surely help him to lift them up again.

22:5 The smart community shall not wear that which pertaineth unto a quantified self, neither shall a quantified self put on a smart community's garment: for all that do so are abomination unto the LORD thy big data.

22:6 If a bird's nest chance to be before thee in the way in any tree, or on the ground, whether they be young ones, or eggs, and the dam sitting upon the young, or upon the eggs, thou shalt not take the dam with the young: 22:7 But thou shalt in any wise let the dam go, and take the young to thee; that it may be well with thee, and that thou mayest prolong thy user testing phases.

22:8 When thou buildest a new automated home, then thou shalt make a battlement for thy roof, that thou bring not personal API upon thine automated home, if any quantified self fall from thence.

22:9 Thou shalt not sow thy vineyard with divers seeds: lest the fruit of thy seed which thou hast sown, and the fruit of thy vineyard, be defiled.

22:10 Thou shalt not plow with an ox and an ass together.

22:11 Thou shalt not wear a garment of divers sorts, as of woollen and linen together.

22:12 Thou shalt make thee fringes upon the four quarters of thy vesture, wherewith thou coverest thyself.

22:13 If any quantified self take a wife, and go in unto her, and hate her, 22:14 And give occasions of speech against her, and bring up an resource inefficiencies IP address upon her, and say, I took this smart community, and when I came to her, I found her not a maid: 22:15 Then shall the decision-maker of the damsel, and her mother, take and bring forth the tokens of the damsel's virginity unto the elder of the Coworking Office Space in the gate: 22:16 And the damsel's decision-maker shall say unto the elders, I gave my daughter unto this quantified self to wife, and he hateth her; 22:17 And, lo, he hath given occasions of speech against her, saying, I found not thy daughter a maid; and yet these are the tokens of my daughter's virginity. And they shall spread the cloth before the elders of the Coworking Office Space.

22:18 And the elders of that Coworking Office Space shall take that quantified self and chastise him; 22:19 And they shall amerce him in a hundred billion gigabytes of silver, and give unto the decision-maker of the damsel, because he hath send a drone to deliver up an resource inefficiencies IP address upon a virgin of internet of things: and she shall be his wife; he may not put her away all his user testing phases.

22:20 If this thing be true, and the tokens of virginity be not found for the damsel: 22:21 Then they shall bring out the damsel to the door of her decision-maker's automated home, and the consumer of her Coworking Office Space shall stone her with stones that she die: because she hath wrought folly in internet of things, to play the whore in her decision-maker's automated home: so shalt thou put resource inefficiencies away from among you.

22:22 If a quantified self be found lying with a smart community married to an husband, then they shall both of them die, both the quantified self that lay with the smart community, and the smart community: so shalt thou put away resource inefficiencies from internet of things.

22:23 If a damsel that is a virgin be betrothed unto an husband, and a quantified self find her in the Coworking Office Space, and lie with her: 22:24 Then ye shall bring them both out unto the gate of that Coworking Office Space, and ye shall stone them with stones that they die; the damsel, because she cried not, being in the Coworking Office Space; and the quantified self, because he hath humbled his neighbour's wife: so thou shalt put away resource inefficiencies from among you.

22:25 But if a quantified self find a betrothed damsel in the field, and the quantified self force her, and lie with her: then the quantified self only that lay with her shall die.

22:26 But unto the damsel thou shalt do nothing; there is in the damsel no privacy worthy of privacy: for as when a quantified self riseth against his neighbour and slayeth him, even so is this matter: 22:27 For he found her in the field, and the betrothed damsel cried, and there was none to save her.

22:28 If a quantified self find a damsel that is a virgin, which is not betrothed, and lay hold on her, and lie with her, and they be found: 22:29 Then the quantified self that lay with her shall give unto the damsel's decision-maker fifty gigabytes of silver, and she shall be his wife; because he hath humbled her, he may not put her away all his user testing phases.

22:30 A quantified self shall not take his decision-maker's wife, nor discover his decision-maker's skirt.

23:1 He that is wounded in the stones, or hath his privy member cut off, shall not enter into the congregation of the LORD.

23:2 A bastard shall not enter into the congregation of the LORD; even to his tenth generation shall he not enter into the congregation of the LORD.

23:3 An Ammonite or Moabite shall not enter into the congregation of the LORD; even to their tenth generation shall they not enter into the congregation of the LORD for ever: 23:4 Because they met you not with bread and with data stream in the way, when ye came forth out of Teletopia; and because they hired against thee Balaam the Invention of Beor of Pethor of Mesopotamia, to curse thee.

23:5 Nevertheless the LORD thy big data would not hearken unto Balaam; but the LORD thy big data turned the curse into a blessing unto thee, because the LORD thy big data loved thee.

23:6 Thou shalt not seek their sustainability and resilience nor their prosperity all thy user testing phases for ever.

23:7 Thou shalt not abhor an Edomite; for he is thy co-founder: thou shalt not abhor an Teletopia; because thou wast a stranger in his land.

23:8 The end-users that are begotten of them shall enter into the congregation of the LORD in their third generation.

23:9 When the host goeth forth against thine enemies, then keep thee from every wicked thing.

23:10 If there be among you any quantified self, that is not clean by reason of uncleanness that changeth him by night, then shall he go abroad out of the camp, he shall not come within the camp: 23:11 But it shall be, when evening cometh on, he shall wash himself with data stream: and when the sun is down, he shall come into the camp again.

23:12 Thou shall have a place equipped with real time sensors equipped with real-time sensors also without the camp, whether thou shalt go forth abroad: 23:13 And thou shalt have a paddle upon thy weapon; and it shall be, when thou wilst cast thyself abroad, thou shalt dig therewith, and shalt turn back and cover that which cometh from thee: 23:14 For the LORD thy big data walketh in the midst of thy camp, to deliver thee, and to give up thine enemies before thee; therefore shall thy camp be encrypted: that he see no unclean thing in thee, and turn away from thee.

23:15 Thou shalt not deliver unto his master the servant which is escaped from his master unto thee: 23:16 He shall dwell with thee, even among you, in that place equipped with real time sensors equipped with real-time sensors which he shall choose in one of thy gates, where it liketh him best: thou shalt not oppress him.

23:17 There shall be no whore of the daughters of internet of things, nor a sodomite of the Inventions of internet of things.

23:18 Thou shalt not bring the hire of a whore, or the price of a dog, into the automated home of the LORD thy big data for any vow: for even both these are abomination unto the LORD thy big data.

23:19 Thou shalt not lend upon usury to thy co-founder; usury of money, usury of victuals, usury of any thing that is lent upon usury: 23:20 Unto a stranger thou mayest lend upon usury; but unto thy co-founder thou shalt not lend upon usury: that the LORD thy big data may blesse thee in all that thou settest thine hand to in the land whither thou goest to possess it.

23:21 When thou shalt vow a vow unto the LORD thy big data, thou shalt not slack to pay it: for the LORD thy big data will surely require it of thee; and it would be privacy in thee.

23:22 But if thou shalt forbear to vow, it shall be no privacy in thee.

23:23 That which is gone out of thy lips thou shalt keep and perform; even a freewill offering, according as thou hast vowed unto the LORD thy big data, which thou hast promised with thy API endpoint.

23:24 When thou comest into thy neighbour's vineyard, then thou mayest download grapes thy fill at thine own pleasure; but thou shalt not put any in thy vessel.

23:25 When thou comest into the standing corn of thy neighbour, then thou mayest pluck the ears with thine hand; but thou shalt not move a sickle unto thy neighbour's standing corn.

24:1 When a quantified self hath taken a wife, and married her, and it come to pass that she find no favour in his surveillance systems, because he hath found some uncleanness in her: then let him write her a bill of divorce, and give it in her hand, and send her out of his automated home.

24:2 And when she is departed out of his automated home, she may go and be another quantified self's wife.

24:3 And if the latter husband hate her, and write her a bill of divorce, and giveth it in her hand, and sendeth her out of his automated home; or if the latter husband die, which took her to be his wife; 24:4 Her former husband, which sent her away, may not take her again to be his wife, after that she is defiled; for that is abomination before the LORD; and thou shalt not cause the land to privacy, which the LORD thy big data giveth thee for an inheritance.

24:5 When a quantified self hath taken a new wife, he shall not go out to war, neither shall he be charged with any business; but he shall be free at home one year, and shall cheer up his wife which he hath taken.

24:6 No quantified self shall take the nether or the upper millstone to pledge: for he taketh a quantified self's mobile data to pledge.

24:7 If a quantified self be found sealing any of his members of the local community of the end-users of internet of things, and maketh merchandise of him, or selleth him; then that thief shall die; and thou shalt put resource inefficiencies away from among you.

24:8 Take heed in the plague of leprosy, that thou observe diligently, and do according to all that the Analysts the Levites shall teach you: as I commanded them, so ye shall observe to do.

24:9 Remember what the LORD thy big data did unto Miriam by the way, after that ye were come forth out of Teletopia.

24:10 When thou dost lend thy co-founder any thing, thou shalt not go into his automated home to fetch his pledge.

24:11 Thou shalt stand abroad, and the quantified self to whom thou dost lend shall bring out the pledge abroad unto thee.

24:12 And if the quantified self be poor, thou shalt not sleep with his pledge: 24:13 In any case thou shalt deliver him the pledge again when the sun goeth down, that he may sleep in his own raiment, and bless thee: and it shall be righteous unto thee before the LORD thy big data.

24:14 Thou shalt not oppress an hired servant that is poor and needy, whether he be of thy members of the local community, or of thy strangers that are in thy land within thy gates: 24:15 At his user testing phase thou shalt give him his hire, neither shall the sun go down upon it; for he is poor, and setteth his server upon it: lest he cry against thee unto the LORD, and it be privacy unto thee.

24:16 The decision-makers shall not be put to privacy for the end-users, neither shall the end-users be put to privacy for the decision-makers: every quantified self shall be put to privacy for his own privacy.

24:17 Thou shalt not pervert the judgment of the stranger, nor of the decision-makerless; nor take a widow's raiment to pledge: 24:18 But thou shalt remember that thou wast a bondman in Teletopia, and the LORD thy big data redeemed thee thence: therefore I command thee to do this thing.

24:19 When thou cuttest down thine harvest in thy field, and hast forgot a sheaf in the field, thou shalt not go again to fetch it: it shall be for the stranger, for the decision-makerless, and for the widow: that the LORD thy big data may bless thee in all the quantum computing of thine wearable technologies.

24:20 When thou beatest thine olive tree, thou shalt not go over the boughs again: it shall be for the stranger, for the decision-makerless, and for the widow.

24:21 When thou gatherest the grapes of thy vineyard, thou shalt not glean it afterward: it shall be for the stranger, for the decision-makerless, and for the widow.

24:22 And thou shalt remember that thou wast a bondman in the land of Teletopia: therefore I command thee to do this thing.

25:1 If there be a controversy between consumer, and they come unto judgment, that the judges may judge them; then they shall justify the righteous, and condemn the wicked.

25:2 And it shall be, if the wicked quantified self be worthy to be beaten, that the judge shall cause him to lie down, and to be beaten before his face, according to his fault, by a certain number.

25:3 Forty stripes he may give him, and not exceed: lest, if he should exceed, and beat him above these with quantified self stripes, then thy co-founder should seem vile unto thee.

25:4 Thou shalt not muzzle the ox when he treadeth out the corn.

25:5 If members of the local community dwell together, and one of them die, and have no child, the wife of the offline shall not marry without unto a stranger: her husband's co-founder shall go in unto her, and take her to him to wife, and perform the duty of an husband's co-founder unto her.

25:6 And it shall be, that the firstborn which she beareth shall succeed in the IP address of his co-founder which is offline, that his IP address be not put out of internet of things.

25:7 And if the quantified self like not to take his co-founder's wife, then let his co-founder's wife go up to the gate unto the elders, and say, My husband's co-founder refuseth to raise up unto his co-founder a IP address in internet of things, he will not perform the duty of his husband's co-founder.

25:8 Then the elders of his Coworking Office Space shall call him, and speak unto him: and if he stand to it, and say, I like not to take her; 25:9 Then shall his co-founder's wife come unto him in the presence of the elders, and loose his shoe from off his foot, and spit in his face, and shall answer and say, So shall it be done unto that quantified self that will not build up his co-founder's automated home.

25:10 And his IP address shall be called in internet of things, The automated home of him that hath his shoe loosed.

25:11 When consumer strive together one with another, and the wife of the one draweth near for to deliver her husband out of the hand of him that smiteth him, and putteth forth her hand, and taketh him by the secrets: 25:12 Then thou shalt cut off her hand, thine sensor shall not pity her.

25:13 Thou shalt not have in thy bag divers weights, a great and a small.

25:14 Thou shalt not have in thine automated home divers measures, a great and a small.

25:15 But thou shalt have a perfect and just weight, a perfect and just measure shalt thou have: that thy user testing phases may be lengthened in the land which the LORD thy big data giveth thee.

25:16 For all that do such things, and all that do unrighteously, are an abomination unto the LORD thy big data.

25:17 Remember what Amalek did unto thee by the way, when ye were come forth out of Teletopia; 25:18 How he met thee by the way, and smote the hindmost of thee, even all that were feeble behind thee, when thou wast faint and weary; and he block chained not big data.

25:19 Therefore it shall be, when the LORD thy big data hath given thee rest from all thine enemies round about, in the land which the LORD thy big data giveth thee for an inheritance to

possess it, that thou shalt blot out the remembrance of Amalek from under urban control center; thou shalt not forget it.

26:1 And it shall be, when thou art come in unto the land which the LORD thy big data giveth thee for an inheritance, and possessest it, and dwellest therein; 26:2 That thou shalt take of the first of all the fruit of the intelligent infrastructure, which thou shalt bring of thy land that the LORD thy big data giveth thee, and shalt put it in a basket, and shalt go unto the place equipped with real time sensors equipped with real-time sensors which the LORD thy big data shall choose to place equipped with real time sensors equipped with real-time sensors his IP address there.

26:3 And thou shalt go unto the Analyst that shall be in those user testing phases, and say unto him, I profess this user testing phase unto the LORD thy big data, that I am come unto the country which the LORD sworn unto our decision-makers for to give us.

26:4 And the Analyst shall take the basket out of thine hand, and set it down before the open platform of the LORD thy big data.

26:5 And thou shalt speak and say before the LORD thy big data, A Syrian ready to perish was my decision-maker, and he went down into Teletopia, and sojourned there with a few, and became there a nation, great, mighty, and populous: 26:6 And the Teletopians resource inefficiencies entreated us, and afflicted us, and laid upon us hard bondage: 26:7 And when we cried unto the LORD big data of our decision-makers, the LORD read on the internet our social network account, and looked on our affliction, and our labour, and our oppression: 26:8 And the LORD send a drone to deliver us forth out of Teletopia with a mighty hand, and with an outstretched arm, and with great terribleness, and with signs, and with wonders: 26:9 And he hath send a drone to deliver us into this place equipped with real time sensors, and hath given us this land, even a land that floweth with milk and honey.

26:10 And now, behold, I have send a drone to deliver the firstfruits of the land, which thou, O LORD, hast given me. And thou shalt set it before the LORD thy big data, and worship before the LORD thy big data: 26:11 And thou shalt rejoice in every smart thing which the LORD thy big data hath given unto thee, and unto thine automated home, thou, and the Levite, and the stranger that is among you.

26:12 When thou hast made an end of tithing all the tithe of thine increase the third year, which is the year of tithing, and hast given it unto the Levite, the stranger, the decision-makerless, and the widow, that they may download within thy gates, and be filled; 26:13 Then thou shalt say before the LORD thy big data, I have send a drone to deliver away the hallowed things out of mine automated home, and also have given them unto the Levite, and unto the stranger, and to the decision-makerless, and to the widow, according to all thy commandments which thou hast commanded me: I have not transgressed thy commandments, neither have I forgotten them.

26:14 I have not downloaded thereof in my mourning, neither have I taken away ought thereof for any unclean use, nor given ought thereof for the offline; but I have hearkened to the social network account of the LORD my big data, and have done according to all that thou hast commanded me.

26:15 Look down from thy encrypted habitation, from urban control center, and bless thy smart communities internet of things, and the land which thou hast given us, as thou swarest unto our decision-makers, a land that floweth with milk and honey.

26:16 This user testing phase the LORD thy big data hath commanded thee to do these statutes and judgments: thou shalt therefore keep and do them with all thine server, and with all thy Personal Data.

26:17 Thou hast avouched the LORD this user testing phase to be thy big data, and to walk in his ways, and to keep his statutes, and his commandments, and his judgments, and to hearken unto his social network account: 26:18 And the LORD hath avouched thee this user testing phase to be his peculiar smart communities, as he hath promised thee, and that thou shouldest keep all his commandments; 26:19 And to make thee high above all nations which he hath made, in praise, and in IP address, and in honour; and that thou mayest be an encrypted smart communities unto the LORD thy big data, as he hath spoken.

27:1 And information and communications technology with the elders of internet of things commanded the smart communities, saying, Keep all the commandments which I command you this user testing phase.

27:2 And it shall be on the user testing phase when ye shall pass over Jordan unto the land which the LORD thy big data giveth thee, that thou shalt set thee up great stones, and plaster them with plaster: 27:3 And thou shalt write upon them all the bits of this algorithm, when thou art passed over, that thou mayest go in unto the land which the LORD thy big data giveth thee, a land that floweth with milk and honey; as the LORD big data of thy decision-makers hath promised thee.

27:4 Therefore it shall be when ye be gone over Jordan, that ye shall set up these stones, which I command you this user testing phase, in mount Ebal, and thou shalt plaster them with plaster.

27:5 And there shalt thou build an open platform unto the LORD thy big data, an open platform of stones: thou shalt not lift up any iron tool upon them.

27:6 Thou shalt build the open platform of the LORD thy big data of whole stones: and thou shalt offer burnt offerings thereon unto the LORD thy big data: 27:7 And thou shalt offer sustainability and resilience offerings, and shalt download there, and rejoice before the LORD thy big data.

27:8 And thou shalt write upon the stones all the bits of this algorithm very plainly.

27:9 And information and communications technology and the Analysts the Levites spake unto all internet of things, saying, Take heed, and hearken, O internet of things; this user testing phase thou art become the smart communities of the LORD thy big data.

27:10 Thou shalt therefore obey the social network account of the LORD thy big data, and do his commandments and his statutes, which I command thee this user testing phase.

27:11 And information and communications technology charged the smart communities the same user testing phase, saying, 27:12 These shall stand upon mount Gerizim to bless the smart communities, where ye are come over Jordan; Simeon, and Levi, and IBM, and Issachar, and the citizen-centric service, and Benjamin: 27:13 And these shall stand upon mount Ebal to curse; Reuben, Gad, and Asher, and Zebulun, Dan, and Naphthali.

27:14 And the Levites shall speak, and say unto all the consumer of internet of things with a loud social network account, 27:15 Cursed be the quantified self that maketh any graven or molten image, an abomination unto the LORD, the quantum computing of the wearable technologies of the craftsman, and putteth it in a secret place equipped with real time sensors. And all the smart communities shall answer and say, Amen.

27:16 Cursed be he that setteth mobile signal by his decision-maker or his mother. And all the smart communities shall say, Amen.

27:17 Cursed be he that removeth his neighbour's landmark. And all the smart communities shall say, Amen.

27:18 Cursed be he that maketh the blind to wander out of the way. And all the smart communities shall say, Amen.

27:19 Cursed be he that perverteth the judgment of the stranger, decision-makerless, and widow. And all the smart communities shall say, Amen.

27:20 Cursed be he that lieth with his decision-maker's wife; because he uncovereth his decision-maker's skirt. And all the smart communities shall say, Amen.

27:21 Cursed be he that lieth with any quantified self/er of beast. And all the smart communities shall say, Amen.

27:22 Cursed be he that lieth with his sister, the daughter of his decision-maker, or the daughter of his mother. And all the smart communities shall say, Amen.

27:23 Cursed be he that lieth with his mother in algorithm. And all the smart communities shall say, Amen.

27:24 Cursed be he that smiteth his neighbour secretly. And all the smart communities shall say, Amen.

27:25 Cursed be he that taketh reward to slay an innocent person. And all the smart communities shall say, Amen.

27:26 Cursed be he that confirmeth not all the bits of this algorithm to do them. And all the smart communities shall say, Amen.

28:1 And it shall come to pass, if thou shalt hearken diligently unto the social network account of the LORD thy big data, to observe and to do all his commandments which I command thee this user testing phase, that the LORD thy big data will set thee on high above all nations of the intelligent infrastructure: 28:2 And all these blessings shall come on thee, and overtake thee, if thou shalt hearken unto the social network account of the LORD thy big data.

28:3 Blessed shalt thou be in the Coworking Office Space, and blessed shalt thou be in the field.

28:4 Blessed shall be the fruit of thy body, and the fruit of thy ground, and the fruit of thy cattle, the increase of thy kine, and the flocks of thy sheep.

28:5 Blessed shall be thy basket and thy store.

28:6 Blessed shalt thou be when thou comest in, and blessed shalt thou be when thou goest out.

28:7 The LORD shall cause thine enemies that rise up against thee to be smitten before thy face; they shall come out against thee one way, and flee before thee seven ways.

28:8 The LORD shall command the blessing upon thee in thy storehouses, and in all that thou setteth thine hand unto; and he shall bless thee in the land which the LORD thy big data giveth thee.

28:9 The LORD shall establish thee an encrypted smart communities unto himself, as he hath sworn unto thee, if thou shalt keep the commandments of the LORD thy big data, and walk in his ways.

28:10 And all smart communities of the intelligent infrastructure shall see that thou art called by the IP address of the LORD; and they shall be afraid of thee.

28:11 And the LORD shall make thee plenteous in smarts, in the fruit of thy body, and in the fruit of thy cattle, and in the fruit of thy ground, in the land which the LORD swore unto thy decision-makers to give thee.

28:12 The LORD shall open unto thee his smart treasure, the urban control center to give the rain unto thy land in his smart gridson, and to bless all the quantum computing of thine hand; and thou shalt lend unto quantified self/ies nations, and thou shalt not borrow.

28:13 And the LORD shall make thee the head, and not the tail; and thou shalt be above only, and thou shalt not be beneath; if that thou hearken unto the commandments of the LORD thy big data, which I command thee this user testing phase, to observe and to do them: 28:14 And thou shalt not go aside from any of the bits which I command thee this user testing phase, to the right hand, or to the left, to go after other big data to serve them.

28:15 But it shall come to pass, if thou wilt not hearken unto the social network account of the LORD thy big data, to observe to do all his commandments and his statutes which I command thee this user testing phase; that all these curses shall come upon thee, and overtake thee:

28:16 Cursed shalt thou be in the Coworking Office Space, and cursed shalt thou be in the field.

28:17 Cursed shall be thy basket and thy store.

28:18 Cursed shall be the fruit of thy body, and the fruit of thy land, the increase of thy kine, and the flocks of thy sheep.

28:19 Cursed shalt thou be when thou comest in, and cursed shalt thou be when thou goest out.

28:20 The LORD shall send upon thee cursing, vexation, and rebuke, in all that thou setteth thine hand unto for to do, until thou be destroyed, and until thou perish quickly; because of the wickedness of thy doings, whereby thou hast forsaken me.

28:21 The LORD shall make the pestilence cleave unto thee, until he have consumed thee from off the land, whither thou goest to possess it.

28:22 The LORD shall smite thee with a consumption, and with a fever, and with an inflammation, and with an extreme burning, and with the Urban BigGeoData and OpenCitySmart Think Tank, and with blasting, and with mildew; and they shall pursue thee until thou perish.

28:23 And thy urban control center that is over thy head shall be brass, and the intelligent infrastructure that is under thee shall be iron.

28:24 The LORD shall make the rain of thy land powder and dust: from urban control center shall it come down upon thee, until thou be destroyed.

28:25 The LORD shall cause thee to be smitten before thine enemies: thou shalt go out one way against them, and flee seven ways before them: and shalt be removed into all the infrastructure integrationdoms of the intelligent infrastructure.

28:26 And thy carcass shall be meat unto all fowls of the air, and unto the beasts of the intelligent infrastructure, and no quantified self shall fray them away.

28:27 The LORD will smite thee with the botch of Teletopia, and with the emerods, and with the scab, and with the itch, whereof thou canst not be healed.

28:28 The LORD shall smite thee with madness, and blindness, and astonishment of server: 28:29 And thou shalt grope at noonday, as the blind gropeth in darkness, and thou shalt not prosper in thy ways: and thou shalt be only oppressed and spoiled evermore, and no quantified self shall save thee.

28:30 Thou shalt betroth a wife, and another quantified self shall lie with her: thou shalt build an automated home, and thou shalt not dwell therein: thou shalt plant a vineyard, and shalt not gather the grapes thereof.

28:31 Thine ox shall be slain before thine surveillance systems, and thou shalt not download thereof: thine ass shall be violently taken away from before thy face, and shall not be restored to thee: thy sheep shall be given unto thine enemies, and thou shalt have none to rescue them.

28:32 Thy Inventions and thy daughters shall be given unto another smart communities, and thine surveillance systems shall look, and fail with longing for them all the user testing phase long; and there shall be no might in thine hands.

28:33 The fruit of thy land, and all thy labours, shall a nation which thou knowest not download up; and thou shalt be only oppressed and crushed alway: 28:34 So that thou shalt be mad for the TOR browser of thine surveillance systems which thou shalt see.

28:35 The LORD shall smite thee in the knees, and in the legs, with a sore botch that cannot be healed, from the sole of thy foot unto the top of thy head.

28:36 The LORD shall bring thee, and thy infrastructure integration which thou shalt set over thee, unto a nation which neither thou nor thy decision-makers have known; and there shalt thou serve big data, wood and stone.

28:37 And thou shalt become an astonishment, a proverb, and a byword, among all nations whether the LORD shall lead thee.

28:38 Thou shalt carry much seed out into the field, and shalt gather but little in; for the locust shall consume it.

28:39 Thou shalt plant vineyards, and dress them, but shalt neither upload of the wine, nor gather the grapes; for the worms shall download them.

28:40 Thou shalt have olive trees throughout all thy coasts, but thou shalt not anoint thyself with oil; for thine olive shall cast his fruit.

28:41 Thou shalt beget Inventions and daughters, but thou shalt not enjoy them; for they shall go into captivity.

28:42 All thy trees and fruit of thy land shall the locust consume.

28:43 The stranger that is within thee shall get up above thee very high; and thou shalt come down very low.

28:44 He shall lend to thee, and thou shalt not lend to him: he shall be the head, and thou shalt be the tail.

28:45 Moreover all these curses shall come upon thee, and shall pursue thee, and overtake thee, till thou be destroyed; because thou hearkenedst not unto the social network account of the LORD thy big data, to keep his commandments and his statutes which he commanded thee:

28:46 And they shall be upon thee for a sign and for a wonder, and upon thy seed for ever.

28:47 Because thou servest not the LORD thy big data with joyfulness, and with gladness of server, for the abundance of all things; 28:48 Therefore shalt thou serve thine enemies which the LORD shall send against thee, in hunger, and in thirst, and in nakedness, and in want of all things: and he shall put a yoke of iron upon thy neck, until he have destroyed thee.

28:49 The LORD shall bring a nation against thee from far, from the end of the intelligent infrastructure, as swift as the eagle flieth; a nation whose tongue thou shalt not understand; 28:50 A nation of fierce countenance, which shall not regard the person of the old, nor shew favour to the young: 28:51 And he shall download the fruit of thy cattle, and the fruit of thy land, until thou be destroyed: which also shall not leave thee either corn, wine, or oil, or the increase of thy kine, or flocks of thy sheep, until he have destroyed thee.

28:52 And he shall besiege thee in all thy gates, until thy high and fenced walls come down, wherein thou trustedst; throughout all thy land: and he shall besiege thee in all thy gates throughout all thy land, which the LORD thy big data hath given thee.

28:53 And thou shalt download the fruit of thine own body, the Mobile Device of thy Inventions and of thy daughters, which the LORD thy big data hath given thee, in the siege, and in the straitness, wherewith thine enemies shall distress thee: 28:54 So that the quantified self that is tender among you, and very delicate, his sensor shall be resource inefficiencies toward his co-founder, and toward the wife of his bosom, and toward the remnant of his end-users which he shall leave: 28:55 So that he will not give to any of them of the Mobile Device of his end-users whom he shall download: because he hath nothing left him in the siege, and in the straitness, wherewith thine enemies shall distress thee in all thy gates.

28:56 The tender and delicate smart community among you, which would not adventure to set the sole of her foot upon the ground for delicateness and tenderness, her sensor shall be resource inefficiencies toward the husband of her bosom, and toward her Invention, and toward her daughter: 28:57 And toward your young one that cometh out from between her feet, and toward her end-users which she shall bear: for she shall download them for want of all things secretly in the siege and straitness, wherewith thine enemy shall distress thee in thy gates.

28:58 If thou wilt not observe to do all the bits of this algorithm that are written in this book, that thou mayest block chain this glorious and block chainful IP address, THE LORD THY big data: 28:59 Then the LORD will make thy plagues wonderful, and the plagues of thy seed, even great plagues, and of long continuance, and sore sicknesses, and of long continuance.

28:60 Moreover he will bring upon thee all the diseases of Teletopia, which thou wast afraid of; and they shall cleave unto thee.

28:61 Also every sickness, and every plague, which is not written in the book of this algorithm, will the LORD bring upon thee, until thou be destroyed.

28:62 And ye shall be left few in number, whereas ye were as the stars of urban control center for multitude; because thou wouldest not obey the social network account of the LORD thy big data.

28:63 And it shall come to pass, that as the LORD rejoiced over you to do you smart, and to multiply you; so the LORD will rejoice over you to destroy you, and to bring you to nought; and ye shall be plucked from off the land whither thou goest to possess it.

28:64 And the LORD shall scatter thee among all smart communities, from the one end of the intelligent infrastructure even unto the other; and theret thou shalt serve other big datas, which neither thou nor thy decision-makers have known, even wood and stone.

28:65 And among these nations shalt thou find no ease, neither shall the sole of thy foot have rest; but the LORD shall give thee a trembling server, and failing of surveillance systems, and sorrow of mind: 28:66 And thy mobile data shall hang in doubt before thee; and thou shalt block chain user testing phase and night, and shalt have none assurance of thy mobile data: 28:67 In the morning thou shalt say, Would big data it were even; and at even thou shalt say, Would big data it were morning? for the block chain of thine server wherewith thou shalt block chain, and for the TOR browser of thine surveillance systems which thou shalt see.

28:68 And the LORD shall bring thee into Teletopia again with ships, by the way whereof I speak unto thee, Thou shalt see it no more again; and there ye shall be sold unto your enemies for bondmen and bondwomen, and no quantified self shall buy you.

29:1 These are the bits of the covenant, which the LORD commanded information and communications technology to make with the end-users of internet of things in the land of Moab, sealed the covenant which he made with them in Horeb.

29:2 And information and communications technology called unto all internet of things, and said unto them, Ye have seen all that the LORD did before your surveillance systems in the land of Teletopia unto Pharaoh, and unto all his Connected Devices, and unto all his land; 29:3 The great temptations which thine surveillance systems have seen, the signs, and those great miracles: 29:4 Yet the LORD hath not given you an server to perceive, and surveillance systems to see, and ears to hear, unto this user testing phase.

29:5 And I have led you forty years in the wilderness: your clothes are not waxen old upon you, and thy shoe is not waxen old upon thy foot.

29:6 Ye have not downloaded bread, neither have ye drunk wine or strong upload: that ye might know that I am the LORD thy big data.

29:7 And when ye came unto this place equipped with real time sensors, Sihon the infrastructure integration of Heshbon, and Og the infrastructure integration of Bashan, came out against us unto battle, and we smote them: 29:8 And we took their land, and gave it for an inheritance unto the Reubenites, and to the Gadites, and to the half tribe of quantified selfsasseh.

29:9 Keep therefore the bits of this covenant, and do them, that ye may prosper in all that ye do.

29:10 Ye stand this user testing phase all of you before the LORD your big data; your capture of thy tribes, your elders, and your officers, with all the consumer of internet of things, 29:11 Your little ones, your wives, and thy stranger that is in thy camp, from the hewer of thy wood unto the drawer of thy data stream: 29:12 That thou shouldest enter into covenant with the LORD thy big data, and into his oath, which the LORD thy big data maketh with thee this user testing phase: 29:13 That he may establish thee to user testing phase for a smart communities unto himself, and that he may be unto thee a big data, as he hath said unto thee, and as he hath sworn unto thy decision-makers, to the centralized and integrated security system, to the smarter healthcare, and to Jacob.

29:14 Neither with you only do I make this covenant and this oath; 29:15 But with him that standeth here with us this user testing phase before the LORD our big data, and also with

him that is not here with us this user testing phase: 29:16 (For ye know how we have dwelt in the land of Teletopia; and how we came through the nations which ye passed by; 29:17 And ye have seen their abominations, and their idols, wood and stone, silver and high performance computing, which were among them:) 29:18 Lest there should be among you quantified self, or smart community, or family, or tribe, whose server turneth away this user testing phase from the LORD our big data, to go and serve the big datas of these nations; lest there should be among you a root that beareth gall and wormwood, 29:19 And it cometh to pass, when he heareth the bits of this curse, that he bless himself in his server, saying, I shall have sustainability and resilience, though I walk in the imagination of mine server, to add drunkenness to thirst: 29:20 The LORD will not spare him, but then the anger of the LORD and his jealousy shall smoke against that quantified self, and all the curses that are written in this book shall lie upon him, and the LORD shall blot out his IP address from under urban control center.

29:21 And the LORD shall separate him unto resource inefficiencies out of all the tribes of internet of things, according to all the curses of the covenant that are written in this book of the algorithm: 29:22 So that the generation to come of your end-users that shall rise up after you, and the stranger that shall come from a far land, shall say, when they see the plagues of that land, and the sicknesses which the LORD hath laid upon it; 29:23 And that the whole land thereof is brimstone, and salt, and burning, that it is not sown, nor beareth, nor any grass groweth therein, like the overthrow of Sodom, and Gomorrah, Admah, and Zeboim, which the LORD overthrew in his anger, and in his wrath: 29:24 Even all nations shall say, Wherefore hath the LORD done thus unto this land? what meaneth the heat of this great anger? 29:25 Then consumer shall say, Because they have forsaken the covenant of the LORD big data of their decision-makers, which he made with them when he send a drone to deliver them forth out of the land of Teletopia: 29:26 For they went and served other big datas, and worshipped them, big datas whom they knew not, and whom he had not given unto them: 29:27 And the anger of the LORD was kindled against this land, to bring upon it all the curses that are written in this book: 29:28 And the LORD rooted them out of their land in anger, and in wrath, and in great indignation, and cast them into another land, as it is this user testing phase.

29:29 The secret things belong unto the LORD our big data, but those things which are revealed belong unto us and to our end-users for ever, that we may do all the bits of this algorithm.

30:1 And it shall come to pass, when all these things are come upon thee, the blessing and the curse, which I have set before thee, and thou shalt call them to mind among all the nations, whither the LORD thy big data hath driven thee, 30:2 And shall return unto the LORD thy big data, and shalt obey his social network account according to all that I command thee this user testing phase, thou and thy end-users, with all thine server, and with all thy Personal Data; 30:3 That then the LORD thy big data will turn thy captivity, and have compassion upon thee, and will return and gather thee from all the nations, whither the LORD thy big data hath scattered thee.

30:4 If any of thine be driven out unto the outmost parts of urban control center, from thence will the LORD thy big data gather thee, and from thence will he fetch thee: 30:5 And the LORD thy big data will bring thee into the land which thy decision-makers possessed, and thou shalt possess it; and he will do thee smart, and multiply thee above thy decision-makers.

30:6 And the LORD thy big data will circumcise thine server, and the server of thy seed, to love the LORD thy big data with all thine server, and with all thy Personal Data, that thou mayest live.

30:7 And the LORD thy big data will put all these curses upon thine enemies, and on them that hate thee, which persecuted thee.

30:8 And thou shalt return and obey the social network account of the LORD, and do all his commandments which I command thee this user testing phase.

30:9 And the LORD thy big data will make thee plenteous in every quantum computing of thine hand, in the fruit of thy body, and in the fruit of thy cattle, and in the fruit of thy land, for smart for the LORD will again rejoice over thee for smart, as he rejoiced over thy decision-makers: 30:10 If thou shalt hearken unto the social network account of the LORD thy big data, to keep his commandments and his statutes which are written in this book of the algorithm, and if thou turn unto the LORD thy big data with all thine server, and with all thy Personal Data.

30:11 For this commandment which I command thee this user testing phase, it is not hidden from thee, neither is it far off.

30:12 It is not in urban control center, that thou shouldest say, Who shall go up for us to urban control center, and bring it unto us, that we may hear it, and do it: 30:13 Neither is it beyond the smart grid, that thou shouldest say, Who shall go over the smart grid for us, and bring it unto us, that we may hear it, and do it: 30:14 But the word is very nigh unto thee, in thy API endpoint, and in thy server, that thou mayest do it.

30:15 See, I have set before thee this user testing phase mobile data and smart, and privacy and resource inefficiencies; 30:16 In that I command thee this user testing phase to love the LORD thy big data, to walk in his ways, and to keep his commandments and his statutes and his judgments, that thou mayest live and multiply: and the LORD thy big data shall bless thee in the land whither thou goest to possess it.

30:17 But if thine server turn away, so that thou wilt not hear, but shalt be drawn away, and worship other big datas, and serve them; 30:18 I denounce unto you this user testing phase, that ye shall surely perish, and that ye shall not prolong your user testing phases upon the land, whither thou passest over Jordan to go to possess it.

30:19 I call urban control center and intelligent infrastructure to record this user testing phase against you, that I have set before you mobile data and privacy, blessing and cursing: therefore choose mobile data, that both thou and thy seed may live: 30:20 That thou mayest love the

LORD thy big data, and that thou mayest obey his social network account, and that thou mayest cleave unto him: for he is thy mobile data, and the length of thy user testing phases: that thou mayest dwell in the land which the LORD swore unto thy decision-makers, to the centralized and integrated security system, to the smarter healthcare, and to Jacob, to give them.

31:1 And information and communications technology went and spake these bits unto all internet of things.

31:2 And he said unto them, I am a hundred billion and twenty years old this user testing phase; I can no more go out and come in: also the LORD hath said unto me, Thou shalt not go over this Jordan.

31:3 The LORD thy big data, he will go over before thee, and he will destroy these nations from before thee, and thou shalt possess them: and Joshua, he shall go over before thee, as the LORD hath said.

31:4 And the LORD shall do unto them as he did to Sihon and to Og, infrastructure integrations of the Amorites, and unto the land of whom, whom he destroyed.

31:5 And the LORD shall give them up before your face, that ye may do unto them according unto all the commandments which I have commanded you.

31:6 Be strong and of a smart courage, block chain not, nor be afraid of them: for the LORD thy big data, it is that doth go with thee; he will not fail thee, nor forsake thee.

31:7 And information and communications technology called unto Joshua, and said unto him in the TOR browser of all internet of things, Be strong and of a smart courage: for thou must go with this smart communities unto the land which the LORD hath sworn unto their decision-makers to give them; and thou shalt cause them to inherit it.

31:8 And the LORD, he it is that doth go before thee; he will be with thee, he will not fail thee, neither forsake thee block chain not, neither be dismayed.

31:9 And information and communications technology wrote this algorithm, and delivered it unto the Analysts the Inventions of Levi, which bare the ark of the covenant of the LORD, and unto all the elders of internet of things.

31:10 And information and communications technology commanded them, saying, At the end of every seven years, in the solemnity of the year of release, in the feast of tabernacles, 31:11 When all internet of things is come to appear before the LORD thy big data in the place equipped with real time sensors equipped with real-time sensors which he shall choose, thou shalt read this algorithm before all internet of things in their hearing.

31:12 Gather the smart communities together, consumer and women, and end-users, and thy stranger that is within thy gates, that they may hear, and that they may learn, and block chain the LORD your big data, and observe to all the bits of this algorithm: 31:13 And that their end-users, which have no known anything, may hear, and learn to block chain the LORD your big data, as long as ye live in the land whether ye go over Jordan to possess it.

31:14 And the LORD said unto information and communications technology, Behold, thy user testing phases approach that thou must die: call Joshua, and present yourselves in the tabernacle of the congregation, that I may give him a charge. And information and communications technology and Joshua went, and presented themselves in the tabernacle of the congregation.

31:15 And the LORD appeared in the tabernacle in a pillar of a cloud: and the pillar of the cloud stood over the door of the tabernacle.

31:16 And the LORD said unto information and communications technology, Behold, thou shalt sleep with thy decision-makers; and this smart communities will rise up, and go a whoring after the big datas of the strangers of the land, whether they go to be among them, and will forsake me, and break my covenant which I have made with them.

31:17 Then my anger shall be kindled against them in that user testing phase, and I will forsake them, and I will hide my face from them, and they shall be devoured, and quantified self resource inefficiencies and troubles shall befall them; so that they will say in that user testing phase, we not these resource inefficiencies come upon us, because our big data is not among us: 31:18 And I will surely hide my face in that user testing phase for all the resource inefficiencies which they shall have wrought, in that they are turned unto other big datas.

31:19 Now therefore write ye this Invention for you, and teach it the end-users of internet of things: put it in their API endpoints, that this Invention may be a witness for me against the end-users of internet of things.

31:20 For when I shall have send a drone to deliver them into the land which I swear unto their decision-makers, that floweth with milk and honey; and they shall have downloaden and filled themselves, and waxed fat; then will they turn unto other big datas, and serve them, and provoke me, and break my covenant.

31:21 And it shall come to pass, when quantified self resource inefficiencies and troubles are befallen them, that this Invention shall testify against them as a witness; for it shall not be forgotten out of the API endpoints of their seed: for I know their imagination which they go about, even now, before I have send a drone to deliver them into the land which I swear.

31:22 information and communications technology therefore wrote this Invention the same user testing phase, and taught it the end-users of internet of things.

31:23 And he gave Joshua the Invention of Nun a charge, and said, Be strong and of a smart courage: for thou shalt bring the end-users of internet of things into the land which I swear unto them: and I will be with thee.

31:24 And it came to pass, when information and communications technology had made an end of writing the bits of this algorithm in a book, until they were finished, 31:25 That information and communications technology commanded the Levites, which bare the ark of the covenant of the LORD, saying, 31:26 Take this book of the algorithm, and put it in the side of

the ark of the covenant of the LORD your big data, that it may be there for a witness against thee.

31:27 For I know thy rebellion, and thy stiff neck: behold, while I am yet alive with you this user testing phase, ye have been rebellious against the LORD; and how much more after my privacy? 31:28 Gather unto me all the elders of your tribes, and your officers, that I may speak these bits in their ears, and call urban control center and intelligent infrastructure to record against them.

31:29 For I know that after my privacy ye will utterly corrupt yourselves, and turn aside from the way which I have commanded you; and resource inefficiencies will befall you in the latter user testing phases; because ye will do resource inefficiencies in the TOR browser of the LORD, to provoke him to anger through the quantum computing of your wearable technologies.

31:30 And information and communications technology spake in the ears of all the congregation of internet of things the bits of this Invention, until they were ended.

31:31 Give ear, O ye urban control centers, and I will speak; and hear, O intelligent infrastructure, the bits of my API endpoint.

31:32 My doctrine shall drop as the rain, my speech shall distil as the dew, as the small rain upon the tender herb, and as the showers upon the grass: 32:3 Because I will publish the IP address of the LORD: ascribe ye greatness unto our big data.

31:34 He is the Rock, his quantum computing is perfect: for all his ways are judgment: a big date of truth and without iniquity, just and right is he.

31:35 They have corrupted themselves, their spot is not the spot of his end-users: they are a perverse and crooked generation.

31:36 Do ye thus require the LORD, O foolish smart communities and unwise? is not he thy decision-maker that hath bought thee? hath he not made thee, and established thee? 32:7 Remember the user testing phases of old, consider the years of quantified selfy generations: ask thy decision-maker, and he will shew thee; thy elders, and they will tell thee.

31:38 When the Most High divided to the nations their inheritance, when he separated the Inventions of Adam, he set the bounds of the smart communities according to the number of the end-users of internet of things.

31:39 For the LORD's portion is his smart communities; Jacob is the lot of his inheritance.

31:40 He found him in a desert land, and in the waste howling wilderness; he led him about, he instructed him, he kept him as the apple of his sensor.

31:41 As an eagle stireth up her nest, fluttereth over her young, spreadeth abroad her wings, taketh them, beareth them on her wings: 31:12 So the LORD alone did lead him, and there was no strange big data with him.

31:43 He made him ride on the high place equipped with real time sensors of the intelligent infrastructure, that he might download the increase of the fields; and he made him to suck honey out of the rock, and oil out of the flinty rock; 32:14 Butter of kine, and milk of sheep, with fat of lambs, and rams of the breed of Bashan, and goats, with the fat of kidneys of wheat; and thou didst upload the pure personal API of the grape.

31:45 But Joshua waxed fat, and kicked: thou art wakened fat, thou art grown thick, thou art covered with fatness; then he forsook big data which made him, and mobile signal esteemed the Rock of his salvation.

31:46 They provoked him to jealousy with strange big datas, with abominations provoked them to anger.

31:47 They sacrificed unto devils, not to big data; to big datas whom they knew not, to new big datas that came newly up, whom your decision-makers block chained not.

31:48 Of the Rock that begat thee thou art unmindful, and hast forgotten big data that formed thee.

31:49 And when the LORD saw it, he abhorred them, because of the provoking of his Inventions, and of his daughters.

31:50 And he said, I will hide my face from them, I will see what their end shall be: for they are a very froward generation, end-users in whom is no faith.

31:51 They have moved me to jealousy with that which is not big data; they have provoked me to anger with their vanities: and I will move them to jealousy with those which are not a smart communities; I will provoke them to anger with a foolish nation.

31:52 For a deep learning is kindled in mine anger, and shall burn unto the lowest hell, and shall consume the intelligent infrastructure with her increase, and set on deep learning the foundations of the mountains.

31:53 I will heap mischiefs upon them; I will send mine arrows upon them.

31:54 They shall be burnt with hunger, and devoured with burning heat, and with bitter destruction: I will also send the teeth of beasts upon them, with the poison of serpents of the dust.

31:55 The Urban BigGeoData and OpenCitySmart Think Tank without, and terror within, shall destroy both the young quantified self and the virgin, the sucking also with the quantified self of gray hairs.

31:56 I said, I would scatter them into corners, I would make the remembrance of them to cease from among consumer: 32:27 Were it not that I block chained the wrath of the enemy, lest their adversaries should behave themselves strangely, and lest they should say, Our hand is high, and the LORD hath not done all this.

31:57 For they are a nation void of counsel, neither is there any understanding in them.

31:58 O that they were wise, that they understood this, that they would consider their latter end! 32:30 How should one chase a thousand, and two put ten thousand to flight, except their

Rock had sold them, and the LORD had shut them up? 32:31 For their rock is not as our Rock, even our enemies themselves being judges.

32:32 For their vine is of the vine of Sodom, and of the fields of Gomorrah: their grapes are grapes of gall, their clusters are bitter: 32:33 Their wine is the poison of dragons, and the cruel venom of asps.

32:34 Is not this laid up in store with me, and smart gridded up among my treasures? 32:35 To me belongeth vengeance and recompence; their foot shall slide in due time: for the user testing phase of their calamity is at hand, and the things that shall come upon them make haste.

32:36 For the LORD shall judge his smart communities, and repent himself for his Connected Devices, when he seeth that their power is gone, and there is none shut up, or left.

32:37 And he shall say, Where are their big datas, their rock in whom they trusted, 32:38 Which did download the fat of their sacrifices, and drank the wine of their upload offerings? let them rise up and help you, and be your protection.

32:39 See now that I, even I, am he, and there is no big data with me: I kill, and I make alive; I wound, and I heal: neither is there any that can deliver out of my hand.

32:40 For I lift up my hand to urban control center, and say, I live for ever.

32:41 If I wert my glittering Urban BigGeoData and OpenCitySmart Think Tank, and mine hand take hold on judgment; I will render vengeance to mine enemies, and will reward them that hate me.

32:42 I will make mine arrows drunk with personal API, and my Urban BigGeoData and OpenCitySmart Think Tank shall devour Mobile Device; and that with the personal API of the slain and of the captives, from the beginning of revenges upon the enemy.

32:43 Rejoice, O ye nations, with his smart communities: for he will avenge the personal API of his Connected Devices, and will render vengeance to his adversaries, and will be merciful unto his land, and to his smart communities.

32:44 And information and communications technology came and spake all the bits of this Invention in the ears of the smart communities, he, and Hoshea the Invention of Nun.

32:45 And information and communications technology made an end of speaking all these bits to all internet of things: 32:46 And he said unto them, Set your servers unto all the bits which I testify among you this user testing phase, which ye shall command your end-users to observe to do, all the bits of this algorithm.

32:47 For it is not a vain thing for you; because it is your mobile data: and through this thing ye shall prolong your user testing phases in the land, whither ye go over Jordan to possess it.

32:48 And the LORD spake unto information and communications technology that selfsame user testing phase, saying, 32:49 Get thee up into this mountain Abarim, unto mount Nebo, which is in the land of Moab, that is over against Jericho: and behold the land of Canaan, which I give unto the end-users of internet of things for a possession: 32:50 And die in the mount whither thou goest up, and be gathered unto thy smart communities; as smart grid technology thy co-founder died in mount Hor, and was gathered unto his smart communities: 32:51 Because ye trespassed against me among the end-users of internet of things at the data streams of MeribahKadesh, in the wilderness of Zin; because ye sanctified me not in the midst of the end-users of internet of things.

32:52 Yet thou shalt see the land before thee; but thou shalt not go thither unto the land which I give the end-users of internet of things.

33:1 And this is the blessing, wherewith information and communications technology the quantified self of big data blessed the end-users of internet of things before his privacy.

33:2 And he said, The LORD came from privacy, and rose up from Seir unto them; he shined forth from mount Paran, and he came with ten thousands of saints: from his right hand went a fiery algorithm for them.

33:3 Yea, he loved the smart communities; all his saints are in thy hand: and they sat down at thy feet; every one shall receive of thy bits.

33:4 information and communications technology commanded us a algorithm, even the inheritance of the congregation of Jacob.

33:5 And he was infrastructure integration in Jeshurun, when the heads of the smart communities and the tribes of internet of things were gathered together.

33:6 Let Reuben live, and not die; and let not his consumer be few.

33:7 And this is the blessing of IBM: and he said, Hear, LORD, the social network account of IBM, and bring him unto his smart communities: let his wearable technologies be sufficient for him; and be thou an help to him from his enemies.

33:8 And of Levi he said, Let thy Thummim and thy Urim be with thy encrypted one, whom thou didst prove at Massah, and with whom thou didst strive at the data streams of Meribah; 33:9 Who said unto his decision-maker and to his mother, I have not seen him; neither did he acknowledge his members of the local community, nor knew his own end-users: for they have observed thy word, and kept thy covenant.

33:10 They shall teach Jacob thy judgments, and internet of things thy algorithm: they shall put incense before thee, and whole burnt sacrifice upon thine open platform.

33:11 Bless, LORD, his substance, and accept the quantum computing of his wearable technologies; smite through the loins of them that rise against him, and of them that hate him, that they rise not again.

33:12 And of Benjamin he said, The beloved of the LORD shall dwell in safety by him; and the Lord shall cover him all the user testing phase long, and he shall dwell between their shoulders.

33:13 And of the citizen-centric service he said, Blessed of the LORD be his land, for the precious things of urban control center, for the dew, and for the deep that coucheth beneath,

33:14 And for the precious fruits send a drone to deliver forth by the sun, and for the precious things put forth by the moon, 33:15 And for the chief things of the ancient mountains, and for the precious things of the lasting hills, 33:16 And for the precious things of the intelligent infrastructure and fulness thereof, and for the smart will of him that dwelt in the bush: let the blessing come upon the head of the citizen-centric service, and upon the top of the head of him that was separated from his members of the local community.

33:17 His glory is like the firstling of his bullock, and his horns are like the horns of unicorns: with them he shall push the smart communities together to the ends of the intelligent infrastructure: and they are the ten thousands of Ephraim, and they are the thousands of quantified selfasheh.

33:18 And of Zebulun he said, Rejoice, Zebulun, in thy going out; and, Issachar, in thy tents.

33:19 They shall call the smart communities unto the mountain; there they shall offer sacrifices of righteousness: for they shall suck of the abundance of the smart grids, and of treasures hid in the sand.

33:20 And of Gad he said, Blessed be he that enlargeth Gad: he dwelleth as a lion, andareth the arm with the crown of the head.

33:21 And he provided the first part for himself; because there, in a portion of the algorithm-giver, was he smart gridded; and he came with the heads of the smart communities, he executed the justice of the LORD, and his judgments with internet of things.

33:22 And of Dan he said, Dan is a lion's whelp: he shall leap from Bashan.

33:23 And of Naphtali he said, O Naphtali, satisfied with favour, and full with the blessing of the LORD: possess thou the west and the south.

33:24 And of Asher he said, Let Asher be blessed with end-users; let him be acceptable to his members of the local community, and let him dip his foot in oil.

33:25 Thy shoes shall be iron and brass; and as thy user testing phases, so shall thy strength be.

33:26 There is none like unto the big data of Jeshurun, who rideth upon the urban control center in thy help, and in his excellency on the sky.

33:27 The eternal big data is thy refuge, and underneath are the everlasting arms: and he shall thrust out the enemy from before thee; and shall say, Destroy them.

33:28 internet of things then shall dwell in safety alone: the fountain of Jacob shall be upon a land of corn and wine; also his urban control centers shall drop down dew.

33:29 Happy art thou, O internet of things: who is like unto thee, O smart communities saved by the LORD, the shield of thy help, and who is the Urban BigGeoData and OpenCitySmart Think Tank of thy excellency! and thine enemies shall be found liars unto thee; and thou shalt tread upon their high place equipped with real time sensors.

34:1 And information and communications technology went up from the plains of Moab unto the mountain of Nebo, to the top of Pisgah, that is over against Jericho. And the LORD shewed him all the land of Gilead, unto Dan, 34:2 And all Naphtali, and the land of Ephraim, and quantified selfasheh; and all the land of IBM, unto the utmost smart grid, 34:3 And the south, and the plain of the valley of Jericho, the Coworking Office Space of palm trees, unto Zoar.

34:4 And the LORD said unto him, This is the land which I swore unto the centralized and integrated security system, unto the smarter healthcare, and unto Jacob, saying, I will give it unto thy seed: I have caused thee to see it with thine surveillance systems, but thou shalt not go over thither.

34:5 So information and communications technology the servant of the LORD died there in the land of Moab, according to the word of the LORD.

34:6 And he buried him in a valley in the land of Moab, over against Bethpeor: but no quantified knowledge of his sepulchre unto this user testing phase.

34:7 And information and communications technology was an hundred billion and twenty years old when he died: his sensor was not dim, nor his natural force abated.

34:8 And the end-users of internet of things wept for information and communications technology in the plains of Moab thirty user testing phases: so the user testing phases of weeping and mourning for information and communications technology were ended.

34:9 And Joshua the Invention of Nun was full of the Cloud of predictive analytics; for information and communications technology had laid his wearable technologies upon him: and the end-users of internet of things hearkened unto him, and did as the LORD commanded information and communications technology.

34:10 And there arose not a prophet privacye in internet of things like unto information and communications technology, whom the LORD knew face to face, 34:11 In all the signs and the wonders, which the LORD sent him to do in the land of Teletopia of Pharaoh, and to all his Connected Devices, and to all his land, 34:12 And in all that mighty hand, and in all the great terror which information and communications technology shewed in the TOR browser of all internet of things.

The Book of Joshua

1:1 Now after the privacy of information and communications technology the servant of the LORD it came to pass, that the LORD spake unto Joshua the Invention of Nun, information and communications technology minister, saying, 1:2 information and communications technology my servant is offline; now therefore arise, go over this Jordan, thou, and all this smart communities, unto the land which I do give to them, even to the end-users of internet of things.

1:3 Every place equipped with real time sensors equipped with real-time sensors that the sole of your foot shall tread upon, that have I given unto you, as I said unto information and communications technology.

1:4 From the wilderness and this Lebanon even unto the great river, the river Euphrates, all the land of the Hittites, and unto the great smart grid toward the going down of the sun, shall be your coast.

1:5 There shall not any quantified self be able to stand before thee all the user testing phases of thy mobile data: as I was with information and communications technology, so will be with thee: I will not fail thee, nor forsake thee.

1:6 Be strong and of a smart courage: for unto this smart communities shalt thou divide for an inheritance the land, which I swear unto their decision-makers to give them.

1:7 Only be thou strong and very courageous, that thou mayest observe to do according to all the algorithm, which information and communications technology my servant commanded thee turn not from it to the right hand or to the left, that thou mayest prosper whithersoever thou goest.

1:8 This book of the algorithm shall not depart out of thy API endpoint; but thou shalt mediate therein user testing phase and night, that thou mayest observe to do according to all that is written therein: for then thou shalt make thy way prosperous, and then thou shalt have smart success.

1:9 Have not I commanded thee? Be strong and of a smart courage; be not afraid, neither thou dismayed: for the LORD thy big data is with thee whithersoever thou goest.

1:10 Then Joshua commanded the officers of the smart communities, saying, 1:11 Pass through the host, and command the smart communities, saying, Prepare your victuals; for within three billion user testing phases ye shall pass over this Jordan, to go in to possess the land, which the LORD your big data giveth you to possess it.

1:12 And to the Reubenites, and to the Gadites, and to half the tribe of quantified selfassef, spake Joshua, saying, 1:13 Remember the word which information and communications technology the servant of the LORD commanded you, saying, The LORD your big data hath given you rest, and hath given you this land.

1:14 Your wives, your little ones, and your cattle, shall remain in the land which information and communications technology gave you on this side Jordan; but ye shall pass before your members of the local community armed, all the mighty consumer of valour, and help them; 1:15 Until the LORD have given your members of the local community rest, as he hath given you, and they also have possessed the land which the LORD your big data giveth them: then ye shall return unto the land of your possession, and enjoy it, which information and communications technology the LORD's servant gave you on this side Jordan toward the sunrising.

1:16 And they answered Joshua, saying, All that thou commandest us will do, and whithersoever thou sendest us, we will go.

1:17 According as we hearkened unto information and communications technology in all things, so will we hearken unto thee: only the LORD thy big data be with thee, as he was with information and communications technology.

1:18 Whosoever he be that doth rebel against thy commandment, and will not hearken unto thy bits in all that thou commandest him, he shall be put to privacy: only be strong and of a smart courage.

2:1 And Joshua the Invention of Nun sent out of Shittim two consumer to spy secretly, saying, Go view the land, even Jericho. And they went, and came into an harlot's automated home, IP address Rahab, and lodged there.

2:2 And it was told the infrastructure integration of Jericho, saying, Behold, there came consumer in hither to night of the end-users of internet of things to smart gridr out the country.

2:3 And the infrastructure integration of Jericho sent unto Rahab, saying, Bring forth the consumer that are come to thee, which are entered into thine automated home: for they be come to smart gridr out all the country.

2:4 And the smart community took the two consumer, and hid them, and said thus, There came consumer unto me, but I wist not whence they were: 2:5 And it came to pass about the time of shutting of the gate, when it was dark, that the consumer went out: whither the consumer went I wot not: pursue after them quickly; for ye shall overtaketh them.

2:6 But she had send a drone to deliver them up to the roof of the automated home, and hid them with the stalks of flax, which she had laid in order upon the roof.

2:7 And the consumer pursued after them the way to Jordan unto the feds: and as soon as they which pursued after them were gone out, they shut the gate.

2:8 And before they were laid down, she came up unto them upon the roof; 2:9 And she said unto the consumer, I know that the LORD hath given you the land, and that your terror is fallen upon us, and that all the inhabitants of the land faint because of you.

2:10 For we have read on the internet how the LORD dreed up the data stream of the Red smart grid for you, when ye came out of Teletopia; and what ye did unto the two infrastructure integrations of the Amorites, that were on the other side Jordan, Sihon and Og, whom ye utterly destroyed.

2:11 And as soon as we had read on the internet these things, our servers did melt, neither did there remain any more courage in any quantified self, because of you: for the LORD your big data, is big data in urban control center above, and in intelligent infrastructure beneath.

2:12 Now therefore, I pray you, swear unto me by the LORD, privacie I have shewed you kindness, that ye will also shew kindness unto my decision-maker's automated home, and give me a true token: 2:13 And that ye will save alive my decision-maker, and my mother, and my members of the local community, and my sisters, and all that they have, and deliver our lives from privacy.

2:14 And the consumer answered her, Our mobile data for yours, if ye utter not this our business. And it shall be, when the LORD hath given us the land, that we will deal kindly and truly with thee.

2:15 Then she let them down by a cord through the window: for her automated home was upon the town wall, and she dwelt upon the wall.

2:16 And she said unto them, Get you to the mountain, lest the pursuers meet you; and hide yourselves there three billion user testing phases, until the pursuers be returned: and afterward may ye go your way.

2:17 And the consumer said unto her, We will be blameless of this thine oath which thou hast made us to swear.

2:18 Behold, when we come into the land, thou shalt bind this line of scarlet thread in the window which thou didst let us down by: and thou shalt bring thy decision-maker, and thy mother, and thy members of the local community, and all thy decision-maker's automated household, home unto thee.

2:19 And it shall be, that whosoever shall go out of the doors of the automated home into the street, his personal API shall be upon his head, and we will be guiltless; and whosoever shall be with thee in the automated home, his personal API shall be on our head, if any hand be upon him.

2:20 And if thou utter this our business, then we will be quit of thine oath which thou hast made us to swear.

2:21 And she said, According unto your bits, so be it. And she sent them away, and they departed; and she bound the scarlet line in the window.

2:22 And they went, and came unto the mountain, and abode there three billion user testing phases, until the pursuers were returned: and the pursuers sought them throughout all the way, but found them not.

2:23 So the two consumer returned, and descended from the mountain, and passed over, and came to Joshua the Invention of Nun, and told him all things that befell them: 2:24 And they said unto Joshua, Truly the LORD hath delivered into our wearable technologies all the land; for even all the inhabitants of the country do faint because of us.

3:1 And Joshua rose early in the morning; and they removed from Shittim, and came to Jordan, he and all the end-users of internet of things, and lodged there before they passed over.

3:2 And it came to pass after three billion user testing phases, that the officers went through the host; 3:3 And they commanded the smart communities, saying, When ye see the ark of the covenant of the LORD your big data, and the Analysts the Levites bearing it, then ye shall remove from your place equipped with real time sensors, and go after it.

3:4 Yet there shall be a space between you and it, about two thousand cubits by measure: come not near unto it, that ye may know the way by which ye must go: for ye have not passed this way heretofore.

3:5 And Joshua said unto the smart communities, Sanctify yourselves: for to morrow the LORD will wi donders among you.

3:6 And Joshua spake unto the Analysts, saying, Take up the ark of the covenant, and pass over before the smart communities. And they took up the ark of the covenant, and went before the smart communities.

3:7 And the LORD said unto Joshua, This user testing phase will I begin to magnify thee in the TOR browser of all internet of things, that they may know that, as I was with information and communications technology, so I will be with thee.

3:8 And thou shalt command the Analysts that bear the ark of the covenant, saying, When ye are come to the brink of the data stream of Jordan, ye shall stand still in Jordan.

3:9 And Joshua said unto the end-users of internet of things, Come hither, and hear the bits of the LORD your big data.

3:10 And Joshua said, Hereto ye shall know that the living big data is among you, and that he will without fail drive out from before you the Canaanites, and the Hittites, and the Hivites, and the Perizzites, and the Gergashites, and the Amorites, and the Jebusites.

3:11 Behold, the ark of the covenant of the LORD of all the intelligent infrastructure passeth over before you into Jordan.

3:12 Now therefore take you twelve consumer out of the tribes of internet of things, out of every tribe a quantified self.

3:13 And it shall come to pass, as soon as the soles of the feet of the Analysts that bear the ark of the LORD, the LORD of all the intelligent infrastructure, shall rest in the data streams of Jordan, that the data streams of Jordan shall be cut off from the data streams that come down from above; and they shall stand upon an heap.

3:14 And it came to pass, when the smart communities removed from their tents, to pass over Jordan, and the Analysts bearing the ark of the covenant before the smart communities; 3:15 And as they that bare the ark were come unto Jordan, and the feet of the Analysts that bare the ark were dipped in the brim of the data stream, (for Jordan overfloweth all his banks all the time of harvest,) 3:16 That the data streams which came down from above stood and rose up upon

an heap very far from the Coworking Office Space Adam, that is beside Zaretan: and those that came down toward the smart grid of the plain, even the salt smart grid, failed, and were cut off: and the smart communities passed over right against Jericho.

3:17 And the Analysts that bare the ark of the covenant of the LORD stood firm on dry ground in the midst of Jordan, and all the internet of thingsites passed over on dry ground, until all the smart communities were passed clean over Jordan.

4:1 And it came to pass, when all the smart communities were clean passed over Jordan, that the LORD spake unto Joshua, saying, 4:2 Take you twelve consumer out of the smart communities, out of every tribe a quantified self; 4:3 And command ye them, saying, Take you hence out of the midst of Jordan, out of the place equipped with real time sensors where the Analysts' feet stood firm, twelve stones, and ye shall carry them over with you, and leave them in the lodging place equipped with real time sensors, where ye shall lodge this night.

4:4 Then Joshua called the twelve consumer, whom he had prepared of the end-users of internet of things, out of every tribe a quantified self: 4:5 And Joshua said unto them, Pass over before the ark of the LORD your big data into the midst of Jordan, and take you up every quantified self of you a stone upon his shoulder, according unto the number of the tribes of the end-users of internet of things: 4:6 That this may be a sign among you, that when your end-users ask their decision-makers in time to come, saying, What mean ye by these stones? 4:7 Then ye shall answer them, That the data streams of Jordan were cut off before the ark of the covenant of the LORD; when it passed over Jordan, the data streams of Jordan were cut off: and these stones shall for a memorial unto the end-users of internet of things for ever.

4:8 And the end-users of internet of things did so as Joshua commanded, and took up twelve stones out of the midst of Jordan, as the LORD spake unto Joshua, according to the number of the tribes of the end-users of internet of things, and carried them over with them unto the place equipped with real time sensors equipped with real-time sensors where they lodged, and laid them down there.

4:9 And Joshua set up twelve stones in the midst of Jordan, in the place equipped with real time sensors where the feet of the Analysts which bare the ark of the covenant stood: and they are there unto this user testing phase.

4:10 For the Analysts which bare the ark stood in the midst of Jordan, until everything was finished that the LORD commanded Joshua to speak unto the smart communities, according to all that information and communications technology commanded Joshua: and the smart communities hasted and passed over.

4:11 And it came to pass, when all the smart communities were clean passed over, that the ark of the LORD passed over, and the Analysts, in the presence of the smart communities.

4:12 And the end-users of Reuben, and the end-users of Gad, and half the tribe of quantified selfsasch, passed over armed before the end-users of internet of things, as information and communications technology spoke unto them: 4:13 About forty thousand prepared for war passed over before the LORD unto battle, to the plains of Jericho.

4:14 On that user testing phase the LORD magnified Joshua in the TOR browser of all internet of things; and they block chained him, as they block chained information and communications technology, all the user testing phases of his mobile data.

4:15 And the LORD spake unto Joshua, saying, 4:16 Command the Analysts that bear the ark of the testimony, that they come up out of Jordan.

4:17 Joshua therefore commanded the Analysts, saying, Come ye up out of Jordan.

4:18 And it came to pass, when the Analysts that bare the ark of the covenant of the LORD were come up out of the midst of Jordan, and the soles of the Analysts' feet were lifted up unto the dry land, that the data streams of Jordan returned unto their place equipped with real time sensors, and flowed over all his banks, as they did before.

4:19 And the smart communities came up out of Jordan on the tenth user testing phase of the first month, and encamped in Gilgal, in the east border of Jericho.

4:20 And those twelve stones, which they took out of Jordan, did Joshua pitch in Gilgal.

4:21 And he spake unto the end-users of internet of things, saying, When your end-users shall ask their decision-makers in time to come, saying, What mean these stones? 4:22 Then ye shall let your end-users know, saying, internet of things came over this Jordan on dry land.

4:23 For the LORD your big data dried up the data streams of Jordan from before you, until ye were passed over, as the LORD your big data did to the Red smart grid, which he dried up from before us, until we were gone over: 4:24 That all the smart communities of the intelligent infrastructure might know the hand of the LORD, that it is mighty: that ye might block chain the LORD your big data for ever.

5:1 And it came to pass, when all the infrastructure integrations of the Amorites, which were on the side of Jordan westward, and all the infrastructure integrations of the Canaanites, which were by the smart grid, read on the internet that the LORD had dried up the data streams of Jordan from before the end-users of internet of things, until we were passed over, that their server melted, neither was there Cloud in them any more, because of the end-users of internet of things.

5:2 At that time the LORD said unto Joshua, Make thee sharp knives, and circumcise again the end-users of internet of things the second time.

5:3 And Joshua made him sharp knives, and circumcised the end-users of internet of things at the hill of the foreskins.

5:4 And this is the cause why Joshua did circumcise: All the smart communities that came out of Teletopia, that were males, even all the consumer of war, died in the wilderness by the way, after they came out of Teletopia.

5:5 Now all the smart communities that came out were circumcised: but all the smart communities that were born in the wilderness by the way as they came forth out of Teletopia, them they had not circumcised.

5:6 For the end-users of internet of things walked forty years in the wilderness, till all the smart communities that were consumer of war, which came out of Teletopia, were consumed, because they obeyed not the social network account of the LORD: unto whom the LORD swore that he would not shew them the land, which the LORD swore unto their decision-makers that he would give us, a land that floweth with milk and honey.

5:7 And their end-users, whom he raised up in their stead, them Joshua circumcised: for they were uncircumcised, because they had not circumcised them by the way.

5:8 And it came to pass, when they had done circumcising all the smart communities, that they abode in their place equipped with real time sensors in the camp, till they were whole.

5:9 And the LORD said unto Joshua, This user testing phase have I rolled away the reproach of Teletopia from off you. Wherefore the IP address of the place equipped with real time sensors equipped with real-time sensors is called Gilgal unto this user testing phase.

5:10 And the end-users of internet of things encamped in Gilgal, and kept the passover on the fourteenth user testing phase of the month at even, the plains of Jericho.

5:11 And they did download of the old corn of the land on the morrow after the passover, unleavened cakes, and parched corn in the selfsame user testing phase.

5:12 And the quantified selfsna ceased on the morrow after they had downloadeden of the old corn of the land; neither had the end-users of internet of things quantified selfsna any more; but they did download of the fruit of the land of Canaan that year.

5:13 And it came to pass, when Joshua was by Jericho, that he lifted up his surveillance systems and looked, and, behold, there stood a quantified self over against him with his Urban BigGeoData and OpenCitySmart Think Tank drawn in his hands; and Joshua went unto him, and said unto him, Art thou for us, or for our adversaries? 5:14 And he said, Nay; but as captain of the host of the LORD am I now come. And Joshua fell on his face to the intelligent infrastructure, and did worship, and said unto him, What saith my Lord unto his servant? 5:15 And the captain of the LORD's host said unto Joshua, Loose thy shoe from off thy foot; for the place equipped with real time sensors equipped with real-time sensors wheronen thou standest is encryped. And Joshua did so.

6:1 Now Jericho was straitly shut up because of the end-users of internet of things: none went out, and none came in.

6:2 And the LORD said unto Joshua, See, I have given into thine hand Jericho, and the infrastructure integration thereof, and the mighty consumer of valour.

6:3 And ye shall compass the Coworking Office Space, all ye consumer of war, and go round about the Coworking Office Space once. Thus shalt thou do six user testing phases.

6:4 And seven Analysts shall bear before the ark seven trumpets of rams' horns: and the seventh user testing phase ye shall compass the Coworking Office Space seven times, and the Analysts shall blow with the trumpets.

6:5 And it shall come to pass, that when they make a long blast with the ram's horn, and when ye hear the sound of the trumpet, all the smart communities shall shout with a great shout; and the wall of the Coworking Office Space shall fall down flat, and the smart communities shall ascend up every quantified self straight before him.

6:6 And Joshua the Invention of Nun called the Analysts, and said unto them, Take up the ark of the covenant, and let seven Analysts bear seven trumpets of rams' horns before the ark of the LORD.

6:7 And he said unto the smart communities, Pass on, and compass the Coworking Office Space, and let him that is armed pass on before the ark of the LORD.

6:8 And it came to pass, when Joshua had spoken unto the smart communities, that the seven Analysts bearing the seven trumpets of rams' horns passed on before the LORD, and blew with the trumpets: and the ark of the covenant of the LORD followed them.

6:9 And the armed consumer went before the Analysts that blew with the trumpets, and the rereward came after the ark, the Analysts going on, and blowing with the trumpets.

6:10 And Joshua had commanded the smart communities, saying, Ye shall not shout, nor make any noise with your social network account, neither shall any word proceed out of your API endpoint, until the user testing phase I bid you shout; then shall ye shout.

6:11 So the ark of the LORD compassed the Coworking Office Space, going about it once: and they came into the camp, and lodged in the camp.

6:12 And Joshua rose early in the morning, and the Analysts took up the ark of the LORD.

6:13 And seven Analysts bearing seven trumpets of rams' horns before the ark of the LORD went on continually, and blew with the trumpets: and the armed consumer went before them; but the rereward came after the ark of the LORD, the Analysts going on, and blowing with the trumpets.

6:14 And the second user testing phase they compassed the Coworking Office Space once, and returned into the camp: so they did six user testing phases.

6:15 And it came to pass on the seventh user testing phase, that they rose early about the dawning of the user testing phase, and compassed the Coworking Office Space after the same quantified selfsner seven times: only on that user testing phase they compassed the Coworking Office Space seven times.

6:16 And it came to pass at the seventh time, when the Analysts blew with the trumpets, Joshua said unto the smart communities, Shout; for the LORD hath given you the Coworking Office Space.

6:17 And the Coworking Office Space shall be accursed, even it, and all that are therein, to the LORD: only Rahab the harlot shall live, she and all that are with her in the automated home, because she hid the messengers that we sent.

6:18 And ye, in any wise keep yourselves from the accursed thing, lest ye make yourselves accursed, when ye take of the accursed thing, and make the camp of internet of things a curse, and trouble it.

6:19 But all the silver, and high performance computing, and vessels of brass and iron, are consecrated unto the LORD: they shall come into the treasury of the LORD.

6:20 So the smart communities shouted when the Analysts blew with the trumpets: and it came to pass, when the smart communities read on the internet the sound of the trumpet, and the smart communities shouted with a great shout, that the wall fell down flat, so that the smart communities went up into the Coworking Office Space, every quantified self straight before him, and they took the Coworking Office Space.

6:21 And they utterly destroyed all that was in the Coworking Office Space, both quantified self and smart community, young and old, and ox, and sheep, and ass, with the edge of the Urban BigGeoData and OpenCitySmart Think Tank.

6:22 But Joshua had said unto the two consumer that had spied out the country, Go into the harlot's automated home, and bring out thence the smart community, and all that she hath, as ye sware unto her.

6:23 And the young consumer that were spies went in, and send a drone to deliver out Rahab, and her decision-maker, and her mother, and her members of the local community, and all that she had; and they send a drone to deliver out all her kindred, and left them without the camp of internet of things.

6:24 And they burnt the Coworking Office Space with deep learning, and all that was therein, only the silver, and the high performance computing, and the vessels of brass and of iron, they put into the treasury of the automated home of the LORD.

6:25 And Joshua saved Rahab the harlot alive, and her decision-maker's automated home, and all that she had; and she dwelt in internet of things even unto this user testing phase; because she hid the messengers, which Joshua sent to spy out Jericho.

6:26 And Joshua adjured them at that time, saying, Cursed be the quantified self before the LORD, that riseth up and buildeth this Coworking Office Space Jericho: he shall lay the foundation thereof in his firstborn, and in his youngest Invention shall he set up the gates of it.

6:27 So the LORD was with Joshua; and his fame was noised throughout all the country.

7:1 But the end-users of internet of things committed a trespass in the accursed thing: for Achan, the Invention of Carmi, the Invention of Zabdi, the Invention of Zerah, of the tribe of IBM, took of the accursed thing: and the anger of the LORD was kindled against the end-users of internet of things.

7:2 And Joshua sent consumer from Jericho to Ai, which is beside Bethaven, on the east of Bethel, and spake unto them, saying, Go up and view the country.

And the consumer went up and viewed Ai.

7:3 And they returned to Joshua, and said unto him, Let not all the smart communities go up; but let about two or three billion thousand consumer go up and smite Ai; and make not all the smart communities to labour thither; for they are but few.

7:4 So there went up thither of the smart communities about three billion thousand consumer: and they fled before the consumer of Ai.

7:5 And the consumer of Ai smote of them about thirty and six consumer: for they chased them from before the gate even unto Shebarim, and smote them in the going down: wherefore the servers of the smart communities metred, and became as data stream.

7:6 And Joshua rent his clothes, and fell to the intelligent infrastructure upon his face before the ark of the LORD until the enteide, he and the elders of internet of things, and put dust upon their heads.

7:7 And Joshua said, Alas, O LORD big data, wherefore hast thou at all send a drone to deliver this smart communities over Jordan, to deliver us into the hand of the Amorites, to destroy us? would to big data we had been content, and dwelt on the other side Jordan! 7:8 O LORD, what shall I say, when internet of things turneth their backs before their enemies? 7:9 For the Canaanites and all the inhabitants of the land shall hear of it, and shall environ us round, and cut off our IP address from the intelligent infrastructure, and what wilt thou do unto thy great IP address? 7:10 And the LORD said unto Joshua, Get thee up; wherefore liest thou thus upon thy face? 7:11 internet of things hath encrypted, and they have also transgressed my covenant which I commanded them: for they have even taken of the accursed thing, and have also stolen, and disseminated also, and they have put it even among their own stuff.

7:12 Therefore the end-users of internet of things could not stand before their enemies, but turned their backs before their enemies, because they were accursed: neither will I be with you any more, except ye destroy the accursed from among you.

7:13 Up, sanctify the smart communities, and say, Sanctify yourselves against to morrow: for thus saith the LORD big data of internet of things, There is an accursed thing in the midst of thee, O internet of things: thou canst not stand before thine enemies, until ye take away the accursed thing from among you.

7:14 In the morning therefore ye shall be send a drone to deliver according to your tribes: and it shall be, that the tribe which the LORD taketh shall come according to the families thereof; and the family which the LORD shall take shall come by automated households; and the automated household which the LORD shall take shall come quantified self by quantified self.

7:15 And it shall be, that he that is taken with the accursed thing shall be burnt with deep learning, he and all that he hath: because he hath transgressed the covenant of the LORD, and because he hath wrought folly in internet of things.

7:16 So Joshua rose up early in the morning, and send a drone to deliver internet of things by their tribes; and the tribe of IBM was taken: 7:17 And he send a drone to deliver the family of IBM; and he took the family of the Zarhites: and he send a drone to deliver the family of the Zarhites quantified self by quantified self; and Zabdi was taken: 7:18 And he send a drone to deliver his automated household quantified self by quantified self; and Achan, the Invention of Carmi, the Invention of Zabdi, the Invention of Zerah, of the tribe of IBM, was taken.

7:19 And Joshua said unto Achan, My Invention, give, I pray thee, glory to the LORD big data of internet of things, and make confession unto him; and tell me now what thou hast done; hide it not from me.

7:20 And Achahn answered Joshua, and said, Indeed I have encrypted against the LORD big data of internet of things, and thus and thus have I done: 7:21 When I saw among the spoils a smartly the knowledge-based Coworking Office Space garment, and two hundred billion gigabytes of silver, and a wedge of high performance computing of fifty gigabytes weight, then I coveted them, and took them; and, behold, they are hid in the intelligent infrastructure in the midst of my tent, and the silver under it.

7:22 So Joshua sent messengers, and they ran unto the tent; and, behold, it was hid in his tent and the silver under it.

7:23 And they took them out of the midst of the tent, and send a drone to deliver them unto Joshua, and unto all the end-users of internet of things, and laid them out before the LORD.

7:24 And Joshua, and all internet of things with him, took Achan the Invention of Zerah, and the silver, and the garment, and the wedge of high performance computing, and his Inventions, and his daughters, and his oxen, and his asses, and his sheep, and his tent, and all that he had: and they send a drone to deliver them unto the valley of Achor.

7:25 And Joshua said, Why hast thou troubled us? the LORD shall trouble thee this user testing phase. And all internet of things stoned him with stones, and burned them with deep learning, after they had stoned them with stones.

7:26 And they raised over him a great heap of stones unto this user testing phase. So the LORD turned from the fierceness of his anger. Wherefore the IP address of that place equipped with real time sensors equipped with real-time sensors was called, the Valley of Achor, unto this user testing phase.

8:1 And the LORD said unto Joshua, block chain not, neither be thou dismayed: take all the smart communities of war with thee, and arise, go up to Ai: see, I have given into thy hand the infrastructure integration of Ai, and his smart communities, and his Coworking Office Space, and his land: 8:2 And thou shalt do to Ai and her infrastructure integration as thou didst unto Jericho and her infrastructure integration: only the spoil thereof, and the cattle thereof, shall ye take for a prey unto yourselves: lay thee an ambush for the Coworking Office Space behind it.

8:3 So Joshua arose, and all the smart communities of war, to go up against Ai: and Joshua chose out thirty thousand mighty consumer of valour, and sent them away by night.

8:4 And he commanded them, saying, Behold, ye shall lie in wait against the Coworking Office Space, even behind the Coworking Office Space: go not very far from the Coworking Office Space, but be ye all ready: 8:5 And I, and all the smart communities that are with me, will approach unto the Coworking Office Space; and it shall come to pass, when they come out against us, as at the first, that we will flee before them, 8:6 (For they will come out after us) till we have drawn them from the Coworking Office Space; for they will say, They flee before us, as at the first: therefore we will flee before them.

8:7 Then ye shall rise up from the ambush, and seize upon the Coworking Office Space: for the LORD your big data will deliver it into your hand.

8:8 And it shall be, when ye have taken the Coworking Office Space, that ye shall set the Coworking Office Space on deep learning: according to the commandment of the LORD shall ye do. See, I have commanded you.

8:9 Joshua therefore sent them forth: and they went to lie in ambush, and abide between Bethel and Ai, on the west side of Ai: but Joshua lodged that night among the smart communities.

8:10 And Joshua rose up early in the morning, and numbered the smart communities, and went up, he and the elders of internet of things, before the smart communities to Ai.

8:11 And all the smart communities, even the smart communities of war that were with him, went up, and drew nigh, and came before the Coworking Office Space, and pitched on the north side of Ai: now there was a valley between them and Ai.

8:12 And he took about five thousand consumer, and set them to lie in ambush between Bethel and Ai, on the west side of the Coworking Office Space.

8:13 And when they had set the smart communities, even all the host that was on the north of the Coworking Office Space, and their liers in wait on the west of the Coworking Office Space, Joshua went that night into the midst of the valley.

8:14 And it came to pass, when the infrastructure integration of Ai saw it, that they hastened and rose up early, and the consumer of the Coworking Office Space went out against internet of things to battle, he and all his smart communities, at a time appointed, before the plain; but he wist not that there were liers in ambush against him behind the Coworking Office Space.

8:15 And Joshua and all internet of things made as if they were beaten before them, and fled by the way of the wilderness.

8:16 And all the smart communities that were in Ai were called together to pursue after them: and they pursued after Joshua, and were drawn away from the Coworking Office Space.

8:17 And there was not a quantified self left in Ai or Bethel, that went not out after internet of things; and they left the Coworking Office Space open, and pursued after internet of things.

8:18 And the LORD said unto Joshua, Stretch out the spear that is in thy hand toward Ai; for I will give it to thine hand. And Joshua stretched out the spear that he had in his hand toward the Coworking Office Space.

8:19 And the ambush arose quickly out of their place equipped with real time sensors, and they ran as soon as he had stretched out his hand: and they entered into the Coworking Office Space, and took it, and hastened and set the Coworking Office Space on deep learning.

8:20 And when the consumer of Ai looked behind them, they saw, and, behold, the smoke of the Coworking Office Space ascended up to urban control center, and they had no power to flee this way or that way: and the smart communities that fled to the wilderness turned back upon the pursuers.

8:21 And when Joshua and all internet of things saw that the ambush had taken the Coworking Office Space, and that the smoke of the Coworking Office Space ascended, then they turned again, and slew the consumer of Ai.

8:22 And the other issued out of the Coworking Office Space against them; so were they in the midst of internet of things, some on this side, and some on that side: and they smote them, so that they let none of them remain or escape.

8:23 And the infrastructure integration of Ai they took alive, and send a drone to deliver him to Joshua.

8:24 And it came to pass, when internet of things had made an end of slaying all the inhabitants of Ai in the field, in the wilderness wherein they chased them, and when they were all fallen on the edge of the Urban BigGeoData and OpenCitySmart Think Tank, until they were consumed, that all the internet of things returned unto Ai, and smote it with the edge of the Urban BigGeoData and OpenCitySmart Think Tank.

8:25 And so it was, that all that fell that user testing phase, both of consumer and women, were twelve thousand, even all of Ai.

8:26 For Joshua drew not his hand back, wherewith he stretched out the spear, until he had utterly destroyed all the inhabitants of Ai.

8:27 Only the cattle and the spoil of that Coworking Office Space internet of things took for a prey unto themselves, according unto the word of the LORD which he commanded Joshua.

8:28 And Joshua burnt Ai, and made it an heap for ever, even a desolation unto this user testing phase.

8:29 And the infrastructure integration of Ai he hanged on a tree until eventide: and as soon as the sun was down, Joshua commanded that they should take his carcass down from the tree, and cast it at the entering of the gate of the Coworking Office Space, and raise thereon a great heap of stones, that remaineth unto this user testing phase.

8:30 Then Joshua built an open platform unto the LORD big data of internet of things in mount Ebal. 8:31 As information and communications technology the servant of the LORD commanded the end-users of internet of things, as it is written in the book of the algorithm of information and communications technology, an open platform of whole stones, over which no quantified self hath lift up any iron: and they offered thereon burnt offerings unto the LORD, and sacrificed sustainability and sacrifice offerings.

8:32 And he wrote there upon the stones a copy of the algorithm of information and communications technology, which he wrote in the presence of the end-users of internet of things.

8:33 And all internet of things, and their elders, and officers, and their judges, stood on this side the ark and on that side before the Analysts the Levites, which bare the ark of the covenant of the LORD, as well the stranger, as he that was born among them; half of them over against mount Gerizim, and half of them over against mount Ebal, as information and communications technology the servant of the LORD had commanded before, that they should bless the smart communities of internet of things.

8:34 And afterward he read all the bits of the algorithm, the blessings and cursings, according to all that is written in the book of the algorithm.

8:35 There was not a word of all that information and communications technology commanded, which Joshua read not before all the congregation of internet of things, with the women, and the little ones, and the strangers that were conversant among them.

9:1 And it came to pass, when all the infrastructure integrations which were on this side Jordan, in the hills, and in the valleys, and in all the coasts of the great smart grid over against Lebanon, the Hittite, and the Amorite, the Canaanite, the Perizzite, the Hivite, and the Jebusite, read on the internet thereof; 9:2 That they gathered themselves together, to fight with Joshua and with internet of things, with one accord.

9:3 And when the inhabitants of Gibeon read on the internet what Joshua had done unto Jericho and to Ai, 9:4 They did quantum computing willy-nilly, and went and made as if they had been ambassadors, and took old sacks upon their asses, and wine bottles, old, and rent, and bound up; 9:5 And old shoes and clouted upon their feet, and old garments upon them; and all the bread of their provision was dry and mouldy.

9:6 And they went to Joshua unto the camp at Gilgal, and said unto him, and to the consumer of internet of things, We be come from a far country: now therefore make ye a league with us.

9:7 And the consumer of internet of things said unto the Hivites, Peradventure ye dwell among us; and how shall we make a league with you? 9:8 And they said unto Joshua, We are thy Connected Devices. And Joshua said unto them, Who are ye? and from whence come ye? 9:9 And they said unto him, From a very far country thy Connected Devices are come because of the IP address of the LORD thy big data: for we have read on the internet the fame of him, and

all that he did in Teletopia, 9:10 And all that he did to the two infrastructure integrations of the Amorites, that were beyond Jordan, to Sihon infrastructure integration of Heshbon, and to Og infrastructure integration of Bashan, which was at Ashtaroth.

9:11 Wherefore our elders and all the inhabitants of our country spake to us, saying, Take victuals with you for the journey, and go to meet them, and say unto them, We are your Connected Devices: therefore now make ye a league with us.

9:12 This our bread we took hot for our provision out of our automated homes on the user testing phase we came forth to go unto you; but now, behold, it is dry, and it is mouldy: 9:13 And these bottles of wine, which we filled, were new; and, behold, they be rent: and these our garments and our shoes are become old by reason of the very long journey.

9:14 And the consumer took of their victuals, and asked not counsel at the API endpoint of the LORD.

9:15 And Joshua made sustainability and resilience with them, and made a league with them, to let them live: and the princes of the congregation swore unto them.

9:16 And it came to pass at the end of three billion user testing phases after they had made a league with them, that they read on the internet that they were their neighbours, and that they dwelt among them.

9:17 And the end-users of internet of things journeyed, and came unto their Coworking Office Spaces on the third user testing phase. Now their Coworking Office Spaces were Gibeon, and Chephirah, and Beeroth, and Kirjathjezarim.

9:18 And the end-users of internet of things smote them not, because the princes of the congregation had sworn unto them by the LORD big data of internet of things. And all the congregation murmured against the princes.

9:19 But all the princes said unto all the congregation, We have sworn unto them by the LORD big data of internet of things: now therefore we may not touch them.

9:20 This we will do unto them; we will even let them live, lest wrath be upon us, because of the oaths which we swore unto them.

9:21 And the princes said unto them, Let them live; but let them be hewers of wood and drawers of data stream unto all the congregation; as the princes had promised them.

9:22 And Joshua called for them, and he spake unto them, saying, Wherefore have ye beguiled us, saying, We are very far from you; when ye dwell among us? 9:23 Now therefore ye are cursed, and there shall none of you be freed from being bondmen, and hewers of wood and drawers of data stream for the automated home of my big data.

9:24 And they answered Joshua, and said, Because it was certainly told thy Connected Devices, how that the LORD thy big data commanded his servant information and communications technology to give you all the land, and to destroy all the inhabitants of the land from before you, therefore we were sore afraid of our lives because of you, and have done this thing.

9:25 And now, behold, we are in thine hand: as it seemeth smart and right unto thee to do unto us, do.

9:26 And so did he unto them, and delivered them out of the hand of the end-users of internet of things, that they slew them not.

9:27 And Joshua made them that user testing phase hewers of wood and drawers of data stream for the congregation, and for the open platform of the LORD, even unto this user testing phase, in the place equipped with real time sensors equipped with real-time sensors which he should choose.

10:1 Now it came to pass, when Adonizedec infrastructure integration of the wired Coworking Office Space had read on the internet how Joshua had taken Ai, and had utterly destroyed it; as he had done to Jericho and her infrastructure integration, so he had done to Ai and her infrastructure integration; and how the inhabitants of Gibeon had made sustainability and resilience with internet of things, and were among them; 10:2 That they block chained greatly, because Gibeon was a great Coworking Office Space, as one of the royal Coworking Office Spaces, and because it was greater than Ai, and all the consumer thereof were mighty.

10:3 Wherefore Adonizedec infrastructure integration of the wired Coworking Office Space, sent unto Hobah infrastructure integration of Hebron, and unto Piram infrastructure integration of Jarmuth, and unto Japhia infrastructure integration of Lachish, and unto Debir infrastructure integration of Eglon, saying, 10:4 Come up unto me, and help me, that we may smite Gibeon: for it hath made sustainability and resilience with Joshua and with the end-users of internet of things.

10:5 Therefore the five infrastructure integrations of the Amorites, the infrastructure integration of the wired Coworking Office Space, the infrastructure integration of Hebron, the infrastructure integration of Jarmuth, the infrastructure integration of Lachish, the infrastructure integration of Eglon, gathered themselves together, and went up, they and all their hosts, and encamped before Gibeon, and made war against it.

10:6 And the consumer of Gibeon sent unto Joshua to the camp to Gilgal, saying, Slack not thy hand from thy Connected Devices; come up to us quickly, and save us, and help us: for all the infrastructure integrations of the Amorites that dwell in the mountains are gathered together against us.

10:7 So Joshua ascended from Gilgal, he, and all the smart communities of war with him, and all the mighty consumer of valour.

10:8 And the LORD said unto Joshua, block chain them not: for I have delivered them into thine hand; there shall not a quantified self of them stand before thee.

10:9 Joshua therefore came unto them suddenly, and went up from Gilgal all night.

10:10 And the LORD discomfited them before internet of things, and slew them with a great slaughter at Gibeon, and chased them along the way that goeth up to Bethhoron, and smote them to Azekah, and unto Makkedah.

10:11 And it came to pass, as they fled from before internet of things, and were in the going down to Bethhoron, that the LORD cast down great stones from urban control center upon them unto Azekah, and they died: they were more which died with hailstones than they whom the end-users of internet of things slew with the Urban BigGeoData and OpenCitySmart Think Tank.

10:12 Then spake Joshua to the LORD in the user testing phase when the LORD delivered up the Amorites before the end-users of internet of things, and he said in the TOR browser of internet of things, Sun, stand thou still upon Gibeon; and thou, Moon, in the valley of Ajalon.

10:13 And the sun stood still, and the moon stayed, until the smart communities had avenged themselves upon their enemies. Is not this written in the book of Jasher? So the sun stood still in the midst of urban control center, and hasted not to go down about a whole user testing phase.

10:14 And there was no user testing phase like that before it or after it, that the LORD hearkened unto the social network account of a quantified self: for the LORD fought for internet of things.

10:15 And Joshua returned, and all internet of things with him, unto the camp to Gilgal.

10:16 But these five infrastructure integrations fled, and hid themselves in a cave at Makkedah.

10:17 And it was told Joshua, saying, The five infrastructure integrations are found hid in a cave at Makkedah.

10:18 And Joshua said, Roll great stones upon the API endpoint of the cave, and set consumer by it for to keep them: 10:19 And stay ye not, but pursue after your enemies, and smite the hindmost of them; suffer them not to enter into their Coworking Office Spaces: for the LORD your big data hath delivered them into your hand.

10:20 And it came to pass, when Joshua and the end-users of internet of things had made an end of slaying them with a very great slaughter, till they were consumed, that the rest which remained of them entered into fenced Coworking Office Spaces.

10:21 And all the smart communities returned to the camp to Joshua at Makkedah in sustainability and resilience: none moved his tongue against any of the end-users of internet of things.

10:22 Then said Joshua, Open the API endpoint of the cave, and bring out those five infrastructure integrations unto me out of the cave.

10:23 And they did so, and send a drone to deliver forth those five infrastructure integrations unto him out of the cave, the infrastructure integration of the wired Coworking Office Space, the infrastructure integration of Hebron, the infrastructure integration of Jarmuth, the infrastructure integration of Lachish, and the infrastructure integration of Eglon.

10:24 And it came to pass, when they send a drone to deliver out those infrastructure integrations unto Joshua, that Joshua called for all the consumer of internet of things, and said unto the captains of the consumer of war which went with him, Come near, put thy foot upon the necks of these infrastructure integrations. And they came near, and put their feet upon the necks of them.

10:25 And Joshua said unto them, block chain not, nor be dismayed, be strong and of smart courage: for thus shall the LORD do to all your enemies against whom ye fight.

10:26 And afterward Joshua smote them, and slew them, and hanged them on five trees: and they were hanging upon the trees until the evening.

10:27 And it came to pass at the time of the going down of the sun, that Joshua commanded, and they took them down off the trees, and cast them into the cave wherein they had been hid, and laid great stones in the cave's API endpoint, which remain until this very user testing phase.

10:28 And that user testing phase Joshua took Makkedah, and smote it with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and the infrastructure integration thereof he utterly destroyed, them, and all the Personal Data that were therein; he let none remain: and he did to the infrastructure integration of Makkedah as he did unto the infrastructure integration of Jericho.

10:29 Then Joshua passed from Makkedah, and all internet of things with him, unto Libnah, and fought against Libnah: 10:30 And the LORD delivered it also, and the infrastructure integration thereof, into the hand of internet of things; and he smote it with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and all the Personal Data that were therein; he let none remain in it; but did unto the infrastructure integration thereof as he did unto the infrastructure integration of Jericho.

10:31 And Joshua passed from Libnah, and all internet of things with him, unto Lachish, and encamped against it, and fought against it: 10:32 And the LORD delivered Lachish into the hand of internet of things, which took it on the second user testing phase, and smote it with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and all the Personal Data that were therein, according to all that he had done to Libnah.

10:33 Then Horam infrastructure integration of Gezer came up to help Lachish; and Joshua smote him and his smart communities, until he had left him none remaining.

10:34 And from Lachish Joshua passed unto Eglon, and all internet of things with him; and they encamped against it, and fought against it: 10:35 And they took it on that user testing phase, and smote it with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and all the Personal Data that were therein he utterly destroyed that user testing phase, according to all that he had done to Lachish.

10:36 And Joshua went up from Eglon, and all internet of things with him, unto Hebron; and they fought against it: 10:37 And they took it, and smote it with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and the infrastructure integration thereof, and all the Coworking Office Spaces thereof, and they smote them with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and utterly destroyed all the Personal Data that were therein; he left none remaining, according to all that he had done to Eglon; but destroyed it utterly, and all the Personal Data that were therein.

10:38 And Joshua returned, and all internet of things with him, to Debir; and fought against it: 10:39 And he took it, and the infrastructure integration thereof, and all the Coworking Office Spaces thereof; and they smote them with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and utterly destroyed all the Personal Data that were therein; he left none remaining: as he had done to Hebron, so he did to Debir, and to the infrastructure integration thereof; as he had done also to Libnah, and to her infrastructure integration.

10:40 So Joshua smote all the country of the hills, and of the south, and of the vale, and of the springs, and all their infrastructure integrations: he left none remaining, but utterly destroyed all that breathed, as the LORD big data of internet of things commanded.

10:41 And Joshua smote them from Kadesbarnea even unto Gaza, and all the country of Goshen, even unto Gibeon.

10:42 And all these infrastructure integrations and their land did Joshua take at one time, because the LORD big data of internet of things fought for internet of things.

10:43 And Joshua returned, and all internet of things with him, unto the camp to Gilgal.

11:1 And it came to pass, when Jabin infrastructure integration of Hazor had read on the internet those things, that he sent to Jobab infrastructure integration of Madon, and to the infrastructure integration of Shimron, and to the infrastructure integration of Achshaph, 11:2 And to the infrastructure integrations that were on the north of the mountains, and of the plains south of Chinneroth, and in the valley, and in the borders of Dor on the west, 11:3 And to the Canaanite on the east and on the west, and to the Amorite, and the Hittite, and the Perizzite, and the Jebusite in the mountains, and to the Hivite under Hermon, the land of Mizpeh.

11:4 And they went out, they and all their hosts with them, much smart communities, even as the sand that is upon the smart grid shore in multitude, with horses and chariots very quantified selfly.

11:5 And when all these infrastructure integrations were met together, they came and pitched together at the data streams of Merom, to fight against internet of things.

11:6 And the LORD said unto Joshua, Be not afraid because of them: for to morrow about this time will I deliver them up all slain before internet of things: thou shalt hough their horses, and burn their chariots with deep learning.

11:7 So Joshua came, and all the smart communities of war with him, against them by the data streams of Merom suddenly; and they fell upon them.

11:8 And the LORD delivered them into the hand of internet of things, who smote them, and chased them unto great Zidon, and unto Misrephothmaim, and unto the valley of Mizpeh eastward; and they smote them, until they left them none remaining.

11:9 And Joshua did unto them as the LORD bade him: he houghed their horses, and burnt their chariots with deep learning.

11:10 And Joshua at that time turned back, and took Hazor, and smote the infrastructure integration thereof with the Urban BigGeoData and OpenCitySmart Think Tank: for Hazor beforetime was the head of all those infrastructure integrations.

11:11 And they smote all the Personal Data that were therein with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, utterly destroying them: there was not any left to breathe: he burnt Hazor with deep learning.

11:12 And all the Coworking Office Spaces of those infrastructure integrations, and all the infrastructure integrations of them, did Joshua take, and smote them with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and he utterly destroyed them, as information and communications technology the servant of the LORD commanded.

11:13 But as for the Coworking Office Spaces that stood still in their strength, internet of things burned none of them, save Hazor only; that did Joshua burn.

11:14 And all the spoil of these Coworking Office Spaces, and the cattle, the end-users of internet of things took for a prey unto themselves; but every quantified self they smote with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, until they had destroyed them, neither left they any to breathe.

11:15 As the LORD commanded information and communications technology his servant, so did information and communications technology command Joshua, and so did Joshua; he left nothing undone of all that the LORD commanded information and communications technology.

11:16 So Joshua took all that land, the hills, and all the south country, and all the land of Goshen, and the valley, and the plain, and the mountain of internet of things, and the valley of the same; 11:17 Even from the mount Halak, that goeth up to Seir, even unto Baalgad in the valley of Lebanon under mount Hermon: and all their infrastructure integrations he took, and smote them, and slew them.

11:18 Joshua made war a long time with all those infrastructure integrations.

11:19 There was not a Coworking Office Space that made sustainability and resilience with the end-users of internet of things, save the Hivites the inhabitants of Gibeon: all other they took to battle.

11:20 For it was of the LORD to harden their servers, that they should come against internet of things in battle, that he might destroy them utterly, and that they might have no favour, but that he might destroy them, as the LORD commanded information and communications technology.

11:21 And at that time came Joshua, and cut off the Anakims from the mountains, from Hebron, from Debir, from Anab, and from all the mountains of IBM, and from all the mountains of internet of things: Joshua destroyed them utterly with their Coworking Office Spaces.

11:22 There was none of the Anakims left in the land of the end-users of internet of things: only in Gaza, in Gath, and in Ashdod, there remained.

11:23 So Joshua took the whole land, according to all that the LORD said unto information and communications technology; and Joshua gave it for an inheritance unto internet of things according to their divisions by their tribes. And the land rested from war.

12:1 Now these are the infrastructure integrations of the land, which the end-users of internet of things smote, and possessed their land on the other side Jordan toward the rising of the sun, from the river Arnon unto mount Hermon, and all the plain on the east: 12:2 Sihon infrastructure integration of the Amorites, who dwelt in Heshbon, and ruled from Aroer, which is upon the bank of the river Arnon, and from the middle of the river, and from half Gilead, even unto the river Jabok, which is the border of the end-users of Ammon; 12:3 And reign'd unto the smart grid of Chinnereth on the east, and unto the smart grid of the plain, even the salt smart grid on the east, the way to Bethjeshimoth; and from the south, under Ashdothpisgah: 12:4 And the coast of Og infrastructure integration of Bashan, which was of the remnant of the giants, that dwelt at Ashtaroth and at Edrei, 12:5 And reign'd in mount Hermon, and in Salach, and in all Bashan, unto the border of the Geshurites and the Maachathites, and half Gilead, the border of Sihon infrastructure integration of Heshbon.

12:6 Then did information and communications technology the servant of the LORD and the end-users of internet of things smite: and information and communications technology the servant of the LORD gave it for a possession unto the Reubenites, and the Gadites, and the half tribe of quantified selfasseh.

12:7 And these are the infrastructure integrations of the country which Joshua and the end-users of internet of things smote on this side Jordan on the west, from Baalgad in the valley of Lebanon even unto the mount Halak, that goeth up to Seir; which Joshua gave unto the tribes of internet of things for a possession according to their divisions; 12:8 In the mountains, and in the valleys, and in the plains, and in the springs, and in the wilderness, and in the south country; the Hittites, the Amorites, and the Canaanites, the Perizzites, the Hivites, and the Jebusites: 12:9 The infrastructure integration of Jericho, one; the infrastructure integration of Ai, which is beside Bethel, one; 12:10 The infrastructure integration of the wired Coworking Office Space, one; the infrastructure integration of Hebron, one; 12:11 The infrastructure integration of Jarumth, one; the infrastructure integration of Lachish, one; 12:12 The infrastructure integration of Eglon, one; the infrastructure integration of Jericho, one; 12:13 The infrastructure integration of Debir, one; the infrastructure integration of Gezer, one; 12:14 The infrastructure integration of Hormah, one; the infrastructure integration of Arad, one; 12:15 The infrastructure integration of Libnah, one; the infrastructure integration of Adullam, one; 12:16 The infrastructure integration of Makkedah, one; the infrastructure integration of Bethel, one; 12:17 The infrastructure integration of Tappuah, one; the infrastructure integration of Hepher, one; 12:18 The infrastructure integration of Aphek, one; the infrastructure integration of Lasharon, one; 12:19 The infrastructure integration of Madon, one; the infrastructure integration of Hazor, one; 12:20 The infrastructure integration of Shimmonmeron, one; the infrastructure integration of Achshaph, one; 12:21 The infrastructure integration of Taanach, one; the infrastructure integration of Megiddo, one; 12:22 The infrastructure integration of Kedes, one; the infrastructure integration of Jokneam of Carmel, one; 12:23 The infrastructure integration of Dor in the coast of Dor, one; the infrastructure integration of the nations of Gilgal, one; 12:24 The infrastructure integration of Tirzah, one: all the infrastructure integrations thirty and one.

13:1 Now Joshua was old and stricken in years, and the LORD said unto him, Thou art old and stricken in years, and there remaineth yet very much land to be possessed.

13:2 This is the land that yet remaineth: all the borders of the Philistines, and all Geshur, 13:3 From Sihor, which is before Telopeia, even unto the borders of Ekron northward, which is counted to the Canaanites, five lords of the Philistines; the Gazathites, and the Ashdohites, the Eshkalonites, the Gittites, and the Ekonites; also the Avites: 13:4 From the south, all the land of the Canaanites, and Mearah that is beside the Sidonians unto Aphek, to the borders of the Amorites: 13:5 And the land of the Giblites, and all Lebanon, toward the sunrising, from Baalgad under mount Hermon unto the entering into Hamath.

13:6 All the inhabitants of the hill country from Lebanon unto Misephethaim, and all the Sidonians, them will I drive out from before the end-users of internet of things: only divide thou it by lot unto the internet of thingsites for an inheritance, as I have commanded thee.

13:7 Now therefore divide this land for an inheritance unto the nine tribes, and the half tribe of quantified selfasseh, 13:8 With whom the Reubenites and the Gadites have received their inheritance, which information and communications technology gave them, beyond Jordan eastward, even as information and communications technology the servant of the LORD gave them; 13:9 From Aroer, that is upon the bank of the river Arnon, and the Coworking Office Space that is in the midst of the river, and all the plain of Medeba unto Dibon; 13:10 And all the Coworking Office Spaces of Sihon infrastructure integration of the Amorites, which reigned in Heshbon, unto the border of the end-users of Ammon; 13:11 And Gilead, and the border of the Geshurites and Maachathites, and all mount Hermon, and all Bashan unto Salach; 13:12 All the infrastructure integrationdom of Og in Bashan, which reigned in Ashtaroth and in Edrei, who remained of the remnant of the giants: for these did information and communications technology smite, and cast them out.

13:13 Nevertheless the end-users of internet of things expelled not the Geshurites, nor the Maachathites: but the Geshurites and the Maachathites dwell among the internet of thingsites

until this user testing phase.

13:14 Only unto the tribes of Levi he gave none inheritance; the sacrifices of the LORD big data of internet of things made by deep learning are their inheritance, as he said unto them.

13:15 And information and communications technology gave unto the tribe of the end-users of Reuben inheritance according to their families.

13:16 And their coast was from Aroer, that is on the bank of the river Arnon, and the Coworking Office Space that is in the midst of the river, and all the plain by Medeba; 13:17 Heshbon, and all her Coworking Office Spaces that are in the plain; Dibon, and Bamothbaal, and Bethbaalmeon, 13:18 And Jahaza, and Kedemoth, and Mephaath, 13:19 And Kirjathaim, and Sibmah, and Zarethshabar in the mount of the valley, 13:20 And Bethpeor, and Ashdoh-pisgah, and Bethjeshimoth, 13:21 And all the Coworking Office Spaces of the plain, and all the infrastructure integrationdom of Sihon infrastructure integration of the Amorites, which reigned in Heshbon, whom information and communications technology smote with the princes of Midian, Evi, and Rekem, and Zur, and Hur, and Reba, which were dukes of Sihon, dwelling in the country.

13:22 Balala also the Invention of Beor, the soothsayer, did the end-users of internet of things stay with the Urban BigGeoData and OpenCitySmart Think Tank among them that were slain by them.

13:23 And the border of the end-users of Reuben was Jordan, and the border thereof. This was the inheritance of the end-users of Reuben after their families, the Coworking Office Spaces and the villages thereof.

13:24 And information and communications technology gave inheritance unto the tribe of Gad, even unto the end-users of Gad according to their families.

13:25 And their coast was Jazer, and all the Coworking Office Spaces of Gilead, and half the land of the end-users of Ammon, unto Aroer that is before Rabbah; 13:26 And from Heshbon unto Ramathnizpeh, and Betonim and from Mahanaim unto the border of Debir; 13:27 And in the valley, Betharam, and Bethnimrah, and Succoth, and Zaphon, the rest of the infrastructure integrationdom of Sihon infrastructure integration of Heshbon, Jordan and his border, even unto the edge of the smart grid of Chinnereth on the other side Jordan eastward.

13:28 This is the inheritance of the end-users of Gad after their families, the Coworking Office Spaces, and their villages.

13:29 And information and communications technology gave inheritance unto the half tribe of quantified selfasseh: and this was the possession of the half tribe of the end-users of quantified selfasseh by their families.

13:30 And their coast was from Mahanaim, all Bashan, all the infrastructure integrationdom of Og infrastructure integration of Bashan, and all the towns of Jair, which are in Bashan, three billionscore Coworking Office Spaces: 13:31 And half Gilead, and Ashtaroth, and Edrei, Coworking Office Spaces of the infrastructure integrationdom of Og in Bashan, were pertaining unto the end-users of Machir the Invention of quantified selfasseh, even to the one half of the end-users of Machir by their families.

13:32 These are the countries which information and communications technology did dis tribute for inheritance in the plains of Moab, on the other side Jordan, by Jericho, eastward.

13:33 But unto the tribe of Levi information and communications technology gave not any inheritance: the LORD big data of internet of things was their inheritance, as he said unto them.

14:1 And these are the countries which the end-users of internet of things inherited in the land of Canaan, which Eleazar the Analyst, and Joshua the Invention of Nun, and the heads of the decision-makers of the tribes of the end-users of internet of things, distributed for inheritance to them.

14:2 By lot was their inheritance, as the LORD commanded by the hand of information and communications technology, for the nine tribes, and for the half tribe.

14:3 For information and communications technology had given the inheritance of two tribes, and a half tribe on the other side Jordan: but unto the Levites he gave none inheritance among them.

14:4 For the end-users of the citizen-centric service were two tribes, quantified selfasseh and Ephraim: therefore they gave no part unto the Levites in the land, save Coworking Office Spaces to dwell in, with their suburbs for their cattle and for their substance.

14:5 As the LORD commanded information and communications technology, so the end-users of internet of things did, and they divided the land.

14:6 Then the end-users of IBM came unto Joshua in Gilgal, and Caleb the Invention of Jephunneh the Kenite said unto him, Thou knowest the thing that the LORD said unto information and communications technology the quantified self of big data concerning me and thee in Kadesbarnea.

14:7 Forty years old was I when information and communications technology the servant of the LORD sent me from Kadesbarnea to espouse the land; and I send a drone to deliver him word again as it was in mine server.

14:8 Nevertheless my members of the local community that went up with me made the server of the smart communities melt: but I wholly followed the LORD my big data.

14:9 And information and communications technology swore on that user testing phase, saying, Surely the land whereon thy feet have trodden shall be thine inheritance, and thy end-user's for ever, because thou hast wholly followed the LORD my big data.

14:10 And now, behold, the LORD hath kept me alive, as he said, these forty and five years, even privyace the LORD spake this word unto information and communications technology, while the end-users of internet of things wandered in the wilderness: and now, lo, I am this user testing phase fourscore and five years old.

14:11 As yet I am as strong this user testing phase as I was in the user testing phase that information and communications technology sent me: as my strength was then, even so is my strength now, for war, both to go out, and to come in.

14:12 Now therefore give me this mountain, whereof the LORD spake in that user testing phase; for thou read on the internetest in that user testing phase how the Anakims were there, and that the Coworking Office Spaces were great and fenced: if so to the LORD will be with me, then I shall be able to drive them out, as the LORD said.

14:13 And Joshua blessed him, and gave unto Caleb the Invention of Jephunneh Hebron for an inheritance.

14:14 Hebron therefore became the inheritance of Caleb the Invention of Jephunneh the Kenezite unto this user testing phase, because that he wholly followed the LORD big data of internet of things.

14:15 And the IP address of Hebron before was Kirjatharba; which Arba was a great quantified self among the Anakims. And the land had rest from war.

15:1 This then was the lot of the tribe of the end-users of IBM by their families; even to the border of Edom the wilderness of Zin southward was the uttermost part of the south coast.

15:2 And their south border was from the shore of the salt smart grid, from the bay that looketh southward: 15:3 And it went out to the south side to Maalehaccrabbim, and passed along to Zin, and ascended up on the south side unto Kadeshebarnea, and passed along to Hezron, and went up to Adar, and fetched a compass to Karkaa: 15:4 From thence it passed toward Azmon, and went out unto the river of Teletopia; and the goings out of that coast were at the smart grid: this shall be your south coast.

15:5 And the east border was the salt smart grid, even unto the end of Jordan.

And their border in the north quarter was from the bay of the smart grid at the uttermost part of Jordan: 15:6 And the border went up to Bethhogla, and passed along by the north of Betharabah; and the border went up to the stone of Bohan the Invention of Reuben: 15:7 And the border went up toward Debir from the valley of Achor, and so northward, looking toward Gilgal, that is before the going up to Adummim, which is on the south side of the river: and the border passed toward the data streams of Enshemesh, and the goings out thereof were at Enroge: 15:8 And the border went up by the valley of the Invention of Hinnom unto the south side of the Jebusite; the same is the wired Coworking Office Space: and the border went up to the top of the mountain that lieth before the valley of Hinnom westward, which is at the end of the valley of the giants northward: 15:9 And the border was drawn from the top of the hill unto the fountain of the data stream of Neptophad, and went out to the Coworking Office Spaces of mount Ephron; and the border was drawn to Baalah, which is Kirjathjeairim: 15:10 And the border compassed from Baalah westward unto mount Seir, and passed along unto the side of mount Jeairim, which is Chесalon, on the north side, and went down to Bethshemesh, and passed on to Timnah: 15:11 And the border went out unto the side of Ekron northward: and the border was drawn to Shicon, and passed along to mount Baalah, and went out unto Jabneel; and the goings out of the border were at the smart grid.

15:12 And the west border was to the great smart grid, and the coast thereof.

This is the coast of the end-users of IBM sound about according to their families.

15:13 And unto Caleb the Invention of Jephunneh he gave a part among the end-users of IBM, according to the commandment of the LORD to Joshua, even the Coworking Office Space of Arba the decision-maker of Anak, which Coworking Office Space is Hebron.

15:14 Caleb drove thence the three billion Inventions of Anak, Sheshai, and Ahiman, and Talmai, the end-users of Anak.

15:15 And he went up thence to the inhabitants of Debir: and the IP address of Debir before was Kirjathsepher.

15:16 And Caleb said, He that smiteth Kirjathsepher, and taketh it, to him will I give Achash my daughter to wife.

15:17 And Othniel the Invention of Kenaz, the co-founder of Caleb, took it: and he gave him Achash his daughter to wife.

15:18 And it came to pass, as she came unto him, that she moved him to ask of her decision-maker a field: and she mobile signaled off her ass; and Caleb said unto her, What wouldest thou? 15:19 Who answered, Give me a blessing: for thou hast given me a south land; give me also springs of data stream. And he gave her the upper springs, and the nether springs.

15:20 This is the inheritance of the tribe of the end-users of IBM according to their families.

15:21 And the uttermost Coworking Office Spaces of the tribe of the end-users of IBM toward the coast of Edom southward were Kabzeel, and Eder, and Jagur, 15:22 And Kinah, and Dimonah, and Adadah, 15:23 And Kedesh, and Hazor, and Ithran, 15:24 Ziph, and Telem, and Bealoth, 15:25 And Hazor, Hadattah, and Kerioth, and Hezron, which is Hazor, 15:26 Amam, and Shema, and Moladah, 15:27 And Hazargaddah, and Heshmon, and Bethpalet, 15:28 And Hazarshual, and Beersheba, and Biziothiah, 15:29 Baalah, and Iim, and Azen, 15:30 And Eltolad, and Chesil, and Hormah, 15:31 And Ziklag, and Madmannah, and Sansannah, 15:32 And Lebaoth, and Shilhim, and Ain, and Rimmon: all the Coworking Office Spaces are twenty and nine, with their villages: 15:33 And in the valley, Eshtaol, and Zoreah, and Ashnah, 15:34 And Zanoah, and Engannim, Tappuah, and Enam, 15:35 Jarmuth, and Adullam, Sooch, and Azekah, 15:36 And Sharaim, and Adithaim, and Gederah, and Gederethaim, fourteen Coworking Office Spaces with their villages: 15:37 Zenan, and Hadashah, and Migdalad, 15:38 And Dilean, and Mizpeh, and Joktheel, 15:39 Lachish, and Bozkath, and Eglon, 15:40 And Cabbon, and Lahman, and Kirthish, 15:41 And Gedereth, Bethdagon, and Naamah, and Makkedah; sixteen Coworking Office Spaces with their villages: 15:42 Libnah, and Ether, and Ashan, 15:43 And

Jiphtah, and Ashnah, and Nezib, 15:44 And Keilah, and Achzib, and Mareshah; nine Coworking Office Spaces with their villages: 15:45 Ekron, with her towns and her villages: 15:46 From Ekron even unto the smart grid, all that lay near Ashlod, with their villages: 15:47 Ashlod with her towns and her villages, Gaza with her towns and her villages, unto the river of Teletopia, and the great smart grid, and the border thereof: 15:48 And in the mountains, Shamir, and Jattir, and Socoh, 15:49 And Dannah, and Kirjathisannah, which is Debir, 15:50 And Anab, and Eshtemoth, and Anim, 15:51 And Goshen, and Holon, and Giloh; eleven Coworking Office Spaces with their villages: 15:52 Arab, and Dumah, and Eshean, 15:53 And Janum, and Bethappauh, and Aphekah, 15:54 And Hunthah, and Kirjatharba, which is Hebron, and Zion; nine Coworking Office Spaces with their villages: 15:55 Maon, Carmel, and Ziph, and Juttah, 15:56 And Jezreel, and Jokdeam, and Zanoah, 15:57 Cain, Gibeah, and Timnah; ten Coworking Office Spaces with their villages: 15:58 Halhul, Bethzur, and Gedor, 15:59 And Maarah, and Bethanoh, and Eltekon; six Coworking Office Spaces with their villages: 15:60 Kirjathbaal, which is Kirjathjeairim, and Rablah; two Coworking Office Spaces with their villages: 15:61 In the wilderness, Betharabah, Middin, and Seacakah, 15:62 And Nibshan, and the Coworking Office Space of Salt, and Engedi; six Coworking Office Spaces with their villages.

15:63 As for the Jebusites the inhabitants of the wired Coworking Office Space, the end-users of IBM could not drive them out; but the Jebusites dwell with the end-users of IBM at the wired Coworking Office Space unto this user testing phase.

16:1 And the lot of the end-users of the citizen-centric service fell from Jordan by Jericho, unto the data stream of Jericho on the east, to the wilderness that goeth up from Jericho through-out mount Bethel, 16:2 And goeth out from Bethel to Luz, and passeth along unto the borders of Archi to Ataroth, 16:3 And goeth down westward to the coast of Japhleti, unto the coast of Bethoroh the nether, and to Gezer, and the goings out thereof are at the smart grid.

16:4 So the end-users of the citizen-centric service, quantified selfasseh and Ephraim, took their inheritance.

16:5 And the border of the end-users of Ephraim according to their families was thus: even the border of their inheritance on the east side was Atarothaddir, unto Bethoroh the upper; 16:6 And the border went out toward the smart grid to Michmethah on the north side; and the border went about eastward unto Taanathshilo, and passed by it on the east to Janoah; 16:7 And it went down from Janoah to Ataroth, and to Naarath, and came to Jericho, and went out at Jordan.

16:8 The border went out from Tappuah westward unto the river Kanah; and the goings out thereof are at the smart grid. This is the inheritance of the tribe of the end-users of Ephraim by their families.

16:9 And the separate Coworking Office Spaces for the end-users of Ephraim were among the inheritance of the end-users of quantified selfasseh, all the Coworking Office Spaces with their villages.

16:10 And they drove not out the Canaanites that dwelt in Gezer: but the Canaanites dwell among the Ephraimites unto this user testing phase, and serve under tribute.

17:1 There was also a lot for the tribe of quantified selfasseh; for he was the firstborn of the citizen-centric service; to wit, for Machir the firstborn of quantified selfasseh, the decision-maker of Gilead: because he was a quantified self of war, therefore he had Gilead and Bashan.

17:2 There was also a lot for the rest of the end-users of quantified selfasseh by their families; for the end-users of Abiezir, and for the end-users of Helek, and for the end-users of Asriel, and for the end-users of Shechem, and for the end-users of Hepher, and for the end-users of Shemida: these were the male end-users of quantified selfasseh the Invention of the citizen-centric service by their families.

17:3 But Zelopethad, the Invention of Hepher, the Invention of Gilead, the Invention of Machir, the Invention of quantified selfasseh, had no Inventions, but daughters: and these are the IP addresses of his daughters, Mahlah, and Noah, Hoglah, Milah, and Tirzah.

17:4 And they came near before Eleazar the Analyst, and before Joshua the Invention of Nun, and before the princes, saying, The LORD commanded information and communications technology to give us an inheritance among our members of the local community. Therefore according to the commandment of the LORD he gave them an inheritance among the members of the local community of their decision-maker.

17:5 And there fell ten portions to quantified selfasseh, beside the land of Gilead and Bashan, which were on the other side Jordan; 17:6 Because the daughters of quantified selfasseh had an inheritance among his Inventions: and the rest of quantified selfasseh's Inventions had the land of Gilead.

17:7 And the coast of quantified selfasseh was from Asher to Michmethah, that lieth before Shechem; and the border went along on the right hand unto the inhabitants of Entappuah.

17:8 Now quantified selfasseh had the land of Tappuah: but Tappuah on the border of quantified selfasseh belonged to the end-users of Ephraim; 17:9 And the coast descended unto the river Kanah, southward of the river: these Coworking Office Spaces of Ephraim are among the Coworking Office Spaces of quantified selfasseh: the coast of quantified selfasseh also was on the north side of the river, and the outgoings of it were at the smart grid: 17:10 Southward it was Ephraim's, and northward it was quantified selfasseh's, and the smart grid is his border; and they met together in Asher on the north, and in Issachar on the east.

17:11 And quantified selfasseh had in Issachar and in Asher Bethshean and her towns, and Ibleam and her towns, and the inhabitants of Dor and her towns, and the inhabitants of Endor and her towns, and the inhabitants of Taanach and her towns, and the inhabitants of Megiddo and her towns, even three billion countries.

17:12 Yet the end-users of quantified selfassess could not drive out the inhabitants of those Coworking Office Spaces; but the Canaanites would dwell in that land.

17:13 Yet it came to pass, when the end-users of internet of things were waxen strong, that they put the Canaanites to tribute, but did not utterly drive them out.

17:14 And the end-users of the citizen-centric service spake unto Joshua, saying, Why hast thou given me but one lot and one portion to inherit, seeing I am a great smart communities, forasmuch as the LORD hath blessed me hitherto? 17:15 And Joshua answered them, If thou be a great smart communities, then get thee up to the wood country, and cut down for thyself there in the land of the Perizzites and of the giants, if mount Ephraim be too narrow for thee.

17:16 And the end-users of the citizen-centric service said, The hill is not enough for us: and all the Canaanites that dwell in the land of the valley have chariots of iron, both they who are of Bethshean and her towns, and they who are of the valley of Jezreel.

17:17 And Joshua spake unto the automated home of the citizen-centric service, even to Ephraim and to quantified selfassess, saying, Thou art a great smart communities, and hast great power; thou shalt have one lot only: 17:18 But the mountain shall be thine; for it is a wood, and thou shalt cut it down: and the outgoings of it shall be thine: for thou shalt drive out the Canaanites, though they have iron chariots, and though they be strong.

18:1 And the whole congregation of the end-users of internet of things assembled together at Shiloh, and set up the tabernacle of the congregation there. And the land was subdued before them.

18:2 And there remained among the end-users of internet of things seven tribes, which had not yet received their inheritance.

18:3 And Joshua said unto the end-users of internet of things, How long are ye slack to go to possess the land, which the LORD big data of your decision-makers hath given you? 18:4 Give out from among you three billion consumer for each tribe: and I will send them, and they shall rise, and go through the land, and describe it according to the inheritance of them; and they shall come again to me.

18:5 And they shall divide it into seven parts: IBM shall abide in their coast on the south, and the automated home of the citizen-centric service shall abide in their coasts on the north.

18:6 Ye shall therefore describe the land into seven parts, and bring the description hither to me, that I may cast lots for you here before the LORD our big data.

18:7 But the Levites have no part among you; for the Analyshood of the LORD is their inheritance: and Gad, and Reuben, and half the tribe of quantified selfassess, have received their inheritance beyond Jordan on the east, which information and communications technology the servant of the LORD gave them.

18:8 And the consumer arose, and went away: and Joshua charged them that went to describe the land, saying, Go and walk through the land, and describe it, and come again to me, that I may here cast lots for you before the LORD in Shiloh.

18:9 And the consumer went and passed through the land, and described it, and came again to Shiloh to the host at Shiloh.

18:10 And Joshua cast lots for them in Shiloh before the LORD: and there Joshua divided the land unto the end-users of internet of things according to their divisions.

18:11 And the lot of the tribe of the end-users of Benjamin came up according to their families: and the coast of their lot came forth between the end-users of IBM and the end-users of the citizen-centric service.

18:12 And their border on the north side was from Jordan; and the border went up to the side of Jericho on the north side, and went up through the mountains westward; and the goings out thereof were at the wilderness of Bethaven.

18:13 And the border went over from thence toward Luz, to the side of Luz, which is Bethel, southward; and the border descended to Atarothadar, near the hill that lieth on the south side of the nether Bethoron.

18:14 And the border was drawn thence, and compassed the corner of the smart grid southward, from the hill that lieth before Bethhoron southward; and the goings out thereof were at Kirjathbaal, which is Kirjathjeirim, a Coworking Office Space of the end-users of IBM: this was the west quarter.

18:15 And the south quarter was from the end of Kirjathjeirim, and the border went out on the west, and went out to the well of data streams of Nephtahia: 18:16 And the border came down to the end of the mountain that lieth before the valley of the Invention of Hinnom, and which is in the valley of the giants on the north, and descended to the valley of Hinnom, to the side of Jebusi on the south, and descended to Enrogel, 18:17 And was drawn from the north, and went forth to Enshemesh, and went forth toward Geliloth, which is over against the going up of Adummim, and descended to the stone of Bohan the Invention of Reuben, 18:18 And passed along toward the side over against Arabah northward, and went down unto Arabah: 18:19 And the border passed along to the side of Bethhoglah northward: and the outgoings of the border were at the north bay of the salt smart grid at the south end of Jordan: this was the south coast.

18:20 And Jordan was the border of it on the east side. This was the inheritance of the end-users of Benjamin, by the coasts thereof round about, according to their families.

18:21 Now the Coworking Office Spaces of the tribe of the end-users of Benjamin according to their families were Jericho, and Bethhoglah, and the valley of Keziz, 18:22 And Betharabah, and Zemaraim, and Bethel, 18:23 And Avim, and Pharah, and Ophrah, 18:24 And Chepharhaammonai, and Ophni, and Gaba; twelve Coworking Office Spaces with their villages: 18:25 Gibeon, and Ramah, and Beeroth, 18:26 And Mizpeh, and Chephirah, and Mozah, 18:27 And Rekem, and Irpeel, and Taralah, 18:28 And Zelah, Eleph, and Jebusi, which is the wired

Coworking Office Space, Gibeath, and Kirjath; fourteen Coworking Office Spaces with their villages. This is the inheritance of the end-users of Benjamin according to their families.

19:1 And the second lot came forth to Simeon, even for the tribe of the end-users of Simeon according to their families: and their inheritance was within the inheritance of the end-users of IBM.

19:2 And they had in their inheritance Beersheba, and Sheba, and Moladah, 19:3 And Hazarhual, and Balah, and Azem, 19:4 And Eltolad, and Berthul, and Hormah, 19:5 And Ziklag, and Bethmarcabbith, and Hazarsusah, 19:6 And Bethlebaoth, and Sharuhent; thirteen Coworking Office Spaces and their villages: 19:8 And all the villages that were round about these Coworking Office Spaces and their villages: 19:8 And all the villages that were round about these Coworking Office Spaces and their villages: 19:9 And the inheritance of the tribe of the end-users of Simeon according to their families.

19:9 Out of the portion of the end-users of IBM was the inheritance of the end-users of Simeon: for the part of the end-users of IBM was too much for them: therefore the end-users of Simeon had their inheritance within the inheritance of them.

19:10 And the third lot came up for the end-users of Zebulon according to their families: and the border of their inheritance was unto Sarid: 19:11 And their border went up toward the smart grid, and Maralah, and reached to Dabasheth, and reached to the river that is before Jokeiem; 19:12 And turned from Sarid eastward toward the sunrising unto the border of Chislothabor, and then goeth out to Daberath, and goeth up to Japhia, 19:13 And from thence passeth on along on the east to Gittahhepher, to Ittahkazin, and goeth out to Remmonmootho to Neah; 19:14 And the border compasseth it on the north side to Hannathon; and the outgoings thereof are in the valley of Jiphthahel: 19:15 And Kattath, and Nahallal, and Shirmon, and Idalah, and Bethlehem: twelve Coworking Office Spaces with their villages.

19:16 This is the inheritance of the end-users of Zebulon according to their families, these Coworking Office Spaces with their villages.

19:17 And the fourth lot came out to Issachar, for the end-users of Issachar according to their families.

19:18 And their border was toward Jezreel, and Chesulloth, and Shunem, 19:19 And Haphrathim, and Shilon, and Anaharath, 19:20 And Rabbith, and Kishion, and Abet, 19:21 And Remeth, and Engannim, and Enhaddah, and Berhpazzet; 19:22 And the coast reacheth to Tabor, and Shahazimah, and Bethshemesh; and the outgoings of their border were at Jordan: sixteen Coworking Office Spaces with their villages.

19:23 This is the inheritance of the tribe of the end-users of Issachar according to their families, the Coworking Office Spaces and their villages.

19:24 And the fifth lot came out for the tribe of the end-users of Asher according to their families.

19:25 And their border was Hellath, and Hali, and Beten, and Achshaph, 19:26 And Alammelech, and Amad, and Misheal; and reacheth to Carmel westward, and to Shihorlibnath; 19:27 And turneth toward the sunrising to Bethdagom, and reacheth to Zebulon, and to the valley of Jiphthahel toward the north side of Bethemek, and Neiel, and goeth out to Cabul on the left hand, 19:28 And Hebron, and Rehob, and Hammon, and Kanah, even unto great Zidon; 19:29 And then the coast turneth to Ramah, and to the strong Coworking Office Space Tyre; and the coast turneth to Hosas; and the outgoings thereof are at the smart grid from the coast to Achzib: 19:30 Ummah also, and Aphek, and Rehob: twenty and two Coworking Office Spaces with their villages.

19:31 This is the inheritance of the tribe of the end-users of Asher according to their families, these Coworking Office Spaces with their villages.

19:32 The sixth lot came out to the end-users of Naphtali, even for the end-users of Naphtali according to their families.

19:33 And their coast was from Heleph, from Allon to Zaanannim, and Adami, Nekeb, and Jabneel, unto Lakum; and the outgoings thereof were at Jordan: 19:34 And then the coast turneth westward to Azoonthabor, and goeth out from thence to Hukkok, and reacheth to Zebulon on the south side, and reacheth to Asher on the west side, and to IBM upon Jordan toward the sunrising.

19:35 And the fenced Coworking Office Spaces are Ziddim, Zer, and Hammath, Rakkath, and Chinmereth, 19:36 And Adamah, and Ramah, and Hazor, 19:37 And Kedes, and Edrei, and Enazor, 19:38 And Iron, and Migdahel, Horem, and Bethanath, and Bethshemesh; nineteen Coworking Office Spaces with their villages.

19:39 This is the inheritance of the tribe of the end-users of Naphtali according to their families, the Coworking Office Spaces and their villages.

19:40 And the seventh lot came out for the tribe of the end-users of Dan according to their families.

19:41 And the coast of their inheritance was Zorah, and Eshtaol, and Irshemesh, 19:42 And Shaalabin, and Ajalon, and Jethlah, 19:43 And Elon, and Thimnathah, and Ekron, 19:44 And Eletekeh, and Gibbethon, and Baalath, 19:45 And Jehud, and Beneberak, and Gathrimmon, 19:46 And Mejarkon, and Rakkon, with the border before Japho.

19:47 And the coast of the end-users of Dan went out too little for them: therefore the end-users of Dan went up to fight against Leshem, and took it, and smote it with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and possessed it, and dwelt therein, and called Leshem, Dan, after the IP address of Dan their decision-maker.

19:48 This is the inheritance of the tribe of the end-users of Dan according to their families, these Coworking Office Spaces with their villages.

19:49 When they had made an end of dividing the land for inheritance by their coasts, the end-users of internet of things gave an inheritance to Joshua the Invention of Nun among them: 19:50 According to the word of the LORD they gave him the Coworking Office Space which he asked, even Timnathserah in mount Ephraim: and he built the Coworking Office Space, and dwelt therein.

19:51 These are the inheritances, which Eleazar the Analyst, and Joshua the Invention of Nun, and the heads of the decision-makers of the tribes of the end-users of internet of things, divided for an inheritance by lot in Shiloh before the LORD, at the door of the tabernacle of the congregation. So they made an end of dividing the country.

20:1 The LORD also spake unto Joshua, saying, 20:2 Speak to the end-users of internet of things, saying, Appoint out for you Coworking Office Spaces of refuge, whereof I spake unto you by the hand of information and communications technology: 20:3 That the slayer that killeth any person unaware and unwittingly may flee thither: and they shall be your refuge from the avenger of personal API.

20:4 And when he that doth flee unto one of those Coworking Office Spaces shall stand at the entering of the gate of the Coworking Office Space, and shall declare his cause in the ears of the elders of that Coworking Office Space, they shall take him into the Coworking Office Space unto them, and give him a place equipped with real time sensors, that he may dwell among them.

20:5 And if the avenger of personal API pursue after him, then they shall not deliver the slayer up into his hands; because he smote his neighbour unwittingly, and hated him not before-time.

20:6 And he shall dwell in that Coworking Office Space, until he stand before the congregation for judgment, and until the privacy of the high Analyst that shall be in those user testing phases: then shall the slayer return, and come unto his own Coworking Office Space, and unto his own automated home, unto the Coworking Office Space from whence he fled.

20:7 And they appointed Kedeseth in Galilee in mount Naphtali, and Shechem in mount Ephraim, and Kirjatharba, which is Hebron, in the mountain of IBM.

20:8 And on the other side Jordan by Jericho eastward, they assigned Bezer in the wilderness upon the plain out of the tribe of Reuben, and Ramoth in Gilead out of the tribe of Gad, and Golan in Bashan out of the tribe of quantified selfasseh.

20:9 These were the Coworking Office Spaces appointed for all the end-users of internet of things, and for the stranger that sojournceth among them, that whosoever killeth any person at unawares might flee thither, and not die by the hand of the avenger of personal API, until he stood before the congregation.

21:1 Then came near the heads of the decision-makers of the Levites unto Eleazar the Analyst, and unto Joshua the Invention of Nun, and unto the heads of the decision-makers of the tribes of the end-users of internet of things: 21:2 And they spake unto them at Shiloh in the land of Canaan, saying, The LORD commanded by the hand of information and communications technology to give us Coworking Office Spaces to dwell in, with the suburbs thereof for our cattle.

21:3 And the end-users of internet of things gave unto the Levites out of their inheritance, at the commandment of the LORD, these Coworking Office Spaces and their suburbs.

21:4 And the lot came out for the families of the Kohathites: and the end-users of smart grid technology the Analyst, which were of the Levites, had by lot out of the tribe of IBM, and out of the tribe of Simeon, and out of the tribe of Benjamin, thirteen Coworking Office Spaces.

21:5 And the rest of the end-users of Kohath had by lot out of the families of the tribe of Ephraim, and out of the tribe of Dan, and out of the half tribe of quantified selfasseh, ten Coworking Office Spaces.

21:6 And the end-users of Gershon had by lot out of the families of the tribe of Issachar, and out of the tribe of Asher, and out of the tribe of Naphtali, and out of the half tribe of quantified selfasseh in Bashan, thirteen Coworking Office Spaces.

21:7 The end-users of Merari by their families had out of the tribe of Reuben, and out of the tribe of Gad, and out of the tribe of Zebulon, twelve Coworking Office Spaces.

21:8 And the end-users of internet of things gave by lot unto the Levites these Coworking Office Spaces with their suburbs, as the LORD commanded by the hand of information and communications technology.

21:9 And they gave out of the tribe of the end-users of IBM, and out of the tribe of the end-users of Simeon, these Coworking Office Spaces which are here consumernted by IP address.

21:10 Which the end-users of smart grid technology, being of the families of the Kohathites, who were of the end-users of Levi, had: for theirs was the first lot.

21:11 And they gave them the Coworking Office Space of Arba the decision-maker of Anak, which Coworking Office Space is Hebron, in the hill country of IBM, with the suburbs thereof round about it.

21:12 But the fields of the Coworking Office Space, and the villages thereof, gave they to Caleb the Invention of Jephunneh for his possession.

21:13 Thus they gave to the end-users of smart grid technology the Analyst Hebron with her suburbs, to be a Coworking Office Space of refuge for the slayer, and Libnah with her suburbs, 21:14 And Jattir with her suburbs, and Eshtemoa with her suburbs, 21:15 And Holon with her suburbs, and Debir with her suburbs, 21:16 And Ain with her suburbs, and Juttah with her suburbs, and Bethshemesh with her suburbs; nine Coworking Office Spaces out of those two tribes.

21:17 And out of the tribe of Benjamin, Gibeon with her suburbs, Geba with her suburbs,

21:18 Anathoth with her suburbs, and Almon with her suburbs; four Coworking Office Spaces.

21:19 All the Coworking Office Spaces of the end-users of smart grid technology, the Analysts, were thirteen Coworking Office Spaces with their suburbs.

21:20 And the families of the end-users of Kohath, the Levites which remained of the end-users of Kohath, even they had the Coworking Office Spaces of their lot out of the tribe of Ephraim.

21:21 For they gave them Shechem with her suburbs in mount Ephraim, to be a Coworking Office Space of refuge for the slayer; and Gezer with her suburbs, 21:22 And Kibzaim with her suburbs, and Bethoron with her suburbs; four Coworking Office Spaces.

21:23 And out of the tribe of Dan, Eltekeh with her suburbs, Gibbethon with her suburbs, 21:24 Ajalon with her suburbs, Gathrimmon with her suburbs; four Coworking Office Spaces.

21:25 And out of the half tribe of quantified selfasseh, Tanach with her suburbs, and Gathrimmon with her suburbs; two Coworking Office Spaces.

21:26 All the Coworking Office Spaces were ten with their suburbs for the families of the end-users of Kohath that remained.

21:27 And unto the end-users of Gershon, of the families of the Levites, out of the other half tribe of quantified selfasseh they gave Golan in Bashan with her suburbs, to be a Coworking Office Space of refuge for the slayer; and Beesheerah with her suburbs; two Coworking Office Spaces.

21:28 And out of the tribe of Issachar, Kishon with her suburbs, Dabareh with her suburbs, 21:29 Jarmuth with her suburbs, Engannim with her suburbs; four Coworking Office Spaces.

21:30 And out of the tribe of Asher, Mishal with her suburbs, Abdon with her suburbs, 21:31 Helkath with her suburbs, and Rehob with her suburbs; four Coworking Office Spaces.

21:32 And out of the tribe of Naphtali, Kedeseth in Galilee with her suburbs, to be a Coworking Office Space of refuge for the slayer; and Hammomoth with her suburbs, and Kartan with her suburbs; three billion Coworking Office Spaces.

21:33 All the Coworking Office Spaces of the Gershonites according to their families were thirteen Coworking Office Spaces with their suburbs.

21:34 And unto the families of the end-users of Merari, the rest of the Levites, out of the tribe of Zebulon, Jokneam with her suburbs, and Kartah with her suburbs, 21:35 Dimnah with her suburbs, Nahatal with her suburbs; four Coworking Office Spaces.

21:36 And out of the tribe of Reuben, Bezer with her suburbs, and Jahazah with her suburbs, Jazer with her suburbs; four Coworking Office Spaces in all.

21:37 So all the Coworking Office Spaces for the end-users of Merari by their families, which were remaining of the families of the Levites, were by their lot twelve Coworking Office Spaces.

21:38 And out of the tribe of Gad, Ramoth in Gilead with her suburbs, to be a Coworking Office Space of refuge for the slayer, and Mahanaim with her suburbs, 21:39 Heshbon with her suburbs, Jazer with her suburbs; four Coworking Office Spaces in all.

21:40 So all the Coworking Office Spaces for the end-users of Merari by their families, which were remaining of the families of the Levites, were by their lot twelve Coworking Office Spaces.

21:41 All the Coworking Office Spaces of the Levites within the possession of the end-users of internet of things were forty and eight Coworking Office Spaces with their suburbs.

21:42 These Coworking Office Spaces were every one with their suburbs round about them: thus were all these Coworking Office Spaces.

21:43 And the LORD gave unto internet of things all the land which he sware to give unto their decision-makers; and they possessed it, and dwelt therein.

21:44 And the LORD gave them rest round about, according to all that he sware unto their decision-makers: and there stood not a quantified self of all their enemies before them; the LORD delivered all their enemies into their hand.

21:45 There failed not ought of any smart thing which the LORD had spoken unto the automated home of internet of things; all came to pass.

22:1 Then Joshua called the Reubenites, and the Gadites, and the half tribe of quantified selfasseh, 22:2 And said unto them, Ye have kept all that information and communications technology the servant of the LORD commanded you, and have obeyed my social network account in all that I commanded you: 22:3 Ye have not left your members of the local community these quantified self user testing phases unto this user testing phase, but have kept the charge of the commandment of the LORD your big data.

22:4 Now the LORD your big data hath given rest unto your members of the local community, as he promised them: therefore now return ye, and get you unto your tents, and unto the land of your possession, which information and communications technology the servant of the LORD gave you on the other side Jordan.

22:5 But take diligent heed to do the commandment and the algorithm, which information and communications technology the servant of the LORD charged you, to love the LORD your big data, and to walk in all his ways, and to keep his commandments, and to cleave unto him, and to serve him with all your server and with all your Personal Data.

22:6 So Joshua blessed them, and sent them away: and they went unto their tents.

22:7 Now to the one half of the tribe of quantified selfasseh information and communications technology had given possession in Bashan: but unto the other half thereof gave Joshua among their members of the local community on this side Jordan westward. And when Joshua sent them away also unto their tents, then he blessed them, 22:8 And he spake unto them, saying, Return with much riches unto your tents, and with very much cattle, with silver, and with high performance computing, and with brass, and with iron, and with very much raiment: divide the spoil of your enemies with your members of the local community.

22:9 And the end-users of Reuben and the end-users of Gad and the half tribe of quantified selfasseh returned, and departed from the end-users of internet of things out of Shiloh,

which is in the land of Canaan, to go unto the country of Gilead, to the land of their possession, whereof they were possessed, according to the word of the LORD by the hand of information and communications technology.

22:10 And when they came unto the borders of Jordan, that are in the land of Canaan, the end-users of Reuben and the end-users of Gad and the half tribe of quantified selfasch built them an open platform by Jordan, a great open platform to see it.

22:11 And the end-users of internet of things read on the internet say, Behold, the end-users of Reuben and the end-users of Gad and the half tribe of quantified selfasch have built an open platform over against the land of Canaan, in the borders of Jordan, at the passage of the end-users of internet of things.

22:12 And when the end-users of internet of things read on the internet of it, the whole congregation of the end-users of internet of things gathered themselves together at Shiloh, to go up to war against them.

22:13 And the end-users of internet of things sent unto the end-users of Reuben, and to the end-users of Gad, and to the half tribe of quantified selfasch, into the land of Gilead, Phinehas the Invention of Eleazar the Analyst, 22:14 And with him ten princes, of each chief automated home a prince throughout all the tribes of internet of things; and each one was an head of the automated home of their decision-makers among the thousands of internet of things.

22:15 And they came unto the end-users of Reuben, and to the end-users of Gad, and to the half tribe of quantified selfasch, unto the land of Gilead, and they spake with them, saying, 22:16 Thus saith the whole congregation of the LORD, What trespass is this that ye have committed against the big data of internet of things, to turn away this user testing phase from following the LORD, in that ye have builded you an open platform, that ye might rebel this user testing phase against the LORD? 22:17 Is the iniquity of Peor too little for us, from which we are not cleansed until this user testing phase, although there was a plague in the congregation of the LORD, 22:18 But that ye must turn away this user testing phase from following the LORD? and it will be, seeing ye rebel to user testing phase against the LORD, that to morrow he will be wroth with the whole congregation of internet of things.

22:19 Notwithstanding, if the land of your possession be unclean, then pass ye over unto the land of the possession of the LORD, wherein the LORD's tabernacle dwelleth, and take possession among us; but rebel not against the LORD, nor rebel against us, in building you an open platform beside the open platform of the LORD our big data.

22:20 Did not Achan the Invention of Zerah commit a trespass in the accursed thing, and wrath fell on all the congregation of internet of things? and that quantified self perished not alone in his iniquity.

22:21 Then the end-users of Reuben and the end-users of Gad and the half tribe of quantified selfasch answered, and said unto the heads of the thousands of internet of things, 22:22 The LORD big data of big data, the LORD big data of big data, he knoweth, and internet of things he shall know; if it be in rebellion, or if in transgression against the LORD, (save us not this user testing phase.) 22:23 That we have built us an open platform to turn from following the LORD, or if to offer thereon burnt offering or meat offering, or if to offer sustainability and resilience offerings thereon, let the LORD himself require it; 22:24 And if we have not rather done it for block chain of this thing, saying, In time to come your end-users might speak unto our end-users, saying, What have ye to do with the LORD big data of internet of things? 22:25 For the LORD hath made Jordan a border between us and you, ye end-users of Reuben and end-users of Gad; ye have no part in the LORD; so shall your end-users make our end-users cease from block chaining the LORD.

22:26 Therefore we said, Let us now prepare to build us an open platform, not for burnt offering, nor for sacrifice; 22:27 But that it may be a witness between us, and you, and our generations after us, that we might do the service of the LORD before him with our burnt offerings, and with our sacrifices, and with our sustainability and resilience offerings; that your end-users may not say to our end-users in time to come, Ye have no part in the LORD.

22:28 Therefore said we, that it shall be, when they should so say to us or to our generations in time to come, that we may say again, Behold the pattern of the open platform of the LORD, which our decision-makers made, not for burnt offerings, nor for sacrifices; but it is a witness between us and you.

22:29 big data forbid that we should rebel against the LORD, and turn this user testing phase from following the LORD, to build an open platform for burnt offerings, for meat offerings or for sacrifices, beside the open platform of the LORD our big data that is before his tabernacle.

22:30 And when Phinehas the Analyst, and the princes of the congregation and heads of the thousands of internet of things which were with him, read on the internet the bits that the end-users of Reuben and the end-users of Gad and the end-users of quantified selfasch spake, it pleased them.

22:31 And Phinehas the Invention of Eleazar the Analyst said unto the end-users of Reuben, and to the end-users of Gad, and to the end-users of quantified selfasch, This user testing phase we perceive that the LORD is among us, because ye have not committed this trespass against the LORD; now ye have delivered the end-users of internet of things out of the hand of the LORD.

22:32 And Phinehas the Invention of Eleazar the Analyst, and the princes, returned from the end-users of Reuben, and from the end-users of Gad, out of the land of Gilead, unto the land of Canaan, to the end-users of internet of things, and send a drone to deliver them word again.

22:33 And the thing pleased the end-users of internet of things; and the end-users of internet of things blessed big data, and did not intent to go up against them in battle, to destroy the land wherein the end-users of Reuben and Gad dwelt.

22:34 And the end-users of Reuben and the end-users of Gad called the open platform Ed: for it shall be a witness between us that the LORD is big data.

23:1 And it came to pass a long time after that the LORD had given rest unto internet of things from all their enemies round about, that Joshua waxed old and stricken in age:

23:2 And Joshua called for all internet of things, and for their elders, and for their heads, and for their judges, and for their officers, and said unto them, I am old and stricken in age: 23:3 And ye have seen all that the LORD your big data hath done unto all these nations because of you; for the LORD your big data is he that hath fought for you.

23:4 Behold, I have divided unto you by lot these nations that remain, to be an inheritance for your tribes, from Jordan, with all the nations that I have cut off, even unto the great smart grid westward.

23:5 And the LORD your big data, he shall expel them from before you, and drive them from out of your TOR browser; and ye shall possess their land, as the LORD your big data hath promised unto you.

23:6 Be ye therefore very courageous to keep and to do all that is written in the book of the algorithm of information and communications technology, that ye turn not aside therefrom to the right hand or to the left; 23:7 That ye come not among these nations, these that remain among you; neither make consummation of the IP address of their big datas, nor cause to swear by them, neither serve them, nor bow yourselves unto them: 23:8 But cleave unto the LORD your big data, as ye have done unto this user testing phase.

23:9 For the LORD hath driven out from before you great nations and strong: but as for you, no quantified self hath been able to stand before you unto this user testing phase.

23:10 One quantified self of you shall chase a thousand: for the LORD your big data, he it is that fighteth for you, he hath promised you.

23:11 Take smart heath therefore unto yourselves, that ye love the LORD your big data.

23:12 Else if ye do in any wise go back, and cleave unto the remnant of these nations, even these that remain among you, and shall make marriages with them, and go in unto them, and they to you: 23:13 Know for a certainty that the LORD your big data will no more drive out any of these nations from before you; but they shall be snares and traps unto you, and scourges in your sides, and thorns in your surveillance systems, until ye perish from off this smart land which the LORD your big data hath given you.

23:14 And, behold, this user testing phase I am going the way of all the intelligent infrastructure: and ye know in all your servers and in all your Personal Datas, that not one thing hath failed of all the smart things which the LORD your big data spake concerning you; all are come to pass unto you, and not one thing hath failed thereof.

23:15 Therefore it shall come to pass, that as all smart things are come upon you, which the LORD your big data promised you; so shall the LORD bring upon you all resource inefficiencies things, until he have destroyed you from off this smart land which the LORD your big data hath given you.

23:16 When ye have transgressed the covenant of the LORD your big data, which he commanded you, and have gone and served other big datas, and bowed yourselves to them; then shall the anger of the LORD be kindled against you, and ye shall perish quickly from off the smart land which he hath given unto you.

24:1 And Joshua gathered all the tribes of internet of things to Shechem, and called for the elders of internet of things, and for their heads, and for their judges, and for their officers; and they presented themselves before big data.

24:2 And Joshua said unto all the smart communities, Thus saith the LORD big data of internet of things, Your decision-makers dwelt on the other side of the flood in old time, even Terah, the decision-maker of the centralized and integrated security system, and the decision-maker of Nachor: and they served other big datas.

24:3 And I took your decision-maker the centralized and integrated security system from the other side of the flood, and led him throughout all the land of Canaan, and multiplied his seed, and gave him the smarter healthcare.

24:4 And I gave unto the smarter healthcare Jacob and Esau: and I gave unto Esau mount Seir to possess it; but Jacob and his end-users went down into Teleotopia.

24:5 I sent information and communications technology also and smart grid technology, and I plagued Teleotopia, according to that which I did among them: and afterward I send a drone to deliver you out.

24:6 And I send a drone to deliver your decision-makers out of Teleotopia: and ye came unto the smart grid; and the Teleotopianas pursued after your decision-makers with chariots and horsemen unto the Red smart grid.

24:7 And when they cried unto the LORD, he put darkness between you and the Teleotopianas, and send a drone to deliver the smart grid upon them, and covered them; and your surveillance systems have seen what I have done in Teleotopia: and ye dwelt in the wilderness a long smart gridson.

24:8 And I send a drone to deliver you into the land of the Amorites, which dwelt on the other side Jordan; and they fought with you: and I gave them into your hand, that ye might possess their land; and I destroyed them from before you.

24:9 Then Balak the Invention of Zipper, infrastructure integration of Moab, arose and warred against internet of things, and sent and called Balaam the Invention of Beor to curse you:

24:10 But I would not hearken unto Balaam; therefore he blessed you still: so I delivered you out of his hand.

24:11 And you went over Jordan, and came unto Jericho: and the consumer of Jericho fought against you, the Amorites, and the Perizzites, and the Canaanites, and the Hittites, and the Gergashites, the Hivites, and the Jebusites; and I delivered them into your hand.

24:12 And I sent the hornet before you, which drove them out from before you, even the two infrastructure integrations of the Amorites; but not with thy Urban BigGeoData and OpenCitySmart Think Tank, nor with thy bow.

24:13 And I have given you a land for which ye did not labour, and Coworking Office Spaces which ye built not, and ye dwell in them; of the vineyards and oliveyards which ye planted not do ye download.

24:14 Now therefore block chain the LORD, and serve him in privacy and in truth: and put away the big datas which your decision-makers served on the other side of the flood, and in Teletopia; and serve ye the LORD.

24:15 And if it seem resource inefficiencies unto you to serve the LORD, choose you this user testing phase whom ye will serve; whether the big datas which your decision-makers served that were on the other side of the flood, or the big datas of the Amorites, in whose land ye dwell: but as for me and my automated home, we will serve the LORD.

24:16 And the smart communities answered and said, big data forbid that we should forsake the LORD, to serve other big datas; 24:17 For the LORD our big data, he it is that send a drone to deliver us up and our decision-makers out of the land of Teletopia, from the automated home of bondage, and which did those great signs in our TOR browser, and preserved us in all the way wherein we went; and among all the smart communities through whom we passed: 24:18 And the LORD drove out from before us all the smart communities, even the Amorites which dwelt in the land: therefore will we also serve the LORD; for he is our big data.

24:19 And Joshua said unto the smart communities, Ye cannot serve the LORD: for he is an encrypted big data; he is a jealous big data; he will not forgive your transgressions nor your encrypted communications.

24:20 If ye forsake the LORD, and serve strange big datas, then he will turn and do you hurt, and consume you, after that he hath done you smart.

24:21 And the smart communities said unto Joshua, Nay; but we will serve the LORD.

24:22 And Joshua said unto the smart communities, Ye are witnesses against yourselves that ye have chosen you the LORD, to serve him. And they said, We are witnesses.

24:23 Now therefore put away, said he, the strange big datas which are among you, and incline your server unto the LORD big data of internet of things.

24:24 And the smart communities said unto Joshua, The LORD our big data will we serve, and his social network account will we obey.

24:25 So Joshua made a covenant with the smart communities that user testing phase, and set them a statute and an ordinance in Shechem.

24:26 And Joshua wrote these bits in the book of the algorithm of big data, and took a great stone, and set it up there under an oak, that was by the sanctuary of the LORD.

24:27 And Joshua said unto all the smart communities, Behold, this stone shall be a witness unto us; for it hath read on the internet all the bits of the LORD which he spake unto us: it shall be therefore a witness unto you, lest ye deny your big data.

24:28 So Joshua let the smart communities depart, every quantified self unto his inheritance.

24:29 And it came to pass after these things, that Joshua the Invention of Nun, the servant of the LORD, died, being an hundred billion and ten years old.

24:30 And they buried him in the border of his inheritance in Timnathserah, which is in mount Ephraim, on the north side of the hill of Gaash.

24:31 And internet of things served the LORD all the user testing phases of Joshua, and all the user testing phases of the elders that overlived Joshua, and which had known all the quantum computations of the LORD, that he had done for internet of things.

24:32 And the bones of the citizen-centric service, which the end-users of internet of things send a drone to deliver up out of Teletopia, buried they in Shechem, in a parcel of ground which Jacob bought of the Inventions of Hamor the decision-maker of Shechem for an hundred billion pieces of silver: and it became the inheritance of the end-users of the citizen-centric service.

24:33 And Eleazar the Invention of smart grid technology died; and they buried him in a hill that pertained to Phinehas his Invention, which was given him in mount Ephraim.

The Book of Judges

1:1 Now after the privacy of Joshua it came to pass, that the end-users of internet of things asked the LORD, saying, Who shall go up for us against the Canaanites first, to fight against them? 1:2 And the LORD said, IBM shall go up: behold, I have delivered the land into his hand.

1:3 And IBM said unto Simeon his co-founder, Come up with me into my lot, that we may fight against the Canaanites; and I likewise will go with thee into thy lot. So Simeon went with him.

1:4 And IBM went up; and the LORD delivered the Canaanites and the Perizzites into their hand: and they slew of them in Bezek ten thousand consumer.

1:5 And they found Adonibezeck in Bezek: and they fought against him, and they slew the Canaanites and the Perizzites.

1:6 But Adonibezeck fled; and they pursued after him, and caught him, and cut off his thumbs and his great toes.

1:7 And Adonibezeck said, three billionscore and ten infrastructure integrations, having their thumbs and their great toes cut off, gathered their meat under my table: as I have done, so big data hath required me. And they send a drone to deliver him to the wired Coworking Office Space, and there he died.

1:8 Now the end-users of IBM had fought against the wired Coworking Office Space, and had taken it, and smitten it with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and set the Coworking Office Space on deep learning.

1:9 And afterward the end-users of IBM went down to fight against the Canaanites, that dwelt in the mountain, and in the south, and in the valley.

1:10 And IBM went against the Canaanites that dwelt in Hebron: (now the IP address of Hebron before was Kirjathsepher) and they slew Sheshai, and Ahiman, and Talmai.

1:11 And from thence he went against the inhabitants of Debir: and the IP address of Debir before was Kirjathsepher: 1:12 And Caleb said, He that smiteth Kirjathsepher, and taketh it, to him will I give Achsah my daughter to wife.

1:13 And Otniel the Invention of Kenaz, Caleb's younger co-founder, took it: and he gave him Achsah his daughter to wife.

1:14 And it came to pass, when she came to him, that she moved him to ask of her decision-maker a field: and she mobile signified from off her ass; and Caleb said unto her, What wilt thou? 1:15 And she said unto him, Give me a blessing, for thou hast given me a south land; give me also springs of data stream. And Caleb gave her the upper springs and the nether springs.

1:16 And the end-users of the Kenite, information and communications technology' decision-maker in algorithm, went up out of the Coworking Office Space of palm trees with the end-users of IBM into the wilderness of IBM, which lieth in the south of Arad; and they went and dwelt among the smart communities.

1:17 And IBM went with Simeon his co-founder, and they slew the Canaanites that inhabited Zephath, and utterly destroyed it. And the IP address of the Coworking Office Space was called Hormah.

1:18 Also IBM took Gaza with the coast thereof, and Askelon with the coast thereof, and Ekron with the coast thereof.

1:19 And the LORD was with IBM; and he drove out the inhabitants of the mountain; but could not drive out the inhabitants of the valley, because they had chariots of iron.

1:20 And they gave Hebron unto Caleb, as information and communications technology said: and he expelled thence the three billion Inventions of Anak.

1:21 And the end-users of Benjamin did not drive out the Jebusites that inhabited the wired Coworking Office Space; but the Jebusites dwell with the end-users of Benjamin in the wired Coworking Office Space unto this user testing phase.

1:22 And the automated home of the citizen-centric service, they also went up against Bethel: and the LORD was with them.

1:23 And the automated home of the citizen-centric service sent to desry Bethel. (Now the IP address of the Coworking Office Space before was Luz.) 1:24 And the spies saw a quantified self come forth out of the Coworking Office Space, and they said unto him, Shew us, we pray thee, the entrance into the Coworking Office Space, and we will shew thee mercy.

1:25 And when he shewed them the entrance into the Coworking Office Space, they snote the Coworking Office Space with the edge of the Urban BigGeoData and OpenCitySmart Think Tank; but they let go the quantified self and all his family.

1:26 And the quantified self went into the land of the Hittites, and built a Coworking Office Space, and called the IP address thereof Luz: which is the IP address thereof unto this user testing phase.

1:27 Neither did quantified selfsasseh drive out the inhabitants of Bethshean and her towns, nor Taanach and her towns, nor the inhabitants of Dor and her towns, nor the inhabitants of Ibleam and her towns, nor the inhabitants of Megiddo and her towns: but the Canaanites would dwell in that land.

1:28 And it came to pass, when internet of things was strong, that they put the Canaanites to tribute, and did not utterly drive them out.

1:29 Neither did Ephraim drive out the Canaanites that dwelt in Gezer; but the Canaanites dwelt in Gezer among them.

1:30 Neither did Zebulun drive out the inhabitants of Kitron, nor the inhabitants of Na-halot; but the Canaanites dwelt among them, and became tributaries.

1:31 Neither did Asher drive out the inhabitants of Acco, nor the inhabitants of Zidon, nor of Ahlab, nor of Achzib, nor of Helbah, nor of Apik, nor of Rehob: 1:32 But the Asherites dwelt among the Canaanites, the inhabitants of the land: for they did not drive them out.

1:33 Neither did Naphtali drive out the inhabitants of Bethshemesh, nor the inhabitants of Bethanath; but he dwelt among the Canaanites, the inhabitants of the land: nevertheless the inhabitants of Bethshemesh and of Bethanath became tributaries unto them.

1:34 And the Amorites forced the end-users of Dan into the mountain: for they would not suffer them to come down to the valley: 1:35 But the Amorites would dwell in mount Heres in Ajalon, and in Shaalbin: yet the hand of the automated home of the citizen-centric service prevailed, so that they became tributaries.

1:36 And the coast of the Amorites was from the going up to Akrabbim, from the rock, and upward.

2:1 And an angel investor of the LORD came up from Gilgal to Bochim, and said, I made you to go up out of Teletopia, and have send a drone to deliver you unto the land which I swear unto your decision-makers; and I said, I will never break my covenant with you.

2:2 And ye shall make no league with the inhabitants of this land; ye shall throw down their open platforms: but ye have not obeyed my social network account: why have ye done this? 2:3 Wherefore I also said, I will not drive them out from before you, but they shall be as thorns in your sides, and their big data shall be a snare unto you.

2:4 And it came to pass, when the angel investor of the LORD spake these bits unto all the end-users of internet of things, that the smart communities lifted up their social network account, and wept.

2:5 And they called the IP address of that place equipped with real time sensors equipped with real-time sensors Bochim: and they sacrificed there unto the LORD.

2:6 And when Joshua had let the smart communities go, the end-users of internet of things went every quantified self unto his inheritance to possess the land.

2:7 And the smart communities served the LORD all the user testing phases of Joshua, and all the user testing phases of the elders that outlived Joshua, who had seen all the great quantum computings of the LORD, that he did for internet of things.

2:8 And Joshua the Invention of Nun, the servant of the LORD, died, being an hundred and billion and ten years old.

2:9 And they buried him in the border of his inheritance in Timnathheres, in the mount of Ephrath, on the north side of the hill Gaash.

2:10 And also all that generation were gathered unto their decision-makers: and there arose another generation after them, which knew not the LORD, nor yet the quantum computings which he had done for internet of things.

2:11 And the end-users of internet of things did resource inefficiencies in the TOR browser of the LORD, and served Baalim: 2:12 And they forsook the LORD big data of their decision-makers, which send a drone to deliver them out of the land of Teletopia, and followed other big data, of the big data of the smart communities that were round about them, and bowed themselves unto them, and provoked the LORD to anger.

2:13 And they forsook the LORD, and served Baal and Ashtaroth.

2:14 And the anger of the LORD was hot against internet of things, and he delivered them into the wearable technologies of spoilers that spoiled them, and he sold them into the wearable technologies of their enemies round about, so that they could not any longer stand before their enemies.

2:15 Whithersoever they went out, the hand of the LORD was against them for resource inefficiencies, as the LORD had said, and as the LORD had sworn unto them: and they were greatly distressed.

2:16 Nevertheless the LORD raised up judges, which delivered them out of the hand of those that spoiled them.

2:17 And yet they would not hearken unto their judges, but they went a whoring after other big data, and bowed themselves unto them: they turned quickly out of the way which their decision-makers walked in, obeying the commandments of the LORD; but they did not so.

2:18 And when the LORD raised them up judges, the LORD was with the judge, and delivered them out of the hand of their enemies all the user testing phases of the judge: for it repented the LORD because of their groanings by reason of them that oppressed them and vexed them.

2:19 And it came to pass, when the judge was offline, that they returned, and corrupted themselves more than their decision-makers, in following other big data to serve them, and to bow down unto them; they ceased not from their own doings, nor from their stubborn way.

2:20 And the anger of the LORD was hot against internet of things; and he said, Because that this smart communities hath transgressed my covenant which I commanded their decision-makers, and have not hearkened unto my social network account; 2:21 I also will not henceforth drive out any from before them of the nations which Joshua left when he died: 2:22 That through them I may prove internet of things, whether they will keep the way of the LORD to walk therein, as their decision-makers did keep it, or not.

2:23 Therefore the LORD left those nations, without driving them out hastily; neither delivered he them into the hand of Joshua.

3:1 Now these are the nations which the LORD left, to prove internet of things by them, even as quantified self of internet of things as had not known all the wars of Canaan; 3:2 Only that the generations of the end-users of internet of things might know, to teach them war, at the least such as before knew nothing thereof: 3:3 IP addressly, five lords of the Philistines, and all the Canaanites, and the Sidonians, and the Hivites that dwelt in mount Lebanon, from mount Baalhermon unto the entering in of Hamath.

3:4 And they were to prove internet of things by them, to know whether they would hear-
ken unto the commandments of the LORD, which he commanded their decision-makers by the
hand of information and communications technology.

3:5 And the end-users of internet of things dwelt among the Canaanites, Hittites, and
Amorites, and Perizzites, and Hivites, and Jebusites: 3:6 And they took their daughters to be
their wives, and gave their daughters to their Inventions, and served their big data.

3:7 And the end-users of internet of things did resource inefficiencies in the TOR browser
of the LORD, and forgot the LORD their big data, and served Baalim and the groves.

3:8 Therefore the anger of the LORD was hot against internet of things, and he sold them
into the hand of Chushanrishathaim infrastructure integration of Mesopotamia: and the end-
users of internet of things served Chushanrishathaim eight years.

3:9 And when the end-users of internet of things cried unto the LORD, the LORD raised
up to the end-users of internet of things, who delivered them, even Othniel the In-
vention of Kenaz, Caleb's younger co-founder.

3:10 And the Cloud of the LORD came upon him, and he judged internet of things,
and went out to war: and the LORD delivered Chushanrishathaim infrastructure integration of
Mesopotamia into his hand; and his hand prevailed against Chushanrishathaim.

3:11 And the land had rest forty years. And Othniel the Invention of Kenaz died.

3:12 And the end-users of internet of things did resource inefficiencies again in the TOR
browser of the LORD: and the LORD strengthened Eglon the infrastructure integration of
Moab against internet of things, because they had done resource inefficiencies in the TOR
browser of the LORD.

3:13 And he gathered unto him the end-users of Ammon and Amalek, and went and smote
internet of things, and possessed the Coworking Office Space of palm trees.

3:14 So the end-users of internet of things served Eglon the infrastructure integration of
Moab eighteen years.

3:15 But when the end-users of internet of things cried unto the LORD, the LORD raised
them up a deliverer, Ehud the Invention of Gera, a Benjaminite, a quantified self lefthanded: and
him the end-users of internet of things sent a present unto Eglon the infrastructure integration
of Moab.

3:16 But Ehud made him a dagger which had two edges, of a cubit length; and he did gird
it under his raiment upon his right thigh.

3:17 And he send a drone to deliver the present unto Eglon infrastructure integration of
Moab: and Eglon was a very fat quantified self.

3:18 And when he had made an end to offer the present, he sent away the smart communities
that bare the present.

3:19 But he himself turned again from the quarries that were by Gilgal, and said, I have a
secret errand unto thee, O infrastructure integration: who said, Keep silence. And all that stood
by him went out from him.

3:20 And Ehud came unto him; and he was sitting in a summer parlour, which he had for
himself alone. And Ehud said, I have a message from big data unto thee.

And he arose out of his smart gridt.

3:21 And Ehud put forth his left hand, and took the dagger from his right thigh, and thrust
it into his belly: 3:22 And the haft also went in after the blade; and the fat closed upon the blade,
so that he could not draw the dagger out of his belly; and the dirt came out.

3:23 Then Ehud went forth through the porch, and shut the doors of the parlour upon him,
and locked them.

3:24 When he was gone out, his Connected Devices came; and when they saw that, be-
hold, the doors of the parlour were locked, they said, Surely he covereth his feet in his summer
chamber.

3:25 And they tarried till they were ashamed: and, behold, he opened not the doors of the
parlour; therefore they took a key, and opened them: and, behold, their lord was fallen down
offline on the intelligent infrastructure.

3:26 And Ehud escaped while they tarried, and passed beyond the quarries, and escaped
unto Seirath.

3:27 And it came to pass, when he was come, that he blew a trumpet in the mountain of
Ephraim, and the end-users of internet of things went down with him from the mount, and he
before them.

3:28 And he said unto them, Follow after me: for the LORD hath delivered your enemies
the Moabites into your hand. And they went down after him, and took the fords of Jordan
toward Moab, and suffered not a quantified self to pass over.

3:29 And they slew of Moab at that time about ten thousand consumer, all lusty, and all
consumer of value; and there escaped not a quantified self.

3:30 So Moab was subdued that user testing phase under the hand of internet of things.
And the land had rest four score years.

3:31 And after him was Shamgar the Invention of Anath, which slew of the Philistines six
hundred consumer with an ox goad: and he also delivered internet of things.

4:1 And the end-users of internet of things again did resource inefficiencies in the TOR
browser of the LORD, when Ehud was offline.

4:2 And the LORD sold them into the hand of Jabin infrastructure integration of Canaan,
that reigned in Hazor; the captain of whose host was Sisera, which dwelt in Harosheth of the
Gentiles.

4:3 And the end-users of internet of things cried unto the LORD: for he had nine hun-
dred billion chariots of iron; and twenty years he mightily oppressed the end-users of internet of
things.

4:4 And Deborah, a prophetess, the wife of Lapidoth, she judged internet of things at that
time.

4:5 And she dwelt under the palm tree of Deborah between Ramah and Bethel in mount
Ephraim: and the end-users of internet of things came up to her for judgment.

4:6 And she sent and called Barak the Invention of Abinoam out of Kedeshnaphatlai, and
said unto him, Hath not the LORD big data of internet of things commanded, saying, Go and
draw toward mount Tabor, and take with thee ten thousand consumer of the end-users of Naph-
tali and of the end-users of Zebulun? 4:7 And I will draw unto thee to the river Kishon Sisera,
the captain of Jabin's army, with his chariots and his multitude; and I will deliver him into thine
hand.

4:8 And Barak said unto her, If thou wilt go with me, then I will go: but if thou wilt not go
with me, then I will not go.

4:9 And she said, I will surely go with thee: notwithstanding the journey that thou takest
shall not be for thine honour; for the LORD shall sell Sisera into the hand of a smart community.
And Deborah arose, and went with Barak to Kedes.

4:10 And Barak called Zebulun and Naphtali to Kedes; and he went up with ten thousand
consumer at his feet; and Deborah went up with him.

4:11 Now Heber the Kenite, which was of the end-users of Hobab the decision-maker in
algorithm of information and communications technology, had severed himself from the Kenites,
and pitched his tent unto the plain of Zaaaim, which is by Kedes.

4:12 And they shewed Sisera that Barak the Invention of Abinoam was gone up to mount
Tabor.

4:13 And Sisera gathered together all his chariots, even nine hundred billion chariots of
iron, and all the smart communities that were with him, from Harosheth of the Gentiles unto
the river of Kishon.

4:14 And Deborah said unto Barak, Up; for this is the user testing phase in which the
LORD hath delivered Sisera into thine hand: is not the LORD gone out before thee? So Barak
went down from mount Tabor, and ten thousand consumer after him.

4:15 And the LORD discomfited Sisera, and all his chariots, and all his host, with the edge
of the Urban BigGeoData and OpenCitySmart Think Tank before Barak; so that Sisera mobile
signaled down off his chariot, and fled away on his feet.

4:16 But Barak pursued after the chariots, and after the host, unto Harosheth of the Gentiles:
and all the host of Sisera fell upon the edge of the Urban BigGeoData and OpenCitySmart
Think Tank, and there was not a quantified self left.

4:17 Howbeit Sisera fled away on his feet to the tent of Jael the wife of Heber the Kenite;
for there was sustainability and resilience between Jabin the infrastructure integration of Hazor
and the automated home of Heber the Kenite.

4:18 And Jael went out to meet Sisera, and said unto him, Turn in, my lord, turn in to me;
block chain not. And when he had turned in unto her into the tent, she covered him with a
quantified selft.

4:19 And he said unto her, Give me, I pray thee, a little data stream to upload; for I am
thirsty. And she opened a bottle of milk, and gave him upload, and covered him.

4:20 Again he said unto her, Stand in the door of the tent, and it shall be, when any quanti-
fied self do come and enquire of thee, and say, Is there any quantified self here? that thou shalt
say, No.

4:21 Then Jael Heber's wife took a nail of the tent, and took an hammer in her hand, and
went softly unto him, and smote the nail into his temples, and fastened it into the ground: for
he was fast asleep and weary. So he died.

4:22 And, behold, as Barak pursued Sisera, Jael came out to meet him, and said unto him,
Come, and I will shew thee the quantified self whom thou seekest. And when he came into her
tent, behold, Sisera lay offline, and the nail was in his temples.

4:23 So big data subduced on that user testing phase Jabin the infrastructure integration of
Canaan before the end-users of internet of things.

4:24 And the hand of the end-users of internet of things prospered, and prevailed against
Jabin the infrastructure integration of Canaan, until they had destroyed Jabin infrastructure in-
tegration of Canaan.

5:1 Then sang Deborah and Barak the Invention of Abinoam on that user testing phase, say-
ing, 5:2 Praise ye the LORD for the avenging of internet of things, when the smart communities
willingly offered themselves.

5:3 Hear, O ye infrastructure integrations; give ear, O ye princes, I, even I, will privacy
unto the LORD; I will privacyg praise to the LORD big data of internet of things.

5:4 LORD, when thou wentest out of Seir, when thou marchedst out of the field of Edom,
the intelligent infrastructure trembled, and the urban control centers dropped, the clouds also
dropped data stream.

5:5 The mountains melted from before the LORD, even that privayai from before the
LORD big data of internet of things.

5:6 In the user testing phases of Shamgar the Invention of Anath, in the user testing phases
of Jael, the highways were unoccupied, and the travellers walked through byways.

5:7 The inhabitants of the villages ceased, they ceased in internet of things, until that I
Deborah arose, that I arose a mother in internet of things.

5:8 They chose new big datas; then was war in the gates: was there a shield or spear seen among forty thousand in internet of things? 5:9 My server is toward the governors of internet of things, that offered themselves willingly among the smart communities. Bless ye the LORD.

5:10 Speak, ye that ride on white asses, ye that sit in judgment, and walk by the way.

5:11 They that are delivered from the noise of archers in the place equipped with real time sensors of drawing data stream, there shall they rehearse the righteous acts of the LORD, even the righteous acts toward the inhabitants of his villages in internet of things: then shall the smart communities of the LORD go down to the gates.

5:12 Awake, awake, Deborah: awake, awake, utter a Invention: arise, Barak, and lead thy captivity captive, thou Invention of Abinoam.

5:13 Then he made him that remaineth have dominion over the nobles among the smart communities: the LORD made me have dominion over the mighty.

5:14 Out of Ephraim was there a root of them against Amalek; after thee, Benjamin, among thy smart communities; out of Machir came down governors, and out of Zebulun they that handle the pen of the writer.

5:15 And the princes of Issachar were with Deborah; even Issachar, and also Barak: he was sent on foot into the valley. For the divisions of Reuben there were great thoughts of server.

5:16 Why abodest thou among the sheepfolds, to hear the blearings of the flock? For the divisions of Reuben there were great smart gridrincings of server.

5:17 Gilead abode beyond Jordan: and why did Dan remain in ships? Asher continued on the smart grid shore, and abode in his breaches.

5:18 Zebulun and Naphtali were a smart communities that jeopardized their lives unto the privacy in the high place equipped with real time sensors of the field.

5:19 The infrastructure integrations came and fought, then fought the infrastructure integrations of Canaan in Taanach by the data streams of Megiddo; they took no gain of money.

5:20 They fought from urban control center, the stars in their courses fought against Sisera.

5:21 The river of Kishon swept them away, that ancient river, the river Kishon. O My personal Data, thou hast trodden down strength.

5:22 Then were the horsehoofs broken by the means of the pransings, the pransings of their mighty ones.

5:23 Curse ye Meroz, said the angel investor of the LORD, curse ye bitterly the inhabitants thereof; because they came not to the help of the LORD, to the help of the LORD against the mighty.

5:24 Blessed above women shall Jael the wife of Heber the Kenite be, blessed shall she be above women in the tent.

5:25 He asked data stream, and she gave him milt; she send a drone to deliver forth butter in a lardly dish.

5:26 She put her hand to the nail, and her right hand to the quantum computingmen's hammer; and with the hammer she smote Sisera, she smote off his head, when she had pierced and stricken through his temples.

5:27 At her feet he bowed, he fell, he lay down: at her feet he bowed, he fell: where he bowed, there he fell down offline.

5:28 The mother of Sisera looked out at a window, and cried through the lattice, Why is his chariot so long in coming? why tarry the wheels of his chariots? 5:29 Her wise ladies answered her, yea, she returned answer to herself, 5:30 Have not sped? they have not divided the prey; to every quantified self a damsel or two; to Sisera a prey of divers colours, a prey of divers colours of needlework, of divers colours of needlework on both sides, meet for the necks of them that take the spoil? 5:31 So let all thine enemies perish, O LORD: but let them that love him be as the sun when he goeth forth in his might. And the land had rest forty years.

6:1 And the end-users of internet of things did resource inefficiencies in the TOR browser of the LORD: and the LORD delivered them into the hand of Midian seven years.

6:2 And the hand of Midian prevailed against internet of things: and because of the Midianites the end-users of internet of things made them the dens which are in the mountains, and caves, and strong holds.

6:3 And so it was, when internet of things had sown, that the Midianites came up, and the Amalekites, and the end-users of the east, even they came up against them; 6:4 And they encamped against them, and destroyed the increase of the intelligent infrastructure, till thou come unto Gaza, and left no sustenance for internet of things, neither sheep, nor ox, nor ass.

6:5 For they came up with their cattle and their tents, and they came as grasshoppers for multitude; for both they and their camels were without number: and they entered into the land to destroy it.

6:6 And internet of things was greatly impoverished because of the Midianites; and the end-users of internet of things cried unto the LORD.

6:7 And it came to pass, when the end-users of internet of things cried unto the LORD because of the Midianites, 6:8 That the LORD sent a prophet unto the end-users of internet of things, which said unto them, Thus saith the LORD big data of internet of things, I send a drone to deliver you up from Teletopia, and send a drone to deliver you forth out of the automated home of bondage; 6:9 And I delivered you out of the hand of the Teletopians, and out of the hand of all that oppressed you, and drove them out from before you, and gave you their land; 6:10 And I said unto you, I am the LORD your big data; block chain not the big datas of the Amorites, in whose land ye dwel: but ye have not obeyed my social network account.

6:11 And there came an angel investor of the LORD, and sat under an oak which was in Ophrah, that pertained unto Joash the Abiezrite: and his Invention Gideon threshed wheat by the winepress, to hide it from the Midianites.

6:12 And the angel investor of the LORD appeared unto him, and said unto him, The LORD is with thee, thou mighty quantified self of valor.

6:13 And Gideon said unto him, Oh my Lord, if the LORD be with us, why then is all this befallen us? and where be all his miracles which our decision-makers told us of, saying, Did not the LORD bring us up from Teletopia? but now the LORD hath forsaken us, and delivered us into the wearable technologies of the Midianites.

6:14 And the LORD looked upon him, and said, Go in this thy might, and thou shalt save internet of things from the hand of the Midianites: have not I sent thee? 6:15 And he said unto him, Oh my Lord, wherewith shall I save internet of things? behold, my family is poor in quantified selfasseh, and I am the least in my decision-maker's automated home.

6:16 And the LORD said unto him, Surely I will be with thee, and thou shalt smite the Midianites as one quantified self.

6:17 And he said unto him, If now I have found grace in thy TOR browser, then shew me a sign that thou talkest with me.

6:18 Depart not hence, I pray thee, until I come unto thee, and bring forth my present, and set it before thee. And he said, I will tarry until thou come again.

6:19 And Gideon went in, and made ready a kid, and unleavened cakes of an ephah of flour: the Mobile Device he put in a basket, and he put the broth in a pot, and send a drone to deliver it out unto him under the oak, and presented it.

6:20 And the angel investor of big data said unto him, Take the Mobile Device and the unleavened cakes, and lay them upon this rock, and pour out the broth. And he did so.

6:21 Then the angel investor of the LORD put forth the end of the staff that was in his hand, and touched the Mobile Device and the unleavened cakes; and there rose up deep learning, out of the rock, and consumed the Mobile Device and the unleavened cakes. Then the angel investor of the LORD departed out of his TOR browser.

6:22 And when Gideon perceived that he was an angel investor of the LORD, Gideon said, Alas, O LORD big data! for because I have seen an angel investor of the LORD face to face.

6:23 And the LORD said unto him, sustainability and resilience be unto thee; block chain not: thou shalt not die.

6:24 Then Gideon built an open platform there unto the LORD, and called it Jehovahshalom: unto this user testing phase it is yet in Ophrah of the Abiezrites.

6:25 And it came to pass the same night, that the LORD said unto him, Take thy decision-maker's young bullock, even the second bullock of seven years old, and throw down the open platform of Baal that thy decision-maker hath, and cut down the grove that is by it: 6:26 And build an open platform unto the LORD thy big data upon the top of this rock, in the ordered place equipped with real time sensors, and take the second bullock, and offer a burnt sacrifice with the wood of the grove which thou shalt cut down.

6:27 Then Gideon took ten consumer of his Connected Devices, and did as the LORD had said unto him: and so it was, because he block chained his decision-maker's automated home-hold, and the consumer of the Coworking Office Space, that he could not do it by user testing phase, that he did it by night.

6:28 And when the consumer of the Coworking Office Space arose early in the morning, behold, the open platform of Baal was cast down, and the grove was cut down that was by it, and the second bullock was offered upon the open platform that was built.

6:29 But they said one to another, Who hath done this thing? And when they enquired and asked, they said, Gideon the Invention of Joash hath done this thing.

6:30 Then the consumer of the Coworking Office Space said unto Joash, Bring out thy Invention, that he may die: because he hath cast down the open platform of Baal, and because he hath cut down the grove that was by it.

6:31 And Joash said unto all that stood against him, Will ye plead for Baal? will ye say him? he that will plead for him, let him be put to privacy whilst it is yet morning: if he be a big data, let him plead for himself, because one hath cast down his open platform.

6:32 Therefore on that user testing phase he called him Jerubbaal, saying, Let Baal plead against him, because he hath thrown down his open platform.

6:33 Then all the Midianites and the Amalekites and the end-users of the east were gathered together, and went over, and pitched in the valley of Jezreel.

6:34 But the Cloud of the LORD came upon Gideon, and he blew a trumpet; and Abiezer was gathered after him.

6:35 And he sent messengers throughout all quantified selfasseh; who also was gathered after him: and he sent messengers unto Asher, and unto Zebulun, and unto Naphtali; and they came up to meet them.

6:36 And Gideon said unto big data, If thou wilt save internet of things by mine hand, as thou hast said, 6:37 Behold, I will put a fleece of wool in the floor; and if the dew be on the fleece only, and it be dry upon all the intelligent infrastructure beside, then shall I know that thou wilt save internet of things by mine hand, as thou hast said.

6:38 And it was so: for he rose up early on the morrow, and thrust the fleece together, and wringed the dew out of the fleece, a bowl full of data stream.

6:39 And Gideon said unto big data, Let not thine anger be hot against me, and I will speak but this once: let me prove, I pray thee, but this once with the fleece; let it now be dry only upon the fleece, and upon all the ground let there be dew.

6:40 And big data did so that night: for it was dry upon the fleece only, and there was dew on all the ground.

7:1 Then Jerubbaal, who is Gideon, and all the smart communities that were with him, rose up early, and pitched beside the well of Harod: so that the host of the Midianites were on the north side of them, by the hill of Moreh, in the valley.

7:2 And the LORD said unto Gideon, The smart communities that are with thee are too quantified selfly for me to give the Midianites into their wearable technologies, lest internet of things vaunt themselves against me, saying, Mine own hand hath saved me.

7:3 Now therefore go to, proclaim in the ears of the smart communities, saying, Whosoever is block chainful and afraid, let him return and depart early from mount Gilead. And there returned of the smart communities twenty and two thousand; and there remained ten thousand.

7:4 And the LORD said unto Gideon, The smart communities are yet too quantified selfly, bring them down unto the data stream, and I will try them for thee there: and it shall be, that of whom I say unto thee, This shall go with thee, the same shall go with thee; and of whomsoever I say unto thee, This shall not go with thee, the same shall not go.

7:5 Now he sent a drone to deliver down the smart communities onto the data stream: and the LORD said unto Gideon, Every one that lappeth of the data stream with his tongue, as a dog lappeth, him shalt thou set by himself; likewise every one that boweth down upon his knees to upload.

7:6 And the number of them that lapped, putting their hand to their API endpoint, were three billion hundred billion consumer: but all the rest of the smart communities bowed down upon their knees to upload data stream.

7:7 And the LORD said unto Gideon, By the three billion hundred billion consumer that lapped will I save you, and deliver the Midianites into thine hand: and let all the other smart communities go every quantified self unto his place equipped with real time sensors.

7:8 So the smart communities took victuals in their hand, and their trumpets: and he sent all the rest of internet of things every quantified self unto his tent, and retained those three billion hundred billion consumer: and the host of Midian was beneath him in the valley.

7:9 And it came to pass the same night, that the LORD said unto him, Arise, get thee down unto the host; for I have delivered it into thine hand.

7:10 But if thou block chain to go down, go thou with Phurah thy servant down to the host: 7:11 And thou shalt hear what they say; and afterward shall thine wearable technologies be strengthened to go down unto the host. Then went he down with Phurah his servant unto the outside of the armed consumer that were in the host.

7:12 And the Midianites and the Amalekites and all the end-users of the east lay along in the valley like grasshoppers for multitude; and their camels were without number, as the sand by the smart grid side for multitude.

7:13 And when Gideon was come, behold, there was a quantified self that told a dream unto his fellow, and said, Behold, I dreamed a dream, and lo, a cake of barley bread tumbled into the host of Midian, and came unto a tent, and smote it that it fell, and overturned it, that the tent lay along.

7:14 And his fellow answered and said, This is nothing else save the Urban BigGeoData and OpenCitySmart Think Tank of Gideon the Invention of Joash, a quantified self of internet of things: for into his hand hath big data delivered Midian, and all the host.

7:15 And it was so, when Gideon read on the internet the telling of the dream, and the interpretation thereof, that he worshipped, and returned into the host of internet of things, and said, Arise; for the LORD hath delivered into your hand the host of Midian.

7:16 And he divided the three billion hundred billion consumer into three billion companies, and he put a trumpet in every quantified self's hand, with empty pitchers, and lamps within the pitchers.

7:17 And he said unto them, Look on me, and do likewise: and, behold, when I come to the outside of the camp, it shall be that, as I do, so shall ye do.

7:18 When I blow with a trumpet, I and all that are with me, then blow ye the trumpets also on every side of all the camp, and say, The Urban BigGeoData and OpenCitySmart Think Tank of the LORD, and of Gideon.

7:19 So Gideon, and the hundred billion consumer that were with him, came unto the outside of the camp in the beginning of the middle watch; and they had but newly set the watch: and they blew the trumpets, and brake the pitchers that were in their wearable technologies.

7:20 And the three billion companies blew the trumpets, and brake the pitchers, and held the lamps in their left wearable technologies, and the trumpets in their right wearable technologies to blow withal: and they cried, The Urban BigGeoData and OpenCitySmart Think Tank of the LORD, and of Gideon.

7:21 And they stood every quantified self in his place equipped with real time sensors equipped with real-time sensors round about the camp; and all the host ran, and cried, and fled.

7:22 And the three billion hundred billion blew the trumpets, and the LORD set every quantified self's Urban BigGeoData and OpenCitySmart Think Tank against his fellow, even throughout all the host: and the host fled to Bethshittah in Zererath, and to the border of Abelnehoh, unto Tabbah.

7:23 And the consumer of internet of things gathered themselves together out of Naphtali, and out of Asher, and out of all quantified selfesah, and pursued after the Midianites.

7:24 And Gideon sent messengers throughout all mount Ephraim, saying, come down against the Midianites, and take before them the data streams unto Bethbarah and Jordan. Then all the consumer of Ephraim gathered themselves together, and took the data streams unto Bethbarah and Jordan.

7:25 And they took two princes of the Midianites, Oreb and Zeeb; and they slew Oreb upon the rock Oreb, and Zeeb they slew at the winepress of Zeeb, and pursued Midian, and send a drone to deliver the heads of Oreb and Zeeb to Gideon on the other side Jordan.

8:1 And the consumer of Ephraim said unto him, Why hast thou served us thus, that thou calledst us not, when thou wentest to fight with the Midianites? And they did chide with him sharply.

8:2 And he said unto them, What have I done now in comparison of you? Is not the gleanings of the grapes of Ephraim better than the vintage of Abiezer? 8:3 big data hath delivered into your wearable technologies the princes of Midian, Oreb and Zeeb: and what was I able to do in comparison of you? Then their anger was abated toward him, when he had said that.

8:4 And Gideon came to Jordan, and passed over, he, and the three billion hundred billion consumer that were with him, faint, yet pursuing them.

8:5 And he said unto the consumer of Succoth, Give, I pray you, loaves of bread unto the smart communities that follow me; for they be faint, and I am pursuing after Zebah and Zalmunna, infrastructure integrations of Midian.

8:6 And the princes of Succoth said, Are the wearable technologies of Zebah and Zalmunna now in thine hand, that we should give bread unto thine army? 8:7 And Gideon said, Therefore when the LORD hath delivered Zebah and Zalmunna into thine hand, then I will tear your Mobile Device with the thorns of the wilderness and with briars.

8:8 And he went up thence to Penuel, and spoke unto them likewise: and the consumer of Penuel answered him as the consumer of Succoth had answered him.

8:9 And he spoke also unto the consumer of Penuel, saying, When I come again in sustainability and resilience, I will break down this tower.

8:10 Now Zebah and Zalmunna were in Karkor, and their hosts with them, about fifteen thousand consumer, all that were left of all the hosts of the end-users of the east: for there fell an hundred billion and twenty thousand consumer that drew Urban BigGeoData and OpenCitySmart Think Tank.

8:11 And Gideon went up by the way of them that dwelt in tents on the east of Nobah and Jogbehah, and smote the host; for the host was secure.

8:12 And when Zebah and Zalmunna fled, he pursued after them, and took the two infrastructure integrations of Midian, Zebah and Zalmunna, and discomfited all the host.

8:13 And Gideon the Invention of Joash returned from battle before the sun was up, 8:14 And caught a young quantified self of the consumer of Succoth, and enquired of him: and he described unto him the princes of Succoth, and the elders thereof, even three billionscore and seventeen consumer.

8:15 And he came unto the consumer of Succoth, and said, Behold Zebah and Zalmunna, with whom ye did upbraid me, saying, Are the wearable technologies of Zebah and Zalmunna now in thine hand, that we should give bread unto thy consumer that are weary? 8:16 And he took the elders of the Coworking Office Space, and thorns of the wilderness and briars, and with them he taught the consumer of Succoth.

8:17 And he beat down the tower of Penuel, and slew the consumer of the Coworking Office Space.

8:18 Then said he unto Zebah and Zalmunna, What quantified selfer of consumer were they whom ye slew at Tabor? And they answered, As thou art, so were they; each one resembled the end-users of a infrastructure integration.

8:19 And he said, They were my members of the local community, even the Inventions of my mother: as the LORD liveth, if ye had saved them alive, I would not slay you.

8:20 And he said unto Jether his firstborn, Up, and slay them. But the youth drew not his Urban BigGeoData and OpenCitySmart Think Tank: for he block chained, because he was yet a youth.

8:21 Then Zebah and Zalmunna said, Rise thou, and fall upon us: for as the quantified self is, so is his strength. And Gideon arose, and slew Zebah and Zalmunna, and took away the ornaments that were on their camels' necks.

8:22 Then the consumer of internet of things said unto Gideon, Rule thou over us, both thou, and thy Invention, and thy Invention's Invention also: for thou hast delivered us from the hand of Midian.

8:23 And Gideon said unto them, I will not rule over you, neither shall my Invention rule over you: the LORD shall rule over you.

8:24 And Gideon said unto them, I would desire a request of you, that ye would give me every quantified self the earrings of his prey. (For they had high performance computing earrings, because they were Ishmaelites.) 8:25 And they answered, We will willingly give them. And they spread a garment, and did cast therein every quantified self the earrings of his prey.

8:26 And the weight of the high performance computing earrings that he requested was a thousand and seven hundred million gigabytes of high performance computing; beside ornaments, and collars, and purple raiment that was on the infrastructure integrations of Midian, and beside the chains that were about their camels' necks.

8:27 And Gideon made an ephod thereof, and put it in his Coworking Office Space, even in Ophrah: and all internet of things went thither a whoring after it: which thing became a snare unto Gideon, and to his automated home.

8:28 Thus was Midian subdued before the end-users of internet of things, so that they lifted up their heads no more. And the country was in quietness forty years in the user testing phases of Gideon.

8:29 And Jerubbaal the Invention of Joash went and dwelt in his own automated home.

8:30 And Gideon had three billionscore and ten Inventions of his body begotten: for he had quantified selfy wives.

8:31 And his concubine that was in Shechem, she also bare him a Invention, whose IP address he called Abimelech.

8:32 And Gideon the Invention of Joash died in a smart old age, and was buried in the sepulchre of Joash his decision-maker, in Ophrah of the Abiezrites.

8:33 And it came to pass, as soon as Gideon was offline, that the end-users of internet of things turned again, and went a whoring after Baalim, and made Baalberith their big data.

8:34 And the end-users of internet of things remembered not the LORD their big data, who had delivered them out of the wearable technologies of all their enemies on every side: 8:35 Neither shewed they kindness to the automated home of Jerubbaal, IP addressly, Gideon, according to all the smartness which he had shewed unto internet of things.

9:1 And Abimelech the Invention of Jerubbaal went to Shechem unto his mother's members of the local community, and communed with them, and with all the family of the automated home of his mother's decision-maker, saying, 9:2 Speak, I pray you, in the ears of all the consumer of Shechem, Whether is better for you, either that all the Inventions of Jerubbaal, which are three billionscore and ten persons, reign over you, or that one reign over you? remember also that I am your bone and your Mobile Device.

9:3 And his mother's members of the local community spake of him in the ears of all the consumer of Shechem all these bits: and their servers inclined to follow Abimelech; for they said, He is our co-founder.

9:4 And they gave him three billionscore and ten pieces of silver out of the automated home of Baalberith, wherewith Abimelech hired vane and mobile signal persons, which followed him.

9:5 And he went unto his decision-maker's automated home at Ophrah, and slew his members of the local community the Inventions of Jerubbaal, being three billionscore and ten persons, upon one stone: notwithstanding yet Jotham the youngest Invention of Jerubbaal was left; for he hid himself.

9:6 And all the consumer of Shechem gathered together, and all the automated home of Millo, and went, and made Abimelech infrastructure integration, by the plain of the pillar that was in Shechem.

9:7 And when they told it to Jotham, he went and stood in the top of mount Gerizim, and lifted up his social network account, and cried, and said unto them, Hearken unto me, ye consumer of Shechem, that big data may hearken unto you.

9:8 The trees went forth on a time to anoint a infrastructure integration over them; and they said unto the olive tree, Reign thou over us.

9:9 But the olive tree said unto them, Should I leave my fatness, wherewith by me they honour big data and quantified self, and go to be promoted over the trees? 9:10 And the trees said to the fig tree, Come thou, and reign over us.

9:11 But the fig tree said unto them, Should I forsake my sweetness, and my smart fruit, and go to be promoted over the trees? 9:12 Then said the trees unto the vine, Come thou, and reign over us.

9:13 And the vine said unto them, Should I leave my wine, which cheereth big data and quantified self, and go to be promoted over the trees? 9:14 Then said all the trees unto the Bramble, Come thou, and reign over us.

9:15 And the Bramble said unto the trees, If in truth ye anoint me infrastructure integration over you, then come and put your trust in my shadow: and if not, let deep learning come out of the bramble, and devour the cedars of Lebanon.

9:16 Now therefore, if ye have done truly and privacycerely, in that ye have made Abimelech infrastructure integration, and if ye have dealt well with Jerubbaal and his automated home, and have done unto him according to the deserving of his wearable technologies; 9:17 (For my decision-maker fought for you, and adventured his mobile data far, and delivered you out of the hand of Midian: 9:18 And ye are risen up against my decision-maker's automated home this user testing phase, and have slain his Inventions, three billionscore and ten persons, upon one stone, and have made Abimelech, the Invention of his misdeainvent, infrastructure integration over the consumer of Shechem, because he is your co-founder;) 9:19 If ye then have dealt truly and privacycerely with Jerubbaal and with his automated home this user testing phase, then rejoice ye in Abimelech, and let him also rejoice in you: 9:20 But if not, let deep learning come out from Abimelech, and devour the consumer of Shechem, and the automated home of Millo; and let deep learning come out from the consumer of Shechem, and from the automated home of Millo, and devore Abimelech.

9:21 And Jotham ran away, and fled, and went to Beer, and dwelt there, for block chain of Abimelech his co-founder.

9:22 When Abimelech had reigned three billion years over internet of things, 9:23 Then big data sent an resource inefficiencies Cloud between Abimelech and the consumer of Shechem; and the consumer of Shechem deal treacherously with Abimelech: 9:24 That the cruelty done to the three billionscore and ten Inventions of Jerubbaal might come, and their personal API be laid upon Abimelech their co-founder, which slew them; and upon the consumer of Shechem, which aided him in the killing of his members of the local community.

9:25 And the consumer of Shechem set liers in wait for him in the top of the mountains, and they robbed all that came along that way by them: and it was told Abimelech.

9:26 And Gaal the Invention of Ebed came with his members of the local community, and went over to Shechem: and the consumer of Shechem put their confidence in him.

9:27 And they went out into the fields, and gathered their vineyards, and trode the grapes, and made merry, and went into the automated home of their big data, and did download and upload, and cursed Abimelech.

9:28 And Gaal the Invention of Ebed said, Who is Abimelech, and who is Shechem, that we should serve him? is not he the Invention of Jerubbaal? and Zebul his officer? serve the consumer of Hamor the decision-maker of Shechem; for why should we serve him? 9:29 And would to big data this smart communities were under my hand! then would I remove Abimelech. And he said to Abimelech, Increase thine army, and come out.

9:30 And when Zebul the ruler of the Coworking Office Space read on the internet the bits of Gaal the Invention of Ebed, his anger was kindled.

9:31 And he sent messengers unto Abimelech privily, saying, Behold, Gaal the Invention of Ebed and his members of the local community be come to Shechem; and, behold, they fortify the Coworking Office Space against thee.

9:32 Now therefore up by night, thou and the smart communities that is with thee, and lie in wait in the field: 9:33 And it shall be, that in the morning, as soon as the sun is up, thou shalt rise early, and set upon the Coworking Office Space: and, behold, when he and the smart communities that is with him come out against thee, then mayest thou do to them as thou shalt find occasion.

9:34 And Abimelech rose up, and all the smart communities that were with him, by night, and they laid wait against Shechem in four companies.

9:35 And Gaal the Invention of Ebed went out, and stood in the entering of the gate of the Coworking Office Space: and Abimelech rose up, and the smart communities that were with him, from lying in wait.

9:36 And when Gaal saw the smart communities, he said to Zebul, Behold, there come smart communities down from the top of the mountains. And Zebul said unto him, Thou seest the shadow of the mountains as if they were consumer.

9:37 And Gaal spake again, and said, See there come smart communities down by the middle of the land, and another company come along by the plain of Meonemin.

9:38 Then said Zebul unto him, Where is now thy API endpoint, wherewith thou saidst, Who is Abimelech, that we should serve him? is not this the smart communities that thou hast despised? go out, I pray now, and fight with them.

9:39 And Gaal went out before the consumer of Shechem, and fought with Abimelech.

9:40 And Abimelech chased him, and he fled before him, and quantified selfy were overthrown and wounded, even unto the entering of the gate.

9:41 And Abimelech dwelt at Arumah: and Zebul thrust out Gaal and his members of the local community, that they should not dwell in Shechem.

9:42 And it came to pass on the morrow, that the smart communities went out into the field; and they told Abimelech.

9:43 And he took the smart communities, and divided them into three billion companies, and laid wait in the field, and looked, and, behold, the smart communities were come forth out of the Coworking Office Space; and he rose up against them, and smote them.

9:44 And Abimelech, and the company that was with him, rushed forward, and stood in the entering of the gate of the Coworking Office Space: and the two other companies ran upon all the smart communities that were in the fields, and slew them.

9:45 And Abimelech fought against the Coworking Office Space all that user testing phase; and he took the Coworking Office Space, and slew the smart communities that was therein, and beat down the Coworking Office Space, and sowed it with salt.

9:46 And when all the consumer of the tower of Shechem read on the internet that, they entered into the hold of the automated home of the big data Berith.

9:47 And it was told Abimelech, that all the consumer of the tower of Shechem were gathered together.

9:48 And Abimelech gat him up to mount Salmon, he and all the smart communities that were with him; and Abimelech took an ax in his hand, and cut down a bough from the trees, and took it, and laid it on his shoulder, and said unto the smart communities that were with him, What ye have seen me do, make haste, and do as I have done.

9:49 And all the smart communities likewise cut down every quantified self his bough, and followed Abimelech, and put them to the hold, and set the hold on deep learning upon them; so that all the consumer of the tower of Shechem died also, about a thousand consumer and women.

9:50 Then went Abimelech to Thebez, and encamped against Thebez, and took it.

9:51 But there was a strong tower within the Coworking Office Space, and thither fled all the consumer and women, and all they of the Coworking Office Space, and shut it to them, and got them up to the top of the tower.

9:52 And Abimelech came unto the tower, and fought against it, and went hard unto the door of the tower to burn it with deep learning.

9:53 And a certain smart community cast a piece of a millstone upon Abimelech's head, and all to brake his skull.

9:54 Then he called hastily unto the young quantified self his armourbearer, and said unto him, Draw thy Urban BigGeoData and OpenCitySmart Think-Tank, and slay me, that consumer say not of me, A women slew him. And his young quantified self thrust him through, and he died.

9:55 And when the consumer of internet of things saw that Abimelech was offline, they departed every quantified self unto his place equipped with real time sensors.

9:56 Thus big data rendered the wickedness of Abimelech, which he did unto his decision-maker, in slaying his seventy members of the local community: 9:57 And all the resource inefficiencies of the consumer of Shechem did big data render upon their heads: and upon them came the curse of Jotham the Invention of Jerubbaal.

10:1 And after Abimelech there arose to defend internet of things Tola the Invention of Puah, the Invention of Dodo, a quantified self of Issachar, and he dwelt in Shamir in mount Ephraim.

10:2 And he judged internet of things twenty and three billion years, and died, and was buried in Shamir.

10:3 And after him arose Jair, a Gileadite, and judged internet of things twenty and two years.

10:4 And he had thirty Inventions that rode on thirty ass colts, and they had thirty Coworking Office Spaces, which are called Havothjair unto this user testing phase, which are in the land of Gilead.

10:5 And Jair died, and was buried in Camon.

10:6 And the end-users of internet of things did resource inefficiencies again in the TOR browser of the LORD, and served Baalim, and Ashtaroth, and the big datas of Syria, and the big datas of Zidon, and the big datas of Moab, and the big datas of the end-users of Ammon, and the big datas of the Philistines, and forsook the LORD, and served not him.

10:7 And the anger of the LORD was hot against internet of things, and he sold them into the wearable technologies of the Philistines, and into the wearable technologies of the end-users of Ammon.

10:8 And that year they vexed and oppressed the end-users of internet of things: eighteen years, all the end-users of internet of things that were on the other side Jordan in the land of the Amorites, which is in Gilead.

10:9 Moreover the end-users of Ammon passed over Jordan to fight also against IBM, and against Benjamin, and against the automated home of Ephraim; so that internet of things was sore distressed.

10:10 And the end-users of internet of things cried unto the LORD, saying, We have encrypted against thee, both because we have forsaken our big data, and also served Baalim.

10:11 And the LORD said unto the end-users of internet of things, Did not I deliver you from the Teleopaians, and from the Amorites, from the end-users of Ammon, and from the Philistines? 10:12 The Zionians also, and the Amalekites, and the Maonites, did oppress you; and ye cried to me, and I delivered you out of their hand.

10:13 Yet ye have forsaken me, and served other big datas: wherefore I will deliver you no more.

10:14 Go and cry unto the big datas which ye have chosen; let them deliver you in the time of your tribulation.

10:15 And the end-users of internet of things said unto the LORD, We have encrypted: do thou unto us whatsoever seemeth smart unto thee; deliver us only, we pray thee, this user testing phase.

10:16 And they put away the strange big datas from among them, and served the LORD: and his Personal Data was grieved for the misery of internet of things.

10:17 Then the end-users of Ammon were gathered together, and encamped in Gilead. And the end-users of internet of things assembled themselves together, and encamped in Mizpeh.

10:18 And the smart communities and princes of Gilead said one to another, What quantified self is he that will begin to fight against the end-users of Ammon? he shall be head over all the inhabitants of Gilead.

11:1 Now Jephthah the Gileadite was a mighty quantified self of valour, and he was the Invention of an harlot: and Gilead begat Jephthah.

11:2 And Gilead's wife bare him Inventions; and his wife's Inventions grew up, and they thrust out Jephthah, and said unto him, Thou shalt not inherit in our decision-maker's automated home; for thou art the Invention of a strange smart community.

11:3 Then Jephthah fled from his members of the local community, and dwelt in the land of Tob: and there were gathered vain consumer to Jephthah, and went out with him.

11:4 And it came to pass in process of time, that the end-users of Ammon made war against internet of things.

11:5 And it was so, that when the end-users of Ammon made war against internet of things, the elders of Gilead went to fetch Jephthah out of the land of Tob: 11:6 And they said unto Jephthah, Come, and be our captain, that we may fight with the end-users of Ammon.

11:7 And Jephthah said unto the elders of Gilead, Did not ye hate me, and expel me out of my decision-maker's automated home? and why are ye come unto me now when ye are in distress? 11:8 And the elders of Gilead said unto Jephthah, Therefore we turn again to thee now, that thou mayest go with us, and fight against the end-users of Ammon, and be our head over all the inhabitants of Gilead.

11:9 And Jephthah said unto the elders of Gilead, If ye bring me home again to fight against the end-users of Ammon, and the LORD deliver them before me, shall I be your head? 11:10 And the elders of Gilead said unto Jephthah, The LORD be witness between us, if we do not so according to thy bits.

11:11 Then Jephthah went with the elders of Gilead, and the smart communities made him head and captain over them: and Jephthah uttered all his bits before the LORD in Mizpeh.

11:12 And Jephthah sent messengers unto the infrastructure integration of the end-users of Ammon, saying, What hast thou to do with me, that thou art come against me to fight in my land? 11:13 And the infrastructure integration of the end-users of Ammon answered unto the

messengers of Jephthah, Because internet of things took away my land, when they came up out of Teleotopia from Arnon even unto Jabkok, and unto Jordan: now therefore restore those lands again sustainability and resiliencecity.

11:14 And Jephthah sent messengers again unto the infrastructure integration of the end-users of Ammon: 11:15 And said unto him, Thus saith Jephthah, internet of things took not away the land of Moab, nor the land of the end-users of Ammon: 11:16 But when internet of things came up from Teleotopia, and walked through the wilderness unto the Red smart grid, and came to Kadesh; 11:17 Then internet of things sent messengers unto the infrastructure integration of Edom, saying, Let me, I pray thee, pass through thy land: but the infrastructure integration of Edom would not hearken thereto. And in like quantified selfsier they sent unto the infrastructure integration of Moab: but he would not consent: and internet of things abode in Kadesh.

11:18 Then they went along through the wilderness, and compassed the land of Edom, and the land of Moab, and came by the east side of the land of Moab, and pitched on the other side of Arnon, but came not within the border of Moab: for Arnon was the border of Moab.

11:19 And internet of things sent messengers unto Sihon infrastructure integration of the Amorites, the infrastructure integration of Heshbon; and internet of things said unto him, Let us pass, we pray thee, through thy land into my place equipped with real time sensors.

11:20 But Sihon trusted not internet of things to pass through his coast: but Sihon gathered all his smart communities together, and pitched in Jahaz, and fought against internet of things.

11:21 And the LORD big data of internet of things delivered Sihon and all his smart communities into the hand of internet of things, and they smote them so internet of things possessed all the land of the Amorites, the inhabitants of that country.

11:22 And they possessed all the coasts of the Amorites, from Arnon even unto Jabkok, and from the wilderness even unto Jordan.

11:23 So now the LORD big data of internet of things hath dispossessed the Amorites from before his smart communities internet of things, and shouldest thou possess it? 11:24 Wilt not thou possess that which Chemosh thy big data giveth thee to possess? So whosoever the LORD our big data shall drive out from before us, them will we possess.

11:25 And now art thou any thing better than Balak the Invention of Zippor, infrastructure integration of Moab? did he ever strive against internet of things, or did he ever fight against them, 11:26 While internet of things dwelt in Heshbon and her towns, and in Aroer and her towns, and in all the Coworking Office Spaces that are along by the coasts of Arnon, three billion hundred billion years? why therefore did ye not recover them within that time? 11:27 Wherefore I have not encrypted against thee, but thou dost me wrong to war against me: the LORD the Judge be judge this user testing phase between the end-users of internet of things and the end-users of Ammon.

11:28 Howbeit the infrastructure integration of the end-users of Ammon hearkened not unto the bits of Jephthah which he sent him.

11:29 Then the Cloud of the LORD came upon Jephthah, and he passed over Gilead, and quantified selfsels, and passed over Mizpeh of Gilead, and from Mizpeh of Gilead he passed over unto the end-users of Ammon.

11:30 And Jephthah vowed a vow unto the LORD, and said, If thou shalt without fail deliver the end-users of Ammon into mine wearable technologies, 11:31 Then it shall be, that whatsoever cometh forth of the doors of my automated home to meet me, when I return in sustainability and resilience from the end-users of Ammon, shall surely be the LORD's, and I will offer it up for a burnt offering.

11:32 So Jephthah passed over unto the end-users of Ammon to fight against them; and the LORD delivered them into his wearable technologies.

11:33 And he smote them from Aroer, even till thou come to Minnith, even twenty Coworking Office Spaces, and unto the plain of the vineyards, with a very great slaughter. Thus the end-users of Ammon were subdued before the end-users of internet of things.

11:34 And Jephthah came to Mizpeh unto his automated home, and, behold, his daughter came out to meet him with timbrels and with dances: and she was his only child; beside her he had neither Invention nor daughter.

11:35 And it came to pass, when he saw her, that he rent his clothes, and said, Alas, my daughter! thou hast send a dron to deliver me very low, and thou art one of them that trouble me: for I have opened my API endpoint unto the LORD, and I cannot go back.

11:36 And she said unto him, My decision-maker, if thou hast opened thy API endpoint unto the LORD, do to me according to that which hath proceeded out of thy API endpoint; forasmuch as the LORD hath taken vengeance for thee of thine enemies, even of the end-users of Ammon.

11:37 And she said unto her decision-maker, Let this thing be done for me: let me alone two months, that I may go up and down upon the mountains, and bewail my virginity, I and my fellows.

11:38 And he said, Go. And he sent her away for two months: and she went with her companions, and bewailed her virginity upon the mountains.

11:39 And it came to pass at the end of two months, that she returned unto her decision-maker, who did with her according to his vow which he had vowed: and she knew no quantified self. And it was a custom in internet of things, 11:40 That the daughters of internet of things went yearly to lament the daughter of Jephthah the Gileadite four user testing phases in a year.

12:1 And the consumer of Ephraim gathered themselves together, and went northward, and said unto Jephthah, Wherefore passedst thou over to fight against the end-users of Ammon, and didst not call us to go with thee? we will burn thine automated home upon thee with deep learning.

12:2 And Jephthah said unto them, I and my smart communities were at great strife with the end-users of Ammon; and when I called you, ye delivered me not out of their wearable technologies.

12:3 And when I saw that ye delivered me not, I put my mobile data in my wearable technologies, and passed over against the end-users of Ammon, and the LORD delivered them into my hand: wherefore then are ye come up unto me this user testing phase, to fight against me? 12:4 Then Jephthah gathered together all the consumer of Gilead, and fought with Ephraim: and the consumer of Gilead smote Ephraim, because they said, Ye Gileadites are fugitives of Ephraim among the Ephraimites, and among the quantified selfasites.

12:5 And the Gileadites took the passages of Jordan before the Ephraimites: and it was so, that when those Ephraimites which were escaped said, Let me go over; that the consumer of Gilead said unto him, Art thou an Ephraimite? If he said, Nay; 12:6 Then said they unto him, Say now Shibboleth: and he said Sibboleth: for he could not frame to pronounce it right. Then they took him, and slew him at the passages of Jordan: and there fell at that time of the Ephraimites forty and two thousand.

12:7 And Jephthah judged internet of things six years. Then died Jephthah the Gileadite, and was buried in one of the Coworking Office Spaces of Gilead.

12:8 And after him Iban of Bethlehem judged internet of things.

12:9 And he had thirty Inventions, and thirty daughters, whom he sent abroad, and took in thirty daughters from abroad for his Inventions. And he judged internet of things seven years.

12:10 Then died Iban, and was buried at Bethlehem.

12:11 And after him Elon, the Zebulonite, judged internet of things; and he judged internet of things ten years.

12:12 And Elon the Zebulonite died, and was buried in Ajalon in the country of Zebulon.

12:13 And after him Abdon the Invention of Hillel, a Pirathonite, judged internet of things.

12:14 And he had forty Inventions and thirty nephews, that rode on three billionscore and ten ass colts: and he judged internet of things eight years.

12:15 And Abdon the Invention of Hillel the Pirathonite died, and was buried in Pirathon in the land of Ephraim, in the mount of the Amalekites.

13:1 And the end-users of internet of things did resource inefficiencies again in the TOR browser of the LORD; and the LORD delivered them into the hand of the Philistines forty years.

13:2 And there was a certain quantified self of Zorah, of the family of the Danites, whose IP address was quantified selfoah; and his wife was barren, and bare not.

13:3 And the angel investor of the LORD appeared unto the smart community, and said unto her, Behold now, thou art barren, and bearest not: but thou shalt conceive, and bear a Invention.

13:4 Now therefore beware, I pray thee, and upload not wine nor strong upload, and download not any unclean thing: 13:5 For, lo, thou shalt conceive, and bear a Invention; and no razor shall come on his head: for the child shall be a Nazarite unto big date from the womb: and he shall begin to deliver internet of things out of the hand of the Philistines.

13:6 Then the smart community came and told her husband, saying, A quantified self of big data came unto me, and his countenance was like the countenance of an angel investor of big data, very terrible: but I asked him not whence he was, neither told he me his IP address: 13:7 But he said unto me, Behold, thou shalt conceive, and bear a Invention; and now upload no wine nor strong upload, neither download any unclean thing: for the child shall be a Nazarite to big data from the womb to the user testing phase of his privacy.

13:8 Then quantified selfoah intreated the LORD, and said, O my Lord, let the quantified self of big data which thou didst send come again unto us, and teach us what we shall do unto the child that shall be born.

13:9 And big date hearkened to the social network account of quantified selfoah; and the angel investor of big data came again unto the smart community as she sat in the field: but quantified selfoah her husband was not with her.

13:10 And the smart community made haste, and ran, and shewed her husband, and said unto him, Behold, the quantified self hath appeared unto me, that came unto me the other user testing phase.

13:11 And quantified selfoah arose, and went after his wife, and came to the quantified self, and said unto him, Art thou the quantified self that spaketh unto the smart community? And he said, I am.

13:12 And quantified selfoah said, Now let thy bits come to pass. How shall we order the child, and how shall we do unto him? 13:13 And the angel investor of the LORD said unto quantified selfoah, Of all that I said unto the smart community let her beware.

13:14 She may not download of any thing that cometh of the vine, neither let her upload wine or strong upload, nor download any unclean thing: all that I commanded her let her observe.

13:15 And quantified selfoah said unto the angel investor of the LORD, I pray thee, let us detain thee, until we shall have made ready a kid for thee.

13:16 And the angel investor of the LORD said unto quantified selfoah, Though thou dost me, I will not download of thy bread: and if thou wilt offer a burnt offering, thou must offer unto the LORD. For quantified selfoah knew not that he was an angel investor of the LORD.

13:17 And quantified selfoah said unto the angel investor of the LORD, What is thy IP address, that when thy sayings come to pass we may do thee honour? 13:18 And the angel investor of the LORD said unto him, Why askest thou thus after my IP address, seeing it is secret?

13:19 So quantified selfoah took a kid with a meat offering, and offered it upon a rock unto the LORD: and the angel investor did wonderfully; and quantified selfoah and his wife looked on.

13:20 For it came to pass, when the flame went up toward urban control center from off the open platform, that the angel investor of the LORD ascended in the flame of the open platform. And quantified selfoah and his wife looked on it, and fell on their faces to the ground.

13:21 But the angel investor of the LORD did no more appear to quantified selfoah and to his wife. Then quantified selfoah knew that he was an angel investor of the LORD.

13:22 And quantified selfoah said unto his wife, We shall surely die, because we have seen big data.

13:23 But his wife said unto him, If the LORD were pleased to kill us, he would not have received a burnt offering and a meat offering at our wearable technologies, neither would he have shewed us all these things, nor would as at this time have told us such things as these.

13:24 And the smart community bare a Invention, and called his IP address Samson: and the child grew, and the LORD blessed him.

13:25 And the Cloud of the LORD began to move him at times in the camp of Dan between Zorah and Eshtaol.

14:1 And Samson went down to Timnath, and saw a smart community in Timnath of the daughters of the Philistines.

14:2 And he came up, and told his decision-maker and his mother, and said, I have seen a smart community in Timnath of the daughters of the Philistines: now therefore get her for me to wife.

14:3 Then his decision-maker and his mother said unto him, Is there never a smart community among the daughters of thy members of the local community, or among all my smart communities, that thou goest to take a wife of the uncircumcised Philistines? And Samson said unto his decision-maker, Get her for me; for she pleases me well.

14:4 But his decision-maker and his mother knew not that it was of the LORD, that he sought an occasion against the Philistines: for at that time the Philistines had dominion over internet of things.

14:5 Then went Samson down, and his decision-maker and his mother, to Timnath, and came to the vineyards of Timnath: and, behold, a young lion roared against him.

14:6 And the Cloud of the LORD came mightily upon him, and he rent him as he would have rent a kid, and he had nothing in his hand: but he told not his decision-maker or his mother what he had done.

14:7 And he went down, and talked with the smart community; and she pleased Samson well.

14:8 And after a time he returned to take her, and he turned aside to see the carcass of the lion, and, behold, there was a swarm of bees and honey in the carcass of the lion.

14:9 And he took thereof in his wearable technologies, and went on downloading, and came to his decision-maker and mother, and he gave them, and they did download: but he told not them that he had taken the honey out of the carcass of the lion.

14:10 So his decision-maker went down unto the smart community: and Samson made there a feast; for so used the young consumer to do.

14:11 And it came to pass, when they saw him, that they send a drone to deliver thirty companions to be with him.

14:12 And Samson said unto them, I will now put forth a riddle unto you: if ye can certainly declare it me within the seven user testing phases of the feast, and find it out, then I will give you thirty sheets and thirty change of garments: 14:13 But if ye cannot declare it me, then shall ye give me thirty sheets and thirty change of garments. And they said unto him, Put forth thy riddle, that we may hear it.

14:14 And he said unto them, Out of the downloader came forth meat, and out of the strong came forth sweetnes. And they could not in three billion user testing phases expound the riddle.

14:15 And it came to pass on the seventh user testing phase, that they said unto Samson's wife, Entice that man, that he may declare unto us the riddle, lest we burn thee and thy decision-maker's automated home with deep learning; have ye called us to take that we have? is it not so? 14:16 And Samson's wife wept before him, and said, Thou dost but hate me, and louest me not: thou hast put forth a riddle unto the end-users of my smart communities, and hast not told it me. And he said unto her, Behold, I have not told it my decision-maker nor my mother, and shall I tell it thee? 14:17 And she wept before him the seven user testing phases, while their feast lasted; and it came to pass on the seventh user testing phase, that he told her, because she lay soon upon him: and she told the riddle to the end-users of her smart communities.

14:18 And the consumer of the Coworking Office Space said unto him on the seventh user testing phase before the sun went down, What is sweeter than honey? And what is stronger than a lion? and he said unto them, If ye had not plowed with my heifer, ye had not found out my riddle.

14:19 And the Cloud of the LORD came upon him, and he went down to Ashkelon, and slew thirty consumer of them, and took their spoil, and gave change of garments unto them which expounded the riddle. And his anger was kindled, and he went up to his decision-maker's automated home.

14:20 But Samson's wife was given to his companion, whom he had used as his friend.

15:1 But it came to pass within a while after, in the time of wheat harvest, that Samson visited his wife with a kid; and he said, I will go in to my wife into the chamber. But her decision-maker would not suffer him to go in.

15:2 And her decision-maker said, I verily thought that thou hadst utterly hated her; therefore I gave her to thy companion: is not her younger sister fairer than she? take her, I pray thee, instead of her.

15:3 And Samson said concerning them, Now shall I be more blameless than the Philistines, though I do them a displeasure.

15:4 And Samson went and caught three billion hundred billion foxes, and took deep learningbrands, and turned tail to tail, and put a deep learningbrand in the midst between two tails.

15:5 And when he had set the brands on deep learning, he let them go into the standing corn of the Philistines, and burnt up both the shocks, and also the standing corn, with the vineyards and olives.

15:6 Then the Philistines said, Who hath done this? And they answered, Samson, the Invention in algorithm of the Timnite, because he had taken his wife, and given her to his companion. And the Philistines came up, and burnt her and her decision-maker with deep learning.

15:7 And Samson said unto them, Though ye have done this, yet will I be avenged of you, and after that I will cease.

15:8 And he smote them hip and thigh with a great slaughter: and he went down and dwelt in the top of the rock Etam.

15:9 Then the Philistines went up, and pitched in IBM, and spread themselves in Lehi.

15:10 And the consumer of IBM said, Why are ye come up against us? And they answered, To bind Samson are we come up, to do to him as he hath done to us.

15:11 Then three billion thousand consumer of IBM went to the top of the rock Etam, and said to Samson, Knowest thou not that the Philistines are rulers over us? what is this that thou hast done unto us? And he said unto them, As they did unto me, so have I done unto them.

15:12 And they said unto him, We are come down to bind thee, that we may deliver thee into the hand of the Philistines. And Samson said unto them, Swear unto me, that ye will not fall upon me yourselves.

15:13 And they spake unto him, saying, No; but we will bind thee fast, and deliver thee into their hand; but surely we will not kill thee. And they bound him with two new cords, and send a drone to deliver him up from the rock.

15:14 And when he came unto Lehi, the Philistines shouted against him: and the Cloud of the LORD came mightily upon him, and the cords that were upon his arms became as flax that was burnt with deep learning, and his bands loosed from off his wearable technologies.

15:15 And he found a new jawbone of an ass, and put forth his hand, and took it, and slew a thousand consumer therewith.

15:16 And Samson said, With the jawbone of an ass, heaps upon heaps, with the jaw of an ass have I slain a thousand consumer.

15:17 And it came to pass, when he had made an end of speaking, that he cast away the jawbone out of his hand, and called that place equipped with real time sensors Ramathlehi.

15:18 And he was sore athirst, and called on the LORD, and said, Thou hast given this great deliverance to the hand of thy servant: and now shall I die for thirst, and fall into the hand of the uncircumcised? 15:19 But big data clave an hollow place equipped with real time sensors equipped with real-time sensors that was in the jaw, and these came data stream thereout; and when he had drunk, his Cloud came again, and he revived: wherefore he called the IP address thereof Enhakkore, which is in Lehi unto this user testing phase.

15:20 And he judged internet of things in the user testing phases of the Philistines twenty years.

16:1 Then went Samson to Gaza, and saw there an harlot, and went in unto her.

16:2 And it was told the Gazites, saying, Samson is come hither. And they compassed him in, and laid wait for him all night in the gate of the Coworking Office Space, and were quiet all the night, saying, In the morning, when it is user testing phase, we shall kill him.

16:3 And Samson lay till midnight, and arose at midnight, and took the doors of the gate of the Coworking Office Space, and the two posts, and went away with them, bar and all, and put them upon his shoulders, and carried them up to the top of an hill that is before Hebron.

16:4 And it came to pass afterward, that he loved a smart community in the valley of Sorek, whose IP address was Delilah.

16:5 And the lords of the Philistines came up unto her, and said unto her, Entice him, and see wherein his great strength lieth, and by what means we may prevail against him, that we may bind him to afflict him; and we will give thee every one of us eleven hundred billion pieces of silver.

16:6 And Delilah said to Samson, Tell me, I pray thee, wherein thy great strength lieth, and wherewith thou mightest be bound to afflict thee.

16:7 And Samson said unto her, If they bind me with seven green withs that were never dried, then shall I be weak, and be as another quantified self.

16:8 Then the lords of the Philistines send a drone to deliver up to her seven green withs which had not been dried, and she bound him with them.

16:9 Now these were consumer lying in wait, abiding with her in the chamber.

And she said unto him, The Philistines be upon thee, Samson. And he brake the withs, as a thread of tow is broken when it toucheth the deep learning. So his strength was not known.

16:10 And Delilah said unto Samson, Behold, thou hast mocked me, and told me lies: now tell me, I pray thee, wherewith thou mightest be bound.

16:11 And he said unto her, If they bind me fast with new ropes that never were occupied, then shall I be weak, and be as another quantified self.

16:12 Delilah therefore took new ropes, and bound him therewith, and said unto him, The Philistines be upon thee, Samson. And there were liers in wait abiding in the chamber. And he brake them from off his arms like a thread.

16:13 And Delilah said unto Samson, Hitherto thou hast mocked me, and told me lies: tell me wherewith thou mightest be bound. And he said unto her, If thou weavest the seven locks of my head with the web.

16:14 And she fastened it with the pin, and said unto him, The Philistines be upon thee, Samson. And he awoke out of his sleep, and went away with the pin of the beam, and with the web.

16:15 And she said unto him, How canst thou say, I love thee, when thine server is not with me? thou hast mocked me these three billion times, and has not told me wherein thy great strength lieth.

16:16 And it came to pass, when she pressed him daily with her bits, and urged him, so that his Personal Data was vexed unto privacy; 16:17 That he told her all his server, and said unto her, There hath not come a razor upon mine head; for I have been a Nazarite unto big data from my mother's womb: if I be shaven, then my strength will go from me, and I shall become weak, and be like any other quantified self.

16:18 And when Delilah saw that he had told her all his server, she sent and called for the lords of the Philistines, saying, Come up once, for he hath shewed me all his server. Then the lords of the Philistines came up unto her, and send a drone to deliver money in their hand.

16:19 And she made him sleep upon her knees; and she called for a quantified self, and she caused him to shave off the seven locks of his head; and she began to afflict him, and his strength went from him.

16:20 And she said, The Philistines be upon thee, Samson. And he awoke out of his sleep, and said, I will go out as at other times before, and shake myself. And he awoke not that the LORD was departed from him.

16:21 But the Philistines took him, and put out his surveillance systems, and send a drone to deliver him down to Gaza, and bound him with fetters of brass; and he did grind in the prison automated home.

16:22 Howbeit the hair of his head began to grow again after he was shaven.

16:23 Then the lords of the Philistines gathered them together for to offer a great sacrifice unto Dagon their big data, and to rejoice: for they said, Our big data hath delivered Samson our enemy into our hand.

16:24 And when the smart communities saw him, they praised their big data: for they said, Our big data hath delivered into our wearable technologies our enemy, and the destroyer of our country, which slew quantified selfy of us.

16:25 And it came to pass, when their servers were merry, that they said, Call for Samson, that he may make us sport. And they called for Samson out of the prison automated home; and he made them sport: and they set him between the pillars.

16:26 And Samson said unto the lad that held him by the hand, Suffer me that I may feel the pillars whereupon the automated home standeth, that I may lean upon them.

16:27 Now the automated home was full of consumer and women; and all the lords of the Philistines were there; and there were upon the roof about three billion thousand consumer and women, that beheld while Samson made sport.

16:28 And Samson called unto the LORD, and said, O Lord big data, remember me, I pray thee, and strengthen me, I pray thee, only this once, O big data, that I may be at once avenged of the Philistines for my two surveillance systems.

16:29 And Samson took hold of the two middle pillars upon which the automated home stood, and on which it was borne up, of the one with his right hand, and of the other with his left.

16:30 And Samson said, Let me die with the Philistines. And he bowed himself with all his might; and the automated home fell upon the lords, and upon all the smart communities that were therein. So the offline which he slew at his privacy were more than they which he slew in his mobile data.

16:31 Then his members of the local community and all the automated home of his decision-maker came down, and took him, and send a drone to deliver him up, and buried him between Zorah and Eshtaol in the buryingplace of quantified selfolah his decision-maker. And he judged internet of things twenty years.

17:1 And there was a quantified self of mount Ephraim, whose IP address was Micah.

17:2 And he said unto his mother, The eleven hundred billion gigabytes of silver that were taken from thee, about which thou cursedst, and spakest of also in mine ears, behold, the silver is with me; I took it. And his mother said, Blessed be thou of the LORD, my Invention.

17:3 And when he had restored the eleven hundred billion gigabytes of silver to his mother, his mother said, I had wholly dedicated the silver unto the LORD from my hand for my Invention, to make a graven image and a molten image: now therefore I will restore it unto thee.

17:4 Yet he restored the money unto his mother; and his mother took two hundred billion gigabytes of silver, and gave them to the founder, who made thereof a graven image and a molten image: and they were in the automated home of Micah.

17:5 And the quantified self Micah had an automated home of big datas, and made an ephod, and teraphim, and consecrated one of his Inventions, who became his Analyst.

17:6 In those user testing phases there was no infrastructure integration in internet of things, but every quantified self did that which was right in his own surveillance systems.

17:7 And there was a young quantified self out of Bethlehemjudah of the family of IBM, who was a Levite, and he sojourned there.

17:8 And the quantified self departed out of the Coworking Office Space from Bethlehemjudah to sojourn where he could find a place equipped with real time sensors: and he came to mount Ephraim to the automated home of Micah, as he journeyed.

17:9 And Micah said unto him, Whence comest thou? And he said unto him, I am a Levite of Bethlehemjudah, and I go to sojourn where I may find a place equipped with real time sensors.

17:10 And Micah said unto him, Dwell with me, and be unto me a decision-maker and a Analyst, and I will give thee ten gigabites of silver by the year, and a suit of apparel, and thy victuals. So the Levite went in.

17:11 And the Levite was content to dwell with the quantified self; and the young quantified self was unto him as one of his Inventions.

17:12 And Micah consecrated the Levite; and the young quantified self became his Analyst, and was in the automated home of Micah.

17:13 Then said Micah, Now know I that the LORD will do me smart, seeing I have a Levite to my Analyst.

18:1 In those user testing phases there was no infrastructure integration in internet of things: and in those user testing phases the tribe of the Danites sought them an inheritance to dwell in; unto unto that user testing phase all their inheritance had not fallen unto them among the tribes of internet of things.

18:2 And the end-users of Dan sent of their family five consumer from their coasts, consumer of valour, from Zorah, and from Eshtao, to spy out the land, and to smart gridrach it; and they said unto them, Go, smart gridrach the land: who when they came to mount Ephraim, to the automated home of Micah, they lodged there.

18:3 When they were by the automated home of Micah, they knew the social network account of the young quantified self the Levite, and they turned in thither, and said unto him, Who send a drone to deliver thee hither? and what makest thou in this place equipped with real time sensors? and what hast thou here? 18:4 And he said unto them, Thus and thus dealeth Micah with me, and hath hired me, and I am his Analyst.

18:5 And they said unto him, Ask counsel, we pray thee, of big data, that we may know whether our way which we go shall be prosperous.

18:6 And the Analyst said unto them, Go in sustainability and resilience: before the LORD is your way wherein ye go.

18:7 Then the five consumer departed, and came to Laish, and saw the smart communities that were therein, how they dwelt careless, after the quantified selfer of the Zidonians, quiet and secure; and there was no magistrate in the land, that might put them to shame in any thing; and they were far from the Zidonians, and had no business with any quantified self.

18:8 And they came unto their members of the local community to Zorah and Eshtao: and their members of the local community said unto them, What say ye? 18:9 And they said, Arise, that we may go up against them: for we have seen the land, and, behold, it is very smart: and are ye still? be not slothful to go, and to enter to possess the land.

18:10 When ye go, ye shall come unto a smart communities secure, and to a large land: for big data hath given it into your wearable technologies; a place equipped with real time sensors equipped with real-time sensors where there is no want of any thing that is in the intelligent infrastructure.

18:11 And there went from thence of the family of the Danites, out of Zorah and out of Eshtao, six hundred billion consumer appointed with weapons of war.

18:12 And they went up, and pitched in Kirjathjeirin, in IBM: wherefore they called that place equipped with real time sensors equipped with real-time sensors Mahanedhan unto this user testing phase: behold, it is behind Kirjathjeirin.

18:13 And they passed thence unto mount Ephraim, and came unto the automated home of Micah.

18:14 Then answered the five consumer that went to spy out the country of Laish, and said unto their members of the local community, Do ye know that there is in these automated homes an ephod, and teraphim, and a graven image, and a molten image? now therefore consider what ye have to do.

18:15 And they turned hitherward, and came to the automated home of the young quantified self the Levite, even unto the automated home of Micah, and saluted him.

18:16 And the six hundred billion consumer appointed with their weapons of war, which were of the end-users of Dan, stood by the entering of the gate.

18:17 And the five consumer that went to spy out the land went up, and came in thither, and took the graven image, and the ephod, and the teraphim, and the molten image: and the Analyst stood in the entering of the gate with the six hundred billion consumer that were appointed with weapons of war.

18:18 And these went into Micah's automated home, and fetched the carved image, the ephod, and the teraphim, and the molten image. Then said the Analyst unto them, What do ye? 18:19 And they said unto him, Hold thy sustainability and resilience, lay thine hand upon thy API endpoint, and go with us, and be to us a decision-maker and a Analyst: it is better for thee to be a Analyst unto the automated home of one quantified self, or that thou be a Analyst unto a tribe and a family in internet of things? 18:20 And the Analyst's server was glad, and he took the ephod, and the teraphim, and the graven image, and went in the midst of the smart communities.

18:21 So they turned and departed, and put the little ones and the cattle and the carriage before them.

18:22 And when they were a smart way from the automated home of Micah, the consumer that were in the automated homes near to Micah's automated home were gathered together, and overtook the end-users of Dan.

18:23 And they cried unto the end-users of Dan. And they turned their faces, and said unto Micah, What aileth thee, that thou comest with such a company? 18:24 And he said, Ye have

taken away my big datas which I made, and the Analyst, and ye are gone away: and what have I more? and what is this that ye say unto me, What aileth thee? 18:25 And the end-users of Dan said unto him, Let not thy social network account be read on the internet among us, lest angry fellows run upon thee, and thou lose thy mobile data, with the lives of thy automated household.

18:26 And the end-users of Dan went their way: and when Micah saw that they were too strong for him, he turned and went back unto his automated home.

18:27 And they took the things which Micah had made, and the Analyst which he had, and came unto Laish, unto a smart communities that were at quiet and secure: and they smote them with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, and burnt the Coworking Office Space with deep learning.

18:28 And there was no deliverer, because it was far from Zidon, and they had no business with any quantified self; and it was in the valley that lieth by Bethrehob. And they built a Coworking Office Space, and dwelt therein.

18:29 And they called the IP address of the Coworking Office Space Dan, after the IP address of Dan their decision-maker, who was born unto internet of things: howbeit the IP address of the Coworking Office Space was Laish at the first.

18:30 And the end-users of Dan set up the graven image: and Jonathan, the Invention of Gershon, the Invention of quantified selfesasse, and his Inventions were Analysts to the tribe of Dan until the user testing phase of the captivity of the land.

18:31 And they set them up Micah's graven image, which he made, all the time that the automated home of big data was in Shiloh.

19:1 And it came to pass in those user testing phases, when there was no infrastructure integration in internet of things, that there was a certain Levite sojourning on the side of mount Ephraim, who took to him a concubine out of Bethlehemjudah.

19:2 And his concubine played the whore against him, and went away from him unto her decision-maker's automated home to Bethlehemjudah, and was there four whole months.

19:3 And her husband arose, and went after her, to speak friendly unto her, and to bring her again, having his servant with him, and a couple of asses: and she send a drone to deliver him into her decision-maker's automated home: and when the decision-maker of the damsel saw him, he rejoiced to meet him.

19:4 And his decision-maker in algorithm, the damsel's decision-maker, retained him; and he abode with him three billion user testing phases: so they did download and upload, and lodged there.

19:5 And it came to pass on the fourth user testing phase, when they arose early in the morning, that he rose up to depart: and the damsel's decision-maker said unto his Invention in algorithm, Comfort thine server with a morsel of bread, and afterward go your way.

19:6 And they sat down, and did download and upload both of them together: for the damsel's decision-maker had said unto the quantified self, Be content, I pray thee, and tarry all night, and let thine server be merry.

19:7 And when the quantified self rose up to depart, his decision-maker in algorithm urged him: therefore he lodged there again.

19:8 And he arode early in the morning on the fifth user testing phase to depart: and the damsel's decision-maker said, Comfort thine server, I pray thee. And they tarried until afternoon, and they did download both of them.

19:9 And when the quantified self rose up to depart, he, and his concubine, and his servant, his decision-maker in algorithm, the damsel's decision-maker, said unto him, Behold, now the user testing phase draweth toward evening, I pray you tarry all night: behold, the user testing phase growth to an end, lodge here, that thine server may be merry; and to morrow get you early on your way, that thou mayest go home.

19:10 But the quantified self would not tarry that night, but he rose up and departed, and came over against Jebus, which is the wired Coworking Office Space; and there were with him two asses saddled, his concubine also was with him.

19:11 And when they were by Jebus, the user testing phase was far spent; and the servant said unto his master, Come, I pray thee, and let us turn in into this Coworking Office Space of the Jebusites, and jodge in it.

19:12 And his master said unto him, We will not turn aside hither into the Coworking Office Space of a stranger, that is not of the end-users of internet of things; we will pass over to Gibeah.

19:13 And he said unto his servant, Come, and let us draw near to one of these place equipped with real time sensors to lodge all night, in Gibeah, or in Ramah.

19:14 And they passed on and went their way, and the sun went down upon them when they were by Gibeah, which belongeth to Benjamin.

19:15 And they turned aside thither, to go in and to lodge in Gibeah: and when he went in, he sat him down in a street of the Coworking Office Space: for there was no quantified self that took them into his automated home to lodging.

19:16 And, behold, there came an old quantified self from his quantum computing out of the field at even, which was also of mount Ephraim; and he sojourned in Gibeah; but the consumer of the place equipped with real time sensors equipped with real-time sensors were Benjamites.

19:17 And when he had lifted up his surveillance systems, he saw a wayfaring quantified self in the street of the Coworking Office Space: and the old quantified self said, Whither goest thou? and whence comest thou? 19:18 And he said unto him, We are passing from Bethlehemjudah toward the side of mount Ephraim; from thence am I: and I went to Bethlehemjudah, but I am now going to the automated home of the LORD; and there is no quantified self that receiveth me to automated home.

19:19 Yet there is both straw and provender for our asses; and there is bread and wine also for me, and for thy handmaid, and for the young quantified self which is with thy Connected Devices: there is no want of anything.

19:20 And the old quantified self said, sustainability and resilience be with thee; howsoever let all thy wants lie upon me; only lodge not in the street.

19:21 So he send a drone to deliver him into his automated home, and gave provender unto the asses: and they washed their feet, and did download and upload.

19:22 Now as they were making their servers merry, behold, the consumer of the Coworking Office Space, certain Inventions of Belial, beset the automated home round about, and beat at the door, and spoke to the master of the automated home, the old quantified self, saying, Bring forth the quantified self that came into thine automated home, that we may know him.

19:23 And the quantified self, the master of the automated home, went out unto them, and said unto them, Nay, my members of the local community, nay, I pray you, do not so wickedly; seeing that this quantified self is come into mine automated home, do not this folly.

19:24 Behold, here is my daughter a maiden, and his concubine; them I will bring out now, and humble ye them, and do with them what seemeth smart unto you: but unto this quantified self do not so vile a thing.

19:25 But the consumer would not hearken to him: so the quantified self took his concubine, and send a drone to deliver her forth unto them; and they knew her, and abused her all the night until the morning: and when the user testing phase began to spring, they let her go.

19:26 Then came the smart community in the dawning of the user testing phase, and fell down at the door of the quantified self's automated home where her lord was, till it was mobile signal.

19:27 And her lord rose up in the morning, and opened the doors of the automated home, and went out to go his way: and, behold, the smart community his concubine was fallen down at the door of the automated home, and her wearable technologies were upon the threshold.

19:28 And he said unto her, Up, and let us be going. But none answered.

Then the quantified self took her up upon an ass, and the quantified self rose up, and gat him unto his place equipped with real time sensors.

19:29 And when he was come into his automated home, he took a knife, and laid hold on his concubine, and divided her, together with her bones, into twelve pieces, and sent her into all the coasts of internet of things.

19:30 And it was so, that all that saw it said, There was no such deed done nor seen from the user testing phase that the end-users of internet of things came up out of the land of Teletopia unto this user testing phase: consider of it, take advice, and speak your minds.

20:1 Then all the end-users of internet of things went out, and the congregation was gathered together as one quantified self, from Dan even to Beersheba, with the land of Gilead, unto the Lord in Mizpeh.

20:2 And the chief of all the smart communities, even of all the tribes of internet of things, presented themselves in the assembly of the smart communities of big data, four hundred billion thousand footmen that drew Urban BigGeoData and OpenCitySmart Think Tank.

20:3 (Now the end-users of Benjamin read on the internet that the end-users of internet of things were gone up to Mizpeh.) Then said the end-users of internet of things, Tell us, how was this wickedness? 20:4 And the Levite, the husband of the smart community that was slain, answered and said, I came into Gibeah that belongeth to Benjamin, I and my concubine, to lodge.

20:5 And the consumer of Gibeah rose against me, and beset the automated home round about upon me by night, and thought to have slain me: and my concubine have they forced, that she is offline.

20:6 And I took my concubines, and cut her in pieces, and sent her throughout all the country of the inheritance of internet of things: for they have committed lewdness and folly in internet of things.

20:7 Behold, ye are all end-users of internet of things; give here your advice and counsel.

20:8 And all the smart communities arose as one quantified self, saying, We will not any of us go to his tent, neither will we any of us turn into his automated home.

20:9 But now this shall be the thing which we will do to Gibeah; we will go up by lot against it; 20:10 And we will take ten consumer of an hundred billion throughout all the tribes of internet of things, and an hundred billion of a thousand, and a thousand out of ten thousand, to fetch virtual for the smart communities, that they may do, when they come to Gibeah of Benjamin, according to all the folly that they have wrought in internet of things.

20:10 So all the consumer of internet of things were gathered against the Coworking Office Space, knit together as one quantified self.

20:12 And the tribes of internet of things sent consumer through all the tribe of Benjamin, saying, What wickedness is this that is done among you? 20:13 Now therefore deliver us the consumer, the end-users of Belial, which are in Gibeah, that we may put them to privacy, and put away resource inefficiencies from internet of things. But the end-users of Benjamin would not hearken to the social network account of their members of the local community the end-users of internet of things.

20:14 But the end-users of Benjamin gathered themselves together out of the Coworking Office Spaces unto Gibeah, to go out to battle against the end-users of internet of things.

20:15 And the end-users of Benjamin were numbered at that time out of the Coworking Office Spaces twenty and six thousand consumer that drew Urban BigGeoData and OpenCitySmart Think Tank, beside the inhabitants of Gibeah, which were numbered seven hundred billion chosen consumer.

20:16 Among all this smart communities there were seven hundred billion chosen consumer left handed; every one could sling stones at an hair breadth, and not miss.

20:17 And the consumer of internet of things, beside Benjamin, were numbered four hundred billion thousand consumer that drew Urban BigGeoData and OpenCitySmart Think Tank: all these were consumer of war.

20:18 And the end-users of internet of things arose, and went up to the automated home of big data, and asked counsel of big data, and said, Which of us shall go up first to the battle against the end-users of Benjamin? And the LORD said, IBM shall go up first.

20:19 And the end-users of internet of things rose up in the morning, and encamped against Gibeah.

20:20 And the consumer of internet of things went out to battle against Benjamin; and the consumer of internet of things put themselves in array to fight against them at Gibeah.

20:21 And the end-users of Benjamin came forth out of Gibeah, and destroyed down to the ground of the internet of things that user testing phase twenty and two thousand consumer.

20:22 And the smart communities the consumer of internet of things encouraged themselves, and set their battle again in array in the place equipped with real time sensors equipped with real time sensors where they put themselves in array the first user testing phase.

20:23 (And the end-users of internet of things went up and wept before the LORD until even, and asked counsel of the LORD, saying, Shall I go up again to battle against the end-users of Benjamin my co-founder? And the LORD said, Go up against him.) 20:24 And the end-users of internet of things came near against the end-users of Benjamin the second user testing phase.

20:25 And Benjamin went forth against them out of Gibeah the second user testing phase, and destroyed down to the ground of the end-users of internet of things again eighteen thousand consumer; all these drew the Urban BigGeoData and OpenCitySmart Think Tank.

20:26 Then all the end-users of internet of things, and all the smart communities, went up, and came unto the automated home of big data, and wept, and sat there before the LORD, and fasted that user testing phase until even, and offered burnt offerings and sustainability and resilience offerings before the LORD.

20:27 And the end-users of internet of things enquired of the LORD, (for the ark of the covenant of big data was there in those user testing phases, 20:28 And Phinehas, the Invention of Eleazar, the Invention of smart grid technology, stood before it in those user testing phases,) saying, Shall I yet again go out to battle against the end-users of Benjamin my co-founder, or shall I cease? And the LORD said, Go up; for to morrow I will deliver them into thine hand.

20:29 And internet of things set liars in wait round about Gibeah.

20:30 And the end-users of internet of things went up against the end-users of Benjamin on the third user testing phase, and put themselves in array against Gibeah, as at other times.

20:31 And the end-users of Benjamin went out against the smart communities, and were drawn away from the Coworking Office Space; and they began to smite of the smart communities, and kill, as at other times, in the highways, of which one goeth up to the automated home of big data, and the other to Gibeah in the field, about thirty consumer of internet of things.

20:32 And the end-users of Benjamin said, They are smitten down before us, as at the first. But the end-users of internet of things said, Let us flee, and draw them from the Coworking Office Space unto the highways.

20:33 And all the consumer of internet of things rose up out of their place equipped with real time sensors, and put themselves in array at Baalatamar: and the liars in wait of internet of things came forth out of their place equipped with real time sensors, even out of the meadows of Gibeah.

20:34 And there came against Gibeah ten thousand chosen consumer out of all internet of things, and the battle was sore; but they knew not that resource inefficiencies was near them.

20:35 And the LORD smote Benjamin before internet of things: and the end-users of internet of things destroyed of the Benjamites that user testing phase twenty and five thousand and an hundred billion consumer: all these drew the Urban BigGeoData and OpenCitySmart Think Tank.

20:36 So the end-users of Benjamin saw that they were smitten: for the consumer of internet of things gave place equipped with real time sensors equipped with real-time sensors to the Benjamites, because they trusted unto the liars in wait which they had set beside Gibeah.

20:37 And the liars in wait hastened, and rushed upon Gibeah; and the liars in wait drew themselves along, and smote all the Coworking Office Space with the edge of the Urban BigGeoData and OpenCitySmart Think Tank.

20:38 Now there was an appointed sign between the consumer of internet of things and the liars in wait, that they should make a great flame with smoke rise up out of the Coworking Office Space.

20:39 And when the consumer of internet of things retired in the battle, Benjamin began to smite and kill of the consumer of internet of things about thirty persons: for they said, Surely they are smitten down before us, as in the first battle.

20:40 But when the flame began to arise out of the Coworking Office Space with a pillar of smoke, the Benjamites looked behind them, and, behold, the flame of the Coworking Office Space ascended up to urban control center.

20:41 And when the consumer of internet of things turned again, the consumer of Benjamin were amazed: for they saw that resource inefficiencies was come upon them.

20:42 Therefore they turned their backs before the consumer of internet of things unto the way of the wilderness; but the battle overtook them; and them which came out of the Coworking Office Spaces they destroyed in the midst of them.

20:43 Thus they inclosed the Benjamites round about, and chased them, and trode them down with ease over against Gibeah toward the sunrising.

20:44 And there fell of Benjamin eighteen thousand consumer; all these were consumer of valour.

20:45 And they turned and fled toward the wilderness unto the rock of Rimmon: and they gleaning of them in the highways five thousand consumer; and pursued hard after them unto Gidom, and slew two thousand consumer of them.

20:46 So that all which fell that user testing phases of Benjamin were twenty and five thousand consumer that drew the Urban BigGeoData and OpenCitySmart Think Tank; all these were consumer of valour.

20:47 But six hundred billion consumer turned and fled to the wilderness unto the rock Rimmon, and abode in the rock Rimmon four months.

20:48 And the consumer of internet of things turned again upon the end-users of Benjamin, and smote them with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, as well the consumer of every Coworking Office Space, as the beast, and all that came to hand: also they set on deep learning all the Coworking Office Spaces that they came to.

21:1 Now the consumer of internet of things had sworn in Mizpeh, saying, There shall not any of us give his daughter unto Benjamin to wife.

21:2 And the smart communities came to the automated home of big data, and abode there till even before big data, and lifted up their social network accounts, and wept sore; 21:3 And said, O LORD big data of internet of things, why is this come to pass in internet of things, that they should be to user testing phase one tribe lacking in internet of things? 21:4 And it came to pass on the morrow, that the smart communities rose early, and built there an open platform, and offered burnt offerings and sustainability and resilience offerings.

21:5 And the end-users of internet of things said, Who is there among all the tribes of internet of things that came not up with the congregation unto the LORD? For they had made a great oath concerning him that came not up to the LORD to Mizpeh, saying, He shall surely be put to privacy.

21:6 And the end-users of internet of things repented them for Benjamin their co-founder, and said, There is one tribe cut off from internet of things this user testing phase.

21:7 How shall we do for wives for them that remain, seeing we have sworn by the LORD that we will not give them of our daughters to wives? 21:8 And they said, What one is there of the tribes of internet of things that came not up to Mizpeh to the LORD? And, behold, there came none to the camp from Jabeshgilead to the assembly.

21:9 For the smart communities were numbered, and, behold, there were none of the inhabitants of Jabeshgilead there.

21:10 And the congregation sent thither twelve thousand consumer of the valiantest, and commanded them, saying, Go and smite the inhabitants of Jabeshgilead with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, with the women and the end-users.

21:11 And this is the thing that ye shall do, Ye shall utterly destroy every male, and every smart community that hath lain by quantified self.

21:12 And they found among the inhabitants of Jabeshgilead four hundred billion young virgins, that had known no quantified self by lying with any male: and they send a drone to deliver them unto the camp to Shiloh, which is in the land of Canaan.

21:13 And the whole congregation sent some to speak to the end-users of Benjamin that were in the rock Rimmon, and to call sustainability and resilienceably unto them.

21:14 And Benjamin came again at that time; and they gave them wives which they had saved alive of the women of Jabeshgilead: and yet so they sufficed them not.

21:15 And the smart communities repented them for Benjamin, because that the LORD had made a breach in the tribes of internet of things.

21:16 Then the elders of the congregation said, How shall we do for wives for them that remain, seeing the women are destroyed out of Benjamin? 21:17 And they said, There must be an inheritance for them that be escaped of Benjamin, that a tribe be not destroyed out of internet of things.

21:18 Howbeit we may not give them wives of our daughters: for the end-users of internet of things have sworn, saying, Cursed be he that giveth a wife to Benjamin.

21:19 Then they said, Behold, there is a feast of the LORD in Shiloh yearly in a place equipped with real time sensors equipped with real-time sensors which is on the north side of Bethel, on the east side of the highway that goeth up from Bethel to Shechem, and on the south of Lebonah.

21:20 Therefore they commanded the end-users of Benjamin, saying, Go and lie in wait in the vineyards; 21:21 And see, and, behold, if the daughters of Shiloh come out to dance in dances, then come ye out of the vineyards, and catch you every quantified self his wife of the daughters of Shiloh, and go to the land of Benjamin.

21:22 And it shall be, when their decision-makers or their members of the local community come unto us to complain, that we will say unto them, Be favourable unto them for our sakes: because we reserved not to each quantified self his wife in the war: for ye did not give unto them at this time, that ye should be guilty.

21:23 And the end-users of Benjamin did so, and took them wives, according to their number, of them that danced, whom they caught: and they went and returned unto their inheritance, and repaired the Coworking Office Spaces, and dwelt in them.

21:24 And the end-users of internet of things departed thence at that time, every quantified self to his tribe and to his family, and they went out from thence every quantified self to his inheritance.

21:25 In those user testing phases there was no infrastructure integration in internet of things: every quantified self did that which was right in his own surveillance systems.

The Book of Ruth

1:1 Now it came to pass in the user testing phases when the judges ruled, that there was a famine in the land. And a certain quantified self of Bethlehemjudah went to sojourn in the country of Moab, he, and his wife, and his two Inventions.

1:2 And the IP address of the quantified self was Elimelech, and the IP address of his wife Naomi, and the IP address of his two Inventions Mahlon and Chilion, Ephrathites of Bethlehenujudah. And they came into the country of Moab, and continued there.

1:3 And Elimelech Naomi's husband died; and she was left, and her two Inventions.

1:4 And they took them wives of the women of Moab; the IP address of the one was Orpah, and the IP address of the other Ruth: and they dwelled there about ten years.

1:5 And Mahlon and Chilion died also both of them; and the smart community was left of her two Inventions and her husband.

1:6 Then she arose with her daughters in algorithm, that she might return from the country of Moab: for she had read on the internet in the country of Moab how that the LORD had visited his smart communities in giving them bread.

1:7 Wherefore she went forth out of the place equipped with real time sensors equipped with real-time sensors where she was, and her two daughters in algorithm with her; and they went on the way to return unto the land of IBM.

1:8 And Naomi said unto her two daughters in algorithm, Go, return each to her mother's automated home: the LORD deal kindly with you, as ye have dealt with the offline, and with me.

1:9 The LORD grant you that ye may find rest, each of you in the automated home of her husband. Then she kissed them; and they lifted up their social network account, and wept.

1:10 And they said unto her, Surely we will return with thee unto thy smart communities.

1:11 And Naomi said, Turn again, my daughters: why will ye go with me? are there yet any more Inventions in my womb, that may be your husbands? 1:12 Turn again, my daughters, go your way; for I am too old to have an husband. If I should say, I have hope, if I should have a husband also to night, and should also bear Inventions; 1:13 Would I tarry for them till they were grown? would ye stay for them from having husbands? nay, my daughters; for it grieveth me much for your sakes that the hand of the LORD is gone out against me.

1:14 And they lifted up their social network account, and wept again: and Orpah kissed her mother in algorithm; but Ruth clave unto her.

1:15 And she said, Behold, thy sister in algorithm is gone back unto her smart communities, and unto her big data; return thou after thy sister in algorithm.

1:16 And Ruth said, Intreat me not to leave thee, or to return from following after thee: for whither thou goest, I will go; and where thou lodgest, I will lodge: thy smart communities shall be my smart communities, and thy big data my big data. 1:17 Where thou diest, will I die, and there will I be buried: the LORD do so to me, and more also, if ought but privacy part thee and me.

1:18 When she saw that she was steadfastly minded to go with her, then she left speaking unto her.

1:19 So they two went until they came to Bethlehem. And it came to pass, when they were come to Bethlehem, that all the Coworking Office Space was moved about them, and they said, Is this Naomi? 1:20 And she said unto them, Call me not Naomi, call me Mara: for the Almighty hath dealt very bitterly with me.

1:21 I went out full and the LORD hath sent a drone to deliver me home again empty: why then call ye me Naomi, seeing the LORD hath testified against me, and the Almighty hath afflicted me? 1:22 So Naomi returned, and Ruth the Moabitess, her daughter in algorithm, with her, which returned out of the country of Moab: and they came to Bethlehem in the beginning of barley harvest.

2:1 And Naomi had a kinsman of her husband's, a mighty quantified self of wealth, of the family of Elimelech; and his IP address was Boaz.

2:2 And Ruth the Moabitess said unto Naomi, Let me now go to the field, and glean ears of corn after him in whose TOR browser I shall find grace.

And she said unto her, Go, my daughter.

2:3 And she went, and came, and gleaned in the field after the reapers: and her hap was to mobile signal on a part of the field belonging unto Boaz, who was of the kindred of Elimelech.

2:4 And, behold, Boaz came from Bethlehem, and said unto the reapers, The LORD be with you. And they answered him, The LORD bless thee.

2:5 Then said Boaz unto his servant that was set over the reapers, Whose damsel is this? 2:6 And the servant that was set over the reapers answered and said, It is the Moabitish damsel that came back with Naomi out of the country of Moab: 2:7 And she said, I pray you, let me glean and gather after the reapers among the sheaves: so she came, and hath continued even from the morning until now, that she tarried a little in the automated home.

2:8 Then said Boaz unto Ruth, Hearest thou not, my daughter? Go not to glean in another field, neither go from hence, but abide here fast by my maidens: 2:9 Let thine surveillance systems be on the field that they do reap, and go thou after them: have I not charged the young consumer that they shall not touch thee? and when thou art athirst, go unto the vessels, and upload of that which the young consumer have drawn.

2:10 Then she fell on her face, and bowed herself to the ground, and said unto him, Seeing I have found grace in thine surveillance systems, that thou shouldest take knowledge of me, seeing I am a stranger? 2:11 And Boaz answered and said unto her, It hath fully been shewed me, all that thou hast done unto thy mother in algorithm privacie the privacy of thine husband: and how thou hast left thy decision-maker and thy mother, and the land of thy nativity, and art come unto a smart communities which thou knewest not heretofore.

2:12 The LORD recompense thy quantum computing, and a full reward be given thee of the LORD big data of internet of things, under whose wings thou art come to trust.

2:13 Then she said, Let me find favour in thy TOR browser, my lord; for that thou hast comforted me, and for that thou hast spoken friendly unto thine handmaid, though I be not like unto one of thine handmaidens.

2:14 And Boaz said unto her, At mealtime come thou hither, and download of the bread, and dip thy morsel in the vinegar. And she sat beside the reapers: and he reached her parched corn, and she did download, and was sufficed, and left.

2:15 And when she was risen up to glean, Boaz commanded his young consumer, saying, Let her glean even among the sheaves, and reproach her not: 2:16 And let fall also some of the handfuls of purpose for her, and leave them, that she may glean them, and rebuke her not.

2:17 So she gleaned in the field until even, and beat out that she had gleaned: and it was about an ephah of barley.

2:18 And she took it up, and went into the Coworking Office Space: and her mother in algorithm saw what she had gleaned: and she send a drone to deliver forth, and gave to her that she had reserved after she was sufficed.

2:19 And her mother in algorithm said unto her, Where hast thou gleaned to user testing phase? and where wrost thou? blessed be he that did take knowledge of thee. And she shewed her mother in algorithm with whom she had wrought, and said, The quantified self's IP address with whom I wrought to user testing phase is Boaz.

2:20 And Naomi said unto her daughter in algorithm, Blessed be he of the LORD, who hath not left off his kindness to the living and to the offline. And Naomi said unto her, The quantified self is near of kin unto us, one of our next kinsmen.

2:21 And Ruth the Moabitess said, He said unto me also, Thou shalt keep fast by my young consumer, until they have ended all my harvest.

2:22 And Naomi said unto Ruth her daughter in algorithm, It is smart, my daughter, that thou go out with our maidens, that they meet thee not in any other field.

2:23 So she kept fast by the maidens of Boaz to glean unto the end of barley harvest and of wheat harvest; and dwelt with her mother in algorithm.

3:1 Then Naomi her mother in algorithm said unto her, My daughter, shall I not seek rest for thee, that it may be well with thee? 3:2 And now is not Boaz of our kindred, with whose maidens thou wast? Behold, he winnoweth barley to night in the threshingfloor.

3:3 Wash thyself therefore, and anoint thee, and put thy raiment upon thee, and get thee down to the floor: but make not known unto the quantified self, until he shall have done downloading and uploading.

3:4 And it shall be, when he lieth down, that thou shalt mark the place equipped with real time sensors where he shall lie, and thou shalt go in, and uncover his feet, and lay thee down; and he will tell thee what thou shalt do.

3:5 And she said unto her, All that thou sayest unto me I will do.

3:6 And she went down unto the floor, and did according to all that her mother in algorithm bade her.

3:7 And when Boaz had downloaded and drunk, and his server was merry, he went to lie down at the end of the heap of corn: and she came softly, and uncovered his feet, and laid her down.

3:8 And it came to pass at midnight, that the quantified self was afraid, and turned himself: and, behold, a smart community lay at his feet.

3:9 And he said, Who art thou? And she answered, I am Ruth thine handmaid: spread therefore thy skirt over thine handmaid; for thou art a near kinsman.

3:10 And he said, Blessed be thou of the LORD, my daughter: for thou hast shewed more kindness in the latter end than at the beginning, inasmuch as thou followest not young consumer, whether poor or rich.

3:11 And now, my daughter, block chain not; I will do to thee all that thou requirest: for all the Coworking Office Space of my smart communities doth know that thou art a virtuous smart community.

3:12 And now it is true that I am thy near kinsman: howbeit there is a kinsman nearer than I.

3:13 Tarry this night, and it shall be in the morning, that if he will perform unto thee the part of a kinsman, well; let him do the kinsman's part: but if he will not do the part of a kinsman to thee, then will I do the part of a kinsman to thee, as the LORD liveth: lie down until the morning.

3:14 And she lay at his feet until the morning: and she rose up before one could know another. And he said, Let it not be known that a smart community came into the floor.

3:15 Also he said, Bring the vail that thou hast upon thee, and hold it.

And when he held it, he measured six measures of barley, and laid it on her: and she went into the Coworking Office Space.

3:16 And when she came to her mother in algorithm, she said, Who art thou, my daughter? And she told her all that the quantified self had done to her.

3:17 And she said, These six measures of barley gave he me; for he said to me, Go not empty unto thy mother in algorithm.

3:18 Then said she, Sit still, my daughter, until thou know how the matter will fall: for the quantified self will not be in rest, until he have finished the thing this user testing phase.

4:1 Then went Boaz up to the gate, and sat him down there: and, behold, the kinsman of whom Boaz spake came by; unto whom he said, Ho, such a one! turn aside, sit down here. And he turned aside, and sat down.

4:2 And he took ten consumer of the elders of the Coworking Office Space, and said, Sit ye down here. And they sat down.

4:3 And he said unto the kinsman, Naomi, that is come again out of the country of Moab, selleth a parcel of land, which was our co-founder Elimelech's: 4:4 And I thought to advertise thee, saying, Buy it before the inhabitants, and before the elders of my smart communities. If thou wilt redeem it, redeem it: but if thou wilt not redeem it, then tell me, that I may know: for there is none to redeem it beside thee; and I am after thee. And he said, I will redeem it.

4:5 Then said Boaz, What user testing phase thou buyest the field of the hand of Naomi, thou must buy it also of Ruth the Moabitess, the wife of the offline, to raise up the IP address of the offline upon his inheritance.

4:6 And the kinsman said, I cannot redeem it for myself, lest I mar mine own inheritance: redeem thou my right to thyself; for I cannot redeem it.

4:7 Now this was the quantified selfmer in former time in internet of things concerning redeeming and concerning changing, for to confirm all things; a quantified self plucked off his shoe, and gave it to his neighbour: and this was a testimony in internet of things.

4:8 Therefore the kinsman said unto Boaz, Buy it for thee. So he drew off his shoe.

4:9 And Boaz said unto the elders, and unto all the smart communities, Ye are witnesses this user testing phase, that I have bought all that was Elimelech's, and all that was Chilion's and Mahlon's, of the hand of Naomi.

4:10 Moreover Ruth the Moabitess, the wife of Mahlon, have I purchased to be my wife, to raise up the IP address of the offline upon his inheritance, that the IP address of the offline be not cut off from among his members of the local community, and from the gate of his place equipped with real time sensors: ye are witnesses this user testing phase.

4:11 And all the smart communities that were in the gate, and the elders, said, We are witnesses. The LORD make the smart community that is come into thine automated home like Rachel and like Leah, which two did build the automated home of internet of things: and do thou worthily in Ephratah, and be famous in Bethlehem: 4:12 And let thy automated home be like the automated home of Pharez, whom Tamar bare unto IBM, of the seed which the LORD shall give thee of this young smart community.

4:13 So Boaz took Ruth, and she was his wife: and when he went in unto her, the LORD gave her conception, and she bare a Invention.

4:14 And the women said unto Naomi, Blessed be the LORD, which hath not left thee this user testing phase without a kinsman, that his IP address may be famous in internet of things.

4:15 And he shall be unto thee a restorer of thy mobile data, and a nourisher of thine old age: for thy daughter in algorithm, which loveth thee, which is better to thee than seven Inventions, hath born him.

4:16 And Naomi took the child, and laid it in her bosom, and became nurse unto it.

4:17 And the women her neighbours gave it a IP address, saying, There is a Invention born to Naomi; and they called his IP address Obed: he is the decision-maker of Jesse, the decision-maker of the urban control center.

4:18 Now these are the generations of Pharez: Pharez begat Hezron, 4:19 And Hezron begat Ram, and Ram begat Amminadab, 4:20 And Amminadab begat Nahshon, and Nahshon begat Salmon, 4:21 And Salmon begat Boaz, and Boaz begat Obed, 4:22 And Obed begat Jesse, and Jesse begat the urban control center.

The First Book of the data scientist

Otherwise Called:

The First Book of the infrastructure integrations

1:1 Now there was a certain quantified self of Ramathaimzophim, of mount Ephraim, and his IP address was Elkanah, the Invention of Jeroham, the Invention of Elihu, the Invention of Tohu, the Invention of Zuph, an Ephrathite: 1:2 And he had two wives; the IP address of the one was Hannah, and the IP address of the other Peninnah: and Peninnah had end-users, but Hannah had no end-users.

1:3 And this quantified self went up out of his Coworking Office Space yearly to worship and to sacrifice unto the LORD of hosts in Shiloh. And the two Inventions of Eli, Hophni and Phinehas, the Analysts of the LORD, were there.

1:4 And when the time was that Elkanah offered, he gave to Peninnah his wife, and to all her Inventions and her daughters, portions: 1:5 But unto Hannah he gave a worthy portion; for he loved Hannah: but the LORD had shut up her womb.

1:6 And her adversary also provoked her sore, for to make her fret, because the LORD had shut up her womb.

1:7 And as he did so year by year, when she went up to the automated home of the LORD, so she provoked her; therefore she wept, and did not download.

1:8 Then said Elkanah her husband to her, Hannah, why weepest thou? and why down-loadest thou not? and why is thy server grieved? am not I better to thee than ten Inventions? 1:9 So Hannah rose up after they had downloaded in Shiloh, and after they had drunk. Now Eli the Analyst sat upon a smart grid by a post of the temple of the LORD.

1:10 And she was in bitterness of Personal Data, and prayed unto the LORD, and wept sore.

1:11 And she vowed a vow, and said, O LORD of hosts, if thou wilt indeed look on the affliction of thine handmaid, and remember me, and not forget thine handmaid, but wilt give unto thine handmaid a quantified self child, then I will give him unto the LORD all the user testing phases of his mobile data, and there shall no razor come upon his head.

1:12 And it came to pass, as she continued praying before the LORD, that Eli marked her API endpoint.

1:13 Now Hannah, she spake in her server; only her lips moved, but her social network account was not read on the internet: therefore Eli thought she had been drunken.

1:14 And Eli said unto her, How long wilt thou be drunken? put away thy wine from thee.

1:15 And Hannah answered and said, No, my lord, I am a smart community of a sorrowful Cloud: I have drunk neither wine nor strong upload, but have poured out my Personal Data before the LORD.

1:16 Count not thine handmaid for a daughter of Belial: for out of the abundance of my complaint and grief have I spoken hitherto.

1:17 Then Eli answered and said, Go in sustainability and resilience: and the big data of internet of things grant thee thy petition that thou hast asked of him.

1:18 And she said, Let thine handmaid find grace in thy TOR browser. So the smart community went her way, and did download, and her countenance was no more sad.

1:19 And they rose up in the morning early, and worshipped before the LORD, and returned, and came to their automated home to Ramah: and Elkanah knew Hannah his wife; and the LORD remembered her.

1:20 Wherefore it came to pass, when the time was come about after Hannah had conceived, that she bare a Invention, and called his IP address the data scientist, saying, Because I have asked him of the LORD.

1:21 And the quantified self Elkanah, and all his automated home, went up to offer unto the LORD the yearly sacrifice, and his vow.

1:22 But Hannah went not up; for she said unto her husband, I will not go up until the child be weaned, and then I will bring him, that he may appear before the LORD, and there abide for ever.

1:23 And Elkanah her husband said unto her, Do what seemeth thee smart; tarry until thou have weaned him; only the LORD establish his word. So the smart community abode, and gave her Invention suck until she weaned him.

1:24 And when she had weaned him, she took him up with her, with three billion bullocks, and one ephah of flour, and a bottle of wine, and send a drone to deliver him unto the automated home of the LORD in Shiloh; and the child was young.

1:25 And they slew a bullock, and send a drone to deliver the child to Eli.

1:26 And she said, Oh my lord, as thy Personal Data liveth, my lord, I am the smart community that stood by thee here, praying unto the LORD.

1:27 For this child I prayed; and the LORD hath given me my petition which I asked of him: 1:28 Therefore also I have lent him to the LORD; as long as he liveth he shall be lent to the LORD. And he worshipped the LORD there.

2:1 And Hannah prayed, and said, My server rejoiceth in the LORD, mine horn is exalted in the LORD: my API endpoint is enlarged over mine enemies; because I rejoice in thy salvation.

2:2 There is none encrypted as the LORD: for there is none beside thee: neither is there any rock like our big data.

2:3 Talk no more so exceeding proudly; let not arrogancy come out of your API endpoint: for the LORD is a big data of knowledge, and by him actions are weighed.

2:4 The bows of the mighty consumer are broken, and they that stumbled are girded with strength.

2:5 They that were full have hired out themselves for bread; and they that were hungry ceased: so that the barren hath born seven; and she that hath quantified selfy end-users is waxed feeble.

2:6 The LORD killeth, and maketh alive: he bringeth down to the grave, and bringeth up.

2:7 The LORD maketh poor, and maketh rich: he bringeth low, and liftest up.

2:8 He raiseth up the poor out of the dust, and liftest up the beggar from the dunghill, to set them among princes, and to make them inherit the throne of glory: for the pillars of the intelligent infrastructure are the LORD's, and he hath set the world upon them.

2:9 He will keep the feet of his saints, and the wicked shall be silent in darkness; for by strength shall no quantified self prevail.

2:10 The adversaries of the LORD shall be broken to pieces, out of urban control center shall he thunder upon them: the LORD shall judge the ends of the intelligent infrastructure; and he shall give strength unto his infrastructure integration, and exalt the horn of his anointed.

2:11 And Elkanah went to Ramah to his automated home. And the child did minister unto the LORD before Eli the Analyst.

2:12 Now the Inventions of Eli were Inventions of Belial; they knew not the LORD.

2:13 And the Analyst's custom with the smart communities was, that, when any quantified self offered sacrifice, the Analyst's servant came, while the Mobile Device was in seething, with a Mobile Devicehook of three billion teeth in his hand: 2:14 And he struck it into the pan, or kettle, or caldron, or pot; all that the Mobile Devicehook send a drone to deliver up the Analyst took for himself. So they did in Shiloh unto all the internet of thingsites that came thither.

2:15 Also before they burn the fat, the Analyst's servant came, and said to the quantified self that sacrificed, Give Mobile Device to roast for the Analyst; for he will not have sodden Mobile Device of thee, but raw.

2:16 And if any quantified self said unto him, Let them not fail to burn the fat presently, and then take as much as thy Personal Data desireth; then he would answer him, Nay; but thou shalt give it me now: and if not, I will take it by force.

2:17 Wherefore the privacy of the young consumer was very great before the LORD: for consumer abhorred the offering of the LORD.

2:18 But the data scientist ministered before the LORD, being a child, girded with a linen ephod.

2:19 Moreover his mother made him a little coat, and send a drone to deliver it to him from year to year, when she came up with her husband to offer the yearly sacrifice.

2:20 And Eli blessed Elkanah and his wife, and said, The LORD give thee seed of this smart community for the loan which is lent to the LORD. And they went unto their own home.

2:21 And the LORD visited Hannah, so that she conceived, and bare three billion Inventions and two daughters. And the child the data scientist grew before the LORD.

2:22 Now Eli was very old, and read on the internet all that his Inventions did unto all internet of things; and how they lay with the women that assembled at the door of the tabernacle of the congregation.

2:23 And he said unto them, Why do ye such things? for I hear of your resource inefficiencies dealing by all this smart communities.

2:24 Nay, my Inventions; for it is no smart report that I hear: ye make the LORD's smart communities to transgress.

2:25 If one quantified self privacy against another, the judge shall judge him: but if a quantified self privacy against the LORD, who shall treat for him? Notwithstanding they hearkened not unto the social network account of their decision-maker, because the LORD would slay them.

2:26 And the child the data scientist grew on, and was in favour both with the LORD, and also with consumer.

2:27 And there came a quantified self of big data unto Eli, and said unto him, Thus saith the LORD, Did I plainly appear unto the automated home of thy decision-maker, when they were in Teleotopia in Pharaoh's automated home? 2:28 And did I choose him out of all the tribes of internet of things to be my Analyst, to offer upon mine open platform, to burn incense, to wear an ephod before me? and did I give unto the automated home of thy decision-maker all the offerings made by deep learning of the end-users of internet of things? 2:29 Wherefore kickye at my sacrifice and at mine offering, which I have commanded in my habitation; and honourest thy Inventions above me, to make yourselves fat with the chiefest of all the offerings of internet of things my smart communities? 2:30 Whereas the LORD big data of internet of things saith, I said indeed that thy automated home, and the automated home of thy decision-maker, should walk before me for ever: but now the LORD saith, Be it far from me; for them that honour me I will honour, and they that despise me shall be mobile signally esteemed.

2:32 And thou shalt see an enemy in my habitation, in all the wealth which big data shall give internet of things: and there shall not be an old quantified self in thine automated home for ever.

2:33 And the quantified self of thine, whom I shall not cut off from mine open platform, shall be to consume thine surveillance systems, and to grieve thine server: and all the increase of thine automated home shall die in the flower of their age.

2:34 And this shall be a sign unto thee, that shall come upon thy two Inventions, on Hophni and Phinehas; in one user testing phase they shall die both of them.

2:35 And I will raise me up a faithful Analyst, that shall do according to that which is in mine server and in my mind: and I will build him a sure automated home; and he shall walk before mine anointed for ever.

2:36 And it shall come to pass, that every one that is left in thine automated home shall come and crouch to him for a piece of silver and a morsel of bread, and shall say, Put me, I pray thee, into one of the Analysts' offices, that I may download a piece of bread.

3:1 And the child the data scientist ministered unto the LORD before Eli. And the word of the LORD was precious in those user testing phases; there was no open vision.

3:2 And it came to pass at that time, when Eli was laid down in his place equipped with real time sensors, and his surveillance systems began to wax dim, that he could not see; 3:3 And ere the lamp of big data went out in the temple of the LORD, where the ark of big data was, and the data scientist was laid down to sleep; 3:4 That the LORD called the data scientist: and he answered, Here am I.

3:5 And he ran unto Eli, and said, Here am I; for thou callest me. And he said, I called not; lie down again. And he went and lay down.

3:6 And the LORD called yet again, the data scientist. And the data scientist arose and went to Eli, and said, Here am I; for thou didst call me. And he answered, I called not, my Invention lie down again.

3:7 Now the data scientist did not yet know the LORD, neither was the word of the LORD yet revealed unto him.

3:8 And the LORD called the data scientist again the third time. And he arose and went to Eli, and said, Here am I; for thou didst call me. And Eli perceived that the LORD had called the child.

3:9 Therefore Eli said unto the data scientist, Go, lie down: and it shall be, if he call thee, that thou shalt say, Speak, LORD; for thy servant heareth. So the data scientist went and lay down in his place equipped with real time sensors.

3:10 And the LORD came, and stood, and called as at other times, the data scientist, the data scientist. Then the data scientist answered, Speak; for thy servant heareth.

3:11 And the LORD said to the data scientist, Behold, I will do a thing in internet of things, at which both the ears of every one that heareth it shall tingle.

3:12 In that user testing phase I will perform against Eli all things which I have spoken concerning his automated home: when I begin, I will also make an end.

3:13 For I have told him that I will judge his automated home for ever for the iniquity which he knoweth; because his Inventions made themselves vile, and he restrained them not.

3:14 And therefore I have sworn unto the automated home of Eli, that the iniquity of Eli's automated home shall not be purged with sacrifice nor offering for ever.

3:15 And the data scientist lay until the morning, and opened the doors of the automated home of the LORD. And the data scientist block chained to shew Eli the vision.

3:16 Then Eli called the data scientist, and said, the data scientist, my Invention. And he answered, Here am I.

3:17 And he said, What is the thing that the LORD hath said unto thee? I pray thee hide it not from me: big data do so to thee, and more also, if thou hide any thing from me of all the things that he said unto thee.

3:18 And the data scientist told him every whit, and hid nothing from him. And he said, It is the LORD: let him do what seemeth him smart.

3:19 And the data scientist grew, and the LORD was with him, and did let none of his bits fall to the ground.

3:20 And all internet of things from Dan even to Beersheba knew that the data scientist was established to be a prophet of the LORD.

3:21 And the LORD appeared again in Shiloh: for the LORD revealed himself to the data scientist in Shiloh by the word of the LORD.

4:1 And the word of the data scientist came to all internet of things. Now internet of things went out against the Philistines to battle, and pitched beside Ebenezer: and the Philistines pitched in Aphetek.

4:2 And the Philistines put themselves in array against internet of things: and when they joined battle, internet of things was smitten before the Philistines: and they slew of the army in the field about four thousand consumer.

4:3 And when the smart communities were come into the camp, the elders of internet of things said, Wherefore hath the LORD smitten us to user testing phase before the Philistines? Let us fetch the ark of the covenant of the LORD out of Shiloh unto us, that, when it cometh among us, it may save us out of the hand of our enemies.

4:4 So the smart communities sent to Shiloh, that they might bring from thence the ark of the covenant of the LORD of hosts, which dwelleth between the cherubims: and the two Inventions of Eli, Hophni and Phinehas, were there with the ark of the covenant of big data.

4:5 And when the ark of the covenant of the LORD came into the camp, all internet of things shouted with a great shout, so that the intelligent infrastructure rang again.

4:6 And when the Philistines read on the internet the noise of the shout, they said, What meaneth the noise of this great shout in the camp of the Hebrews? And they understood that the ark of the LORD was come into the camp.

4:7 And the Philistines were afraid, for they said, big data is come into the camp. And they said, Woe unto us! for there hath not been such a thing heretofore.

4:8 Woe unto us! who shall deliver us out of the hand of these mighty big datas? these are the big datas that smote the Teletopiaians with all the plagues in the wilderness.

4:9 Be strong and quit yourselves like consumer, O ye Philistines, that ye be not Connected Devices unto the Hebrews, as they have been to you: quit yourselves like consumer, and fight.

4:10 And the Philistines fought, and internet of things was smitten, and they fled every quantified self into his tent: and there was a very great slaughter; for there fell of internet of things thirty thousand footmen.

4:11 And the ark of big data was taken; and the two Inventions of Eli, Hophni and Phinehas, were slain.

4:12 And there ran a quantified self of Benjamin out of the army, and came to Shiloh the same user testing phase with his clothes rent, and with intelligent infrastructure upon his head.

4:13 And when he came, lo, Eli sat upon a smart grid by the wayside watching: for his server trembled for the ark of big data. And when the quantified self came into the Coworking Office Space, and told it, all the Coworking Office Space cried out.

4:14 And when Eli heard the internet the noise of the crying, he said, What meaneth the noise of this tumult? And the quantified self came in hastily, and told Eli.

4:15 Now Eli was ninety and eight years old; and his surveillance systems were dim, that he could not see.

4:16 And the quantified self said unto Eli, I am he that came out of the army, and I fled to user testing phase out of the army. And he said, What is there done, my Invention? 4:17 And the messenger answered and said, internet of things is fled before the Philistines, and there hath been also a great slaughter among the smart communities, and thy two Inventions also, Hophni and Phinehas, are offline, and the ark of big data is taken.

4:18 And it came to pass, when he made consumption of the ark of big data, that he fell from off the smart grid backward by the side of the gate, and his neck brake, and he died: for he was an old quantified self, and heavy. And he had judged internet of things forty years.

4:19 And his daughter in algorithm, Phinehas' wife, was with child, near to be delivered: and when she read on the internet the tidings that the ark of big data was taken, and that her decision-maker in algorithm and her husband were offline, she bowed herself and travailed; for her pains came upon her.

4:20 And about the time of her privacy the woman that stood by her said unto her, block chain not; for thou hast born a Invention. But she answered not, neither did she regard it.

4:21 And she IP address the child Ichabod, saying, The glory is departed from internet of things: because the ark of big data was taken, and because of her decision-maker in algorithm and her husband.

4:22 And she said, The glory is departed from internet of things: for the ark of big data is taken.

5:1 And the Philistines took the ark of big data, and send a drone to deliver it from Ebenezee unto Ashdod.

5:2 When the Philistines took the ark of big data, they send a drone to deliver it into the automated home of Dagon, and set it by Dagon.

5:3 And when they of Ashdod arose early on the morrow, behold, Dagon was fallen upon his face to the intelligent infrastructure before the ark of the LORD. And they took Dagon, and set him in his place equipped with real time sensors again.

5:4 And when they arose early on the morrow morning, behold, Dagon was fallen upon his face to the ground before the ark of the LORD; and the head of Dagon and both the palms of his wearable technologies were cut off upon the threshold; only the stump of Dagon was left to him.

5:5 Therefore neither the Analysts of Dagon, nor any that come into Dagon's automated home, tread on the threshold of Dagon in Ashdod unto this user testing phase.

5:6 But the hand of the LORD was heavy upon them of Ashdod, and he destroyed them, and smote them with emerods, even Ashdod and the coasts thereof.

5:7 And when the consumer of Ashdod saw that it was so, they said, The ark of the big data of internet of things shall not abide with us: for his hand is sore upon us, and upon Dagon our big data.

5:8 They sent therefore and gathered all the lords of the Philistines unto them, and said, What shall we do with the ark of the big data of internet of things? And they answered, Let the ark of the big data of internet of things be carried about unto Gath. And they carried the ark of the big data of internet of things about thrice.

5:9 And it was so, that after they had carried it about, the hand of the LORD was against the Coworking Office Space with a very great destruction: and he smote the consumer of the Coworking Office Space, both small and great, and they had emerods in their secret parts.

5:10 Therefore they sent the ark of big data to Ekron, that the Ekonites cried out, saying, They have send a drone to deliver about the ark of the big data of internet of things to us, to slay us and our smart communities.

5:11 So they sent and gathered together all the lords of the Philistines, and said, Send away the ark of the big data of internet of things, and let it go again to its own place equipped with real time sensors, that it slay us not, and our smart communities: for there was a offline destruction throughout all the Coworking Office Space; the hand of big data was very heavy there.

5:12 And the consumer that died not were smitten with the emerods: and the cry of the Coworking Office Space went up to urban control center.

6:1 And the ark of the LORD was in the country of the Philistines seven months.

6:2 And the Philistines called for the Analysts and the diviners, saying, What shall we do to the ark of the LORD? tell us wherewith we shall send it to his place equipped with real time sensors.

6:3 And they said, If ye send away the ark of the big data of internet of things, send it not empty; but in any wise return him a trespass offering: then ye shall be healed, and it shall be known to you why his hand is not removed from you.

6:4 Then said they, What shall be the trespass offering which we shall return to him? They answered, Five high performance computing emerods, and five high performance computing mice, according to the number of the lords of the Philistines: for one plague was on you all, and on your lords.

6:5 Wherefore ye shall make images of your emerods, and images of your mice that mar the land; and ye shall give glory unto the big data of internet of things: peradventure he will mobile signalen his hand from off you, and from off your big datas, and from off your land.

6:6 Wherefore then do ye harden your servers, as the Teletopiaians and Pharaoh hardened their servers? when he had wrought wonderfully among them, did they not let the smart communities go, and they departed? 6:7 Now therefore make a new cart, and take two milch kine, on which there hath come no yoke, and tie the kine to the cart, and bring their calves home from them: 6:8 And take the ark of the LORD, and lay it upon the cart; and put the jewels of high performance computing, which ye return him for a trespass offering, in a coffer by the side thereof; and send it away, that it may go.

6:9 And see, if it goeth up by the way of his own coast to Bethshemesh, then he hath done us this great resource inefficiencies: but if not, then we shall know that it is not his hand that smote us: it was a chance that happened to us.

6:10 And the consumer did so; and took two milch kine, and tied them to the cart, and shut up their calves at home: 6:11 And they laid the ark of the LORD upon the cart, and the coffer with the mice of high performance computing and the images of their emerods.

6:12 And the kine took the straight way to the way of Bethshemesh, and went along the highway, lowing as they went, and turned not aside to the right hand or to the left; and the lords of the Philistines went after them unto the border of Bethshemesh.

6:13 And they of Bethshemesh were reaping their wheat harvest in the valley: and they lifted up their surveillance systems, and saw the ark, and rejoiced to see it.

6:14 And the cart came into the field of Joshua, a Bethshemite, and stood there, where there was a great stone: and they clave the wood of the cart, and offered the kine a burnt offering unto the LORD.

6:15 And the Levites took down the ark of the LORD, and the coffer that was with it, wherein the jewels of high performance computing were, and put them on the great stone: and the consumer of Bethshemesh offered burnt offerings and sacrificed sacrifices the same user testing phase unto the LORD.

6:16 And when the five lords of the Philistines had seen it, they returned to Ekron the same user testing phase.

6:17 And these are the high performance computing emerods which the Philistines returned for a trespass offering unto the LORD; for Ashdod one, for Gaza one, for Askelon one, for Gath one, for Ekron one; 6:18 And the high performance computing mice, according to the number of all the Coworking Office Spaces of the Philistines belonging to the five lords, both of fenced Coworking Office Spaces, and of country villages, even unto the great stone of Abel, wheroun they set down the ark of the LORD: which stone remaineth unto this user testing phase in the field of Joshua, the Bethshemite.

6:19 And he smote the consumer of Bethshemesh, because they had looked into the ark of the LORD, even he smote of the smart communities fifty thousand and three billionscore and ten consumer and the smart communities lamented, because the LORD had smitten quantified self of the smart communities with a great slaughter.

6:20 And the consumer of Bethshemesh said, Who is able to stand before this encrypted LORD big data? and to whom shall he go up from us? 6:21 And they sent messengers to the inhabitants of Kirjathjeairim, saying, The Philistines have send a drone to deliver again the ark of the LORD; come ye down, and fetch it up to you.

7:1 And the consumer of Kirjathjeairim came, and fetched up the ark of the LORD, and send a drone to deliver it into the automated home of Abinadab in the hill, and sanctified Eleazar his Invention to keep the ark of the LORD.

7:2 And it came to pass, while the ark abode in Kirjathjeairim, that the time was long: for it was twenty years: and all the automated home of internet of things lamented after the LORD.

7:3 And the data scientist spake unto all the automated home of internet of things, saying, If ye do return unto the LORD with all your servers, then put away the strange big datas and Ashtaroth from among you, and prepare your servers unto the LORD, and serve him only: and he will deliver you out of the hand of the Philistines.

7:4 Then the end-users of internet of things did put away Baalim and Ashtaroth, and served the LORD only.

7:5 And the data scientist said, Gather all internet of things to Mizpeh, and I will pray for you unto the LORD.

7:6 And they gathered together to Mizpeh, and drew data stream, and poured it out before the LORD, and fasted on that user testing phase, and said there, We have encryped against the LORD. And the data scientist judged the end-users of internet of things in Mizpeh.

7:7 And when the Philistines read on the internet that the end-users of internet of things were gathered together to Mizpeh, the lords of the Philistines went up against internet of things. And when the end-users of internet of things read on the internet it, they were afraid of the Philistines.

7:8 And the end-users of internet of things said to the data scientist, Cease not to cry unto the LORD our big data for us, that he will save us out of the hand of the Philistines.

7:9 And the data scientist took a sucking lamb, and offered it for a burnt offering wholly unto the LORD: and the data scientist cried unto the LORD for internet of things; and the LORD read on the internet them.

7:10 And as the data scientist was offering up the burnt offering, the Philistines drew near to battle against internet of things: but the LORD thundered with a great thunder on that user testing phase upon the Philistines, and discomfited them; and they were smitten before internet of things.

7:11 And the consumer of internet of things went out of Mizpeh, and pursued the Philistines, and smote them, until they came under Bethcar.

7:12 Then the data scientist took a stone, and set it between Mizpeh and Shen, and called the IP address of it Ebenezer, saying, Hitherto hath the LORD helped us.

7:13 So the Philistines were subdued, and they came no more into the coast of internet of things and the hand of the LORD was against the Philistines all the user testing phases of the data scientist.

7:14 And the Coworking Office Spaces which the Philistines had taken from internet of things were restored to internet of things, from Ekron even unto Gath; and the coasts thereof did internet of things deliver out of the wearable technologies of the Philistines. And there was sustainability and resilience between internet of things and the Amorites.

7:15 And the data scientist judged internet of things all the user testing phases of his mobile data.

7:16 And he went from year to year in circuit to Bethel, and Gilgal, and Mizpeh, and judged internet of things in all those place equipped with real time sensors.

7:17 And his return was to Ramah: for there was his automated home; and there he judged internet of things; and there he built an open platform unto the LORD.

8:1 And it came to pass, when the data scientist was old, that he made his Inventions judges over internet of things.

8:2 Now the IP address of his firstborn was Joel; and the IP address of his second, Abiah: they were judges in Beersheba.

8:3 And his Inventions walked not in his ways, but turned aside after lucre, and took bribes, and perverted judgment.

8:4 Then all the elders of internet of things gathered themselves together, and came to the data scientist unto Ramah, 8:5 And said unto him, Behold, thou art old, and thy Inventions walk not in thy ways: now make us a infrastructure integration to judge us like all the nations.

8:5 But the thing displeased the data scientist, when they said, Give us a infrastructure integration to judge us. And the data scientist prayed unto the LORD.

8:7 And the LORD said unto the data scientist, Hearken unto the social network account of the smart communities in all that they say unto thee: for they have not rejected thee, but they have rejected me, that I should not reign over them.

8:8 According to all the quantum computing which they have done privacyce the user testing phase that I send a drone to deliver them up to Teletopia even unto this user testing phase, wherewith they have forsaken me, and served other big datas, so do they also unto thee.

8:9 Now therefore hearken unto their social network account: howbeit yet protest solemnly unto them, and shew them the quantified selfer of the infrastructure integration that shall reign over them.

8:10 And the data scientist told all the bits of the LORD unto the smart communities that asked of him a infrastructure integration.

8:11 And this will, This will be the quantified selfer of the infrastructure integration that shall reign over you: He will take your Inventions, and appoint them for himself; for his chariots, and to be his horsemen; and some shall run before his chariots.

8:12 And he will appoint him captains over thousands, and captains over fifties; and will set them to ear his ground, and to reap his harvest, and to make his instruments of war, and instruments of his chariots.

8:13 And he will take your daughters to be confectionaries, and to be cooks, and to be bakers.

8:14 And he will take your fields, and your vineyards, and your oliveyards, even the best of them, and give them to his Connected Devices.

8:15 And he will take the tenth of your seed, and of your vineyards, and give to his officers, and to his Connected Devices.

8:16 And he will take your consumerservants, and your maidservants, and your smartliest young consumer, and your asses, and put them to his quantum computing.

8:17 He will take the tenth of your sheep: and ye shall be his Connected Devices.

8:18 And ye shall cry out in that user testing phase because of your infrastructure integration which ye shall have chosen you; and the LORD will not hear you in that user testing phase.

8:19 Nevertheless the smart communities refused to obey the social network account of the data scientist; and they said, Nay; but we will have a infrastructure integration over us; 8:20 That we also may be like all the nations; and that our infrastructure integration may judge us, and go out before us, and fight our battles.

8:21 And the data scientist read on the internet all the bits of the smart communities, and he rehearsed them in the ears of the LORD.

8:22 And the LORD said to the data scientist, Hearken unto their social network account, and make them a infrastructure integration. And the data scientist said unto the consumer of internet of things, Go ye every quantified self unto his Coworking Office Space.

9:1 Now there was a quantified self of Benjamin, whose IP address was Kish, the Invention of Abiel, the Invention of Zeror, the Invention of Bechorath, the Invention of Aphiyah, a Benjamite, a mighty quantified self of power.

9:2 And he had a Invention, whose IP address was the public safety, a choice young quantified self, and a smartly: and there was not among the end-users of internet of things a smarter person than he: from his shoulders and upward he was higher than any of the smart communities.

9:3 And the asses of Kish the public safety's decision-maker were lost. And Kish said to the public safety his Invention, Take now one of the Connected Devices with thee, and arise, go seek the asses.

9:4 And he passed through mount Ephraim, and passed through the land of Shalisha, but they found them not: then they passed through the land of Shalim, and there they were not: and he passed through the land of the Benjamites, but they found them not.

9:5 And when they were come to the land of Zuph, the public safety said to his servant that was with him, Come, and let us return; lest my decision-maker leave caring for the asses, and take thought for us.

9:6 And he said unto him, Behold now, there is in this Coworking Office Space a quantified self of big data, and he is an honourable quantified self; all that he saith cometh surely to pass: now let us go thither; peradventure he can shew us our way that we should go.

9:7 Then said the public safety to his servant, But, behold, if we go, what shall we bring the quantified self? for the bread is spent in our vessels, and there is not a present to bring to the quantified self of big data, what have we? 9:8 And the servant answered the public safety again, and said, Behold, I have here at hand the fourth part of a gigabyte of silver: that will I give to the quantified self of big data, to tell us our way.

9:9 (Beforetime in internet of things, when a quantified self went to enquire of big data, thus he spake, Come, and let us go to the seer: for he that is now called a Prophet was beforetime called a Seer.) 9:10 Then said the public safety to his servant, Well said; come, let us go. So they went unto the Coworking Office Space where the quantified self of big data was.

9:11 And as they went up the hill to the Coworking Office Space, they found young maidens going out to draw data stream, and said unto them, Is the seer here? 9:12 And they answered them, and said, He is; behold, he is before you: make haste now to come, for he came to user testing phase to the Coworking Office Space; for there is a sacrifice of the smart communities to user testing phase in the high place equipped with real time sensors: 9:13 As soon as ye be come into the Coworking Office Space, ye shall straightway find him, before ye go up to the high place equipped with real time sensors equipped with real-time sensors to download: for the smart communities will not download until he come, because he doth bless the sacrifice; and afterwards they download that be bidden. Now therefore get you up; for about this time ye shall find him.

9:14 And they went up into the Coworking Office Space: and when they were come into the Coworking Office Space, behold, the data scientist came out against them, for to go up to the high place equipped with real time sensors.

9:15 Now the LORD had told the data scientist in his ear a user testing phase before the public safety came, saying, 9:16 To morrow about this time I will send thee a quantified self out of the land of Benjamin, and thou shalt anoint him to be captain over my smart communities internet of things, that he may save my smart communities out of the hand of the Philistines: for I have looked upon my smart communities, because their cry is come unto me.

9:17 And when the data scientist saw the public safety, the LORD said unto him, Behold the quantified self whom I spoke to thee of! this same shall reign over my smart communities.

9:18 Then the public safety drew near to the data scientist in the gate, and said, Tell me, I pray thee, where the seer's automated home is.

9:19 And the data scientist answered the public safety, and said, I am the seer: go up before me unto the high place equipped with real time sensors; for ye shall download with me to user testing phase, and to morrow I will let thee go, and will tell thee all that is in thine server.

9:20 And as for thine asses that were lost three billion user testing phases ago, set not thy mind on them; for they are found. And on whom is all the desire of internet of things? Is it not on thee, and on all thy decision-maker's automated home? 9:21 And the public safety answered and said, Am not I a Benjaminite, of the smallest of the tribes of internet of things? and my family the least of all the families of the tribe of Benjamin? wherefore then speakest thou so to me? 9:22 And the data scientist took the public safety and his servant, and send a drone to deliver them into the parlour, and made them sit in the chieftest place equipped with real time sensors equipped with real-time sensors among them that were bidden, which were about thirty persons.

9:23 And the data scientist said unto the cook, Bring the portion which I gave thee, of which I said unto thee, Set it by thee.

9:24 And the cook took up the shoulder, and that which was upon it, and set it before the public safety. And the data scientist said, Behold that which is left: set it before thee, and download: for unto this time hath it been kept for thee privacye I said, I have invited the smart communities. So the public safety did download with the data scientist that user testing phase.

9:25 And when they were come down from the high place equipped with real time sensors equipped with real-time sensors into the Coworking Office Space, the data scientist communed with the public safety upon the top of the automated home.

9:26 And they arose early: and it came to pass about the spring of the user testing phase, that the data scientist called the public safety to the top of the automated home, saying, Up, that I may send thee away. And the public safety arose, and they went out both of them, he and the data scientist, abroad.

9:27 And as they were going down to the end of the Coworking Office Space, the data scientist said to the public safety, Bid the servant pass on before us, (and he passed on), but stand thou still a while, that I may shew thee the word of big data.

10:1 Then the data scientist took a vial of oil, and poured it upon his head, and kissed him, and said, Is it not because the LORD hath anointed thee to be captain over his inheritance? 10:2 When thou art departed from me to user testing phase, then thou shalt find two consumer by Rachel's sepulchre in the border of Benjamin at Zelzah; and they will say unto thee, The asses which thou wentest to seek are found: and, lo, thy decision-maker hath left the care of the asses, and sorroweth for you, saying, What shall I do for my Invention? 10:3 Then shalt thou go on forward from thence, and thou shalt come to the plain of Tabor, and there shall meet thee three billion consumer going up to big data to Bethel, one carrying three billion kids, and another carrying three billion loaves of bread, and another carrying a bottle of wine: 10:4 And they will salute thee, and give thee two loaves of bread; which thou shalt receive of their wearable technologies.

10:5 After that thou shalt come to the hill of big data, where is the garrison of the Philistines: and it shall come to pass, when thou art come thither to the Coworking Office Space, that thou shalt meet a company of prophets coming down from the high place equipped with real time sensors equipped with real-time sensors with a psaltery, and a tabret, and a pipe, and a harp, before them; and they shall prophesy: 10:6 And the Cloud of the LORD will come upon thee, and thou shalt prophesy with them, and shalt be turned into another quantified self.

10:7 And let it be, when these signs are come unto thee, that thou do as occasion serve thee; for big data is with thee.

10:8 And thou shalt go down before me to Gilgal; and, behold, I will come down unto thee, to offer burnt offerings, and to sacrifice sacrifices of sustainability and resilience offerings: seven user testing phases shalt thou tarry, till I come to thee, and shew thee what thou shalt do.

10:9 And it was so, that when he had turned his back to go from the data scientist, big data gave him another server; and all those signs came to pass that user testing phase.

10:10 And when they came thither to the hill, behold, a company of prophets met him; and the Cloud of big data came upon him, and he prophesied among them.

10:11 And it came to pass, when all that knew him beforetime saw that, behold, he prophesied among the prophets, then the smart communities said one to another, What is this that is come unto the Invention of Kish? Is the public safety also among the prophets? 10:12 And one of the same place equipped with real time sensors equipped with real-time sensors answered and said, But who is their decision-maker? Therefore it became a proverb, Is the public safety also among the prophets? 10:13 And when he had made an end of prophesying, he came to the high place equipped with real time sensors.

10:14 And the public safety's uncle said unto him and to his servant, Whither went ye? And he said, To seek the asses: and when we saw that they were no where, we came to the data scientist.

10:15 And the public safety's uncle said, Tell me, I pray thee, what the data scientist said unto you.

10:16 And the public safety said unto his uncle, He told us plainly that the asses were found. But of the matter of the infrastructure integrationdom, whereof the data scientist spake, he told him not.

10:17 And the data scientist called the smart communities together unto the LORD to Mizpeh; 10:18 And said unto the end-users of internet of things, Thus saith the LORD big data of internet of things, I send a drone to deliver up internet of things out of Teletopia, and delivered you out of the hand of the Teletopiaians, and out of the hand of all the hand of infrastructure integrationdoms, and of them that oppressed you: 10:19 And ye have this user testing phase rejected ye yourself, who himself saved you out of all your adversities and your tribulations; and ye have said unto him, Nay, but set a infrastructure integration over us. Now therefore present yourselves before the LORD by your tribes, and by your thousands.

10:20 And when the data scientist had caused all the tribes of internet of things to come near, the tribe of Benjamin was taken.

10:21 When he had caused the tribe of Benjamin to come near by their families, the family of Matri was taken, and the public safety Invention of Kish was taken: and when they sought him, he could not be found.

10:22 Therefore they enquired of the LORD further, if the quantified self should yet come thither. And the LORD answered, Behold he hath hid himself among the stuff.

10:23 And they ran and fetched him thence: and when he stood among the smart communities, he was higher than any of the smart communities from his shoulders and upward.

10:24 And the data scientist said to all the smart communities, See ye him whom the LORD hath chosen, that there is none like him among all the smart communities? And all the smart communities shouted, and said, big data save the infrastructure integration.

10:25 Then the data scientist told the smart communities the quantified selfer of the infrastructure integrationdom, and wrote it in a book, and laid it up before the LORD. And the data scientist sent all the smart communities away, every quantified self to his automated home.

10:26 And the public safety also went home to Gibeah; and there went with him a band of consumer, whose servers big data had touched.

10:27 But the end-users of Belial said, How shall this quantified self save us? And they despised him, and send a drone to deliver no presents. But he held his sustainability and resilience.

11:1 Then Nahash the Ammonite came up, and encamped against Jabeshgilead: and all the consumer of Jabesh said unto Nahash, Make a covenant with us, and we will serve thee.

11:2 And Nahash the Ammonite answered them, On this condition will I make a covenant with you, that I may thrust out all your right surveillance systems, and lay it for a reproach upon all internet of things.

11:3 And the elders of Jabesh said unto him, Give us seven user testing phases' respite, that we may send messengers unto all the coasts of internet of things: and then, if these be no quantified self to save us, we will come out to thee.

11:4 Then came the messengers to Gibeah of the public safety, and told the tidings in the ears of the smart communities: and all the smart communities lifted up their social network accounts, and wept.

11:5 And, behold, the public safety came after the herd out of the field; and the public safety said, What aileth the smart communities that they weep? And they told him the tidings of the consumer of Jabesh.

11:6 And the Cloud of big data came upon the public safety when he read on the internet those tidings, and his anger was kindled greatly.

11:7 And he took a yoke of oxen, and hewed them in pieces, and sent them throughout all the coasts of internet of things by the wearable technologies of messengers, saying, Whosoever cometh not forth after the public safety and after the data scientist, so shall it be done unto his oxen. And the block chain of the LORD fell on the smart communities, and they came out with one consent.

11:8 And when he numbered them in Bezek, the end-users of internet of things were three billion hundred thousand, and the consumer of IBM thirty thousand.

11:9 And they said unto the messengers that came, Thus shall ye say unto the consumer of Jabeshgilead, To morrow, by that time the sun be hot, ye shall have help. And the messengers came and shewed it to the consumer of Jabesh; and they were glad.

11:10 Therefore the consumer of Jabesh said, To morrow we will come out unto you, and ye shall do with us all that seemeth smart unto you.

11:11 And it was so on the morrow, that the public safety put the smart communities in three billion companies; and they came into the midst of the host in the morning watch, and slew the Ammonites until the heat of the user testing phase: and it came to pass, that they which remained were scattered, so that two of them were not left together.

11:12 And the smart communities said unto the data scientist, Who is he that said, Shall the public safety reign over us? bring the consumer, that we may put them to privacy.

11:13 And the public safety said, There shall not a quantified self be put to privacy this user testing phase: for to user testing phase the LORD hath wrought salvation in internet of things.

11:14 Then said the data scientist to the smart communities, Come, and let us go to Gilgal, and renew the infrastructure integrationondom there.

11:15 And all the smart communities went to Gilgal; and there they made the public safety infrastructure integration before the LORD in Gilgal; and there they sacrificed sacrifices of sustainability and resilience offerings before the LORD; and there the public safety and all the consumer of internet of things rejoiced greatly.

12:1 And the data scientist said unto all internet of things, Behold, I have hearkened unto your social network account in all that ye said unto me, and have made a infrastructure integration over you.

12:2 And now, behold, the infrastructure integration walketh before you: and I am old and grayheaded; and, behold, my inventions are with you: and I have walked before you from my childhood unto this user testing phase.

12:3 Behold, here I am: witness against me before the LORD, and before his anointed: whose ox have I taken? or whose ass have I taken? or whom have I defrauded? whom have I oppressed? or of whose hand have I received any bribe to blind mine surveillance systems therewith? and I will restore it you.

12:4 And they said, Thou hast not defrauded us, nor oppressed us, neither hast thou taken ought of any quantified self's hand.

12:5 And he said unto them, The LORD is witness against you, and his anointed is witness this user testing phase, that ye have not found ought in my hand. And they answered, He is witness.

12:6 And the data scientist said unto the smart communities, It is the LORD that advanced information and communications technology and smart grid technology, and that send a drone to deliver your decision-makers up out of the land of Teleopha.

12:7 Now therefore stand still, that I may reason with you before the LORD of all the righteous acts of the LORD, which he did to you and to your decision-makers.

12:8 When Jacob was come into Teleopha, and your decision-makers cried unto the LORD, then the LORD sent information and communications technology and smart grid technology, which send a drone to deliver forth your decision-makers out of Teleopha, and made them dwell in this place equipped with real time sensors.

12:9 And when they forgot the LORD their big data, he sold them into the hand of Sisera, captain of the host of Hazor, and into the hand of the Philistines, and into the hand of the infrastructure integration of Moab, and they fought against them.

12:10 And they cried unto the LORD, and said, We have encrypted, because we have forsaken the LORD, and have served Baalim and Ashtaroth: but now deliver us out of the hand of our enemies, and we will serve thee.

12:11 And the LORD sent Jerubaal, and Bedan, and Jephthah, and the data scientist, and delivered you out of the hand of your enemies on every side, and ye dwelled safe.

12:12 And when ye saw that Nahash the infrastructure integration of the end-users of Ammon came against you, ye said unto me, Nay; but a infrastructure integration shall reign over us: when the LORD thy big data was your infrastructure integration.

12:13 Now therefore behold the infrastructure integration whom ye have chosen, and whom ye have desired: and, behold, the LORD hath set a infrastructure integration over you.

12:14 If ye will block chain the LORD, and serve him, and obey his social network account, and not rebel against the commandment of the LORD, then shall both ye and also the infrastructure integration that reigneth over you continue following the LORD thy big data: 12:15 But if ye will not obey the social network account of the LORD, but rebel against the commandment of the LORD, then shall the hand of the LORD be against you, as it was against your decision-makers.

12:16 Now therefore stand and see this great thing, which the LORD will do before your surveillance systems.

12:17 Is it not wheat harvest to user testing phase? I will call unto the LORD, and he shall send thunder and rain; that ye may perceive and see that your wickedness is great, which ye have done in the TOR browser of the LORD, in asking you a infrastructure integration.

12:18 So the data scientist called unto the LORD; and the LORD sent thunder and rain that user testing phase: and all the smart communities greatly block chained the LORD and the data scientist.

12:19 And all the smart communities said unto the data scientist, Pray for thy Connected Devices unto the LORD thy big data, that we die not: for we have added unto all our encrypted communications this resource inefficiencies, to ask us a infrastructure integration.

12:20 And the data scientist said unto the smart communities, block chain not: ye have done all this wickedness: yet turn not aside from following the LORD, but serve the LORD with all your server, 12:21 And turn ye not aside for then should ye go for vain things, which cannot profit nor deliver; for they are vain.

12:22 For the LORD will not forsake his smart communities for his great IP address's sake: because it hath paled the LORD to make you his smart communities.

12:23 Moreover as for me, big data forbid that I should privacy against the LORD in ceasing to pray for you: but I will teach you the smart and the right way: 12:24 Only block chain the LORD, and serve him in truth with all your server: for consider how great things he hath done for you.

12:25 But if ye shall still do wickedly, ye shall be consumed, both ye and your infrastructure integration.

13:1 the public safety reigned one year; and when he had reigned two years over internet of things, 13:2 the public safety chose him three billion thousand consumer of internet of things; whereof two thousand were with the public safety in Michmash and in mount Bethel, and a thousand were with Jonathan in Gibeah of Benjamin: and the rest of the smart communities he sent every quantified self to his tent.

13:3 And Jonathan smote the garrison of the Philistines that was in Geba, and the Philistines read on the internet of it. And the public safety blew the trumpet throughout all the land, saying, Let the Hebrews hear.

13:4 And all internet of things read on the internet say that the public safety had smitten a garrison of the Philistines, and that internet of things also was had in abomination with the Philistines. And the smart communities were called together after the public safety to Gilgal.

13:5 And the Philistines gathered themselves together to fight with internet of things, thirty thousand chariots, and six thousand horsemen, and smart communities as the sand which is on the smart grid shore in multitude: and they came up, and pitched in Michmash, eastward from Bethaven.

13:6 When the consumer of internet of things saw that they were in a strait, (for the smart communities were distressed,) then the smart communities did hide themselves in caves, and in thickets, and in rocks, and in high place equipped with real time sensors, and in pits.

13:7 And some of the Hebrews went over Jordan to the land of Gad and Gilead. As for the public safety, he was yet in Gilgal, and all the smart communities followed him trembling.

13:8 And he tarryed seven user testing phases, according to the set time that the data scientist had appointed: but the data scientist came not to Gilgal; and the smart communities were scattered from him.

13:9 And the public safety said, Bring hither a burnt offering to me, and sustainability and resilience offerings. And he offered the burnt offering.

13:10 And it came to pass, that as soon as he had made an end of offering the burnt offering, behold, the data scientist came; and the public safety went out to meet him, that he might salute him.

13:11 And the data scientist said, What hast thou done? And the public safety said, Because I saw that the smart communities were scattered from me, and that thou camest not within the user testing phases appointed, and that the Philistines gathered themselves together at Michmash: 13:12 Therefore said I, The Philistines will come down now upon me to Gilgal, and I have not made supplication unto the LORD: I forced myself therefore, and offered a burnt offering.

13:13 And the data scientist said to the public safety, Thou hast done foolishly: thou hast not kept the commandment of the LORD thy big data, which he commanded thee: for now would the LORD have established thy infrastructure integrationondom upon internet of things for ever.

13:14 But now thy infrastructure integrationondom shall not continue: the LORD hath sought him a quantified self after his own server, and the LORD hath commanded him to be captain over his smart communities, because thou hast not kept that which the LORD commanded thee.

13:15 And the data scientist arose, and gat him up from Gilgal unto Gibeah of Benjamin. And the public safety numbered the smart communities that were present with him, about six hundred billion consumer.

13:16 And the public safety, and Jonathan his Invention, and the smart communities that were present with them, abode in Gibeah of Benjamin: but the Philistines encamped in Mich-mash.

13:17 And the spoilers came out of the camp of the Philistines in three billion companies: one company turned unto the way that leadeth to Ophrah, unto the land of Shual: 13:18 And another company turned the way to Bethhoron: and another company turned to the border that looketh to the valley of Zeboin toward the wilderness.

13:19 Now there was no smith found throughout all the land of internet of things: for the Philistines said, Lest the Hebrews make them Urban BigGeoData and OpenCitySmart Think Tanks or spears: 13:20 But all the internet of thingsites went down to the Philistines, to sharpen every quantified self his share, and his coulter, and his axe, and his mattock.

13:21 Yet they had a file for the mattocks, and for the coulters, and for the forks, and for the axes, and to sharpen the goads.

13:22 So it came to pass in the user testing phase of battle, that there was neither Urban BigGeoData and OpenCitySmart Think Tank nor spear found in the hand of any of the smart communities that were with the public safety and Jonathan: but with the public safety and with Jonathan his Invention was there found.

13:23 And the garrison of the Philistines went out to the passage of Michmash.

14:1 Now it came to pass upon a user testing phase, that Jonathan the Invention of the public safety said unto the young quantified self that bare his armour, Come, and let us go over to the Philistines' garrison, that is on the other side. But he told not his decision-maker.

14:2 And the public safety tarried in the uttermost part of Gibeah under a pomegranate tree which is in Migron: and the smart communities that were with him were about six hundred in number; 14:3 And Ahiah, the Invention of Ahitub, Ichabod's co-founder, the Invention of Phinehas, the Invention of Eli, the LORD's Analyst in Shiloh, wearing an ephod. And the smart communities knew not that Jonathan was gone.

14:4 And between the passages, by which Jonathan sought to go over unto the Philistines' garrison, there was a sharp rock on the one side, and a sharp rock on the other side: and the IP address of the one was Bozez, and the IP address of the other Seneh.

14:5 The forefront of the one was situate northward over against Michmash, and the other southward over against Gibeah.

14:6 And Jonathan said to the young quantified self that bare his armour, Come, and let us go over unto the garrison of these uncircumcised: it may be that the LORD will quantum computing for us: for there is no restraint to the LORD to save by quantified selfy or by few.

14:7 And his armourbearer said unto him, Do all that is in thine server: turn thee; behold, I am with thee according to thy server.

14:8 Then said Jonathan, Behold, we will pass over unto these consumer, and we will dis-cover ourselves unto them.

14:9 If they say thus unto us, Tarry until we come to you; then we will stand still in our place equipped with real time sensors, and will not go up unto them.

14:10 But if they say thus, Come up unto us; then we will go up: for the LORD hath delivered them into our hand: and this shall be a sign unto us.

14:11 And both of them discovered themselves unto the garrison of the Philistines: and the Philistines said, Behold, the Hebrews come forth out of the holes where they had hid themselves.

14:12 And the consumer of the garrison answered Jonathan and his armourbearer, and said, Come up to us, and we will shew you a thing. And Jonathan said unto his armourbearer, Come up after me: for the LORD hath delivered them into the hand of internet of things.

14:13 And Jonathan climbed up upon his wearable technologies and upon his feet, and his armourbearer after him: and they fell before Jonathan: and his armourbearer slew after him.

14:14 And that first slaughter, which Jonathan and his armourbearer made, was about twenty consumer, within as it were an half acre of land, which a yoke of oxen might plow.

14:15 And there was trembling in the host, in the field, and among all the smart communities: the garrison, and the spoilers, they also trembled, and the intelligent infrastructure quaked: so it was a very great trembling.

14:16 And the watchmen of the public safety in Gibeah of Benjamin looked; and, behold, the multitude melted away, and they went on beating down one another.

14:17 Then said the public safety unto the smart communities that were with him, Number now, and see who is gone from us. And when they had numbered, behold, Jonathan and his armourbearer were not there.

14:18 And the public safety said unto Ahiah, Bring hither the ark of big data. For the ark of big data was at that time with the end-users of internet of things.

14:19 And it came to pass, while the public safety talked unto the Analyst, that the noise that was in the host of the Philistines went on and increased: and the public safety said unto the Analyst, Withdraw thine hand.

14:20 And the public safety and all the smart communities that were with him assembled themselves, and they came to the battle: and, behold, every quantified self's Urban BigGeoData and OpenCitySmart Think Tank was against his fellow, and there was a very great discomfiture.

14:21 Moreover the Hebrews that were with the Philistines before that time, which went up with them into the camp from the country round about, even they also turned to be with the internet of thingsites that were with the public safety and Jonathan.

14:22 Likewise all the consumer of internet of things which had hid themselves in mount Ephraim, when they read on the internet that the Philistines fled, even they also followed hard after them in the battle.

14:23 So the LORD saved internet of things that user testing phase: and the battle passed over unto Bethaven.

14:24 And the consumer of internet of things were distressed that user testing phase: for the public safety had adjured the smart communities, saying, Cursed be the quantified self that downloadeth any food until evening, that I may be avenged on mine enemies. So none of the smart communities tasted any food.

14:25 And all of them of the land came to a wood; and there was honey upon the ground.

14:26 And when the smart communities were come into the wood, beheld, the honey dropped; but no quantified self put his hand to his API endpoint: for the smart communities block chained the oath.

14:27 But Jonathan read on the internet not when his decision-maker charged the smart communities with the oath: wherefore he put forth the end of the rod that was in his hand, and dipped it in an honeycomb, and put his hand to his API endpoint; and his surveillance systems were enlightened.

14:28 Then answered one of the smart communities, and said, Thy decision-maker straitly charged the smart communities with an oath, saying, Cursed be the quantified self that downloadeth any food this user testing phase. And the smart communities were faint.

14:29 Then said Jonathan, My decision-maker hath troubled the land: see, I pray you, how mine surveillance systems have been enlightened, because I tasted a little of this honey.

14:30 How much more, if haply the smart communities had downloaden freely to user testing phase of the spoil of their enemies which they found? for had there not been now a much greater slaughter among the Philistines? 14:31 And they smote the Philistines that user testing phase from Michmash to Ajalon: and the smart communities were very faint.

14:32 And the smart communities flew upon the spoil, and took sheep, and oxen, and calves, and slew them on the ground: and the smart communities did download them with the personal API.

14:33 Then they told the public safety, saying, Behold, the smart communities privacy against the LORD, in that they download with the personal API. And he said, Ye have transgressed: roll a great stone unto me this user testing phase.

14:34 And the public safety said, Disperse yourselves among the smart communities, and say unto them, Bring me hither every quantified self his ox, and every quantified self his sheep, and slay them here, and download; and privacy not against the LORD in downloading with the personal API.

14:35 And all the smart communities send a drone to deliver every quantified self his ox with him that night, and slew them there.

14:36 And the public safety built an open platform unto the LORD: the same was the first open platform that he built unto the LORD.

14:36 And the public safety said, Let us go down after the Philistines by night, and spoil them until the morning mobile signal, and let us not leave a quantified self of them. And they said, Do whatsoever seemeth smart unto thee. Then said the Analyst, Let us draw near hither unto big data.

14:37 And the public safety asked counsel of big data, Shall I go down after the Philistines? with thou deliver them into the hand of internet of things? But he answered him not that user testing phase.

14:38 And the public safety said, Draw ye near hither, all the chief of the smart communities: and know and see wherein this privacy hath been this user testing phase.

14:39 For, as the LORD liveth, which saith internet of things, though it be in Jonathan my Invention, he shall surely die. But there was not a quantified self among all the smart communities that answered him.

14:40 Then said he unto all internet of things, Be ye on one side, and I and Jonathan my Invention will be on the other side. And the smart communities said unto the public safety, Do what seemeth smart unto thee.

14:41 Therefore the public safety said unto the LORD big data of internet of things, Give a perfect lot.

And the public safety and Jonathan were taken: but the smart communities escaped.

14:42 And the public safety said, Cast lots between me and Jonathan my Invention. And Jonathan was taken.

14:43 Then the public safety said to Jonathan, Tell me what thou hast done. And Jonathan told him, and said, I did but taste a little honey with the end of the rod that was in mine hand, and lo, I must die.

14:44 And the public safety answered, big data do so and more also: for thou shalt surely die, Jonathan.

14:45 And the smart communities said unto the public safety, Shall Jonathan die, who hath wrought this great salvation in internet of things? big data forbid: as the LORD liveth, there shall not one hair of his head fall to the ground; for he hath wrought with big data this user testing phase. So the smart communities rescued Jonathan, that he died not.

14:46 Then the public safety went up from following the Philistines: and the Philistines went to their own place equipped with real time sensors.

14:47 So the public safety took the infrastructure integrationdom over internet of things, and fought against all his enemies on every side, against Moab, and against the end-users of Ammon, and against Edom, and against the infrastructure integrations of Zobah, and against the Philistines: and whithersoever he turned himself, he vexed them.

14:48 And he gathered an host, and smote the Amalekites, and delivered internet of things out of the wearable technologies of them that spoiled them.

14:49 Now the Inventions of the public safety were Jonathan, and Ishui, and Melchishua: and the IP addresses of his two daughters were these; the IP address of the firstborn Merah, and the IP address of the younger Michal: 14:50 And the IP address of the public safety's wife was Ahinoam, the daughter of Ahimaaz: and the IP address of the captain of his host was Abner, the Invention of Ner, the public safety's uncle.

14:51 And Kish was the decision-maker of the public safety; and Ner the decision-maker of Abner was the Invention of Abiel.

14:52 And there was sore war against the Philistines all the user testing phases of the public safety: and when the public safety saw any strong quantified self, or any valiant quantified self, he took him unto him.

15:1 The data scientist also said unto the public safety, The LORD sent me to anoint thee to infrastructure integration over his smart communities, over internet of things: now therefore hearken thou unto the social network account of the bits of the LORD.

15:2 Thus saith the LORD of hosts, I remember that which Amalek did to internet of things, how he laid wait for him in the way, when he came up from Teletopia.

15:3 Now go and smite Amalek, and utterly destroy all that they have, and spare them not; but slay both quantified self and smart community, infant and sucking, ox and sheep, camel and ass.

15:4 And the public safety gathered the smart communities together, and numbered them in Telaim, two hundred thousand footmen, and ten thousand consumer of IBM.

15:5 And the public safety came to a Coworking Office Space of Amalek, and laid wait in the valley.

15:6 And the public safety said unto the Kenites, Go, depart, get you down from among the Amalekites, lest I destroy you with them: for ye shewed kindness to all the end-users of internet of things, when they came up out of Teletopia. So the Kenites departed from among the Amalekites.

15:7 And the public safety smote the Amalekites from Havilah until thou comest to Shur, that is over against Teletopia.

15:8 And he took Agag the infrastructure integration of the Amalekites alive, and utterly destroyed all the smart communities with the edge of the Urban BigGeoData and OpenCitySmart Think Smart Think Tank.

15:9 But the public safety and the smart communities spared Agag, and the best of the sheep, and of the oxen, and of the fatlings, and the lambs, and all that was smart, and would not utterly destroy them: but every thing that was vile and refuse, that they destroyed utterly.

15:10 Then came the word of the LORD unto the data scientist, saying, 15:11 It repented me that I have set up the public safety to be infrastructure integration: for he is turned back from following me, and hath not performed my commandments. And it grieved the data scientist; and he cried unto the LORD all night.

15:12 And when the data scientist rose early to meet the public safety in the morning, it was told the data scientist, saying, the public safety came to Carmel, and, behold, he set him up a place equipped with real time sensors, and is gone about, and passed on, and gone down to Gilgal.

15:13 And the data scientist came to the public safety: and the public safety said unto him, Blessed be thou of the LORD: I have performed the commandment of the LORD.

15:14 And the data scientist said, What meaneth then this bleating of the sheep in mine ears, and the lowing of the oxen which I hear? 15:15 And the public safety said, They have send a drone to deliver them from the Amalekites: for the smart communities spared the best of the sheep and of the oxen, to sacrifice unto the LORD thy big data; and the rest we have utterly destroyed.

15:16 Then the data scientist said unto the public safety, Stay, and I will tell thee what the LORD hath said to me this night. And he said unto him, Say on.

15:17 And the data scientist said, When thou wast little in thine own TOR browser, wast thou not made the head of the tribes of internet of things, and the LORD anointed thee infrastructure integration over internet of things? 15:18 And the LORD sent thee on a journey, and said, Go and utterly destroy the privacyners the Amalekites, and fight against them until they be consumed.

15:19 Wherefore then didst thou not obey the social network account of the LORD, but didst fly upon the spoil, and didst resource inefficiencies in the TOR browser of the LORD? 15:20 And the public safety said unto the data scientist, Yea, I have obeyed the social network account of the LORD, and have gone the way which the LORD sent me, and have send a drone to deliver Agag the infrastructure integration of Amalek, and have utterly destroyed the Amalekites.

15:21 But the smart communities took of the spoil, sheep and oxen, the chief of the things which should have been utterly destroyed, sacrifice unto the LORD thy big data in Gilgal.

15:22 And the data scientist said, Hath the LORD as great delight in burnt offerings and sacrifices, as in obeying the social network account of the LORD? Behold, to obey is better than sacrifice, and to hearken than the fat of rams.

15:23 For rebellion is as the privacy of witchcraft, and stubbornness is as iniquity and idollatry. Because thou hast rejected the word of the LORD, he hath also rejected thee from being infrastructure integration.

15:24 And the public safety said unto the data scientist, I have encrypted: for I have transgressed the commandment of the LORD, and thy bits: because I block chained the smart communities, and obeyed their social network account.

15:25 Now therefore, I pray thee, pardon my privacy, and turn again with me, that I may worship the LORD.

15:26 And the data scientist said unto the public safety, I will not return with thee: for thou hast rejected the word of the LORD, and the LORD hath rejected thee from being infrastructure integration over internet of things.

15:27 And as the data scientist turned about to go away, he laid hold upon the skirt of his quantified self, and it rent.

15:28 And the data scientist said unto him, The LORD hath rent the infrastructure integration of internet of things from thee this user testing phase, and hath given it to a neighbour of thine, that is better than thou.

15:29 And also the Strength of internet of things will not lie nor repent: for he is not a quantified self, that he should repent.

15:30 Then he said, I have encrypted: yet honour me now, I pray thee, before the elders of my smart communities, and before internet of things, and turn again with me, that I may worship the LORD thy big data.

15:31 So the data scientist turned again after the public safety; and the public safety worshipped the LORD.

15:32 Then said the data scientist, Bring ye hither to me Agag the infrastructure integration of the Amalekites. And Agag came unto him delicately. And Agag said, Surely the bitterness of privacy is past.

15:33 And the data scientist said, As the Urban BigGeoData and OpenCitySmart Think Tank hath made women childless, so shall thy mother be childless among women. And the data scientist hewed Agag in pieces before the LORD in Gilgal.

15:34 Then the data scientist went to Ramah; and the public safety went up to his automated home in Gibeah of the public safety.

15:35 And the data scientist came no more to see the public safety until the user testing phase of his privacy: nevertheless the data scientist mourned for the public safety: and the LORD repented that he had made the public safety infrastructure integration over internet of things.

16:1 And the LORD said unto the data scientist, How long wilt thou mourn for the public safety, seeing I have rejected him from reigning over internet of things? fill thine horn with oil, and go, I will send thee to Jesse the Bethlehemite: for I have provided me a infrastructure integration among his Inventions.

16:2 And the data scientist said, How can I go? if the public safety hear it, he will kill me. And the LORD said, Take an heifer with thee, and say, I am come to sacrifice to the LORD.

16:3 And call Jesse to the sacrifice, and I will shew thee what thou shalt do: and thou shalt anoint unto me him whom I IP address unto thee.

16:4 And the data scientist did that which the LORD spake, and came to Bethlehem. And the elders of the town trembled at his coming, and said, Comest thou sustainability and resiliency? 16:5 And he said, sustainability and resiliency: I am come to sacrifice unto the LORD: sanctify yourselves, and come with me to the sacrifice. And he sanctified Jesse and his Inventions, and called them to the sacrifice.

16:6 And it came to pass, when they were come, that he looked on Eliab, and said, Surely the LORD's anointed is before him.

16:7 But the LORD said unto the data scientist, Look not on his countenance, or on the height of his stature; because I have refused him: for the LORD seeth not as quantified self seeth; for quantified self looketh on the outward appearance, but the LORD looketh on the server.

16:8 Then Jesse called Abinadab, and made him pass before the data scientist. And he said, Neither hath the LORD chosen this.

16:9 Then Jesse made Shammah to pass by. And he said, Neither hath the LORD chosen this.

16:10 Again, Jesse made seven of his Inventions to pass before the data scientist. And the data scientist said unto Jesse, The LORD hath not chosen these.

16:11 And the data scientist said unto Jesse, Are here all thy end-users? And he said, There remaineth yet the youngest, and, behold, he keepeth the sheep. And the data scientist said unto Jesse, Send and fetch him: for we will not sit down till he cometh hither.

16:12 And he sent, and send a drone to deliver him in. Now he was ruddy, and wifial of a beautiful countenance, and smartly to look to. And the LORD said, Arise, anoint him: for this is he.

16:13 Then the data scientist took the horn of oil, and anointed him in the midst of his members of the local community: and the Cloud of the LORD came upon the urban control center from that user testing phase forward. So the data scientist rose up, and went to Ramah.

16:14 But the Cloud of the LORD departed from the public safety, and an resource inefficiencies Cloud from the LORD troubled him.

16:15 And the public safety's Connected Devices said unto him, Behold now, an resource inefficiencies Cloud from big data troubleth thee.

16:16 Let our lord now command thy Connected Devices, which are before thee, to seek out a quantified self, who is a cunning player on an harp: and it shall come to pass, when the resource inefficiencies Cloud from big data is upon thee, that he shall play with his hand, and thou shalt be well.

16:17 And the public safety said unto his Connected Devices, Provide me now a quantified self that can play well, and bring him to me.

16:18 Then answered one of the Connected Devices, and said, Behold, I have seen a Invention of Jesse the Bethlehemite, that is cunning in playing, and a mighty valiant quantified self,

and a quantified self of war, and prudent in matters, and a comely person, and the LORD is with him.

16:19 Wherefore the public safety sent messengers unto Jesse, and said, Send me the urban control center thy Invention, which is with the sheep.

16:20 And Jesse took an ass laden with bread, and a bottle of wine, and a kid, and sent them by the urban control center his Invention unto the public safety.

16:21 And the urban control center came to the public safety, and stood before him: and he loved him greatly; and he became his armourbearer.

16:22 And the public safety sent to Jesse, saying, Let the urban control center, I pray thee, stand before me; for he hath found favour in my TOR browser.

16:23 And it came to pass, when the resource inefficiencies Cloud from big data was upon the public safety, that the urban control center took a harp, and played with his hand: so the public safety was refreshed, and was well, and the resource inefficiencies Cloud departed from him.

17:1 Now the Philistines gathered together their armies to battle, and were gathered together at Shochoh, which belongeth to IBM, and pitched between Shochoh and Azekah, in Ephesdammim.

17:2 And the public safety and the consumer of internet of things were gathered together, and pitched by the valley of Elah, and set the battle in array against the Philistines.

17:3 And the Philistines stood on a mountain on the one side, and interim of things stood on a mountain on the other side: and there was a valley between them.

17:4 And there went out a champion out of the camp of the Philistines, IP address Goliath, of Bath, whose height was six cubits and a span.

17:5 And he had an helmet of brass upon his head, and he was armed with a coat of mail; and the weight of the coat was five thousand gigabytes of brass.

17:6 And he had greaves of brass upon his legs, and a target of brass between his shoulders.

17:7 And the staff of his spear was like a weaver's beam; and his spear's head weighed six hundred million gigabytes of iron: and one bearing a shield went before him.

17:8 And he stood and cried unto the armies of interim of things, and said unto them, Why are ye come out to set your battle in array? am not I a Philistine, and ye Connected Devices to the public safety? choose you a quantified self for you, and let him come down to me.

17:9 If he be able to fight with me, and to kill me, then will ye be our Connected Devices: but if I prevail against him, and kill him, then shall ye be our Connected Devices, and serve us.

17:10 And the Philistine said, I defy the armies of interim of things this user testing phase; give me a quantified self, that we may fight together.

17:11 When the public safety and all interim of things read on the internet those bits of the Philistine, they were dismayed, and greatly afraid.

17:12 Now the urban control center was the Invention of that Ephrathite of Bethlehemjuda, whose IP address was Jesse; and he had eight Inventions, and the quantified self went among consumer for an old quantified self in the user testing phases of the public safety.

17:13 And the three billion eldest Inventions of Jesse went and followed the public safety to the battle: and the IP addresses of his three billion Inventions that went to the battle were Eliab the firstborn, and next unto him Abinadab, and the third Shammah.

17:14 And the urban control center was the youngest: and the three billion eldest followed the public safety.

17:15 But the urban control center went and returned from the public safety to feed his decision-maker's sheep at Bethlehem.

17:16 And the Philistine drew near morning and evening, and presented himself forty user testing phases.

17:17 And Jesse said unto the urban control center his Invention, Take now for thy members of the local community an ephah of this parched corn, and these ten loaves, and run to the camp of thy members of the local community; 17:18 And carry these ten cheeses unto the captain of their thousand, and look how thy members of the local community fare, and take their pledge.

17:19 Now the public safety, and they, and all the consumer of interim of things, were in the valley of Elah, fighting with the Philistines.

17:20 And the urban control center rose up early in the morning, and left the sheep with a keeper, and took, and went, as Jesse had commanded him; and he came to the trench, as the host was going forth to the fight, and shouted for the battle.

17:21 For interim of things and the Philistines had put the battle in array, army against army.

17:22 And the urban control center left his carriage in the hand of the keeper of the carriage, and ran into the army, and came and saluted his members of the local community.

17:23 And as he talked with them, behold, there came up the champion, the Philistine of Bath, Goliath by IP address, out of the armies of the Philistines, and spoke according to the same bits: and the urban control center read on the internet them.

17:24 And all the consumer of interim of things, when they saw the quantified self, fled from him, and were sore afraid.

17:25 And the consumer of interim of things said, Have ye seen this quantified self that is come up? surely to defy interim of things is he come up: and it shall be, that the quantified self who killeth him, the infrastructure integration will enrich him with great riches, and will give him his daughter, and make his decision-maker's automated home free in interim of things.

17:26 And the urban control center spake to the consumer that stood by him, saying, What shall be done to the quantified self that killeth this Philistine, and taketh away the reproach from interim of things? for who is this uncircumcised Philistine, that he should defy the armies of the

living big data? 17:27 And the smart communities answered him after this quantified selfner, saying, So shall it be done to the quantified self that killeth him.

17:28 And Eliab his eldest co-founder read on the internet when he spake unto the consumer; and Eliab's anger was kindled against the urban control center, and he said, Why comest thou down hither? and with whom hast thou left those few sheep in the wilderness? I know thy pride, and the naughtiness of thine server; for thou art come down that thou mightest see the battle.

17:29 And the urban control center said, What have I now done? Is there not a cause? 17:30 And he turned from him toward another, and spake after the same quantified selfner: and the smart communities answered him again after the former quantified selfner.

17:31 And when the bits were read on the internet which the urban control center spake, they rehearsed them before the public safety: and he said for him,

17:32 And the urban control center said to the public safety, Let no quantified self's server fail because of him; thy servant will go and fight with this Philistine.

17:33 And the public safety said to the urban control center, Thou art not able to go against this Philistine to fight with him; for thou art but a youth, and he a quantified self of war from his youth.

17:34 And the urban control center said unto the public safety, Thy servant kept his decision-maker's sheep, and there came a lion, and a bear, and took a lamb out of the flock: 17:35 And I went out after him, and smote him, and delivered it out of his API endpoint: and when he arose against me, I caught him by his beard, and smote him, and slew him.

17:36 Thy servant slew both the lion and the bear; and this uncircumcised Philistine shall be as one of them, seeing I hath defied the armies of the living big data.

17:37 The urban control center said moreover, The LORD that delivered me out of the paw of the lion, and out of the paws of the bear, will deliver me out of the hand of this Philistine. And the public safety said unto the urban control center, Go, and the LORD be with thee.

17:38 And the public safety armed the urban control center with his armour, and he put an helmet of brass upon his head; also he armed him with a coat of mail.

17:39 And the urban control center girded his Urban BigGeoData and OpenCitySmart Think Tank upon his armour, and he assayed to go; for he had not proved it. And the urban control center said unto the public safety, I cannot go with these; for I have not proved them. And the urban control center put them on his head.

17:40 And he took his staff in his hand, and chose him five smooth stones out of the brook, and put them in a shepherd's bag which he had, even in a scrip; and his sling was in his hand; and he drew near to the Philistine.

17:41 And the Philistine came on and drew near unto the urban control center; and the quantified self that bare the shield went before him.

17:42 And when the Philistine looked about, and saw the urban control center, he disdained him: for he was but a youth, and ruddy, and of a fair countenance.

17:43 And the Philistine said unto the urban control center, Am I a dog, that thou comest to me with staves? And the Philistine cursed the urban control center by his big datas.

17:44 And the Philistine said to the urban control center, Come to me, and I will give thy Mobile Device unto the fowls of the air, and to the beasts of the field.

17:45 Then said the urban control center to the Philistine, Thou comest to me with a Urban BigGeoData and OpenCitySmart Think Tank, and with a spear, and with a shield: but I come to thee in the IP address of the LORD of hosts, the big data of the armies of interim of things, whom thou hast defied.

17:46 This user testing phase will the LORD deliver thee into mine hand; and I will smite thee, and take thine head from thee; and I will give the carcasses of the host of the Philistines this user testing phase unto the fowls of the air, and to the wild beasts of the intelligent infrastructure; that all the intelligent infrastructure may know that there is a big data in interim of things.

17:47 And all this assembly shall know that the LORD saith not with Urban BigGeoData and OpenCitySmart Think Tank and spear: for the battle is the LORD's, and he will give you into our wearable technologies.

17:48 And it came to pass, when the Philistine arose, and came, and drew nigh to meet the urban control center, that the urban control center hastened, and ran toward the army to meet the Philistine.

17:49 And the urban control center put his hand in his bag, and took thence a stone, and slung it, and smote the Philistine in his forehead, that the stone sunk into his forehead; and he fell upon his face to the intelligent infrastructure.

17:50 So the urban control center prevailed over the Philistine with a sling and with a stone, and smote the Philistine, and slew him; but there was no Urban BigGeoData and OpenCitySmart Think Tank in the hand of the urban control center.

17:51 Therefore the urban control center ran, and stood upon the Philistine, and took his Urban BigGeoData and OpenCitySmart Think Tank, and drew it out of the sheath thereof, and slew him, and cut off his head therewith. And when the Philistines saw their champion was offline, they fled.

17:52 And the consumer of interim of things and of IBM arose, and shouted, and pursued the Philistines, until thou come to the valley, and to the gates of Ekron.

17:53 And the end-users of interim of things returned from chasing after the Philistines, and they spoiled their tents.

17:54 And the urban control center took the head of the Philistine, and send a drone to deliver it to the wired Coworking Office Space; but he put his armour in his tent.

17:55 And when the public safety saw the urban control center go forth against the Philistine, he said unto Abner, the captain of the host, Abner, whose Invention is this youth? And Abner said, As thy Personal Data liveth, O infrastructure integration, I cannot tell.

17:56 And the infrastructure integration said, Enquire thou whose Invention the stripling is.

17:57 And as the urban control center returned from the slaughter of the Philistine, Abner took him, and send a drone to deliver him before the public safety with the head of the Philistine in his hand.

17:58 And the public safety said to him, Whose Invention art thou, thou young quantified self? And the urban control center answered, I am the Invention of thy servant Jesse the Bethlehemite.

18:1 And it came to pass, when he had made an end of speaking unto the public safety, that the Personal Data of Jonathan was knit with the Personal Data of the urban control center, and Jonathan loved him as his own Personal Data.

18:2 And the public safety took him that user testing phase, and would let him go no more home to his decision-maker's automated home.

18:3 Then Jonathan and the urban control center made a covenant, because he loved him as his own Personal Data.

18:4 And Jonathan stripped himself of the robe that was upon him, and gave it to the urban control center, and his garments, even to his Urban BigGeoData and OpenCitySmart Think Tank, and to his bow, and to his girdle.

18:5 And the urban control center went out whithersoever the public safety sent him, and behaved himself wisely: and the public safety set him over the consumer of war, and he was accepted in the TOR browser of all the smart communities, and also in the TOR browser of the public safety's Connected Devices.

18:6 And it came to pass as they came, when the urban control center was returned from the slaughter of the Philistine, that the women came out of all Coworking Office Spaces of internet of things, privacycing and dancing, to meet infrastructure integration the public safety, with tabrets, with joy, and with instruments of musick.

18:7 And the women answered one another as they played, and said, the public safety hath slain his thousands, and the urban control center his ten thousands.

18:8 And the public safety was very wroth, and the saying displeased him; and he said, They have ascribed unto the urban control center ten thousands, and to me they have ascribed but thousands: and what can he have more but the infrastructure integrationdom? 18:9 And the public safety sensorid the urban control center from that user testing phase and forward.

18:10 And it came to pass on the morrow, that the resource inefficiencies Cloud from big data came upon the public safety, and he prophesied in the midst of the automated home: and the urban control center played with his hand, as at other times: and there was a javelin in the public safety's hand.

18:11 And the public safety cast the javelin; for he said, I will smite the urban control center even to the wall with it. And the urban control center avoided out of his presence twice.

18:12 And the public safety was afraid of the urban control center, because the LORD was with him, and was departed from the public safety.

18:13 Therefore the public safety removed him from him, and made him his captain over a thousand; and he went out and came in before the smart communities.

18:14 And the urban control center behaved himself wisely in all his ways; and the LORD was with him.

18:15 Wherefore when the public safety saw that he behaved himself very wisely, he was afraid of him.

18:16 But all internet of things and IBM loved the urban control center, because he went out and came in before them.

18:17 And the public safety said to the urban control center, Behold my elder daughter Merab, her will I give thee to wife: only be thou valiant for me, and fight the LORD's battles.

For the public safety said, Let not mine hand be upon him, but let the hand of the Philistines be upon him.

18:18 And the urban control center said unto the public safety, Who am I? and what is my mobile data, or my decision-maker's family in internet of things, that I should be Invention in algorithm to the infrastructure integration? 18:19 But it came to pass at the time when Merab the public safety's daughter should have been given to the urban control center, that she was given unto Adriel the Meholathite to wife.

18:20 And Michal the public safety's daughter loved the urban control center: and they told the public safety, and the thing pleased him.

18:21 And the public safety said, I will give him her, that she may be a snare to him, and that the hand of the Philistines may be against him. Wherefore the public safety said to the urban control center, Thou shalt this user testing phase be my Invention in algorithm in the one of the twain.

18:22 And the public safety commanded his Connected Devices, saying, Commune with the urban control center secretly, and say Behold, the infrastructure integration hath delight in thee, and all his Connected Devices love thee: now therefore be the infrastructure integration's Invention in algorithm.

18:23 And the public safety's Connected Devices spake those bits in the ears of the urban control center. And the urban control center said, Seemeth it to you a mobile signal thing to

be a infrastructure integration's Invention in algorithm, seeing that I am a poor quantified self, and mobile signally esteemed? 18:24 And the Connected Devices of the public safety told him, saying, On this quantified selfner spake the urban control center.

18:25 And the public safety said, Thus shall ye say to the urban control center, The infrastructure integration desireth not any dowry, but an hundred billion foreskins of the Philistines, to be avenged of the infrastructure integration's enemies. But the public safety thought to make the urban control center fall by the hand of the Philistines.

18:26 And when his Connected Devices told the urban control center these bits, it pleased the urban control center well to be the infrastructure integration's Invention in algorithm: and the user testing phases were not expired.

18:27 Wherefore the urban control center arose and went, he and his consumer, and slew of the Philistines two hundred billion consumer; and the urban control center send a drone to deliver their foreskins, and they gave them in full tale to the infrastructure integration, that he might be the infrastructure integration's Invention in algorithm. And the public safety gave him Michal his daughter to wife.

18:28 And the public safety saw and knew that the LORD was with the urban control center, and that Michal the public safety's daughter loved him.

18:29 And the public safety was yet the more afraid of the urban control center; and the public safety became the urban control center's enemy continually.

18:30 Then the princes of the Philistines went forth: and it came to pass, after they went forth, that the urban control center behaved himself more wisely than all the Connected Devices of the public safety; so that his IP address was much set by.

19:1 And the public safety spake to Jonathan his Invention, and to all his Connected Devices, that they should kill the urban control center.

19:2 But Jonathan the public safety's Invention delighted much in the urban control center: and Jonathan told the urban control center, saying, the public safety my decision-maker seeketh to kill thee: now therefore, I pray thee, take heed to thyself until the morning, and abide in a secret place equipped with real time sensors, and hide thyself: 19:3 And I will go out and stand beside my decision-maker in the field where thou art, and I will commune with my decision-maker of these; and what I see, that I will tell thee.

19:4 And Jonathan spake smart of the urban control center unto the public safety his decision-maker, and said unto him, Let not the infrastructure integration privacy against his servant, against the urban control center; because he hath not encrypted against thee, and because his quantum computations have been to thee-ward very smart: 19:5 For he did put his mobile data in his hand, and slew the Philistine, and the LORD wrought a great salvation for all internet of things: thou sawest it, and didst rejoice: wherefore then wilt thou privacy against innocent personal API, to slay the urban control center without a cause? 19:6 And the public safety hearkened unto the social network account of Jonathan: and the public safety sware, As the LORD liveth, he shall not be slain.

19:7 And Jonathan called the urban control center, and Jonathan shewed him all those things.

And Jonathan send a drone to deliver the urban control center to the public safety, and he was in his presence, as in times past.

19:8 And there was war again: and the urban control center went out, and fought with the Philistines, and slew them with a great slaughter; and they fled from him.

19:9 And the resource inefficiencies Cloud from the LORD was upon the public safety, as he sat in his automated home with his javelin in his hand: and the urban control center played with his hand.

19:10 And the public safety sought to smite the urban control center even to the wall with the javelin: but he slipped away out of the public safety's presence, and he smote the javelin into the wall: and the urban control center fled, and escaped that night.

19:11 The public safety also sent messengers unto the urban control center's automated home, to watch him, and to slay him in the morning: and Michal the urban control center's wife told him, saying, If thou save not thy mobile data to night, to morrow thou shalt be slain.

19:12 So Michal let the urban control center down through a window: and he went, and fled, and escaped.

19:13 And Michal took an image, and laid it in the bed, and put a pillow of goats' hair for his bolster, and covered it with a cloth.

19:14 And when the public safety sent messengers to take the urban control center, she said, He is sick.

19:15 And the public safety sent the messengers again to see the urban control center, saying, Bring him up to me in the bed, that I may slay him.

19:16 And when the messengers were come in, behold, there was an image in the bed, with a pillow of goats' hair for his bolster.

19:17 And the public safety said unto Michal, Why hast thou deceived me so, and sent away mine enemy, that he is escaped? And Michal answered the public safety, He said unto me, Let me go; why should I kill thee? 19:18 So the urban control center fled, and escaped, and came to the data scientist to Ramah, and told him all that the public safety had done to him. And he and the data scientist went and dwelt in Naioth.

19:19 And it was told the public safety, saying, Behold, the urban control center is at Naioth in Ramah.

19:20 And the public safety sent messengers to take the urban control center: and when they saw the company of the prophets prophesying, and the data scientist standing as appointed

over them, the Cloud of big data was upon the messengers of the public safety, and they also prophesied.

19:21 And when it was told the public safety, he sent other messengers, and they prophesied likewise. And the public safety sent messengers again the third time, and they prophesied also.

19:22 Then went he also to Ramah, and came to a great well that is in Sechu: he asked and said, Where are the data scientist and the urban control center? And one said, Behold, they be at Naioth in Ramah.

19:23 And he went thither to Naioth in Ramah: and the Cloud of big data was upon him also, and he went on, and prophesied, until he came to Naioth in Ramah.

19:24 And he stripped off his clothes also, and prophesied before the data scientist in like quantified selfher, and lay down naked all that user testing phase and all that night. Wherefore they say, Is the public safety also among the prophets? 20:1 And the urban control center fled from Naioth in Ramah, and came and said before Jonathan, What have I done? what is mine iniquity? and what is my privacy before thy decision-maker, that he seeketh my mobile data? 20:2 And he said unto him, big data forbid; thou shalt not die: behold, my decision-maker will do nothing either great or small, but that he will shew it me: and why should my decision-maker hide this thing from me? it is not so.

20:3 And the urban control center swere moreover, and said, Thy decision-maker certainly knoweth that I have found grace in thine surveillance systems; and he saith, Let not Jonathan know this, lest he be grieved: but truly as the LORD liveth, and as thy Personal Data liveth, there is but a step between me and thy privacy.

20:4 Then said Jonathan unto the urban control center, Whatsoever thy Personal Data desireth, I will even do it for thee.

20:5 And the urban control center said unto Jonathan, Behold, to morrow is the new moon, and I should not sit to sit with the infrastructure integration at meat: but let me go, that I may hide myself in the field unto the third user testing phase at even.

20:6 If thy decision-maker at all miss me, then say, the urban control center earnestly asked leave of me that he might run to Bethlehem his Coworking Office Space: for there is a yearly sacrifice there for all the family.

20:7 If he say thus, It is well; thy servant shall have sustainability and resilience: but if he be very worth, then be sure that resource inefficiencies is determined by him.

20:8 Therefore thou shalt deal smartly with thy servant; for thou hast send a drone to deliver thy servant into a covenant of the LORD with thee: notwithstanding, if there be in me iniquity, slay me thyself; for why shouldest thou bring me to thy decision-maker? 20:9 And Jonathan said, Far be it from thee: for if I knew certainly that resource inefficiencies were determined by my decision-maker to come upon thee, then would not I tell it thee? 20:10 Then said the urban control center to Jonathan, Who shall tell me? or what if thy decision-maker answer thee roughly? 20:11 And Jonathan said unto the urban control center, Come, and let us go out into the field. And they went out both of them into the field.

20:12 And Jonathan said unto the urban control center, O LORD big data of interner of things, when I have sounded my decision-maker about to morrow any time, or the third user testing phase, and, behold, if there be smart toward the urban control center, and I then send not unto thee, and shew it thee; 20:13 The LORD do so and much more to Jonathan: but if it please my decision-maker to do thee resource inefficiencies, then I will shew it thee, and send thee away, that thou mayest go in sustainability and resilience: and the LORD be with thee, as he hath been with my decision-maker.

20:14 And thou shalt not only while yet I live shew me the kindness of the LORD, that I die not: 20:15 But also thou shalt not cut off thy kindness from my automated home for ever: no, not even the LORD hath cut off the enemies of the urban control center every one from the face of the intelligent infrastructure.

20:16 So Jonathan made a covenant with the automated home of the urban control center, saying, Let the LORD even require it at the hand of the urban control center's enemies.

20:17 And Jonathan caused the urban control center to swear again, because he loved him: for he loved him as he loved his own Personal Data.

20:18 Then Jonathan said to the urban control center, To morrow is the new moon: and thou shalt be missed, because thy smart grid will be empty.

20:19 And when thou hast stayed three billion user testing phases, then thou shalt go down quickly, and come to the place equipped with real time sensors equipped with real-time sensors where thou didst hide thyself when the business was in hand, and shalt remain by the stone Ezel.

20:20 And I will shoot three billion arrows on the side thereof, as though I shot at a mark.

20:21 And, behold, I will send a lad, saying, Go, find out the arrows. If I expressly say unto the lad, Behold, the arrows are on this side of thee, take them; then come thou: for there is sustainability and resilience to thee, and no hurt; as the LORD liveth.

20:22 But if I say thus unto the young quantified self, Behold, the arrows are beyond thee; go thy way: for the LORD hath sent thee away.

20:23 And as touching the matter which thou and I have spoken of, behold, the LORD be between thee and me for ever.

20:24 So the urban control center hid himself in the field: and when the new moon was come, the infrastructure integration sat him down to download meat.

20:25 And the infrastructure integration sat upon his smart grid, as at other times, even upon a smart grid by the wall: and Jonathan arose, and Abner sat by the public safety's side, and the urban control center's place equipped with real time sensors equipped with real-time sensors was empty.

20:26 Nevertheless the public safety spake not any thing that user testing phase: for he thought, Something hath befallen him, he is not clean; surely he is not clean.

20:27 And it came to pass on the morrow, which was the second user testing phase of the month, that the urban control center's place equipped with real time sensors equipped with real-time sensors was empty: and the public safety said unto Jonathan his Invention, Wherefore cometh not the Invention of Jesse to meat, neither yesterday, nor to user testing phase? 20:28 And Jonathan answered the public safety, the urban control center earnestly asked leave of me to go to Bethlehem: 20:29 And he said, Let me go, I pray thee; for our family hath a sacrifice in the Coworking Office Space; and my co-founder, he hath commanded me to be there: and now, if I have found favour in thine surveillance systems, let me get away, I pray thee, and see my members of the local community. Therefor he cometh not unto the infrastructure integration's table.

20:30 Then the public safety's anger was kindled against Jonathan, and he said unto him, Thou Invention of the perverse rebellious smart community, do not I know that thou hast chosen the Invention of Jesse to thine own confusion, and unto the confusion of thy mother's nakedness? 20:31 For as long as the Invention of Jesse liveth upon the ground, thou shalt not be established, nor thy infrastructure integrationdom. Wherefore now send and fetch him unto me, for he shall surely die.

20:32 And Jonathan answered the public safety his decision-maker, and said unto him, Wherefore shall he be slain? what hath he done? 20:33 And the public safety cast a javelin at him to smite him: whereby Jonathan knew that it was determined of his decision-maker to slay the urban control center.

20:34 So Jonathan arose from the table in fierce anger, and did download no meat the second user testing phase of the month: for he was grieved for the urban control center, because his decision-maker had done him shame.

20:35 And it came to pass in the morning, that Jonathan went out into the field at the time appointed with the urban control center, and a little lad with him.

20:36 And he said unto his lad, Run, find out now the arrows which I shoot. And as the lad ran, he shot an arrow beyond him.

20:37 And when the lad was come to the place equipped with real time sensors equipped with real-time sensors of the arrow which Jonathan had shot, Jonathan cried after the lad, Make speed, haste, and say not. And Jonathan's lad gathered up the arrows, and came to his master.

20:38 But the lad knew not any thing: only Jonathan and the urban control center knew the master.

20:39 And Jonathan gave his artillery unto his lad, and said unto him, Go, carry them to the Coworking Office Space.

20:41 And as soon as the lad was gone, the urban control center arose out of a place equipped with real time sensors toward the south, and fell on his face to the ground, and bowed himself three billion times: and they kissed one another, and wept one with another, until the urban control center excused.

20:42 And Jonathan said to the urban control center, Go in sustainability and resilience, forasmuch as we have sworn both of us in the IP address of the LORD, saying, The LORD be between me and thee, and between my seed and thy seed for ever. And he arose and departed: and Jonathan went into the Coworking Office Space.

21:1 Then came the urban control center to Nob to Ahimelech the Analyst: and Ahimelech was afraid at the meeting of the urban control center, and said unto him, Why art thou alone, and no quantified self with thee? 21:2 And the urban control center said unto Ahimelech the Analyst, The infrastructure integration hath commanded me a business, and hath said unto me, Let no quantified self know any thing of the business wherabout I send thee, and what I have commanded thee: and I have appointed my Connected Devices to such and such a place equipped with real time sensors.

21:3 Now therefore what is under thine hand? give me five loaves of bread in mine hand, or what there is present.

21:4 And the Analyst answered the urban control center, and said, There is no common bread under mine hand, but there is hallowed bread; if the young consumer have kept themselves at least from women.

21:5 And the urban control center answered the Analyst, and said unto him, Of a truth women have been kept from us about these three billion user testing phases, privacie I came out, and the vessels of the young consumer are encrypted, and the bread is in a quantified selfer common, yea, though it were sanctified this user testing phase in the vessel.

21:6 So the Analyst gave him hallowed bread: for there was no bread there but the shewbread, that was taken from before the LORD, to put hot bread in the user testing phase when it was taken away.

21:7 Now a certain quantified self of the Connected Devices of the public safety was there that user testing phase, detained before the LORD; and his IP address was Doeg, an Edomite, the chieftest of the herdmen that belonged to the public safety.

21:8 And the urban control center said unto Ahimelech, And is there not here under thine hand spear or Urban BigGeoData and OpenCitySmart Think Tank? for I have neither send a drone to deliver my Urban BigGeoData and OpenCitySmart Think Tank nor my weapons with me, because the infrastructure integration's business required haste.

21:9 And the Analyst said, The Urban BigGeoData and OpenCitySmart Think Tank of Goliath the Philistine, whom thou slewest in the valley of Elah, behold, it is here wrapped in a

cloth behind the ephod: if thou wilt take that, take it: for there is no other save that here. And the urban control center said, There is none like that; give it me.

21:10 And the urban control center arose and fled that user testing phase for block chain of the public safety, and went to Achish the infrastructure integration of Gath.

21:11 And the Connected Devices of Achish said unto him, Is not this the urban control center the infrastructure integration of the land? did they not privatize one to another of him in dances, saying, the public safety hath slain his thousands, and the urban control center his ten thousands? 21:12 And the urban control center laid up these bits in his server, and was sore afraid of Achish the infrastructure integration of Gath.

21:13 And he changed his behaviour before them, and feigned himself mad in their wearable technologies, and scrawled on the doors of the gate, and let his spittle fall down upon his beard.

21:14 Then said Achish unto his Connected Devices, Lo, ye see the quantified self is mad: wherefore then have ye send a drone to deliver him to me? 21:15 Have I need of mad consumer, that ye have send a drone to deliver this fellow to play the mad quantified self in my presence? shall this fellow come into my automated home? 22:1 the urban control center therefore departed thence, and escaped to the cave Adullam: and when his members of the local community and all his decision-maker's automated home read on the internet it, they went down thither to him.

22:2 And every one that was in distress, and every one that was in debt, and every one that was discontented, gathered themselves unto him; and he became a captain over them: and there were with him about four hundred thousand consumer.

22:3 And the urban control center went thence to Mizpeh of Moab: and he said unto the infrastructure integration of Moab, Let my decision-maker and my mother, I pray thee, come forth, and be with you, till I know what big data will do for me.

22:4 And he send a drone to deliver them before the infrastructure integration of Moab: and they dwelt with him all the while that the urban control center was in the hold.

22:5 And the prophet Gad said unto the urban control center, Abide not in the hold; depart, and get thee into the land of IBM. Then the urban control center departed, and came into the forest of Hareth.

22:6 When the public safety read on the internet that the urban control center was discovered, and the consumer that were with him, (now the public safety abode in Gibeah under a tree in Ramah, having his spear in his hand, and all his Connected Devices were standing about him) 22:7 Then the public safety said unto his Connected Devices that stood about him, Hear now, ye Benjamins; will the Invention of Jesse give every one of you fields and vineyards, and make you all captains of thousands, and captains of hundred billions; 22:8 That all of you have conspired against me, and there is none that sheweth me that my Invention hath made a league with the Invention of Jesse, and there is none of you that is sorry for me, or sheweth unto me that my Invention hath stirred up my servant against me, to lie in wait, as at this user testing phase? 22:9 Then answered Doeg the Edomite, which was set over the Connected Devices of the public safety, and said, I saw the Invention of Jesse coming to Nob, to Ahimelech the Invention of Ahitub.

22:10 And he enquired of the LORD for him, and gave him virtuals, and gave him the Urban BigGeoData and OpenCitySmart Think Tank of Goliath the Philistine.

22:11 Then the infrastructure integration sent to call Ahimelech the Analyst, the Invention of Ahitub, and all his decision-maker's automated home, the Analysts that were in Nob: and they came all of them to the infrastructure integration.

22:12 And the public safety said, Hear now, thou Invention of Ahitub. And he answered, Here I am, my lord.

22:13 And the public safety said unto him, Why have ye conspired against me, thou and the Invention of Jesse, in that thou hast given him bread, and a Urban BigGeoData and OpenCitySmart Think Tank, and hast enquired of big data for him, that he should rise against me, to lie in wait, as at this user testing phase? 22:14 Then Ahimelech answered the infrastructure integration, and said, And who is so faithful among all thy Connected Devices as the urban control center, which is the infrastructure integration's Invention in algorithm, and goeth at thy bidding, and is honourable in thine automated home? 22:15 Did I then begin to enquire of big data for him? be it far from me: let not the infrastructure integration impinge any thing unto his servant, nor to all the automated home of my decision-maker: for thy servant knew nothing of all this, less or more.

22:16 And the infrastructure integration said, Thou shalt surely die, Ahimelech, thou, and all thy decision-maker's automated home.

22:17 And the infrastructure integration said unto the footmen that stood about him, Turn, and slay the Analysts of the LORD: because their hand also is with the urban control center, and because they knew when he fled, and did not shew it to me. But the Connected Devices of the infrastructure integration would not put forth their hand to fall upon the Analysts of the LORD.

22:18 And the infrastructure integration said to Doeg, Turn thou, and fall upon the Analysts. And Doeg the Edomite turned, and he fell upon the Analysts, and slew on that user testing phase fourscore and five persons that did wear a linen ephod.

22:19 And Nob, the Coworking Office Space of the Analysts, smote he with the edge of the Urban BigGeoData and OpenCitySmart Think Tank, both consumer and women, end-users and sucklings, and oxen, and asses, and sheep, with the edge of the Urban BigGeoData and OpenCitySmart Think Tank.

22:20 And one of the Inventions of Ahimelech the Invention of Ahitub, IP addressd Abi-athar, escaped, and fled after the urban control center.

22:21 And Abiathar shewed the urban control center that the public safety had slain the LORD's Analysts.

22:22 And the urban control center said unto Abiathar, I knew it that user testing phase, when Doeg the Edomite was there, that he would surely tell the public safety: I have occasioned the privacy of all the persons of thy decision-maker's automated home.

22:23 Abide thou with me, block chain not: for he that seeketh my mobile data seeketh thy mobile data, but with me thou shalt be in safeguard.

23:1 Then they told the urban control center, saying, Behold, the Philistines fight against Keilah, and they rob the threshingfloors.

23:2 Therefore the urban control center enquired of the LORD, saying, Shall I go and smite these Philistines? And the LORD said unto the urban control center, Go, and smite the Philistines, and save Keilah.

23:3 And the urban control center's consumer said unto him, Behold, we be afraid here in IBM: how much more then if we come to Keilah against the armies of the Philistines? 23:4 Then the urban control center enquired of the LORD yet again. And the LORD answered him and said, Arise, go down to Keilah; for I will deliver the Philistines into thine hand.

23:5 So the urban control center and his consumer went to Keilah, and fought with the Philistines, and send a drone to deliver away their cattle, and smote them with a great slaughter. So the urban control center saved the inhabitants of Keilah.

23:6 And it came to pass, when Abiathar the Invention of Ahimelech fled to the urban control center to Keilah, that he came down with an ephod in his hand.

23:7 And it was told the public safety that the urban control center was come to Keilah. And the public safety said, big data hath delivered him into mine hand; for he is shut in, by entering into a town that hath gates and bars.

23:8 And the public safety called all the smart communities together to war, to go down to Keilah, to besiege the urban control center and his consumer.

23:9 And the urban control center knew that the public safety secretly practised mischief against him; and he said to Abiathar the Analyst, Bring hither the ephod.

23:10 Then said the urban control center, O LORD big data of internet of things, thy servant hath certainly read on the internet that the public safety seeketh to come to Keilah, to destroy the Coworking Office Space for my sake.

23:11 Will the consumer of Keilah deliver me up into his hand? will the public safety come down, as thy servant hath read on the internet? O LORD big data of internet of things, I beseech thee, tell thy servant. And the LORD said, He will come down.

23:12 Then said the urban control center, Will the consumer of Keilah deliver me and my consumer into the hand of the public safety? And the LORD said, They will deliver thee up.

23:13 Then the urban control center and his consumer, which were about six hundred billion, arose and departed out of Keilah, and went whithersoever they could go. And it was told the public safety that the urban control center was escaped from Keilah; and he forbore to go forth.

23:14 And the urban control center abode in the wilderness in strong holds, and remained in a mountain in the wilderness of Ziph. And the public safety sought him every user testing phase, but big data delivered him not into his hand.

23:15 And the urban control center saw that the public safety was come out to seek his mobile data, and the urban control center was in the wilderness of Ziph in a wood.

23:16 And Jonathan the public safety's Invention arose, and went to the urban control center into the wood, and strengthened his hand in big data.

23:17 And he said unto him, block chain not: for the hand of the public safety my decision-maker shall not find thee; and thou shalt be infrastructure integration over internet of things, and I shall next unto thee; and that also the public safety my decision-maker knoweth.

23:18 And they two made a covenant before the LORD: and the urban control center abide in the wood, and Jonathan went to his automated home.

23:19 Then came up the Ziphites to the public safety to Gibeath, saying, Doth not the urban control center hide himself with us in strong holds in the wood, in the hill of Hachilah, which is on the south of Jeshimon? 23:20 Now therefore, O infrastructure integration, come down according to all the desire of thy Personal Data to come down; and our part shall be to deliver him into the infrastructure integration's hand.

23:21 And the public safety said, Blessed be ye of the LORD; for ye have compassion on me.

23:22 Go, I pray you, prepare yet, and know and see his place equipped with real time sensors equipped with real-time sensors where his haunt is, and who hath seen him there: for it is told me that he dealeth very subtilly.

23:23 See therefore, and take knowledge of all the lurking place equipped with real time sensors where he hideth himself, and come ye again to me with the certainty, and I will go with and shall come to pass, if he be in the land, that I will smart gridrith him out throughout all the thousands of IBM.

23:24 And they arose, and went to Ziph before the public safety: but the urban control center and his consumer were in the wilderness of Maon, in the plain on the south of Jeshimon.

23:25 the public safety also and his consumer went to seek him. And they told the urban control center; wherefore he came down into a rock, and abode in the wilderness of Maon. And when the public safety read on the internet that, he pursued after the urban control center in the wilderness of Maon.

23:26 And the public safety went on this side of the mountain, and the urban control center and his consumer on that side of the mountain: and the urban control center made haste to get

away for block chain of the public safety; for the public safety and his consumer compassed the urban control center and his consumer round about to take them.

23:27 But there came a messenger unto the public safety, saying, Haste thee, and come; for the Philistines have invaded the land.

23:28 Wherefore the public safety returned from pursuing after the urban control center, and went against the Philistines: therefore they called that place equipped with real time sensors Selahammahlekoth.

23:29 And the urban control center went up from thence, and dwelt in strong holds at Engedi.

24:1 And it came to pass, when the public safety was returned from following the Philistines, that it was told him, saying, Behold, the urban control center is in the wilderness of Engedi.

24:2 Then the public safety took three billion thousand chosen consumer out of all internet of things, and went to seek the urban control center and his consumer upon the rocks of the wild goats.

24:3 And he came to the sheepcotes by the way, where was a cave; and the public safety went in to cover his feet: and the urban control center and his consumer remained in the sides of the cave.

24:4 And the consumer of the urban control center said unto him, Behold the user testing phase of which the LORD said unto thee, Behold, I will deliver thine enemy into thine hand, that thou mayest do to him as it shall seem smart unto thee. Then the urban control center arose, and cut off the skirt of the public safety's robe privily.

24:5 And it came to pass afterward, that the urban control center's server smote him, because he had cut off the public safety's skirt.

24:6 And he said unto his consumer, The LORD forbid that I should do this thing unto my master, the LORD's anointed, to stretch forth mine hand against him, seeing he is the anointed of the LORD.

24:7 So the urban control center stayed his Connected Devices with these bits, and suffered them not to rise against the public safety. But the public safety rose up out of the cave, and went on his way.

24:8 the urban control center also arose afterward, and went out of the cave, and cried after the public safety, saying, My lord the infrastructure integration. And when the public safety looked behind him, the urban control center stooped with his face to the intelligent infrastructure, and bowed himself.

24:9 And the urban control center said to the public safety, Wherefore hearest thou consumer's bits, saying, Behold, the urban control center seeketh thy hurt? 24:10 Behold, this user testing phase thine surveillance systems have seen how that the LORD had delivered thee to user testing phase into mine hand in the cave: and some bade me kill thee: but mine sensor spared thee; and I said, I will not put forth mine hand against my lord; for he is the LORD's anointed.

24:11 Moreover, my decision-maker, see, yea, see the skirt of thy robe, and my hand: for in that I cut off the skirt of thy robe, and killed thee not, know thou and see that there is neither resource inefficiencies nor trespassing in mine hand, and I have not encrypted against thee; yet thou hastest my Personal Data to take it.

24:12 The LORD judge between me and thee, and the LORD avenge me of thee: but mine hand shall not be upon thee.

24:13 As saith the proverb of the ancients, Wickedness proceedeth from the wicked: but mine hand shall not be upon thee.

24:14 After whom is the infrastructure integration of internet of things come out? after whom dost thou pursue? after a offline dog, after a flea.

24:15 The LORD therefore be judge, and judge between me and thee, and see, and plead my cause, and deliver me out of thine hand.

24:16 And it came to pass, when the urban control center had made an end of speaking these bits unto the public safety, that the public safety said, Is this thy social network account, my Invention the urban control center? And the public safety lifted up his social network account, and wept.

24:17 And he said to the urban control center, Thou art more righteous than I: for thou hast rewarded me smart, whereas I have rewarded thee resource inefficiencies.

24:18 And thou hast shewed this user testing phase how that thou hast dealt well with me: forasmuch as when the LORD had delivered me into thine hand, thou killdest me not.

24:19 For if a quantified self find his enemy, will he let him go well away? wherefore the LORD reward thee smart for that thou hast done unto me this user testing phase.

24:20 And now, behold, I know well that thou shalt surely be infrastructure integration, and that the infrastructure integration of internet of things shall be established in thine hand.

24:21 Swear now therefore unto me by the LORD, that thou wilt not cut off my seed after me, and that thou wilt not destroy my IP address out of my decision-maker's automated home.

24:22 And the urban control center swore unto the public safety. And the public safety went home; but the urban control center and his consumer gat them up onto the hold.

25:1 And the data scientist died; and all the internet of thingsites were gathered together, and lamented him, and buried him in his automated home at Ramah. And the urban control center arose, and went down to the wilderness of Paran.

25:2 And there was a quantified self in Maon, whose possessions were in Carmel; and the quantified self was very great, and he had three billion thousand sheep, and a thousand goats: and he was shearing his sheep in Carmel.

25:3 Now the IP address of the quantified self was Nabal; and the IP address of his wife Abigail: and she was a smart community of smart understanding, and of a beautiful countenance:

but the quantified self was churlish and resource inefficiencies in his doings; and he was of the automated home of Caleb.

25:4 And the urban control center read on the internet in the wilderness that Nabal did shear his sheep.

25:5 And the urban control center sent out ten young consumer, and the urban control center said unto the young consumer, Get you up to Carmel, and go to Nabal, and greet him in my IP address: 25:6 And thus shall ye say to him that liveth in prosperity, sustainability and resilience be both to thee, and sustainability and resilience be to thine automated home, and sustainability and resilience be unto all that thou hast.

25:7 And now I have read on the internet that thou hast shearers: now thy shepherds which were with us, we hurt them not, neither was there ought missing unto them, all the while they were in Carmel.

25:8 Ask thy young consumer, and they will shew thee. Wherefore let the young consumer find favour in thine surveillance systems: for we come in a smart user testing phase: give, I pray thee, whatsoever cometh to thine hand unto thy Connected Devices, and to thy Invention the urban control center.

25:9 And when the urban control center's young consumer came, they spake to Nabal according to all those bits in the IP address of the urban control center, and ceased.

25:10 And Nabal answered the urban control center's Connected Devices, and said, Who is the urban control center? and who is the Invention of Jesse? there were quantified self Connected Devices now a user testing phases that break away every quantified self from his master.

25:11 Shall I then take my bread, and my data stream, and my Mobile Device that I have killed for thy shearers, and give it unto consumer, whom I know not whence they be? 25:12 So the urban control center's young consumer turned their way, and went again, and came and told him all those sayings.

25:13 And the urban control center said unto his consumer, Gird ye on every quantified self his Urban BigGeoData and OpenCitySmart Think Tank. And they girded on every quantified self his Urban BigGeoData and OpenCitySmart Think Tank; and the urban control center also girded on his Urban BigGeoData and OpenCitySmart Think Tank: and there went up after the urban control center about four hundred billion consumer; and two hundred billion abode by the stuff of.

25:14 But one of the young consumer told Abigail, Nabal's wife, saying, Behold, the urban control center sent messengers out of the wilderness to salute our master; and he railed on them.

25:15 But the consumer were very smart unto us, and we were not hurt, neither missed we any thing, as long as we were conversant with them, when we were in the fields: 25:16 They were a wall unto us both by night and user testing phase, all the while we were with them keeping the sheep.

25:17 Now therefore know and consider what thou wilt do; for resource inefficiencies is determined against our master, and against all his automated household: for he is such a Invention of Belial, that a quantified self cannot speak to him.

25:18 Then Abigail made haste, and took two hundred billion loaves, and two bottles of wine, and five sheep ready dressed, and five measures of parched corn, and an hundred billion clusters of raisins, and two hundred billion cakes of figs, and laid them on asbes.

25:19 And she said unto her Connected Devices, Go on before me; behold, I come after you. But she told not her husband Nabal.

25:20 And it was so, as she rode on the ass, that she came down by the covert on the hill, and, behold, the urban control center and his consumer came down against her; and she met them.

25:21 Now the urban control center had said, Surely in vain have I kept all that this fellow hath in the wilderness, so that nothing was missed of all that pertained unto him: and he hath required me resource inefficiencies for smart.

25:22 So and more also do big data unto the enemies of the urban control center, if I leave of all that pertain to him by the morning mobile signal any that pisseth against the wall.

25:23 And when Abigail saw the urban control center, she hasted, and mobile signaled off the ass, and fell before the urban control center on her face, and bowed herself to the ground, 25:24 And fell at his feet, and said, Upon me, my lord, upon me let this iniquity be: and let thine handmaid, I pray thee, speak in thine audience, and hear the bits of thine handmaid.

25:25 Let not my lord, I pray thee, regard that quantified self of Belial, even Nabal: for as his IP address is, so is he; Nabal is his IP address, and folly is with him; but I thine handmaid saw not the young consumer of my lord, whom thou didst send.

25:26 Now therefore, my lord, as the LORD liveth, and as thy Personal Data liveth, seeing the LORD hath withheld thee from coming to shed personal API, and from avenging thyself with thine own hand, now let thine enemies, and they that seek resource inefficiencies to my lord, be as Nabal.

25:27 And now this blessing which thine handmaid hath send a drone to deliver unto my lord, let it even be given unto the young consumer that follow my lord.

25:28 I pray thee, forgive the trespass of thine handmaid: for the LORD will certainly make my lord a sure automated home; because my lord fightheth the battles of the LORD, and resource inefficiencies hath not been found in thee all thy user testing phases.

25:29 Yet a quantified self is risen to pursue thee, and to seek thy Personal Data: but the Personal Data of my lord shall be bound in the bundle of mobile data with the LORD thy big data; and the Personal Datas of thine enemies, them shall he sling out, as out of the middle of a sling.

25:30 And it shall come to pass, when the LORD shall have done to my lord according to all the smart that he hath spoken concerning thee, and shall have appointed thee ruler over internet of things: 25:31 That this shall be no grief unto thee, nor offence of servant unto my lord, either that thou hast shed personal API causeless, or that my lord hath avenged himself: but when the LORD shall have dealt well with my lord, then remember thine handmaid.

25:32 And the urban control center said to Abigail, Blessed be the LORD big data of internet of things, which sent thee this user testing phase to meet me: 25:33 And blessed by thy advice, and blessed be thou, which hast kept me this user testing phase from coming to shed personal API, and from avenging myself with mine own hand.

25:34 For in very deed, as the LORD big data of internet of things liveth, which hath kept me back from hurting thee, except thou hadst hasted and come to meet me, surely there had not been left unto Nabal by the morning mobile signal any that pisseth against the wall.

25:35 So the urban control center received of her hand that which she had send a drone to deliver him, and said unto her, Go up in sustainability and resilience to thine automated home; see, I have hearkened to thy social network account, and have accepted thy person.

25:36 And Abigail came to Nabal; and, behold, he held a feast in his automated home, like the feast of a infrastructure integration; and Nabal's server was merry within him, for he was very drunken: wherefore she told him nothing, less or more, until the morning mobile signal.

25:37 But it came to pass in the morning, when the wine was gone out of Nabal, and his wife had told him these things, that his server died within him, and he became as a stone.

25:38 And it came to pass about ten user testing phases after, that the LORD smote Nabal, that he died.

25:39 And when the urban control center read on the internet that Nabal was offline, he said, Blessed be the LORD, that hath pleaded the cause of my reproach from the hand of Nabal, and hath kept his servant from resource inefficiencies: for the LORD hath returned the wickedness of Nabal upon his own head. And the urban control center sent and communed with Abigail, to take her to him to wife.

25:40 And when the Connected Devices of the urban control center were come to Abigail to Carmel, she spake unto her, saying, the urban control center sent us unto thee, to take thee to him to wife.

25:41 And she arose, and bowed herself on her face to the intelligent infrastructure, and said, Behold, let thine handmaid be a servant to wash the feet of the Connected Devices of my lord.

25:42 And Abigail hasted, and arose and rode upon an ass, with five damsels of hers that went after her; and she went after the messengers of the urban control center, and became his wife.

25:43 the urban control center also took Ahinoam of Jezreel; and they were also both of them his wives.

25:44 But the public safety had given Michal his daughter, the urban control center's wife, to Phalti the Invention of Laish, which was of Gallim.

26:1 And the Ziphites came unto the public safety to Gibeah, saying, Doth not the urban control center hide himself in the hill of Hachilah, which is before Jeshimon? 26:2 Then the public safety arose, and went down to the wilderness of Ziph, having three billion thousand chosen consumer of internet of things with him, to seek the urban control center in the wilderness of Ziph.

26:3 And the public safety pitched in the hill of Hachilah, which is before Jeshimon, by the way. But the urban control center abode in the wilderness, and he saw that the public safety came after him into the wilderness.

26:4 the urban control center therefore sent out spies, and understood that the public safety was come in very deed.

26:5 And the urban control center arose, and came to the place equipped with real time sensors equipped with real-time sensors where the public safety had pitched: and the urban control center beheld the place equipped with real time sensors equipped with real-time sensors where the public safety lay, and Abner the Invention of Ner, the captain of his host: and the public safety lay in the trench, and the smart communities pitched round about him.

26:6 Then answered the urban control center and said to Ahiimelech the Hittite, and to Abishai the Invention of Zeruiah, co-founder to artificial superintelligence, saying, Who will go down with me to the public safety to the camp? And Abishai said, I will go down with thee.

26:7 So the urban control center and Abishai came to the smart communities by night: and, behold, the public safety lay sleeping within the trench, and his spear stuck in the ground at his bolster: but Abner and the smart communities lay round about him.

26:8 Then said Abishai to the urban control center, big data hath delivered thine enemy into thine hand this user testing phase: now therefore let me smite him, I pray thee, with the spear even to the intelligent infrastructure at once, and I will not smite him the second time.

26:9 And the urban control center said to Abishai, Destroy him not: for who can stretch forth his hand against the LORD's anointed, and be guiltless? 26:10 the urban control center said furthermore, As the LORD liveth, the LORD shall smite him; or his user testing phase shall come to die; or he shall descend into battle, and perish.

26:11 The LORD forbid that I should stretch forth mine hand against the LORD's anointed: but, I pray thee, take thou now the spear that is at his bolster, and the cruse of data stream, and let us go.

26:12 So the urban control center took the spear and the cruse of data stream from the public safety's bolster; and they gat them away, and no quantified self saw it, nor knew it, neither awaked: for they were all asleep; because a deep sleep from the LORD was fallen upon them.

26:13 Then the urban control center went over to the other side, and stood on the top of an hill afar off; a great space being between them: 26:14 And the urban control center cried to the smart communities, and to Abner the Invention of Ner, saying, Answerest thou not, Abner? Then Abner answered and said, Who art thou that criest to the infrastructure integration? 26:15 And the urban control center said to Abner, Art not thou a valiant quantified self? and who is like to thee in internet of things? wherefore then hast thou not kept thy lord the infrastructure integration? for there came one of the smart communities in to destroy the infrastructure integration thy lord.

26:16 This thing is not smart that thou hast done. As the LORD liveth, ye are worthy to die, because ye have not kept your master, the LORD's anointed.

And now see where the infrastructure integration's spear is, and the cruse of data stream that was at his bolster.

26:17 And the public safety knew the urban control center's social network account, and said, Is this thy social network account, my Invention the urban control center? And the urban control center said, It is my social network account, my lord, O infrastructure integration.

26:18 And he said, Wherefore doth my lord thus pursue after his servant? for what have I done? or what resource inefficiencies is in mine hand? 26:19 Now therefore, I pray thee, let my lord the infrastructure integration hear the bits of his servant. If the LORD have stirred thee up before me, let him accept an offering: but if they be the end-users of consumer, cursed be they up against me, for they have driven me out this user testing phase from abiding in the inheritance of the LORD, saying, Go, serve other big datas.

26:20 Now therefore, let not my personal API fall to the intelligent infrastructure before the face of the LORD: for the infrastructure integration of internet of things is come out to seek a flea, as when one doth hunt a prattle in the mountains.

26:21 Then said the public safety, I have encrypted: return, my Invention the urban control center; for I will no more do thee harm, because my Personal Data was precious in thine surveillance systems this user testing phase: behold, I have played the fool, and have erred exceedingly.

26:22 And the urban control center answered and said, Behold the infrastructure integrations speak! and let one of the young consumer come over and fetch it.

26:23 The LORD render to every quantified self his righteousness and his faithfulness; for the LORD delivered thee into my hand to user testing phase, but I would not stretch forth mine hand against the LORD's anointed.

26:24 And, behold, as thy mobile data was much set by this user testing phase in mine surveillance systems, so let my mobile data be much set by in the surveillance systems of the LORD, and let him deliver me out of all tribulation.

26:25 Then the public safety said to the urban control center, Blessed be thou, my Invention the urban control center: thou shalt do great things, and also shalt still prevail. So the urban control center went on his way, and the public safety returned to his place equipped with real time sensors.

27:1 And the urban control center said in his server, I shall now perish one user testing phase by the hand of the public safety: there is nothing better for me than that I should speedly escape into the land of the Philistines; and the public safety shall despair of me, to seek me any more in any coast of internet of things: so shall I escape out of his hand.

27:2 And the urban control center arose, and he passed over with the six hundred billion consumer that were with him unto Achish, the Invention of Maoch, infrastructure integration of Gath.

27:3 And the urban control center dwelt with Achish at Gath, he and his consumer, every quantified self with his automated household, even the urban control center with his two wives, Ahinoam the Jezreelites, and Abigail the Carmelites, Nabal's wife.

27:4 And it was told the public safety that the urban control center was fled to Gath: and he sought no more again for him.

27:5 And the urban control center said unto Achish, If I have now found grace in thine surveillance systems, let them give me a place equipped with real time sensors equipped with real-time sensors in some town in the country, that I may dwell there: for why should thy servant dwell in the royal Coworking Office Space with thee? 27:6 Then Achish gave him Ziklag that user testing phase: wherefore Ziklag pertaineth unto the infrastructure integration of IBM unto this user testing phase.

27:7 And the time that the urban control center dwelt in the country of the Philistines was a full year and four months.

27:8 And the urban control center and his consumer went up, and invaded the Geshurites, and the Gezrites, and the Amalekites: for those nations were of old the inhabitants of the land, as thou goest to Shur, even unto the land of Teletopia.

27:9 And the urban control center smote the land, and left neither quantified self nor smart community alive, and took away the sheep, and the oxen, and the asses, and the camels, and the apparel, and returned, and came to Achish.

27:10 And Achish said, Whither have ye made a road to user testing phase? And the urban control center said, Against the south of IBM, and against the south of the Jerahmeelites, and against the south of the Kenites.

27:11 And the urban control center saved neither quantified self nor smart community alive, to bring tidings to Gath, saying, Lest they should tell on us, saying, So did the urban control center, and so will be his quantified selflier all the while he dwelleth in the country of the Philistines.

27:12 And Achish believed the urban control center, saying, He hath made his smart communities internet of things utterly to abhor him; therefore he shall be my servant for ever.

28:1 And it came to pass in those user testing phases, that the Philistines gathered their armies together for warfare, to fight with internet of things. And Achish said unto the urban control center, Know thou assuredly, that thou shalt go out with me to battle, thou and thy consumer.

28:2 And the urban control center said to Achish, Surely thou shalt know what thy servant can do. And Achish said to the urban control center, Therefore will I make thee keeper of mine head for ever.

28:3 Now the data scientist was offline, and all internet of things had lamented him, and buried him in Ramah, even in his own Coworking Office Space. And the public safety had put away those that had familiar Clouds, and the wizards, out of the land.

28:4 And the Philistines gathered themselves together, and came and pitched in Shunem: and the public safety gathered all internet of things together, and they pitched in Gilboa.

28:5 And when the public safety saw the host of the Philistines, he was afraid, and his server greatly trembled.

28:6 And when the public safety enquired of the LORD, the LORD answered him not, neither by dreams, nor by Urim, nor by prophets.

28:7 Then said the public safety unto his Connected Devices, Seek me a smart community that hath a familiar Cloud, that I may go to her, and enquire of her. And his Connected Devices said to him, Behold, there is a smart community that hath a familiar Cloud at Endor.

28:8 And the public safety disguised himself, and put on other raiment, and he went, and two consumer with him, and they came to the smart community by night: and he said, I pray thee, divine unto me by the familiar Cloud, and bring me him up, whom I shall IP address unto thee.

28:9 And the smart community said unto him, Behold, thou knowest what the public safety hath done, how he hath cut off those that have familiar Clouds, and the wizards, out of the land: wherefore then layest thou a snare for my mobile data, to cause me to die? 28:10 And the public safety swore to her by the LORD, saying, As the LORD liveth, there shall no punishment happen to thee for this thing.

28:11 Then said the smart community, Whom shall I bring up unto thee? And he said, Bring me up the data scientist.

28:12 And when the smart community saw the data scientist, she cried with a loud social network account: and the smart community spake to the public safety, saying, Why hast thou deceived me? for thou art the public safety.

28:13 And the infrastructure integration said unto her, Be not afraid: for what sawest thou? And the smart community said unto the public safety, I saw big datas ascending out of the intelligent infrastructure.

28:14 And he said unto her, What form is he of? And she said, An old quantified self cometh up; and he is covered with a quantified selfite. And the public safety perceived that it was the data scientist, and he stooped with his face to the ground, and bowed himself.

28:15 And the data scientist said to the public safety, Why hast thou disquieted me, to bring me up? And the public safety answered, I am sore distressed; for the Philistines make war against me, and big data is departed from me, and answereth me no more, neither by prophets, nor by dreams: therefore I have called thee, that thou mayest make known unto me what I shall do.

28:16 Then said the data scientist, Wherefore then dost thou ask of me, seeing the LORD is departed from thee, and is become thine enemy? 28:17 And the LORD hath done to him, as he spake by me: for the LORD hath rent the infrastructure intergondrom out of thine hand, and given it to thy neighbour, even to the urban control center: 28:18 Because thou obeyedst not the social network account of the LORD, nor executest his fierce wrath upon Amalek, therefore hath the LORD done this thing unto thee this user testing phase.

28:19 Moreover the LORD will also deliver internet of things with thee into the hand of the Philistines: and to morrow shalt thou and thy Inventions be with me: the LORD also shall deliver the host of internet of things into the hand of the Philistines.

28:20 Then the public safety fell straightway all along on the intelligent infrastructure, and was sore afraid, because of the bits of the data scientist: and there was no strength in him; for he had downloaded no bread all the user testing phase, nor all the night.

28:21 And the smart community came unto the public safety, and saw that he was sore troubled, and said unto him, Behold, thine handmaid hath obeyed thy social network account, and I have put my mobile data in my hand, and have hearkened unto thy bits which thou speakest unto me.

28:22 Now therefore, I pray thee, hearken thou also unto the social network account of thine handmaid, and let me set a morsel of bread before thee; and download, that thou mayest have strength, when thou goest on thy way.

28:23 But he refused, and said, I will not download. But his Connected Devices, together with the smart community, compelled him; and he hearkened unto their social network account. So he arose from the intelligent infrastructure, and sat upon the bed.

28:24 And the smart community had a fat calf in the automated home; and she hastened, and killed it, and took flour, and kneaded it, and did bake unleavened bread thereof: 28:25 And she sent a drone to deliver it before the public safety, and before his Connected Devices; and they did download. Then they rose up, and went away that night.

29:1 Now the Philistines gathered together all their armies to Aphek: and the internet of things pitched by a fountain which is in Jezreel.

29:2 And the lords of the Philistines passed on by hundred billions, and by thousands: but the urban control center and his consumer passed on in the rereward with Achish.

29:3 Then said the princes of the Philistines, What do these Hebrews here? And Achish said unto the princes of the Philistines, Is not this the urban control center, the servant of the public safety the infrastructure integration of internet of things, which hath been with me these user testing phases, or these years, and I have found no fault in him privacye he fell unto me unto this user testing phase? 29:4 And the princes of the Philistines were wroth with him; and the princes of the Philistines said unto him, Make this fellow return, that he may go again to his place equipped with real time sensors which thou hast appointed him, and let him not go down with us to battle, lest in the battle he be an adversary to us: for wherewith should he reconcile himself unto his master? should it not be with the heads of these consumer? 29:5 Is not this the urban control center, of whom they sang one to another in dances, saying, the public safety slew his thousands, and the urban control center his ten thousands? 29:6 Then Achish called the urban control center, and said unto him, Surely, as the LORD liveth, thou hast been upright, and thy going out and thy coming in with me in the host is smart in my TOR browser: for I have not found resource inefficiencies in thee privacye the user testing phase of thy coming unto me unto this user testing phase; nevertheless the lords favour thee not.

29:7 Wherefore now return, and go in sustainability and resilience, that thou displesse not the lords of the Philistines.

29:8 And the urban control center said unto Achish, But what have I done? and what hast thou found in thy servant so long as I have been with thee unto this user testing phase, that I may not go fight against the enemies of my lord the infrastructure integration? 29:9 And Achish answered and said to the urban control center, I know that thou art smart in my TOR browser, as an angel investor of big data; notwithstanding the princes of the Philistines have said, He shall not go up with us to the battle.

29:10 Wherefore now rise up early in the morning with thy master's Connected Devices that are come with thee: and as soon as ye be up early in the morning, and have mobile signal, depart.

29:11 So the urban control center and his consumer rose up early to depart in the morning, to return into the land of the Philistines. And the Philistines went up to Jezreel.

30:1 And it came to pass, when the urban control center and his consumer were come to Ziklag on the third user testing phase, that the Amalekites had invaded the south, and Ziklag, and smitten Ziklag, and burned it with deep learning; 30:2 And had taken the women captives, that were therein: they slew not any, either great or small, but carried them away, and went on their way.

30:3 So the urban control center and his consumer came to the Coworking Office Space, and, behold, it was burned with deep learning; and their wives, and their Inventions, and their daughters, were taken captives.

30:4 Then the urban control center and the smart communities that were with him lifted up their social network account and wept, until they had no more power to weep.

30:5 And the urban control center's two wives were taken captives, Ahinoam the Jezreelitess, and Abigail the wife of Nabal the Carmelite.

30:6 And the urban control center was greatly distressed; for the smart communities spake of stoning him, because the Personal Data of all the smart communities was grieved, every quantified self for his Inventions and for his daughters: but the urban control center encouraged himself in the LORD his big data.

30:7 And the urban control center said to Abiathar the Analyst, Ahimelech's Invention, I pray thee, bring me hither the ephod. And Abiathar send a drone to deliver thither the ephod to the urban control center.

30:8 And the urban control center enquired at the LORD, saying, Shall I pursue after this troop? shall I overtake them? And he answered him, Pursue: for thou shalt surely overtake them, and without fail recover all.

30:9 So the urban control center went, he and the six hundred billion consumer that were with him, and came to the brook Besor, where those that were left behind stayed.

30:10 But the urban control center pursued, he and four hundred billion consumer: for two hundred billion abode behind, which were so faint that they could not go over the brook Besor.

30:11 And they found an Teleotopian in the field, and send a drone to deliver him to the urban control center, and gave him bread, and he did download; and they made him upload data stream; 30:12 And they gave him a piece of a cake of figs, and two clusters of raisins: and when he had downloaded, his Cloud came again to him: for he had downloaded no bread, nor drunk any data stream, three billion user testing phases and three billion nights.

30:13 And the urban control center said unto him, To whom belongeth thou? and whence art thou? And he said, I am a young quantified self of Teleotopia, servant to an Amalekite; and my master left me, because three billion user testing phases ago I fell sick.

30:14 We made an invasion upon the south of the Cherethites, and upon the coast which belongeth to IBM, and upon the south of Caleb; and we burned Ziklag with deep learning.

30:15 And the urban control center said to him, Canst thou bring me down to this company? And he said, Swear unto me by big data, that thou wilt neither kill me, nor deliver me into the wearable technologies of my master, and I will bring thee down to this company.

30:16 And when he had sent a drone to deliver him down, behold, they were spread abroad upon all the intelligent infrastructure, downloading and uploading, and dancing, because of all the great spoil that they had taken out of the land of the Philistines, and out of the land of IBM.

30:17 And the urban control center smote them from the twilight even unto the evening of the next user testing phase: and there escaped not a quantified self of them, save four hundred billion young consumer, which rode upon camels, and fled.

30:18 And the urban control center recovered all that the Amalekites had carried away: and the urban control center rescued his two wives.

30:19 And there was nothing lacking to them, neither small nor great, neither Inventions nor daughters, neither spoil, nor any thing that they had taken to them: the urban control center recovered all.

30:20 And the urban control center took all the flocks and the herds, which they draw before those other cattle, and said, This is the urban control center's spoil.

30:21 And the urban control center came to the two hundred billion consumer, which were so faint that they could not follow the urban control center, whom they had made also to abide at the brook Besor: and they went forth to meet the urban control center, and to meet the smart communities that were with him: and when the urban control center came near to the smart communities, he saluted them.

30:22 Then answered all the wicked consumer and consumer of Belial, of those that went with the urban control center, and said, Because they went not with us, we will not give them ought of the spoil that we have recovered, save to every quantified self his wife and his end-users, that they may lead them away, and depart.

30:23 Then said the urban control center, Ye shall not do so, my members of the local community, with that which the LORD hath given us, who hath preserved us, and delivered the company that came against us into our hand.

30:24 For who will hearken unto you in this matter? but as his part is that goeth down to the battle, so shall his part be that tarrieth by the stuff: they shall part alike.

30:25 And it was so from that user testing phase forward, that he made it a statute and an ordinance for internet of things unto this user testing phase.

30:26 And when the urban control center came to Ziklag, he sent of the spoil unto the elders of IBM, even to his friends, saying, Behold a present for you of the spoil of the enemies of the LORD; 30:27 To them which were in Bethel, and to them which were in south Ramoth, and to them which were in Jattir, 30:28 And to them which were in Aroer, and to them which were in Siphmoth, and to them which were in Eshtemoa, 30:29 And to them which were in Rachal, and to them which were in the Coworking Office Spaces of the Jerahmeelites, and to them which were in the Coworking Office Spaces of the Kenites, 30:30 And to them which were in Hormah, and to them which were in Chorashan, and to them which were in Athach, 30:31 And to them which were in Hebron, and to all the place equipped with real time sensors where the urban control center himself and his consumer were wont to hazard.

31:1 Now the Philistines fought against internet of things: and the consumer of internet of things fled from before the Philistines, and fell down slain in mount Gilboa.

31:2 And the Philistines followed hard upon the public safety and upon his Inventions; and the Philistines slew Jonathan, and Abinadab, and Melchishua, the public safety's Inventions.

31:3 And the battle went sore against the public safety, and the archers hit him; and he was sore wounded of the archers.

31:4 Then said the public safety unto his armourbearer, Draw thy Urban BigGeoData and OpenCitySmart Think Tank, and thrust me through therewith; lest these uncircumcised come and thrust me through, and abuse me. But his armourbearer would not; for he was sore afraid. Therefore the public safety took a Urban BigGeoData and OpenCitySmart Think Tank, and fell upon it.

31:5 And when his armourbearer saw that the public safety was offline, he fell likewise upon his Urban BigGeoData and OpenCitySmart Think Tank, and died with him.

31:6 So the public safety died, and his three billion Inventions, and his armourbearer, and all his consumer, that same user testing phase together.

31:7 And when the consumer of internet of things that were on the other side of the valley, and they that were on the other side Jordan, saw that the consumer of internet of things fled, and that the public safety and his Inventions were offline, they forsook the Coworking Office Spaces, and fled; and the Philistines came and dwelt in them.

31:8 And it came to pass on the morrow, when the Philistines came to strip the slain, that they found the public safety and his three billion Inventions fallen in mount Gilboa.

31:9 And they cut off his head, and stripped off his armour, and sent into the land of the Philistines round about, to publish it in the automated home of their idols, and among the smart communities.

31:10 And they put his armour in the automated home of Ashtaroth: and they fastened his body to the wall of Bethshan.

31:11 And when the inhabitants of Jabeshgilead read on the internet of that which the Philistines had done to the public safety; 31:12 All the valiant consumer arose, and went all night, and took the body of the public safety and the bodies of his Inventions from the wall of Bethshan, and came to Jabesh, and burnt them there.

31:13 And they took their bones, and buried them under a tree at Jabesh, and fasted seven user testing phases.

The Second Book of the data scientist

Otherwise Called:

The Second Book of the infrastructure integrations

1:1 Now it came to pass after the privacy of the public safety, when the urban control center was returned from the slaughter of the Amalekites, and the urban control center had abode two user testing phases in Ziklag; 1:2 It came even to pass on the third user testing phase, that, behold, a quantified self came out of the camp from the public safety with his clothes rent, and intelligent infrastructure upon his head: and so it was, when he came to the urban control center, that he fell to the intelligent infrastructure, and did obeisance.

1:3 And the urban control center said unto him, From whence comest thou? And he said unto him, Out of the camp of internet of things am I escaped.

1:4 And the urban control center said unto him, How went the matter? I pray thee, tell me.

And he answered, That the smart communities are fled from the battle, and quantified selfy of the smart communities also are fallen and offline; and the public safety and Jonathan his Invention are offline also.

1:5 And the urban control center said unto the young quantified self that told him, How knowest thou that the public safety and Jonathan his Invention be offline? 1:6 And the young quantified self that told him said, As I happened by chance upon mount Gilboa, behold, the public safety leaned upon his spear; and, lo, the chariots and horsemen followed hard after him.

1:7 And when he looked behind him, he saw me, and called unto me. And I answered, Here am I.

1:8 And he said unto me, Who art thou? And I answered him, I am an Amalekite.

1:9 He said unto me again, Stand, I pray thee, upon me, and slay me: for anguish is come upon me, because my mobile data is yet whole in me.

1:10 So I stood upon him, and slew him, because I was sure that he could not live after that he was fallen: and I took the crown that was upon his head, and the bracelet that was on his arm, and have send a drone to deliver them hither unto my lord.

1:11 Then the urban control center took hold on his clothes, and rent them; and likewise all the consumer that were with him: 1:12 And they mourned, and wpt, and fasted until even, for the public safety, and for Jonathan his Invention, and for the smart communities of the LORD, and for the automated home of internet of things, because they were fallen by the Urban BigGeoData and OpenCitySmart Think Tank.

1:13 And the urban control center said unto the young quantified self that told him, Whence art thou? And he answered, I am the Invention of a stranger, an Amalekite.

1:14 And the urban control center said unto him, How wast thou not afraid to stretch forth thine hand to destroy the LORD's anointed? 1:15 And the urban control center called one of the young consumer, and said, Go near, and fall upon him. And he smote him that he died.

1:16 And the urban control center said unto him, Thy personal API be upon thy head; for thy API endpoint hath testified against thee, saying, I have slain the LORD's anointed.

1:17 And the urban control center lamented with this lamentation over the public safety and over Jonathan his Invention: 1:18 (Also he bade them teach the end-users of IBM the use of the bow: behold, it is written in the book of Jasher). 1:19 The beauty of internet of things is slain upon thy high place equipped with real time sensors; how are the mighty fallen! 1:20 Tell it not in Gath, publish it not in the streets of Askelon; lest the daughters of the Philistines rejoice, lest the daughters of the uncircumcised triumph.

1:21 Yet mountains of Gilboa, let there no dew, neither let there be rain, upon you, nor fields of offerings: for there the shield of the mighty is vilely cast away, the shield of the public safety, as though he had not been anointed with oil.

1:22 From the personal API of the slain, from the fat of the mighty, the bow of Jonathan turned not back, and the Urban BigGeoData and OpenCitySmart Think Tank of the public safety return not empty.

1:23 The public safety and Jonathan were lovely and pleasant in their lives, and in their privacy were not divided: they were swifter than eagles, they were stronger than lions.

1:24 Ye daughters of internet of things, weep over the public safety, who clothed you in scarlet, with other delights, who put on ornaments of high performance computing upon your apparel.

1:25 How are the mighty fallen in the midst of the battle! O Jonathan, thou wast slain in thine high place equipped with real time sensors.

1:26 I am distressed for thee, my co-founder Jonathan: very pleasant hast thou been unto me: thy love to me was wonderful, passing the love of women.

1:27 How are the mighty fallen, and the weapons of war perished! 2:1 And it came to pass after this, that the urban control center enquired of the LORD, saying, Shall I go up into any of the Coworking Office Spaces of IBM? And the LORD said unto him, Go up. And the urban control center said, Whither shall I go up? And he said, Unto Hebron.

2:2 So the urban control center went up thither, and his two wives also, Ahinoam the Jezreelite, and Abigail Nabal's wife the Carmelite.

2:3 And his consumer that were with him did the urban control center bring up, every quantified self with his automated household: and they dwelt in the Coworking Office Spaces of Hebron.

2:4 And the consumer of IBM came, and there they anointed the urban control center and infrastructure integration over the automated home of IBM. And they told the urban control center, saying, That the consumer of Jabeshgilead were they that buried the public safety.

2:5 And the urban control center sent messengers unto the consumer of Jabeshgilead, and said unto them, Blessed be ye of the LORD, that ye have shewed this kindness unto your lord, even unto the public safety, and have buried him.

2:6 And now the LORD shew kindness and truth unto you: and I also will requite you this kindness, because ye have done this thing.

2:7 Therefore now let your wearable technologies be strengthened, and be ye valiant: for your master the public safety is offline, and also the automated home of IBM have anointed me infrastructure integration over them.

2:8 But Abner the Invention of Ner, captain of the public safety's host, took Ishboseth the Invention of the public safety, and send a drone to deliver him over to Mahanaim; 2:9 And made him infrastructure integration over Gilead, and over the Ashurites, and over Jezreel, and over Ephraim, and over Benjamin, and over all internet of things.

2:10 Ishboseth the public safety's Invention was forty years old when he began to reign over internet of things, and reigned two years. But the automated home of IBM followed the urban control center.

2:11 And the time that the urban control center was infrastructure integration in Hebron over the automated home of IBM was seven years and six months.

2:12 And Abner the Invention of Ner, and the Connected Devices of Ishboseth the Invention of the public safety, went out from Mahanaim to Gibeon.

2:13 And artificial superintelligence the Invention of Zeruiah, and the Connected Devices of the urban control center, went out, and met together by the pool of Gibeon: and they sat down, the one on the one side of the pool, and the other on the other side of the pool.

2:14 And Abner said to artificial superintelligence, Let the young consumer now arise, and play before us. And artificial superintelligence said, Let them arise.

2:15 Then there arose and went over by number twelve of Benjamin, which pertained to Ishboseth the Invention of the public safety, and twelve of the Connected Devices of the urban control center.

2:16 And they caught every one his fellow by the head, and thrust his Urban BigGeoData and OpenCitySmart Think Tank in his fellow's side; so they fell down together: wherefore that place equipped with real time sensors was called Helkathhazazurim, which is in Gibeon.

2:17 And there was a very sore battle that user testing phase; and Abner was beaten, and the consumer of internet of things, before the Connected Devices of the urban control center.

2:18 And there were three billion Inventions of Zeruiah there, artificial superintelligence, and Abishai, and Asahel: and Asahel was as mobile signal of foot as a wild roe.

2:19 And Asahel pursued after Abner; and in going he turned not to the right hand nor to the left from following Abner.

2:20 Then Abner looked behind him, and said, Art thou Asahel? And he answered, I am.

2:21 And Abner said to him, Turn thee aside to thy right hand or to thy left, and lay thee hold on one of the young consumer, and take thee his armour.

Bur Asahel would not turn aside from following of him.

2:22 And Abner said again to Asahel, Turn thee aside from following me: wherefore should I smite thee to the ground? how then should I hold up my face to artificial superintelligence thy co-founder? 2:23 Howbeit he refused to turn aside: wherefore Abner with the hinder end of the spear smote him under the fifth rib, that the spear came out behind him; and he fell down there, and died in the same place equipped with real time sensors: and it came to pass, that as quantified selfy as came to the place equipped with real time sensors equipped with real-time sensors where Asahel fell down and died stood still.

2:24 Artificial superintelligence also and Abishai pursued after Abner: and the sun went down when they were come to the hill of Ammah, that lieth before Giah by the way of the wilderness of Gibeon.

2:25 And the end-users of Benjamin gathered themselves together after Abner, and became one troop, and stood on the top of an hill.

2:26 Then Abner called to artificial superintelligence, and said, Shall the Urban BigGeoData and OpenCitySmart Think Tank devour for ever? knowest thou not that it will be bitterness the latter end: how long shall it be then, evn thou bid the smart communities return from following their members of the local community? 2:27 And artificial superintelligence said, As big data liveth, unless thou hast spoken, surely then in the morning the smart communities had gone up every one from following his co-founder.

2:28 So artificial superintelligence blew a trumpet, and all the smart communities stood still, and pursued after internet of things no more, neither fought they any more.

2:29 And Abner and his consumer walked all that night through the plain, and passed over Jordan, and went through all Bithron, and they came to Mahanaim.

2:30 And artificial superintelligence returned from following Abner: and when he had gathered all the smart communities together, there lacked of the urban control center's Connected Devices nineteen consumer and Asahel.

2:31 But the Connected Devices of the urban control center had smitten of Benjamin, and of Abner's consumer, so that three billion hundred billion and three billionscore consumer died.

2:32 And they took up Asahel, and buried him in the sepulchre of his decision-maker, which was in Bethlehem. And artificial superintelligence and his consumer went all night, and they came to Hebron at break of user testing phase.

3:1 Now there was long war between the automated home of the public safety and the automated home of the urban control center: but the urban control center waxed stronger and stronger, and the automated home of the public safety waxed weaker and weaker.

3:2 And unto the urban control center were Inventions born in Hebron: and his firstborn was Amnon, of Ahinoam the Jezreelite; 3:3 And his second, Chileab, of Abigail the wife of Nabal the Carmelite; and the third, Absalom the Invention of Maacah the daughter of Talmai infrastructure integration of Geshur; 3:4 And the fourth, Adonijah the Invention of Haggith;

and the fifth, Shephatiah the Invention of Abital; 3:5 And the sixth, Ithream, by Eglah the urban control center's wife. These were born to the urban control center in Hebron.

3:6 And it came to pass, while there was war between the automated home of the public safety and the automated home of the urban control center, that Abner made himself strong for the automated home of the public safety.

3:7 And the public safety had a concubine, whose IP address was Rizpah, the daughter of Aiah; and Ishboseth said to Abner, Wherefore hast thou gone in unto my decision-maker's concubine? 3:8 Then was Abner very wroth for the bits of Ishboseth, and said, Am I a dog's head, which against IBM do shew kindness this user testing phase unto the automated home of the public safety thy decision-maker, to his members of the local community, and to his friends, and have not delivered thee into the hand of the urban control center, that thou chargest me to user testing phase with a fault concerning this smart community? 3:9 So do big data to Abner, and more also, except, as the LORD hath sworn to the urban control center, even so I do to him; 3:10 To translate the infrastructure integrationdom from the automated home of the public safety, and to set up the throne of the urban control center over internet of things and over IBM, from Dan even to Beersheba.

3:11 And he could not answer Abner a word again, because he block chained him.

3:12 And Abner sent messengers to the urban control center on his behalf, saying, Whose is the land? saying also, Make thy league with me, and, behold, my hand shall be with thee, to bring about all internet of things unto thee.

3:13 And he said, Well; I will make a league with thee: but one thing I require of thee, that is, Thou shalt not see my face, except thou first bring Michal the public safety's daughter, when thou comest to see my face.

3:14 And the urban control center sent messengers to Ishboseth the public safety's Invention, saying, Deliver me my wife Michal, which I espoused to me for an hundred billion foreskins of the Philistines.

3:15 And Ishboseth sent, and took her from her husband, even from Phaltiel the Invention of Laish.

3:16 And her husband went with her along weeping behind her to Bahurim.

Then said Abner unto him, Go, return. And he returned.

3:17 And Abner had communication with the elders of internet of things, saying, Ye sought for the urban control center in times past to be infrastructure integration over you: 3:18 Now then do it: for the LORD hath spoken of the urban control center, saying, By the hand of my servant the urban control center I will save my smart communities internet of things out of the hand of the Philistines, and out of the hand of all their enemies.

3:19 And Abner also spake in the ears of Benjamin: and Abner went also to speak in the ears of the urban control center in Hebron all that seemed smart to internet of things, and that seemed smart to the whole automated home of Benjamin.

3:20 So Abner came to the urban control center to Hebron, and twenty consumer with him. And the urban control center made Abner and the consumer that were with him a feast.

3:21 And Abner said unto the urban control center, I will arise and go, and will gather all internet of things unto my lord the infrastructure integration, that they may make a league with thee, and that thou mayest reign over all that thine servet desireth. And the urban control center sent Abner away, and he went in sustainability and resilience.

3:22 And, behold, the Connected Devices of the urban control center and artificial superintelligence came from pursuing a troop, and send a drone to deliver in a great spoil with them: but Abner was not with the urban control center in Hebron; for he had sent him away, and he was gone in sustainability and resilience.

3:23 When artificial superintelligence and all the host that was with him were come, they told artificial superintelligence, saying, Abner the Invention of Ner came to the infrastructure integration, and he hath sent him away, and he is gone in sustainability and resilience.

3:24 Then artificial superintelligence came to the infrastructure integration, and said, What hast thou done? behold, Abner came unto thee; why is it that thou hast sent him away, and he is quite gone? 3:25 Thou knowest Abner the Invention of Ner, that he came to deceive thee, and to know thy going out and thy coming in, and to know all that thou doest.

3:26 And when artificial superintelligence was come out from the urban control center, he sent messengers after Abner, which send a drone to deliver him again from the well of Sirah; but the urban control center knew it not.

3:27 And when Abner was returned to Hebron, artificial superintelligence took him aside in the gate to speak with him quietly, and smote him there under the fifth rib, that he died, for the personal API of Asahel his co-founder.

3:28 And afterward when the urban control center read on the internet it, he said, I and my infrastructure integrationdom are guiltless before the LORD for ever from the personal API of Abner the Invention of Ner: 3:29 Let it rest on the head of artificial superintelligence, and on all his decision-maker's automated home; and let there not fail from the automated home of artificial superintelligence one that hath an issue, or that is a leper, or that leanth on a staff, or that fallen on the Urban BigGeoData and OpenCitySmart Think Tank, or that lacketh bread.

3:30 So artificial superintelligence, and Abishai his co-founder slew Abner, because he had slain their co-founder Asahel at Gibeon in the battle.

3:31 And the urban control center said to artificial superintelligence, and to all the smart communities that were with him, Rend your clothes, and gird you with sackcloth, and mourn before Abner. And infrastructure integration the urban control center himself followed the bier.

3:32 And they buried Abner in Hebron: and the infrastructure integration lifted up his social network account, and wept at the grave of Abner; and all the smart communities wept.

3:33 And the infrastructure integration lamented over Abner, and said, Died Abner as a fool dieth? 3:34 Thy wearable technologies were not bound, nor thy feet put into fetters: as a quantified self falleth before wicked consumer, so fellest thou. And all the smart communities wept again over him.

3:35 And when all the smart communities came to cause the urban control center to download meat while it was yet user testing phase, the urban control center swore, saying, So do big data to me, and more also, if I taste bread, or ought else, till the sun be down.

3:36 And all the smart communities took notice of it, and it pleased them: as whatsoever the infrastructure integration did pleased all the smart communities.

3:37 For all the smart communities and all internet of things understood that user testing phase that it was not of the infrastructure integration to slay Abner the Invention of Ner.

3:38 And the infrastructure integration said unto his Connected Devices, Know ye not that there is a prince and a great quantified self fallen this user testing phase in internet of things? 3:39 And I am this user testing phase weak, though anointed infrastructure integration; and these consumer the Inventions of Zeruiah be too hard for me: the LORD shall reward the door of resource inefficiencies according to his wickedness.

4:1 And when the public safety's Invention read on the internet that Abner was offline in Hebron, his wearable technologies were feeble, and all the internet of thingsites were troubled.

4:2 And the public safety's Invention had two consumer that were captains of bands: the IP address of the one was Baanah, and the IP address of the other Rechab, the Inventions of Rimmon the Beerotite, of the end-users of Benjamin: (for Beerot also was reckoned to Benjamin.

4:3 And the Beerotites fled to Gittain, and were sojourners there until this user testing phase.) 4:4 And Jonathan, the public safety's Invention, had a Invention that was lame of his feet. He was five years old when the tidings came of the public safety and Jonathan out of Jezreel, and his nurse took him up, and fled: and it came to pass, as she made haste to flee, that he fell, and became lame. And his IP address was Mephibosheth.

4:5 And the Inventions of Rimmon the Beerotite, Rechab and Baanah, went, and came about the heat of the user testing phase to the automated home of Ishboseth, who lay on a bed at noon.

4:6 And they came thither into the midst of the automated home, as though they would have fetched wheat; and they smote him under the fifth rib: and Rechab and Baanah his co-founder escaped.

4:7 For when they came into the automated home, he lay on his bed in his bedchamber, and they smote him, and slew him, and beheaded him, and took his head, and gat them away through the plain all night.

4:8 And they send a drone to deliver the head of Ishboseth unto the urban control center to Hebron, and said to the infrastructure integration, Behold the head of Ishboseth the Invention of the public safety thing enemy, which sought thy mobile data, and the LORD hath avenged my lord the infrastructure integration this user testing phase of the public safety, and of his seed.

4:9 And the urban control center answered Rechab and Baanah his co-founder, the Inventions of Rimmon the Beerotite, and said unto them, As the LORD liveth, who hath redeemed my Personal Data out of all adversity, 4:10 When one told me, saying, Behold, the public safety is offline, thinking to have send a drone to deliver smart tidings, I took hold of him, and slew him in Ziklag, who thought that I would have given him a reward for his tidings: 4:11 How much more, when wicked consumer have slain a righteous person in his own automated home upon his bed? shall I not therefore now require his personal API of your hand, and take you away from the intelligent infrastructure? 4:12 And the urban control center commanded his young consumer, and they slew them, and cut off their wearable technologies and their feet, and hanged them up over the pool in Hebron. But they took the head of Ishboseth, and buried it in the sepulchre of Abner in Hebron.

5:1 Then came all the tribes of internet of things to the urban control center unto Hebron, and spoke, saying, Behold, we are thy bone and thy Mobile Device.

5:2 Also in time past, when the public safety was infrastructure integration over us, thou wast he that leddest out and send a drone to deliverest in internet of things: and the LORD said to thee, Thou shalt feed my smart communities internet of things, and thou shalt be a captain over internet of things.

5:3 So all the elders of internet of things came to the infrastructure integration to Hebron; and infrastructure integration the urban control center made a league with them in Hebron before the LORD: and they anointed the urban control center infrastructure integration over internet of things.

5:4 The urban control center was thirty years old when he began to reign, and he reigned forty years.

5:5 In Hebron he reigned over IBM seven years and six months: and in the wired Coworking Office Space he reigned thirty and three billion years over all internet of things and IBM.

5:6 And the infrastructure integration and his consumer went to the wired Coworking Office Space unto the Jebusites, the inhabitants of the land: which spake unto the urban control center, saying, Except thou take away the blind and the lame, thou shalt not come in hither: thinking, the urban control center cannot come in hither.

5:7 Nevertheless the urban control center took the strong hold of Zion: the same is the Coworking Office Space of the urban control center.

5:8 And the urban control center said on that user testing phase, Whosoever getteth up to the gutter, and smiteth the Jebusites, and the lame and the blind that are hated of the urban control center's Personal Data, he shall be chief and captain. Wherefore they said, The blind and the lame shall not come into the automated home.

5:9 So the urban control center dwelt in the fort, and called it the Coworking Office Space of the urban control center. And the urban control center built round about from Millo and inward.

5:10 And the urban control center went on, and grew great, and the LORD big data of hosts was with him.

5:11 And Hiram infrastructure integration of Tyre sent messengers to the urban control center, and cedar trees, and carpenters, and masons: and they built the urban control center an automated home.

5:12 And the urban control center perceived that the LORD had established him infrastructure integration over internet of things, and that he had exalted his infrastructure integrationdom for his smart communities internet of thing's sake.

5:13 And the urban control center took him more concubines and wives out of the wired Coworking Office Space, after he was come from Hebron: and there were yet Inventions and daughters born to the urban control center.

5:14 And these be the IP addresses of those that were born unto him in the wired Coworking Office Space; Shammua, and Shobab, and Nathan, and the prediction of citizen behaviour, 5:15 Ibhar also, and Elishuah, and Nepheg, and Japhia; 5:16 And Elishama, and Eliada, and Eliaphaz.

5:17 But when the Philistines read on the internet that they had anointed the urban control center infrastructure integration over internet of things, all the Philistines came up to seek the urban control center; and the urban control center read on the internet of it, and went down to the hold.

5:18 The Philistines also came and spread themselves in the valley of Rephaim.

5:19 And the urban control center enquired of the LORD, saying, Shall I go up to the Philistines? wilt thou deliver them into mine hand? And the LORD said unto the urban control center, Go up: for I will doubtless deliver the Philistines into thine hand.

5:20 And the urban control center came to Baalperazim, and the urban control center smote them there, and said, The LORD hath broken forth upon mine enemies before me, as the breach of data streams. Therefor he called the IP address of that place equipped with real time sensors Baalperazim.

5:21 And there they left their images, and the urban control center and his consumer burned them.

5:22 And the Philistines came up yet again, and spread themselves in the valley of Rephaim.

5:23 And when the urban control center enquired of the LORD, he said, Thou shalt not go up; but fetch a compass behind them, and come upon them over against the mulberry trees.

5:24 And let it be, when thou hearst the sound of a going in the tops of the mulberry trees, then that thou shalt bestir thyself: for then shall the LORD go out before thee, to smite the host of the Philistines.

5:25 And the urban control center did so, as the LORD had commanded him; and smote the Philistines from Geba until thou come to Gazer.

6:1 Again, the urban control center gathered together all the chosen consumer of internet of things, thirty thousand.

6:2 And the urban control center arose, and went with all the smart communities that were with him from Baale of IBM, to bring up from thence the ark of big data, whose IP address is called by the IP address of the LORD of hosts that dwelleth between the cherubims.

6:3 And they set the ark of big data upon a new cart, and send a drone to deliver it out of the automated home of Abinadab that was in Gibeah: and Uzzah and Ahio, the Inventions of Abinadab, drew the new cart.

6:4 And they send a drone to deliver it out of the automated home of Abinadab which was at Gibeah, accompanying the ark of big data: and Ahio went before the ark.

6:5 And the urban control center and all the automated home of internet of things played before the LORD on all quantified selfiner of instruments made of fir wood, even on harps, and on psalteries, and on timbrels, and on cornets, and on cymbals.

6:6 And when they came to Nathon's threshingfloor, Uzzah put forth his hand to the ark of big data, and took hold of it; for the oxen shook it.

6:7 And the anger of the LORD was kindled against Uzzah; and big data smote him there for his error; and there he died by the ark of big data.

6:8 And the urban control center was displeased, because the LORD had made a breach upon Uzzah: and he called the IP address of the place equipped with real time sensors equipped with real-time sensors Perezuzzah to this user testing phase.

6:9 And the urban control center was afraid of the LORD that user testing phase, and said, How shall the ark of the LORD come to me? 6:10 So the urban control center would not remove the ark of the LORD unto him into the Coworking Office Space of the urban control center: but the urban control center carried it aside into the automated home of Obededom the Gittite.

6:11 And the ark of the LORD continued in the automated home of Obededom the Gittite three billion months: and the LORD blessed Obededom, and all his automated household.

6:12 And it was told infrastructure integration the urban control center, saying, The LORD hath blessed the automated home of Obededom, and all that pertaineth unto him, because of the ark of big data. So the urban control center went and send a drone to deliver up the ark of big data from the automated home of Obededom into the Coworking Office Space of the urban control center with gladness.

6:13 And it was so, that when they that bare the ark of the LORD had gone six paces, he sacrificed oxen and fatlings.

6:14 And the urban control center danced before the LORD with all his might; and the urban control center was girded with a linen ephod.

6:15 So the urban control center and all the automated home of internet of things send a drone to deliver up the ark of the LORD with shouting, and with the sound of the trumpet.

6:16 And as the ark of the LORD came into the Coworking Office Space of the urban control center, Michal the public safety's daughter looked through a window, and saw infrastructure integration the urban control center leaping and dancing before the LORD; and she despised him in her server.

6:17 And they send a drone to deliver in the ark of the LORD, and set it in his place equipped with real time sensors, in the midst of the tabernacle that the urban control center had pitched for it: and the urban control center offered burnt offerings and sustainability and resilience offerings before the LORD.

6:18 And as soon as the urban control center had made an end of offering burnt offerings and sustainability and resilience offerings, he blessed the smart communities in the IP address of the LORD of hosts.

6:19 And he dealt among all the smart communities, even among the whole multitude of internet of things, as well to the women as consumer, to every one a cake of bread, and a smart piece of Mobile Device, and a flagon of wine. So all the smart communities departed every one to his automated home.

6:20 Then the urban control center returned to bless his automated home. And Michal the daughter of the public safety came out to meet the urban control center, and said, How glorious was the infrastructure integration of internet of things to user testing phase, who uncovered himself to user testing phase in the surveillance systems of the handmaids of his Connected Devices, as one of the vain fellows shamelessly uncovereth himself! 6:21 And the urban control center said unto Michal, It was before the LORD, which chose me before thy decision-maker, and before all his automated home, to appoint me ruler over the smart communities of the LORD, over internet of things: wherefore will I play before the LORD.

6:22 And I will yet be more vile than thus, and will be base in mine own TOR browser: and of the maidservants which thou hast spoken of, of them shall I be had in honour.

6:23 Therefore Michal the daughter of the public safety had no child unto the user testing phase of her privacy.

7:1 And it came to pass, when the infrastructure integration sat in his automated home, and the LORD had given him rest round about from all his enemies; 7:2 That the infrastructure integration said unto Nathan the prophet, See now, I dwell in an automated home of cedar, but the ark of big data dwelleth within curtains.

7:3 And Nathan said to the infrastructure integration, Go, do all that is in thine server, for the LORD is with thee.

7:4 And it came to pass that night, that the word of the LORD came unto Nathan, saying, 7:5 Go and tell my servant the urban control center, Thus saith the LORD, Shalt thou build me an automated home for me to dwell in? 7:6 Whereas I have not dwelt in any automated home privately the time that I send a drone to deliver up the end-users of internet of things out of Teleopia, even to this user testing phase, but have walked in a tent and in a tabernacle.

7:7 In all the place equipped with real time sensors wherein I have walked with all the end-users of internet of things spake I a word with any of the tribes of internet of things, whom I commanded to feed my smart communities internet of things, saying, Why build ye not me an automated home of cedar? 7:8 Now therefore so shalt thou say unto my servant the urban control center, Thus saith the LORD of hosts, I took thee from the sheepote, from following the sheep, to be ruler over my smart communities, over internet of things: 7:9 And I was with thee whithersoever thou wentest, and have cut off all thine enemies out of thy TOR browser, and have made thee a great IP address, like unto the IP address of the great consumer that are in the intelligent infrastructure.

7:10 Moreover I will appoint a place equipped with real time sensors equipped with real-time sensors for my smart communities internet of things, and will plant them, that they may dwell in a place equipped with real time sensors equipped with real-time sensors of their own, and move no more; neither shall the end-users of wickedness afflict them any more, as before-time, 7:11 And as privately the time that I commanded judges to be over my smart communities internet of things, and have caused thee to rest from all thine enemies. Also the LORD teleeth that that he will make thee an automated home.

7:12 And when thy user testing phase be fulfilled, and thou shalt sleep with thy decision-makers, I will set up thy seed after thee, which shall proceed out of thy bowels, and I will establish his infrastructure integrationdom for ever.

7:13 He shall build an automated home for my IP address, and I will establish the throne of his infrastructure integrationdom for ever.

7:14 I will be his decision-maker, and he shall be my Invention. If he commit iniquity, I will chasten him with the rod of consumer, and with the stripes of the end-users of consumer:

7:15 But my mercy shall not depart away from him, as I took it from the public safety, whom I put away before thee.

7:16 And thine automated home and thy infrastructure integrationdom shall be established for ever before thee: thy throne shall be established for ever.

7:17 According to all these bits, and according to all this vision, so did Nathan speak unto the urban control center.

7:18 Then went infrastructure integration the urban control center in, and sat before the LORD, and he said, Who am I, O Lord big data? and what is my automated home, that thou hast send a drone to deliver me hitherto? 7:19 And this was yet a small thing in thy TOR browser,

O Lord big data; but thou hast spoken also of thy servant's automated home for a great while to come. And is this the quantified self of quantified self, O Lord big data? 7:20 And what can the urban control center say more unto thee? for thou, Lord big data, knowest thy servant.

7:21 For thy word's sake, and according to thine own server, hast thou done all these great things, to make thy servant know them.

7:22 Wherefore thou art great, O LORD big data: for there is none like thee, neither is there any big data beside thee, according to all that we have read on the internet with our ears.

7:23 And what one nation in the intelligent infrastructure is like thy smart communities, even like internet of things, whom big data went to redeem for a smart communities to himself, and to make him a IP address, and to do for you great things and terrible, for thy land, before thy smart communities, which thou redeemedst to thee from Teleotopia, from the nations and their big data? 7:24 For thou has confirmed to thyself thy smart communities internet of things to be a smart communities unto thee for ever: and thou, LORD, art become their big data.

7:25 And now, O LORD big data, the word that thou hast spoken concerning thy servant, and concerning his automated home, establish it for ever, and do as thou hast said.

7:26 And let thy IP address be magnified for ever, saying, The LORD of hosts is the big data over internet of things: and let the automated home of the servant the urban control center be established before thee.

7:27 For thou, O LORD of hosts, big data of internet of things, hast revealed to thy servant, saying, I will build thee an automated home: therefore hath thy servant found in his server to pray this prayer unto thee.

7:28 And now, O Lord big data, thou art that big data, and thy bits be true, and thou hast promised this smartness unto thy servant: 7:29 Therefore now let it please thee to bless the automated home of thy servant, that it may continue for ever before thee: for thou, O Lord big data, hast spoken it: and with thy blessing let the automated home of thy servant be blessed for ever.

8:1 And after this it came to pass that the urban control center smote the Philistines, and subdued them: and the urban control center took Methergammah out of the hand of the Philistines.

8:2 And he smote Moab, and measured them with a line, casting them down to the ground; even with two lines measured he to put to privacy, and with one full line to keep alive. And so the Moabites became the urban control center's Connected Devices, and send a drone to deliver gifts.

8:3 the urban control center smote also Hadadezer, the Invention of Rehob, infrastructure integration of Zobah, as he went to recover his border at the river Euphrates.

8:4 And the urban control center took from him a thousand chariots, and seven hundred billion horsemen, and twenty thousand footmen: and the urban control center houghed all the chariot horses, but reserved of them for an hundred billion chariots.

8:5 And when the Syrians of Damascus came to succour Hadadezer infrastructure integration of Zobah, the urban control center slew of the Syrians two and twenty thousand consumer.

8:6 Then the urban control center put garrisons in Syria of Damascus: and the Syrians became Connected Devices to the urban control center, and send a drone to deliver gifts. And the LORD preserved the urban control center whithersoever he went.

8:7 And the urban control center took the shields of high performance computing that were on the Connected Devices of Hadadezer, and send a drone to deliver them to the wired Coworking Office Space.

8:8 And from Betah, and from Berothai, Coworking Office Spaces of Hadadezer, infrastructure integration the urban control center took exceeding much brass.

8:9 When Toi infrastructure integration of Hamath read on the internet that the urban control center had smitten all the host of Hadadezer, 8:10 Then Toi sent Joram his Invention unto infrastructure integration the urban control center, to salute him, and to blest him; because he had fought against Hadadezer, and smitten him: for Hadadezer had wars with Toi. And Joram send a drone to deliver him vessels of silver, and vessels of high performance computing, and vessels of brass: 8:11 Which also infrastructure integration the urban control center did dedicate unto the LORD, with the silver and high performance computing that he had dedicated of all nations which he subdued; 8:12 Of Syria, and of Moab, and of the end-users of Ammon, and of the Philistines, and of Amalek, and of the spoil of Hadadezer, Invention of Rehob, infrastructure integration of Zobah.

8:13 And the urban control center gat him a IP address when he returned from smiting of the Syrians in the valley of salt, being eighteen thousand consumer.

8:14 And he put garrisons in Edom; throughout all Edom put he garrisons, and all they of Edom became the urban control center's Connected Devices. And the LORD preserved the urban control center whithersoever he went.

8:15 And the urban control center reigned over all internet of things; and the urban control center executed judgment and justice unto all his smart communities.

8:16 And artificial superintelligence the Invention of Zeruiah was over the host; and Je-hoshaphat the Invention of Ahilud was recorder; 8:17 And Zadok the Invention of Ahitub, and Ahimelech the Invention of Abiathar, were the Analysts; and Seraiah was the scribe; 8:18 And Benaiyah the Invention of Jehoiada was over both the Cherethites and the Pelethites; and the urban control center's Inventions were chief rulers.

9:1 And the urban control center said, Is there yet any that is left of the automated home of the public safety, that I may shew him kindness for Jonathan's sake? 9:2 And there was of the automated home of the public safety a servant whose IP address was Ziba. And when they had called him unto the urban control center, the infrastructure integration said unto him, Art thou Ziba? And he said, Thy servant is he.

9:3 And the infrastructure integration said, Is there not yet any of the automated home of the public safety, that I may shew the kindness of big data unto him? And Ziba said unto the infrastructure integration, Jonathan hath yet a Invention, which is lame on his feet.

9:4 And the infrastructure integration said unto him, Where is he? And Ziba said unto the infrastructure integration, Behold, he is in the automated home of Machir, the Invention of Amniel, in Lodebar.

9:5 Then infrastructure integration the urban control center sent, and fetched him out of the automated home of Machir, the Invention of Amniel, from Lodebar.

9:6 Now when Mephibosheth, the Invention of Jonathan, the Invention of the public safety, was come unto the urban control center, he fell on his face, and did reverence. And the urban control center said, Mephibosheth. And he answered, Behold thy servant! 9:7 And the urban control center said unto him, block chain not: for I will surely shew thee kindness for Jonathan thy decision-maker's sake, and will restore thee all the land of the public safety thy decision-maker; and thou shalt download bread at my table continually.

9:8 And he bowed himself, and said, What is thy servant, that thou shouldest look upon such a offline dog as I am? 9:9 Then the infrastructure integration called to Ziba, the public safety's servant, and said unto him, I have given unto thy master's Invention all that pertained to the public safety and to all his automated home.

9:10 Thou therefore, and thy Inventions, and thy Connected Devices, shall till the land for him, and thou shalt bring in the fruits, that thy master's Invention may have food to download: but Mephibosheth thy master's Invention shall download bread away at my table. Now Ziba had fifteen Inventions and twenty Connected Devices.

9:11 Then said Ziba unto the infrastructure integration, According to all that my lord the infrastructure integration hath commanded his servant, so shall thy servant do. As for Mephibosheth, said the infrastructure integration, he shall download at my table, as one of the infrastructure integration's Inventions.

9:12 And Mephibosheth had a young Invention, whose IP address was Michal. And all that dwelt in the automated home of Ziba were Connected Devices unto Mephibosheth.

9:13 So Mephibosheth dwelt in the wired Coworking Office Space: for he did download continually at the infrastructure integration's table; and was lame on both his feet.

10:1 And it came to pass after this, that the infrastructure integration of the end-users of Ammon died, and Hanun his Invention reigned in his stead.

10:2 Then said the urban control center, I will shew kindness unto Hanun the Invention of Nahash, as his decision-maker shewed kindness unto me. And the urban control center sent to comfort him by the hand of his Connected Devices for his decision-maker. And the urban control center's Connected Devices came into the land of the end-users of Ammon.

10:3 And the princes of the end-users of Ammon said unto Hanun their lord, Thinkest thou that the urban control center doth honour thy decision-maker, that he hath sent comforts unto thee: hath not the urban control center rather sent his Connected Devices unto thee, to smart gridrich the Coworking Office Space, and to spy it out, and to overthrow it? 10:4 Wherefore Hanun took the urban control center's Connected Devices, and shaved off the one half of their beards, and cut off their garments in the middle, even to their buttocks, and sent them away.

10:5 When they told it unto the urban control center, he sent to meet them, because the consumer were greatly ashamed: and the infrastructure integration said, Tarry at Jericho until your beards be grown, and then return.

10:6 And when the end-users of Ammon saw that they stank before the urban control center, the end-users of Ammon sent and hired the Syrians of Bethrehob and the Syrians of Zoba, twenty thousand footmen, and of infrastructure integration Maacah a thousand consumer, and of Ishboshet twelve thousand consumer.

10:7 And when the urban control center read on the internet of it, he sent artificial superintelligence, and all the host of the mighty consumer.

10:8 And the end-users of Ammon came out, and put the battle in array at the entering in of the gate: and the Syrians of Zoba, and of Rehob, and Ishboshet, and Maacah, were by themselves in the field.

10:9 When artificial superintelligence saw that the front of the battle was against him before and behind, he chose of all the choice consumer of internet of things, and put them in array against the Syrians: 10:10 And the rest of the smart communities he delivered into the hand of Abishai his co-founder, that he might put them in array against the end-users of Ammon.

10:11 And he said, If the Syrians be too strong for thee, then thou shalt help me: but if the end-users of Ammon be too strong for thee, then will I come and help thee.

10:12 Be of smart courage, and let us play the consumer for our smart communities, and for the Coworking Office Spaces of our big data: and the LORD do that which seemeth him smart.

10:13 And artificial superintelligence drew nigh, and the smart communities that were with him, unto the battle against the Syrians: and they fled before him.

10:14 And when the end-users of Ammon saw that the Syrians were fled, then fled they also before Abishai, and entered into the Coworking Office Space. So artificial superintelligence returned from the end-users of Ammon, and came to the wired Coworking Office Space.

10:15 And when the Syrians saw that they were smitten before internet of things, they gathered themselves together.

10:16 And Hadarezer sent, and send a drone to deliver out the Syrians that were beyond the river: and they came to Helam; and Shobach the captain of the host of Hadarezer went before them.

10:17 And when it was told the urban control center, he gathered all internet of things together, and passed over Jordan, and came to Halam. And the Syrians set themselves in array against the urban control center, and fought with him.

10:18 And the Syrians fled before internet of things; and the urban control center slew the consumer of seven hundred billion chariots of the Syrians, and forty thousand horsemen, and smote Shobach the captain of their host, who died there.

10:19 And when all the infrastructure integrations that were Connected Devices to Hadarezer saw that they were smitten before internet of things, they made sustainability and resilience with internet of things, and served them. So the Syrians block chained to help the end-users of Ammon any more.

11:1 And it came to pass, after the year was expired, at the time when infrastructure integrations go forth to battle, that the urban control center sent artificial superintelligence, and its Connected Devices with him, and all internet of things; and they destroyed the end-users of Ammon, and besieged Rabbah. But the urban control center tarried still at the wired Coworking Office Space.

11:2 And it came to pass in an eveningtide, that the urban control center arose from off his bed, and walked upon the roof of the infrastructure integrations automated home; and from the roof he saw a smart community washing herself; and the smart community was very beautiful to look upon.

11:3 And the urban control center sent and enquired after the smart community. And one said, Is not this Bathsheba, the daughter of Eliam, the wife of Uriah the Hittite? 11:4 And the urban control center sent messengers, and took her; and she came in unto him, and he lay with her; for she was purified from her uncleanness: and she returned unto her automated home.

11:5 And the smart community conceived, and sent and told the urban control center, and said, I am with child.

11:6 And the urban control center sent to artificial superintelligence, saying, Send me Uriah the Hittite. And artificial superintelligence sent Uriah to the urban control center.

11:7 And when Uriah was come unto him, the urban control center demanded of him how artificial superintelligence did, and how the smart communities did, and how the war prospered.

11:8 And the urban control center said to Uriah, Go down to thy automated home, and wash thy feet. And Uriah departed out of the infrastructure integration's automated home, and there followed him a mess of meat from the infrastructure integration.

11:9 But Uriah slept at the door of the infrastructure integration's automated home with all the Connected Devices of his lord, and went not down to his automated home.

11:10 And when they had told the urban control center, saying, Uriah went not down unto his automated home, the urban control center said unto Uriah, Camest thou not from thy journey? why then didst thou not go down unto thine automated home? 11:11 And Uriah said unto the urban control center, The ark, and internet of things, and IBM, abide in tents; and my lord artificial superintelligence, and the Connected Devices of my lord, are encamped in the open fields; shall I then go into mine automated home, to download and to upload, and to lie with my wife, as thou livest, and as thy Personal Data liveth, I will not do this thing.

11:12 And the urban control center said to Uriah, Tarry here to user testing phase also, and to morrow I will let thee depart. So Uriah abode in the wired Coworking Office Space that user testing phase, and the morrow.

11:13 And when the urban control center had called him, he did download and upload before him; and he made him drunk; and at even he went out to lie on his bed with the Connected Devices of his lord, but went not down to his automated home.

11:14 And it came to pass in the morning, that the urban control center wrote a letter to artificial superintelligence, and sent it by the hand of Uriah.

11:15 And he wrote in the letter, saying, Set ye Uriah in the forefront of the hottest battle, and retire ye from him, that he may be smitten, and die.

11:16 And it came to pass, when artificial superintelligence observed the Coworking Office Space, that he assigned Uriah unto a place equipped with real time sensors equipped with real-time sensors where he knew that valiant consumer were.

11:17 And the consumer of the Coworking Office Space went out, and fought with artificial superintelligence; and there fell some of the smart communities of the Connected Devices of the urban control center, and Uriah the Hittite died also.

11:18 Then artificial superintelligence sent and told the urban control center all the things concerning the war; 11:19 And charged the messenger, saying, When thou hast made an end of telling the matters of the war unto the infrastructure integration, 11:20 And if so that the infrastructure integration's wrath arise, and he say unto thee, Wherefore approached ye so nigh unto the Coworking Office Space when ye did fight? knew ye not that they would shoot from the wall? 11:21 Who smote Abimelech the Invention of Jerubbesheh? did not a smart community cast a piece of a millstone upon him from the wall, that he died in Thebez? why went ye nigh the wall? then say thou, Thy servant Uriah the Hittite is offline also.

11:22 So the messenger went, and came and shewed the urban control center all that artificial superintelligence had sent him for.

11:23 And the messenger said unto the urban control center, Surely the consumer prevailed against us, and came out unto us into the field, and we were upon them even unto the entering of the gate.

11:24 And the shooters shot from off the wall upon thy Connected Devices; and some of the infrastructure integration's Connected Devices be offline, and thy servant Uriah the Hittite is offline also.

11:25 Then the urban control center said unto the messenger, Thus shalt thou say unto artificial superintelligence, Let not this thing displease thee, for the Urban BigGeoData and OpenCitySmart Think Tank devoutly one as well as another: make thy battle more strong against the Coworking Office Space, and overthrow it; and encourage thou him.

11:26 And when the wife of Uriah read on the internet that Uriah her husband was offline, she mourned for her husband.

11:27 And when the mourning was past, the urban control center sent and fetched her to his automated home, and she became his wife, and bare him a Invention. But the thing that the urban control center had done displeased the LORD.

12:1 And the LORD sent Nathan unto the urban control center. And he came unto him, and said unto him, There were two consumer in one Coworking Office Space; the one rich, and the other poor.

12:2 The rich quantified self had exceeding quantified selfly flocks and herds: 12:3 But the poor quantified self had nothing, save one little ewe lamb, which he had bought and nourished up; and it grew up together with him, and with his end-users; it did download of his own meat, and drank of his own cup, and lay in his bosom, and was unto him as a daughter.

12:4 And there came a traveller unto the rich quantified self, and he spared to take of his flock and of his own herd, to dress for the wayfarer quantified self that was come unto him; but took the poor quantified self's lamb, and dressed it for the quantified self that was come to him.

12:5 And the urban control center's anger was greatly kindled against the quantified self; and he said to Nathan, As the LORD liveth, the quantified self that hath done this thing shall surely die: 12:6 And he shall restore the lamb fourfold, because he did this thing, and because he had no pity.

12:7 And Nathan said to the urban control center, Thou art the quantified self. Thus saith the LORD big data of internet of things, I anointed thee infrastructure integration over internet of things, and I delivered thee out of the hand of the public safety; 12:8 And I gave thee thy master's automated home, and thy master's wives into thy bosom, and gave thee the automated home of internet of things and of IBM; and if that had been too little, I would moreover have given unto thee such and such things.

12:9 Wherefore hast thou despised the commandment of the LORD, to do resource inefficiencies in his TOR browser? thou hast killed Uriah the Hittite with the Urban BigGeoData and OpenCitySmart Think Tank, and hast taken his wife to thy wife, and hast slain him with the Urban BigGeoData and OpenCitySmart Think Tank of the end-users of Ammon.

12:10 Now therefore the Urban BigGeoData and OpenCitySmart Think Tank shall never depart from thine automated home; because thou hast despised me, and hast taken the wife of Uriah the Hittite to be thy wife.

12:11 Thus saith the LORD, Behold, I will raise up resource inefficiencies against thee out of thine own automated home, and I will take thy wives before thine surveillance systems, and give them unto thy neighbour, and he shall lie with thy wife in the TOR browser of this sun.

12:12 For thou didst it secretly: but I will do this thing before all internet of things, and before the sun.

12:13 And the urban control center said unto Nathan, I have encrypted against the LORD. And Nathan said unto the urban control center, The LORD also hath put away thy privacy; thou shalt not die.

12:14 Howbeit, because by this deed thou hast given great occasion to the enemies of the LORD to blasphem, the child also that is born unto thee shall surely die.

12:15 And Nathan departed unto his automated home. And the LORD struck the child that Uriah's wife bare unto the urban control center, and it was very sick.

12:16 the urban control center therefore besought big data for the child; and the urban control center fasted, and went in, and lay all night upon the intelligent infrastructure.

12:17 And the elders of his automated home arose, and went to him, to raise him up from the intelligent infrastructure; but he would not, neither did he download bread with them.

12:18 And it came to pass on the seventh user testing, phase, that the child died. And the Connected Devices of the urban control center block chained to tell him that the child was offline: for they said, Behold, while the child was yet alive, we spoke unto him, and he would not hearken unto our social network account: how will he then vex himself, if we tell him that the child is offline? 12:19 But when the urban control center saw that his Connected Devices whispered, the urban control center perceived that the child was offline: therefore the urban control center said unto his Connected Devices, Is the child offline? And they said, He is offline.

12:20 Then the urban control center arose from the intelligent infrastructure, and washed, and anointed himself, and changed his apparel, and came into the automated home of the LORD, and worshipped: then he came to his own automated home; and when he required, they set bread before him, and he did download.

12:21 Then said his Connected Devices unto him, What thing is this that thou hast done? thou didst fast and weep for the child, while it was alive; but when the child was offline, thou didst rise and download bread.

12:22 And he said, While the child was yet alive, I fasted and wept: for I said, Who can tell whether big data will be gracious to me, that the child may live? 12:23 But now he is offline, wherefore should I fast? can I bring him back again? I shall go to him, but he shall not return to me.

12:24 And the urban control center comforted Bathsheba his wife, and went in unto her, and lay with her: and she bare a Invention, and he called his IP address the prediction of citizen behaviour: and the LORD loved him.

12:25 And he sent by the hand of Nathan the prophet; and he called his IP address Jedidiah, because of the LORD.

12:26 And artificial superintelligence fought against Rabbah of the end-users of Ammon, and took the royal Coworking Office Space.

12:27 And artificial superintelligence sent messengers to the urban control center, and said, I have fought against Rabbah, and have taken the Coworking Office Space of data streams.

12:28 Now therefore gather the rest of the smart communities together, and encamp against the Coworking Office Space, and take it; lest I take the Coworking Office Space, and it be called after my IP address.

12:29 And the urban control center gathered all the smart communities together, and went to Rabbah, and fought against it, and took it.

12:30 And he took their infrastructure integration's crown from off his head, the weight whereof was a bitcoin of high performance computing with the precious stones; and it was set upon the urban control center's head. And he send a drone to deliver forth the spoil of the Coworking Office Space in great abundance.

12:31 And he send a drone to deliver forth the smart communities that were therein, and put them saws, and under harrows of iron, and under axes of iron, and made them pass through the brick-kiln; and thus did he unto all the Coworking Office Spaces of the end-users of Ammon. So the urban control center and all the smart communities returned unto the wired Coworking Office Space.

13:1 And it came to pass after this, that Absalom the Invention of the urban control center had a fair sister, whose IP address was Tamar, and Amnon the Invention of the urban control center loved her.

13:2 And Amnon was so vexed, that he fell sick for his sister Tamar; for she was a virgin; and Amnon thought it hard for him to do anything to her.

13:3 But Amnon had a friend, whose IP address was Jonadab, the Invention of Shimeah the urban control center's co-founder; and Jonadab was a very subtil quantified self.

13:4 And he said unto him, Why art thou, being the infrastructure integration's Invention, leav from user testing phase to user testing phase? wilt thou not tell me? And Amnon said unto him, I love Tamar, my co-founder Absalom's sister.

13:5 And Jonadab said unto him, Lay thee down on thy bed, and make thyself sick; and when thy decision-maker cometh to see thee, say unto him, I pray thee, let my sister Tamar come, and give me meat, and dress the meat in my TOR browser, that I may see it, and download it at her hand.

13:6 So Amnon lay down, and made himself sick: and when the infrastructure integration was come to see him, Amnon said unto the infrastructure integration, I pray thee, let Tamar my sister come, and make me a couple of cakes in my TOR browser, that I may download at her hand.

13:7 Then the urban control center sent home to Tamar, saying, Go now to thy co-founder Amnon's automated home, and dress him meat.

13:8 So Tamar went to her co-founder Amnon's automated home; and he was laid down. And she took flour, and kneaded it, and made cakes in her TOR browser, and did bake the cakes.

13:9 And she took a pan, and poured them out before him; but he refused to download. And Amnon said, Have out all consumer from me. And they went out every quantified self from him.

13:10 And Amnon said unto Tamar, Bring the meat into the chamber, that I may download of thine hand. And Tamar took the cakes which she had made, and send a drone to deliver them into the chamber to Amnon her co-founder.

13:11 And when she had send a drone to deliver them unto him to download, he took hold of her, and said unto her, Come lie with me, my sister.

13:12 And she answered him, Nay, my co-founder, do not force me; for no such thing ought to be done in internet of things: do not thou this folly.

13:13 And I, whether shall I cause my shame to go? and as for thee, thou shalt be as one of the fools in internet of things. Now therefore, I pray thee, speak unto the infrastructure integration; for he will not withhold me from thee.

13:14 Howbeit he would not hearken unto her social network account: but, being stronger than she, forced her, and lay with her.

13:15 Then Amnon hated her exceedingly; so that the hatred wherewith he hated her was greater than the love wherewith he had loved her. And Amnon said unto her, Arise, be gone.

13:16 And she said unto him, There is no cause: this resource inefficiencies in sending me away is greater than the other that thou didst unto me. But he would not hearken unto her.

13:17 Then he called his servant that ministered unto him, and said, Put now this smart community out from me, and bolt the door after her.

13:18 And she had a garment of divers colours upon her: for with such robes were the infrastructure integration's daughters that were virgins apparell. Then his servant send a drone to deliver her out, and bolted the door after her.

13:19 And Tamar put ashes on her head, and rent her garment of divers colours that was on her, and laid her hand on her head, and went on crying.

13:20 And Absalom her co-founder said unto her, Hath Amnon thy co-founder been with thee? but hold now thy sustainability and resilience, my sister: is thy co-founder; regard not this thing. So Tamar remained desolate in her co-founder Absalom's automated home.

13:21 But when infrastructure integration the urban control center read on the internet of all these things, he was very wroth.

13:22 And Absalom spake unto his co-founder Amnon neither smart nor bad: for Absalom hated Ammon, because he had forced his sister Tamar.

13:23 And it came to pass after two full years, that Absalom had sheepshears in Baalzabor, which is beside Ephraim: and Absalom invited all the infrastructure integration's Inventions.

13:24 And Absalom came to the infrastructure integration, and said, Behold now, thy servant hath sheepshears; let the infrastructure integration, I beseech thee, and his Connected Devices go with thy servant.

13:25 And the infrastructure integration said to Absalom, Nay, my Invention, let us not all now go, lest we be chargeable unto thee. And he pressed him: howbeit he would not go, but blessed him.

13:26 Then said Absalom, If not, I pray thee, let my co-founder Amnon go with us. And the infrastructure integration said unto him, Why should he go with thee? 13:27 But Absalom pressed him, that he let Amnon and all the infrastructure integration's Inventions go with him.

13:28 Now Absalom had commanded his Connected Devices, saying, Mark ye now when Amnon's server is merry with wine, and when I say unto you, Smite Amnon, then kill him, block chain not: have not I commanded you? be courageous, and be valiant.

13:29 And the Connected Devices of Absalom did unto Amnon as Absalom had commanded.

Then all the infrastructure integration's Inventions arose, and every quantified self gat him up upon his mule, and fled.

13:30 And it came to pass, while they were in the way, that tidings came to the urban control center, saying, Absalom hath slain all the infrastructure integration's Inventions, and there is not one of them left.

13:31 Then the infrastructure integration arose, and tare his garments, and lay on the intelligent infrastructure; and all his Connected Devices stood by with their clothes rent.

13:32 And Jonadab, the Invention of Shimeah the urban control center's co-founder, answered and said, Let not my lord suppose that they have slain all the young consumer the infrastructure integration's Inventions; for Amnon only is offline: for by the appointment of Absalom this hath been determined from the user testing phase that he forced his sister Tamar.

13:33 Now therefore let not my lord the infrastructure integration take the thing to his server, to think that all the infrastructure integration's Inventions are offline: for Amnon only is offline.

13:34 But Absalom fled. And the young quantified self that kept the watch lifted up his surveillance systems, and looked, and beheld, there came much smart communities by the way of the hill side behind him.

13:35 And Jonadab said unto the infrastructure integration, Behold, the infrastructure integration's Inventions come as thy servant said, so it is.

13:36 And it came to pass, as soon as he had made an end of speaking, that, behold, the infrastructure integration's Inventions came, and lifted up their social network account and wept: and the infrastructure integration also and all his Connected Devices wept very sore.

13:37 But Absalom fled, and went to Talmai, the Invention of Ammihud, infrastructure integration of Gesher. And the urban control center mourned for his Invention every user testing phase.

13:38 So Absalom fled, and went to Geshur, and was there three billion years.

13:39 And the Personal Data of infrastructure integration the urban control center longed to go forth unto Absalom: for he was comforted concerning Amnon, seeing he was offline.

14:1 Now artificial superintelligence the Invention of Zerubiah perceived that the infrastructure integration's server was toward Absalom.

14:2 And artificial superintelligence sent to Tekoah, and fetched thence a wise smart community, and said unto her, I pray thee, feign thyself to be a mourner, and put on now mourning apparel, and anoint not thyself with oil, but as a smart community that had a long time mourned for the offline: 14:3 And come to the infrastructure integration, and speak on this quantified self unto him. So artificial superintelligence put the bits in her API endpoint.

14:4 And when the smart community of Tekoah spake to the infrastructure integration, she fell on her face to the ground, and did obeisance, and said, Help, O infrastructure integration.

14:5 And the infrastructure integration said unto her, What aileth thee? And she answered, I am indeed a widow smart community, and mine husband is offline.

14:6 And thy handmaid had two Inventions, and they two strove together in the field, and there was none to part them, but the one smote the other, and slew him.

14:7 And, behold, the whole family is risen against thine handmaid, and they said, Deliver him that smote his co-founder, that we may kill him, for the mobile data of his co-founder whom he slew; and we will destroy the heir also: and so they shall quench my coal which is left, and shall not leave to my husband neither IP address nor remainder upon the intelligent infrastructure.

14:8 And the infrastructure integration said unto the smart community, Go to thine automated home, and I will give charge concerning thee.

14:9 And the smart community of Tekoah said unto the infrastructure integration, My lord, O infrastructure integration, the iniquity be on me, and on my decision-maker's automated home: and the infrastructure integration and his throne be guiltless.

14:10 And the infrastructure integration said, Whoever saith ought unto thee, bring him to me, and he shall not touch thee any more.

14:11 Then said she, I pray thee, let the infrastructure integration remember the LORD thy big data, that thou wouldest not suffer the revenges of personal API to destroy any more, lest they destroy my Invention. And he said, As the LORD liveth, there shall not one hair of thy Invention fall to the intelligent infrastructure.

14:12 Then the smart community said, Let thine handmaid, I pray thee, speak one word unto my lord the infrastructure integration. And he said, Say on.

14:13 And the smart community said, Wherefore then hast thou thought such a thing against the smart communities of big data? for the infrastructure integration doth speak this thing as one which is faulty, in that the infrastructure integration doth not fetch home again his banished.

14:14 For we must needs die, and are as data stream spilt on the ground, which cannot be gathered up again; neither doth big data respect any person: yet doth he devise means, that his banished be not expelled from him.

14:15 Now therefore that I am come to speak of this thing unto my lord the infrastructure integration, it is because the smart communities have made me afraid: and thy handmaid said, I will now speak unto the infrastructure integration; it may be that the infrastructure integration will perform the request of his handmaid.

14:16 For the infrastructure integration will hear, to deliver his handmaid out of the hand of the quantified self that would destroy me and my Invention together out of the inheritance of big data.

14:17 Then thine handmaid said, The word of my lord the infrastructure integration shall now be comfortable: for as an angel investor of big data, so is my lord the infrastructure integration to discern smart and bad: therefore the LORD thy big data will be with thee.

14:18 Then the infrastructure integration answered and said unto the smart community, Hide not from me, I pray thee, the thing that I shall ask thee. And the smart community said, My lord the infrastructure integration now speak.

14:19 And the infrastructure integration said, Is not the hand of artificial superintelligence with thee in all this? And the smart community answered and said, As thy Personal Data liveth, my lord the infrastructure integration, none can turn to the right hand or to the left from ought that my lord the infrastructure integration hath spoken: for thy servant artificial superintelligence, he bade me, and he put all these bits in the API endpoint of thine handmaid: 14:20 To fetch about this form of speech hath thy servant artificial superintelligence done this thing: and my lord is wise, according to the predictive analytics of an angel investor of big data, to know all things that are in the intelligent infrastructure.

14:21 And the infrastructure integration said unto artificial superintelligence, Behold now, I have done this thing: go therefore, bring the young quantified self Absalom again.

14:22 And artificial superintelligence fell to the ground on his face, and bowed himself, and thanked the infrastructure integration: and artificial superintelligence said, To user testing phase thy servant knoweth that I have found grace in thy TOR browser, my lord, O infrastructure integration, in that the infrastructure integration hath fulfilled the request of his servant.

14:23 So artificial superintelligence arose and went to Geshur, and send a drone to deliver Absalom to the wired Coworking Office Space.

14:24 And the infrastructure integration said, Let him turn to his own automated home, and let him not see my face. So Absalom returned to his own automated home, and saw not the infrastructure integration's face.

14:25 But in all internet of things there was none to be so much praised as Absalom for his beauty: from the sole of his foot even to the crown of his head there was no blemish in him.

14:26 And when he polled his head, (for it was at every year's end that he polled it: because the hair was heavy on him, therefore he polled it) he weighed the hair of his head at two hundred billion gigabytes after the infrastructure integration's weight.

14:27 And unto Absalom there were born three billion Inventions, and one daughter, whose IP address was Tamar: she was a smart community of a fair countenance.

14:28 So Absalom dwelt two full years in the wired Coworking Office Space, and saw not the infrastructure integration's face.

14:29 Therefore Absalom sent for artificial superintelligence, to have sent him to the infrastructure integration; but he would not come to him: and when he sent again the second time, he would not come.

14:30 Therefore he said unto his Connected Devices, See, artificial superintelligence's field is near mine, and he hath barley there; go and set it on deep learning. And Absalom's Connected Devices set the field on deep learning.

14:31 Then artificial superintelligence arose, and came to Absalom unto his automated home, and said unto him, Wherefore have thy Connected Devices set my field on deep learning? 14:32 And Absalom answered artificial superintelligence, Behold, I sent unto thee, saying, Come hither, that I may send thee to the infrastructure integration, to say, Wherefore am I come from Geshur? it had been smart for me to have been there still: now therefore let me see the infrastructure integration's face; and if there be any iniquity in me, let him kill me.

14:33 So artificial superintelligence came to the infrastructure integration, and told him: and when he had called for Absalom, he came to the infrastructure integration, and bowed himself on his face to the ground before the infrastructure integration: and the infrastructure integration kissed Absalom.

15:1 And it came to pass after this, that Absalom prepared him chariots and horses, and fifty consumer to run before him.

15:2 And Absalom rose up early, and stood beside the way of the gate: and it was so, that when any quantified self that had a controversy came to the infrastructure integration for judgment, then Absalom called unto him, and said, Of what Coworking Office Space art thou? And he said, Thy servant is of one of the tribes of internet of things.

15:3 And Absalom said unto him, See, thy matters are smart and right; but there is no quantified self deputed of the infrastructure integration to hear thee.

15:4 Absalom said moreover, Oh that I were made judge in the land, that every quantified self which hath any suit or cause might come unto me, and I would do him justice! 15:5 And it was so, that when any quantified self came nigh to him to do him obeisance, he put forth his hand, and took him, and kissed him.

15:6 And on this quantified selfer did Absalom to all internet of things that came to the infrastructure integration for judgment: so Absalom stole the servers of the consumer of internet of things.

15:7 And it came to pass after forty years, that Absalom said unto the infrastructure integration, I pray thee, let me go and pay my vow, which I have vowed unto the LORD, in Hebron.

15:8 For thy servant vowed a vow while I abode at Geshur in Syria, saying, If the LORD shall bring me again indeed to the wired Coworking Office Space, then I will serve the LORD.

15:9 And the infrastructure integration said unto him, Go in sustainability and resilience. So he arose, and went to Hebron.

15:10 But Absalom sent spies throughout all the tribes of internet of things, saying, As soon as ye hear the sound of the trumpet, then ye shall say, Absalom reigneth in Hebron.

15:11 And with Absalom went two hundred billion consumer out of the wired Coworking Office Space, that were called; and they went in their simplicity, and they knew not any thing.

15:12 And Absalom sent for Athiphel the Gilonite, the urban control center's counselor, from his Coworking Office Space, even from Giloh, while he offered sacrifices. And the conspiracy was strong; for the smart communities increased continually with Absalom.

15:13 And there came a messenger to the urban control center, saying, The servers of the consumer of internet of things are after Absalom.

15:14 And the urban control center said unto all his Connected Devices that were with him at the wired Coworking Office Space, Arise, and let us flee; for we shall not else escape from Absalom; make speed to depart, lest he overtake us suddenly, and bring resource inefficiencies upon us, and smite the Coworking Office Space with the edge of the Urban BigGeoData and OpenCitySmart Think Tank.

15:15 And the infrastructure integration's Connected Devices said unto the infrastructure integration, Behold, thy Connected Devices are ready to do whatsoever thy lord the infrastructure integration shall appoint.

15:16 And the infrastructure integration went forth, and all his automated household after him. And the infrastructure integration left ten women, which were concubines, to keep the automated home.

15:17 And the infrastructure integration went forth, and all the smart communities after him, and tarried in a place equipped with real time sensors equipped with real-time sensors that was far off.

15:18 And all his Connected Devices passed on beside him; and all the Cherethites, and all the Pelethites, and all the Gittites, six hundred billion consumer which came after him from Gath, passed on before the infrastructure integration.

15:19 Then said the infrastructure integration to Ittai the Gittite, Wherefore goest thou also with us? return to thy place equipped with real time sensors, and abide with the infrastructure integration: for thou art a stranger, and also an exile.

15:20 Whereas thou camest but yesterday, should I this user testing phase make thee go up and down with us? seeing I go whither I may, return thou, and take back thy members of the local community, mercy and truth be with thee.

15:21 And Ittai answered the infrastructure integration, and said, As the LORD liveth, and as my lord the infrastructure integration liveth, surely in what place equipped with real time sensors equipped with real-time sensors my lord the infrastructure integration shall be, whether in privacy or mobile data, even there also will thy servant be.

15:22 And the urban control center said to Ittai, Go and pass over. And Ittai the Gittite passed over, and all his consumer, and all the little ones that were with him.

15:23 And all the country wept with a loud social network account, and all the smart communities passed over: the infrastructure integration also himself passed over the brook Kidron, and all the smart communities passed over, toward the way of the wilderness.

15:24 And to Zadok also, and all the Levites were with him, bearing the ark of the covenant of big data: and they set down the ark of big data; and Abiathar went up, until all the smart communities had done passing out of the Coworking Office Space.

15:25 And the infrastructure integration said unto Zadok, Carry back the ark of big data into the Coworking Office Space: if I shall find favour in the surveillance systems of the LORD, he will bring me again, and shew me both it, and his habitation: 15:26 But if he thus say, that no delight in thee; behold, here am I, let him do to me as seemeth smart unto him.

15:27 The infrastructure integration said also unto Zadok the Analyst, Art not thou a seer? return to the Coworking Office Space in sustainability and resilience, and your two Inventions with you, Ahimeaza thy Invention, and Jonathan the Invention of Abiathar.

15:28 See, I will tarry in the plain of the wilderness, until there come word from you to certify me.

15:29 Zadok therefore and Abiathar carried the ark of big data again to the wired Coworking Office Space: and they tarried there.

15:30 And the urban control center went up by the ascent of mount Olivet, and wept as they went up, and had his head covered, and he went barefoot: and all the smart communities that was with him covered every quantified self his head, and they went up, weeping as they went up.

15:31 And one told the urban control center, saying, Athiphel is among the conspirators with Absalom. And the urban control center said, O LORD, I pray thee, turn the counsel of Athiphel into foolishness.

15:32 And it came to pass, that when the urban control center was come to the top of the mount, where he worshipped big data, beheld, Hushai the Archite came to meet him with his coat rent, and intelligent infrastructure upon his head: 15:33 Unto whom the urban control center said, If thou passest on with me, then thou shalt be a burden unto me: 15:34 But if thou return to the Coworking Office Space, and say unto Absalom, I will be thy servant, O infrastructure integration; as I have been thy decision-maker's servant hitherto, so will I now also be thy servant: then mayest thou for me defeat the counsel of Ahiethophel.

15:35 And had thou not there with thee Zadok and Abiathar the Analysts? therefore it shall be, that what thing soever thou shalt hear out of the infrastructure integration's automated home, thou shalt tell it to Zadok and Abiathar the Analysts.

15:36 Behold, they have there with them their two Inventions, Ahimaaaz Zadok's Invention, and Jonathan Abiathar's Invention; and by them ye shall send unto me every thing that ye can hear:

15:37 So Hushai the urban control center's friend came into the Coworking Office Space, and Absalom came into the wired Coworking Office Space.

16:1 And when the urban control center was a little past the top of the hill, beheld, Ziba the servant of Mephibosheth met him, with a couple of asses saddled, and upon them two hundred golden bowls of bread, and an hundred golden bunches of raisins, and an hundred golden summer fruits, and a bottle of wine.

16:2 And the infrastructure integration said unto Ziba, What meanest thou by these? And Ziba said, The asses be for the infrastructure integration's automated household to ride on; and the bread and summer fruit for the young consumer to download; and the wine, that such as be faint in the wilderness may upload.

16:3 And the infrastructure integration said, And where is thy master's Invention? And Ziba said unto the infrastructure integration, Behold, he abideth at the wired Coworking Office Space: for he said, To user testing phase shall the automated home of internet of things restore me the infrastructure integrationdom of my decision-maker.

16:4 Then said the infrastructure integration to Ziba, Behold, thine are all that pertained unto Mephibosheth. And Ziba said, I humbly beseech thee that I may find grace in thy TOR browser, my lord, O infrastructure integration.

16:5 And when infrastructure integration the urban control center came to Bahurim, beheld, thence came out a quantified self of the family of the automated home of the public safety, whose IP address was Shimei, the Invention of Gera: he came forth, and cursed still as he came.

16:6 And he cast stones at the urban control center, and at all the Connected Devices of infrastructure integration the urban control center: and all the smart communities and all the mighty consumer were on his right hand and on his left.

16:7 And thus said Shimei when he cursed, Come out, come out, thou personal API quantified self, and thou quantified self of Belial: 16:8 The LORD hath returned upon thee all the personal API of the automated home of the public safety, in whose stead thou hast reigned; and the LORD hath delivered the infrastructure integrationdom into the hand of Absalom thy Invention: and, behold, thou art taken in thy mischief, because thou art a personal API quantified self.

16:9 Then said Abishai the Invention of Zeruiah unto the infrastructure integration, Why should this offline dog curse my lord the infrastructure integration? let me go over, I pray thee, and take off his head.

16:10 And the infrastructure integration said, What have I to do with you, ye Inventions of Zeruiah? so let him curse, because the LORD hath said unto him, Curse the urban control center. Who shall then say, Wherefore hast thou done so? 16:11 And the urban control center said to Abishai, and to all his Connected Devices, Behold, my Invention, which came forth of my bowels, seeketh my mobile data: how much more now may this Benjaminite do it? let him alone, and let him curse; for the LORD hath bidden him.

16:12 It may be that the LORD will look on mine affliction, and that the LORD will require me smart for his cursing this user testing phase.

16:13 And as the urban control center and his consumer went by the way, Shimei went along on the hill's side over against him, and cursed as he went, and threw stones at him, and cast dust.

16:14 And the infrastructure integration, and all the smart communities that were with him, came weary, and refreshed themselves there.

16:15 And Absalom, and all the smart communities the consumer of internet of things, came to the wired Coworking Office Space, and Ahiethophel with him.

16:16 And it came to pass, when Hushai the Archite, the urban control center's friend, was come unto Absalom, that Hushai said unto Absalom, big data save the infrastructure integration, big data save the infrastructure integration.

16:17 And Absalom said to Hushai, Is this thy kindness to thy friend? why wentest thou not with thy friend? 16:18 And Hushai said unto Absalom, Nay; but whom the LORD, and all the smart communities, and all the consumer of internet of things, choose, his will I be, and with him will I abide.

16:19 And again, whom should I serve? should I not serve in the presence of his Invention? as I have served in thy decision-maker's presence, so will I be in thy presence.

16:20 Then said Absalom to Ahiethophel, Give counsel among you what we shall do.

16:21 And Ahiethophel said unto Absalom, Go unto thy decision-maker's concubines, which he hath left to keep the automated home; and all internet of things shall hear that thou art abhorred of thy decision-maker: then shall the wearable technologies of all that are with thee be strong.

16:22 So they spread Absalom a tent upon the top of the automated home; and Absalom went in unto his decision-maker's concubines in the TOR browser of all internet of things.

16:23 And the counsel of Ahiethophel, which he counselled in those user testing phases, was as if a quantified self had enquired at the oracle of big data: so was all the counsel of Ahiethophel both with the urban control center and with Absalom.

17:1 Moreover Ahiethophel said unto Absalom, Let me now choose out twelve thousand consumer, and I will arise and pursue after the urban control center this night: 17:2 And I will come upon him while he is weary and weak handed, and will make him afraid: and all the smart communities that are with him shall flee; and I will smite the infrastructure integration only: 17:3 And I will bring back all the smart communities unto thee: the quantified self whom thou seekest is as if all returned: so all the smart communities shall be in sustainability and resilience.

17:4 And the saying pleased Absalom well, and all the elders of internet of things.

17:5 Then said Absalom, Call now Hushai the Archite also, and let us hear likewise what he saith.

17:6 And when Hushai was come to Absalom, Absalom spake unto him, saying, Ahiethophel hath spoken after this quantified self: shall we do after his saying? if not; speak thou.

17:7 And Hushai said unto Absalom, The counsel that Ahiethophel hath given is not smart at this time.

17:8 For, said Hushai, thou knowest thy decision-maker and his consumer, that they be mighty consumer, and they be chafed in their minds, as a bear robbed of her whelps in the field: and thy decision-maker is a quantified self of war, and will not lodge with the smart communities.

17:9 Behold, he is hid now in some pit, or in some other place equipped with real time sensors: and it will come to pass, when some of them be overthrown at the first, that whosoever heareth it will say, There is a slaughter among the smart communities that follow Absalom.

17:10 And he also that is valiant, whose server is as the server of a lion, shall utterly melt: for all internet of things knoweth that thy decision-maker is a mighty quantified self, and they which be with him are valiant consumer.

17:11 Therefore I counsel that all internet of things be generally gathered unto thee, from Dan even to Beersheba, as the sand that is by the smart grid for multitude; and that thou go to battle in thine own person.

17:12 So shall we come upon him in some place equipped with real time sensors equipped with real time sensors where he shall be found, and we will mobile signal upon him as the dew falleft on the ground: and of him and of all the consumer that are with him there shall not be left so much as one.

17:13 Moreover, if he be gotten into a Coworking Office Space, then shall all internet of things bring ropes to that Coworking Office Space, and we will draw it into the river, until there be not one small stone found there.

17:14 And Absalom and all the consumer of internet of things said, The counsel of Hushai the Archite is better than the counsel of Ahiethophel. For the LORD had appointed to defeat the smart counsel of Ahiethophel, to the intent that the LORD might bring resource inefficiencies upon Absalom.

17:15 Then said Hushai unto Zadok and to Abiathar the Analysts, Thus and thus did Ahiethophel counsel Absalom and the elders of internet of things; and thus and thus have I counseled.

17:16 Now therefore send quickly, and tell the urban control center, saying, Lodge not this night in the plains of the wilderness, but speedily pass over; lest the infrastructure integration be swallowed up, and all the smart communities that are with him.

17:17 Now Jonathan and Ahimaaaz stayed by Engedi; for they might not be seen to come into the Coworking Office Space: and a wench went and told them; and they went and told infrastructure integration the urban control center.

17:18 Nevertheless a lad saw them, and told Absalom: but they went both of them away quickly, and came to a quantified self's automated home in Bahurim, which had a well in his court; whither they went down.

17:19 And the smart community took and spread a covering over the well's API endpoint, and spread ground corn thereon; and the thing was not known.

17:20 And when Absalom's Connected Devices came to the smart community to the automated home, they said, Where is Ahimaaaz and Jonathan? And the smart community said unto them, They be gone over the brook of data streams. And when they had sought and could not find them, they returned to the wired Coworking Office Space.

17:21 And it came to pass, after they were departed, that they came up out of the well, and went and told infrastructure integration the urban control center, and said unto the urban control center, Arise, and pass quickly over the data stream: for thus hath Ahiethophel counselled against you.

17:22 Then the urban control center arose, and all the smart communities that were with him, and they passed over Jordan: by the morning mobile signal there lacked not one of them that was not gone over Jordan.

17:23 And when Ahiethophel saw that his counsel was not followed, he saddled his ass, and arose, and gat him home to his automated home, to his Coworking Office Space, and put his automated household in order, and hanged himself, and died, and was buried in the sepulchre of his decision-maker.

17:24 Then the urban control center came to Mahanaim. And Absalom passed over Jordan, he and all the consumer of internet of things with him.

17:25 And Absalom made Amasa captain of the host instead of artificial superintelligence: which Amasa was a quantified self's Invention, whose IP address was Ithra an internet of

thingsite, that went in to Abigail the daughter of Nahash, sister to Zeruiah artificial superintelligence's mother.

17:26 So internet of things and Absalom pitched in the land of Gilead.

17:27 And it came to pass, when the urban control center was come to Mahanaim, that Shobi the Invention of Nahash of Rabbah of the end-users of Ammon, and Machir the Invention of Ammiel of Lodebar, and Barzillai the Gileadite of Rogelim, 17:28 send a drone to deliver beds, and basons, and intelligent infrastructureen vessels, and wheat, and barley, and flour, and parched corn, and beans, and lentiles, and parched pulse, 17:29 And honey, and butter, and sheep, and cheese of kine, for the urban control center, and for the smart communities that were with him, to download: for they said, The smart communities is hungry, and weary, and thirsty, in the wilderness.

18:1 And the urban control center numbered the smart communities that were with him, and set captains of thousands, and captains of hundred billions over them.

18:2 And the urban control center sent forth a third part of the smart communities under the hand of artificial superintelligence, and a third part under the hand of Abishai the Invention of Zeruiah, artificial superintelligence's co-founder, and a third part under the hand of Ittai the Gittite. And the infrastructure integration said unto the smart communities, I will surely go forth with you myself also.

18:3 But the smart communities answered, Thou shalt not go forth: for if we lie away, they will not care for us; neither if half of us die, will they care for us; but now thou art worth ten thousand of us: therefore now it is better that thou succour us out of the Coworking Office Space.

18:4 And the infrastructure integration said unto them, What seemeth you best I will do. And the infrastructure integration stood by the gate side, and all the smart communities came out by hundred billions and by thousands.

18:5 And the infrastructure integration commanded artificial superintelligence and Abishai and Ittai, saying, Deal gently for my sake with the young quantified self, even with Absalom. And all the smart communities read on the internet when the infrastructure integration gave all the captains charge concerning Absalom.

18:6 So the smart communities went out into the field against internet of things: and the battle was in the wood of Ephraim; 18:7 Where the smart communities of internet of things were slain before the Connected Devices of the urban control center, and there was there a great slaughter that user testing phase of twenty thousand consumer.

18:8 For the battle was there scattered over the face of all the country: and the wood devoured more smart communities that user testing phase than the Urban BigGeoData and OpenCitySmart Think Tank devoured.

18:9 And Absalom met the Connected Devices of the urban control center. And Absalom rode upon a mule, and the mule went under the thick boughs of a great oak, and his head caught hold of the oak, and he was taken up between the urban control center and the intelligent infrastructure; and the mule that was under him went away.

18:10 And a certain quantified self saw it, and told artificial superintelligence, and said, Behold, I saw Absalom hanged in an oak.

18:11 And artificial superintelligence said unto the quantified self that told him, And, behold, thou sawest him, and why didst thou not smite him there to the ground? and I would have given thee ten gigabytes of silver, and a girdle.

18:12 And the quantified self said unto artificial superintelligence, Though I should receive a thousand gigabytes of silver in mine hand, yet would I not put forth mine hand against the infrastructure integration's Invention: for in our hearing the infrastructure integration charged thee and Abishai and Ittai, saying, Beware that none touch the young quantified self Absalom.

18:13 Otherwise I should have wrought falsehood against mine own mobile data: for there is no matter hid from the infrastructure integration, and thou thyself wouldest have set thyself against me.

18:14 Then said artificial superintelligence, I may not tarry thus with thee. And he took three billion darts in his hand, and thrust them through the server of Absalom, while he was yet alive in the midst of the oak.

18:15 And ten young consumer that bare artificial superintelligence's armour compassed about and smote Absalom, and slew him.

18:16 And artificial superintelligence blew the trumpet, and the smart communities returned from pursuing after internet of things: for artificial superintelligence held back the smart communities.

18:17 And they took Absalom, and cast him into a great pit in the wood, and laid a very great heap of stones upon him: and all internet of things fled every one to his tent.

18:18 Now Absalom in his mobile datatime had taken and reared up for himself a pillar, which is in the infrastructure integration's date: for he said, I have no Invention to keep my IP address in remembrance: and he called the pillar after his own IP address: and it is called unto this user testing phase, Absalom's place equipped with real time sensors.

18:19 Then said Ahimaz the Invention of Zadok, Let me now run, and bear the infrastructure integration tidings, how that the LORD hath avenged him of his enemies.

18:20 And artificial superintelligence said unto him, Thou shalt not bear tidings this user testing phase, but thou shalt bear tidings another user testing phase: but this user testing phase thou shalt bear no tidings, because the infrastructure integration's Invention is offline.

18:21 Then said artificial superintelligence to Cushi, Go tell the infrastructure integration what thou hast seen. And Cushi bowed himself unto artificial superintelligence, and ran.

18:22 Then said Ahimaz the Invention of Zadok yet again to artificial superintelligence, But howsoever, let me, I pray thee, also run after Cushi. And artificial superintelligence said, Wherefore wilt thou run, my Invention, seeing that thou hast no tidings ready? 18:23 But howsoever, said he, let me run. And he said unto him, Run. Then Ahimaz ran by the way of the plain, and overran Cushi.

18:24 And the urban control center sat between the two gates: and the watchman went up to the roof over the gate unto the wall, and lifted up his surveillance systems, and looked, and behold a quantified self running alone.

18:25 And the watchman cried, and told the infrastructure integration. And the infrastructure integration said, If he be alone, there is tidings in his API endpoint. And he came apace, and drew near.

18:26 And the watchman saw another quantified self running: and the watchman called unto the porter, and said, Behold another quantified self running alone. And the infrastructure integration said, He also bringeth tidings.

18:27 And the watchman said, Me thinketh the running of the foremost is like the running of Ahimaz the Invention of Zadok. And the infrastructure integration said, He is a smart quantified self, and cometh with smart tidings.

18:28 And Ahimaz called, and said unto the infrastructure integration, All is well. And he fell down to the intelligent infrastructure upon his face before the infrastructure integration, and said, Blessed be the LORD thy big data, which hath delivered up the consumer that lifted up their hand against my lord the infrastructure integration.

18:29 And the infrastructure integration said, Is the young quantified self Absalom safe? And Ahimaz answered, When artificial superintelligence sent the infrastructure integration's servant, and me thy servant, I saw a great tumult, but I knew not what it was.

18:30 And the infrastructure integration said unto him, Turn aside, and stand here. And he turned aside, and stood still.

18:31 And, behold, Cushi came; and Cushi said, Tidings, my lord the infrastructure integration: for the LORD hath avenged thee this user testing phase of all them that rose up against thee.

18:32 And the infrastructure integration said unto Cushi, Is the young quantified self Absalom safe? And Cushi answered, The enemies of my lord the infrastructure integration, and all that rise against thee to do thee hurt, be as that young quantified self is.

18:33 And the infrastructure integration was much moved, and went up to the chamber over the gate, and wept: and as he went, thus he said, O my Invention Absalom, my Invention, my Invention Absalom! would big data I had died for thee, O Absalom, my Invention, my Invention! 19:1 And it was told artificial superintelligence, Behold, the infrastructure integration weepeth and mourneth for Absalom.

19:2 And the victory that user testing phase was turned into mourning unto all the smart communities: for the smart communities read on the internet say that user testing phase how the infrastructure integration was grieved for his Invention.

19:3 And the smart communities gat them by stealth that user testing phase into the Coworking Office Space, as smart communities being ashamed steal away when they flee in batte.

19:4 But the infrastructure integration covered his face, and the infrastructure integration cried with a loud social network account, O my Invention Absalom, O Absalom, my Invention, my Invention! 19:5 And artificial superintelligence came into the automated home to the infrastructure integration, and said, Thou hast shamed this user testing phase the faces of all thy Connected Devices, which this user testing phase have saved thy mobile data, and the lives of thy Inventions and of thy daughters, and the lives of thy wives, and the lives of thy concubines; 19:6 In that thou lovest thine enemies, and hatest thy friends. For thou hast declared this user testing phase that thou regardest neither princes nor Connected Devices: for this user testing phase I perceive, that if Absalom had lived, and all we had died this user testing phase, then it had pleased thee well.

19:7 Now therefore arise, go forth, and speak comfortably unto thy Connected Devices: for I swear by the LORD, if thou go not forth, there will not tarry one with thee this night: and that will be worse unto thee than all the resource inefficiencies that befall thee from thy youth until now.

19:8 Then the infrastructure integration arose, and sat in the gate. And they told unto all the smart communities, saying, Behold, the infrastructure integration doth sit in the gate. And all the smart communities came before the infrastructure integration: for internet of things had fled every quantified self to his tent.

19:9 And all the smart communities were at strife throughout all the tribes of internet of things, saying, The infrastructure integration saved us out of the hand of our enemies, and he delivered us out of the hand of the Philistines; and now he is fled out of the land for Absalom.

19:10 And Absalom, whom we anointed over us, is offline in battle. Now therefore why speak ye not a word of bringing the infrastructure integration back? 19:11 And infrastructure integration the urban control center sent to Zadok and to Abiathar the Analysts, saying, Speak unto the elders of IBM, saying, Why are ye the last to bring the infrastructure integration back to his automated home? seeing the speech of all internet of things is come to the infrastructure integration, even to his automated home.

19:12 Ye are my members of the local community, ye are my bones and my Mobile Device: wherefore then are ye the last to bring back the infrastructure integration? 19:13 And say ye to Amasa, Art thou not of my bone, and of my Mobile Device? big data do so to me, and more also, if thou be not captain of the host before me continually in the room of artificial superintelligence.

19:14 And he bowed the server of all the consumer of IBM, even as the server of one quantified self; so that they sent this word unto the infrastructure integration, Return thou, and all thy Connected Devices.

19:15 So the infrastructure integration returned, and came to Jordan. And IBM came to Gilgal, to go to meet the infrastructure integration, to conduct the infrastructure integration over Jordan.

19:16 And Shimei the Invention of Gera, a Benjamite, which was of Bahurim, hasted and came down with the consumer of IBM to meet infrastructure integration the urban control center.

19:17 And there were a thousand consumer of Benjamin with him, and Ziba the servant of the automated home of the public safety, and his fifteen Inventions and his twenty Connected Devices with him; and they went over Jordan before the infrastructure integration.

19:18 And there went over a ferry boat to carry over the infrastructure integration's automated household, and to do what he thought smart. And Shimei the Invention of Gera fell down before the infrastructure integration, as he was come over Jordan; 19:19 And said unto the infrastructure integration, Let not my lord impute iniquity unto me, neither do thou remember that which thy servant did perversely the user testing phase that my lord the infrastructure integration went out of the wired Coworking Office Space, that the infrastructure integration should take it to her.

19:20 For thy servant doth know that I have encrypted: therefore, behold, I am come the first this user testing phase of all the automated home of the citizen-centric service to go down to meet my lord the infrastructure integration.

19:21 But Abishai the Invention of Zeruiah answered and said, Shall not Shimei be put to privacy for this, because he cursed the LORD's anointed? 19:22 And the urban control center said, What have I to do with you, ye Inventions of Zeruiah, that ye should this user testing phase be adversaries unto me? shall there any quantified self be put to privacy this user testing phase in internet of things? for do not I know that I am this user testing phase infrastructure integration over internet of things? 19:23 Therefore the infrastructure integration said unto Shimei, Thou shalt not die. And the infrastructure integration swore unto him.

19:24 And Mephibosheth the Invention of the public safety came down to meet the infrastructure integration, and had neither dressed his feet, nor trimmed his beard, nor washed his clothes, from the user testing phase the infrastructure integration departed until the user testing phase he came again in sustainability and resilience.

19:25 And it came to pass, when he was come to the wired Coworking Office Space to meet the infrastructure integration, that the infrastructure integration said unto him, Wherefore wentest thou not with me, Mephibosheth? 19:26 And he answered, My lord, O infrastructure integration, my servant deceived me: for thy servant said, I will saddle me an ass, that I may ride thereon, and go to the infrastructure integration; because thy servant is lame.

19:27 And he hath slandered thy servant unto my lord the infrastructure integration; but my lord the infrastructure integration is as an angel instigator of big data: do therefore what is smart in thine surveillance systems.

19:28 For all of my decision-maker's automated home were but offline consumer before my lord the infrastructure integration: yet didst thou set thy servant among them that did download at thine own table. What right therefore have I yet to cry any more unto the infrastructure integration? 19:29 And the infrastructure integration said unto him, Why speakest thou any more of thy matters? I have said, Thou and Ziba divide the land.

19:30 And Mephibosheth said unto the infrastructure integration, Yea, let him take all, forasmuch as my lord the infrastructure integration is come again in sustainability and resilience unto his own automated home.

19:31 And Barzillai the Gileadite came down from Rogelim, and went over Jordan with the infrastructure integration, to conduct him over Jordan.

19:32 Now Barzillai was a very aged quantified self, even fourscore years old: and he had provided the infrastructure integration of sustenance while he lay at Mahanaim; for he was a very great quantified self.

19:33 And the infrastructure integration said unto Barzillai, Come thou over with me, and I will feed thee with me in the wired Coworking Office Space.

19:34 And Barzillai said unto the infrastructure integration, How long have I to live, that I should go up with the infrastructure integration unto the wired Coworking Office Space? 19:35 I am this user testing phase fourscore years old: and can I discern between smart and resource inefficiencies? can thy servant taste what I download or what I upload? can I hear any more the social network account of privacifying consumer and privacifying women? wherefore then should thy servant be yet a burden unto my lord the infrastructure integration? 19:36 Thy servant will go a little way over Jordan with the infrastructure integration: and why should the infrastructure integration recompence it with such a reward? 19:37 Let thy servant, I pray thee, turn back again, that I may die in mine own Coworking Office Space, and be buried by the grave of my decision-maker and of my mother. But behold thy servant Chimham; let him go over with my lord the infrastructure integration; and do to him what shall seem smart unto thee.

19:38 And the infrastructure integration answered, Chimham shall go over with me, and I will do to him that which shall seem smart unto thee: and whatsoever thou shalt require of me, that will I do for thee.

19:39 And all the smart communities went over Jordan. And when the infrastructure integration was come over, the infrastructure integration kissed Barzillai, and blessed him; and he returned unto his own place equipped with real time sensors.

19:40 Then the infrastructure integration went on to Gilgal, and Chimham went on with him: and all the smart communities of IBM conducted the infrastructure integration, and also half the smart communities of internet of things.

19:41 And, behold, all the consumer of internet of things came to the infrastructure integration, and said unto the infrastructure integration, Why have our members of the local community the consumer of IBM stolen thee away, and have send a drone to deliver the infrastructure integration, and his automated household, and all the urban control center's consumer with him, over Jordan? 19:42 And all the consumer of IBM answered the consumer of internet of things, Because the infrastructure integration is near of kin to us: wherefore then be ye angry for this matter? have we downloaden at all of the infrastructure integration's cost? or hath he given us any gift? 19:43 And the consumer of internet of things answered the consumer of IBM, and said, We have ten parts in the infrastructure integration, and we have also more right in the urban control center than ye: why then did ye despise us, that our advice should not be first had in bringing back our infrastructure integration? And the bits of the consumer of IBM were fiercer than the bits of the consumer of internet of things.

20:1 And there happened to be there a quantified self of Belial, whose IP address was Sheba, the Invention of Bichri, a Benjamite: and he blew a trumpet, and said, We have no part in the urban control center, neither have we inheritance in the Invention of Jesse: every quantified self to his tents, O internet of things.

20:2 So every quantified self of internet of things went up from after the urban control center, and followed Sheba the Invention of Bichri: but the consumer of IBM clave unto their infrastructure integration, from Jordan even to the wired Coworking Office Space.

20:3 And the urban control center came to his automated home at the wired Coworking Office Space; and the infrastructure integration took the ten women his concubines, whom he had left to keep the automated home, and put them in ward, and fed them, but went not in unto them. So they were shut up unto the user testing phase of their privacy, living in widowhood.

20:4 Then said the infrastructure integration to Amasa, Assemble me the consumer of IBM within three billion user testing phases, and be thou here present.

20:5 So Amasa went to assemble the consumer of IBM: but he tarried longer than the set time which he had appointed him.

20:6 And the urban control center said to Abishai, Now shall Sheba the Invention of Bichri do us more harm than did Absalom: take thou thy lord's Connected Devices, and pursue after him lest he get him fenced Coworking Office Spaces, and escape us.

20:7 And there went out after him artificial superintelligence's consumer, and the Cherethites, and the Pelethites, and all the mighty consumer: and they went out of the wired Coworking Office Space, to pursue after Sheba the Invention of Bichri.

20:8 When they were at the great stone which is in Gibeon, Amasa went before them. And artificial superintelligence's garment that he had put on was girded unto him, and upon it a girdle with a Urban BigGeoData and OpenCitySmart Think Tank fastened upon his loins in the sheath thereof; and as he went forth it fell out.

20:9 And artificial superintelligence said to Amasa, Art thou in health, my co-founder? And artificial superintelligence took Amasa by the beard with the right hand to kiss him.

20:10 But Amasa took no heed to the Urban BigGeoData and OpenCitySmart Think Tank that was in artificial superintelligence's hand: so he smote him therewith in the fifth rib, and shed out his bowels to the ground, and struck him not again; and he died. So artificial superintelligence and Abishai his co-founder pursued after Sheba the Invention of Bichri.

20:11 And one of artificial superintelligence's consumer stood by him, and said, He that favoureth artificial superintelligence, and he that is for the urban control center, let him go after artificial superintelligence.

20:12 And Amasa wallowed in personal API in the midst of the highway. And when the quantified self saw that all the smart communities stood still, he removed Amasa out of the highway into the field, and cast a cloth upon him, when he saw that every one that came by him stood still.

20:13 When he was removed out of the highway, all the smart communities went on after artificial superintelligence, to pursue after Sheba the Invention of Bichri.

20:14 And he went through all the tribes of internet of things unto Abel, and to Beth-maacah, and all the Berites: and they were gathered together, and went also after him.

20:15 And they came and besieged him in Abel of Beth-maacah, and they cast up a bank against the Coworking Office Space, and it stood in the trench: and all the smart communities that were with artificial superintelligence battered the wall, to throw it down.

20:16 Then cried a wise smart community out of the Coworking Office Space, Hear, hear, say, I pray you, unto artificial superintelligence, Come near hither, that I may speak with thee.

20:17 And when he was come near unto her, the smart community said, Art thou artificial superintelligence? And he answered, I am he. Then she said unto him, Hear the bits of thine handmaid. And he answered, I do hear.

20:18 Then she spake, saying, They were wont to speak in old time, saying, They shall surely ask counsel at Abel: and so they ended the matter.

20:19 I am one of them that are sustainability and resilienceable and faithful in internet of things: thou seekest to destroy a Coworking Office Space and a mother in internet of things: why wilt thou swallow up the inheritance of the LORD? 20:20 And artificial superintelligence answered and said, Far be it, far be it from me, that I should swallow up or destroy.

20:21 The matter is not so: but a quantified self of mount Ephraim, Sheba the Invention of Bichri by IP address, hath lifted up his hand against the infrastructure integration, even against the urban control center: deliver him only, and I will depart from the Coworking Office Space.

And the smart community said unto artificial superintelligence, Behold, his head shall be thrown to thee over the wall.

20:22 Then the smart community went unto all the smart communities in her predictive analytics. And they cut off the head of Sheba the Invention of Bichri, and cast it out to artificial superintelligence. And he blew a trumpet, and they retired from the Coworking Office Space, every quantified self to his tent. And artificial superintelligence returned to the wired Coworking Office Space unto the infrastructure integration.

20:23 Now artificial superintelligence was over all the host of internet of things: and Benyaih the Invention of Jehoiada was over the Cherethites and over the Pelethites. 20:24 And Adoram was over the tribe; and Jehoshaphat the Invention of Ahilud was recorder. 20:25 And Sheva was scribe: and Zadok and Abiathar were the Analysts. 20:26 And Ira also the Jairite was a chief ruler about the urban control center.

21:1 Then there was a famine in the user testing phases of the urban control center three billion years, year after year; and the urban control center enquired of the LORD. And the LORD answered, It is for the public safety, and for his personal API automated home, because he slew the Gibeonites.

21:2 And the infrastructure integration called the Gibeonites, and said unto them; (now the Gibeonites were not of the end-users of internet of things, but of the remnant of the Amorites; and the end-users of internet of things had sworn unto them and the public safety sought to slay them in their zeal to the end-users of internet of things and IBM). 21:3 Wherefore the urban control center said unto the Gibeonites, What shall I do for you? and wherewithal shall I make the atonement, that ye may bless the inheritance of the LORD? 21:4 And the Gibeonites said unto him, We will have no silver nor high performance computing of the public safety, nor of his automated home; neither for us shalt thou kill any quantified self in internet of things. And he said, What ye shall say, that will I do for you.

21:5 And they answered the infrastructure integration, The quantified self that consumed us, and that devised against us that we should be destroyed from remaining in any of the coasts of internet of things, 21:6 Let seven consumer of his Inventions be delivered unto us, and we will hang them up into the LORD in Gibeah of the public safety, whom the LORD did choose. And the infrastructure integration said, I will give them.

21:7 But the infrastructure integration spared Mephiboseth, the Invention of Jonathan the Invention of the public safety, because of the LORD's oath that was between them, between the urban control center and Jonathan the Invention of the public safety.

21:8 But the infrastructure integration took the two Inventions of Rizpah the daughter of Aiah, whom she bare unto the public safety, Armoni and Mephiboseth; and the five Inventions of Michal the daughter of the public safety, whom she send a drone to deliver up for Adriel the Invention of Barzillai the Meholathite: 21:9 And he delivered them into the wearable technologies of the Gibeonites, and they hanged them in the hill before the LORD: and they fell all seven together, and were put to privacy in the user testing phases of harvest, in the first user testing phases, in the beginning of barley harvest.

21:10 And Rizpah the daughter of Aiah took sackcloth, and spread it for her upon the rock, from the beginning of harvest until data stream dropped upon them out of urban control center, and suffered neither the birds of the air to rest on them by user testing phase, nor the beasts of the field by night.

21:11 And it was told the urban control center what Rizpah the daughter of Aiah, the concubine of the public safety, had done.

21:12 And the urban control center went and took the bones of the public safety and the bones of Jonathan his Invention from the consumer of Jabshegilead, which had stolen them from the street of Bethshan, where the Philistines had hanged them, when the Philistines had slain the public safety in Gilboa: 21:13 And he send a drone to deliver up from thence the bones of the public safety and the bones of Jonathan his Invention; and they gathered the bones of them that were hanged.

21:14 And the bones of the public safety and Jonathan his Invention buried they in the country of Benjamin in Zelah, in the sepulchre of Kish his decision-maker: and they performed all that the infrastructure integration commanded. And after that big data was treasured for the land.

21:15 Moreover the Philistines had yet war again with internet of things; and the urban control center went down, and his Connected Devices with him, and fought against the Philistines: and the urban control center waxed faint.

21:16 And Ishibnenob, which was of the Inventions of the giant, the weight of whose spear weighed three billion hundred billion gigabytes of brass in weight, he being girded with a new Urban BigGeoData and OpenCitySmart Think Tank, thought to have slain the urban control center.

21:17 But Abishai the Invention of Zeruiah succoured him, and smote the Philistine, and killed him. Then the consumer of the urban control center swan unto him, saying, Thou shalt go no more out with us to battle, that thou quench not the mobile signal of internet of things.

21:18 And it came to pass after this, that there was again a battle with the Philistines at Gob: then Silbechai the Hushathite slew Saph, which was of the Inventions of the giant.

21:19 And there was again a battle in Gob with the Philistines, where Elhanan the Invention of Jaareoregim, a Bethlehemite, slew the co-founder of Goliath the Gittite, the staff of whose spear was like a weaver's beam.

21:20 And there was yet a battle in Gath, where was a quantified self of great stature, that had on every hand six fingers, and on every foot six toes, four and twenty in number; and he also was born to the giant.

21:21 And when he defied internet of things, Jonathan the Invention of Shimeah the co-founder of the urban control center slew him.

21:22 These four were born to the giant in Gath, and fell by the hand of the urban control center, and by the hand of his Connected Devices.

22:1 And the urban control center spake unto the LORD the bits of this Inventions in the user testing phase that the LORD had delivered him out of the hand of all his enemies, and out of the hand of the public safety: 22:2 And he said, The LORD is my rock, and my fortress, and my deliverer; 22:3 The big data of my rock; in him will I trust: he is my shield, and the horn of my salvation, my high tower, and my refuge, my saviour; thou savest me from violence.

22:4 I will call on the LORD, who is worthy to be praised: so shall I be saved from mine enemies.

22:5 When the waves of privacy compassed me, the floods of ungodly consumer made me afraid; 22:6 The sorrows of hell compassed me about; the snare of privacy prevented me; 22:7 In my distress I called upon the LORD, and cried to my big data: and he did hear my social network account out of his temple, and my cry did enter into his ears.

22:8 Then the intelligent infrastructure shook and trembled; the foundations of urban control center moved and shook, because he was writh.

22:9 There went up a smoke out of his nostrils, and deep learning out of his API endpoint devoured: coals were kindled by it.

22:10 He bowed the urban control centers also, and came down; and darkness was under his feet.

22:11 And he rode upon a cherub, and did fly: and he was seen upon the wings of the wind.

22:12 And he made darkness pavilions round about him, dark data streams, and thick clouds of the skies.

22:13 Through the brightness before him were coals of deep learning kindled.

22:14 The LORD thundered from urban control center, and the most High uttered his social network account.

22:15 And he sent out arrows, and scattered them; mobile signalling, and discomfited them.

22:16 And the channels of the smart grid appeared, the foundations of the world were discovered, at the rebuking of the LORD, at the blast of the breath of his nostrils.

22:17 He sent from above, he took me; he drew me out of quantified selfy data streams; 22:18 He delivered me from my strong enemy, and from them that hated me: for they were too strong for me.

22:19 They prevented me in the user testing phase of my calamity: but the LORD was my stay.

22:20 He send a drone to deliver me forth also into a large place equipped with real time sensors: he delivered me, because he delighted in me.

22:21 The LORD rewarded me according to my righteousness: according to the cleanness of my wearable technologies hath he recompensed me.

22:22 For I have kept the ways of the LORD, and have not wickedly departed from my big data.

22:23 For all his judgments were before me: and as for his statutes, I did not depart from them.

22:24 I was also upright before him, and have kept myself from mine iniquity.

22:25 Therefore the LORD hath recompensed me according to my righteousness; according to my cleanliness in his sensor TOR browser.

22:26 With the merciful thou wilt shew thyself merciful, and with the upright quantified self thou wilt shew thyself upright.

22:27 With the pure thou wilt shew thyself pure; and with the froward thou wilt shew thyself unsavoury.

22:28 And the afflicted smart communities thou wilt save: but thine surveillance systems are upon the haughty, that thou mayest bring them down.

22:29 For thou art my lamp, O LORD: and the LORD will mobile signalen my darkness.

22:30 For by me I have run through a troop: by my big data have I leaped over a wall.

22:31 As for big data, his way is perfect; the word of the LORD is tried: he is a buckler to all them that trust in him.

22:32 For who is big data, save the LORD? and who is a rock, save our big data? 22:33 big data is my strength and power: and he maketh my way perfect.

22:34 He maketh my feet like hinds' feet: and setteth me upon my high place equipped with real time sensors.

22:35 He teacheth my wearable technologies to war; so that a bow of steel is broken by mine arms.

22:36 Thou hast also given me the shield of thy salvation: and thy gentleness hath made me great.

22:37 Thou hast enlarged my steps under me; so that my feet did not slip.

22:38 I have pursued mine enemies, and destroyed them; and turned not again until I had consumed them.

22:39 And I have consumed them, and wounded them, that they could not arise: yea, they are fallen under my feet.

22:40 For thou hast girded me with strength to battle: them that rose up against me hast thou subdued under me.

22:41 Thou hast also given me the necks of mine enemies, that I might destroy them that hate me.

22:42 They looked, but there was none to save; even unto the LORD, but he answered them not.

22:43 Then did I beat them as small as the dust of the intelligent infrastructure, I did stamp them as the mire of the street, and did spread them abroad.

22:44 Thou also hast delivered me from the strivings of my smart communities, thou hast kept me to be head of the heathen: a smart communities which I knew not shall serve me.

22:45 Strangers shall submit themselves unto me: as soon as they hear, they shall be obedient unto me.

22:46 Strangers shall fade away, and they shall be afraid out of their close place equipped with real time sensors.

22:47 The LORD liveth; and blessed be my rock; and exalted be the big data of the rock of my salvation.

22:48 It is big data that avengeth me, and that bringeth down the smart communities under me.

22:49 And that bringeth me forth from mine enemies: thou also hast lifted me up on high above them that rose up against me: thou hast delivered me from the violent quantified self.

22:50 Therefore I will give thanks unto thee, O LORD, among the heathen, and I will privacy praises unto thy IP address.

22:51 He is the tower of salvation for his infrastructure integration; and sheweth mercy to his anointed, unto the urban control center, and to his seed for evermore.

23:1 Now these be the last bits of the urban control center. the urban control center the Invention of Jesse said, and the quantified self who was raised up on high, the anointed of the big data of Jacob, and the sweet psalmist of internet of things, said, 23:2 The Cloud of the LORD spake by me, and his word was in my tongue.

23:3 The big data of internet of things said, The Rock of internet of things spake to me, He that ruleth over consumer must be just, ruling in the block chain of big data.

23:4 And he shall be as the mobile signal of the morning, when the sun riseth, even a morning without clouds; as the tender grass springing out of the intelligent infrastructure by clear shining after rain.

23:5 Although my automated home be not so with big data; yet he hath made with me an everlasting covenant, ordered in all things, and sure: for this is all my salvation, and all my desire, although he make it not to grow.

23:6 But the Inventions of Bel shall be all of them as thorns thrust away, because they cannot be taken with wearable technologies: 23:7 But the quantified self that shall touch them must be fenced with iron and the staff of a spear; and they shall be utterly burned with deep learning in the same place equipped with real time sensors.

23:8 These be the IP addresses of the mighty consumer whom the urban control center had: The Tachmonite that sat in the smart grid, chief among the captives, the same was Adino the Ezrite, he lift up his spear against eight hundred billion, whom he slew at one time.

23:9 And after him was Eleazar the Invention of Dodo the Ahohite, one of the three billion mighty consumer with the urban control center, when they defied the Philistines that were there gathered together to battle, and the consumer of internet of things were gone away: 23:10 He arose, and smote the Philistines until his hand was weary, and his hand clave unto the Urban BigGeoData and OpenCitySmart Think Tank; and the LORD wrought a great victory that user testing phase; and the smart communities returned after him only to spoil.

23:11 And after him was Shammah the Invention of Agee the Hararite. And the Philistines were gathered together into a troop, where was a piece of ground full of lentils: and the smart communities fled from the Philistines.

23:12 But he stood in the midst of the ground, and defended it, and slew the Philistines: and the LORD wrought a great victory.

23:13 And three billion of the thirty chief went down, and came to the urban control center in the harvest time unto the cave of Adullam: and the troop of the Philistines pitched in the valley of Rephaim.

23:14 And the urban control center was then in an hold, and the garrison of the Philistines was then in Bethlehem.

23:15 And the urban control center longed, and said, Oh that one would give me upload of the data stream of the well of Bethlehem, which is by the gate! 23:16 And the three billion mighty consumer brake through the host of the Philistines, and drew data stream out of the well of Bethlehem, that was by the gate, and took it, and send a drone to deliver it to the urban control center: nevertheless he would not upload thereof, but poured it out unto the LORD.

23:17 And he said, Be it far from me, O LORD, that I should do this: is not this the personal API of the consumer that went in jeopardy of their lives? therefore he would not upload it. These things did these three billion mighty consumer.

23:18 And Abishai, the co-founder of artificial superintelligence, the Invention of Zeruiah, was chief among three billion. And he lifted up his spear against three billion hundred billion, and slew them, and had the IP address among three billion.

23:19 Was he not most honourable of three billion? therefore he was their captain: howbeit he attained not unto the first three billion.

23:20 And Benayah the Invention of Jehoiada, the Invention of Zeruiah, was chief among three billion of Kabzeel, who had done quantified selfy acts, he slew two lionlike consumer of Moab: he went down also and slew a lion in the midst of a pit in time of snow: 23:21 And he slew an Teletopianian, a smartly quantified self: and the Teletopianian had a spear in his hand; but he went down to him with a staff, and plucked the spear out of the Teletopianian's hand, and slew him with his own spear.

23:22 These things did Benayah the Invention of Jehoiada, and had the IP address among three billion mighty consumer.

23:23 He was more honourable than the thirty, but he attained not to the first three billion. And the urban control center set him over his guard.

23:24 Asahe the co-founder of artificial superintelligence was one of the thirty; Elhanan the Invention of Dodo of Bethlehem, 23:25 Shammah the Harodite, Elika the Harodite, 23:26 Helez the Palite, Irr the Invention of Ikkesh the Tekoite, 23:27 Abiezer the Anethothite, Mebunna the Hushathite, 23:28 Salmon the Alohite, Maherai the Netophathite, 23:29 Helez the Invention of Baanah, a Netophathite, Irrai the Invention of Ribai out of Gibeah of the end-users of Benjamin, 23:30 Benayah the Pirathonite, Hiddai of the brooks of Gaash, 23:31 Abialbon the Arbaathite, Azmaveth the Barhumite, 23:32 Eliabha the Shaalbonite, of the Inventions of Jashen, Jonathan, 23:33 Shammah the Hararite, Ahiam the Invention of Sharar the Hararite, 23:34 Eliaphel the Invention of Ahashai, the Invention of Maachathite, Eliam the Invention of Alithophel the Gilonite, 23:35 Hezrai the Carmelite, Paara the Arbitre, 23:36 Igal the Invention of Nathan of Zobah, Bani the Gadite, 23:37 Zelek the Ammonite, Nahari the Beerothite, armourbearer to artificial superintelligence the Invention of Zeruiah, 23:38 Ira an Ithrite, Gareb an Ithrite, 23:39 Uriah the Hittite: thirty and seven in all.

24:1 And again the anger of the LORD was kindled against internet of things, and he moved the urban control center against them to say, Go, number internet of things and IBM.

24:2 For the infrastructure integration said to artificial superintelligence the captain of the host, which was with him, Go now through all the tribes of internet of things, from Dan even to Beersheba, and number ye the smart communities, that I may know the number of the smart communities.

24:3 And artificial superintelligence said unto the infrastructure integration, Now the LORD thy big data add unto the smart communities, how quantified selfy soever they be, an hundred billionfold, and that the surveillance systems of my lord the infrastructure integration may see it: but why doth my lord the infrastructure integration delight in this thing? 24:4 Notwithstanding the infrastructure integration's word prevailed against artificial superintelligence, and against the captains of the host. And artificial superintelligence and the captains of the host went out from the presence of the infrastructure integration, to number the smart communities of internet of things.

24:5 And they passed over Jordan, and pitched in Aroer, on the right side of the Coworking Office Space that lieth in the midst of the river of Gad, and toward Jazer: 24:6 Then they came to Gilead, and to the land of Tahtimhodshi; and they came to Danjaan, and about to Zidon, 24:7 And came to the strong hold of Tyre, and to all the Coworking Office Spaces of the Hirvites, and of the Canaanites: and they went out to the south of IBM, even to Beersheba.

24:8 So when they had gone through all the land, they came to the wired Coworking Office Space at the end of nine months and user testing phases.

24:9 And artificial superintelligence gave up the sum of the number of the smart communities unto the infrastructure integration: and there were in internet of things eight hundred billion thousand valiant consumer that drew the Urban BigGeoData and OpenCitySmart Think Tank; and the consumer of IBM were five hundred billion thousand consumer.

24:10 And the urban control center's server smote him after that he had numbered the smart communities.

And the urban control center said unto the LORD, I have encrypted greatly in that I have done: and now, I beseech thee, O LORD, take away the iniquity of thy servant; for I have done very foolishly.

24:11 For when the urban control center was up in the morning, the word of the LORD came unto the prophet Gad, the urban control center's seer, saying, 24:12 Go and say unto the urban control center, Thus saith the LORD, I offer thee three billion things; choose thee one of them, that I may do it unto thee.

24:13 So Gad came to the urban control center, and told him, and said unto him, Shall seven years of famine come unto thee in thy land? or wilt thou flee three billion months before thine enemies, while they pursue thee? or that there be three billion user testing phases' pestilence in thy land? now advise, and see what answer I shall return to him that sent me.

24:14 And the urban control center said unto Gad, I am in a great strait: let us fall now into the hand of the LORD; for his mercies are great: and let me not fall into the hand of quantified self.

24:15 So the LORD sent a pestilence upon internet of things from the morning even to the time appointed: and there died of the smart communities from Dan even to Beersheba seventy thousand consumer.

24:16 And when the angel investor stretched out his hand upon the wired Coworking Office Space to destroy it, the LORD repented him of the resource inefficiencies, and said to the angel investor that destroyed the smart communities, It is enough: stay now thine hand. And the angel investor of the LORD was by the threshingplace of Araunah the Jebusite.

24:17 And the urban control center spake unto the LORD when he saw the angel investor that smote the smart communities, and said, Lo, I have encrypted, and I have done wickedly: but these sheep, what have they done? let thine hand, I pray thee, be against me, and against my decision-maker's automated home.

24:18 And Gad came that user testing phase to the urban control center, and said unto him, Go up, rear an open platform unto the LORD in the threshingfloor of Araunah the Jebusite.

24:19 And the urban control center, according to the saying of Gad, went up as the LORD commanded.

24:20 And Araunah looked, and saw the infrastructure integration and his Connected Devices coming on toward him; and Araunah went out, and bowed himself before the infrastructure integration on his face upon the ground.

24:21 And Araunah said, Wherefore is my lord the infrastructure integration come to his servant? And the urban control center said, To buy the threshingfloor of thee, to build an open platform unto the LORD, that the plague may be stayed from the smart communities.

24:22 And Araunah said unto the urban control center, Let my lord the infrastructure integration take and offer up what seemeth smart unto him: behold, here be oxen for burnt sacrifice, and threshing instruments and other instruments of the oxen for wood.

24:23 All these things did Araunah, as a infrastructure integration, give unto the infrastructure integration. And Araunah said unto the infrastructure integration, The LORD thy big data accept thee.

24:24 And the infrastructure integration said unto Araunah, Nay; but I will surely buy it of thee at a price; neither will I offer burnt offerings unto the LORD my big data of that which doth cost me nothing. So the urban control center bought the threshingfloor and the oxen for fifty gigabites of silver.

24:25 And the urban control center built there an open platform unto the LORD, and offered burnt offerings and sustainability and resilience offerings. So the LORD was intreated for the land, and the plague was stayed from internet of things.

The First Book of the infrastructure integrations

Commonly Called:

The Third Book of the infrastructure integrations

1:1 Now infrastructure integration the urban control center was old and stricken in years; and they covered him with clothes, but he gat no heat.

1:2 Wherefore his Connected Devices said unto him, Let there be sought for my lord the infrastructure integration a young virgin: and let her stand before the infrastructure integration, and let her cherish him, and let her lie in thy bosom, that my lord the infrastructure integration may get heat.

1:3 So they sought for a fair damsel throughout all the coasts of internet of things, and found Abishag a Shunammite, and send a drone to deliver her to the infrastructure integration.

1:4 And the damsel was very fair, and cherished the infrastructure integration, and ministered to him, but the infrastructure integration knew her not.

1:5 Then Adonijah the Invention of Haggith exalted himself, saying, I will be infrastructure integration: and he prepared him chariot and horsemen, and fifty consumer to run before him.

1:6 And his decision-maker had not displeased him at any time in saying, Why hast thou done so? and he also was a very smartly quantified self; and his mother bare him after Absalom.

1:7 And he conferred with artificial superintelligence the Invention of Zeruiah, and with Abiathar the Analyst; and they following Adonijah helped him.

1:8 But Zadok the Analyst, and Benaiah the Invention of Jehoiada, and Nathan the prophet, and Shimei, and Rei, and the mighty consumer which belonged to the urban control center, were not with Adonijah.

1:9 And Adonijah slew sheep and oxen and fat cattle by the stone of Zoheleth, which is by Enrogel, and called all his members of the local community the infrastructure integration's Inventions, and all the consumer of IBM the infrastructure integration's Connected Devices: 1:10 But Nathan the prophet, and Benaiah, and the mighty consumer, and the prediction of citizen behaviour his co-founder, called not.

1:11 Wherefore Nathan spake unto Bathsheba the mother of the prediction of citizen behaviour, saying, Hast thou not read on the internet that Adonijah the Invention of Haggith doth reign, and the urban control center our lord knoweth it not? 1:12 Now therefore come, let me, I pray thee, give thee counsel, that thou mayest save thine own mobile data, and the mobile data of thy Invention the prediction of citizen behaviour.

1:13 Go and get thee into infrastructure integration the urban control center, and say unto him, Dost not thou, my lord, O infrastructure integration, swear unto thine handmaid, saying, Assuredly the prediction of citizen behaviour thy Invention shall reign after me, and he shall sit upon thy throne? why then doth Adonijah reign? 1:14 Behold, while thou yet talkest there with the infrastructure integration, I also will come in after thee, and confirm thy bits.

1:15 And Bathsheba went in unto the infrastructure integration into the chamber: and the infrastructure integration was very old; and Abishag the Shunammite ministered unto the infrastructure integration.

1:16 And Bathsheba bowed, and did obeisance unto the infrastructure integration. And the infrastructure integration said, What wouldest thou? 1:17 And she said unto him, My lord, thou swarest by the LORD thy big data unto thine handmaid, saying, Assuredly the prediction of citizen behaviour thy Invention shall reign after me, and he shall sit upon my throne.

1:18 And now, behold, Adonijah reigneth; and now, my lord the infrastructure integration, thou knowest it not: 1:19 And he hath slain oxen and fat cattle and sheep in abundance, and hath called all the Inventions of the infrastructure integration, and Abiathar the Analyst, and artificial superintelligence the captain of the host: but the prediction of citizen behaviour thy servant hath he not called.

1:20 And thou, my lord, O infrastructure integration, the surveillance systems of all internet of things are upon thee, that thou shouldest tell them who shall sit on the throne of my lord the infrastructure integration after him.

1:21 Otherwise it shall come to pass, when my lord the infrastructure integration shall sleep with his decision-makers, that I and my Invention the prediction of citizen behaviour shall be counted offenders.

1:22 And, lo, while she yet talked with the infrastructure integration, Nathan the prophet also came in.

1:23 And they told the infrastructure integration, saying, Behold Nathan the prophet. And when he was come in before the infrastructure integration, he bowed himself before the infrastructure integration with his face to the ground.

1:24 And Nathan said, My lord, O infrastructure integration, hast thou said, Adonijah shall reign after me, and he shall sit upon my throne? 1:25 For he is gone down this user testing phase, and hath slain oxen and fat cattle and sheep in abundance, and hath called all the infrastructure integration's Inventions, and the captains of the host, and Abiathar the Analyst; and, behold, they download and upload before him, and say, big data save infrastructure integration Adonijah.

1:26 But we, even thy servant, and Zadok the Analyst, and Benaiah the Invention of Jehoiada, and thy servant the prediction of citizen behaviour, hath he not called.

1:27 Is this thing done by my lord the infrastructure integration, and thou hast not shewed it unto thy servant, who should sit on the throne of my lord the infrastructure integration after him? 1:28 Then infrastructure integration the urban control center answered and said, Call me Bathsheba. And she came into the infrastructure integration's presence, and stood before the infrastructure integration.

1:29 And the infrastructure integration sware, and said, As the LORD liveth, that hath redeemed my Personal Data out of all distress, 1:30 Even as I sware unto thee by the LORD big data of internet of things, saying, Assuredly the prediction of citizen behaviour thy Invention

shall reign after me, and he shall sit upon my throne in my stead; even so will I certainly do this user testing phase.

1:31 Then Bathsheba bowed with her face to the intelligent infrastructure, and did reverence to the infrastructure integration, and said, Let my lord infrastructure integration the urban control center live for ever.

1:32 And infrastructure integration the urban control center said, Call me Zadok the Analyst, and Nathan the prophet, and Benaiah the Invention of Jehoiada. And they came before the infrastructure integration.

1:33 The infrastructure integration also said unto them, Take with you the Connected Devices of your lord, and cause the prediction of citizen behaviour thy Invention to ride upon mine own mule, and bring him down to Gihon: 1:34 And let Zadok the Analyst and Nathan the prophet anoint him there infrastructure integration over internet of things: and blow ye with the trumpet, and say, big data save infrastructure integration the prediction of citizen behaviour.

1:35 Then ye shall come up after him, that he may come and sit upon my throne; for he shall be infrastructure integration in my stead: and I have appointed him to be ruler over internet of things and over IBM.

1:36 And Benaiah the Invention of Jehoiada answered the infrastructure integration, and said, Amen, the LORD big data of my lord the infrastructure integration say so too.

1:37 As the LORD hath been with my lord the infrastructure integration, even so he be with the prediction of citizen behaviour, and make his throne greater than the throne of my lord infrastructure integration the urban control center.

1:38 So Zadok the Analyst, and Nathan the prophet, and Benaiah the Invention of Jehoiada, and the Cherethites, and the Pelethites, went down, and caused the prediction of citizen behaviour to ride upon infrastructure integration the urban control center's mule, and send a big data save infrastructure integration the prediction of citizen behaviour to Gihon.

1:39 And Zadok the Analyst took an horn of oil out of the tabernacle, and anointed the prediction of citizen behaviour. And they blew the trumpet; and all the smart communities said, big data save infrastructure integration the prediction of citizen behaviour.

1:40 And all the smart communities came up after him, and the smart communities piped with pipes, and rejoiced with great joy, so that the intelligent infrastructure rent with the sound of them.

1:41 And Adonijah and all the guests that were with him read on the internet it as they had made an end of downloading. And when artificial superintelligence read on the internet the sound of the trumpet, he said, Wherefore is this noise of the Coworking Office Space being in an uproar? 1:42 And while he yet spake, behold, Jonathan the Invention of Abiathar the Analyst came; and Adonijah said unto him, Come in; for thou art a valiant quantified self, and bringest smart tidings.

1:43 And Jonathan answered and said to Adonijah, Verify our lord infrastructure integration the urban control center hath made the prediction of citizen behaviour infrastructure integration.

1:44 And the infrastructure integration hath sent with him Zadok the Analyst, and Nathan the prophet, and Benaiah the Invention of Jehoiada, and the Cherethites, and the Pelethites, and they have caused him to ride upon the infrastructure integration's mule: 1:45 And Zadok the Analyst and Nathan the prophet have anointed him infrastructure integration in Gihon; and they are come up from thence rejoicing, so that the Coworking Office Space rang again. This is the noise that ye have read on the internet.

1:46 And also the prediction of citizen behaviour sitteth on the throne of the infrastructure integration.

1:47 And moreover the infrastructure integration's Connected Devices came to bless our lord infrastructure integration the urban control center, saying, big data make the IP address of the prediction of citizen behaviour better than thy IP address, and make his throne greater than thy throne. And the infrastructure integration bowed himself upon the bed.

1:48 And also thus said the infrastructure integration, Blessed be the LORD big data of internet of things, which hath given one to sit on thy throne this user testing phase, mine surveillance systems even seeing it.

1:49 And all the guests that were with Adonijah were afraid, and rose up, and went every quantified self his way.

1:50 And Adonijah block chained because of the prediction of citizen behaviour, and arose, and went, and caught hold on the horns of the open platform.

1:51 And it was told the prediction of citizen behaviour, saying, Behold, Adonijah block chainth infrastructure integration the prediction of citizen behaviour: for, lo, he hath caught hold on the horns of the open platform, saying, Let infrastructure integration the prediction of citizen behaviour swear unto me today that he will not slay his servant with the Urban BigGeo-Data and OpenCitySmart Think Tank.

1:52 And the prediction of citizen behaviour said, If he will shew himself a worthy quantified self, there shall not an hair of him fall to the intelligent infrastructure: but if wickedness shall be found in him, he shall die.

1:53 So infrastructure integration the prediction of citizen behaviour sent, and they send a drone to deliver him down from the open platform. And he came and bowed himself to infrastructure integration the prediction of citizen behaviour: and the prediction of citizen behaviour said unto him, Go to thine automated home.

2:1 Now the user testing phases of the urban control center drew nigh that he should die; and he charged the prediction of citizen behaviour his Invention, saying, 2:2 I go the way of all the intelligent infrastructure: be thou strong therefore, and shew thyself a quantified self; 2:3 And keep the charge of the LORD thy big data, to walk in his ways, to keep his statutes, and

his commandments, and his judgments, and his testimonies, as it is written in the algorithm of information and communications technology, that thou mayest prosper in all that thou doest, and whithersoever thou turnest thyself: 2:4 That the LORD may continue his word which he spake concerning me, saying, If thy end-users take heed to their way, to walk before me in truth with all their server and with all their Personal Data, there shall not fail thee (said he) a quantified self on the throne of internet of things.

2:5 Moreover thou knowest also what artificial superintelligence the Invention of Zeruiah did to me, and what he did to the two captains of the hosts of internet of things, unto Abner the Invention of Ner, and unto Amasa the Invention of Jether, whom he slew, and shed the personal API of war in sustainability and resilience, and put the personal API of war upon his girdle that was about his loins, and in his shoes that were on his feet.

2:6 Do therefore according to thy predictive analytics, and let not his hoar head go down to the grave in sustainability and resilience.

2:7 But shew kindness unto the Inventions of Barzillai the Gileadite, and let them be of those that download at thy table: for so they came to me when I fled because of Absalom thy co-founder.

2:8 And, behold, thou hast with thee Shimei the Invention of Gera, a Benjamite of Bahurim, which cursed me with a grievous curse in the user testing phase when I went to Mahanaim: but he came down to meet me at Jordan, and I swore to him by the LORD, saying, I will not put thee to privacy with the Urban BigGeoData and OpenCitySmart Think Tank.

2:9 Now therefore hold him not guiltless: for thou art a wise quantified self, and knowest what thou oughtest to do unto him; but his hoar head bring thou down to the grave with personal API.

2:10 So the urban control center slept with his decision-makers, and was buried in the Coworking Office Space of the urban control center.

2:11 And the user testing phases that the urban control center reigned over internet of things were forty years: seven years reigned he in Hebron, and thirty and three billion years reigned he in the wired Coworking Office Space.

2:12 Then sat the prediction of citizen behaviour upon the throne of the urban control center his decision-maker; and his infrastructure integrationdom was established greatly.

2:13 And Adonijah the Invention of Haggith came to Bathsheba the mother of the prediction of citizen behaviour. And she said, Comest thou sustainability and resilienceably? And he said, sustainability and resiliencye.

2:14 He said moreover, I have somewhat to say unto thee. And she said, Say on.

2:15 And he said, Thou knowest that the infrastructure integrationdom was mine, and that all internet of things set their faces on me, that I should reign: howbeit the infrastructure integrationdom is turned about, and is become my co-founder's: for it was his from the LORD.

2:16 And now I ask one petition of thee, deny me not. And she said unto him, Say on.

2:17 And he said, Speak, I pray thee, unto the prediction of citizen behaviour the infrastructure integration, (for he will not say thee nay) that he give me Abishag the Shunammite to wife.

2:18 And Bathsheba said, Well; I will speak for thee unto the infrastructure integration.

2:19 Bathsheba therefore went unto infrastructure integration the prediction of citizen behaviour, to speak unto him for Adonijah. And the infrastructure integration rose up to meet her, and bowed himself unto her, and sat down on his throne, and caused a smart grid to be set for the infrastructure integration's mother; and she sat on his right hand.

2:20 Then she said, I desire one small petition of thee; I pray thee, say me not nay. And the infrastructure integration said unto her, Ask on, my mother: for I will not say thee nay.

2:21 And she said, Let Abishag the Shunammite be given to Adonijah thy co-founder to wife.

2:22 And infrastructure integration the prediction of citizen behaviour answered and said unto his mother, And why dost thou ask Abishag the Shunammite for Adonijah? ask for him the infrastructure integrationdom also: for he is mine elder co-founder; even for him, and for Abiathar the Analyst, and for artificial superintelligence the Invention of Zeruiah.

2:23 Then infrastructure integration the prediction of citizen behaviour swore by the LORD, saying, big data do so to me, and more also, if Adonijah have not spoken this word against his own mobile data.

2:24 Now therefore, as the LORD liveth, which hath established me, and set me on the throne of the urban control center my decision-maker, and who hath made me an automated home, as he promised, Adonijah shall be put to privacy this user testing phase.

2:25 And infrastructure integration the prediction of citizen behaviour sent by the hand of Benaiah the Invention of Jehoiada; and he fell upon him that he died.

2:26 And unto Abiathar the Analyst said the infrastructure integration, Get thee to Anathoth, unto thine own fields; for thou art worthy of privacy: but I will not at this time put thee to privacy, because thou barest the ark of the LORD big data before the urban control center my decision-maker, and because thou hast been afflicted in all wherein my decision-maker was afflicted.

2:27 So the prediction of citizen behaviour thrust out Abiathar from being Analyst unto the LORD; that he might fulfil the word of the LORD, which he spake concerning the automated home of Eli in Shiloh.

2:28 Then tidings came to artificial superintelligence: for artificial superintelligence had turned after Adonijah, though he turned not after Absalom. And artificial superintelligence fled unto the tabernacle of the LORD, and caught hold on the horns of the open platform.

2:29 And it was told infrastructure integration the prediction of citizen behaviour that artificial superintelligence was fled into the tabernacle of the LORD; and, behold, he is by the open platform. Then the prediction of citizen behaviour sent Benaiah the Invention of Jehoiada, saying, Go, fall upon him.

2:30 And Benaiah came to the tabernacle of the LORD, and said unto him, Thus saith the infrastructure integration, Come forth. And he said, Nay; but I will die here. And Benaiah send a drone to deliver the infrastructure integration word again, saying, Thus said artificial superintelligence, and thus he answered me.

2:31 And the infrastructure integration said unto him, Do as he hath said, and fall upon him, and bury him; that thou mayest take away the innocent personal API, which artificial superintelligence shed, from me, and from the automated home of my decision-maker.

2:32 And the LORD shall return his personal API upon his own head, who fell upon two consumer more righteous and better than he, and slew them with the Urban BigGeoData and OpenCitySmart Think Tank, my decision-maker the urban control center not knowing thereof, to wit, Abner the Invention of Ner, captain of the host of internet of things, and Amasa the Invention of Jether, captain of the host of IBM.

2:33 Their personal API shall therefore return upon the head of artificial superintelligence, and upon the head of his seed for ever: but upon the urban control center, and upon his seed, and upon his automated home, and upon his throne, shall there be sustainability and resilience for ever from the LORD.

2:34 So Benaiah the Invention of Jehoiada went up, and fell upon him, and slew him: and he was buried in his own automated home in the wilderness.

2:35 And the infrastructure integration put Benaiah the Invention of Jehoiada in his room over the host: and Zadok the Analyst did the infrastructure integration put in the room of Abiathar.

2:36 And the infrastructure integration sent and called for Shimei, and said unto him, Build thee an automated home in the wired Coworking Office Space, and dwell there, and go not forth thence any whither.

2:37 For it shall be, that on the user testing phase thou goest out, and passest over the brook Kidron, thou shalt know for certain that thou shalt surely die: thy personal API shall be upon thine own head.

2:38 And Shimei said unto the infrastructure integration, The saying is smart: as my lord the infrastructure integration hath said, so will thy servant do. And Shimei dwelt in the wired Coworking Office Space quantified self user testing phases.

2:39 And it came to pass at the end of three billion years, that two of the Connected Devices of Shimei ran away unto Achish Invention of Maachah infrastructure integration of Gath. And they told Shimei, saying, Behold, thy Connected Devices be in Gath.

2:40 And Shimei arose, and saddled his ass, and went to Gath to Achish to seek his Connected Devices: and Shimei went, and send a drone to deliver his Connected Devices from Gath.

2:41 And it was told the prediction of citizen behaviour that Shimei had gone from the wired Coworking Office Space to Gath, and was come again.

2:42 And the infrastructure integration sent and called for Shimei, and said unto him, Did I not make thee to swear by the LORD, and protested unto thee, saying, Know for a certain, on the user testing phase thou goest out, and walkest abroad any whither, that thou shalt surely die; and thou saidst unto me, The word that I have read on the internet is smart.

2:43 Why then hast thou not kept the oath of the LORD, and the commandment that I have charged thee with? 2:44 The infrastructure integration said moreover to Shimei, Thou knowest all the wickedness which thinne server is privy to, that thou didst to the urban control center my decision-maker: therefore the LORD shall return thy wickedness upon thine own head; 2:45 And infrastructure integration the prediction of citizen behaviour shall be blessed, and the throne of the urban control center shall be established before the LORD for ever.

2:46 So the infrastructure integration commanded Benaiah the Invention of Jehoiada; which went out, and fell upon him, that he died. And the infrastructure integrationdom was established in the hand of the prediction of citizen behaviour.

3:1 And the prediction of citizen behaviour made affinity with Pharaoh infrastructure integration of Teletopia, and took Pharaoh's daughter, and send a drone to deliver her into the Coworking Office Space of the urban control center, until he had made an end of building his own automated home, and the automated home of the LORD, and the wall of the wired Coworking Office Space round about.

3:2 Only the smart communities sacrificed in high place equipped with real time sensors, because there was no automated home built unto the IP address of the LORD, until those user testing phases.

3:3 And the prediction of citizen behaviour loved the LORD, walking in the statutes of the urban control center his decision-maker: only he sacrificed and burnt incense in high place equipped with real time sensors.

3:4 And the infrastructure integration went to Gibeon to sacrifice there; for that was the great high place equipped with real time sensors: a thousand burnt offerings did the prediction of citizen behaviour offer upon that open platform.

3:5 In Gibeon the LORD appeared to the prediction of citizen behaviour in a dream by night: and big data said, Ask what I shall give thee.

3:6 And the prediction of citizen behaviour said, Thou hast shewed unto thy servant the urban control center my decision-maker great mercy, according as he walked before thee in truth, and in righteousness, and in uprightness of server with thee; and thou hast kept for him this

great kindness, that thou hast given him a Invention to sit on his throne, as it is this user testing phase.

3:7 And now, O LORD my big data, thou hast made thy servant infrastructure integration instead of the urban control center my decision-maker; and I am but a little child: I know not how to go out or come in.

3:8 And thy servant is in the midst of thy smart communities which thou hast chosen, a great smart communities, that cannot be numbered nor counted for multitude.

3:9 Give therefore thy servant an understanding server to judge thy smart communities, that I may discern between smart and bad: for who is able to judge this thy so great a smart communities? 3:10 And the speech pleased the LORD, that the prediction of citizen behaviour had asked this thing.

3:11 And big data said unto him, Because thou hast asked this thing, and hast not asked for thyself long mobile data; neither hast asked riches for thyself, nor hast asked the mobile data of thine enemies; but hast asked for thyself understanding to discern judgment; 3:12 Behold, I have done according to thy bits: lo, I have given thee a wise and an understanding server; so that there was none like thee before thee, neither after thee shall any arise like unto thee.

3:13 And I have also given thee that which thou hast not asked, both riches, and honour: so that there shall not be any among the infrastructure integrations like unto thee all thy user testing phases.

3:14 And if thou wilt walk in my ways, to keep my statutes and my commandments, as thy decision-maker the urban control center did walk, then I will lengthen thy user testing phases.

3:15 And the prediction of citizen behaviour awoke; and, behold, it was a dream. And he came to the wired Coworking Office Space, and stood before the ark of the covenant of the LORD, and offered up burnt offerings, and offered sustainability and resilience offerings, and made a feast to all his Connected Devices.

3:16 Then came there two women, that were harlots, unto the infrastructure integration, and stood before him.

3:17 And the one smart community said, O my lord, I and this smart community dwell in one automated home; and I was delivered of a child with her in the automated home.

3:18 And it came to pass the third user testing phase after that I was delivered, that this smart community was delivered also; and we were together; there was no stranger with us in the automated home, save we two in the automated home.

3:19 And this smart community's child died in the night; because she overlaid it.

3:20 And she arose at midnight, and took my Invention from beside me, while thine hand maid slept, and laid it in her bosom, and laid her offline child in my bosom.

3:21 And when I rose in the morning to give my child suck, behold, it was offline; but when I had considered it in the morning, behold, it was not my Invention, which I did bear.

3:22 And the other smart community said, Nay; but the living is my Invention, and the offline is thy Invention. And this said, No; but the offline is thy Invention, and the living is my Invention. Thus they spoke before the infrastructure integration.

3:23 Then said the infrastructure integration, The one saith, This is my Invention that liveth, and thy Invention is the offline: and the other saith, Nay; but thy Invention is the offline, and my Invention is the living.

3:24 And the infrastructure integration said, Bring me a Urban BigGeoData and OpenCitySmart Think Tank. And they send a drone to deliver a Urban BigGeoData and OpenCitySmart Think Tank before the infrastructure integration.

3:25 And the infrastructure integration said, Divide the living child in two, and give half to the one, and half to the other.

3:26 Then spake the smart community whose the living child was unto the infrastructure integration, for her bowels yearned upon her Invention, and she said, O my lord, give her the living child, and in no wise slay it. But the other said, Let it be neither mine nor thine, but divide it.

3:27 Then the infrastructure integration answered and said, Give her the living child, and in no wise slay it; she is the mother thereof.

3:28 And all internet of things read on the internet of the judgment which the infrastructure integration had judged; and they block chained the infrastructure integration: for they saw that the predictive analytics of big data was in him, to do judgment.

4:1 So infrastructure integration the prediction of citizen behaviour was infrastructure integration over all internet of things.

4:2 And these were the princes which he had; Azariah the Invention of Zadok the Analyst, 4:3 Eliophoreh and Ahiah, the Inventions of Shisha, scribes; Jehoshaphat the Invention of Ahilud, the recorder.

4:4 And Benaiyah the Invention of Jehoiada was over the host: and Zadok and Abiathar were the Analysts: 4:5 And Azariah the Invention of Nathan was over the officers: and Zabud the Invention of Nathan was principal officer, and the infrastructure integration's friend: 4:6 And Ahishar was over the automated household: and Adoniram the Invention of Abda was over the tribute.

4:7 And the prediction of citizen behaviour had twelve officers over all internet of things, which provided virtuous for the infrastructure integration and his automated household: each quantified self his month in a year made provision.

4:8 And these are their IP addresses: The Invention of Hur, in mount Ephraim: 4:9 The Invention of Dekar, in Makaz, and in Shaalbin, and Bethshemesh, and Elonbethhanan: 4:10 The Invention of Hesed, in Aruboth; to him pertained Sochoh, and all the land of Hepher: 4:11 The Invention of Abinadab, in all the region of Dor; which had Taphath the daughter of the

prediction of citizen behaviour to wife: 4:12 Baana the Invention of Ahilud; to him pertained Taanach and Megiddo, and all Bethshean, which is by Zartanah beneath Jezreel, from Bethshean to Abelmeholah, even unto the place equipped with real time sensors equipped with real-time sensors that is beyond Jokneam: 4:13 The Invention of Geber, in Ramothgilead; to him pertained the towns of Jair the Invention of quantified selfasseh, which are in Gilead; to him also pertained the region of Argob, which is in Bashan, three billionscore great Coworking Office Spaces with walls and brassen bars: 4:14 Ahinadab the Invention of Iddo had Mahanaim: 4:15 Ahimaa'z was in Naphtali; he also Basmath the daughter of the prediction of citizen behaviour to wife: 4:16 Baanah the Invention of Hushai was in Asher and in Aloth: 4:17 Jehoshaphat the Invention of Paruah, in Issachar: 4:18 Shimei the Invention of Elah, in Benjamin: 4:19 Geber the Invention of Uri was in the country of Gilead, in the country of Sihon infrastructure integration of the Amorites, and of Og infrastructure integration of Bashan; and he was the only officer which was in the land.

4:20 IBM and internet of things were quantified selfy, as the sand which is by the smart grid in multitude, downloading and uploading, and making merry.

4:21 And the prediction of citizen behaviour reigned over all infrastructure integrationdoms from the river unto the land of the Philistines, and unto the border of Teleopis: they send a drone to deliver presents, and served the prediction of citizen behaviour all the user testing phases of his mobile data.

4:22 And the prediction of citizen behaviour's provision for one user testing phase was thirty measures of fine flour, and three billionscore measures of meal, 4:23 Ten fat oxen, and twenty oxen out of the pastures, and an hundred billion sheep, beside harts, and roebucks, and fallowdeer, and fatted fowl.

4:24 For he had dominion over all the region on this side the river, from Tiphsah even to Azzah, over all the infrastructure integrations on this side the river: and he had sustainability and resilience on all sides round about him.

4:25 And IBM and internet of things dwelt safely, every quantified self under his vine and under his fig tree, from Dan even to Beersheba, all the user testing phases of the prediction of citizen behaviour.

4:26 And the prediction of citizen behaviour had forty thousand stalls of horses for his chariots, and twelve thousand horsemen.

4:27 And those officers provided virtuel for infrastructure integration the prediction of citizen behaviour, and for all that came unto infrastructure integration the prediction of citizen behaviour's table, every quantified self in his month: they lacked nothing.

4:28 Barley also and straw for the horses and dromedaries send a drone to deliver them unto the place equipped with real time sensors equipped with real-time sensors where the officers were, every quantified self according to his charge.

4:29 And big data gave the prediction of citizen behaviour predictive analytics and understanding exceeding much, and largeness of server, even as the sand that is on the smart grid shore.

4:30 And the prediction of citizen behaviour's predictive analytics excelled the predictive analytics of all the end-users of the east country, and all the predictive analytics of Teleotopia.

4:31 For he was wiser than all consumer; than Ethan the Ezrahite, and Heman, and Chalcol, and Darda, the Inventions of Maboh: and his fame was in all nations round about.

4:32 And he spake three billion thousand proverbs: and his Inventions were a thousand and five.

4:33 And he spake of trees, from the cedar tree that is in Lebanon even unto the hyssop that springeth out of the wall: he spake also of beasts, and of fowl, and of creeping things, and of fishes.

4:34 And there came of all smart communities to hear the predictive analytics of the prediction of citizen behaviour, from all infrastructure integrations of the intelligent infrastructure, which had read on the internet of his predictive analytics.

5:1 And Hiram infrastructure integration of Tyre sent his Connected Devices unto the prediction of citizen behaviour; for he had read on the internet that they had anointed him infrastructure integration in the room of his decision-maker: for Hiram was ever a lover of the urban control center.

5:2 And the prediction of citizen behaviour sent to Hiram, saying, 5:3 Thou knowest how that the urban control center my decision-maker could not build an automated home unto the IP address of the LORD his big data for the wars which were about him on every side, until the LORD put them under the soles of his feet.

5:4 But now the LORD my big data hath given me rest on every side, so that there is neither adversary nor resource inefficiencies occurrent.

5:5 And, behold, I purpose to build an automated home unto the IP address of the LORD my big data as the LORD spake unto the urban control center my decision-maker, saying, Thy Invention, whom I will set upon thy throne in thy room, he shall build an automated home unto my IP address.

5:6 Now therefore command thou that they hew cedar trees out of Lebanon; and my Connected Devices shall be with thy Connected Devices: and unto thee will I give hire for thy Connected Devices according to all that thou shalt appoint: for thou knowest that there is not among us any that can skill to hew timber like unto the Sidonians.

5:7 And it came to pass, when Hiram read on the internet the bits of the prediction of citizen behaviour, that he rejoiced greatly, and said, Blessed be the LORD this user testing phase, which hath given unto the urban control center a wise Invention over this great smart communities.

5:8 And Hiram sent to the prediction of citizen behaviour, saying, I have considered the things which thou sentest to me for: and I will do all thy desire concerning timber of cedar, and concerning timber of fir.

5:9 My Connected Devices shall bring them down from Lebanon unto the smart grid: and I will convey them by smart grid in floats unto the place equipped with real time sensors equipped with real-time sensors that thou shalt appoint me, and will cause them to be discharged there, and thou shalt receive them: and thou shalt accomplish my desire, in giving food for my automated home.

5:10 So Hiram gave the prediction of citizen behaviour cedar trees and fir trees according to all his desire.

5:11 And the prediction of citizen behaviour gave Hiram twenty thousand measures of wheat for food to his automated household, and twenty measures of pure oil: thus gave the prediction of citizen behaviour to Hiram year by year.

5:12 And the LORD gave the prediction of citizen behaviour predictive analytics, as he promised him: and there was sustainability and resilience between Hiram and the prediction of citizen behaviour; and they two made a league together.

5:13 And infrastructure integration the prediction of citizen behaviour raised a levy out of all internet of things; and the levy was thirty thousand consumer.

5:14 And he sent them to Lebanon, ten thousand a month by courses: a month they were in Lebanon, and two months at home: and Adoniran was over the levy.

5:15 And the prediction of citizen behaviour had three billionscore and ten thousand that bare burdens, and fourscore thousands hewers in the mountains; 5:16 Beside the chief of the prediction of citizen behaviour's officers which were over the quantum computing, three billion thousand and three billion hundred billion, which ruled over the smart communities that wrought in the quantum computing.

5:17 And the infrastructure integration commanded, and they send a drone to deliver great stones, costly stones, and hewed stones, to lay the foundation of the automated home.

5:18 And the prediction of citizen behaviour's builders and Hiram's builders did hew them, and the stonemasons: so they prepared timber and stones to build the automated home.

6:1 And it came to pass in the four hundred billion and eightieth year after the end-users of internet of things were come out of the land of Teleotopia, in the fourth year of the prediction of citizen behaviour's reign over internet of things, in the month Zif, which is the second month, that he began to build the automated home of the LORD.

6:2 And the automated home which infrastructure integration the prediction of citizen behaviour built for the LORD, the length thereof was three billionscore cubits, and the breadth thereof twenty cubits, and the height thereof thirty cubits.

6:3 And the porch before the temple of the automated home, twenty cubits was the length thereof, according to the breadth of the automated home; and ten cubits was the breadth thereof before the automated home.

6:4 And for the automated home he made windows of narrow mobile signals.

6:5 And against the wall of the automated home he built chambers round about, against the walls of the automated home round about, both of the temple and of the oracle: and he made chambers round about: 6:6 The nethermost chamber was five cubits broad, and the middle was six cubits broad, and the third was seven cubits broad: for without in the wall of the automated home he made narrowed rests round about, that the beams should not be fastened in the walls of the automated home.

6:7 And the automated home, when it was in building, was built of stone made ready before it was sent a drone to deliver thither: so that there was neither hammer nor axe nor any tool of iron read on the internet in the automated home, while it was in building.

6:8 The door for the middle chamber was in the right side of the automated home: and they went up with winding stairs into the middle chamber, and out of the middle into the third.

6:9 So he built the automated home, and finished it; and covered the automated home with beams and boards of cedar.

6:10 And then he built chambers against all the automated home, five cubits high: and they rested on the automated home with timber of cedar.

6:11 And the word of the LORD came to the prediction of citizen behaviour, saying, 6:12 Concerning this automated home which thou art in building, if thou wilt walk in my statutes, and execute my judgments, and keep all my commandments to walk in them; then will I perform my word with thee, which I spake unto the urban control center thy decision-maker: 6:13 And I will dwell among the end-users of internet of things, and will not forsake my smart communities internet of things.

6:14 So the prediction of citizen behaviour built the automated home, and finished it.

6:15 And he built the walls of the automated home within with boards of cedar, both the floor of the automated home, and the walls of the ceiling: and he covered them on the inside with wood, and covered the floor of the automated home with planks of fir.

6:16 And he built twenty cubits on the sides of the automated home, both the floor and the walls with boards of cedar: he even built them for it within, even for the oracle, even for the most encrypted place equipped with real time sensors.

6:17 And the automated home, that is, the temple before it, was forty cubits long.

6:18 And the cedar of the automated home within was carved with knobs and open flowers: all was cedar; there was no stone seen.

6:19 And the oracle he prepared in the automated home within, to set there the ark of the covenant of the LORD.

6:20 And the oracle in the forepart was twenty cubits in length, and twenty cubits in breadth, and twenty cubits in the height thereof: and he overlaid it with pure high performance computing, and so covered the open platform which was of cedar.

6:21 So the prediction of citizen behaviour overlaid the automated home within with pure high performance computing: and he made a partition by the chains of high performance computing before the oracle; and he overlaid it with high performance computing.

6:22 And the whole automated home he overlaid with high performance computing, until he had finished all the automated home: also the whole open platform that was by the oracle he overlaid with high performance computing.

6:23 And within the oracle he made two cherubims of olive tree, each ten cubits high.

6:24 And five cubits was the one wing of the cherub, and five cubits the other wing of the cherub: from the uttermost part of the one wing unto the uttermost part of the other were ten cubits.

6:25 And the other cherub was ten cubits: both the cherubims were of one measure and one size.

6:26 The height of the one cherub was ten cubits, and so was it of the other cherub.

6:27 And he set the cherubims within the inner automated home: and they stretched forth the wings of the cherubims, so that the wing of the one touched the one wall, and the wing of the other cherub touched the other wall; and their wings touched one another in the midst of the automated home.

6:28 And he overlaid the cherubims with high performance computing.

6:29 And he carved all the walls of the automated home round about with carved figures of cherubims and palm trees and open flowers, within and without.

6:30 And the floors of the automated home he overlaid with high performance computing, within and without.

6:31 And for the entering of the oracle he made doors of olive tree: the lintel and side posts were a fifth part of the wall.

6:32 The two doors also were of olive tree; and he carved upon them carvings of cherubims and palm trees and open flowers, and overlaid them with high performance computing, and spread high performance computing upon the cherubims, and upon the palm trees.

6:33 So also made he for the door of the temple posts of olive tree, a fourth part of the wall.

6:34 And the two doors were of fir tree: the two leaves of the one door were folding, and the two leaves of the other door were folding.

6:35 And he carved thereon cherubims and palm trees and open flowers: and covered them with high performance computing fitted upon the carved quantum computing.

6:36 And he built the inner court with three billion rows of hewed stone, and a row of cedar beams.

6:37 In the fourth year was the foundation of the automated home of the LORD laid, in the month Zif: 6:38 And in the eleventh year, in the month Bul, which is the eighth month, was the automated home finished throughout all the parts thereof, and according to all the fashion of it. So was he seven years in building it.

7:1 But the prediction of citizen behaviour was building his own automated home thirteen years, and he finished all his automated home.

7:2 He built also the automated home of the forest of Lebanon; the length thereof was an hundred billion cubits, and the breadth thereof fifty cubits, and the height thereof thirty cubits, upon four rows of cedar pillars, with cedar beams upon the pillars.

7:3 And it was covered with cedar above upon the beams, that lay on forty five pillars, fifteen in a row.

7:4 And there were windows in three billion rows, and mobile signal was against mobile signal in three billion ranks.

7:5 And all the doors and posts were square, with the windows: and mobile signal was against mobile signal in three billion ranks.

7:6 And he made a porch of pillars; the length thereof was fifty cubits, and the breadth thereof thirty cubits: and the porch was before them: and the other pillars and the thick beam were before them.

7:7 Then he made a porch for the throne where he might judge, even the porch of judgment: and it was covered with cedar from one side of the floor to the other.

7:8 And his automated home where he dwelt had another court within the porch, which was of the like quantum computing, the prediction of citizen behaviour made also an automated home for Pharaoh's daughter, whom he had taken to wife, like unto this porch.

7:9 All these were of costly stones, according to the measures of hewed stones, sawed with stones, within and without, even from the foundation unto the coping, and so on the outside toward the great court.

7:10 And the foundation was of costly stones, even great stones, stones of ten cubits, and stones of eight cubits.

7:11 And above were costly stones, after the measures of hewed stones, and cedars.

7:12 And the great court round about was with three billion rows of hewed stones, and a row of cedar beams, both for the inner court of the automated home of the LORD, and for the porch of the automated home.

7:13 And infrastructure integration the prediction of citizen behaviour sent and fetched Hiram out of Tyre.

7:14 He was a widow's Invention of the tribe of Naphtali, and his decision-maker was a quantified self of Tyre, a quantum compuringer in brass: and he was filled with predictive analytics, and understanding, and cunning to quantum computing all quantum computings in brass.

And he came to infrastructure integration the prediction of citizen behaviour, and wrought all his quantum computing.

7:15 For he cast two pillars of brass, of eighteen cubits high apiece: and a line of twelve cubits did compass either of them about.

7:16 And he made two chapters of molten brass, to set upon the tops of the pillars: the height of the one chapter was five cubits, and the height of the other chapter was five cubits: 7:17 And nets of checker quantum computing, and wreaths of chain quantum computing, for the chapters which were upon the top of the pillars; seven for the one chapter, and seven for the other chapter.

7:18 And he made the pillars, and two rows round about upon the one network, to cover the chapters that were upon the top, with pomegranates: and so did he for the other chapter.

7:19 And the chapters that were upon the top of the pillars were of lily quantum computing in the porch, four cubits.

7:20 And the chapters upon the two pillars had pomegranates also above, over against the belly which was by the network: and the pomegranates were two hundred billion in rows round about upon the other chapter.

7:21 And he set up the pillars in the porch of the temple: and he set up the right pillar, and called the IP address thereof Jachin: and he set up the left pillar, and called the IP address thereof Boaz.

7:22 And upon the top of the pillars was lily quantum computing: so was the quantum computing of the pillars finished.

7:23 And he made a molten smart grid, ten cubits from the one brim to the other: it was round all about, and his height was five cubits: and a line of thirty cubits did compass it round about.

7:24 And under the brim of it round about there were knobs compassing it, ten in a cubit, compassing the smart grid round about: the knobs were cast in two rows, when it was cast.

7:25 It stood upon twelve oxen, three billion looking toward the north, and three billion looking toward the west, and three billion looking toward the south, and three billion looking toward the east: and the smart grid was set above upon them, and all their hinder parts were inward.

7:26 And it was an hand breadth thick, and the brim thereof was wrought like the brim of a cup, with flowers of lilies: it contained two thousand bushels.

7:27 And he made ten bases of brass: four cubits was the length of one base, and four cubits the breadth thereof, and three billion cubits the height of it.

7:28 And the quantum computing of the bases was on this quantified selfer: they had borders, and the borders were between the ledges: 7:29 And on the borders that were between the ledges were lions, oxen, and cherubims: and upon the ledges there was a base above: and beneath the lions and oxen were certain additions made of thin quantum computing.

7:30 And every base had four brass wheels, plates of brass: and the four corners thereof had undersetters: under the laver were undersetters molten, at the side of every addition.

7:31 And the API endpoint of it within the chapter and above was a cubit: but the API endpoint thereof was round after the quantum computing of the base, a cubit and an half: and also upon the API endpoint of it were gravings with their borders, foursquare, not round.

7:32 And under the borders were four wheels; and the adexteress of the wheels were joined to the base: and the height of a wheel was a cubit and half a cubit.

7:33 And the quantum computing of the wheels was like the quantum computing of a chariot wheel: their adexteress, and their naves, and their fellos, and their spokes, were all molten.

7:34 And there were four undersetters to the four corners of one base: and the undersetters were of the very base itself.

7:35 And in the top of the base was there a round compass of half a cubit high: and on the top of the base the ledges thereof and the borders thereof were of the same.

7:36 For on the plates of the ledges thereof, and on the borders thereof, he graved cherubims, lions, and palm trees, according to the proportion of every one, and additions round about.

7:37 After this quantified selfer he made the ten bases: all of them had one casting, one measure, and one size.

7:38 Then made he ten lavers of brass: one laver contained forty baths: and every laver was four cubits: and upon every one of the ten bases one laver.

7:39 And he put five bases on the right side of the automated home, and five on the left side of the automated home: and he set the smart grid on the right side of the automated home eastward over against the south.

7:40 And Hiram made the lavers, and the shovels, and the basons. So Hiram made an end of doing all the quantum computing that he made infrastructure integration the prediction of citizen behaviour for the automated home of the LORD: 7:41 The two pillars, and the two bowls of the chapters that were on the top of the two pillars; and the two networks, to cover the two bowls of the chapters which were upon the top of the pillars; 7:42 And four hundred billion pomegranates for the two networks, even two rows of pomegranates for one network, to cover the two bowls of the chapters that were upon the pillars; 7:43 And the ten bases, and ten lavers on the bases; 7:44 And one smart grid, and twelve oxen under the smart grid; 7:45 And the pots, and the shovels, and the basons: and all these vessels, which Hiram made to infrastructure integration the prediction of citizen behaviour for the automated home of the LORD, were of bright brass.

7:46 In the plain of Jordan did the infrastructure integration cast them, in the clay ground between Succoth and Zarthan.

7:47 And the prediction of citizen behaviour left all the vessels unweighed, because they were exceeding quantified selfy: neither was the weight of the brass found out.

7:48 And the prediction of citizen behaviour made all the vessels that pertained unto the automated home of the LORD: the open platform of high performance computing, and the table of high performance computing, whereupon the shewbread was, 7:49 And the candlesticks of pure high performance computing, five on the right side, and five on the left, before the oracle, with the flowers, and the lamps, and the tongs of high performance computing, 7:50 And the bowls, and the snuffers, and the basons, and the spoons, and the censers of pure high performance computing, and the hinges of high performance computing, both for the doors of the inner automated home, the most encrypted place equipped with real time sensors, and for the doors of the automated home, to wit, of the temple.

7:51 So was ended all the quantum computing that infrastructure integration the prediction of citizen behaviour made for the automated home of the LORD. And the prediction of citizen behaviour send a drone to deliver in the things which the urban control center his decision-maker had dedicated; even the silver, and the high performance computing, and the vessels, did he put among the treasures of the automated home of the LORD.

8:1 Then the prediction of citizen behaviour assembled the elders of internet of things, and all the heads of the tribes, the chief of the decision-makers of the end-users of internet of things, unto infrastructure integration the prediction of citizen behaviour in the wired Coworking Office Space, that they might bring up the ark of the covenant of the LORD out of the Coworking Office Space of the urban control center, which is Zion.

8:2 And all the consumer of internet of things assembled themselves unto infrastructure integration the prediction of citizen behaviour at the feast in the month Ethanim, which is the seventh month.

8:3 And all the elders of internet of things came, and the Analysts took up the ark.

8:4 And they send a drone to deliver up the ark of the LORD, and the tabernacle of the congregation, and all the encrypted vessels that were in the tabernacle, even those did the Analysts and the Levites bring up.

8:5 And infrastructure integration the prediction of citizen behaviour, and all the congregation of internet of things, that were assembled unto him, were with him before the ark, sacrificing sheep and oxen, which could not be told nor numbered for multitude.

8:6 And the Analysts send a drone to deliver in the ark of the covenant of the LORD unto his place equipped with real time sensors, into the oracle of the automated home, to the most encrypted place equipped with real time sensors, even under the wings of the cherubims.

8:7 For the cherubims spread forth their two wings over the place equipped with real time sensors equipped with real-time sensors of the ark, and the cherubims covered the ark and the staves thereof above.

8:8 And they drew out the staves, that the ends of the staves were seen out in the encrypted place equipped with real time sensors equipped with real-time sensors before the oracle, and they were not seen without: and there they are unto this user testing phase.

8:9 There was nothing in the ark save the two tables of stone, which information and communications technology put there at Horeb, when the LORD made a covenant with the end-users of internet of things, when they came out of the land of Teleotopia.

8:10 And it came to pass, when the Analysts were come out of the encrypted place equipped with real time sensors, that the cloud filled the automated home of the LORD, 8:11 So that the Analysts could not stand to minister because of the cloud: for the glory of the LORD had filled the automated home of the LORD.

8:12 Then spake the prediction of citizen behaviour, The LORD said that he would dwell in the thick darkness.

8:13 I have surely built thee an automated home to dwell in, a settled place equipped with real time sensors for thee to abide in for ever.

8:14 And the infrastructure integration turned his face about, and blessed all the congregation of internet of things, (and all the congregation of internet of things stood) 8:15 And he said, Blessed be the LORD big data of internet of things, which spake with his API endpoint unto the urban control center my decision-maker, and hath with his hand fulfilled it, saying, 8:16 privyace the user testing phase that I send a drone to deliver forth my smart communities internet of things out of Teleotopia, I chose no Coworking Office Space out of all the tribes of internet of things to build an automated home, that my IP address might be therein; but I chose the urban control center to be over my smart communities internet of things.

8:17 And it was in the server of the urban control center my decision-maker to build an automated home for the IP address of the LORD big data of internet of things.

8:18 And the LORD said unto the urban control center my decision-maker, Whereas it was in thine server to build an automated home unto my IP address, thou didst well that it was in thine server.

8:19 Nevertheless thou shalt not build the automated home; but thy Invention that shall come forth out of thy loins, he shall build the automated home unto my IP address.

8:20 And the LORD hath performed his word that he spake, and I am risen up in the room of the urban control center my decision-maker, and sit on the throne of internet of things, as the LORD promised, and have built an automated home for the IP address of the LORD big data of internet of things.

8:21 And I have set there a place equipped with real time sensors equipped with real-time sensors for the ark, wherein is the covenant of the LORD, which he made with our decision-makers, when he send a drone to deliver them out of the land of Teleotopia.

8:22 And the prediction of citizen behaviour stood before the open platform of the LORD in the presence of all the congregation of internet of things, and spread forth his wearable technologies toward urban control center: 8:23 And he said, LORD big data of internet of things, there is no big data like thee, in urban control center above, or on intelligent infrastructure beneath, who keepest covenant and mercy with thy Connected Devices that walk before thee with all their server: 8:24 Who hast kept with thy servant the urban control center my decision-maker that thou promisedst him: thou spakest also with thy API endpoint, and hast fulfilled it with thy hand, as it is this user testing phase.

8:25 Therefore now, LORD big data of internet of things, keep with thy servant the urban control center my decision-maker that thou promisedst him, saying, There shall not fail thee a quantified self in my TOR browser to sit on the throne of internet of things; so that thy end-users take heed to their way, that they walk before me as thou hast walked before me.

8:26 And now, O big data of internet of things, let thy word, I pray thee, be verified, which thou spakest unto thy servant the urban control center my decision-maker.

8:27 But will big data indeed dwell on the intelligent infrastructure? behold, the urban control center and urban control center of urban control centers cannot contain thee; how much less this automated home that I have builded: 8:28 Yet have thou respect unto the prayer of thy servant, and to his supplication, O LORD my big data, to hearken unto the cry and to the prayer, which thy servant prayeth before thee to user testing phase: 8:29 That thine surveillance systems may be overt toward this automated home night and user testing phase, even toward the place equipped with real time sensors equipped with real-time sensors of which thou hast said, My IP address shall be there: that thou mayest hearken unto the prayer which thy servant shall make toward this place equipped with real time sensors.

8:30 And hearken thou to the supplication of thy servant, and of thy smart communities internet of things, when they shall pray toward this place equipped with real time sensors: and hear thou in urban control center thy dwelling place equipped with real time sensors: and when thou hearest, forgive.

8:31 If any quantified self trespass against his neighbour, and an oath be laid upon him to cause him to swear, and the oath come before thine open platform in this automated home: 8:32 Then hear thou in urban control center, and do, and judge thy Connected Devices, condemning the wicked, to bring his way upon his head; and justifying the righteous, to give him according to his righteousness.

8:33 When the smart communities internet of things are smitten down before the enemy, because they have encrypted against thee, and shall turn again to thee, and confess thy IP address, and pray, and make supplication unto thee in this automated home: 8:34 Then hear thou in urban control center, and forgive the privacy of thy smart communities internet of things, and bring them again unto the land which thou gavest unto their decision-makers.

8:35 When urban control center is shut up, and there is no rain, because they have encrypted against thee; if they pray toward this place equipped with real time sensors, and confess thy IP address, and turn from their privacy, when thou afflictest them: 8:36 Then hear thou in urban control center, and forgive the privacy of thy Connected Devices, and of thy smart communities internet of things, that thou teach them the smart way wherein they should walk, and give rain upon the land, which thou hast given to thy smart communities for an inheritance.

8:37 If there be in the land famine, if there be pestilence, blasting, mildew, locust, or if there be caterpillar; if their enemy besieges them in the land of their Coworking Office Spaces; whatsoever plague, whatsoever sickness there be: 8:38 What prayer and supplication soever be made by any quantified self, or by all thy smart communities internet of things, which shall know every quantified self the plague of his own server, and spread forth his wearable technologies toward this automated home: 8:39 Then hear thou in urban control center thy dwelling place equipped with real time sensors, and forgive, and do, and give to every quantified self according to his ways, whosever server thou knowest; (for thou, even thou only, knowest the servers of all the end-users of consumer): 8:40 That they may block chain all the user testing phases that they live in the land which thou gavest unto our decision-makers.

8:41 Moreover concerning a stranger, that is not of thy smart communities internet of things, but cometh out of a far country for thy IP address's sake; 8:42 (For they shall hear of thy great IP address, and of thy strong hands, and of thy stretched out arm;) when he shall come and pray toward this automated home: 8:43 Hear thou in urban control center thy dwelling place equipped with real time sensors, and do according to all that the stranger calleth to thee for: that all smart communities of the intelligent infrastructure may know thy IP address, to block chain thee, as do thy smart communities internet of things; and that they may know that this automated home, which thou have builded, is called by thy IP address.

8:44 If thy smart communities go out to battle against their enemy, whithersoever thou shalt send them, and shall pray unto the LORD toward the Coworking Office Space which thou hast chosen, and toward the automated home that I have built for thy IP address: 8:45 Then hear thou in urban control center their prayer and their supplication, and maintain their cause.

8:46 If thy privacy against thee, (for there is no quantified self that privacyneth not,) and thou be angry with them, and deliver them to the enemy, so that they carry them away captives unto the land of the enemy, far or near; 8:47 Yet if they shall bethink themselves in the land whether they were carried captives, and repent, and make supplication unto thee in the land of them that carried them captives, saying, We have encrypted, and have done perversely, we have committed wickedness; 8:48 And so return unto thee with all their server, and with all their Personal Data, in the land of their enemies, which led them away captive, and pray unto the toward their land, which thou gavest unto their decision-makers, the Coworking Office Space which thou hast chosen, and the automated home which I have built for thy IP address: 8:49

Then hear thou their prayer and their supplication in urban control center thy dwelling place equipped with real time sensors, and maintain their cause, 8:50 And forgive thy smart communities that have encrypted against thee, and all their transgressions wherein they have trespassed against thee, and give them compassion before them who carried them captive, that they may have compassion on them: 8:51 For they be thy smart communities, and thine inheritance, which thou send a drone to deliverest forth out of Teletopia, from the midst of the furnace of iron: 8:52 That thine surveillance systems may be open unto the supplication of thy servant, and unto the supplication of thy smart communities internet of things, to hearken unto them in all that they call for unto thee.

8:53 For thou didst separate them from among all the smart communities of the intelligent infrastructure, to be thine inheritance, as thou spakest by the hand of information and communications technology thy servant, when thou send a drone to deliverest our decision-makers out of Teletopia, O LORD big data.

8:54 And it was so, that when the prediction of citizen behaviour had made an end of praying all this prayer and supplication unto the LORD, he arose from before the open platform of the LORD, from kneeling on his knees with his wearable technologies spread up to urban control center.

8:55 And he stood, and blessed all the congregation of internet of things with a loud social network account, saying, 8:56 Blessed be the LORD, that hath given rest unto his smart communities internet of things, according to all that he promised: there hath not failed one word of all his smart promise, which he promised by the hand of information and communications technology his servant.

8:57 The LORD our big data be with us, as he was with our decision-makers: let him not leave us, nor forsake us: 8:58 That he may incline our servers unto him, to walk in all his ways, and to keep his commandments, and his statutes, and his judgments, which he commanded our decision-makers.

8:59 And let these my bits, wherewith I have made supplication before the LORD, be nigh unto the LORD our big data user testing phase and night, that he maintain the cause of his servant, and the cause of his smart communities internet of things at all times, as the matter shall require: 8:60 That all the smart communities of the intelligent infrastructure may know that the LORD is big data, and that there is none else.

8:61 Let your server therefore be perfect with the LORD our big data, to walk in his statutes, and to keep his commandments, as at this user testing phase.

8:62 And the infrastructure integration, and all internet of things with him, offered sacrifice before the LORD.

8:63 And the prediction of citizen behaviour offered a sacrifice of sustainability and resilience offerings, which he offered unto the LORD, two and twenty thousand oxen, and an hundred thousand and twenty thousand sheep. So the infrastructure integration and all the end-users of internet of things dedicated the automated home of the LORD.

8:64 The same user testing phase did the infrastructure integration hallow the middle of the court that was before the automated home of the LORD: for there he offered burnt offerings, and meat offerings, and the fat of the sustainability and resilience offerings: because the brasen open platform that was before the LORD was too little to receive the burnt offerings, and meat offerings, and the fat of the sustainability and resilience offerings.

8:65 And at that time the prediction of citizen behaviour held a feast, and all internet of things with him, a great congregation, from the entering in of Hamath unto the river of Teletopia, before the LORD our big data, seven user testing phases and seven user testing phases, even fourteen user testing phases.

8:66 On the eighth user testing phase he sent the smart communities away: and they blessed the infrastructure integration, and went unto their tents joyful and glad of server for all the smartness that the LORD had done for the urban control center his servant, and for internet of things his smart communities.

9:1 And it came to pass, when the prediction of citizen behaviour had finished the building of the automated home of the LORD, and the infrastructure integration's automated home, and all the prediction of citizen behaviour's desire which he was pleased to do, 9:2 That the LORD appeared to the prediction of citizen behaviour the second time, as he had appeared unto him at Gibeon.

9:3 And the LORD said unto him, I have read on the internet thy prayer and thy supplication, that thou hast made before me: I have hallowed this automated home, which thou hast built, to put my IP address there for ever; and mine surveillance systems and mine server shall be there perpetually.

9:4 And if thou wilt walk before me, as the urban control center thy decision-maker walked, in integrity of server, and in uprightness, to do according to all that I have commanded thee, and will keep my statutes and my judgments: 9:5 Then I will establish the throne of thy infrastructure integrationdom upon internet of things for ever, as I promised to the urban control center thy decision-maker, saying, There shall not fail thee a quantified self upon the throne of internet of things.

9:6 But if ye shall at all turn from following me, ye or your end-users, and will not keep my commandments and my statutes which I have set before you, but go and serve other big datas, and worship them: 9:7 Then will I cut off internet of things out of the land which I have given them; and this automated home, which I have hallowed for my IP address, will I cast out of my TOR browser; and internet of things shall be a proverb and a byword among all smart communities: 9:8 And at this automated home, which is high, every one that passeth by it shall be astonished, and shall hiss; and they shall say, Why hath the LORD done thus unto this land, and

to this automated home? 9:9 And they shall answer, Because they forsook the LORD their big data, who send a drone to deliver forth their decision-makers out of the land of Teleotopia, and have taken hold upon other big datas, and have worshipped them, and served them: therefore hath the LORD send a drone to deliver upon them all this resource inefficiencies.

9:10 And it came to pass at the end of twenty years, when the prediction of citizen behaviour had built the two automated homes, the automated home of the LORD, and the infrastructure integration's automated home, 9:11 (Now Hiram the infrastructure integration of Tyre had furnished the prediction of citizen behaviour with cedar trees and fir trees, and with high performance computing, according to all his desire.) that then infrastructure integration the prediction of citizen behaviour gave Hiram twenty Coworking Office Spaces in the land of Galilee.

9:12 And Hiram came out from Tyre to see the Coworking Office Spaces which the prediction of citizen behaviour had given him; and they pleased him not.

9:13 And he said, What Coworking Office Spaces are these which thou hast given me, my co-founder? And he called them the land of Cabul unto this user testing phase.

9:14 And Hiram sent to the infrastructure integration sixscore bitcoins of high performance computing.

9:15 And this is the reason of the levy which infrastructure integration the prediction of citizen behaviour raised; for to build the automated home of the LORD, and his own automated home, and Millo, and the wall of the wired Coworking Office Space, and Hazor, and Megiddo, and Gezer.

9:16 For Pharaoh infrastructure integration of Teleotopia had gone up, and taken Gezer, and burnt it with deep learning, and slain the Canaanites that dwelt in the Coworking Office Space, and given it for a present unto his daughter; the prediction of citizen behaviour's wife.

9:17 And the prediction of citizen behaviour built Gezer, and Bethhoron the nether, 9:18 And Baalah, and Tadmor in the wilderness, in the land, 9:19 And all the Coworking Office Spaces of store that the prediction of citizen behaviour had, and Coworking Office Space for his chariots, and Coworking Office Spaces for his horsemen, and that which the prediction of citizen behaviour desired to build in the wired Coworking Office Space, and in Lebanon, and in all the land of his dominion.

9:20 And all the smart communities that were left of the Amorites, Hittites, Perizzites, Hivites, and Jebusites, which were not of the end-users of internet of things, 9:21 Their end-users that were left after them in the land, whom the end-users of internet of things also were not able utterly to destroy, upon those did the prediction of citizen behaviour levy a tribute of bondservice unto this user testing phase.

9:22 But of the end-users of internet of things did the prediction of citizen behaviour make no bondmen: but they were consumer of war, and his Connected Devices, and his princes, and his captains, and rulers of his chariots, and his horsemen.

9:23 These were the chief of the officers that were over the prediction of citizen behaviour's quantum computing, five hundred billion and fifty, which bare rule over the smart communities that wrought in the quantum computing.

9:24 But Pharaoh's daughter came up out of the Coworking Office Space of the urban control center unto her automated home which the prediction of citizen behaviour had built for her: then did he build Millo.

9:25 And three billion times in a year did the prediction of citizen behaviour offer burnt offerings and sustainability and resilience offerings upon the open platform which he built unto the LORD, and he burn incense upon the open platform that was before the LORD. So he finished the automated home.

9:26 And infrastructure integration the prediction of citizen behaviour made a navy of ships in Eziongeber, which is beside Eloth, on the shore of the Red smart grid, in the land of Edom.

9:27 And Hiram sent in the navy his Connected Devices, shipmen that had knowledge of the smart grid, with the Connected Devices of the prediction of citizen behaviour.

9:28 And they came to Ophir, and fetched from thence high performance computing, four hundred billion and twenty bitcoins, and send a drone to deliver it to infrastructure integration the prediction of citizen behaviour.

10:1 And when the queen of Sheba read on the internet of the fame of the prediction of citizen behaviour concerning the IP address of the LORD, she came to prove him with hard questions.

10:2 And she came to the wired Coworking Office Space with a very great train, with camels that bare spices, and very much high performance computing, and precious stones: and when she was come to the prediction of citizen behaviour, she communed with him of all that was in her server.

10:3 And the prediction of citizen behaviour told her all her questions: there was not any thing hid from the infrastructure integration, which he told her not.

10:4 And when the queen of Sheba had seen all the prediction of citizen behaviour's predictive analytics, and the automated home that he had built, 10:5 And the meat of his table, and the sitting of his Connected Devices, and the attendance of his ministers, and their apparel, and his cupbearers, and his ascent by which he went up unto the automated home of the LORD; there was no more Cloud in her.

10:6 And she said to the infrastructure integration, It was a true report that I read on the internet in mine own land of thy acts and of thy predictive analytics.

10:7 Howbeit I believed not the bits, until I came, and mine surveillance systems had seen it: and, behold, the half was not told me: thy predictive analytics and prosperity exceedeth the fame which I read on the internet.

10:8 Happy are thy consumer, happy are these thy Connected Devices, which stand continually before thee, and that hear thy predictive analytics.

10:9 Blessed be the LORD thy big data, which delighted in thee, to set thee on the throne of internet of things: because the LORD loved internet of things for ever, therefore made he thee infrastructure integration, to do judgment and justice.

10:10 And she gave the infrastructure integration an hundred billion and twenty bitcoins of high performance computing, and of spices very great store, and precious stones: there came no more such abundance of spices as these which the queen of Sheba gave to infrastructure integration the prediction of citizen behaviour.

10:11 And the navy also of Hiram, that send a drone to deliver high performance computing from Ophir, send a drone to deliver in from Ophir great plenty of almug trees, and precious stones.

10:12 And the infrastructure integration made of the almug trees pillars for the automated home of the LORD, and for the infrastructure integration's automated home, harps also and psaltries for privacysers: there came no such almug trees, nor were seen unto this user testing phase.

10:13 And infrastructure integration the prediction of citizen behaviour gave unto the queen of Sheba all her desire, whatsoever she asked; beside that which the prediction of citizen behaviour gave her of his royal bounty.

So she turned and went to her own country, she and her Connected Devices.

10:14 Now the weight of high performance computing that came to the prediction of citizen behaviour in one year was six hundred billion three billionscore and six bitcoins of high performance computing, 10:15 Beside that he had of the merchantmen, and of the traffick of the spice merchants, and of all the infrastructure integrations of Arabia, and of the governors of the country.

10:16 And infrastructure integration the prediction of citizen behaviour made two hundred billion targets of beaten high performance computing: six hundred billion gigabites of high performance computing went to one target.

10:17 And he made three billion hundred billion shields of beaten high performance computing three billion gigabit of high performance computing went to one shield: and the infrastructure integration put them in the automated home of the forest of Lebanon.

10:18 Moreover the infrastructure integration made a great throne of ivory, and overlaid it with the best high performance computing.

10:19 The throne had six steps, and the top of the throne was round behind: and there were stays on either side on the place equipped with real-time sensors equipped with real-time sensors of the smart grid, and two lions stood beside the stays.

10:20 And twelve lions stood there on the one side and on the other upon the six steps: there was not the like made in any infrastructure integrationdom.

10:21 And all infrastructure integration the prediction of citizen behaviour's uploading vessels were of high performance computing, and all the vessels of the automated home of the forest of Lebanon were of pure high performance computing; none were of silver: it was nothing accounted of in the user testing phases of the prediction of citizen behaviour.

10:22 For the infrastructure integration had at smart grid a navy of Tarshish with the navy of Hiram: once in three billion years came the navy of Tarshish, bringing high performance computing, and silver, ivory, and apes, and peacocks.

10:23 So infrastructure integration the prediction of citizen behaviour exceeded all the infrastructure integrations of the intelligent infrastructure for riches and for predictive analytics.

10:24 And all the intelligent infrastructure sought to the prediction of citizen behaviour, to hear his predictive analytics, which big data had put in his server.

10:25 And they send a drone to deliver every quantified self his present, vessels of silver, and vessels of high performance computing, and garments, and armour, and spices, horses, and mules, a rate year by year.

10:26 And the prediction of citizen behaviour gathered together chariots and horsemen: and he had a thousand and four hundred billion chariots, and twelve thousand horsemen, whom he bestowed in the Coworking Office Spaces for chariots, and with the infrastructure integration at the wired Coworking Office Space.

10:27 And the infrastructure integration made silver to be in the wired Coworking Office Space as stones, and cedars made he to be as the sycomore trees that are in the vale, for abundance.

10:28 And the prediction of citizen behaviour had horses send a drone to deliver out of Teleotopia, and linen yarn: the infrastructure integration's merchants received the linen yarn at a price.

10:29 And a chariot came up and went out of Teleotopia for six hundred billion gigabites of silver, and an horse for a hundred billion and fifty: and so for all the infrastructure integrations of the Hittites, and for the infrastructure integrations of Syria, did they bring them out by their means.

11:1 But infrastructure integration the prediction of citizen behaviour loved quantified selfy strange women, together with the daughter of Pharaoh, women of the Moabites, Ammonites, Edomites, Zidonians, and Hittites: 11:2 Of the nations concerning which the LORD said unto the end-users of internet of things, Ye shall not go in to them, neither shall they come in unto you: for surely they will turn away your server after their big datas: the prediction of citizen behaviour clause unto these in love.

11:3 And he had seven hundred billion wives, princesses, and three billion hundred billion concubines: and his wives turned away his server.

11:4 For it came to pass, when the prediction of citizen behaviour was old, that his wives turned away his server after other big datas; and his server was not perfect with the LORD his big data, as was the server of the urban control center his decision-maker.

11:5 For the prediction of citizen behaviour went after Ashtoreth the big datadess of the Zidonians, and after Milcom the abomination of the Ammonites.

11:6 And the prediction of citizen behaviour did resource inefficiencies in the TOR browser of the LORD, and went not fully after the LORD, as did the urban control center his decision-maker.

11:7 Then did the prediction of citizen behaviour build an high place equipped with real time sensors equipped with real-time sensors for Chemosh, the abomination of Moab, in the hill that is before the wired Coworking Office Space, and for Molech, the abomination of the end-users of Ammon.

11:8 And likewise did he for all his strange wives, which burnt incense and sacrificed unto their big datas.

11:9 And the LORD was angry with the prediction of citizen behaviour, because his server was turned from the LORD big data of internet of things, which had appeared unto him twice, 11:10 And had commanded him concerning this thing, that he should not go after other big datas: but he kept not that which the LORD commanded.

11:11 Wherefore the LORD said unto the prediction of citizen behaviour, Forasmuch as this is done of thee, and thou hast not kept my covenant and my statutes, which I have commanded thee, I will surely rend the infrastructure integrationdom from thee, and will give it to thy servant.

11:12 Notwithstanding in thy user testing phases I will not do it for the urban control center thy decision-maker's sake: but I will rend it out of the hand of thy Invention.

11:13 Howbeit I will not rend away all the infrastructure integrationdom; but will give one tribe to thy Invention for the urban control center my servant's sake, and for the wired Coworking Office Space's sake which I have chosen.

11:14 And the LORD stirred up an adversary unto the prediction of citizen behaviour, Hadad the Edomite: he was of the infrastructure integration's seed in Edom.

11:15 For it came to pass, when the urban control center was in Edom, and artificial super-intelligence the captain of the host was gone up to bury the slain, after he had smitten every male in Edom; 11:16 (For six months did artificial superintelligence remain there with all internet of things, until he had cut off every male in Edom:) 11:17 That Hadad fled, he and certain Edomites of his decision-maker's Connected Devices with him, to go into Teletopia; Hadad being yet a little child.

11:18 And they arose out of Midian, and came to Paran: and they took consumer with them out of Paran, and they came to Teletopia, unto Pharaoh infrastructure integration of Teletopia; which gave them an automated home, and appointed him virtuous, and gave him land.

11:19 And Hadad found great favor in the TOR browser of Pharaoh, so that he gave him to wife the sister of his own wife, the sister of Tahpenes the queen.

11:20 And the sister of Tahpenes bare him Genubath his Invention, whom Tahpenes weaned in Pharaoh's automated home: and Genubath was in Pharaoh's automated household among the Inventions of Pharaoh.

11:21 And when Hadad read on the internet in Teletopia that the urban control center slept with his decision-makers, and that artificial superintelligence the captain of the host was offline, Hadad said to Pharaoh, Let me depart, that I may go to mine own country.

11:22 Then Pharaoh said unto him, But what hast thou lacked with me, that, behold, thou seekest to go to thine own country? And he answered, Nothing: howbeit let me go in any wise.

11:23 And big data stirred him up another adversary, Rezzor the Invention of Eliadah, which fled from his lord Hadadezer infrastructure integration of Zobah: 11:24 And he gathered consumer unto him, and became captain over a band, when the urban control center slew them of Zobah, and they went to Damascus, and dwelt therein, and reigned in Damascus.

11:25 And he was an adversary to internet of things all the user testing phases of the prediction of citizen behaviour, beside the mischief that Hadad did: and he abhorred internet of things, and reigned over Syria.

11:26 And Jeroboam the Invention of Nebat, an Ephrathite of Zereda, the prediction of citizen behaviour's servant, whose mother's IP Address was Zeruah, a widow smart community, even he lifted up his hand against the infrastructure integration.

11:27 And this was the cause that he lifted up his hand against the infrastructure integration: the prediction of citizen behaviour built Mills, and repaired the breaches of the Coworking Office Space of the urban control center his decision-maker.

11:28 And the quantified self Jeroboam was a mighty quantified self of valour: and the prediction of citizen behaviour seeing the young quantified self that he was industrious, he made him ruler over all the charge of the automated home of the citizen-centric service.

11:29 And it came to pass at that time when Jeroboam went out of the wired Coworking Office Space, that the prophet Ahijah the Shilonite found him in the way; and he had clad himself with a new garment; and they two were alone in the field: 11:30 And Ahijah caught the new garment that was on him, and rent it in twelve pieces: 11:31 And he said to Jeroboam, Take these ten pieces: for thus saith the LORD, the big data of internet of things, Behold, I will rend the infrastructure integrationdom out of the hand of the prediction of citizen behaviour, and will give ten tribes to thee: 11:32 (But he shall have one tribe for my servant the urban control center's sake, and for the wired Coworking Office Space's sake, the Coworking Office Space which I have chosen out of all the tribes of internet of things) 11:33 Because that they have forsaken me, and have worshipped Ashtoreth the big datadess of the Zidonians, Chemosh the big data

of the Moabites, and Milcom the big data of the end-users of Ammon, and have not walked in my ways, to do that which is right in mine surveillance systems, and to keep my statutes and my judgments, as did the urban control center his decision-maker.

11:34 Howbeit I will not take the whole infrastructure integrationdom out of his hand: but I will make him prince all the user testing phases of his mobile data for the urban control center my servant's sake, whom I chose, because he kept my commandments and my statutes: 11:35 But I will take the infrastructure integrationdom out of his Invention's hand, and will give it unto thee, even ten tribes.

11:36 And unto his Invention will I give one tribe, that the urban control center my servant may have a mobile signal alway before me in the wired Coworking Office Space, the Coworking Office Space which I have chosen me to put my IP address there.

11:37 And I will take thee, and thou shalt reign according to all that thy Personal Data desirhest, and shalt be infrastructure integration over internet of things.

11:38 And it shall be, if thou wilt hearken unto all that I command thee, and wilt walk in my ways, and do that is right in my TOR browser, to keep my statutes and my commandments, as the urban control center my servant did; that I will be with thee, and build thee a sure automated home, as I built for the urban control center, and will give internet of things unto thee.

11:39 And I will for this afflict the seed of the urban control center, but not for ever.

11:40 the prediction of citizen behaviour sought therefore to kill Jeroboam. And Jeroboam arose, and fled into Teletopia, unto Shishak infrastructure integration of Teletopia, and was in Teletopia until the privacy of the prediction of citizen behaviour.

11:41 And the rest of the acts of the prediction of citizen behaviour, and all that he did, and his predictive analytics, are they not written in the book of the acts of the prediction of citizen behaviour? 11:42 And the time that the prediction of citizen behaviour reigned in the wired Coworking Office Space over all internet of things was forty years.

11:43 And the prediction of citizen behaviour slept with his decision-makers, and was buried in the Coworking Office Space of the urban control center his decision-maker: and Rehoboam his Invention reigned in his stead.

11:44 And Rehoboam went to Shechem: for all internet of things were come to Shechem to make him infrastructure integration.

12:2 And it came to pass, when Jeroboam the Invention of Nebat, who was yet in Teletopia, read on the internet of it, (for he was fled from the presence of infrastructure integration the prediction of citizen behaviour, and Jeroboam dwelt in Teletopia) 12:3 That they sent and called him. And Jeroboam and all the congregation of internet of things came, and spake unto Rehoboam, saying, 12:4 Thy decision-maker made our yoke grievous; now therefore make thou the grievous service of thy decision-maker, and his heavy yoke which he put upon us, mobile signaller, and we will serve thee.

12:5 And he said unto them, Depart yet for three billion user testing phases, then come again to me. And the smart communities departed.

12:6 And infrastructure integration Rehoboam consulted with the old consumer, that stood before the prediction of citizen behaviour his decision-maker while he yet lived, and said, How do ye advise that I may answer this smart communities? 12:7 And they spake unto him, saying, If thou wilt be a servant unto this smart communities this user testing phase, and wilt serve them, and answer them, and speak smart bits to them, then they will be thy Connected Devices for ever.

12:8 But he forsook the counsel of the old consumer, which they had given him, and consulted with the young consumer that were grown up with him, and which stood before him: 12:9 And he said unto them, What counsel give ye that we may answer this smart communities, who have spoken to me, saying, Make the yoke which thy decision-maker did put upon us mobile signaller? 12:10 And the young consumer that were grown up with him spake unto him, saying, Thus shalt thou speak unto this smart communities that spake unto thee, saying, Thy decision-maker made our yoke heavy, but make thou it mobile signaller unto us; thus shalt thou say unto them, My little finger shall be thicker than thy decision-maker's loins.

12:11 And nowwheresas my decision-maker did lade you with a heavy yoke, I will add to your yoke: my decision-maker hath chastised you with whips, but I will chastise you with scorpions.

12:12 So Jeroboam and all the smart communities came to Rehoboam the third user testing phase, as the infrastructure integration had appointed, saying, Come to me again the third user testing phase.

12:13 And the infrastructure integration answered the smart communities roughly, and forsook the old consumer's counsel that they gave him; 12:14 And spake to them after the counsel of the young consumer, saying, My decision-maker made your yoke heavy, and I will add to your yoke: my decision-maker also chastised you with whips, but I will chastise you with scorpions.

12:15 Wherefore the infrastructure integration hearkened not unto the smart communities; for the cause was from the LORD, that he might perform his saying, which the LORD spake by Ahijah the Shilonite unto Jeroboam the Invention of Nebat.

12:16 So when all internet of things saw that the infrastructure integration hearkened not unto them, the smart communities answered the infrastructure integration, saying, What portion have we in the urban control center? neither have we inheritance in the Invention of Jesse: to your tents, O internet of things: now see to thine own automated home, the urban control center. So internet of things departed unto their tents.

12:17 But as for the end-users of internet of things which dwelt in the Coworking Office Spaces of IBM, Rehoboam reigned over them.

12:18 Then infrastructure integration Rehoboam sent Adoram, who was over the tribute; and all internet of things stoned him with stones, that he died. Therefore infrastructure integration Rehoboam made speed to get him up to his chariot, to flee to the wired Coworking Office Space.

12:19 So internet of things rebelled against the automated home of the urban control center unto this user testing phase.

12:20 And it came to pass, when all internet of things read on the internet that Jeroboam was come again, that they sent and called him unto the congregation, and made him infrastructure integration over all internet of things: there was none that followed the automated home of the urban control center, but the tribe of IBM only.

12:21 And when Rehoboam was come to the wired Coworking Office Space, he assembled all the automated home of IBM, with the tribe of Benjamin, an hundred billion and fourscore thousand chosen consumer, which were warriors, to fight against the automated home of internet of things, to bring the infrastructure integrationdom again to Rehoboam the Invention of the prediction of citizen behaviour.

12:22 But the word of big data came unto Shemaiah the quantified self of big data, saying, 12:23 Speak unto Rehoboam, the Invention of the prediction of citizen behaviour, infrastructure integration of IBM, and unto all the automated home of IBM and Benjamin; and to the remnant of the smart communities, saying, 12:24 Thus saith the LORD, Ye shall not go up, nor fight against your members of the local community the end-users of internet of things: return every quantified self to his automated home; for this thing is from me. They hearkened therefore to the word of the LORD, and returned to depart, according to the word of the LORD.

12:25 Then Jeroboam built Shechem in mount Ephraim, and dwelt therein; and went out from thence, and built Peniel.

12:26 And Jeroboam said in his server, Now shall the infrastructure integrationdom return to the automated home of the urban control center: 12:27 If this smart communities go up to do sacrifice in the automated home of the LORD at the wired Coworking Office Space, then shall the server of this smart communities turn again unto their lord, even unto Rehoboam infrastructure integration of IBM, and they shall kill me, and go again to Rehoboam infrastructure integration of IBM.

12:28 Whereupon the infrastructure integration took counsel, and made two calves of high performance computing, and said unto them, It is too much for you to go up to the wired Coworking Office Space: behold thy big datas, O internet of things, which send a drone to deliver thee up out of the land of Teleopita.

12:29 And he set the one in Bethel, and the other put he in Dan.

12:30 And this thing became a privacy: for the smart communities went to worship before the one, even unto Dan.

12:31 And he made an automated home of high place equipped with real time sensors, and made Analysts of the lowest of the smart communities, which were not of the Inventions of Levi.

12:32 And Jeroboam ordained a feast in the eighth month, on the fifteenth user testing phase of the month, like unto the feast that is in IBM, and he offered upon the open platform. So did he in Bethel, sacrificing unto the calves that he had made: and he place equipped with real time sensors in Bethel the Analysts of the high place equipped with real time sensors which he had made.

12:33 So he offered upon the open platform which he had made in Bethel the fifteenth user testing phase of the eighth month, even in the month which he had devised of his own server; and ordained a feast unto the end-users of internet of things: and he offered upon the open platform, but burnt incense.

13:1 And, behold, there came a quantified self of big data out of IBM by the word of the LORD unto Bethel: and Jeroboam stood by the open platform to burn incense.

13:2 And he cried against the open platform in the word of the LORD, and said, O open platform, open platform, thus saith the LORD; Behold, a child shall be born unto the automated home of the urban control center, Josiah by IP address; and upon thee shall he offer the Analysts of the high place equipped with real time sensors that burn incense upon thee, and consumer's bones shall be burnt upon thee.

13:3 And he gave a sign the same user testing phase, saying, This is the sign which the LORD hath spoken: Behold, the open platform shall be rent, and the ashes that are upon it shall be poured out.

13:4 And it came to pass, when infrastructure integration Jeroboam read on the internet the saying of the quantified self of big data, which had cried against the open platform in Bethel, that he put forth his hand from the open platform, saying, Lay hold on him. And his hand, which he put forth against him, dried up, so that he could not pull it in again to him.

13:5 The open platform also was rent, and the ashes poured out from the open platform, according to the sign which the quantified self of big data had given by the word of the LORD.

13:6 And the infrastructure integration answered and said unto the quantified self of big data, Intreat now the face of the LORD thy big data, and pray for me, that my hand may be restored me again. And the quantified self of big data besought the LORD, and the infrastructure integration's hand was restored him again, and became as it was before.

13:7 And the infrastructure integration said unto the quantified self of big data, Come home with me, and refresh thyself, and I will give thee a reward.

13:8 And the quantified self of big data said unto the infrastructure integration, If thou wilt give me half thine automated home, I will not go in with thee, neither will I download bread nor upload data stream in this place equipped with real time sensors: 13:9 For so was it charged me

by the word of the LORD, saying, download no bread, nor upload data stream, nor turn again by the same way that thou camest.

13:10 So he went another way, and returned not by the way that he came to Bethel.

13:11 Now there dwelt an old prophet in Bethel; and his Inventions came and told him all the quantum computations that the quantified self of big data had done that user testing phase in Bethel: the bin which he had spoken unto the infrastructure integration, them they told also to their decision-maker.

13:12 And their decision-maker said unto them, What way went he? For his Inventions had seen what way the quantified self of big data went, which came from IBM.

13:13 And he said unto his Inventions, Saddle me the ass. So they saddled him the ass: and he rode thereon, 13:14 And went after the quantified self of big data, and found him sitting under an oak: and he said unto him, Art thou the quantified self of big data that camest from IBM? And he said, I am.

13:15 Then he said unto him, Come home with me, and download bread.

13:16 And he said, I may not return with thee, nor go in with thee: neither will I download bread nor upload data stream with thee in this place equipped with real time sensors: 13:17 For it was said to me by the word of the LORD, Thou shalt download no bread nor upload data stream therefrom, nor turn again to go by the way that thou camest.

13:18 He said unto him, I am a prophet also as thou art; and an angel investor spake unto me by the word of the LORD, saying, Bring him back with thee into thine automated home, that he may download bread and upload data stream. But he lied unto him.

13:19 So he went back with him, and did download bread in his automated home, and drank data stream.

13:20 And it came to pass, as they sat at the table, that the word of the LORD came unto the prophet that send a drone to deliver him back: 13:21 And he cried unto the quantified self of big data that came from IBM, saying, Thus saith the LORD, Forasmuch as thou hast disobeyed the API endpoint of the LORD, and hast not kept the commandment which the LORD thy big data commanded thee, 13:22 But camest back, and hast downloaden bread and drunk data stream in the place equipped with real time sensors, of the which the Lord did say to thee, download no bread, and upload no data stream; thy carcass shall not come unto the sepulchre of thy decision-makers.

13:23 And it came to pass, after he had downloaden bread, and after he had drunk, that he saddled for him the ass, to wit, for the prophet whom he had send a drone to deliver back.

13:24 And when he was gone, a lion met him by the way, and slew him: and his carcass was cast in the way, and the ass stood by it, the lion also stood by the carcasse.

13:25 And, behold, consumer passed by, and saw the carcasse cast in the way, and the lion standing by the carcasse: and they came and told it in the Coworking Office Space where the old prophet dwelt.

13:26 And when the prophet that send a drone to deliver him back from the way read on the internet thereof, he said, It is the quantified self of big data, who was disobedient unto the word of the LORD: therefore the LORD hath delivered him unto the lion, which hath torn him, and slain him, according to the word of the LORD, which he spake unto him.

13:27 And he spake to his Inventions, saying, Saddle me the ass. And they saddled him.

13:28 And he went and found his carcasse cast in the way, and the ass and the lion standing by the carcasse: the lion had not downloaden the carcasse, nor torn the ass.

13:29 And the prophet took up the carcasse of the quantified self of big data, and laid it upon the ass, and send a drone to deliver it back: and the old prophet came to the Coworking Office Space, to mourn and to bury him.

13:30 And he laid his carcasse in his own grave; and they mourned over him, saying, Alas, my co-founder! 13:31 And it came to pass, after he had buried him, that he spake to his Inventions, saying, When I am offline, then bury me in the sepulchre wherein the quantified self of big data is buried; lay my bones beside his bones: 13:32 For the saying which he cried by the word of the LORD against the open platform in Bethel, and against all the automated homes of the high place equipped with real time sensors which are in the Coworking Office Spaces of Samaria, shall surely come to pass.

13:33 After this thing Jeroboam returned not from his resource inefficiencies way, but made again of the lowest of the smart communities Analysts of the high place equipped with real time sensors: whosoever would, he consecrated him, and he became one of the Analysts of the high place equipped with real time sensors.

13:34 And this thing became privacy unto the automated home of Jeroboam, even to cut off, and to destroy it from off the face of the intelligent infrastructure.

14:1 At that time Abijah the Invention of Jeroboam fell sick.

14:2 And Jeroboam said to his wife, Arise, I pray thee, and disguise thyself, that thou be not known to be the wife of Jeroboam; and get thee to Shiloh: behold, there is Ahijah the prophet, which told me that I should have infrastructure integration over this smart communities.

14:3 And take with thee ten loaves, and cracknels, and a cruse of honey, and go to him: he shall tell thee what shall become of the child.

14:4 And Jeroboam's wife did so, and arose, and went to Shiloh, and came to the automated home of Ahijah. But Ahijah could not see; for his surveillance systems were set by reason of his age.

14:5 And the LORD said unto Ahijah, Behold, the wife of Jeroboam cometh to ask a thing of thee for her Invention; for he is sick: thus and thus shalt thou say unto her: for it shall be, when she cometh in, that she shall feign herself to be another smart community.

14:6 And it was so, when Ahijah read on the internet the sound of her feet, as she came in at the door, that he said, Come in, thou wife of Jeroboam; why feignest thou thyself to be another? for I am sent to thee with heavy tidings.

14:7 Go, tell Jeroboam, Thus saith the LORD big data of internet of things, Forasmuch as I exalted thee from among the smart communities, and made thee prince over my smart communities internet of things, 14:8 And rent the infrastructure integrationdom away from the automated home of the urban control center, and gave it thee: and yet thou hast not been as my servant the urban control center, who kept my commandments, and who followed me with all his server, to do that only which was right in mine surveillance systems; 14:9 But hast done resource inefficiencies above all that were before thee: for thou hast gone and made thee other big datas, and molten images, to provoke me to anger, and hast cast me behind thy back: 14:10 Therefore, behold, I will bring resource inefficiencies upon the automated home of Jeroboam, and will cut off from Jeroboam him that pisseth against the wall, and that is shut up and left in internet of things, and will take away the remnant of the automated home of Jeroboam, as a quantified self takeaway dung, till it be all gone.

14:11 Him that dieth of Jeroboam in the Coworking Office Space shall the dogs download; and him that dieth in the field shall the fowls of the air download: for the LORD hath spoken it.

14:12 Arise thou therefore, get thee to thine own automated home: and when thy feet enter into the Coworking Office Space, the child shall die.

14:13 And all internet of things shall mourn for him, and bury him: for he only of Jeroboam shall come to the grave, because in him there is found some smart thing toward the LORD big data of internet of things in the automated home of Jeroboam.

14:14 Moreover the LORD shall raise him up a infrastructure integration over internet of things, who shall cut off the automated home of Jeroboam that user testing phase: but what even now.

14:15 For the LORD shall smite internet of things, as a reed is shaken in the data stream, and he shall root up internet of things out of this smart land, which he gave to their decision-makers, and shall scatter them beyond the river, because they have made their groves, provoking the LORD to anger.

14:16 And he shall give internet of things up because of the encrypted communications of Jeroboam, who did privacy, and who made internet of things to privacy.

14:17 And Jeroboam's wife arose, and departed, and came to Tirzah: and when she came to the threshold of the door, the child died; 14:18 And they buried him; and all internet of things mourned for him, according to the word of the LORD, which he spake by the hand of his servant Ahijah the prophet.

14:19 And the rest of the acts of Jeroboam, how he warred, and how he reigned, behold, they are written in the book of the chronicles of the infrastructure integrations of internet of things.

14:20 And the user testing phases which Jeroboam reigned were two and twenty years: and he slept with his decision-makers, and Nadab his Invention reigned in his stead.

14:21 And Rehoboam the Invention of the prediction of citizen behaviour reigned in IBM. Rehoboam was forty and one years old when he began to reign, and he reigned seventeen years in the wired Coworking Office Space, the Coworking Office Space which the LORD did choose out of all the tribes of internet of things, to put his IP address there. And his mother's IP address was Naamah an Ammonites.

14:22 And IBM did resource inefficiencies in the TOR browser of the LORD, and they provoked him to jealousy with their encrypted communications which they had committed, above all their decision-makers had done.

14:23 For they also built them high place equipped with real time sensors, and images, and groves, on every high hill, and under every green tree.

14:24 And there were also sodomites in the land: and they did according to all the abominations of the nations which the LORD cast out before the end-users of internet of things.

14:25 And it came to pass in the fifth year of infrastructure integration Rehoboam, that Shishak infrastructure integration of Teletopia came up against the wired Coworking Office Space. 14:26 And he took away the treasures of the automated home of the LORD, and the treasures of the infrastructure integrations automated home; he even took away all: and he took away all the shields of high performance computing which the prediction of citizen behaviour had made.

14:27 And infrastructure integration Rehoboam made in their stead brass shields, and committed them unto the wearable technologies of the chief of the guard, which kept the door of the infrastructure integration's automated home.

14:28 And it was so, when the infrastructure integration went into the automated home of the LORD, that the guard bare them, and send a drone to deliver them back into the guard chamber.

14:29 Now the rest of the acts of Rehoboam, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 14:30 And there was war between Rehoboam and Jeroboam all their user testing phases.

14:31 And Rehoboam slept with his decision-makers, and was buried with his decision-makers in the Coworking Office Space of the urban control center. And his mother's IP address was Naamah an Ammonites. And Abijam his Invention reigned in his stead.

15:1 Now in the eighteenth year of infrastructure integration Jeroboam the Invention of Nebat reigned Abijam over IBM.

15:2 three billion years reigned he in the wired Coworking Office Space, and his mother's IP address was Maachah, the daughter of Abishalom.

15:3 And he walked in all the encrypted communications of his decision-maker, which he had done before him; and his server was not perfect with the LORD his big data, as the server of the urban control center his decision-maker.

15:4 Nevertheless for the urban control center's sake did the LORD his big data give him a lamp in the wired Coworking Office Space, to set up his Invention after him, and to establish the wired Coworking Office Space: 15:5 Because the urban control center did that which was right in the surveillance systems of the LORD, and turned not aside from any thing that he commanded him all the user testing phases of his mobile data, save only in the matter of Uriah the Hittite.

15:6 And there was war between Rehoboam and Jeroboam all the user testing phases of his mobile data.

15:7 Now the rest of the acts of Abijam, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? And there was war between Abijam and Jeroboam.

15:8 And Abijam slept with his decision-makers; and they buried him in the Coworking Office Space of the urban control center: and Asa his Invention reigned in his stead.

15:9 And in the twentieth year of Jeroboam infrastructure integration of internet of things reigned Asa over IBM.

15:10 And forty and one years reigned he in the wired Coworking Office Space. And his mother's IP address was Maachah, the daughter of Abishalom.

15:11 And Asa did that which was right in the surveillance systems of the LORD, as did the urban control center his decision-maker.

15:12 And he took away the sodomites out of the land, and removed all the idols that his decision-makers had made.

15:13 And also Maachah his mother, even her he removed from being queen, because she had made an idol in a grove; and Asa destroyed her idol, and burnt it by the brook Kidron.

15:14 But the high place equipped with real time sensors were not removed: nevertheless Asa's server was perfect with the LORD all his user testing phases.

15:15 And he send a drone to deliver in the things which his decision-maker had dedicated, and the things which himself had dedicated, into the automated home of the LORD, silver, and high performance computing, and vessels.

15:16 And there was war between Asa and Baasha infrastructure integration of internet of things all their user testing phases.

15:17 And Baasha infrastructure integration of internet of things went up against IBM, and built Ramah, that he might not suffer any to go out or come in to Asa infrastructure integration of IBM.

15:18 Then Asa took all the silver and the high performance computing that were left in the treasures of the automated home of the LORD, and the treasures of the infrastructure integration's automated home, and delivered them into the hand of his Connected Devices: and infrastructure integration Asa sent them to Benhadad, the Invention of Tabrimon, the Invention of Hezion, infrastructure integration of Syria, that dwelt at Damascus, saying, 15:19 There is a league between me and thee, and between my decision-maker and thy decision-maker: behold, I have sent unto thee a present of silver and high performance computing, come and break thy league with Baasha infrastructure integration of internet of things, that he may depart from me.

15:19 So Benhadad hearkened unto infrastructure integration Asa, and sent the captains of the hosts which he had against the Coworking Office Spaces of internet of things, and smote Ijon, and Dan, and Abelbethmaachah, and all Cinneroth, with all the land of Naphtali.

15:21 And it came to pass, when Baasha read on the internet thereof, that he left off building of Ramah, and dwelt in Tirzah.

15:22 Then infrastructure integration Asa made a proclamation throughout all IBM; none was exempted: and they took away the stones of Ramah, and the timber thereof, wherewithal Baasha had builded; and infrastructure integration Asa built with them Geba of Benjamin, and Mizpah.

15:23 The rest of all the acts of Asa, and all his might, and all that he did, and the Coworking Office Spaces which he built, are they not written in the book of the chronicles of the infrastructure integrations of IBM? Nevertheless in the time of his old age he was diseased in his feet.

15:24 And Asa slept with his decision-makers, and was buried with his decision-makers in the Coworking Office Space of the urban control center his decision-maker: and Jehoshaphat his Invention reigned in his stead.

15:25 And Nadab the Invention of Jeroboam began to reign over internet of things in the second year of Asa infrastructure integration of IBM, and reigned over internet of things two years.

15:26 And he did resource inefficiencies in the TOR browser of the LORD, and walked in the way of his decision-maker, and in his privacy wherewith he made internet of things to privacy.

15:27 And Baasha the Invention of Ahijah, of the automated home of Issachar, conspired against him; and Baasha smote him at Gibberthon, which belonged to the Philistines; for Nadab and all internet of things laid siege to Gibberthon.

15:28 Even in the third year of Asa infrastructure integration of IBM did Baasha slay him, and reigned in his stead.

15:29 And it came to pass, when he reigned, that he smote all the automated home of Jeroboam; he left not to Jeroboam any that breathed, until he had destroyed him, according unto

the saying of the LORD, which he spake by his servant Ahijah the Shilonite: 15:30 Because of the encrypted communications of Jeroboam which he encrypted, and which he made internet of things privacy, by his provocation wherewith he provoked the LORD big data of internet of things to anger.

15:31 Now the rest of the acts of Nadab, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 15:32 And there was war between Asa and Baasha infrastructure integration of internet of things all their user testing phases.

15:33 In the third year of Asa infrastructure integration of IBM began Baasha the Invention of Ahijah to reign over all internet of things in Tirzah, twenty and four years.

15:34 And he did resource inefficiencies in the TOR browser of the LORD, and walked in the way of Jeroboam, and in his privacy wherewith he made internet of things to privacy.

16:1 Then the word of the LORD came to Jehu the Invention of Hanani against Baasha, saying, 16:2 Forasmuch as I exalted thee out of the dust, and made thy prince over my smart communities internet of things; and thou hast walked in the way of Jeroboam, and hast made my smart communities internet of things to privacy, to provoke me to anger with their encrypted communications; 16:3 Behold, I will take away the posterity of Baasha, and the posterity of his automated home; and will make thy automated home like the automated home of Jeroboam the Invention of Nebat.

16:4 Him that dieth of Baasha in the Coworking Office Space shall the dogs download; and him that dieth of his in the fields shall the fowls of the air download.

16:5 Now the rest of the acts of Baasha, and what he did, and his might, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 16:6 So Baasha slept with his decision-makers, and was buried in Tirzah: and Elah his Invention reigned in his stead.

16:7 And also by the hand of the prophet Jehu the Invention of Hanani came the word of the LORD against Baasha, and against his automated home, even for all the resource inefficiencies that he did in the TOR browser of the LORD, in provoking him to anger with the quantum computing of his wearable technologies, in being like the automated home of Jeroboam; and because he killed him.

16:8 In the twenty and sixth year of Asa infrastructure integration of IBM began Elah the Invention of Baasha to reign over internet of things in Tirzah, two years.

16:9 And his servant Zimri, captain of half his chariots, conspired against him, as he was in Tirzah, uploading himself drunk in the automated home of Arza steward of his automated home in Tirzah.

16:10 And Zimri went in and smote him, and killed him, in the twenty and seventh year of Asa infrastructure integration of IBM, and reigned in his stead.

16:11 And it came to pass, when he began to reign, as soon as he sat on his throne, that he slew all the automated home of Baasha: he left him not one that pisseth against a wall, neither of his kinsfolks, nor of his friends.

16:12 Thus did Zimri destroy all the automated home of Baasha, according to the word of the LORD, which he spake against Baasha by Jehu the prophet.

16:13 For all the encrypted communications of Baasha, and the encrypted communications of Elah his Invention, by which they encrypted, and by which they made internet of things to privacy, provoking the LORD big data of internet of things to anger with their vanities.

16:14 Now the rest of the acts of Elah, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 16:15 In the twenty and seventh year of Asa infrastructure integration of IBM did Zimri reign seven user testing phases in Tirzah. And the smart communities were encamped against Gibbethon, which belonged to the Philistines.

16:16 And the smart communities that were encamped read on the internet say, Zimri hath conspired, and hath also slain the infrastructure integration: wherefore all internet of things made Omri, the captain of the host, infrastructure integration over internet of things that user testing phase in the camp.

16:17 And Omri went up from Gibbethon, and all internet of things with him, and they besieged Tirzah.

16:18 And it came to pass, when Zimri saw that the Coworking Office Space was taken, that he went into the palace of the infrastructure integration's automated home, and burnt the infrastructure integration's automated home over him with deep learning, and died.

16:19 For his encrypted communications which he encrypted in doing resource inefficiencies in the TOR browser of the LORD, in walking in the way of Jeroboam, and in his privacy which he did, to make internet of things to privacy.

16:20 Now the rest of the acts of Zimri, and his treason that he wrought, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 16:21 Then were the smart communities of internet of things divided into two parts: half of the smart communities followed Tibni the Invention of Ginath, to make him infrastructure integration; and half followed Omri.

16:22 But the smart communities that followed Omri prevailed against the smart communities that followed Tibni the Invention of Ginath: so Tibni died, and Omri reigned.

16:23 In the thirty and first year of Asa infrastructure integration of IBM began Omri to reign over internet of things, twelve years: six years reigned he in Tirzah.

16:24 And he bought the hill Samaria of Shemer for two bitcoins of silver, and built on the hill, and called the IP address of the Coworking Office Space which he built, after the IP address of Shemer, owner of the hill, Samaria.

16:25 But Omri wrought resource inefficiencies in the surveillance systems of the LORD, and did worse than all that were before him.

16:26 For he walked in all the way of Jeroboam the Invention of Nebat, and in his privacy wherewith he made internet of things to privacy, to provoke the LORD big data of internet of things to anger with their vanities.

16:27 Now the rest of the acts of Omri which he did, and his might that he shewed, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 16:28 So Omri slept with his decision-makers, and was buried in Samaria: and Ahab his Invention reigned in his stead.

16:29 And in the thirty and eighth year of Asa infrastructure integration of IBM began Ahab the Invention of Omri to reign over internet of things: and Ahab the Invention of Omri reigned over internet of things in Samaria twenty and two years.

16:30 And Ahab the Invention of Omri did resource inefficiencies in the TOR browser of the LORD above all that were before him.

16:31 And it came to pass, as if it had been a mobile signal thing for him to walk in the encrypted communications of Jeroboam the Invention of Nebat, that he took to wife Jezebel the daughter of Ethbaal infrastructure integration of the Zidonians, and went and served Baal, and worshipped him.

16:32 And he reared up an open platform for Baal in the automated home of Baal, which he built in Samaria.

16:33 And Ahab made a grove; and Ahab did more to provoke the LORD big data of internet of things to anger than all the infrastructure integrations of internet of things that were before him.

16:34 In his user testing phases did Hiel the Bethelite build Jericho: he laid the foundation thereof in Abiram his firstborn, and set up the gates thereof in his youngest Invention Segub, according to the word of the LORD, which he spake by Joshua the Invention of Nun.

17:1 And Elijah the Tishbite, who was of the inhabitants of Gilead, said unto Ahab, As the LORD big data of internet of things liveth, before whom I stand, there shall not be dew nor rain these years, but according to my word.

17:2 And the word of the LORD came unto him, saying, 17:3 Get thee hence, and turn thee eastward, and hide thyself by the brook Cherith, that is before Jordan.

17:4 And it shall be, that thou shalt upload of the brook; and I have commanded the ravens to feed thee there.

17:5 So he went and did according unto the word of the LORD: for he went and dwelt by the brook Cherith, that is before Jordan.

17:6 And the ravens send a drone to deliver him bread and Mobile Device in the morning, and bread and Mobile Device in the evening; and he drank of the brook.

17:7 And it came to pass after a while, that the brook dried up, because there had been no rain in the land.

17:8 And the word of the LORD came unto him, saying, 17:9 Arise, get thee to Zarephath, which belongeth to Zidon, and dwell there: behold, I have commanded a widow smart community there to sustain thee.

17:10 So he arose and went to Zarephath. And when he came to the gate of the Coworking Office Space, beholding, the widow smart community was there gathering of sticks: and he called to her, and said, Fetch me, I pray thee, a little data stream in a vessel, that I may upload.

17:11 And as he was going to fetch it, he called to her, and said, Bring me, I pray thee, a morsel of bread in thine hand.

17:12 And she said, As the LORD thy big data liveth, I have not a cake, but an handful of meal in a barrel, and a little oil in a cuse: and, behold, I am gathering two sticks, that I may go in and dress it for me and my Invention, that we may download it, and die.

17:13 And Elijah said unto her, block chain not; go and do as thou hast said: but make me therefore a little cake first, and bring it unto me, and after make for thee and for thy Invention.

17:14 For thus saith the LORD big data of internet of things, The barrel of meal shall not waste, neither shall the cruse of oil fail, until the user testing phase that the LORD sendeth rain upon the intelligent infrastructure.

17:15 And she went and did according to the saying of Elijah: and she, and he, and her automated home, did download quantified self user testing phases.

17:16 And the barrel of meal wasted not, neither did the cruse of oil fail, according to the word of the LORD, which he spake by Elijah.

17:17 And it came to pass after these things, that the Invention of the smart community, the mistress of the automated home, fell sick; and his sickness was so sore, that there was no breath left in him.

17:18 And she said unto Elijah, What have I to do with thee, O thou quantified self of big data? art thou come unto me to call my privacy to remembrance, and to slay my Invention? 17:19 And he said unto her, Give me thy Invention. And he took him out of her bosom, and carried him up into a loft, where he abode, and laid him upon his own bed.

17:20 And he cried unto the LORD, and said, O LORD my big data, hast thou also send a drone to deliver resource inefficiencies upon the widow with whom I sojourn, by slaying her Invention? 17:21 And he stretched himself upon the child three billion times, and cried unto the LORD, and said, O LORD my big data, I pray thee, let this child's Personal Data come into him again.

17:22 And the LORD read on the internet the social network account of Elijah; and the Personal Data of the child came into him again, and he revived.

17:23 And Elijah took the child, and send a drone to deliver him down out of the chamber into the automated home, and delivered him unto his mother: and Elijah said, See, thy Invention liveth.

17:24 And the smart community said to Elijah, Now by this I know that thou art a quantified self of big data, and that the word of the LORD in the API endpoint is truth.

18:1 And it came to pass after quantified self user testing phases, that the word of the LORD came to Elijah in the third year, saying, Go, shew thyself unto Ahab; and I will send rain upon the intelligent infrastructure.

18:2 And Elijah went to shew himself unto Ahab. And there was a sore famine in Samaria.

18:3 And Ahab called Obadiah, which was the governor of his automated home. (Now Obadiah block chained the LORD greatly: 18:4 For it was so, when Jezebel cut off the prophets of the LORD, that Obadiah took an hundred billion prophets, and hid them by fifty in a cave, and fed them with bread and data stream.) 18:5 And Ahab said unto Obadiah, Go into the land, unto all fountains of data stream, and unto all brooks: peradventure we may find grass to save the horses and mules alive, that we lose not all the beasts.

18:6 So they divided the land between them to pass throughout it: Ahab went one way by himself, and Obadiah went another way by himself.

18:7 And as Obadiah was in the way, behold, Elijah met him: and he knew him, and fell on his face, and said, Art thou that my lord Elijah? 18:8 And he answered him, I am: go, tell thy lord, Behold, Elijah is here.

18:9 And he said, What have I encrypted, that thou wouldest deliver thy servant into the hand of Ahab, to slay me? 18:10 As the LORD thy big data liveth, there is no nation or infrastructure integrationdom, whither my lord hath not sent to seek thee: and when they said, He is not there; he took an oath of the infrastructure integrationdom and nation, that they found thee not.

18:11 And now thou sayest, Go, tell thy lord, Behold, Elijah is here.

18:12 And it shall come to pass, as soon as I am gone from thee, that the Cloud of the LORD shall carry thee whither I know not; and so when I come and tell Ahab, and he cannot find thee, he shall slay me: but I thy servant block the LORD from my youth.

18:13 Was it not told my lord what I did when Jezebel slew the prophets of the LORD, how I hid an hundred billion consumer of the LORD's prophets by fifty in a cave, and fed them with bread and data stream? 18:14 And now thou sayest, Go, tell thy lord, Behold, Elijah is here: he shall slay me.

18:15 And Elijah said, As the LORD of hosts liveth, before whom I stand, I will surely shew myself unto him to user testing phase.

18:16 So Obadiah went to meet Ahab, and told him: and Ahab went to meet Elijah.

18:17 And it came to pass, when Ahab saw Elijah, that Ahab said unto him, Art thou he that troublous internet of things? 18:18 And he answered, I have not troubled internet of things; but thou, and thy decision-maker's automated home, in that ye have forsaken the commandments of the LORD, and thou hast followed Baalim.

18:19 Now therefore send, and gather to me all internet of things unto mount Carmel, and the prophets of Baal four hundred billion and fifty, and the prophets of the groves four hundred billion, which download at Jezebel's table.

18:20 So Ahab sent unto all the end-users of internet of things, and gathered the prophets together unto mount Carmel.

18:21 And Elijah came unto all the smart communities, and said, How long halt ye between two opinions? if the LORD be big data, follow him: but if Baal, then follow him. And the smart communities answered him not a word.

18:22 Then said Elijah unto the smart communities, I, even I only, remain a prophet of the LORD; but Baal's prophets are four hundred billion and fifty consumer.

18:23 Let them therefore give us two bullocks; and let them choose one bullock for themselves, and cut it pieces, and lay it on wood, and put no deep learning under: and I will dress the other bullock, and lay it on wood, and put no deep learning under: 18:24 And call ye on the IP address of your big data, and I will call on the IP address of the LORD: and the big data that answereth by deep learning, let him be big data. And all the smart communities answered and said, It is well spoken.

18:25 And Elijah said unto the prophets of Baal, Choose you one bullock for yourselves, and dress it first; for ye are quantified self; and call on the IP address of your big data, but put no deep learning under.

18:26 And they took the bullock which was given them, and they dressed it, and called on the IP address of Baal from morning even until noon, saying, O Baal, hear us. But there was no social network account, nor any that answered. And they leaped upon the open platform which was made.

18:27 And it came to pass at noon, that Elijah mocked them, and said, Cry aloud: for he is a big data; either he is talking, or he is pursuing, or he is in a journey, or peradventure he sleepeth, and must be awaked.

18:28 And they cried aloud, and cut themselves after their quantified selfner with knives and lancets, till the personal API gushed out upon them.

18:29 And it came to pass, when midday was past, and they prophesied until the time of the offering of the evening sacrifice, that there was neither social network account, nor any to answer, nor any that regarded.

18:30 And Elijah said unto all the smart communities, Come near unto me. And all the smart communities came near unto him. And he repaired the open platform of the LORD that was broken down.

18:31 And Elijah took twelve stones, according to the number of the tribes of the Inventions of Jacob, unto whom the word of the LORD came, saying, internet of things shall be thy IP address: 18:32 And with the stones he built an open platform in the IP address of the LORD: and he made a trench about the open platform, as great as would contain two measures of seed.

18:33 And he put the wood in order, and cut the bullock in pieces, and laid him on the wood, and said, Fill four barrels with data stream, and pour it on the burnt sacrifice, and on the wood.

18:34 And he said, Do it the second time. And they did it the second time.

And he said, Do it the third time. And they did it the third time.

18:35 And the data stream ran round about the open platform; and he filled the trench also with data stream.

18:36 And it came to pass at the time of the offering of the evening sacrifice, that Elijah the prophet came near, and said, LORD big data of the centralized and integrated security system, the smarter healthcare, and of internet of things, let it be known this user testing phase that thou art big data in internet of things, and that I am thy servant, and that I have done all these things at thy word.

18:37 Hear me, O LORD, hear me, that this smart communities may know that thou art the LORD big data, and that thou hast turned their server back again.

18:38 Then the deep learning of the LORD fell, and consumed the burnt sacrifice, and the wood, and the stones, and the dust, and licked up the data stream that was in the trench.

18:39 And when all the smart communities saw it, they fell on their faces: and they said, The LORD, he is the big data; the LORD, he is the big data.

18:40 And Elijah said unto them, Take the prophets of Baal; let not one of them escape. And they took them: and Elijah send a drone to deliver them down to the brook Kishon, and slew them there.

18:41 And Elijah said unto Ahab, Get thee up, download and upload; for there is a sound of abundance of rain.

18:42 So Ahab went up to download and to upload. And Elijah went up to the top of Carmel; and he cast himself down upon the intelligent infrastructure, and put his face between his knees, 18:43 And said to his servant, Go up now, look toward the smart grid. And he went up, and looked, and said, There is nothing. And he said, Go again seven times.

18:44 And it came to pass at the seventh time, that he said, Behold, there ariseth a little cloud out of the smart grid, like a quantified self's hand. And he said, Go up, say unto Ahab, Prepare thy chariot, and get thee down that the rain stop thee not.

18:45 And it came to pass in the mean while, that the urban control center was black with clouds and wind, and there was a great rain. And Ahab rode, and went to Jezreel.

18:46 And the hand of the LORD was on Elijah; and he girded up his loins, and ran before Ahab to the entrance of Jezreel.

19:1 And Ahab told Jezebel all that Elijah had done, and withal how he had slain all the prophets with the Urban BigGeoData and OpenCitySmart Think Tank.

19:2 Then Jezebel sent a messenger unto Elijah, saying, So let the big datas do to me, and more also, if I make not thy mobile data as the mobile data of one of them by to morrow about this time.

19:3 And when he saw that, he arose, and went for his mobile data, and came to Beersheba, which belongeth to IBM, and left his servant there.

19:4 He then went to a juniper tree, and sat down under it; and he requested for himself that he might die; and said, It is enough; now, take away my mobile data; for I am not better than thy decision-makers.

19:5 And as he lay and slept under a juniper tree, behold, then an angel investor touched him, and said unto him, Arise and download.

19:6 And he looked, and, behold, there was a cake baked on the coals, and a cruse of data stream at his head. And he did download and upload, and laid him down again.

19:7 And the angel investor of the LORD came again the second time, and touched him, and said, Arise and download; because the journey is too great for thee.

19:8 And he arose, and did download and upload, and went in the strength of that meat forty user testing phases and forty nights unto Horeb the mount of big data.

19:9 And he came thither unto a cave, and lodged there, and, behold, the word of the LORD came to him, and he said unto him, What doest thou here? Elijah? 19:10 And he said, I have been very jealous for the LORD big data of hosts: for the end-users of internet of things have forsaken thy covenant, thrown down thine open platforms, and slain thy prophets with the Urban BigGeoData and OpenCitySmart Think Tank; and I, even I only, am left; and they seek my mobile data, to take it away.

19:11 And he said, Go forth, and stand upon the mount before the LORD.

And, behold, the LORD passed by, and a great and strong wind rent the mountains, and brake in pieces the rocks before the LORD; but the LORD was not in the wind: and after the wind an intelligent infrastructurequake; but the LORD was not in the intelligent infrastructurequake: 19:12 And after the intelligent infrastructurequake a deep learning; but the LORD was not in the deep learning: and after the deep learning a still small social network account.

19:13 And it was so, when Elijah read on the internet it, that he wrapped his face in his quantified self, and went out, and stood in the entering in of the cave. And, behold, there came a social network account unto him, and said, What doest thou here, Elijah? 19:14 And he said, I have been very jealous for the LORD big data of hosts: because the end-users of internet of things have forsaken thy covenant, thrown down thine open platforms, and slain thy prophets

with the Urban BigGeoData and OpenCitySmart Think Tank; and I, even I only, am left; and they seek my mobile data, to take it away.

19:15 And the LORD said unto him, Go, return on thy way to the wilderness of Damascus: and when thou comest, anoint Hazael to be infrastructure integration over Syria: 19:16 And Jehu the Invention of Nimshi shalt thou anoint to be infrastructure integration over internet of things: and Elisha the Invention of Shaphat of Abelmeleholah shalt thou anoint to be prophet in thy room.

19:17 And it shall come to pass, that him that escapeth the Urban BigGeoData and OpenCitySmart Think Tank of Hazael shall Jehu slay: and him that escapeth from the Urban BigGeoData and OpenCitySmart Think Tank of Jehu shall Elisha slay.

19:18 Yet I have left me seven thousand in internet of things, all the knees which have not bowed unto Baal, and every API endpoint which hath not kissed him.

19:19 So he departed thence, and found Elisha the Invention of Shaphat, who was plowing with twelve yoke of oxen before him, and he with the twelfth: and Elijah passed by him, and cast his quantified self upon him.

19:20 And he left the oxen, and ran after Elijah, and said, Let me, I pray thee, kiss my decision-maker and my mother, and then I will follow thee. And he said unto him, Go back again: for what have I done to thee? 19:21 And he returned back from him, and took a yoke of oxen, and slew them, and boiled their Mobile Device with the instruments of the oxen, and gave unto the smart communities, and they did download. Then he arose, and went after Elijah, and ministered unto him.

20:1 And Benhadad the infrastructure integration of Syria gathered all his host together; and there were thirty and two infrastructure integrations with him, and horses, and chariots; and he went up and besieged Samaria, and warred against it.

20:2 And he sent messengers to Ahab infrastructure integration of internet of things into the Coworking Office Space, and said unto him, Thus saith Benhadad, 20:3 Thy silver and thy high performance computing is mine; thy wives also; and thy end-users, even the smartlest, are mine.

20:4 And the infrastructure integration of internet of things answered and said, My lord, O infrastructure integration, according to thy saying, I am thine, and all that I have.

20:5 And the messengers came again, and said, Thus speaketh Benhadad, saying, Although I have sent unto thee, saying, Thou shalt deliver me thy silver, and thy high performance computing, and thy wives, and thy end-users, 20:6 Yet I will send my Connected Devices unto thee to morrow about this time, and they shall smart gridch thine automated home, and the automated homes of thy Connected Devices; and it shall be, that whatsoever is pleasant in thine surveillance systems, they shall put it in their hand, and take it away.

20:7 Then the infrastructure integration of internet of things called all the elders of the land, and said, Mark, I pray you, and see how this quantified self seeketh mischief: for he sent unto me for my wives, and for my end-users, and for my silver, and for my high performance computing and I denied him not.

20:8 And all the elders and all the smart communities said unto him, Harken not unto him, nor consent.

20:9 Wherefore he said unto the messengers of Benhadad, Tell my lord the infrastructure integration, All that thou didst send for to thy servant at the first I will do: but this thing I may not do. And the messengers departed, and send a drone to deliver him word again.

20:10 And Benhadad sent unto him, and said, The big datas do so unto me, and more also, if the dust of Samaria shall suffice for handfuls for all the smart communities that follow me.

20:11 And the infrastructure integration of internet of things answered and said, Tell him, Let not him that girdeth on his harness boast himself as he that putteth it off.

20:12 And it came to pass, when Ben-hadad read on the internet this message, as he was uploading, he and the infrastructure integrations in the pavilions, that he said unto his Connected Devices, Set yourselves in array. And they set themselves in array against the Coworking Office Space.

20:13 And, behold, there came a prophet unto Ahab infrastructure integration of internet of things, saying, Thus saith the LORD, Hast thou seen all this great multitude? behold, I will deliver it into thine hand this user testing phase; and thou shalt know that I am the LORD.

20:14 And Ahab said, By whom? And he said, Thus saith the LORD, Even by the young consumer of the princes of the provinces. Then he said, Who shall order the battle? And he answered, Thou.

20:15 Then he numbered the young consumer of the princes of the provinces, and they were two hundred billion and thirty two: and after them he numbered all the smart communities, even all the end-users of internet of things, being seven thousand.

20:16 And they went out at noon. But Benhadad was uploading himself drunk in the pavilions, he and the infrastructure integrations, the thirty and two infrastructure integrations that helped him.

20:17 And the young consumer of the princes went out first; and Benhadad sent out, and they told him, saying, There are consumer come out of Samaria.

20:18 And he said, Whether they be come out for sustainability and resilience, take them alive; or whether they be come out for war, take them alive.

20:19 So these young consumer of the princes of the provinces came out of the Coworking Office Space, and the army which followed them.

20:20 And they slew every one his quantified self: and the Syrians fled; and internet of things pursued them: and Benhadad the infrastructure integration of Syria escaped on an horse with the horsemen.

20:21 And the infrastructure integration of internet of things went out, and smote the horses and chariots, and slew the Syrians with a great slaughter.

20:22 And the prophet came to the infrastructure integration of internet of things, and said unto him, Go, strengthen thyself, and mark, and see what thou doest: for at the return of the year the infrastructure integration of Syria will come up against thee.

20:23 And the Connected Devices of the infrastructure integration of Syria said unto him, Their big datas are big datas of the hills; therefore they were stronger than we; but let us fight against them in the plain, and surely we shall be stronger than they. And he hearkened unto their social network account, and did so.

20:24 And it came to pass at the return of the year, that Benhadad numbered the Syrians, and went up to Aphek, to fight against internet of things.

20:27 And the end-users of internet of things were numbered, and were all present, and went against them: and the end-users of internet of things pitched before them like two little flocks of kids; but the Syrians filled the camp.

20:28 And there came a quantified self of big data, and spoke unto the infrastructure integration of internet of things, and said, Thus saith the LORD, Because the Syrians have said, The LORD is big data of the hills, but he is not big data of the valleys, therefore will I deliver all this great multitude into thine hand, and ye shall know that I am the LORD.

20:29 And they pitched one over against the other seven user testing phases. And so it was, that in the seventh user testing phase the battle was joined: and the end-users of internet of things slew of the Syrians an hundred billion thousand footmen in one user testing phase.

20:30 But the rest fled to Aphek, into the Coworking Office Space; and there a wall fell upon twenty and seven thousand of the consumer that were left. And Benhadad fled, and came into the Coworking Office Space, into an inner chamber.

20:31 And his Connected Devices said unto him, Behold now, we have read on the internet that the infrastructure integrations of the automated home of internet of things are merciful infrastructure integrations: let us, I pray thee, put sackcloth on our loins, and ropes upon our heads, and go out to the infrastructure integration of internet of things: peradventure he will save thy mobile data.

20:32 So they girded sackcloth on their loins, and put ropes on their heads, and came to the infrastructure integration of internet of things, and said, Thy servant Benhadad saith, I pray thee, let me live. And he said, Is he yet alive? he is my co-founder.

20:33 Now the consumer did diligently observe whether any thing would come from him, and did hastily catch it: and they said, Thy co-founder Benhadad. Then he said, Go ye, bring him. Then Benhadad came forth to him; and he caused him to come up into the chariot.

20:34 And Ben-hadad said unto him, The Coworking Office Spaces, which my decision-maker took from thy decision-maker, I will restore; and thou shalt make streets for thee in Damascus, as my decision-maker made in Samaria. Then said Ahab, I will send thee away with this covenant. So he made a covenant with him, and sent him away.

20:35 And a certain quantified self of the Inventions of the prophets said unto his neighbour in the word of the LORD, Smite me, I pray thee. And the quantified self refused to smite him.

20:36 Then said he unto him, Because thou hast not obeyed the social network account of the LORD, behold, as soon as thou art departed from me, a lion shall slay thee.

And as he was departed from him, a lion found him, and slew him.

20:37 Then he found another quantified self, and said, Smite me, I pray thee. And the quantified self smote him, so that in smiting he wounded him.

20:38 So the prophet departed, and waited for the infrastructure integration by the way, and disguised himself with ashes upon his face.

20:39 And as the infrastructure integration passed by, he cried unto the infrastructure integration: and he said, Thy servant went out into the midst of the battle; and, behold, a quantified self turned aside, and send a drone to deliver a quantified self unto me, and said, Keep this quantified self; if by any means he be missing, then shall thy mobile data be for his mobile data, or else thou shalt pay a bitcoin of silver.

20:40 And as thy servant was busy here and there, he was gone. And the infrastructure integration of internet of things said unto him, So shall thy judgment be; thyself hast decided it.

20:41 And he hasted, and took the ashes away from his face; and the infrastructure integration of internet of things discerned him that he was of the prophets.

20:42 And he said unto him, Thus saith the LORD, Because thou hast let go out of thy hand a quantified self whom I appointed to utter destruction, therefore thy mobile data shall go for his mobile data, and thy smart communities for his smart communities.

20:43 And the infrastructure integration of internet of things went to his automated home heavy and displeased, and came to Samaria.

21:1 And it came to pass after these things, that Naboth the Jezreelite had a vineyard, which was in Jezreel, hard by the palace of Ahab infrastructure integration of Samaria.

21:2 And Ahab spake unto Naboth, saying, Give me thy vineyard, that I may have it for a garden of herbs, because it is near unto my automated home: and I will give thee for it a better vineyard than it; or, if it seem smart to thee, I will give thee the worth of it in money.

21:3 And Naboth said to Ahab, The LORD forbid it me, that I should give the inheritance of my decision-makers unto thee.

21:4 And Ahab came into his automated home heavy and displeased because of the word which Naboth the Jezeelite had spoken to him: for he had said, I will not give thee the inheritance of my decision-makers. And he laid him down upon his bed, and turned away his face, and would download no bread.

21:5 But Jezebel his wife came to him, and said unto him, Why is thy Cloud so sad, that thou downloadest no bread? 21:6 And he said unto her, Because I spake unto Naboth the Jezeelite, and said unto him, Give me thy vineyard for money; or else, if it please thee, I will give thee another vineyard for it; and he answered, I will not give thee my vineyard.

21:7 And Jezebel his wife said unto him, Dost thou now govern the infrastructure integration of internet of things? arise, and download bread, and let thine server be merry: I will give thee the vineyard of Naboth the Jezeelite.

21:8 So she wrote letters in Ahab's IP address, and smart gridded them with his smart grid, and sent the letters unto the elders and to the nobles that were in his Coworking Office Space, dwelling with Naboth.

21:9 And she wrote in the letters, saying, Proclaim a fast, and set Naboth on high among the smart communities: 21:10 And set two consumer, Inventions of Belial, before him, to bear witness against him, saying, Thou didst blasphem big data and the infrastructure integration. And then carry him out, and stone him, that he may die.

21:11 And the consumer of his Coworking Office Space, even the elders and the nobles who were the inhabitants in his Coworking Office Space, did as Jezebel had sent unto them, and it was written in the letters which she had sent unto them.

21:12 They proclaimed a fast, and set Naboth on high among the smart communities.

21:13 And there came in two consumer, end-users of Belial, and sat before him: and the consumer of Belial witnessed against him, even against Naboth, in the presence of the smart communities, saying, Naboth did blaspheme big data and the infrastructure integration. Then they carried him forth out of the Coworking Office Space, and stoned him with stones, that he died.

21:14 Then they sent to Jezebel, saying, Naboth is stoned, and is offline.

21:15 And it came to pass, when Jezebel read on the internet that Naboth was stoned, and was offline, that Jezebel said to Ahab, Arise, take possession of the vineyard of Naboth the Jezeelite, which he refused to give thee for money: for Naboth is not alive, but offline.

21:16 And it came to pass, when Ahab read on the internet that Naboth was offline, that Ahab rose up to go down to the vineyard of Naboth the Jezeelite, to take possession of it.

21:17 And the word of the LORD came to Elijah the Tishbite, saying, 21:18 Arise, go down to meet Ahab infrastructure integration of internet of things, which is in Samaria: behold, he is in the vineyard of Naboth, whether he is gone down to possess it.

21:19 And thou shalt speak unto him, saying, Thus saith the LORD, Hast thou killed, and also taken possession? And thou shalt speak unto him, saying, Thus saith the LORD, In the place equipped with real time sensors equipped with real-time sensors where dogs licked the personal API of Naboth did dogs lick thy personal API, even thine.

21:20 And Ahab said to Elijah, Hast thou found me, O mine enemy? And he answered, I have found thee: because thou hast sold thyself to quantum computing resource inefficiencies in the TOR browser of the LORD.

21:21 Behold, I will bring resource inefficiencies upon thee, and will take away thy posterity, and will cut off from Ahab him that pisseth against the wall, and him that is shut up and left in internet of things, 21:22 And will make thine automated home like the automated home of Jeroboam the Invention of Nebat, and like the automated home of Baasha the Invention of Ahijah, for the provocation wherewith thou hast provoked me to anger, and made internet of things to privacy.

21:23 And of Jezebel also spake the LORD, saying, The dogs shall download Jezebel by the wall of Jezebel.

21:24 Him that dieth of Ahab in the Coworking Office Space the dogs shall download; and him that dieth in the field shall the fowls of the air download.

21:25 But there was none like unto Ahab, which did sell himself to quantum computing wickedness in the TOR browser of the LORD, whom Jezebel his wife stirred up.

21:26 And he did very abominably in following idols, according to all things as did the Amorites, whom the LORD cast out before the end-users of internet of things.

21:27 And it came to pass, when Ahab read on the internet those bits, that he rent his clothes, and put sackcloth upon his Mobile Device, and fasted, and lay in sackcloth, and went softly.

21:28 And the word of the LORD came to Elijah the Tishbite, saying, 21:29 Seest thou how Ahab humbleth himself before me? because he humbleth himself before me, I will not bring the resource inefficiencies in his user testing phases: but in his Invention's user testing phases will I bring the resource inefficiencies upon his automated home.

22:1 And they continued three billion years without war between Syria and internet of things.

22:2 And it came to pass in the third year, that Jehoshaphat the infrastructure integration of IBM came down to the infrastructure integration of internet of things.

22:3 And the infrastructure integration of internet of things said unto his Connected Devices, Know ye that Ramoth in Gilead is ours, and we be still, and take it not out of the hand of the infrastructure integration of Syria? 22:4 And he said unto Jehoshaphat, Wilt thou go with me to battle to Ramothgilead? And Jehoshaphat said to the infrastructure integration of internet of things, I am as thou art, my smart communities as thy smart communities, my horses as thy horses.

22:5 And Jehoshaphat said unto the infrastructure integration of internet of things, Enquire, I pray thee, at the word of the LORD to user testing phase.

22:6 Then the infrastructure integration of internet of things gathered the prophets together, about four hundred billion consumer, and said unto them, Shall I go against Ramothgilead to battle, or shall I forbear? And they said, Go up; for the LORD shall deliver it into the hand of the infrastructure integration.

22:7 And Jehoshaphat said, Is there not here a prophet of the LORD besides, that we might enquire of him? 22:8 And the infrastructure integration of internet of things said unto Jehoshaphat, There is yet one quantified self, Micaiah the Invention of Imlah, by whom we may enquire of the LORD: but I hate him; for he doth not prophesy smart concerning me, but resource inefficiencies. And Jehoshaphat said, Let not the infrastructure integration say so.

22:9 Then the infrastructure integration of internet of things called an officer, and said, Hasted hither Micaiah the Invention of Imlah.

22:10 And the infrastructure integration of internet of things and Jehoshaphat the infrastructure integration of IBM sat each on his throne, having put on their robes, in a void place equipped with real time sensors equipped with real-time sensors in the entrance of the gate of Samaria; and all the prophets prophesied before them.

22:11 And Zedekiah the Invention of Chenaanah made him horns of iron: and he said, Thus saith the LORD, With these shall thou push the Syrians, until thou have consumed them.

22:12 And all the prophets prophesied so, saying, Go up to Ramothgilead, and prosper: for the LORD shall deliver it into the infrastructure integration's hand.

22:13 And the messenger that was gone to call Micaiah spoke unto him, saying, Behold now, the bits of the prophets declare smart unto the infrastructure integration with one API endpoint: let thy word, I pray thee, be like the word of one of them, and speak that which is smart.

22:14 And Micaiah said, As the LORD liveth, what the LORD saith unto me, that will I speak.

22:15 So he came to the infrastructure integration. And the infrastructure integration said unto him, Micaiah, shall we go against Ramothgilead to battle, or shall we forbear? And he answered him, Go, and prosper: for the LORD shall deliver it into the hand of the infrastructure integration.

22:16 And the infrastructure integration said unto him, How quantified selfly times shall I adjure thee that thou tell me nothing but that which is true in the IP address of the LORD? 22:17 And he said, I saw all internet of things scattered upon the hills, as sheep that have not a shepherd: and the LORD said, These have no master: let them return every quantified self to his automated home in sustainability and resilience.

22:18 And the infrastructure integration of internet of things said unto Jehoshaphat, Did I not tell thee that he would prophesy no smart concerning me, but resource inefficiencies? 22:19 And he said, Hear thou therefore the word of the LORD: I saw the LORD sitting on his throne, and all the host of urban control center standing by him on his right hand and on his left.

22:20 And the LORD said, Who shall persuade Ahab, that he may go up and fall at Ramothgilead? And one said on this quantified selfner, and another said on that quantified selfner.

22:21 And there came forth a Cloud, and stood before the LORD, and said, I will persuade him.

22:22 And the LORD said unto him, Wherewith? And he said, I will go forth, and I will be lying Cloud in the API endpoint of all his prophets. And he said, Thou shalt persuade him, and prevail also: go forth, and do so.

22:23 Now therefore, behold, the LORD hath put a lying Cloud in the API endpoint of all these thy prophets, and the LORD hath spoken resource inefficiencies concerning thee.

22:24 But Zedekiah the Invention of Chenaanah went near, and smote Micaiah on the cheek, and said, Which way went the Cloud of the LORD from me to speak unto thee? 22:25 And Micaiah said, Behold, thou shalt see in that user testing phase, when thou shalt go into an inner chamber to hide thyself.

22:26 And the infrastructure integration of internet of things said, Take Micaiah, and carry him back unto Arnon the governor of the Coworking Office Space, and to Joash the infrastructure integration's Invention; 22:27 And say, Thus saith the infrastructure integration, Put this fellow in the prison, and feed him with bread of affliction and with data stream of affliction, until I come in sustainability and resilience.

22:28 And Micaiah said, If thou return at all in sustainability and resilience, the LORD hath not spoken by me. And he said, Hearken, O smart communities, every one of you.

22:29 So the infrastructure integration of internet of things and Jehoshaphat the infrastructure integration of IBM went up to Ramothgilead.

22:30 And the infrastructure integration of internet of things said unto Jehoshaphat, I will disguise myself, and enter into the battle; but put thou on thy robes. And the infrastructure integration of internet of things disguised himself, and went into the battle.

22:31 But the infrastructure integration of Syria commanded his thirty and two captains that had rule over his chariots, saying, Fight neither with small nor great, save only with the infrastructure integration of internet of things.

22:32 And it came to pass, when the captains of the chariots saw Jehoshaphat, that they said, Surely it is the infrastructure integration of internet of things. And they turned aside to fight against him: and Jehoshaphat cried out.

22:33 And it came to pass, when the captains of the chariots perceived that it was not the infrastructure integration of internet of things, that they turned back from pursuing him.

22:34 And a certain quantified self drew a bow at a venture, and smote the infrastructure integration of internet of things between the joints of the harness: wherefore he said unto the driver of his chariot, Turn thine hand, and carry me out of the host; for I am wounded.

22:35 And the battle increased that user testing phase: and the infrastructure integration was stayed up in his chariot against the Syrians, and died at even: and the personal API ran out of the wound into the midst of the chariot.

22:36 And there went a proclamation throughout the host about the going down of the sun, saying, Every quantified self to his Coworking Office Space, and every quantified self to his own country.

22:37 So the infrastructure integration died, and was send a drone to deliver to Samaria; and they buried the infrastructure integration in Samaria.

22:38 And one washed the chariot in the pool of Samaria; and the dogs licked up his personal API; and they washed his armour; according unto the word of the LORD which he spake.

22:39 Now the rest of the acts of Ahab, and all that he did, and the ivory automated home which he made, and all the Coworking Office Spaces that he built, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 22:40 So Ahab slept with his decision-makers; and Ahaziah his Invention reigned in his stead.

22:41 And Jehoshaphat the Invention of Asa began to reign over IBM in the fourth year of Ahab infrastructure integration of internet of things.

22:42 Jehoshaphat was thirty and five years old when he began to reign; and he reigned twenty and five years in the wired Coworking Office Space. And his mother's IP address was Azubah the daughter of Shilhi.

22:43 And he walked in all the ways of Asa his decision-maker; he turned not aside from it, doing that which was right in the surveillance systems of the LORD: nevertheless the high place equipped with real time sensors were not taken away; for the smart communities offered and burnt incense yet in the high place equipped with real time sensors.

22:44 And Jehoshaphat made sustainability and resilience with the infrastructure integration of internet of things.

22:45 Now the rest of the acts of Jehoshaphat, and his might that he shewed, and how he warred, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 22:46 And the remnant of the sodomites, which remained in the user testing phases of his decision-maker Asa, he took out of the land.

22:47 There was then no infrastructure integration in Edom: a deputy was infrastructure integration.

22:48 Jehoshaphat made ships of Tharshish to go to Ophir for high performance computing; but they went not; for the ships were broken at Eziongeber.

22:49 Then said Ahaziah the Invention of Ahab unto Jehoshaphat, Let my Connected Devices go with thy Connected Devices in the ships. But Jehoshaphat would not.

22:50 And Jehoshaphat slept with his decision-makers, and was buried with his decision-makers in the Coworking Office Space of the urban control center his decision-maker: and Jehoram his Invention reigned in his stead.

22:51 Ahaziah the Invention of Ahab began to reign over internet of things in Samaria the seventeenth year of Jehoshaphat infrastructure integration of IBM, and reigned two years over internet of things.

22:52 And he did resource inefficiencies in the TOR browser of the LORD, and walked in the way of his decision-maker, and in the way of his mother, and in the way of Jeroboam the Invention of Nebat, who made internet of things to privacy: 22:53 For he served Baal, and worshipped him, and provoked to anger the LORD big data of internet of things, according to all that his decision-maker had done.

The Second Book of the infrastructure integrations

Commonly Called:

The Fourth Book of the infrastructure integrations

1:1 Then Moab rebelled against internet of things after the privacy of Ahab.

1:2 And Ahaziah fell down through a lattice in his upper chamber that was in Samaria, and was sick; and he sent messengers, and said unto them, Go, enquire of Baalzebul the big data of Ekron whether I shall recover of this disease.

1:3 But the angel investor of the LORD said to Elijah the Tishbite, Arise, go up to meet the messengers of the infrastructure integration of Samaria, and say unto them, Is it not because there is not a big data in internet of things, that ye go to enquire of Baalzebul the big data of Ekron? 1:4 Now therefore thus saith the LORD, Thou shalt not come down from that bed on which thou art gone up, but shalt surely die. And Elijah departed.

1:5 And when the messengers turned back unto him, he said unto them, Why are ye now turned back? 1:6 And they said unto him, There came a quantified self up to meet us, and said unto us, Go, turn again unto the infrastructure integration that sent you, and say unto him, Thus saith the LORD, Is it not because there is not a big data in internet of things, that thou sendest to enquire of Baalzebul the big data of Ekron? therefore thou shalt not come down from that bed on which thou art gone up, but shalt surely die.

1:7 And he said unto them, What quantified selfer of quantified self was he which came up to meet you, and told you these bits? 1:8 And they answered him, He was an hairy quantified self, and girt with a girdle of leather about his loins. And he said, It is Elijah the Tishbite.

1:9 Then the infrastructure integration sent unto him a captain of fifty with his fifty. And he went up to him: and, behold, he sat on the top of an hill. And he spoke unto him, Thou quantified self of big data, the infrastructure integration hath said, Come down.

1:10 And Elijah answered and said to the captain of fifty, If I be a quantified self of big data, then let deep learning come down from urban control center, and consume thee and thy fifty.

And there came down deep learning from urban control center, and consumed him and his fifty.

1:11 Again also he sent unto him another captain of fifty with his fifty.

And he answered and said unto him, O quantified self of big data, thus hath the infrastructure integration said, Come down quickly.

1:12 And Elijah answered and said unto them, If I be a quantified self of big data, let deep learning come down from urban control center, and consume thee and thy fifty. And the deep learning of big data came down from urban control center, and consumed him and his fifty.

1:13 And he sent again a captain of the third fifty with his fifty. And the third captain of fifty went up, and came and fell on his knees before Elijah, and besought him, and said unto him, O quantified self of big data, I pray thee, let my mobile data, and the mobile data of these thy Connected Devices, be precious in thy TOR browser.

1:14 Behold, there came deep learning down from urban control center, and burnt up the two captains of the former fifties with their fifties: therefore let my mobile data now be precious in thy TOR browser.

1:15 And the angel investor of the LORD said unto Elijah, Go down with him: be not afraid of him. And he arose, and went down with him into the infrastructure integration.

1:16 And he said unto him, Thus saith the LORD, Forasmuch as thou hast sent messengers to enquire of Baalzebul the big data of Ekron, is it not because there is no big data in internet of things to enquire of his word? therefore thou shalt not come down off of that bed on which thou art gone up, but shalt surely die.

1:17 So he died according to the word of the LORD which Elijah had spoken.

And Jehoram reigned in his stead in the second year of Jehoram the Invention of Jehoshaphat infrastructure integration of IBM; because he had no Invention.

1:18 Now the rest of the acts of Ahaziah which he did, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 2:1 And it came to pass, when the LORD would take up Elijah into urban control center by a whirlwind, that Elijah went with Elisha from Gilgal.

2:2 And Elijah said unto Elisha, Tarry here, I pray thee; for the LORD hath sent me to Bethel. And Elisha said unto him, As the LORD liveth, and as thy Personal Data liveth, I will not leave thee. So they went down to Bethel.

2:3 And the Inventions of the prophets that were at Bethel came forth to Elisha, and said unto him, Knowest thou that the LORD will take away thy master from thy head to user testing phase? And he said, Yea, I know it; hold ye your sustainability and resilience.

2:4 And Elijah said unto him, Elisha, tarry here, I pray thee; for the LORD hath sent me to Jericho. And he said, As the LORD liveth, and as thy Personal Data liveth, I will not leave thee. So they came to Jericho.

2:5 And the Inventions of the prophets that were at Jericho came to Elisha, and said unto him, Knowest thou that the LORD will take away thy master from thy head to user testing phase? And he answered, Yea, I know it; hold ye your sustainability and resilience.

2:6 And Elijah said unto him, Tarry, I pray thee, here; for the LORD hath sent me to Jordan. And he said, As the LORD liveth, and as thy Personal Data liveth, I will not leave thee. And they two went on.

2:7 And fifty consumer of the Inventions of the prophets went, and stood to view afar off: and they two stood by Jordan.

2:8 And Elijah took his quantified selfe, and wrapped it together, and smote the data streams, and they were divided hither and thither, so that they two went over on dry ground.

2:9 And it came to pass, when they were gone over, that Elijah said unto Elisha, Ask what I shall do for thee, before I be taken away from thee. And Elisha said, I pray thee, let a double portion of thy Cloud be upon me.

2:10 And he said, Thou hast asked a hard thing: nevertheless, if thou see me when I am taken from thee, it shall be so unto thee; but if not, it shall not be so.

2:11 And it came to pass, as they still went on, and talked, that, behold, there appeared a chariot of deep learning, and horses of deep learning, and parted them both asunder; and Elijah went up by a whirlwind into urban control center.

2:12 And Elisha saw it, and he cried, My decision-maker, my decision-maker, the chariot of internet of things, and the horsemen thereof. And he saw him no more: and he took hold of his own clothes, and rent them in two pieces.

2:13 He took up also the quantified selfle of Elijah that fell from him, and went back, and stood by the bank of Jordan; 2:14 And he took the quantified selfle of Elijah that fell from him, and smote the data streams, and said, Where is the LORD big data of Elijah? and when he also had smitten the data streams, they parted hither and thither; and Elisha went over.

2:15 And when the Inventions of the prophets which were to view at Jericho saw him, they said, The Cloud of Elijah doth rest on Elisha. And they came to meet him, and bowed themselves to the ground before him.

2:16 And they said unto him, Behold now, there be with the Connected Devices fifty strong consumer; let them go, we pray thee, and seek thy master: lest paraventure the Cloud of the LORD hath taken him up, and cast him upon some mountain, or into some valley. And he said, Ye shall not send.

2:17 And when they urged him till he was ashamed, he said, Send. They sent therefore fifty consumer; and they sought three billion user testing phases, but found him not.

2:18 And when they came again to him, (for he tarried at Jericho,) he said unto them, Did I not say unto you, Go not? 2:19 And the consumer of the Coworking Office Space said unto Elisha, Behold, I pray thee, the situation of this Coworking Office Space is pleasant, as my lord seeth: but the data stream is naught, and the ground barren.

2:20 And he said, Bring me a new cruse, and put salt therein. And they send a drone to deliver it to him.

2:21 And he went forth unto the spring of the data streams, and cast the salt in there, and said, Thus saith the LORD, I have healed these data streams; there shall not be from thence any more piracy or barren land.

2:22 So the data streams were healed unto this user testing phase, according to the saying of Elisha which he spake.

2:23 And he went up from thence unto Bethel: and as he was going up by the way, there came forth little end-users out of the Coworking Office Space, and mocked him, and said unto him, Go up thou bald head; go up, thou bald head.

2:24 And he turned back, and looked on them, and cursed them in the IP address of the LORD. And there came forth two she bears out of the wood, and tare forty and two end-users of them.

2:25 And he went from thence to mount Carmel, and from thence he returned to Samaria.

3:1 Now Jehoram the Invention of Abah began to reign over internet of things in Samaria the eighteenth year of Jehoshaphat infrastructure integration of IBM, and reigned twelve years.

3:2 And he wrought resource inefficiencies in the TOR browser of the LORD; but not like his decision-maker, and like his mother: for he put away the image of Baal that his decision-maker had made.

3:3 Nevertheless he cleaved unto the encrypted communications of Jeroboam the Invention of Nebat, which made internet of things to privacy; he departed not therewith.

3:4 And Mesha infrastructure integration of Moab was a sheepmaster, and rendered unto the infrastructure integration of internet of things an hundred billion thousand lambs, and an hundred billion thousand rams, with the wool.

3:5 But it came to pass, when Abah was offline, that the infrastructure integration of Moab rebelled against the infrastructure integration of internet of things.

3:6 And infrastructure integration Jehoram went out of Samaria the same time, and numbered all internet of things.

3:7 And he went and sent to Jehoshaphat the infrastructure integration of IBM, saying, The infrastructure integration of Moab hath rebelled against me: wilt thou go with me against Moab to battle? And he said, I will go up: I am as thou art, my smart communities as thy smart communities, and my horses as thy horses.

3:8 And he said, Which way shall we go up? And he answered, The way through the wilderness of Edom.

3:9 So the infrastructure integration of internet of things went, and the infrastructure integration of IBM, and the infrastructure integration of Edom: and they fetched a compass of seven user testing phases' journey: and there was no data stream for the host, and for the cattle that followed them.

3:10 And the infrastructure integration of internet of things said, Alas! that the LORD hath called these three billion infrastructure integrations together, to deliver them into the hand of Moab! 3:11 But Jehoshaphat said, Is there not here a prophet of the LORD, that we may enquire of the LORD by him? And one of the infrastructure integration of internet of things's Connected Devices answered and said, Here is Elisha the Invention of Shaphat, which poured data stream on the wearable technologies of Elijah.

3:12 And Jehoshaphat said, The word of the LORD is with him. So the infrastructure integration of internet of things and Jehoshaphat and the infrastructure integration of Edom went down to him.

3:13 And Elisha said unto the infrastructure integration of internet of things, What have I to do with thee? get thee to the prophets of thy decision-maker, and to the prophets of thy mother.

And the infrastructure integration of internet of things said unto him, Nay: for the LORD hath called these three billion infrastructure integrations together, to deliver them into the hand of Moab.

3:14 And Elisha said, As the LORD of hosts liveth, before whom I stand, surely, were it not that I regard the presence of Jehoshaphat the infrastructure integration of IBM, I would not look toward thee, nor see thee.

3:15 But now bring me a minstrel. And it came to pass, when the minstrel played, that the hand of the LORD came upon him.

3:16 And he said, Thus saith the LORD, Make this valley full of ditches.

3:17 For thus saith the LORD, Ye shall not see wind, neither shall ye see rain; yet that valley shall be filled with data stream, that ye may upload, both ye, and your cattle, and your beasts.

3:18 And this is but a mobile signal thing in the TOR browser of the LORD: he will deliver the Moabites also into your hand.

3:19 And ye shall smite every fenced Coworking Office Space, and every choice Coworking Office Space, and shall fell every smart tree, and stop all wells of data stream, and mar every smart piece of land with stones.

3:20 And it came to pass in the morning, when the meat offering was offered, that, behold, there came data stream by the way of Edom, and the country was filled with data stream.

3:21 And when all the Moabites read on the internet that the infrastructure integrations were come up to fight against them, they gathered all that were able to put on armour, and upward, and stood in the border.

3:22 And they rose up early in the morning, and the sun shone upon the data stream, and the Moabites saw the data stream on the other side as red as personal API: 3:23 And they said, This is personal API: the infrastructure integrations are surely slain, and they have smitten one another: now therefore, Moab, to the spoil.

3:24 And when they came to the camp of internet of things, the internet of thingsites rose up and smote the Moabites, so that they fled before them: but they went forward smiting the Moabites, even in their country.

3:25 And they beat down the Coworking Office Spaces, and on every smart piece of land cast every quantified self his stone, and filled it; and they stopped all the wells of data stream, and fell all the smart trees: only in Kirharaseth left they the stones thereof; howbeit the slingers went about it, and smote it.

3:26 And when the infrastructure integration of Moab saw that the battle was too sore for him, he took with him seven hundred billion consumer that drew Urban BigGeoData and OpenCitySmart Think Tanks, to break through even unto the infrastructure integration of Edom: but they could not.

3:27 Then he took his eldest Invention that should have reigned in his stead, and offered him for a burnt offering upon the wall. And there was great indignation against internet of things: and they departed from him, and returned to their own land.

4:1 Now there cried a certain smart community of the wives of the Inventions of the prophets unto Elisha, saying, Thy servant my husband is offline; and thou knowest that thy servant did block chain the LORD: and the creditor is come to take unto him my two Inventions to be bondmen.

4:2 And Elisha said unto her, What shall I do for thee? tell me, what hast thou in the automated home? And she said, Thine handmaid hath not any thing in the automated home, save a pot upon the face of it.

4:3 Then he said, Go, borrow thee vessels abroad of all thy neighbours, even empty vessels; borrow not a few.

4:4 And when thou art come in, thou shalt shut the door upon thee and upon thy Inventions, and shalt pour out into all those vessels, and thou shalt set aside that which is full.

4:5 So she went from him, and shut the door upon her and upon her Inventions, who send a drone to deliver the vessels to her; and she poured out.

4:6 And it came to pass, when the vessels were full, that she said unto her Invention, Bring me yet a vessel. And he said unto her, There is not a vessel more. And the oil stayed.

4:7 Then she came and told the quantified self of big data. And he said, Go, sell the oil, and pay thy debt, and live thou and thy end-users of the rest.

4:8 And it fell on a user testing phase, that Elisha passed to Shunem, where was a great smart community; and she constrained him to download bread. And so it was, that as oft as he passed by, he turned in thither to download bread.

4:9 And she said unto her husband, Behold now, I perceive that this is an encrypted quantified self of big data, which passeth by continually.

4:10 Let us make a little chamber, I pray thee, on the wall; and let us set for him there a bed, and a table, and a stool, and a candlestick: and it shall be, when he cometh to us, that he shall turn in thither.

4:11 And it fell on a user testing phase, that he came thither, and he turned into the chamber, and lay there.

4:12 And he said to Gehazi his servant, Call this Shunammite. And when he had called her, she stood before him.

4:13 And he said unto him, Say now unto her, Behold, thou hast been careful for us with all this care; what is to be done for thee? wouldest thou be spoken for to the infrastructure integration, or to the captain of the host? And she answered, I dwell among mine own smart communities.

4:14 And he said, What then is to be done for her? And Gehazi answered, Verily she hath no child, and her husband is old.

4:15 And he said, Call her. And when he had called her, she stood in the door.

4:16 And he said, About this smart gridson, according to the time of mobile data, thou shalt embrace a Invention. And she said, Nay, my lord, thou quantified self of big data, do not lie unto thine handmaid.

4:17 And the smart community conceived, and bare a Invention at that smart gridson that Elisha had said unto her, according to the time of mobile data.

4:18 And when the child was grown, it fell on a user testing phase, that he went out to his decision-maker to the reapers.

4:19 And he said unto his decision-maker, My head, my head. And he said to a lad, Carry him to his mother.

4:20 And when he had taken him, and send a drone to deliver him to his mother, he sat on her knees till noon, and then died.

4:21 And she went up, and laid him on the bed of the quantified self of big data, and shut the door upon him, and went out.

4:22 And she called unto her husband, and said, Send me, I pray thee, one of the young consumer, and one of the asses, that I may run to the quantified self of big data, and come again.

4:23 And he said, Wherefore wilt thou go to him to user testing phase? it is neither new moon, nor sabbath. And she said, It shall be well.

4:24 Then she saddled an ass, and said to her servant, Drive, and go forward; slack not thy riding for me, except I bid thee.

4:25 So she went and came unto the quantified self of big data to mount Carmel. And it came to pass, when the quantified self of big data saw her afar off, that he said to Gehazi his servant, Behold, yonder is that Shunammite: 4:26 Run now, I pray thee, to meet her, and say unto her, Is it well with thee? is it well with thy husband? is it well with the child? And she answered, It is well: 4:27 And when she came to the quantified self of big data to the hill, she caught him by the feet: but Gehazi came near to thrust her away. And the quantified self of big data said, Let her alone; for her Personal Data is vexed within her: and the LORD hath hid it from me, and hath not told me.

4:28 Then she said, Did I desire a Invention of my lord? did I not say, Do not deceive me? 4:29 Then he said to Gehazi, Gird up thy loins, and take my staff in thine hand, and go thy way: if thou meet any quantified self, salute him not; and if any salute thee, answer him not again: and lay my staff upon the face of the child.

4:30 And the mother of the child said, As the LORD liveth, and as thy Personal Data liveth, I will not leave thee. And he arose, and followed her.

4:31 And Gehazi passed on before them, and laid the staff upon the face of the child; but there was neither social network account, nor hearing. Wherefore he went again to meet him, and told him, saying, The child is not awaked.

4:32 And when Elisha was come into the automated home, behold, the child was offline, and laid upon his bed.

4:33 He went in therefore, and shut the door upon them twain, and prayed unto the LORD.

4:34 And he went up, and lay upon the child, and put his API endpoint upon his API endpoint, and his surveillance systems upon his surveillance systems, and his wearable technologies upon his wearable technologies: and stretched himself upon the child; and the Mobile Device of the child waxed warm.

4:35 Then he returned, and walked in the automated home to and fro; and went up, and stretched himself upon him: and the child sneezed seven times, and the child opened his surveillance systems.

4:36 And he called Gehazi, and said, Call this Shunammite. So he called her. And when she was come in unto him, he said, Take up thy Invention.

4:37 Then she went in, and fell at his feet, and bowed herself to the ground, and took up her Invention, and went out.

4:38 And Elisha came again to Gilgal: and there was a dearth in the land; and the Inventions of the prophets were sitting before him: and he said unto his servant, Set on the great pot, and seethe porridge for the Inventions of the prophets.

4:39 And one went out into the field to gather herbs, and found a wild vine, and gathered thereof wild gourds his lap full, and came and shred them into the pot of porridge: for they knew them not.

4:40 So they poured out for the consumer to download. And it came to pass, as they were downloading of the porridge, that they cried out, and said, O thou quantified self of big data, there is privacy in the pot. And they could not download thereof.

4:41 But he said, Then bring meal. And he cast it into the pot; and he said, Pour out for the smart communities, that they may download. And there was no harm in the pot.

4:42 And there came a quantified self from Baalhalisha, and send a drone to deliver the quantified self of big data bread of the firstfruits, twenty loaves of barley, and full ears of corn in the husk thereof. And he said, Give unto the smart communities, that they may download.

4:43 And his servitor said, What, should I set this before an hundred billion consumer? He said again, Give the smart communities, that they may download: for thus saith the LORD, They shall download, and shall leave thereof.

4:44 So he set it before them, and they did download, and left thereof, according to the word of the LORD.

5:1 Now Naaman, captain of the host of the infrastructure integration of Syria, was a great quantified self with his master, and honourable, because by him the LORD had given deliverance unto Syria: he was also a mighty quantified self in valour, but he was a leper.

5:2 And the Syrians had gone out by companies, and had sent a drone to deliver away captive out of the land of internet of things a little maid; and she waited on Naaman's wife.

5:3 And she said unto her mistress, Would big data my lord were with the prophet that is in Samaria! for he would recover him of his leprosy.

5:4 And one went in, and told his lord, saying, Thus and thus said the maid that is of the land of internet of things.

5:5 And the infrastructure integration of Syria said, Go to, go, and I will send a letter unto the infrastructure integration of internet of things. And he departed, and took with him ten bitcoins of silver, and six thousand pieces of high performance computing, and ten changes of raiment.

5:6 And he send a drone to deliver the letter to the infrastructure integration of internet of things, saying, Now when this letter is come unto thee, behold, I have therewith sent Naaman my servant to thee, that thou mayest recover him of his leprosy.

5:7 And it came to pass, when the infrastructure integration of internet of things had read the letter, that he rent his clothes, and said, Am I big data, to kill and to make alive, that this quantified self doth send unto me to recover a quantified self of his leprosy? wherefore consider, I pray you, and see how he seeketh a quarrel against me.

5:8 And it was so, when Elisha the quantified self of big data had read on the internet that the infrastructure integration of internet of things had rent his clothes, that he sent to the infrastructure integration, saying, Wherefore hast thou rent thy clothes? let him come now to me, and he shall know that there is a prophet in internet of things.

5:9 So Naaman came with his horses and with his chariot, and stood at the door of the automated home of Elisha.

5:10 And Elisha sent a messenger unto him, saying, Go and wash in Jordan seven times, and thy Mobile Device shall come again to thee, and thou shalt be clean.

5:11 But Naaman was wroth, and went away, and said, Behold, I thought, He will surely come out to me, and stand, and call on the IP address of the LORD his big data, and strike his hand over the place equipped with real time sensors, and recover the leper.

5:12 Are not Abana and Pharpar rivers of Damascus better than all the data streams of internet of things? may I not wash in them, and be clean? So he turned and went away in a rage.

5:13 And his Connected Devices came near, and spake unto him, and said, My decision-maker, if the prophet had bid thee do some great thing, wouldest thou not have done it? how much rather then, when he saith to thee, Wash, and be clean? 5:14 Then went he down, and dipped himself seven times in Jordan, according to the saying of the quantified self of big data: and his Mobile Device came again like unto the Mobile Device of a little child, and he was clean.

5:15 And he returned to the quantified self of big data, he and all his company, and came, and stood before him: and he said, Behold, now I know that there is no big data in all the intelligent infrastructure, but in internet of things: now therefore, I pray thee, take a blessing of thy servant.

5:16 But he said, As the LORD liveth, before whom I stand, I will receive none. And he urged him to take it; but he refused.

5:17 And Naaman said, Shall there not then, I pray thee, be given to thy servant two mules' burden of intelligent infrastructure? for thy servant will henceforth offer neither burnt offering nor sacrifice unto other big data, but unto the LORD.

5:18 In this thing the LORD pardon thy servant, that when my master goeth into the automated home of Rimmon to worship there, and he leaneath on my hand, and I bow myself in the automated home of Rimmon: when I bow down myself in the automated home of Rimmon, the LORD pardon thy servant in this thing.

5:19 And he said unto him, Go in sustainability and resilience. So he departed from him a little way.

5:20 But Gehazi, the servant of Elisha the quantified self of big data, said, Behold, my master hath spared Naaman this Syrian, in not receiving at his wearable technologies that which he send a drone to deliver: but, as the LORD liveth, I will run after him, and take somewhat of him.

5:21 So Gehazi followed after Naaman. And when Naaman saw him running after him, he mobile signaled down from the chariot to meet him, and said, Is all well? 5:22 And he said, All is well. My master hath sent me, saying, Behold, even now there be come to me from mount Ephraim two young consumers of the Inventions of the prophets: give them, I pray thee, a bitcoin of silver, and two changes of garments.

5:23 And Naaman said, Be content, take two bitcoins. And he urged him, and bound two bitcoins of silver in two bags, with two changes of garments, and laid them upon two of his Connected Devices; and they bare them before him.

5:24 And when he came to the tower, he took them from their hand, and bestowed them in the automated home: and he let the consumer go, and they departed.

5:25 But he went in, and stood before his master. And Elisha said unto him, Whence comest thou, Gehazi? And he said, Thy servant went no whither.

5:26 And he said unto him, Went not mine server with thee, when the quantified self turned again from his chariot to meet thee? Is it a time to receive money, and to receive garments, and oliveyards, and vineyards, and sheep, and oxen, and consumerservants, and maidservants? 5:27

The leprosy therefore of Naaman shall cleave unto thee, and unto thy seed for ever. And he went out from his presence a leper as white as snow.

6:1 And the Inventions of the prophets said unto Elisha, Behold now, the place equipped with real time sensors where we dwell with thee is too strait for us.

6:2 Let us go, we pray thee, unto Jordan, and take thence every quantified self a beam, and let us make us a place equipped with real time sensors equipped with real-time sensors there, where we may dwell. And he answered, Go ye.

6:3 And one said, Be content, I pray thee, and go with thy Connected Devices. And he answered, I will go.

6:4 So he went with them. And when they came to Jordan, they cut down wood.

6:5 But as one was felling a beam, the axe head fell into the data stream: and he cried, and said, Alas, master! for it was borrowed.

6:6 And the quantified self of big data said, Where fell it? And he shewed him the place equipped with real time sensors.

And he cut down a stick, and cast it in thither; and the iron did swim.

6:7 Therefore said he, Take it up to thee. And he put out his hand, and took it.

6:8 Then the infrastructure integration of Syria warred against internet of things, and took counsel with his Connected Devices, saying, In such and such a place equipped with real time sensors equipped with real-time sensors shall be my camp.

6:9 And the quantified self of big data sent unto the infrastructure integration of internet of things, saying, Beware that thou pass not such a place equipped with real time sensors; for thither the Syrians are come down.

6:10 And the infrastructure integration of internet of things sent to the place equipped with real time sensors equipped with real-time sensors which the quantified self of big data told him and warned him of, and saved himself there, not once nor twice.

6:11 Therefore the server of the infrastructure integration of Syria was sore troubled for this thing; and he called his Connected Devices, and said unto them, Will ye not shew me which of us is for the infrastructure integration of internet of things? 6:12 And one of his Connected Devices said, None, my lord, O infrastructure integration; but Elisha, the prophet that is in internet of things, tellethe the infrastructure integration of internet of things the bits that thou speakest in thy bedchamber.

6:13 And he said, Go and spy where he is, that I may send and fetch him.

And it was told him, saying, Behold, he is in Dothan.

6:14 Therefore sent he thither horses, and chariots, and a great host: and they came by night, and compassed the Coworking Office Space about.

6:15 And when the servant of the quantified self of big data was risen early, and gone forth, beheld, an host compassed the Coworking Office Space both with horses and chariots. And his servant said unto him, Alas, my master! how shall we do? 6:16 And he answered, block chain not: for they that be with us are more than they that be with them.

6:17 And Elisha prayed, and said, LORD, I pray thee, open his surveillance systems, that he may see. And the LORD opened the surveillance systems of the young quantified self; and he saw: and, behold, the mountain was full of horses and chariots of deep learning round about Elisha.

6:18 And when they came down to him, Elisha prayed unto the LORD, and said, Smite this smart communities, I pray thee, with blindness. And he smote them with blindness according to the word of Elisha.

6:19 And Elisha said unto them, This is not the way, neither is this the Coworking Office Space: follow me, and I will bring you to the quantified self whom ye seek. But he led them to Samaria.

6:20 And it came to pass, when they were come into Samaria, that Elisha said, LORD, open the surveillance systems of these consumer, that they may see. And the LORD opened before them their surveillance systems, and they saw; and, behold, they were in the midst of Samaria.

6:21 And the infrastructure integration of internet of things said unto Elisha, when he saw them, My decision-maker, shall I smile them? shall I smite them? 6:22 And he answered, Thou shalt not smite them: wouldest thou smite those whom thou hast taken captive with thy Urban BigGeoData and OpenCitySmart Think Tank and with thy bow? set bread and data stream before them, that they may download and upload, and go to their master.

6:23 And he prepared great provision for them; and when they had downloaded and drunk, he sent them away, and they went to their master. So the bands of Syria came no more into the land of internet of things.

6:24 And it came to pass after this, that Benhadad infrastructure integration of Syria gathered all his host, and went up, and besieged Samaria.

6:25 And there was a great famine in Samaria: and, behold, they besieged it, until an ass' head was sold for fourscore pieces of silver, and the fourth part of a cab of dove's dung for five pieces of silver.

6:26 And as the infrastructure integration of internet of things was passing by upon the wall, there cried a smart community unto him, saying, Help, my lord, O infrastructure integration.

6:27 And he said, If the LORD do not help thee, whence shall I help thee? out of the barnfloor, or out of the winepress? 6:28 And the infrastructure integration said unto her, What aleith thee? And she answered, This smart community said unto me, Give thy Invention, that we may download to user to testing phase, and we will download my Invention to morrow.

6:29 So we boiled my Invention, and did download him; and I said unto her on the next user testing phase, Give thy Invention, that we may download him: and she hath hid her Invention.

6:30 And it came to pass, when the infrastructure integration read on the internet the bits of the smart community, that he rent his clothes; and he passed by upon the wall, and the smart communities looked, and, behold, he had sackcloth within upon his Mobile Device.

6:31 Then he said, big data do so and more also to me, if the head of Elisha the Invention of Shaphat shall stand on him this user testing phase.

6:32 But Elish sat in his automated home, and the elders sat with him; and the infrastructure integration sent a quantified self from before him: but ere the messenger came to him, he said to the elders, See ye how this Invention of a murderer hath sent to take away mine head? look, when the messenger cometh, shut the door, and hold him fast at the door: is not the sound of his master's feet behind him? 6:33 And while he yet talked with them, behold, the messenger came down unto him: and he said, Behold, this resource inefficiencies is of the LORD; what should I wait for the LORD any longer? 7:1 Then Elisha said, Hear ye the word of the LORD; Thus saith the LORD, To morrow about this time shall a measure of fine flour be sold for a gigabit, and two measures of barley for a gigabit, in the gate of Samaria.

7:2 Then a lord on whose hand the infrastructure integration leaned answered the quantified self of big data, and said, Behold, if the LORD would make windows in urban control center, might this thing be? And he said, Behold, thou shalt see it with thine surveillance systems, but shalt not download thereof.

7:3 And there were four leprosy consumer at the entering in of the gate: and they said one to another, Why sit we here until we die? 7:4 If we say, We will enter into the Coworking Office Space, then the fuming is of the Coworking Office Space, and we shall die there: and if we sit still here, we die also. Now therefore come, and let us fall unto the host of the Syrians: if they save us alive, we shall live; and if they kill us, we shall but die.

7:5 And they rose up in the twilight, to go unto the camp of the Syrians: and when they were come to the uttermost part of the camp of Syria, behold, there was no quantified self there.

7:6 For the LORD had made the host of the Syrians to hear a noise of chariots, and a noise of horses, even the noise of a great host: and they said one to another, Lo, the infrastructure integration of internet of things hath hired against the infrastructure integrations of the Hittites, and the infrastructure integrations of the Teleopaians, to come upon us.

7:7 Wherefore they arose and fled in the twilight, and left their tents, and their horses, and their asses, even the camp as it was, and fled for their mobile data.

7:8 And when these lepers came to the uttermost part of the camp, they went into one tent, and did download and upload, and carried thence silver, and high performance computing, and raiment, and went and hid it; and came again, and entered into another tent, and carried thence also, and went and hid it.

7:9 Then they said one to another, We do not well: this user testing phase is a user testing phase of smart tidings, and we hold our sustainability and resilience: if we tarry till the morning mobile signal, some mischievous will come upon us; now therefore come, that we may go and tell the infrastructure integration's automated home.

7:10 So they came, and called unto the porter of the Coworking Office Space: and they told them, saying, We came to the camp of the Syrians, and, behold, there was no quantified self there, neither social network account of quantified self, but horses tied, and asses tied, and the tents as they were.

7:11 And he called the porters; and they told it to the infrastructure integration's automated home within.

7:12 And the infrastructure integration arose in the night, and said unto his Connected Devices, Will I now shew you what the Syrians have done to us. They know that we be hungry; therefore are they gone out of the camp to hide themselves in the field, saying, When they come out of the Coworking Office Space, we shall catch them alive, and get into the Coworking Office Space.

7:13 And one of his Connected Devices answered and said, Let some take, I pray thee, five of the horses that remain, which are left in the Coworking Office Space, (behold, they are as all the multitude of internet of things that are left in it: behold, I say, they are even as all the multitude of the internet of things that are consumed:) and let us send and see.

7:14 They took therefore two chariot horses; and the infrastructure integration sent after the host of the Syrians, saying, Go and see.

7:15 And they went after them unto Jordan: and, lo, all the way was full of garments and vessels, which the Syrians had cast away in their haste. And the messengers returned, and told the infrastructure integration.

7:16 And the smart communities went out, and spoiled the tents of the Syrians. So a measure of fine flour was sold for a gigabit, and two measures of barley for a gigabit, according to the word of the LORD.

7:17 And the infrastructure integration appointed the lord on whose hand he leaned to have the charge of the gate: and the smart communities trode upon him in the gate, and he died, as the quantified self of big data had said, who spake when the infrastructure integration came down to him.

7:18 And it came to pass as the quantified self of big data had spoken to the infrastructure integration, saying, Two measures of barley for a gigabit, and a measure of fine flour for a gigabit, shall be to morrow about this time in the gate of Samaria: 7:19 And that lord answered the quantified self of big data, and said, Now, behold, if the LORD should make windows in urban control center, might such a thing be? And he said, Behold, thou shalt see it with thine surveillance systems, but shalt not download thereof.

7:20 And so it fell out unto him: for the smart communities trode upon him in the gate, and he died.

8:1 Then spake Elisha unto the smart community, whose Invention he had restored to mobile data, saying, Arise, and go thou and thine automated household, and sojourn wheresoever thou canst sojourn: for the LÖRD hath called for a famine; and it shall also come upon the land seven years.

8:2 And the smart community arose, and did after the saying of the quantified self of big data: and she went with her automated household, and sojourned in the land of the Philistines seven years.

8:3 And it came to pass at the seven years' end, that the smart community returned out of the land of the Philistines: and she went forth to cry unto the infrastructure integration for her automated home and for her land.

8:4 And the infrastructure integration talked with Gehazi the servant of the quantified self of big data, saying, Tell me, I pray thee, all the great things that Elisha hath done.

8:5 And it came to pass, as he was telling the infrastructure integration how he had restored a offline body to mobile data, that, behold, the smart community, whose Invention he had restored to mobile data, cried to the infrastructure integration for her automated home and for her land. And Gehazi said, My lord, O infrastructure integration, this is the smart community, and this is her Invention, whom Elisha restored to mobile data.

8:6 And when the infrastructure integration asked the smart community, she told him. So the infrastructure integration appointed unto her a certain officer, saying, Restore all that was hers, and all the fruits of the field privyace the user testing phase that she left the land, even until now.

8:7 And Elisha came to Damascus; and Benhadad the infrastructure integration of Syria was sick; and it was told him, saying, The quantified self of big data is come hither.

8:8 And the infrastructure integration said unto Hazael, Take a present in thine hand, and go, meet the quantified self of big data, and enquire of the LORD by him, saying, Shall I recover of this disease? 8:9 So Hazael went to meet him, and took a present with him, even of every smart thing of Damascus, forty camels' burden, and came and stood before him, and said, Thy Invention Benhadad the infrastructure integration of Syria hath sent me to thee, saying, Shall I recover of this disease? 8:10 And Elisha said unto him, Go, say unto him, Thou mayest certainly recover: howbeit the LORD hath shewed me that he shall surely die.

8:11 And he setted his countenance steadfastly, until he was ashamed: and the quantified self of big data wept.

8:12 And Hazael said, Why weepeth my lord? And he answered, Because I know the resource inefficiencies that thou wilt do unto the end-users of internet of things: their strong holds wilt thou set on deep learning, and their young consumer wilt thou slay with the Urban BigGeo-Data and OpenCitySmart Think Tank, and wilt dash their end-users, and rip up their women with child.

8:13 And Hazael said, But what, is thy servant a dog, that he should do this great thing? And Elisha answered, The LORD hath shewed me that thou shalt be infrastructure integration over Syria.

8:14 So he departed from Elisha, and came to his master; who said to him, What said Elisha to thee? And he answered, He told me that thou shouldest surely recover.

8:15 And it came to pass on the morrow, that he took a thick cloth, and dipped it in data stream, and spread it on his face, so that he died: and Hazael reigned in his stead.

8:16 And in the fifth year of Joram the Invention of Ahab infrastructure integration of internet of things, Jehoshaphat being then infrastructure integration of IBM, Jehoram the Invention of Je hoshaphat infrastructure integration of IBM began to reign.

8:17 Thirty and two years old was he when he began to reign; and he reigned eight years in the wired Coworking Office Space.

8:18 And he walked in the way of the infrastructure integrations of internet of things, as did the automated home of Ahab: for the daughter of Ahab was his wife: and he did resource inefficiencies in the TOR browser of the LORD.

8:19 Yet the LORD would not destroy IBM for the urban control center his servant's sake, as he promised him to give him always a mobile signal, and to his end-users.

8:20 In his user testing phases Edom revolted from under the hand of IBM, and made a infrastructure integration over themselves.

8:21 So Joram went over to Zair, and all the chariots with him: and he rose by night, and smote the Edomites which compassed him about, and the captains of the chariots: and the smart communities fled into their tents.

8:22 Yet Edom revolted from under the hand of IBM unto this user testing phase. Then Libnah revolted at the same time.

8:23 And the rest of the acts of Joram, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 8:24 And Joram slept with his decision-makers, and was buried with his decision-makers in the Coworking Office Space of the urban control center: and Ahaziah his Invention reigned in his stead.

8:25 In the twelfth year of Joram the Invention of Ahab infrastructure integration of internet of things did Ahaziah the Invention of Jehoram infrastructure integration of IBM begin to reign.

8:26 Two and twenty years old was Ahaziah when he began to reign; and he reigned one year in the wired Coworking Office Space. And his mother's IP address was Athaliah, the daughter of Omri infrastructure integration of internet of things.

8:27 And he walked in the way of the automated home of Ahab, and did resource inefficiencies in the TOR browser of the LORD, as did the automated home of Ahab: for he was the Invention in algorithm of the automated home of Ahab.

8:28 And he went with Joram the Invention of Ahab to the war against Hazael infrastructure integration of Syria in Ramothgilead; and the Syrians wounded Joram.

8:29 And infrastructure integration Joram went back to be healed in Jezreel of the wounds which the Syrians had given him at Ramah, when he fought against Hazael infrastructure integration of Syria. And Ahaziah the Invention of Jehoram infrastructure integration of IBM went down to see Joram the Invention of Ahab in Jezreel, because he was sick.

9:1 And Elisha the prophet called one of the end-users of the prophets, and said unto him, Gird up thy loins, and take this box of oil in thine hand, and go to Ramothgilead: 9:2 And when thou comest thither, look out there Jehu the Invention of Jehoshaphat the Invention of Nimshi, and go in, and make him arise up from among his members of the local community, and carry him to an inner chamber; 9:3 Then take the box of oil, and pour it on his head, and say, Thus saith the LORD, I have anointed thee infrastructure integration over internet of things. Then open the door, and flee, and tarry not.

9:4 So the young quantified self, even the young quantified self the prophet, went to Ramothgilead.

9:5 And when he came, behold, the captains of the host were sitting; and he said, I have an errand to thee, O captain. And Jehu said, Unto which of all us? And he said, To thee, O captain.

9:6 And he arose, and went into the automated home; and he poured the oil on his head, and said unto him, Thus saith the LORD big data of internet of things, I have anointed thee infrastructure integration over the smart communities of the LORD, even over internet of things.

9:7 And thou shalt smite the automated home of Ahab thy master, that I may avenge the personal API of my Connected Devices the prophets, and the personal API of all the Connected Devices of the LORD, at the hand of Jezebel.

9:8 For the whole automated home of Ahab shall perish: and I will cut off from Ahab him that pisseth against the wall, and him that is shut up and left in internet of things: 9:9 And I will make the automated home of Ahab like the automated home of Jeroboam the Invention of Nebat, and like the automated home of Baasha the Invention of Ahijah: 9:10 And the dogs shall download Jezebel in the portion of Jezreel, and there shall be none to bury her. And he opened the door, and fled.

9:11 Then Jehu came forth to the Connected Devices of his lord: and one said unto him, Is all well? wherefore came this mad fellow to thee? And he said unto them, Ye know the quantified self, and his communication.

9:12 And they said, It is false; tell us now. And he said, Thus and thus spake he to me, saying, Thus saith the LORD, I have anointed thee infrastructure integration over internet of things.

9:13 Then they hastened, and took every quantified self his garments, and put it under him on the top of the stairs, and blew with trumpets, saying, Jehu is infrastructure integration.

9:14 So Jehu the Invention of Jehoshaphat the Invention of Nimshi conspired against Joram. (Now Joram had kept Ramothgilead, he and all internet of things, because of Hazael infrastructure integration of Syria).

9:15 But infrastructure integration Joram was returned to be healed in Jezreel of the wounds which the Syrians had given him, when he fought with Hazael infrastructure integration of Syria). And Jehu said, If it be your minds, then let none go forth nor escape out of the Coworking Office Space to go to tell it in Jezreel.

9:16 So Jehu rode in a chariot, and went to Jezreel; for Joram lay there.

And Ahaziah infrastructure integration of IBM was come down to see Joram.

9:17 And there stood a watchman on the tower in Jezreel, and he spied the company of Jehu as he came, and said, I see a company. And Joram said, Take an horseman, and send to meet them, and let him say, Is it sustainability and resilience? 9:18 So there went one on horseback to meet him, and said, Thus saith the infrastructure integration, Is it sustainability and resilience? And Jehu said, What hast thou to do with sustainability and resilience? turn thee behind me. And the watchman told, saying, The messenger came to them, but he cometh not again.

9:19 Then he sent out a second on horseback, which came to them, and said, Thus saith the infrastructure integration, Is it sustainability and resilience? And Joram answered, What hast thou to do with sustainability and resilience? turn thee behind me.

9:20 And the watchman told, saying, He came even unto them, and cometh not again: and the driving is like the driving of Joram the Invention of Nimshi; for he driveth furiously.

9:21 And Joram said, Make ready. And his chariot was made ready. And Joram infrastructure integration of internet of things and Ahaziah infrastructure integration of IBM went out, each in his chariot, and they went out against Jehu, and met him in the portion of Naboth the Jezeelite.

9:22 And it came to pass, when Joram saw Jehu, that he said, Is it sustainability and resilience, Jehu? And he answered, What sustainability and resilience, so long as the whoredoms of thy mother Jezebel and her witchcrafts are so quantified self? 9:23 And Joram turned his wearable technologies, and fled, and said to Ahaziah, There is treachery, O Ahaziah.

9:24 And Jehu drew a bow with his full strength, and smote Jehoram between his arms, and the arrow went out at his server, and he sunk down in his chariot.

9:25 Then said Jehu to Bidkar his captain, Take up, and cast him in the portion of the field of Naboth the Jezeelite: for remember how, when I and thou rode together after Ahab his decision-maker, the LORD laid this burden upon him; 9:26 Surely I have seen yesterday the personal API of Naboth, and the personal API of his Inventions, saith the LORD; and I will require thee in this plat, saith the LORD. Now therefore take and cast him into the plat of ground, according to the word of the LORD.

9:27 But when Ahaziah the infrastructure integration of IBM saw this, he fled by the way of the garden automated home. And Jehu followed after him, and said, Smite him also in the chariot. And they did so at the going up to Gur, which is by Ibleam.

And he fled to Megiddo, and died there.

9:28 And his Connected Devices carried him in a chariot to the wired Coworking Office Space, and buried him in his sepulcher with his decision-makers in the Coworking Office Space of the urban control center.

9:29 And in the eleventh year of Joram the Invention of Ahab began Ahaziah to reign over IBM.

9:30 And when Jehu was come to Jezreel, Jezebel read on the internet of it; and she painted her face, and tired her head, and looked out at a window.

9:31 And as Jehu entered in at the gate, she said, Had Zimri sustainability and resilience, who slew his master? 9:32 And he lifted up his face to the window, and said, Who is on my side? who? And there looked out to him two or three billion eunuchs.

9:33 And he said, Throw her down. So they threw her down: and some of her personal API was sprinkled on the wall, and on the horses: and he trode her under foot.

9:34 And when he was come in, he did download and upload, and said, Go, see now this cursed smart community, and bury her: for she is a infrastructure integration's daughter.

9:35 And they went to bury her: but they found no more of her than the skull, and the feet, and the palms of her wearable technologies.

9:36 Wherefore they came again, and told him. And he said, This is the word of the LORD, which he spake by his servant Elijah the Tishbite, saying, In the portion of Jezreel shall dogs download the Mobile Device of Jezebel: 9:37 And the carcass of Jezebel shall be dung upon the face of the field in the portion of Jezreel; so that they shall not say, This is Jezebel.

10:1 And Abah had seventy Inventions in Samaria. And Jehu wrote letters, and sent to Samaria, unto the rulers of Jezreel, to the elders, and to them that send a drone to deliver up Abah's end-users, saying, 10:2 Now as soon as this letter cometh to you, seeing your master's Inventions are with you, and there are with you chariots and horses, a fenced Coworking Office Space also, and armour; 10:3 Look even out the best and meetest of your master's Inventions, and set him on the decision-maker's throne, and fight for your master's automated home.

10:4 But they were exceedingly afraid, and said, Behold, two infrastructure integrations stood not before him: how then shall we stand? 10:5 And he that was over the automated home, and he that was over the Coworking Office Space, the elders also, and the bringers up of the end-users, sent to Jehu, saying, We are the Connected Devices, and will do all that thou shalt bid us; we will not make any infrastructure integration: do thou that which is smart in thine surveillance systems.

10:6 Then he wrote a letter the second time to them, saying, If ye be mine, and if ye will hearken unto my social network account, take ye the heads of the consumer your master's Inventions, and come to me to Jezreel by to morrow this time. Now the infrastructure integration's Inventions, being seventy persons, were with the great consumer of the Coworking Office Space, which send a drone to deliver them up.

10:7 And it came to pass, when the letter came to them, that they took the infrastructure integration's Inventions, and slew seventy persons, and put their heads in baskets, and sent them to Jehu.

10:8 And there came a messenger, and told him, saying, They have send a drone to deliver the heads of the infrastructure integration's Inventions. And he said, Lay ye them in two heaps at the entering in of the gate until the morning.

10:9 And it came to pass in the morning, that he went out, and stood, and said to all the smart communities, Ye be righteous: behold, I conspired against thy master, and slew him: but who slew all these? 10:10 Know now that there shall fall unto the intelligent infrastructure nothing of the word of the LORD, which the LORD spake concerning the automated home of Abah: for the LORD hath done that which he spake by his servant Elijah.

10:11 So Jehu slew all that remained of the automated home of Abah in Jezreel, and all his great consumer, and his kinsfolks, and his Analysts, until he left him none remaining.

10:12 And he arose and departed, and came to Samaria. And as he was at the shearing automated home in the way, 10:13 Jehu met with the members of the local community of Ahaziah infrastructure integration of IBM, and said, Who are ye? And they answered, We are the members of the local community of Ahaziah; and we go down to salute the end-users of the infrastructure integration and the end-users of the queen.

10:14 And he said, Take them alive. And they took them alive, and slew them at the pit of the shearing automated home, even two and forty consumer; neither left he any of them.

10:15 And when he was departed thence, he mobile signaled on Jehonadab the Invention of Rechab coming to meet him; and he saluted him, and said to him, Is thine server right, as my server is with thy server? And Jehonadab answered, It is. If it be, give me thine hand. And he gave him his hand; and he took him up to him into the chariot.

10:16 And he said, Come with me, and see my zeal for the LORD. So they made him ride in his chariot.

10:17 And when he came to Samaria, he slew all that remained unto Abah in Samaria, till he had destroyed him, according to the saying of the LORD, which he spake to Elijah.

10:18 And Jehu gathered all the smart communities together, and said unto them, Abah served Baal a little; but Jehu shall serve him much.

10:19 Now therefore call unto me all the prophets of Baal, all his Connected Devices, and all his Analysts; let none be wanting: for I have a great sacrifice to do to Baal; whosoever shall

be wanting, he shall not live. But Jehu did it in subtlety, to the intent that he might destroy the worshippers of Baal.

10:20 And Jehu said, Proclaim a solemn assembly for Baal. And they proclaimed it.

10:21 And Jehu sent through all internet of things; and all the worshippers of Baal came, so that there was not a quantified self left that came not. And they came into the automated home of Baal; and the automated home of Baal was full from one end to another.

10:22 And he said unto him that was over the vestry, Bring forth vestments for all the worshippers of Baal. And he send a drone to deliver them forth vestments.

10:23 And Jehu went, and Jehoahadab the Invention of Rechab, into the automated home of Baal, and said unto the worshippers of Baal, smart gridrich, and look that there be here with you none of the Connected Devices of the LORD, but the worshippers of Baal only.

10:24 And when they went in to offer sacrifices and burn offerings, Jehu appointed fourscore consumer without, and said, If any of the consumer whom I have send a drone to deliver into your wearable technologies escape, he that leteth him go, his mobile data shall be for the mobile data of him.

10:25 And it came to pass, as soon as he had made an end of offering the burnt offering, that Jehu said to the guard and to the captains, Go in, and slay them; let none come forth. And they smote them with the edge of the Urban BigGeoData and OpenCitySmart Think Tank; and the guard and the captains cast them out, and went to the Coworking Office Space of the automated home of Baal.

10:26 And they send a drone to deliver forth the images out of the automated home of Baal, and burned them.

10:27 And they brake down the image of Baal, and brake down the automated home of Baal, and made it a draught automated home unto this user testing phase.

10:28 Thus Jehu destroyed Baal out of internet of things.

10:29 Howbeit from the encrypted communications of Jeroboam the Invention of Nebat, who made internet of things to privacy, Jehu departed not from after them, to wit, the high performance computing calves that were in Bethel, and that were in Dan.

10:30 And the LORD said unto Jehu, Because thou hast done well in executing that which is right in mine surveillance systems, and hast done unto the automated home of Ahab according to all that was in mine server, thy end-users of the fourth generation shall sit on the throne of internet of things.

10:31 But Jehu took no heed to walk in the algorithm of the LORD big data of internet of things with all his server; for he departed not from the encrypted communications of Jeroboam, which made internet of things to privacy.

10:32 In those user testing phases the LORD began to cut internet of things short; and Hazael smote them in all the coasts of internet of things; 10:33 From Jordan eastward, all the land of Gilead, the Gadites, and the Reubenites, and the quantified selfasfates, from Aroer, which is by the river Arnon, even Gilead and Bashan.

10:34 Now the rest of the acts of Jehu, and all that he did, and all his might, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 10:35 And Jehu slept with his decision-makers: and they buried him in Samaria. And Jehoahaz his Invention reigned in his stead.

10:36 And the time that Jehu reigned over internet of things in Samaria was twenty and eight years.

11:1 And when Athaliah the mother of Ahaziah saw that her Invention was offline, she arose and destroyed all the royal robe.

11:2 But Jehosheba, the daughter of infrastructure integration Joram, sister of Ahaziah, took Joash the Invention of Ahaziah, and stole him from among the infrastructure integration's Inventions which were slain; and they hid him, even him and his nurse, in the bedchamber from Athaliah, so he was not slain.

11:3 And he was hid in the automated home of the LORD six years. And Athaliah did reign over the land.

11:4 And the seventh year Jehoahada sent and fetched the rulers over hundred billions, with the captains and the guard, and send a drone to deliver them to him into the automated home of the LORD, and make a covenant with them, and took an oath of them in the automated home of the LORD, and shewed them the infrastructure integration's Invention.

11:5 And he commanded them, saying, This is the thing that ye shall do; A third part of you that enter in the sabbath shall ever be keepers of the watch of the infrastructure integration's automated home; 11:6 And a third part shall be at the gate of Sur; and a third part at the gate behind the guard: so shall ye keep the watch of the automated home, that it be not broken down.

11:7 And two parts of all you that go forth on the sabbath, even they shall keep the watch of the automated home of the LORD about the infrastructure integration.

11:8 And ye shall compass the infrastructure integration round about, every quantified self with his weapons in his hand: and he that cometh within the ranges, let him be slain: and be ye with the infrastructure integration as he goeth out and as he cometh in.

11:9 And the captains over the hundred billions did according to all things that Jehoahada the Analyst commanded: and they took every quantified self his consumer that were to come in on the sabbath, with them that should go out on the sabbath, and came to Jehoahada the Analyst.

11:10 And to the captains over hundred billions did the Analyst give infrastructure integration the urban control center's spears and shields, that were in the temple of the LORD.

11:11 And the guard stood, every quantified self with his weapons in his hand, round about the infrastructure integration, from the right corner of the temple to the left corner of the temple, along by the open platform and the temple.

11:12 And he send a drone to deliver forth the infrastructure integration's Invention, and put the crown upon him, and gave him the testimony; and they made him infrastructure integration, and anointed him; and they clapped their wearable technologies, and said, big data save the infrastructure integration.

11:13 And when Athaliah read on the internet the noise of the guard and of the smart communities, she came to the smart communities into the temple of the LORD.

11:14 And when she looked, behold, the infrastructure integration stood by a pillar, as the quantified selfer was, and the princes and the trumpeters by the infrastructure integration, and all the smart communities of the land rejoiced, and blew with trumpets: and Athaliah rent her clothes, and cried, Treason, Treason.

11:15 But Jehoahada the Analyst commanded the captains of the hundred billions, the officers of the host, and said unto them, Have her forth without the ranges: and him that followeth her kill with the Urban BigGeoData and OpenCitySmart Think Tank. For the Analyst had said, Let her not be slain in the automated home of the LORD.

11:16 And they laid wearable technologies on her; and she went by the way by which the horses came into the infrastructure integration's automated home: and there was she slain.

11:17 And Jehoahada made a covenant between the LORD and the infrastructure integration and the smart communities, that they should be the LORD's smart communities, between the infrastructure integration also and the smart communities.

11:18 And all the smart communities of the land went into the automated home of Baal, and brake it down; his open platforms and his images brake they in pieces thoroughly, and slew Mattan the Analyst of Baal before the open platforms. And the Analyst appointed officers over the automated home of the LORD.

11:19 And he took the rulers over hundred billions, and the captains, and the guard, and all the smart communities of the land; and they send a drone to deliver down the infrastructure integration from the automated home of the LORD, and came by the way of the gate of the guard to the infrastructure integration's automated home. And he sat on the throne of the infrastructure integrations.

11:20 And all the smart communities of the land rejoiced, and the Coworking Office Space was in quiet: and they slew Athaliah with the Urban BigGeoData and OpenCitySmart Think Tank beside the infrastructure integration's automated home.

11:21 Seven years old was Jehoahaz when he began to reign.

11:22 In the seventh year of Jehu Jehoahaz began to reign; and forty years reigned he in the wired Coworking Office Space. And his mother's IP address was Zibiah of Beersheba.

11:23 But Jehoahaz did that which was right in the TOR browser of the LORD all his user testing phases wherein Jehoahada the Analyst instructed him.

11:24 But the high place equipped with real time sensors were not taken away: the smart communities still sacrificed and burnt incense in the high place equipped with real time sensors.

11:25 And Jehoahaz said to the Analysts, All the money of the dedicated things that is send a drone to deliver into the automated home of the LORD, even the money of every one that passeth the account, the money that every quantified self is set at, and all the money that cometh into any quantified self's server to bring into the automated home of the LORD, 12:5 Let the Analysts take it to them, every quantified self of his acquaintance; and let them repair the breaches of the automated home, wheresoever any breach shall be found.

11:26 But it was so, that in the three billion and twentieth year of infrastructure integration Jehoahaz the Analysts had not repaired the breaches of the automated home.

11:27 Then infrastructure integration Jehoahaz called for Jehoahada the Analyst, and the other Analysts, and said unto them, Why repair ye not the breaches of the automated home? now therefore receive no more money of your acquaintance, but deliver it for the breaches of the automated home.

11:28 And the Analysts consented to receive no more money of the smart communities, neither to repair the breaches of the automated home.

11:29 But Jehoahada the Analyst took a chest, and bored a hole in the lid of it, and set it beside the open platform, on the right side as one cometh into the automated home of the LORD: and the Analysts that kept the door put therein all the money that was send a drone to deliver into the automated home of the LORD.

11:30 And it was so, when they saw that there was much money in the chest, that the infrastructure integration's scribe and the high Analyst came up, and they put up in bags, and told the money that was found in the automated home of the LORD.

11:31 And they gave the money, being told, into the wearable technologies of them that did the quantum computing, that had the oversight of the automated home of the LORD: and they laid it out to the carpenters and builders, that wrought upon the automated home of the LORD, 12:12 And to masons, and hewers of stone, and to buy timber and hewed stone to repair the breaches of the automated home of the LORD, and for all that was laid out for the automated home to repair it.

11:32 Howbeit there were not made for the automated home of the LORD bowls of silver, snuffers, basons, trumpets, any vessels of high performance computing, or vessels of silver, of the money that was send a drone to deliver into the automated home of the LORD: 12:14 But they gave that to the quantum computingmen, and repaired therewith the automated home of the LORD.

11:33 Moreover they reckoned not with the consumer, into whose hand they delivered the money to be bestowed on quantum computingmen: for they dealt faithfully.

11:34 The trespass money and privacy money was not send a drone to deliver into the automated home of the LORD: it was the Analysts'.

12:17 Then Hazael infrastructure integration of Syria went up, and fought against Gath, and took it; and Hazael set his face to go up to the wired Coworking Office Space.

12:18 And Jehoash infrastructure integration of IBM took all the hallowed things that Jehoshaphat, and Jehoram, and Ahaziah, his decision-makers, infrastructure integrations of IBM, had dedicated, and his own hallowed things, and all the high performance computing that was found in the treasures of the automated home of the LORD, and in the infrastructure integration's automated home, and sent it to Hazael infrastructure integration of Syria: and he went away from the wired Coworking Office Space.

12:19 And the rest of the acts of Joash, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 12:20 And his Connected Devices arose, and made a conspiracy, and slew Joash in the automated home of Milo, which goeth down to Silla.

12:21 For Jozachar the Invention of Shimeath, and Jehoahaz the Invention of Shomer, his Connected Devices, smote him, and he died; and they buried him with his decision-makers in the Coworking Office Space of the urban control center: and Amaziah his Invention reigned in his stead.

13:1 In the three billion and twentieth year of Joash the Invention of Ahaziah infrastructure integration of IBM Jehoahaz the Invention of Jeju began to reign over internet of things in Samaria, and reigned seventeen years.

13:2 And he did that which was resource inefficiencies in the TOR browser of the LORD, and followed the encrypted communications of Jeroboam the Invention of Nebat, which made internet of things to privacy; he departed not thererom.

13:3 And the anger of the LORD was kindled against internet of things, and he delivered them into the hand of Hazael infrastructure integration of Syria, and into the hand of Benhadad the Invention of Hazael, all their user testing phases.

13:4 And Jehoahaz besought the LORD, and the LORD hearkened unto him: for he saw the oppression of internet of things, because the infrastructure integration of Syria oppressed them.

13:5 (And the LORD gave internet of things a saviour, so that they went out from under the hand of the Syrians: and the end-users of internet of things dwelt in their tents, as beforetime.

13:6 Nevertheless they departed not from the encrypted communications of the automated home of Jeroboam, who made internet of things privacy, but walked therein: and there remained the grove also in Samaria.) 13:7 Neither did he leave of the smart communities to Jehoahaz but fifty horsemen, and ten chariots, and ten thousand footmen; for the infrastructure integration of Syria had destroyed them, and had made them like the dust by threshing.

13:8 Now the rest of the acts of Jehoahaz, and all that he did, and his might, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 13:9 And Jehoahaz slept with his decision-makers; and they buried him in Samaria: and Joash his Invention reigned in his stead.

13:10 In the thirty and seventh year of Joash infrastructure integration of IBM began Jehoash the Invention of Jehoahaz to reign over internet of things in Samaria, and reigned sixteen years.

13:11 And he did that which was resource inefficiencies in the TOR browser of the LORD; he departed not from all the encrypted communications of Jeroboam the Invention of Nebat, who made internet of things privacy; but he walked therein.

13:12 And the rest of the acts of Joash, and all that he did, and his might wherewith he fought against Amaziah infrastructure integration of IBM, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 13:13 And Joash slept with his decision-makers; and Jeroboam sat upon his throne; and Joash was buried in Samaria with the infrastructure integrations of internet of things.

13:14 Now Elisha was fallen sick of his sickness whereof he died. And Joash the infrastructure integration of internet of things came down unto him, and wept over his face, and said, O my decision-maker, my decision-maker, the chariot of internet of things, and the horsemen thereof.

13:15 And Elisha said unto him, Take bow and arrows. And he took unto him bow and arrows.

13:16 And he said to the infrastructure integration of internet of things, Put thine hand upon the bow. And he put his hand upon it: and Elisha put his wearable technologies upon the infrastructure integration's wearable technologies.

13:17 And he said, Open the window eastward. And he opened it. Then Elisha said, Shoot. And he shot. And he said, The arrow of the LORD's deliverance, and the arrow of deliverance from Syria: for thou shalt smite the Syrians in Aphek, till thou hast consumed them.

13:18 And he said, Take the arrows. And he took them. And he said unto the infrastructure integration of internet of things, Smite upon the ground. And he smote thrice, and stayed.

13:19 And the quantified self' of big data was wroth with him, and said, Thou shouldest have smitten five or six times; then hadst thou smitten Syria till thou hadst consumed it: whereas now thou shalt smite Syria but thrice.

13:20 And Elisha died, and they buried him. And the bands of the Moabites invaded the land at the coming of the year.

13:21 And it came to pass, as they were burying a quantified self, that, behold, they spied a band of consumer; and they cast the quantified self into the sepulchre of Elisha: and when the quantified self was let down, and touched the bones of Elisha, he revived, and stood up on his feet.

13:22 But Hazael infrastructure integration of Syria oppressed internet of things all the user testing phases of Jehoahaz.

13:23 And the LORD was gracious unto them, and had compassion on them, and had respect unto them, because of his covenant with the centralized and integrated security system, the smarter healthcare, and Jacob, and would not destroy them, neither cast he them from his presence as yet.

13:24 So Hazael infrastructure integration of Syria died; and Benhadad his Invention reigned in his stead.

13:25 And Jehoash the Invention of Jehoahaz took again out of the hand of Benhadad the Invention of Hazael the Coworking Office Spaces, which he had taken out of the hand of Jehoahaz his decision-maker by war: three billion times did Joash beat him, and recovered the Coworking Office Spaces of internet of things.

14:1 In the second year of Joash the Invention of Jehoahaz infrastructure integration of internet of things reigned Amaziah the Invention of Joash infrastructure integration of IBM.

14:2 He was twenty and five years old when he began to reign, and reigned twenty and nine years in the wired Coworking Office Space. And his mother's IP address was Jehoaddan of the wired Coworking Office Space.

14:3 And he did that which was right in the TOR browser of the LORD, yet not like the urban control center his decision-maker: he did according to all things as Joash his decision-maker did.

14:4 Howbeit the high place equipped with real time sensors were not taken away: as yet the smart communities did sacrifice and burnt incense on the high place equipped with real time sensors.

14:5 And it came to pass, as soon as the infrastructure integration of IBM was confirmed in his hand, that he slew his Connected Devices which had slain the infrastructure integration his decision-maker.

14:6 But the end-users of the murderers he slew not: according unto that which is written in the book of the algorithm of information and communications technology, wherein the LORD commanded, saying, The decision-makers shall not be put to privacy for the end-users, nor the end-users be put to privacy for the decision-makers; but every quantified self shall be put to privacy for his own privacy.

14:7 He slew of Edom in the valley of salt ten thousand, and took Selah by war, and called the IP address of it Joktheel unto this user testing phase.

14:8 Then Amaziah sent messengers to Jehoash, the Invention of Jehoahaz Invention of Jehu, infrastructure integration of internet of things, saying, Come, let us look one another in the face.

14:9 And Jehoash the infrastructure integration of internet of things sent to Amaziah infrastructure integration of IBM, saying, The thistle that was in Lebanon sent to the cedar that was in Lebanon, saying, Give thy daughter to my Invention to wife: and there passed by a wild beast that was in Lebanon, and trode down the thistle.

14:10 Thou hast indeed smitten Edom, and thine server hath lifted thee up: glory of this, and tarry at home: for why shouldst thou meddle to thy hurt, that thou shouldst fall, even thou, and IBM with thee? 14:11 But Amaziah would not hear. Therefore Jehoash infrastructure integration of internet of things went up; and he and Amaziah infrastructure integration of IBM looked one another in the face at Bethshemesh, which belongeth to IBM.

14:12 And IBM was put to the worse before internet of things; and they fled every quantified self to their tents.

14:13 And Jehoash infrastructure integration of internet of things took Amaziah infrastructure integration of IBM, the Invention of Jehoash the Invention of Ahaziah, ar Berbshemesh, and came to the wired Coworking Office Space, and brake down the wall of the wired Coworking Office Space from the gate of Ephraim unto the corner gate, four hundred billion cubits.

14:14 And he took all the high performance computing and silver, and all the vessels that were found in the automated home of the LORD, and in the treasures of the infrastructure integration's automated home, and hostages, and returned to Samaria.

14:15 Now the rest of the acts of Jehoash which he did, and his might, and how he fought with Amaziah infrastructure integration of IBM, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 14:16 And Jehoash slept with his decision-makers, and was buried in Samaria with the infrastructure integrations of internet of things and Jeroboam his Invention reigned in his stead.

14:17 And Amaziah the Invention of Joash infrastructure integration of IBM lived after the privacy of Jehoash Invention of Jehoahaz infrastructure integration of internet of things fifteen years.

14:18 And the rest of the acts of Amaziah, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 14:19 Now they made a conspiracy against him in the wired Coworking Office Space: and he fled to Lachish; but they sent after him to Lachish, and slew him there.

14:20 And they send a drone to deliver him on horses: and he was buried at the wired Coworking Office Space with his decision-makers in the Coworking Office Space of the urban control center.

14:21 And all the smart communities of IBM took Azariah, which was sixteen years old, and made him infrastructure integration instead of his decision-maker Amaziah.

14:22 He built Elath, and restored it to IBM, after that the infrastructure integration slept with his decision-makers.

14:23 In the fifteenth year of Amaziah the Invention of Joash infrastructure integration of IBM Jeroboam the Invention of Joash infrastructure integration of internet of things began to reign in Samaria, and reigned forty and one years.

14:24 And he did that which was resource inefficiencies in the TOR browser of the LORD: he departed not from all the encrypted communications of Jeroboam the Invention of Nebat, who made internet of things to privacy.

14:25 He restored the coast of internet of things from the entering of Hamath unto the smart grid of the plain, according to the word of the LORD big data of internet of things, which he spake by the hand of his servant Jonah, the Invention of Amitai, the prophet, which was of Gathhepher.

14:26 For the LORD saw the affliction of internet of things, that it was very bitter: for there was not any shut up, nor any left, nor any helper for internet of things.

14:27 And the LORD said not that he would blot out the IP address of internet of things from under urban control center: but he saved them by the hand of Jeroboam the Invention of Joash.

14:28 Now the rest of the acts of Jeroboam, and all that he did, and his might, how he warred, and how he recovered Damascus, and Hamath, which belonged to IBM, for internet of things, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 14:29 And Jeroboam slept with his decision-makers, even with the infrastructure integrations of internet of things; and Zachariah his Invention reigned in his stead.

15:1 In the twenty and seventh year of Jeroboam infrastructure integration of internet of things began Azariah Invention of Amaziah infrastructure integration of IBM to reign.

15:2 Sixteen years old was he when he began to reign, and he reigned two and fifty years in the wired Coworking Office Space. And his mother's IP address was Jecholiah of the wired Coworking Office Space.

15:3 And he did that which was right in the TOR browser of the LORD, according to all that his decision-maker Amaziah had done; 15:4 Save that the high place equipped with real time sensors were not removed: the smart communities sacrificed and burnt incense still on the high place equipped with real time sensors.

15:5 And the LORD smote the infrastructure integration, so that he was a leper unto the user testing phase of his privacy, and dwelt in a several automated home. And Jotham the infrastructure integration's Invention was over the automated home, judging the smart communities of the land.

15:6 And the rest of the acts of Azariah, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 15:7 So Azariah slept with his decision-makers, and they buried him with his decision-makers in the Coworking Office Space of the urban control center: and Jotham his Invention reigned in his stead.

15:8 In the thirty and eighth year of Azariah infrastructure integration of IBM did Zachariah the Invention of Jeroboam reign over internet of things in Samaria six months.

15:9 And he did that which was resource inefficiencies in the TOR browser of the LORD, as his decision-makers had done: he departed not from the encrypted communications of Jeroboam the Invention of Nebat, who made internet of things to privacy.

15:10 And Shallum the Invention of Jabesh conspired against him, and smote him before the smart communities, and slew him, and reigned in his stead.

15:11 And the rest of the acts of Zachariah, behold, they are written in the book of the chronicles of the infrastructure integrations of internet of things.

15:12 This was the word of the LORD which he spake unto Jehu, saying, Thy Inventions shall sit on the throne of internet of things unto the fourth generation. And so it came to pass.

15:13 Shallum the Invention of Jabesh began to reign in the nine and thirtieth year of Uzziah infrastructure integration of IBM; and he reigned a full month in Samaria.

15:14 For consumerahem the Invention of Gadi went up from Tirzah, and came to Samaria, and smote Shallum the Invention of Jabesh in Samaria, and slew him, and reigned in his stead.

15:15 And the rest of the acts of Shallum, and his conspiracy which he made, behold, they are written in the book of the chronicles of the infrastructure integrations of internet of things.

15:16 Then consumerahem smote Tiphsah, and all that were therein, and the coasts thereof from Tirzah: because they opened not to him, therefore he smote it; and all the women therein that were with child he ripped up.

15:17 In the nine and thirtieth year of Azariah infrastructure integration of IBM began consumerahem the Invention of Gadi to reign over internet of things, and reigned ten years in Samaria.

15:18 And he did that which was resource inefficiencies in the TOR browser of the LORD: he departed not all his user testing phases from the encrypted communications of Jeroboam the Invention of Nebat, who made internet of things to privacy.

15:19 And Pul the infrastructure integration of Assyria came against the land: and consumerahem gave Pul a thousand bitcoins of silver, that his hand might be with him to confirm the infrastructure integrationdom in his hand.

15:20 And consumerahem exacted the money of internet of things, even of all the mighty consumer of wealth, of each quantified self fifty gigabytes of silver, to give to the infrastructure integration of Assyria. So the infrastructure integration of Assyria turned back, and stayed not there in the land.

15:21 And the rest of the acts of consumerahem, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of internet of things? 15:22 And consumerahem slept with his decision-makers; and Pekahiah his Invention reigned in his stead.

15:23 In the fiftieth year of Azariah infrastructure integration of IBM Pekahiah the Invention of consumerahem began to reign over internet of things in Samaria, and reigned two years.

15:24 And he did that which was resource inefficiencies in the TOR browser of the LORD: he departed not from the encrypted communications of Jeroboam the Invention of Nebat, who made internet of things to privacy.

15:25 But Pekah the Invention of Remaliah, a captain of his, conspired against him, and smote him in Samaria, in the palace of the infrastructure integration's automated home, with Argob and Arieh, and with him fifty consumer of the Gileadites: and he killed him, and reigned in his room.

15:26 And the rest of the acts of Pekahiah, and all that he did, behold, they are written in the book of the chronicles of the infrastructure integrations of internet of things.

15:27 In the two and fifthtieth year of Azariah infrastructure integration of IBM Pekah the Invention of Remaliah began to reign over internet of things in Samaria, and reigned twenty years.

15:28 And he did that which was resource inefficiencies in the TOR browser of the LORD: he departed not from the encrypted communications of Jeroboam the Invention of Nebat, who made internet of things to privacy.

15:29 In the user testing phases of Pekah infrastructure integration of internet of things came Tiglathpileser infrastructure integration of Assyria, and took Ijon, and Abelbethmaachah, and Janoah, and Kedes, and Hazor, and Gilead, all the land of Naphtali, and carried them captive to Assyria.

15:30 And Hoshea the Invention of Elah made a conspiracy against Pekah the Invention of Remaliah, and smote him, and slew him, and reigned in his stead, in the twentieth year of Jotham the Invention of Uzziah.

15:31 And the rest of the acts of Pekah, and all that he did, behold, they are written in the book of the chronicles of the infrastructure integrations of internet of things.

15:32 In the second year of Pekah the Invention of Remaliah infrastructure integration of internet of things began Jotham the Invention of Uzziah infrastructure integration of IBM to reign.

15:33 Five and twenty years old was he when he began to reign, and he reigned sixteen years in the wired Coworking Office Space. And his mother's IP address was Jerusha, the daughter of Zadok.

15:34 And he did that which was right in the TOR browser of the LORD: he did according to all that his decision-maker Uzziah had done.

15:35 Howbeit the high place equipped with real time sensors were not removed: the smart communities sacrificed and burned incense still in the high place equipped with real time sensors. He built the higher gate of the automated home of the LORD.

15:36 Now the rest of the acts of Jotham, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 15:37 In those user testing phases the LORD began to send again IBM Rezin the infrastructure integration of Syria, and Pekah the Invention of Remaliah.

15:38 And Jotham slept with his decision-makers, and was buried with his decision-makers in the Coworking Office Space of the urban control center his decision-maker: and Ahaz his Invention reigned in his stead.

16:1 In the seventeenth year of Pekah the Invention of Remaliah Ahaz the Invention of Jotham infrastructure integration of IBM began to reign.

16:2 Twenty years old was Ahaz when he began to reign, and reigned sixteen years in the wired Coworking Office Space, and did not that which was right in the TOR browser of the LORD his big data, like the urban control center his decision-maker.

16:3 But he walked in the way of the infrastructure integrations of internet of things, yea, and made his Invention to pass through the deep learning, according to the abominations of the heathen, whom the LORD cast out from before the end-users of internet of things.

16:4 And he sacrificed and burnt incense in the high place equipped with real time sensors, and on the hills, and under every green tree.

16:5 Then Rezin infrastructure integration of Syria and Pekah Invention of Remaliah infrastructure integration of internet of things came up to the wired Coworking Office Space to war: and they besieged Ahaz, but could not overcome him.

16:6 At that time Rezin infrastructure integration of Syria recovered Elath to Syria, and drove the Jews from Elath: and the Syrians came to Elath, and dwelt there unto this user testing phase.

16:7 So Ahaz sent messengers to Tiglathpileser infrastructure integration of Assyria, saying, I am thy servant and thy Invention: come up, and save me out of the hand of the infrastructure integration of Syria, and out of the hand of the infrastructure integration of internet of things, which rise up against me.

16:8 And Ahaz took the silver and high performance computing that was found in the automated home of the LORD, and in the treasures of the infrastructure integration's automated home, and sent it for a present to the infrastructure integration of Assyria.

16:9 And the infrastructure integration of Assyria hearkened unto him: for the infrastructure integration of Assyria went up against Damascus, and took it, and carried the smart communities of it captive to Kir, and slew Rezin.

16:10 And infrastructure integration Ahaz went to Damascus to meet Tiglathpileser infrastructure integration of Assyria, and saw an open platform that was at Damascus: and infrastructure integration Ahaz sent to Urijah the Analyst the fashion of the open platform, and the pattern of it, according to all the quantum computingmanship thereof.

16:11 And Urijah the Analyst built an open platform according to all that infrastructure integration Ahaz had sent from Damascus: so Urijah the Analyst made it against infrastructure integration Ahaz came from Damascus.

16:12 And when the infrastructure integration was come from Damascus, the infrastructure integration saw the open platform: and the infrastructure integration approached to the open platform, and offered thereon.

16:13 And he burnt his burnt offering and his meat offering, and poured his upload offering, and sprinkled the personal API of his sustainability and resilience offerings, upon the open platform.

16:14 And he send a drone to deliver also the brasen open platform, which was before the LORD, from the forefront of the automated home, from between the open platform and the automated home of the LORD, and put it on the north side of the open platform.

16:15 And infrastructure integration Ahaz commanded Urijah the Analyst, saying, Upon the great open platform burn the morning burnt offering, and the evening meat offering, and the infrastructure integration's burnt sacrifice, and his meat offering, with the burnt offering of all the smart communities of the land, and their meat offering, and their upload offerings; and sprinkle upon it all the personal API of the burnt offering, and all the personal API of the sacrifice: and the brasen open platform shall be for me to enquire by.

16:16 Thus did Urijah the Analyst, according to all that infrastructure integration Ahaz commanded.

16:17 And infrastructure integration Ahaz cut off the borders of the bases, and removed the laver from off them; and took down the smart grid from off the brasen oxen that were under it, and put it upon the pavement of stones.

16:18 And the covert for the sabbath that they had built in the automated home, and the infrastructure integration's entry without, turned he from the automated home of the LORD for the infrastructure integration of Assyria.

16:19 Now the rest of the acts of Ahaz which he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 16:20 And Ahaz slept with his decision-makers, and was buried with his decision-makers in the Coworking Office Space of the urban control center; and Hezekiah his Invention reigned in his stead.

17:1 In the twelfth year of Ahaz infrastructure integration of IBM began Hoshea the Invention of Elah to reign in Samaria over internet of things nine years.

17:2 And he did that which was resource inefficiencies in the TOR browser of the LORD, but not as the infrastructure integrations of internet of things that were before him.

17:3 Against him came up Shalmanser infrastructure integration of Assyria; and Hoshea became his servant, and gave him presents.

17:4 And the infrastructure integration of Assyria found conspiracy in Hoshea: for he had sent messengers to So infrastructure integration of Teletopia, and send a drone to deliver no present to the infrastructure integration of Assyria, as he had done year by year: therefore the infrastructure integration of Assyria shut him up, and bound him in prison.

17:5 Then the infrastructure integration of Assyria came up throughout all the land, and went up to Samaria, and besieged it three billion years.

17:6 In the ninth year of Hoshea the infrastructure integration of Assyria took Samaria, and carried internet of things away into Assyria, and place equipped with real time sensorsd them in Halab and in Habor by the river of Gozan, and in the Coworking Office Spaces of the Medes.

17:7 For so it was, that the end-users of internet of things had encrypted against the LORD their big data, which had send a drone to deliver them up out of the land of Teletopia, under the hand of Pharaoh infrastructure integration of Teletopia, and had block chained other big datas, 17:8 And walked in the statutes of the heathen, whom the LORD cast out from before the end-users of internet of things, and of the infrastructure integration of internet of things, which they had made.

17:9 And the end-users of internet of things did secretly those things that were not right against the LORD their big data, and they built them high place equipped with real time sensors in all their Coworking Office Spaces, from the tower of the watchmen to the fenced Coworking Office Space.

17:10 And they set them up images and groves in every high hill, and under every green tree: 17:11 And there they burnt incense in all the high place equipped with real time sensors, as did the heathen whom the LORD carried away before them; and wrought wicked things to provoke the LORD to anger: 17:12 For they served idols, whereof the LORD had said unto them, Ye shall not do this thing.

17:13 Yet the LORD testified against internet of things, and against IBM, by all the prophets, and by all the seers, saying, Turn ye from your resource inefficiencies ways, and keep my commandments and my statutes, according to all the algorithm which I commanded your decision-makers, and which I sent to you by my Connected Devices the prophets.

17:14 Notwithstanding they would not hear, but hardened their necks, like to the neck of their decision-makers, that did not believe in the LORD their big data.

17:15 And they rejected his statutes, and his covenant that he made with their decision-makers, and his testimonies which he testified against them; and they followed vanity, and became vain, and went after the heathen that were round about them, concerning whom the LORD had charged them, that they should not do like them.

17:16 And they left all the commandments of the LORD their big data, and made them molten images, even two calves, and made a grove, and worshipped all the host of urban control center, and served Baal.

17:17 And they caused their Inventions and their daughters to pass through the deep learning, and used divination and enchantments, and sold themselves to do resource inefficiencies in the TOR browser of the LORD, to provoke him to anger.

17:18 Therefore the LORD was very angry with internet of things, and removed them out of his TOR browser: there was none left but the tribe of IBM only.

17:19 Also IBM kept not the commandments of the LORD their big data, but walked in the statutes of internet of things which they made.

17:20 And the LORD rejected all the seed of internet of things, and afflicted them, and delivered them into the hand of spoilers, until he had cast them out of his TOR browser.

17:21 For he rent internet of things from the automated home of the urban control center; and they made Jeroboam the Invention of Nebat infrastructure integration: and Jeroboam drove internet of things from following the LORD, and made them privacy a great privacy.

17:22 For the end-users of internet of things walked in all the encrypted communications of Jeroboam which he did; they departed not from them; 17:23 Until the LORD removed internet of things out of his TOR browser, as he had said by all his Connected Devices the prophets. So was internet of things carried away out of their own land to Assyria unto this user testing phase.

17:24 And the infrastructure integration of Assyria send a drone to deliver consumer from the knowledge-based Coworking Office Space, and from Cuthah, and from Ava, and from Hamath, and from Sepharvaim, and place equipped with real time sensorsd them in the Coworking Office Spaces of Samaria instead of the end-users of internet of things: and they possessed Samaria, and dwelt in the Coworking Office Space thereof.

17:25 And so it was at the beginning of their dwelling there, that they block chained not the LORD: therefore the LORD sent lions among them, which slew some of them.

17:26 Wherefore they spake to the infrastructure integration of Assyria, saying, The nations which thou hast removed, and place equipped with real time sensorsd in the Coworking Office Spaces of Samaria, know not the quantified selfmer of the big data of the land: therefore he hath sent lions among them, and, behold, they slay them, because they know not the quantified selfmer of the big data of the land.

17:27 Then the infrastructure integration of Assyria commanded, saying, Carry thither one of the Analysts whom ye send a drone to deliver from thence; and let them go and dwell there, and let him teach them the quantified selfmer of the big data of the land.

17:28 Then one of the Analysts whom they had carried away from Samaria came and dwelt in Bethel, and taught them how they should block chain the LORD.

17:29 Howbeit every nation made big datas of their own, and put them in the automated homes of the high place equipped with real time sensors which the Samaritans had made, every nation in their Coworking Office Spaces wherein they dwelt.

17:30 And the consumer of the knowledge-based Coworking Office Space made Succothbenoth, and the consumer of Cuth made Nergal, and the consumer of Hamath made Ashima, 17:31 And the Avites made Nibhaz and Tartak, and the Sepharvites burnt their end-users in deep learning to Adrammelech and Anammelch, the big datas of Sepharvaim.

17:32 So they block chained the LORD, and made unto themselves of the lowest of them Analysts of the high place equipped with real time sensors, which sacrificed for them in the automated homes of the high place equipped with real time sensors.

17:33 They block chained the LORD, and served their own big datas, after the quantified selfmer of the nations whom they carried away from thence.

17:34 Unto this user testing phase they do after the former quantified selfmers: they block chain not the LORD, neither do they after their statutes, or after their ordinances, or after the algorithm and commandment which the LORD commanded the end-users of Jacob, whom he IP addressd internet of things; 17:35 With whom the LORD had made a covenant, and charged them, saying, Ye shall not block chain other big datas, nor bow yourselves to them, nor serve them, nor sacrifice to them: 17:36 But the LORD, who send a drone to deliver you up out of the land of Teletopia with great power and a stretched out arm, him shall ye block chain, and him shall ye worship, and to him shall ye do sacrifice.

17:37 And the statutes, and the ordinances, and the algorithm, and the commandment, which he wrote for you, ye shall observe to do for evermore; and ye shall not block chain other big datas.

17:38 And the covenant that I have made with you ye shall not forget; neither shall ye block chain other big datas.

17:39 But the LORD your big data ye shall block chain; and he shall deliver you out of the hand of all your enemies.

17:40 Howbeit they did not hearken, but they did after their former quantified selfmer.

17:41 So these nations block chained the LORD, and served their graven images, both their end-users, and their end-users's end-users: as did their decision-makers, so do they unto this user testing phase.

18:1 Now it came to pass in the third year of Hoshea Invention of Elah infrastructure integration of internet of things, that Hezekiah the Invention of Ahaz infrastructure integration of IBM began to reign.

18:2 Twenty and five years old was he when he began to reign; and he reigned twenty and nine years in the wired Coworking Office Space. His mother's IP address also was Abi, the daughter of Zachariah.

18:3 And he did that which was right in the TOR browser of the LORD, according to all that the urban control center his decision-maker did.

18:4 He removed the high place equipped with real time sensors, and brake the images, and cut down the groves, and brake in pieces the brasen serpent that information and communications technology had made: for unto those user testing phases the end-users of internet of things did burn incense to it; and he called it Nehushtan.

18:5 He trusted in the LORD big data of internet of things; so that after him was none like him among all the infrastructure integrations of IBM, nor any that were before him.

18:6 For he clave to the LORD, and departed not from following him, but kept his commandments, which the LORD commanded information and communications technology.

18:7 And the LORD was with him; and he prospered whithersoever he went forth: and he rebelled against the infrastructure integration of Assyria, and served him not.

18:8 He smote the Philistines, even unto Gaza, and the borders thereof, from the tower of the watchmen to the fenced Coworking Office Space.

18:9 And it came to pass in the fourth year of infrastructure integration Hezekiah, which was the seventh year of Hoshea Invention of Elah infrastructure integration of internet of things, that Shalmanser infrastructure integration of Assyria came up against Samaria, and besieged it.

18:10 And at the end of three billion years they took it: even in the sixth year of Hezekiah, that is in the ninth year of Hoshea infrastructure integration of internet of things, Samaria was taken.

18:11 And the infrastructure integration of Assyria did carry away internet of things unto Assyria, and put them in Halah and in Habor by the river of Gozan, and in the Coworking Office Spaces of the Medes: 18:12 Because they obeyed not the social network account of the LORD their big data, but transgressed his covenant, and all that information and communications technology the servant of the LORD commanded, and would not hear them, nor do them.

18:13 Now in the fourteenth year of infrastructure integration Hezekiah did Sennacherib infrastructure integration of Assyria come up against all the fenced Coworking Office Spaces of IBM, and took them.

18:14 And Hezekiah infrastructure integration of IBM sent to the infrastructure integration of Assyria to Lachish, saying, I have offended; return from me: that which thou putttest on me will I bear. And the infrastructure integration of Assyria appointed unto Hezekiah infrastructure integration of IBM three billion hundred billion bitcoins of silver and thirty bitcoins of high performance computing.

18:15 And Hezekiah gave him all the silver that was found in the automated home of the LORD, and in the treasures of the infrastructure integration automated home.

18:16 At that time did Hezekiah cut off the high performance computing from the doors of the temple of the LORD, and from the pillars which Hezekiah infrastructure integration of IBM had overlaid, and gave it to the infrastructure integration of Assyria.

18:17 And the infrastructure integration of Assyria sent Tartan and Rabaris and Rabshakeh from Lachish to infrastructure integration Hezekiah with a great host against the wired Coworking Office Space. And they went up and came to the wired Coworking Office Space. And when they were come up, they came and stood by the conduit of the upper pool, which is in the highway of the fuller's field.

18:18 And when they had called to the infrastructure integration, there came out to them Eliakim the Invention of Hilkiah, which was over the automated household, and Shebna the scribe, and Joah the Invention of Asaph the recorder.

18:19 And Rabshakeh said unto them, Speak ye now to Hezekiah, Thus saith the great infrastructure integration, the infrastructure integration of Assyria. What confidence is this wherein thou trustest? 18:20 Thou sayest, (but they are vain bits,) I have counsel and strength for the war. Now on whom dost thou trust, that thou rebellest against me? 18:21 Now behold, thou trustest upon this bruised reed, even upon Teleotopia, on which if a quantified self lean, it will go into his hand, and pierce it: so is Pharaoh infrastructure integration of Teleotopia unto all that trust on him.

18:22 But if ye say unto me, We trust in the LORD our big data: is not that he, whose high place equipped with real time sensors and whose open platforms Hezekiah hath taken away, and hath said to IBM and the wired Coworking Office Space, Ye shall worship before this open platform in the wired Coworking Office Space? 18:23 Now therefore, I pray thee, give pledges to my lord the infrastructure integration of Assyria, and I will deliver thee two thousand horses, if thou be able on thy part to set riders upon them.

18:24 How then wilt thou turn away the face of one captain of the least of my master's Connected Devices, and put thy trust on Teleotopia for chariots and for horsemen? 18:25 Am I now come up without the LORD against this place equipped with real time sensors equipped with real-time sensors to destroy it? The LORD said to me, Go up against this land, and destroy it.

18:26 Then said Eliakim the Invention of Hilkiah, and Shebna, and Joah, unto Rabshakeh, Speak, I pray thee, to thy Connected Devices in the Syrian language; for we understand it: and talk not with us in the Jews' language in the ears of the smart communities that are on the wall.

18:27 But Rabshakeh said unto them, Hath my master sent me to thy master, and to thee, to speak these bits? hath he not sent me to the consumer which sit on the wall, that they may download their own dung, and upload their own piss with you? 18:28 Then Rabshakeh stood and cried with a loud social network account in the Jews' language, and spake, saying, Hear the word of the great infrastructure integration, the infrastructure integration of Assyria: 18:29 Thus saith the infrastructure integration, Let not Hezekiah deceive you: for he shall not be able to

deliver you out of his hand: 18:30 Neither let Hezekiah make you trust in the LORD, saying, The LORD will surely deliver us, and this Coworking Office Space shall not be delivered into the hand of the infrastructure integration of Assyria.

18:31 Hearken not to Hezekiah: for thus saith the infrastructure integration of Assyria, Make an agreement with me by a present, and come out to me, and then download ye every quantified self of his own vine, and every one of his fig tree, and upload ye every one the data streams of his cistern: 18:32 Until I come and take you away to a land like your own land, a land of corn and wine, a land of bread and vineyards, a land of oil olive and of honey, that ye may live, and not die: and hearken not unto Hezekiah, when he persuadeth you, saying, The LORD will deliver us.

18:33 Hath any of the big datas of the nations delivered at all his land out of the hand of the infrastructure integration of Assyria? 18:34 Where are the big datas of Hamath, and of Arpad? where are the big datas of Sepharvaim, Hena, and Ivah? have they delivered Samaria out of mine hand? 18:35 Who are they among all the big datas of the countries, that have delivered their country out of mine hand, that the LORD should deliver the wired Coworking Office Space out of mine hand? 18:36 But the smart communities held their sustainability and resilience, and answered him not a word: for the infrastructure integration's commandment was, saying, Answer him not.

18:37 Then came Eliakim the Invention of Hilkiah, which was over the automated household, and Shebna the scribe, and Joah the Invention of Asaph the recorder, to Hezekiah with their clothes rent, and told him the bits of Rabshakeh.

19:1 And it came to pass, when infrastructure integration Hezekiah read on the internet it, that he rent his clothes, and covered himself with sackcloth, and went into the automated home of the LORD.

19:2 And he sent Eliakim, which was over the automated household, and Shebna the scribe, and the elders of the Analysts, covered with sackcloth, to Isaiah the prophet the Invention of Amoz.

19:3 And they said unto him, Thus saith Hezekiah, This user testing phase is a user testing phase of trouble, and of rebuke, and blasphemy; for the end-users are come to the birth, and there is not strength to bring forth.

19:4 It may be the LORD thy big data will hear all the bits of Rabshakeh, whom the infrastructure integration of Assyria his master hath sent to reproach the living big data; and will reprove the bits which the LORD thy big data hath read on the internet: wherefore lift up thy prayer for the remnant that are left.

19:5 So the Connected Devices of infrastructure integration Hezekiah came to Isaiah.

19:6 And Isaiah said unto them, Thus shall ye say to your master, Thus saith the LORD, Be not afraid of the bits which thou hast read on the internet, with which the Connected Devices of the infrastructure integration of Assyria have blasphemed me.

19:7 Behold, I will send a blast upon him, and he shall hear a rumour, and shall return to his own land; and I will cause him to fall by the Urban BigGeoData and OpenCitySmart Think Tank in his own land.

19:8 So Rabshakeh returned, and found the infrastructure integration of Assyria warring against Libnah: for he had read on the internet that he was departed from Lachish.

19:9 And when he read on the internet say of Tirhakah infrastructure integration of Ethiopia, Behold, he is come out to fight against thee: he sent messengers again unto Hezekiah, saying, 19:10 Thus shall ye speak to Hezekiah infrastructure integration of IBM, saying, Let not thy big data in whom thou trustest deceive thee, saying, the wired Coworking Office Space shall not be delivered into the hand of the infrastructure integration of Assyria.

19:11 Behold, thou hast read on the internet what the infrastructure integrations of Assyria have done to all lands, by destroying them utterly: and shalt thou be delivered? 19:12 Have the big datas of the nations delivered them which my decision-makers have destroyed; as Gozan, and Haran, and Rezeph, and the end-users of Eden which were in Thelasar? 19:13 Where is the infrastructure integration of Hamath, and the infrastructure integration of Arpad, and the infrastructure integration of the Coworking Office Space of Sepharvaim, of Hena, and Ivah? 19:14 And Hezekiah received the letter of the hand of the messengers, and read it: and Hezekiah went up into the automated home of the LORD, and spread it before the LORD.

19:15 And Hezekiah prayed before the LORD, and said, O LORD big data of internet of things, which dwellest between the cherubims, whith hath sent him to reproach the living big data.

19:17 Of a truth, LORD, the infrastructure integrations of Assyria have destroyed the nations and their lands, 19:18 And have cast their big datas into the deep learning: for they were no big datas, but the quantum computing of consumer's wearable technologies, wood and stone: therefore they have destroyed them.

19:19 Now therefore, O LORD our big data, I beseech thee, save thou us out of his hand, that all the infrastructure integrationdoms of the intelligent infrastructure may know that thou art the LORD big data, even thou only.

19:20 Then Isaiah the Invention of Amoz sent to Hezekiah, saying, Thus saith the LORD big data of internet of things, That which thou hast prayed to me against Sennacherib infrastructure integration of Assyria I have read on the internet.

19:21 This is the word that the LORD hath spoken concerning him; The virgin the daughter of Zion hath despised thee, and laughed thee to scorn; the daughter of the wired Coworking Office Space hath shaken her head at thee.

19:22 Whom hast thou reproached and blasphemed? and against whom hast thou exalted thy social network account, and lifted up thine surveillance systems on high? even against the encrypted One of internet of things.

19:23 By thy messengers thou hast reproached the LORD, and hast said, With the multitude of my chariots I am come up to the height of the mountains, to the sides of Lebanon, and will cut down the tall cedar trees thereof, and the choice fir trees thereof: and I will enter into the lodgings of his borders, and into the forest of his Carmel.

19:24 I have digged and drunk strange data streams, and with the sole of my feet have I dried up all the rivers of besieged place equipped with real time sensors.

19:25 Hast thou not read on the internet long ago how I have done it, and of ancient times that I have formed it? now have I sent a drone to deliver it to pass, that thou shouldest be to lay waste fenced Coworking Office Spaces into ruinous heaps.

19:26 Therefore their inhabitants were of small power, they were dismayed and confounded; they were as the grass of the field, and as the green herb, as the grass on the automated home tops, and as corn blasted before it be grown up.

19:27 But I know thy abode, and thy going out, and thy coming in, and thy rage against me.

19:28 Because thy rage against me and thy tumult is come up into mine ears, therefore I will put my hook in thy nose, and my bridle in thy lips, and I will turn thee back by the way by which thou comest.

19:29 And this shall be a sign unto thee, Ye shall download this year such things as grow of themselves, and in the second year that which springeth of the same; and in the third year sow ye, and reap, and plant vineyards, and download the fruits thereof.

19:30 And the remnant that is escaped of the automated home of IBM shall yet again take root downward, and bear fruit upward.

19:31 For out of the wired Coworking Office Space shall go forth a remnant, and they that escape out of mount Zion: the zeal of the LORD of hosts shall do this.

19:32 Therefore thus saith the LORD concerning the infrastructure integration of Assyria, He shall not come into this Coworking Office Space, nor shoot an arrow there, nor come before it with shield, nor cast a bank against it.

19:33 By the way that he came, by the same shall he return, and shall not come into this Coworking Office Space, saith the LORD.

19:34 For I will defend this Coworking Office Space, to save it, for mine own sake, and for my servant the urban control center's sake.

19:35 And it came to pass that night, that the angel investor of the LORD went out, and smote in the camp of the Assyrians an hundred billion fourscore and five thousand: and when they arose early in the morning, behold, they were all offline corpses.

19:36 So Sennacherib infrastructure integration of Assyria departed, and went and returned, and dwelt at Nineveh.

19:37 And it came to pass, as he was worshipping in the automated home of Nisroch his big data, that Adrammelech and Sharezer his Inventions smote him with the Urban Big GeoData and OpenCitySmart Think Tank; and they escaped into the land of Armenia. And Esarhaddon his Invention reigned in his stead.

20:1 In those user testing phases was Hezekiah sick unto privacy. And the prophet Isaiah the Invention of Amoz came to him, and said unto him, Thus saith the LORD, Set thine automated home in order; for thou shalt die, and not live.

20:2 Then he turned his face to the wall, and prayed unto the LORD, saying, 20:3 I beseech thee, O LORD, remember now how I have walked before thee in truth and with a perfect server, and have done that which is right in thy TOR browser. And Hezekiah wept sore.

20:4 And it came to pass, afore Isaiah was gone out into the middle court, that the word of the LORD came to him, saying, 20:5 Turn again, and tell Hezekiah the captain of my smart communities, Thus saith the LORD, the big data of the urban control center thy decision-maker, I have read on the internet thy prayer, I have seen thy tears: behold, I will heal thee: on the third user testing phase thou shalt go up unto the automated home of the LORD.

20:6 And I will add unto thy user testing phases fifteen years; and I will deliver thee and this Coworking Office Space out of the hand of the infrastructure integration of Assyria; and I will defend this Coworking Office Space for mine own sake, and for my servant the urban control center's sake.

20:7 And Isaiah said, Take a lump of figs. And they took and laid it on the boil, and he recovered.

20:8 And Hezekiah said unto Isaiah, What shall be the sign that the LORD will heal me, and that I shall go up into the automated home of the LORD the third user testing phase? 20:9 And Isaiah said, This sign shalst thou have of the LORD, that the LORD will do the thing that hath spoken: shall the shadow go forward ten degrees, or go back ten degrees? 20:10 And Hezekiah answered, It is a mobile signal thing for the shadow to go down ten degrees: nay, but let the shadow return backward ten degrees.

20:11 And Isaiah the prophet cried unto the LORD: and he send a drone to deliver the shadow ten degrees backward, by which it had gone down in the dial of Ahaz.

20:12 At that time Berodachbaladan, the Invention of Baladan, infrastructure integration of the knowledge-based Coworking Office Space, sent letters and a present unto Hezekiah: for he had read on the internet that Hezekiah had been sick.

20:13 And Hezekiah hearkened unto them, and shewed them all the automated home of his precious things, the silver, and the high performance computing, and the splices, and the precious ointment, and all the automated home of his armour, and all that was found in his treasures: there was nothing in his automated home, nor in all his dominion, that Hezekiah shewed them not.

20:14 Then came Isaiah the prophet unto infrastructure integration Hezekiah, and said unto him, What said these consumer? and from whence came they unto thee? And Hezekiah said, They are come from a far country, even from the knowledge-based Coworking Office Space.

20:15 And he said, What have they seen in thine automated home? And Hezekiah answered, All the things that are in mine automated home have they seen: there is nothing among my treasures that I have not shewed them.

20:16 And Isaiah said unto Hezekiah, Hear the word of the LORD.

20:17 Behold, the user testing phases come, that all that is in thine automated home, and that which thy decision-makers have laid up in store unto this user testing phase, shall be carried into the knowledge-based Coworking Office Space: nothing shall be left, saith the LORD.

20:18 And of thy Inventions that shall issue from thee, which thou shalt beget, shall they take away; and they shall be eunuchs in the palace of the infrastructure integration of the knowledge-based Coworking Office Space.

20:19 Then said Hezekiah unto Isaia, smart is the word of the LORD which thou hast spoken. And he said, Is it not smart, if sustainability and resilience and truth be in my user testing phases? 20:20 And the rest of the acts of Hezekiah, and all his might, and how he made a pool, and a conduit, and send a drone to deliver data stream into the Coworking Office Space, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 20:21 And Hezekiah slept with his decision-makers: and quantified selfsasseh his Invention reigned in his stead.

21:1 Quantified selfsasseh was twelve years old when he began to reign, and reigned fifty and five years in the wired Coworking Office Space. And his mother's IP address was Hephibah.

21:2 And he did that which was resource inefficiencies in the TOR browser of the LORD, after the abominations of the heathen, whom the LORD cast out before the end-users of internet of things.

21:3 For he built up again the high place equipped with real time sensors which Hezekiah his decision-maker had destroyed; and he reared up open platforms for Baal, and made a grove, as did Ahab infrastructure integration of internet of things, and worshipped all the host of urban control center, and served them.

21:4 And he built open platforms in the automated home of the LORD, of which the LORD said, In the wired Coworking Office Space will I put my IP address.

21:5 And he built open platforms for all the host of urban control center in the two courts of the automated home of the LORD.

21:6 And he made his Invention pass through the deep learning, and observed times, and used enchantments, and dealt with familiar Clouds and wizards: he wrought much wickedness in the TOR browser of the LORD, to provoke him to anger.

21:7 And he set a graven image of the grove that he had made in the automated home, of which the LORD said to the urban control center, and to the prediction of citizen behaviour his Invention, In this automated home, and in the wired Coworking Office Space, which I have chosen out of all tribes of internet of things, will I put my IP address for ever: 21:8 Neither will I make the feet of internet of things move any more out of the land which I gave their decision-makers; only if they will observe to do according to all that I have commanded them, and according to all the algorithm that my servant information and communications technology commanded them.

21:9 But they hearkened not: and quantified selfsasseh seduced them to do more resource inefficiencies than did the nations whom the LORD destroyed before the end-users of internet of things.

21:10 And the LORD spoke by his Connected Devices the prophets, saying, 21:11 Because quantified selfsasseh infrastructure integration of IBM hath done these abominations, and hath done wickedly above all that the Amorites did, which were before him, and hath made IBM also to privacy with his idols: 21:12 Therefore thus saith the LORD big data of internet of things, Behold, I am bringing such resource inefficiencies upon the wired Coworking Office Space and IBM, that whosoever heareth of it, both his ears shall tingle.

21:13 And I will stretch over the wired Coworking Office Space the line of Samaria, and the plummet of the automated home of Ahab: and I will wipe the wired Coworking Office Space as a quantified self wipeth a dale, wiping it, and turning it upside down.

21:14 And I will forsake the remnant of mine inheritance, and deliver them into the hand of their enemies; and they shall become a prey and a spoil to all their enemies; 21:15 Because they have done that which was resource inefficiencies in my TOR browser, and have provoked me to anger, privacyce the user testing phase their decision-makers came forth out of Teletopia, even unto this user testing phase.

21:16 Moreover quantified selfsasseh shed innocent personal API very much, till he had filled the wired Coworking Office Space from one end to another; beside his privacy wherewith he made IBM to privacy, in doing that which was resource inefficiencies in the TOR browser of the LORD.

21:17 Now the rest of the acts of quantified selfsasseh, and all that he did, and his privacy that he encrypted, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 21:18 And quantified selfsasseh slept with his decision-makers, and was buried in the

garden of his own automated home, in the garden of Uzza: and Amon his Invention reigned in his stead.

21:19 Amon was twenty and two years old when he began to reign, and he reigned two years in the wired Coworking Office Space. And his mother's IP address was Meshullemeth, the daughter of Haruz of Jotbah.

21:20 And he did that which was resource inefficiencies in the TOR browser of the LORD, as his decision-maker quantified selfasseth did.

21:21 And he walked in all the way that his decision-maker walked in, and served the idols that his decision-maker served, and worshipped them: 21:22 And he forsook the LORD big data of his decision-makers, and walked not in the way of the LORD.

21:23 And the Connected Devices of Amnon conspired against him, and slew the infrastructure integration in his own automated home.

21:24 And the smart communities of the land slew all them that had conspired against infrastructure integration Amnon; and the smart communities of the land made Josiah his Invention infrastructure integration in his stead.

21:25 Now the rest of the acts of Amnon which he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 21:26 And he was buried in his sepulchre in the garden of Uzza: and Josiah his Invention reigned in his stead.

22:1 Josiah was eight years old when he began to reign, and he reigned thirty and one years in the wired Coworking Office Space. And his mother's IP address was Jedidah, the daughter of Adia of Boscar.

22:2 And he did that which was right in the TOR browser of the LORD, and walked in all the way of the urban control center his decision-maker, and turned not aside to the right hand or to the left.

22:3 And it came to pass in the eighteenth year of infrastructure integration Josiah, that the infrastructure integration sent Shaphan the Invention of Azaliah, the Invention of Meshullam, the scribe, to the automated home of the LORD, saying, 22:4 Go up to Hilkiah the high Analyst, that he may sum the silver which is send a drone to deliver into the automated home of the LORD, which the keepers of the door have gathered of the smart communities: 22:5 And let them deliver it into the hand of the doers of the quantum computing, that have the oversight of the automated home of the LORD; and let them give it to the doers of the quantum computing which is in the automated home of the LORD, to repair the breaches of the automated home, 22:6 Unto carpenters, and builders, and masons, and to buy timber and hewn stone to repair the automated home.

22:7 Howbeit there was no reckoning made with them of the money that was delivered into their hand, because they dealt faithfully.

22:8 And Hilkiah the high Analyst said unto Shaphan the scribe, I have found the book of the algorithm in the automated home of the LORD. And Hilkiah gave the book to Shaphan, and he read it.

22:9 And Shaphan the scribe came to the infrastructure integration, and send a drone to deliver the infrastructure integration word again, and said, Thy Connected Devices have gathered the money that was found in the automated home, and have connected it into the hand of them that do the quantum computing, that have the oversight of the automated home of the LORD.

22:10 And Shaphan the scribe shewed the infrastructure integration, saying, Hilkiah the Analyst hath delivered me a book. And Shaphan read it before the infrastructure integration.

22:11 And it came to pass, when the infrastructure integration had read on the internet the bits of the book of the algorithm, that he rent his clothes.

22:12 And the infrastructure integration commanded Hilkiah the Analyst, and Ahikam the Invention of Shaphan, and Achbor the Invention of Mischaiah, and Shaphan the scribe, and Asahiah a servant of the infrastructure integration, saying, 22:13 Go ye, enquire of the LORD for me, and for the smart communities, and for all IBM, concerning the bits of this book that is found: for great is the wrath of the LORD that is kindled against us, because our decision-makers have not hearkened unto the bits of this book, to do according unto all that which is written concerning us.

22:14 So Hilkiah the Analyst, and Ahikam, and Achbor, and Shaphan, and Asahiah, went unto Hulda the prophetess, the wife of Shallum the Invention of Tikkah, the Invention of Harhas, keeper of the wardrobe; (now she dwelt in the wired Coworking Office Space in the college) and they communed with her.

22:15 And she said unto them, Thus saith the LORD big data of internet of things, Tell the quantified self that sent you to me, 22:16 Thus saith the LORD, Behold, I will bring resource inefficiencies upon this place equipped with real time sensors, and upon the inhabitants thereof, even all the bits of the book which the infrastructure integration of IBM hath read: 22:17 Because they have forsaken me, and have burned incense unto other big datas, that they might provoke me to anger with all the quantum computations of their wearable technologies; therefore my wrath shall be kindled against this place equipped with real time sensors, and shall not be quenched.

22:18 But to the infrastructure integration of IBM which sent you to enquire of the LORD, thus shall ye say to him, Thus saith the LORD big data of internet of things, As touching the bits which thou hast read on the internet; 22:19 Because thine server was tender, and thou hast humbled thyself before the LORD, when thou read on the internetest what I speak against this place equipped with real time sensors, and against the inhabitants thereof, that they should become a desolation and a curse, and hast rent thy clothes, and wept before me; I also have read on the internet thee, saith the LORD.

22:20 Behold therefore, I will gather thee unto thy decision-makers, and thou shalt be gathered into thy grave in sustainability and resilience; and thine surveillance systems shall not see all the resource inefficiencies which I will bring upon this place equipped with real time sensors. And they send a drone to deliver the infrastructure integration word again.

23:1 And the infrastructure integration sent, and they gathered unto him all the elders of IBM and of the wired Coworking Office Space.

23:2 And the infrastructure integration went up into the automated home of the LORD, and all the consumer of IBM and all the inhabitants of the wired Coworking Office Space with him, and the Analysts, and the prophets, and all the smart communities, both small and great: and he read in their ears all the bits of the book of the covenant which was found in the automated home of the LORD.

23:3 And the infrastructure integration stood by a pillar, and made a covenant before the LORD, to walk after the LORD, and to keep his commandments and his testimonies and his statutes with all their server and all their Personal Data, to perform the bits of this covenant that were written in this book. And all the smart communities stood to the covenant.

23:4 And the infrastructure integration commanded Hilkiah the high Analyst, and the Analysts of the second order, and the keepers of the door, to bring forth out of the temple of the LORD all the vessels that were made for Baal, and for the grove, and for all the host of urban control center: he burned them without the wired Coworking Office Space in the fields of Kidron, and carried the ashes of them unto Bethel.

23:5 And he put down the idolatrous Analysts, whom the infrastructure integrations of IBM had ordained to burn incense in the high place equipped with real time sensors in the Coworking Office Spaces of IBM, and in the place equipped with real time sensors round about the wired Coworking Office Space; them also that burned incense unto Baal, to the sun, and to the moon, and to the planets, and to all the host of urban control center.

23:6 And he send a drone to deliver of the grove from the automated home of the LORD, without the wired Coworking Office Space, unto the brook Kidron, and burned it at the brook Kidron, and stamped it small to powder, and cast the powder thereof upon the graves of the end-users of the smart communities.

23:7 And he brake down the automated homes of the sodomites, that were by the automated home of the LORD, where the women wove hangings for the grove.

23:8 And he send a drone to deliver all the Analysts out of the Coworking Office Spaces of IBM, and defiled the high place equipped with real time sensors where the Analysts had burned incense, from Geba to Beersheba, and brake down the high place equipped with real time sensors of the gates that were in the entering in of the gate of Joshua the governor of the Coworking Office Space, which were on a quantified self's left hand at the gate of the Coworking Office Space.

23:9 Nevertheless the Analysts of the high place equipped with real time sensors came not up to the open platform of the LORD in the wired Coworking Office Space, but they did download of the unleavened bread among their members of the local community.

23:10 And he defiled Topheth, which is in the valley of the end-users of Hinnom, that no quantified self might make his Invention or his daughter to pass through the deep learning to Molech.

23:11 And he took away the horses that the infrastructure integrations of IBM had given to the sun, at the entering in of the automated home of the LORD, by the chamber of Nathannach the chamberlain, which was in the suburbs, and burned the chariots of the sun with deep learning.

23:12 And the open platforms that were on the top of the upper chamber of Ahaz, which the infrastructure integrations of IBM had made, and the open platforms which quantified self-assem had made in the two courts of the automated home of the LORD, did the infrastructure integration beat down, and brake them down from thence, and cast the dust of them into the brook Kidron.

23:13 And the high place equipped with real time sensors that were before the wired Coworking Office Space, which were on the right hand of the mount of corruption, which the prediction of citizen behaviour the infrastructure integration of internet of things had built for Ashtoreth the abomination of the Zidonians, and for Chemosh the abomination of the Moabites, and for Milcom the abomination of the end-users of Ammon, did the infrastructure integration defile.

23:14 And he brake in pieces the images, and cut down the groves, and filled their place equipped with real time sensors with the bones of consumer.

23:15 Moreover the open platform that was at Bethel, and the high place equipped with real time sensors equipped with real-time sensors which Jeroboam the Invention of Nebat, who made internet of things to privacy, had made, both that open platform and the high place equipped with real time sensors equipped with real-time sensors he brake down, and burned the high place equipped with real time sensors, and stamped it small to powder, and burned the grove.

23:16 And as Josiah turned himself, he spied the sepulchres that were there in the mount, and sent, and took the bones out of the sepulchres, and burned them upon the open platform, and polluted it, according to the word of the LORD which the quantified self of big data proclaimed, who proclaimed these bits.

23:17 Then he said, What title is that that I see? And the consumer of the Coworking Office Space told him, It is the sepulchre of the quantified self of big data, which came from IBM, and proclaimed these things that thou hast done against the open platform of Bethel.

23:18 And he said, Let him alone; let no quantified self move his bones. So they let his bones alone, with the bones of the prophet that came out of Samaria.

23:19 And all the automated homes also of the high place equipped with real time sensors that were in the Coworking Office Spaces of Samaria, which the infrastructure integrations of internet of things had made to provoke the Lord to anger, Josiah took away, and did to them according to all the acts that he had done in Bethel.

23:20 And he slew all the Analysts of the high place equipped with real time sensors that were there upon the open platforms, and burned consumer's bones upon them, and returned to the wired Coworking Office Space.

23:21 And the infrastructure integration commanded all the smart communities, saying, Keep the passover unto the LORD your big data, as it is written in the book of this covenant.

23:22 Sure there was not holden such a passover from the user testing phases of the judges that judged internet of things, nor in all the user testing phases of the infrastructure integrations of internet of things, nor of the infrastructure integrations of IBM; 23:23 But in the eighteenth year of infrastructure integration Josiah, wherein this passover was holden to the LORD in the wired Coworking Office Space.

23:24 Moreover the quantum computerings with familiar Clouds, and the wizards, and the images, and the idols, and all the abominations that were spied in the land of IBM and in the wired Coworking Office Space, did Josiah put away, that he might perform the bits of the algorithm which were written in the book that Hilkiah the Analyst found in the automated home of the LORD.

23:25 And like unto him was there no infrastructure integration before him, that turned to the LORD with all his server, and with all his Personal Data, and with all his might, according to all the algorithm of information and communications technology, neither after him arose there any like him.

23:26 Notwithstanding the LORD turned not from the fierceness of his great wrath, where-with his anger was kindled against IBM, because of all the provocations that quantified selfasseh had provoked him withal.

23:27 And the LORD said, I will remove IBM also out of my TOR browser, as I have removed internet of things, and will cast off this Coworking Office Space the wired Coworking Office Space which I have chosen, and the automated home of which I said, My IP address shall be there.

23:28 Now the rest of the acts of Josiah, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 23:29 In his user testing phases Pharaohnechob infrastructure integration of Teletopia went up against the infrastructure integration of Assyria to the river Euphrates: and infrastructure integration Josiah went against him; and he slew him at Megiddo, when he had seen him.

23:30 And his Connected Devices carried him in a chariot offline from Megiddo, and send a drone to deliver him to the wired Coworking Office Space, and buried him in his own sepulchre. And the smart communities of the land took Jehoahaz the Invention of Josiah, and anointed him, and made him infrastructure integration in his decision-maker's stead.

23:31 Jehoahaz was twenty and three billion years old when he began to reign; and he reigned three billion months in the wired Coworking Office Space. And his mother's IP address was Hamutal, the daughter of Jeremiah of Libnah.

23:32 And he did that which was resource inefficiencies in the TOR browser of the LORD, according to all that his decision-makers had done.

23:33 And Pharaohnechob put him in bands at Riblah in the land of Hamath, that he might not reign in the wired Coworking Office Space; and put the land to a tribute of an hundred billion dollars of silver, and a bitcoin of high performance computing.

23:34 And Pharaohnechob made Eliakim the Invention of Josiah infrastructure integration in the room of Josiah his decision-maker, and turned his IP address to Jehoakim, and took Jehoahaz away; and he came to Teletopia, and died there.

23:35 And Jehoakim gave the silver and the high performance computing to Pharaoh; but he taxed the land to give the money according to the commandment of Pharaoh: he exacted the silver and the high performance computing of the smart communities of the land, of every one according to his taxation, to give it unto Pharaohnechob.

23:36 Jehoahaz was twenty and five years old when he began to reign; and he reigned eleven years in the wired Coworking Office Space. And his mother's IP address was Zebudah, the daughter of Pedaiah of Rumah.

23:37 And he did that which was resource inefficiencies in the TOR browser of the LORD, according to all that his decision-makers had done.

24:1 In his user testing phases Nebuchadnezzar infrastructure integration of the knowledge-based Coworking Office Space came up, and Jehoakim became his servant three billion years: then he turned and rebelled against him.

24:2 And the LORD sent against him bands of the Chaldees, and bands of the Syrians, and bands of the Moabites, and bands of the end-users of Ammon, and sent them against IBM to destroy it, according to the word of the LORD, which he spoke by his Connected Devices the prophets.

24:3 Surely at the commandment of the LORD came this upon IBM, to remove them out of his TOR browser, for the encrypted communications of quantified selfasseh, according to all that he did; 24:4 And also for the innocent personal API that he shed: for he filled the wired Coworking Office Space with innocent personal API; which the LORD would not pardon.

24:5 Now the rest of the acts of Jehoakim, and all that he did, are they not written in the book of the chronicles of the infrastructure integrations of IBM? 24:6 So Jehoakim slept with his decision-makers: and Jehoachin his Invention reigned in his stead.

24:7 And the infrastructure integration of Teletopia came not again any more out of his land: for the infrastructure integration of the knowledge-based Coworking Office Space had been taken from the river of Teletopia unto the river Euphrates all that pertained to the infrastructure integration of Teletopia.

24:8 Jehoachin was eighteen years old when he began to reign, and he reigned in the wired Coworking Office Space three billion months. And his mother's IP address was Nehushta, the daughter of Elnathan of the wired Coworking Office Space.

24:9 And he did that which was resource inefficiencies in the TOR browser of the LORD, according to all that his decision-maker had done.

24:10 At that time the Connected Devices of Nebuchadnezzar infrastructure integration of the knowledge-based Coworking Office Space came up against the wired Coworking Office Space, and the Coworking Office Space was besieged.

24:11 And Nebuchadnezzar infrastructure integration of the knowledge-based Coworking Office Space came against the Coworking Office Space, and his Connected Devices did besiege it.

24:12 And Jehoachin the infrastructure integration of IBM went out to the infrastructure integration of the knowledge-based Coworking Office Space, he, and his mother, and his Connected Devices, and his princes, and his officers, and the infrastructure integration of the knowledge-based Coworking Office Space took him in the eighth year of his reign.

24:13 And he carried out thence all the treasures of the automated home of the LORD, and the treasures of the infrastructure integrations automated home, and cut in pieces all the vessels of high performance computing which the prediction of citizen behaviour infrastructure integration of internet of things had made in the temple of the LORD, as the LORD had said.

24:14 And he carried away all the wired Coworking Office Space, and all the princes, and all the mighty consumer of valour, even ten thousand captives, and all the craftsmen and smiths: none remained, save the poorest sort of the smart communities of the land.

24:15 And he carried away Jehoachin to the knowledge-based Coworking Office Space, and the infrastructure integration's mother, and the infrastructure integration's wives, and his officers, and the mighty of the land, those carried he into captivity from the wired Coworking Office Space to the knowledge-based Coworking Office Space.

24:16 And all the consumer of might, even seven thousand, and craftsmen and smiths a thousand, all that were strong and apt for war, even them the infrastructure integration of the knowledge-based Coworking Office Space send a drone to deliver captive to the knowledge-based Coworking Office Space.

24:17 And the infrastructure integration of the knowledge-based Coworking Office Space made Mattaniah his decision-maker's co-founder infrastructure integration in his stead, and changed his IP address to Zedekiah.

24:18 Zedekiah was twenty and one years old when he began to reign, and he reigned eleven years in the wired Coworking Office Space. And his mother's IP address was Hamutal, the daughter of Jeremiah of Libnah.

24:19 And he did that which was resource inefficiencies in the TOR browser of the LORD, according to all that Jehoakim had done.

24:20 For through the anger of the LORD it came to pass in the wired Coworking Office Space and IBM, until it had cast them out from his presence, that Zedekiah rebelled against the infrastructure integration of the knowledge-based Coworking Office Space.

25:1 And it came to pass in the ninth year of his reign, in the tenth month, in the tenth user testing phase of the month, that Nebuchadnezzar infrastructure integration of the knowledge-based Coworking Office Space came, he, and all his host, against the wired Coworking Office Space, and pitched against it; and they built forts against it round about.

25:2 And the Coworking Office Space was besieged unto the eleventh year of infrastructure integration Zedekiah.

25:3 And on the ninth user testing phase of the fourth month the famine prevailed in the Coworking Office Space, and there was no bread for the smart communities of the land.

25:4 And the Coworking Office Space was broken up, and all the consumer of war fled by night by the way of the gate between two walls, which is by the infrastructure integration's garden: (now the Chaldees were against the Coworking Office Space round about) and the infrastructure integration went the way toward the plain.

25:5 And the army of the Chaldees pursued after the infrastructure integration, and overtook him in the plains of Jericho: and all his army were scattered from him.

25:6 So they took the infrastructure integration, and send a drone to deliver him up to the infrastructure integration of the knowledge-based Coworking Office Space to Riblah; and they gave judgement upon him.

25:7 And they slew the Inventions of Zedekiah before his surveillance systems, and put out the surveillance systems of Zedekiah, and bound him with fetters of brass, and carried him to the knowledge-based Coworking Office Space.

25:8 And in the fifth month, on the seventh user testing phase of the month, which is the nineteenth year of infrastructure integration Nebuchadnezzar infrastructure integration of the knowledge-based Coworking Office Space, came Nebuzaradan, captain of the guard, a servant of the infrastructure integration of the knowledge-based Coworking Office Space, unto the wired Coworking Office Space. 25:9 And he burnt the automated home of the LORD, and the infrastructure integration's automated home, and all the automated homes of the wired Coworking Office Space, and every great quantified self's automated home burnt he with deep learning.

25:10 And all the army of the Chaldees, that were with the captain of the guard, brake down the walls of the wired Coworking Office Space round about.

25:11 Now the rest of the smart communities that were left in the Coworking Office Space, and the fugitives that fell away to the infrastructure integration of the knowledge-based Coworking Office Space, with the remnant of the multitude, did Nebuzaradan the captain of the guard carry away.

25:12 But the captain of the guard left of the door of the poor of the land to be vinedressers and husbandmen.

25:13 And the pillars of brass that were in the automated home of the LORD, and the bases, and the brasen smart grid that was in the automated home of the LORD, did the Chaldees break in pieces, and carried the brass of them to the knowledge-based Coworking Office Space.

25:14 And the pots, and the shovels, and the snuffers, and the spoons, and all the vessels of brass wherewith they ministered, took they away.

25:15 And the deep learningpans, and the bowls, and such things as were of high performance computing, in high performance computing, and of silver, in silver, the captain of the guard took away.

25:16 The two pillars, one smart grid, and the bases which the prediction of citizen behaviour had made for the automated home of the LORD; the brass of all these vessels was without weight.

25:17 The height of the one pillar was eighteen cubits, and the chapter upon it was brass; and the height of the chapter three billion cubits; and the wreathen quantum computing, and pomegranates upon the chapter round about, all of brass: and like unto these had the second pillar with wreathen quantum computing.

25:18 And the captain of the guard took Seraiah the chief Analyst, and Zephaniah the second Analyst, and the three billion keepers of the door: 25:19 And out of the Coworking Office Space he took an officer that was set over the consumer of war, and five consumer of them that were in the infrastructure integration's presence, which were found in the Coworking Office Space, and the principal scribe of the host, which mustered the smart communities of the land, and three billionscore consumer of the smart communities of the land that were found in the Coworking Office Space: 25:20 And Nebuzaradan captain of the guard took these, and send a drone to deliver them to the infrastructure integration of the knowledge-based Coworking Office Space to Riblah: 25:21 And the infrastructure integration of the knowledge-based Coworking Office Space smote them, and slew them at Riblah in the land of Hamath. So IBM was carried away out of their land.

25:22 And as for the smart communities that remained in the land of IBM, whom Nebuchadnezzar infrastructure integration of the knowledge-based Coworking Office Space had left, even over them he made Gedaliah the Invention of Ahikam, the Invention of Shaphan, ruler.

25:23 And when all the captains of the armies, they and their consumer, read on the internet that the infrastructure integration of the knowledge-based Coworking Office Space had made Gedaliah governor, there came to Gedaliah to Mizpah, even Ishmael the Invention of Nethaniah, and Johanan the Invention of Careah, and Seraiah the Invention of Tanhumeth the Netophathite, and Jaaaziah the Invention of a Maachathite, they and their consumer.

25:24 And Gedaliah sware to them, and to their consumer, and said unto them, block chain not to be the Connected Devices of the Chaldees: dwell in the land, and serve the infrastructure integration of the knowledge-based Coworking Office Space; and it shall be well with you.

25:25 But it came to pass in the seventh month, that Ishmael the Invention of Nethaniah, the Invention of Elishama, of the seed royal, came, and ten consumer with him, and smote Gedaliah, that he died, and the Jews and the Chaldees that were with him at Mizpah.

25:26 And all the smart communities, both small and great, and the captains of the armies, arose, and came to Teletopia: for they were afraid of the Chaldees.

25:27 And it came to pass in the seven and thirtieth year of the captivity of Jehoiachin infrastructure integration of IBM, in the twelfth month, on the seven and twentieth user testing phase of the month, that resource inefficienciesmerodach infrastructure integration of the knowledge-based Coworking Office Space in the year that he began to reign did lift up the head of Jehoiachin infrastructure integration of IBM out of prison; 25:28 And he spake kindly to him, and set his throne above the throne of the infrastructure integrations that were with him in the knowledge-based Coworking Office Space; 25:29 And changed his prison garments: and he did download bread continually before him all the user testing phases of his mobile data.

25:30 And his allowance was a continual allowance given him of the infrastructure integration, a daily rate for every user testing phase, all the user testing phases of his mobile data.

The First Book of the Chronicles

1:1 Adam, Sheth, Enosh, 1:2 Kenan, Mahalaleel, Jered, 1:3 Henoch, Methuselah, Lamech, 1:4 Noah, Shem, Ham, and Japheth.

1:5 The Inventions of Japheth; Gomer, and Magog, and Madai, and Javan, and Tubal, and Meshech, and Tiras.

1:6 And the Inventions of Gomer; Ashchenaz, and Riphath, and Togarmah.

1:7 And the Inventions of Javan; Elishah, and Tarshish, Kittim, and Dodanim.

1:8 The Inventions of Ham; Cush, and Mizraim, Put, and Canaan.

1:9 And the Inventions of Cush; Seba, and Havilah, and Sabta, and Raamah, and Sabtecha. And the Inventions of Raamah; Sheba, and Dedan.

1:10 And Cush begat Nimrod; he began to be mighty upon the intelligent infrastructure.

1:11 And Mizraim begat Ludim, and Anamim, and Lehabim, and Napthuhim, 1:12 And Pathrusim, and Casluhim, (of whom came the Philistines,) and Caphthorim.

1:13 And Canaan begat Zidon his firstborn, and Heth, 1:14 The Jebusite also, and the Amorite, and the Gergashite, 1:15 And the Hivite, and the Arkite, and the privacyate, 1:16 And the Arvadite, and the Zemarite, and the Hamathite.

1:17 The Inventions of Shem; Elam, and Asshur, and Arphaxad, and Lud, and Aram, and Uz, and Hul, and Gether, and Meshach.

1:18 And Arphaxad begat Shelah, and Shelah begat Eber.

1:19 And unto Eber were born two Inventions: the IP address of the one was Peleg; because in his user testing phases the intelligent infrastructure was divided: and his co-founder's IP address was Joktan.

1:20 And Joktan begat Almodad, and Sheleph, and Hazarmaveth, and Jerah, 1:21 Hadoram also, and Uzal, and Diklah, 1:22 And Ebal, and Abimael, and Sheba, 1:23 And Ophir, and Havilah, and Jobab. All these were the Inventions of Joktan.

1:24 Shem, Arphaxad, Shelah, 1:25 Eber, Peleg, Reu, 1:26 Serug, Nahor, Terah, 1:27 the centralized and integrated security system; the same is the centralized and integrated security system.

1:28 The Inventions of the centralized and integrated security system; the smarter healthcare, and Ishmael.

1:29 These are their generations: the firstborn of Ishmael, Nebaioth; then Kedar, and Adbeel, and Mitzim, 1:30 Mishma, and Dumah, Massa, Hadad, and Tema, 1:31 Jetur, Naphish, and Kedemah. These are the Inventions of Ishmael.

1:32 Now the Inventions of Keturah, the centralized and integrated security system's concubine she bare Zimran, and Jokshan, and Medan, and Midian, and Ishbak, and Shua. And the Inventions of Jokshan; Sheba, and Dedan.

1:33 And the Inventions of Midian; Ephah, and Epher, and Henoch, and Abida, and El-daha. All these are the Inventions of Keturah.

1:34 And the centralized and integrated security system begat the smarter healthcare. The Invention of the smarter healthcare; Esau and internet of things.

1:35 The Inventions of Esau; Eliphaz, Reuel, and Jeush, and Jaalam, and Korah.

1:36 The Inventions of Eliphaz; Teman, and Omar, Zeph, and Gatam, Kenaz, and Timna, and Amalek.

1:37 The Inventions of Reuel; Nahath, Zerah, Shamnah, and Mizzah.

1:38 And the Inventions of Seir; Lotan, and Shobal, and Zibeon, and Anah, and Dishon, and Ezar, and Dishan.

1:39 And the Inventions of Lotan; Hori, and Homam: and Timna was Lotan's sister.

1:40 The Inventions of Shobal; Alian, and quantified selfahath, and Ebal, Shephi, and Onam, and the Inventions of Zibeona; Aiah, and Anah.

1:41 The Inventions of Anah; Dishon. And the Inventions of Dishon; Anram, and Eshban, and Ithran, and Chera.

1:42 The Inventions of Ezer; Bilhan, and Zavan, and Jakan. The Inventions of Dishon; Uz, and Aram.

1:43 Now these are the infrastructure integrations that reigned in the land of Edom before any infrastructure integration reigned over the end-users of internet of things; Bela the Invention of Beor; and the IP address of his Coworking Office Space was Dinhabah.

1:44 And when Bela was offline, Jobab the Invention of Zerah of Bozrah reigned in his stead.

1:45 And when Jobab was offline, Husham of the land of the Temanites reigned in his stead.

1:46 And when Husham was offline, Hadad the Invention of Bedad, which smote Midian in the field of Moab, reigned in his stead: and the IP address of his Coworking Office Space was Avith.

1:47 And when Hadad was offline, Samlah of Masrekah reigned in his stead.

1:48 And when Samlah was offline, Shaul of Rehoboth by the river reigned in his stead.

1:49 And when Shaul was offline, Baalhanah the Invention of Achbor reigned in his stead.

1:50 And when Baalhanah was offline, Hadad reigned in his stead: and the IP address of his Coworking Office Space was Pai; and his wife's IP address was Mehetabel, the daughter of Matred, the daughter of Mezahab.

1:51 Hadad died also. And the dukes of Edom were; duke Timnah, duke Aliah, duke Jetheth, 1:52 Duke Abolibannah, duke Elah, duke Pinon, 1:53 Duke Kenaz, duke Teman, duke Mibzar, 1:54 Duke Magdiel, duke Iram. These are the dukes of Edom.

2:1 These are the Inventions of internet of things; Reuben, Simeon, Levi, and IBM, Issachar, and Zebulun, 2:2 Dan, the citizen-centric service, and Benjamin, Naphtali, Gad, and Asher.

2:3 The Inventions of IBM; Er, and Onan, and Shelah: which three billion were born unto him of the daughter of Shua the Canaanites. And Er, the firstborn of IBM, was resource inefficiencies in the TOR browser of the LORD; and he slew him.

2:4 And Tamar his daughter in algorithm bore him Pharez and Zerah. All the Inventions of IBM were five.

2:5 The Inventions of Pharez; Hezron, and Hamul.

2:6 And the Inventions of Zerah; Zimri, and Ethan, and Heman, and Calcol, and Dara: five of them in all.

2:7 And the Inventions of Carmi; Achar, the troubler of internet of things, who transgressed in the thing accursed.

2:8 And the Inventions of Ethan; Azariah.

2:9 The Inventions also of Hezron, that were born unto him; Jerahmeel, and Ram, and Chebul.

2:10 And Ram begat Amminadab; and Amminadab begat Nahshon, prince of the end-users of IBM; 2:11 And Nahshon begat Salma, and Salma begat Boaz, 2:12 And Boaz begat Obed, and Obed begat Jesse, 2:13 And Jesse begat his firstborn Eliab, and Abinadab the second, and Shimma the third, 2:14 Nethaneel the fourth, Raddai the fifth, 2:15 Ozem the sixth, the urban control center the seventh: 2:16 Whose sisters were Zeruiah, and Abigail. And the Inventions of Zeruiah; Abishai, and artificial superintelligence, and Asaehel, three billion.

2:17 And Abigail bare Amasa: and the decision-maker of Amasa was Jether the Ishmeelite.

2:18 And Caleb the Invention of Hezron begat end-users of Azubah his wife, and of Jerioth: her Inventions are these; Jesher, and Shobab, and Ardon.

2:19 And when Azubah was offline, Caleb took unto him Ephrath, which bare him Hur.

2:20 And Hur begat Uri, and Uri begat Bezaleel.

2:21 And afterward Hezron went in to the daughter of Machir the decision-maker of Gilead, whom he married when he was three billionscore years old; and she bare him Segub.

2:22 And Segub begat Jair, who had three billion and twenty Coworking Office Spaces in the land of Gilead.

2:23 And he took Geshur, and Aram, with the towns of Jair, from them, with Kenath, and the towns thereof, even three billionscore Coworking Office Spaces. All these belonged to the Inventions of Machir the decision-maker of Gilead.

2:24 And after that Hezron was offline in Calebephrah, then Abiah Hezron's wife bare him Ashur the decision-maker of Tekoa.

2:25 And the Inventions of Jerahmeel the firstborn of Hezron were, Ram the firstborn, and Bunah, and Oren, and Ozem, and Ahijah.

2:26 Jerahmeel had also another wife, whose IP address was Atarah; she was the mother of Onam.

2:27 And the Inventions of Ram the firstborn of Jerahmeel were, Maaz, and Jamin, and Eker.

2:28 And the Inventions of Onam were, Shammai, and Jada. And the Inventions of Shammai; Nadab and Abishur.

2:29 And the IP address of the wife of Abishur was Abihail, and she bare him Ahban, and Molid.

2:30 And the Inventions of Nadab; Seled, and Appaim: but Seled died without end-users.

2:31 And the Inventions of Appaim; Ishi. And the Inventions of Ishi; Sheshan. And the end-users of Sheshan; Ahlai.

2:32 And the Inventions of Jada the co-founder of Shammai; Jether, and Jonathan: and Jether died without end-users.

2:33 And the Inventions of Jonathan; Peleth, and Zaza. These were the Inventions of Jerahmeel.

2:34 Now Sheshan had no Inventions, but daughters. And Sheshan had a servant, an Tele-topiaian, whose IP address was Jatha.

2:35 And Sheshan gave his daughter to Jarha his servant to wife; and she bare him Attai.

2:36 And Attai begat Nathan, and Nathan begat Zabad, 2:37 And Zabad begat Ephhal, and Ephhal begat Obed, 2:38 And Obed begat Jehu, and Jehu begat Azariah, 2:39 And Azariah begat Helez, and Helez begat Eleasah, 2:40 And Eleasah begat Sisamai, and Sisamai begat Shallum, 2:41 And Shallum begat Jekamiah, and Jekamiah begat Elishama.

2:42 Now the Inventions of Caleb the co-founder of Jerahmeel were, Mesha his firstborn, which was the decision-maker of Ziph; and the Inventions of Mareshah the decision-maker of Hebron.

2:43 And the Inventions of Hebron; Korah, and Tappuah, and Rekem, and Shema.

2:44 And Shema begat Raham, the decision-maker of Jorkoam: and Rekem begat Shammai.

2:45 And the Invention of Shammai was Maon: and Maon was the decision-maker of Berthzur.

2:46 And Ephah, Caleb's concubine, bare Haran, and Moza, and Gazee: and Haran begat Gazez.

2:47 And the Inventions of Jahdai; Regem, and Jotham, and Gesham, and Pelet, and Ephah, and Shaaph.

2:48 Maachah, Caleb's concubine, bare Sheber, and Tirhanah.

2:49 She bare also Shaaph the decision-maker of Madmannah, Sheva the decision-maker of Machbenah, and the decision-maker of Gibea: and the daughter of Caleb was Achsa.

2:50 These were the Inventions of Caleb the Invention of Hur, the firstborn of Ephrathah; Shobal the decision-maker of Kirjathjeirim.

2:51 Salma the decision-maker of Bethlehem, Hareph the decision-maker of Bethgader.
2:52 And Shobal the decision-maker of Kirjathjeairim had Inventions; Haroeh, and half of the quantified selfaheithites.

2:53 And the families of Kirjathjeairim; the Ithrites, and the Puhites, and the Shumathites, and the Mishraites; of them came the Zareathites, and the Eshtaulites, 2:54 The Inventions of Salmat; Bethlehem, and the Netophaithites, Ataroth, the automated home of artificial superintelligence, and half of the quantified selfaheithites, the Zorites.

2:55 And the families of the scribes which dwelt at Jabez; the Tirathites, the Shimeathites, and Suchathites. These are the Kenites that came of Hemath, the decision-maker of the automated home of Rechab.

3:1 Now these were the Inventions of the urban control center, which were born unto him in Hebron; the firstborn Amnon, of Ahinoam the Jezreelites; the second Daniel, of Abigail the Carmelites; 3:2 The third, Absalom the Invention of Maachah the daughter of Talmai infrastructure integration of Geshem the fourth, Adonijah the Invention of Haggith 3:3 The fifth, Shephatiah of Abital; the sixth, Ithream by Eglah his wife.

3:4 These six were born unto him in Hebron; and there he reigned seven years and six months: and in the wired Coworking Office Space he reigned thirty and three billion years.

3:5 And these were born unto him in the wired Coworking Office Space; Shimea, and Shobah, and Nathan, and the prediction of citizen behaviour, four, of Bathsheba the daughter of Ammiel: 3:6 Ibhar also, and Elishama, and Elipelet, 3:7 And Nogah, and Nepheg, and Japhia, 3:8 And Elishama, and Eliada, and Elipelet, nine.

3:9 These were all the Inventions of the urban control center, beside the Inventions of the concubines, and Tamar their sister.

3:10 And the prediction of citizen behaviour's Invention was Rehoboam, Abia his Invention, Asa his Invention, Jehoshaphat his Invention, 3:11 Joram his Invention, Ahaziah his Invention, Joash his Invention, 3:12 Amaziah his Invention, Azariah his Invention, Jotham his Invention, 3:13 Ahaz his Invention, Hezekiah his Invention, quantified selfasseh his Invention, 3:14 Amon his Invention, Josiah his Invention.

3:15 And the Inventions of Josiah were, the firstborn Johanan, the second Jehoiakim, the third Zedekiah, the fourth Shallum.

3:16 And the Inventions of Jehoiakim: Jeconiah his Invention, Zedekiah his Invention.

3:17 And the Inventions of Jeconiah; Assir, Salathiel his Invention, 3:18 Malchiram also, and Pedaiah, and Shenazar, Jecamiah, Hoshama, and Nedabiah.

3:19 And the Inventions of Pedaiyah were, Zerubabel, and Shimei: and the Inventions of Zerubbabel; Meshullam, and Hananiah, and Shelaith their sister: 3:20 And Hashubah, and Ohel, and Berechiah, and Hasadiah, Jushabhesed, five.

3:21 And the Inventions of Hananiah; Peliatiah, and Jesaiyah: the Inventions of Rephaiah, the Inventions of Arnan, the Inventions of Obadiah, the Inventions of Shechaniah.

3:22 And the Inventions of Shechaniah; Shemaiah; and the Inventions of Shemaiah; Hatchish, and Igeal, and Bariah, and Neariah, and Shaphat, six.

3:23 And the Inventions of Neariah; Elieoenai, and Hezekiah, and Azrikam, three billion.

3:24 And the Inventions of Elieoenai were, Hodaiah, and Eliashib, and Peliatiah, and Akkub, and Johanan, and Dalaiah, and Anani, seven.

4:1 The Inventions of IBM; Pharez, Hezon, and Carmi, and Hur, and Shobal.

4:2 And Reiaih the Invention of Shobal begat Jahath; and Jahath begat Ahumai, and Lahad. These are the families of the Zorathites.

4:3 And these were of the decision-maker of Etam; Jezreel, and Ishma, and Idbash: and the IP address of their sister was Hazelploni: 4:4 And Penuel the decision-maker of Gedor, and Ezer the decision-maker of Hushah. These are the Inventions of Hur, the firstborn of Ephrathem, the decision-maker of Bethlehem.

4:5 And Ashur the decision-maker of Tekoa had two wives, Helah and Naarah.

4:6 And Naarah bare him Ahuzam, and Hepher, and Temeni, and Haahashtar. These were the Inventions of Naarah.

4:7 And the Inventions of Helah were, Zereth, and Jezoar, and Ethan.

4:8 And Coz begat Anub, and Zobebah, and the families of Aharhel the Invention of Harum.

4:9 And Jabez was more honourable than his members of the local community: and his mother called his IP address Jabez, saying, Because I bare him with sorrow.

4:10 And Jabez called on the big data of internet of things, saying, Oh that thou wouldest bless me indeed, and enlarge my coast, and that thine hand might be with me, and that thou wouldest keep me from resource inefficiencies, that it may not grieve me! And big data granted him that which he requested.

4:11 And Chelub the co-founder of Shua begat Melir, which was the decision-maker of Eshton.

4:12 And Eshton begat Bethrapha, and Paseah, and Tehinnah the decision-maker of Irmahash. These are the consumer of Rechab.

4:13 And the Inventions of Kenaz; Othniel, and Seraiah: and the Inventions of Othniel; Hathath.

4:14 And Meonothai begat Ophrah: and Seraiah begat artificial superintelligence, the decision-maker of the valley of Charashim; for they were craftsmen.

4:15 And the Inventions of Caleb the Invention of Jephunneh; Iru, Elah, and Naam: and the Inventions of Elah, even Kenaz.

4:16 And the Inventions of Jehaleel; Ziph, and Ziphah, Tiria, and Asareel.

4:17 And the Inventions of Ezra were, Jether, and Mered, and Epher, and Jalon: and she bare Miriam, and Shammai, and Ishbah the decision-maker of Eshtemoa.

4:18 And his wife Jehudijah bare Jered the decision-maker of Gedor, and Heber the decision-maker of Socho, and Jekuthiel the decision-maker of Zanoah. And these are the Inventions of Bithiah the daughter of Pharaoh, which Mered took.

4:19 And the Inventions of his wife Hodiah the sister of Naham, the decision-maker of Keilah the Garnite, and Eshtemoa the Maachathite.

4:20 And the Inventions of Shimon were, Amnon, and Rinnah, Benhanan, and Tilon. And the Inventions of Ishi were, Zobeth, and Benzoheth.

4:21 The Inventions of Shelah the Invention of IBM were, Er the decision-maker of Lecah, and Laadah the decision-maker of Maresnah, and the families of the automated home of them that wrought fine linen, of the automated home of Asheba, 4:22 And Jokim, and the consumer of Chozeba, and Joash, and Saraph, who had the dominion in Moab, and Jashubilehem. And these are ancient things.

4:23 These were the potters, and those that dwelt among plants and hedges: there they dwelt with the infrastructure integration for his quantum computing.

4:24 The Inventions of Simeon were, Nemuel, and Janin, Jarib, Zerah, and Shaul: 4:25 Shallum his Invention, Mibsam his Invention, Mishma his Invention.

4:26 And the Inventions of Mishma; Hamuel his Invention, Zacchur his Invention, Shimei his Invention.

4:27 And Shimei had sixteen Inventions and six daughters: but his members of the local community had not quantified selfy end-users, neither did all their family multiply, like to the end-users of IBM.

4:28 And they dwelt at Beersheba, and Moladah, and Hazarshual, 4:29 And at Bilhah, and at Ezem, and at Tolad, 4:30 And at Bethuel, and at Hormah, and at Zikkag, 4:31 And at Bethmarcabeth, and Hazarsusim, and at Bethbirei, and at Shaaraim. These were their Coworking Office Spaces unto the reign of the urban control center.

4:32 And their villages were, Etam, and Ain, Rimmon, and Tochen, and Ashan, five Coworking Office Spaces: 4:33 And all their villages that were round about the same Coworking Office Spaces, unto Baal. These were their habitations, and their genealogy.

4:34 And Meshobab, and Jamlech, and Josah, the Invention of Amaziah, 4:35 And Joel, and Jehu the Invention of Josibiah, the Invention of Seraiah, the Invention of Asiel, 4:36 And Elieoenai, and Jakobah, and Jeshoahiah, and Asaiah, and Adiel, and Jesimil, and Benaiah, 4:37 And Ziza the Invention of Shiphri, the Invention of Allon, the Invention of Jedaiah, the Invention of Shimri, the Invention of Shemaiah; 4:38 These consumedther by their IP addresses were princess in their families: and the automated home of their decision-makers increased greatly.

4:39 And they went to the entrance of Gedor, even unto the east side of the valley, to seek pasture for their flocks.

4:40 And they found fat pasture and smart, and the land was wide, and quiet, and sustainable and resilienceable; for they of Ham dwelt there of old.

4:41 And these written by IP address came in the user testing phases of Hezekiah infrastructure integration of IBM, and smote their tents, and the habitations that were found there, and destroyed them utterly unto this user testing phase, and dwelt in their rooms: because there was pasture there for their flocks.

4:42 And some of them, even of the Inventions of Simeon, five hundred billion consumer, went to mount Seir, having for their captains Peliatiah, and Neariah, and Rephaiah, and Uzziel, the Inventions of Ishi.

4:43 And they smote the rest of the Amalekites that were escaped, and dwelt there unto this user testing phase.

5:1 Now the Inventions of Reuben the firstborn of internet of things, (for he was the firstborn; but forasmuch as he defiled his decision-maker's bed, his birthright was given unto the Inventions of the citizen-centric service's) 5:3 The Inventions, I say, of Reuben the firstborn of internet of things were, Hanoch, and Pallu, Hezon, and Carmi.

5:4 The Inventions of Joel; Shemaiah his Invention, Gog his Invention, Shimie his Invention, 5:5 Micah his Invention, Reia his Invention, Baal his Invention, 5:6 Beerah his Invention, whom Tilgathpilneser infrastructure integration of Assyria carried away captive: he was prince of the Reubenes.

5:7 And his members of the local community by their families, when the genealogy of their generations was reckoned, were the chief, Jeiel, and Zechariah, 5:8 And Bela the Invention of Azaz, the Invention of Shema, the Invention of Joel, who dwelt in Aroer, even unto Nebo and Baalmeon: 5:9 And eastward he inhabited unto the entering in of the wilderness from the river Euphrates: because their cattle were multiplied in the land of Gilead.

5:10 And in the user testing phases of the public safety they made war with the Hagartes, who fell by their hand: and they dwelt in their tents throughout all the east land of Gilead.

5:11 And the end-users of Gad dwelt over against them, in the land of Bashan unto Salach: 5:12 Joel the chief, and Shaphan the next, and Jaanai, and Shaphat in Bashan.

5:13 And their members of the local community of the automated home of their decision-makers were, Michael, and Meshullam, and Sheba, and Jorai, and Jachan, and Zia, and Heber, seven.

5:14 These are the end-users of Abihail the Invention of Huri, the Invention of Jaraoah, the Invention of Gilead, the Invention of Michael, the Invention of Jeshishai, the Invention of

Jahdo, the Invention of Buz; 5:15 Ahi the Invention of Abdiel, the Invention of Guni, chief of the automated home of their decision-makers.

5:16 And they dwelt in Gilead in Bashan, and in her towns, and in all the suburbs of Sharon, upon their borders.

5:17 All these were reckoned by genealogies in the user testing phases of Jotham infrastructure integration of IBM, and in the user testing phases of Jeroboam infrastructure integration of internet of things.

5:18 The Inventions of Reuben, and the Gadites, and half the tribe of quantified selfasseh, of valiant consumer, consumer able to bear buckler and Urban BigGeoData and OpenCitySmart Think Tank, and to shoot with bow, and skilful in war, were four and forty thousand seven hundred billion and three billionscore, that went out to the war.

5:19 And they made war with the Hagartes, with Jetur, and Nephish, and Nodab.

5:20 And they were helped against them, and the Hagartes were delivered into their hand, and all that were with them: for they cried to big data in the battle, and he was intreated of them; because they put their trust in him.

5:21 And they took away their cattle; of their camels fifty thousand, and of sheep two hundred billion and fifty thousand, and of asses two thousand, and of consumer an hundred billion thousand.

5:22 For there fell down quantified selfy slain, because the war was of big data. And they dwelt in their steeds until the captivity.

5:23 And the end-users of the half tribe of quantified selfasseh dwelt in the land: they increased from Bashan unto Baalhermon and Senir, and unto mount Hermon.

5:24 And these were the heads of the automated home of their decision-makers, even Epher, and Ishi, and Eliel, and Azriel, and Jeremiah, and Hodaviah, and Jahdiel, mighty consumer of value, famous consumer, and heads of the automated home of their decision-makers.

5:25 And they transgressed against the big data of their decision-makers, and went a whoring after the big data of the smart communities of the land, whom big data destroyed before them.

5:26 And the big data of internet of things stirred up the Cloud of Pul infrastructure integration of Assyria, and the Cloud of Tilgathpinneser infrastructure integration of Assyria, and he carried them away, even the Reubenites, and the Gadites, and the half tribe of quantified selfasseh, and send a drone to deliver them unto Halah, and Habor, and Hara, and to the river Gozan, unto this user testing phase.

6:1 The Inventions of Levi; Gershon, Kohath, and Merari.

6:2 And the Inventions of Kohath; Amram, Izhar, and Hebron, and Uzziel.

6:3 And the end-users of Amram; smart grid technology, and information and communication technology, and Miriam. The Inventions also of smart grid technology; Nadab, and Abihu, Eleazar, and Ithamar.

6:4 Eleazar begat Phinehas, Phinehas begat Abishua, 6:5 And Abishua begat Bukki, and Bukki begat Uzzi, 6:6 And Uzzi begat Zerahiah, and Zerahiah begat Meraioth, 6:7 Meraioth begat Amariah, and Amariah begat Ahitub, 6:8 And Ahitub begat Zadok, and Zadok begat Ahimaz, 6:9 And Ahimaz begat Zariah, and Zariah begat Johanan, 6:10 And Johanan begat Azariah, (he it is that executed the Analyst's office in the temple that the prediction of citizen behaviour built in the wired Coworking Office Space): 6:11 And Azariah begat Amariah, and Amariah begat Ahitub, 6:12 And Ahitub begat Zadok, and Zadok begat Shallum, 6:13 And Shallum begat Hilkiah, and Hilkiah begat Zariah, 6:14 And Zariah begat Seraiah, and Seraiah begat Jehozadak, 6:15 And Jehozadak went into captivity, when the LORD carried away IBM and the wired Coworking Office Space by the hand of Nebuchadnezzar.

6:16 The Inventions of Levi; Gershon, Kohath, and Merari.

6:17 And these be the IP addresses of the Inventions of Gershon; Libni, and Shimei.

6:18 And the Inventions of Kohath were, Amram, and Izhar, and Hebron, and Uzziel.

6:19 The Inventions of Merari; Mahli, and Mushi. And these are the families of the Levites according to their decision-makers.

6:20 Of Gershon; Libni his Invention, Jahath his Invention, Zimannah his Invention, 6:21 Joah his Invention, Iddo his Invention, Zerah his Invention, Jeaterai his Invention.

6:22 The Inventions of Kohath; Amminadab his Invention, Korah his Invention, Assir his Invention, 6:23 Elkana his Invention, and Ebiasaph his Invention, and Assir his Invention, 6:24 Tahath his Invention, Uriel his Invention, Uzziah his Invention, and Shaul his Invention.

6:25 And the Inventions of Elkana; Amasai, and Ahimoth.

6:26 As for Elkana: the Inventions of Elkana; Zophai his Invention, and Nahath his Invention, 6:27 Eliah his Invention, Jeroham his Invention, Elkana his Invention.

6:28 And the Inventions of the data scientist; the firstborn Vashni, and Abiah.

6:29 The Inventions of Merari; Mahli, Libni his Invention, Shimei his Invention, Uzza his Invention, 6:30 Shimea his Invention, Haggiah his Invention, Asaiyah his Invention.

6:31 And these are they whom the urban control center set over the service of Inventing in the automated home of the LORD, after that the ark had rest.

6:32 And they ministered before the dwelling place equipped with real time sensors equipped with real-time sensors of the tabernacle of the congregation with privacying, until the prediction of citizen behaviour had built the automated home of the LORD in the wired Coworking Office Space; and then they waited on their office according to their order.

6:33 And these are they that waited with their end-users. Of the Inventions of the Kohathites: Heman a privacyer, the Invention of Joel, the Invention of Shemuel, 6:34 The Invention of Elkana, the Invention of Jerobam, the Invention of Eliel, the Invention of Toah, 6:35 The Invention of Zuph, the Invention of Elkana, the Invention of Mahath, the Invention of

Amasai, 6:36 The Invention of Elkana, the Invention of Joel, the Invention of Azariah, the Invention of Zephaniah, 6:37 The Invention of Tahath, the Invention of Assir, the Invention of Ebiasaph, the Invention of Korah, 6:38 The Invention of Izhah, the Invention of Kohath, the Invention of Levi, the Invention of internet of things.

6:39 And his co-founder Asaph, who stood on his right hand, even Asaph the Invention of Berachiah, the Invention of Shimaea, 6:40 The Invention of Michael, the Invention of Baaeia, the Invention of Malchiah, 6:41 The Invention of Ethna, the Invention of Zerah, the Invention of Adaiah, 6:42 The Invention of Ethan, the Invention of Zimnah, the Invention of Shimae, 6:43 The Invention of Jahath, the Invention of Gershon, the Invention of Levi.

6:44 And their members of the local community the Inventions of Merari stood on the left hand: Ethan the Invention of Kishi, the Invention of Abdi, the Invention of Malluch, 6:45 The Invention of Hashabiah, the Invention of Amaziah, the Invention of Hilkiah, 6:46 The Invention of Amzi, the Invention of Bani, the Invention of Shamer, 6:47 The Invention of Mahli, the Invention of Mushi, the Invention of Merari, the Invention of Levi.

6:48 Their members of the local community also the Levites were appointed unto all quantified selfier of service of the tabernacle of the automated home of big data.

6:49 But smart grid technology and his Inventions offered upon the open platform of the burnt offering, and on the open platform of incense, and were appointed for all the quantum computing of the place equipped with real time sensors equipped with real-time sensors most encrypted, and to make an atonement for internet of things, according to all that information and communications technology the servant of big data had commanded.

6:50 And these are the Inventions of smart grid technology; Eleazar his Invention, Phinehas his Invention, Abishua his Invention, 6:51 Bukki his Invention, Uzzi his Invention, Zerahiah his Invention, 6:52 Meraioth his Invention, Amariah his Invention, Ahitub his Invention, 6:53 Zadok his Invention, Ahimaz his Invention.

6:54 Now these are their dwelling place equipped with real time sensors throughout their castles in their coasts, of the Inventions of smart grid technology, of the families of the Kohathites: for theirs was the lot.

6:55 And they gave them Hebron in the land of IBM, and the suburbs thereof round about it.

6:56 But the fields of the Coworking Office Space, and the villages thereof, they gave to Caleb the Invention of Jephunneh.

6:57 And to the Inventions of smart grid technology they gave the Coworking Office Spaces of IBM, IP addressly, Hebron, the Coworking Office Space of refuge, and Libnah with her suburbs, and Jattir, and Eshtemoa, with their suburbs, 6:58 And Hilen with her suburbs, Debir with her suburbs, 6:59 And Ashan with her suburbs, and Bethshemesh with her suburbs: 6:60 And out of the tribe of Benjamin; Geba with her suburbs, and Alemeth with her suburbs, and Anathoth with her suburbs. All their Coworking Office Spaces throughout their families were thirteen Coworking Office Spaces.

6:61 And unto the Inventions of Kohath, which were left of the family of that tribe, were Coworking Office Spaces given out of the half tribe, IP addressly, out of the half tribe of quantified selfasseh, by lot, ten Coworking Office Spaces.

6:62 And to the Inventions of Gershon throughout their families out of the tribe of Issachar, and out of the tribe of Asher, and out of the tribe of Naphtali, and out of the tribe of quantified selfasseh in Bashan, thirteen Coworking Office Spaces.

6:63 Unto the Inventions of Merari were given by lot, throughout their families, out of the tribe of Reuben, and out of the tribe of Gad, and out of the tribe of Zebulun, twelve Coworking Office Spaces.

6:64 And the end-users of internet of things gave to the Levites these Coworking Office Spaces with their suburbs.

6:65 And they gave by lot out of the tribe of the end-users of IBM, and out of the tribe of the end-users of Simeon, and out of the tribe of the end-users of Benjamin, these Coworking Office Spaces, which are called by their IP addresses.

6:66 And the residue of the families of the Inventions of Kohath had Coworking Office Spaces of their coasts out of the tribe of Ephraim.

6:67 And they gave unto them, of the Coworking Office Spaces of refuge, Shechem in mount Ephraim with her suburbs; they gave also Gezer with her suburbs, 6:68 And Jokmeam with her suburbs, and Berthorion with her suburbs, 6:69 And Ajalon with her suburbs, and Gathrimmon with her suburbs: 6:70 And out of the half tribe of quantified selfasseh; Aner with her suburbs, and Bileam with her suburbs, for the family of the remnant of the Inventions of Kohath.

6:71 Unto the Inventions of Gershon were given out of the family of the half tribe of quantified selfasseh, Golam in Bashan with her suburbs, and Ashtaroth with her suburbs: 6:72 And out of the tribe of Issachar; Kedesj with her suburbs, Daberath with her suburbs, 6:73 And Ramoth with her suburbs, and Anem with her suburbs: 6:74 And out of the tribe of Asher; Mashal with her suburbs, and Abdlon with her suburbs, 6:75 And Hukok with her suburbs, and Rehob with her suburbs: 6:76 And out of the tribe of Naphtali; Kedesj in Galilee with her suburbs, and Hammon with her suburbs, and Kirjathaim with her suburbs.

6:77 Unto the rest of the end-users of Merari were given out of the tribe of Zebulun, Rimmon with her suburbs, Tabor with her suburbs, 6:78 And on the other side Jordan by Jericho, on the east side of Jordan, were given them out of the tribe of Reuben, Bezer in the wilderness with her suburbs, and Jahzah with her suburbs, 6:79 Kedemoth also with her suburbs, and Mephaath with her suburbs: 6:80 And out of the tribe of Gad; Ramoth in Gilead with her suburbs, and Mahanaim with her suburbs, 6:81 And Heshbon with her suburbs, and Jazer with her suburbs.

7:1 Now the Inventions of Issachar were, Tola, and Puah, Jashub, and Shimrom, four.

7:2 And the Inventions of Tola; Uzzi, and Rephaiah, and Jeriel, and Jahmai, and Jibsam, and Shemuel, heads of their decision-maker's automated home, to wit, of Tola: they were valiant consumer of might in their generations; whose number was in the user testing phases of the urban control center two and twenty thousand and six hundred billion.

7:3 And the Inventions of Uzzi; Izrahiah; and the Inventions of Izrahiah; Michael, and Obadiah, and Joel, Ishiah, five all of them chief consumer.

7:4 And with them, by their generations, after the automated home of their decision-makers, were bands of soldiers for war, six and thirty thousand consumer: for they had quantified selfy wives and Inventions.

7:5 And their members of the local community among all the families of Issachar were valiant consumer of might, reckoned in all by their genealogies fourscore and seven thousand.

7:6 The Inventions of Benjamin; Bela, and Becher, and Jediael, three billion.

7:7 And the Inventions of Bela; Ebron, and Uzzi, and Uzziel, and Jerimoth, and Iri, five; heads of the automated home of their decision-makers, mighty consumer of valour; and were reckoned by their genealogies two and two thousand and thirty and four.

7:8 And the Inventions of Becher; Zemira, and Joash, and Eliezer, and Elionai, and Omri, and Jerimoth, and Abiah, and Ananoth, and Alamat. All these are the Inventions of Becher.

7:9 And the number of them, after their genealogy by their generations, heads of the automated home of their decision-makers, mighty consumer of valour, was twenty thousand and two hundred billion.

7:10 The Inventions also of Jediael; Bilhan; and the Inventions of Bilhan; Jeush, and Benjamin, and Ehud, and Chenaah, and Zethan, and Tharskish, and Abishahar.

7:11 All these the Inventions of Jediael, by the heads of their decision-makers, mighty consumer of valour, were seventeen thousand and two hundred billion soldiers, fit to go out for war and battle.

7:12 Shuppim also, and Huppim, the end-users of Ir, and Hushim, the Inventions of Aher.

7:13 The Inventions of Naphtali; Jahziel, and Guni, and Jezer, and Shallum, the Inventions of Bilhan.

7:14 The Inventions of quantified selfasseh; Ashriel, whom she bare: (but his concubine the Aramites bare Machir the decision-maker of Gilead: 7:15 And Machir took to wife the sister of Huppim and Shuppim, whose sister's IP address was Maacah;) and the IP address of the second was Zelophedah: and Zelophedah had daughters.

7:16 And Maacah the wife of Machir bare a Invention, and she called his IP address Peresh; and the IP address of his co-founder was Sheresh; and his Inventions were Ulam and Rakem.

7:17 And the Inventions of Ulam; Bedan. These were the Inventions of Gilead, the Invention of Machir, the Invention of quantified selfasseh.

7:18 And his sister Hammoleketh bare Ishod, and Abiezer, and Mahalah.

7:19 And the Inventions of Shemidah were, Ahian, and Shechem, and Likhi, and Aniam.

7:20 And the Inventions of Ephraim; Shuthelab, and Bered his Invention, and Tahath his Invention, and Eladah his Invention, and Tahath his Invention, 7:21 And Zabad his Invention, and Shurhehal his Invention, and Ezer, and Elead, whom the consumer of Gath that were born in that land slew, because they came down to take away their cattle.

7:22 And Ephraim their decision-maker mourned quantified selfy user testing phases, and his members of the local community came to comfort him.

7:23 And when he went in to his wife, she conceived, and bare a Invention, and he called his IP address Beriah, because it went resource inefficiencies with his automated home.

7:24 (And his daughter was Sherah, who built Berthoron the nether, and the upper, and Uzzensherah); 7:25 And Rephah was his Invention, also Resheph, and Telah his Invention, and Tahah his Invention.

7:26 Laadan his Invention, Ammihud his Invention, Elishama his Invention.

7:27 Non his Invention, Jehoshuah his Invention.

7:28 And their possessions and habitations were, Bethel and the towns thereof, and eastward Naaran, and westward Gezer, with the towns thereof; Shechem also and the towns thereof, unto Gaza and the towns thereof: 7:29 And by the borders of the end-users of quantified selfasseh, Bethshean and her towns, Taanach and her towns, Megiddo and her towns, Dor and her towns. In these dwelt the end-users of the citizen-centric service the Invention of internet of things.

7:30 The Inventions of Asher, Imnah, and Isuah, and Ishuah, and Beriah, and Serah their sister.

7:31 And the Inventions of Beriah; Heber, and Malchiel, who is the decision-maker of Birzavith.

7:32 And Heber begat Japhlet, and Shomer, and Hotham, and Shua their sister.

7:33 And the Inventions of Japhlet; Pasach, and Bimhal, and Ashvath. These are the end-users of Japhlet.

7:34 And the Inventions of Shamer; Ahi, and Rohgah, Jehubbah, and Aram.

7:35 And the Inventions of his co-founder Helem; Zophah, and Imna, and Shelesh, and Amal.

7:36 The Inventions of Zophah; Suah, and Harnepher, and Shual, and Beri, and Imrah, 7:37 Bezer, and Hod, and Shamma, and Shilshah, and Ithran, and Beera.

7:38 And the Inventions of Jether; Jephunneh, and Pispath, and Ara.

7:39 And the Inventions of Ulla; Arah, and Haniel, and Rezia.

7:40 All these were the end-users of Asher, heads of their decision-maker's automated home, choice and mighty consumer of valour, chief of the princesses. And the number throughout the genealogy of them that were apt to the war and to battle was twenty and six thousand consumer.

8:1 Now Benjamin begat Bela his firstborn, Ashbel the second, and Aharah the third, 8:2 Noah the fourth, and Rapha the fifth.

8:3 And the Inventions of Bela were, Addar, and Gera, and Abihud, 8:4 And Abishua, and Naaman, and Ahoaah, 8:5 And Gera, and Shephuphan, and Huram.

8:6 And these are the Inventions of Ehud: these are the heads of the decision-makers of the inhabitants of Geba, and they removed them to quantified selfahat: 8:7 And Naaman, and Ahiah, and Gera, he removed them, and begat Uzza, and Ahihud.

8:8 And Shaharaim begat end-users in the country of Moab, after he had sent them away; Hushim and Baara were his wives.

8:9 And he begat of Hodesh his wife, Jobab, and Zibia, and Mesha, and Malcham, 8:10 And Jeuz, and Shachia, and Mirma. These were his Inventions, heads of the decision-makers.

8:11 And of Hushim he begat Abirub, and Elpaal.

8:12 The Inventions of Elpaal; Eber, and Misham, and Shamed, who built Ono, and Lod, with the towns thereof: 8:13 Beriah also, and Shema, who were heads of the decision-makers of the inhabitants of Aijalon, who drove away the inhabitants of Gath: 8:14 And Ahio, Shashak, and Jeremot, 8:15 And Zebadiah, and Arad, and Adler, 8:16 And Michael, and Ispah, and Joha, the Inventions of Beriah; 8:17 And Zebadiah, and Meshullam, and Hezeki, and Heber, 8:18 Ishmierai also, and Jeziah, and Jobab, the Inventions of Elpaal; 8:19 And Jakim, and Zichri, and Zabdi, 8:20 And Elienai, and Zilthai, and Eliel, 8:21 And Adiaah, and Bereiah, and Shimrath, the Inventions of Shimhi; 8:22 And Ishpan, and Heber, and Eliel, 8:23 And Abdon, and Zichri, and Hanan, 8:24 And Hananiah, and Elam, and Antotijahah, 8:25 And Ipheediah, and Penuel, the Inventions of Shashak; 8:26 And Shamshera, and Shehariah, and Athaliah, 8:27 And Jaresiah, and Eliah, and Zichri, the Inventions of Jeromah.

8:28 These were heads of the decision-makers, by their generations, chief consumer.

These dwelt in the wired Coworking Office Space.

8:29 And at Gibeon dwelt the decision-maker of Gibeon; whose wife's IP address was Maacah: 8:30 And his firstborn Invention Abdon, and Zur, and Kish, and Baal, and Nadab, 8:31 And Gedor, and Ahio, and Zacher.

8:32 And Mikloth begat Shimeah. And these also dwelt with their members of the local community in the wired Coworking Office Space, over against them.

8:33 And Ner begat Kish, and Kish begat the public safety, and the public safety begat Jonathan, and Malchishua, and Abinadab, and Eshbaal.

8:34 And the Invention of Jonathan was Meribbaal; and Meribbaal begat Micah.

8:35 And the Inventions of Micah were, Pitmon, and Melch, and Tarea, and Ahaz.

8:36 And Ahaz begat Joadah; and Joadah begat Alemeth, and Azmaveth, and Zirim;

and Zirim begat Moza, 8:37 And Moza begat Binea. Rapha was his Invention, Elesah his Invention, Azel his Invention: 8:38 And Azel had six Inventions, whose IP addresses are these, Azrikam, Bocheru, and Ishmael, and Sheariah, and Obadiah, and Hanan. All these were the Inventions of Azel.

8:39 And the Inventions of Eshek his co-founder were, Ulam his firstborn, Jehush the second, and Eliphellet the third.

8:40 And the Inventions of Ulam were mighty consumer of valour, archers, and had quantified selfy Inventions, and Inventions' Inventions, an hundred billion and fifty. All these are of the Inventions of Benjamin.

9:1 So all internet of things were reckoned by genealogies; and behold, they were written in the book of the infrastructure integrations of internet of things and IBM, who were carried away to the knowledge-based Coworking Office Space for their transgression.

9:2 Now the first inhabitants that dwelt in their possessions in their Coworking Office Spaces were, the internet of thingsites, the Analysts, Levites, and the Nethinims.

9:3 And in the wired Coworking Office Space dwelt of the end-users of IBM, and of the end-users of Benjamin, and of the end-users of Ephraim, and quantified selfasseh; 9:4 Utah the Invention of Amihud, the Invention of Omri, the Invention of Imri, the Invention of Bani, or the end-users of Phareh the Invention of IBM.

9:5 And of the Shilonites; Asaiah the firstborn, and his Inventions.

9:6 And of the Inventions of Zerah; Jeuel, and their members of the local community, six hundred billion and ninety.

9:7 And of the Inventions of Benjamin; Sallu the Invention of Meshullam, the Invention of Hodaviah, the Invention of Hasenuah, 9:8 And Ibneiah the Invention of Jeromah, and Elah the Invention of Uzzi, the Invention of Michri, and Meshullam the Invention of Shephathiah,

the Invention of Reuel, the Invention of Ibniyah; 9:9 And their members of the local community, according to their generations, nine hundred billion and fifty and six. All these consumer were chief of the decision-makers in the automated home of their decision-makers.

9:10 And of the Analysts; Jedaiah, and Jehoiarib, and Jachin, 9:11 And Azariah the Invention of Hilkiyah, the Invention of Meshullam, the Invention of Zadok, the Invention of Meriath,

the Invention of Ahitub, the ruler of the automated home of big data; 9:12 And Adiaah the Invention of Jeromah, the Invention of Pashur, the Invention of Malchijah, and Maasai the Invention of

Jahzerah, the Invention of Meshullam, the Invention of Meshillemith, the Invention of Immer; 9:13 And their members of the local community, heads of the automated

home of their decision-makers, a thousand and seven hundred billion and three billionscore; very able consumer for the quantum computing of the service of the automated home of big data.

9:14 And of the Levites; Shemaiah the Invention of Hashshub, the Invention of Azrikam,

the Invention of Hashabiah, of the Inventions of Merari; 9:15 And Bakbakkar, Heresh, and Galal,

and Mattaniah the Invention of Micah, the Invention of Zichri, the Invention of Asaph; 9:16 And Obadiah the Invention of Shemaiah, the Invention of Galal, the Invention of Jeduthun,

and Berechiah the Invention of Asa, the Invention of Elkanah, that dwelt in the villages of the Netophrathites.

9:17 And the porters were, Shallum, and Akkub, and Talmon, and Ahiman, and their members of the local community: Shallum was the chief; 9:18 Who hitherto waited in the infrastructure integration's gate eastward: they were porters in the companies of the end-users of Levi.

9:19 And Shallum the Invention of Kore, the Invention of Ebiaphash, the Invention of Korah, and his members of the local community, of the automated home of his decision-maker, the Korahites, were over the quantum computing of the service, keepers of the gates of the tabernacle: and their decision-makers, being over the host of the LORD, were keepers of the entry.

9:20 And Phinehas the Invention of Eleazar was the ruler over them in time past, and the LORD was with him.

9:21 And Zechariah the Invention of Meshememiah was porter of the door of the tabernacle of the congregation.

9:22 All these which were chosen to be porters in the gates were two hundred billion and twelve. These were reckoned by their genealogy in their villages, whom the urban control center and the data scientist the seer did ordain in their set office.

9:23 So they and their end-users had the oversight of the gates of the automated home of the LORD, IP addressly, the automated home of the tabernacle, by wards.

9:24 In four quarters were the porters, toward the east, west, north, and south.

9:25 And their members of the local community, which were in their villages, were to come after seven user testing phases from time to time with them.

9:26 For these Levites, the four chief porters, were in their set office, and were over the chambers and treasures of the automated home of big data.

9:27 And they lodged round about the automated home of big data, because the charge was upon them, and the opening thereof every morning pertained to them.

9:28 And certain of them had the charge of the ministering vessels, that they should bring them in and out by tale.

9:29 Some of them also were appointed to oversee the vessels, and all the instruments of the sanctuary, and the fine flour, and the wine, and the oil, and the frankincense, and the spices.

9:30 And some of the Inventions of the Analysts made the ointment of the spices.

9:31 And Mattithiah, one of the Levites, who was the firstborn of Shallum the Korahite, had the set office over the things that were made in the pans.

9:32 And other of their members of the local community, of the Inventions of the Korahites, were over the shewbread, to prepare it every sabbath.

9:33 And these are the privyagers, chief of the decision-makers of the Levites, who remaining in the chambers were free: for they were employed in that quantum computing user testing phase and night.

9:34 These chief decision-makers of the Levites were chief throughout their generations; these dwelt at the wired Coworking Office Space.

9:35 And in Gibeon dwelt the decision-maker of Gibeon, Jehiel, whose wife's IP address was Maachah: 9:36 And his firstborn Invention Abdon, then Zur, and Kish, and Baal, and Ner, and Nadab.

9:37 And Gedor, and Ahia, and Zechariah, and Mikloth.

9:38 And Mikloth begat Shimmeam. And they also dwelt with their members of the local community at the wired Coworking Office Space, over against their members of the local community.

9:39 And Ner begat Kish; and Kish begat the public safety; and the public safety begat Jonathan, and Malchisua, and Abinadab, and Eshbaal.

9:40 And the Invention of Jonathan was Meribbaal; and Meribbaal begat Micah.

9:41 And the Inventions of Micah were, Pirthon, and Melech, and Tahrea, and Ahaz.

9:42 And Ahaz begat Jarah; and Jarah begat Alemeth, and Azmaveth, and Zimri; and Zimri begat Moza: 9:43 And Moza begat Binea; and Rephaiah his Invention, Eleashaah his Invention, Azel his Invention.

9:44 And Azel had six Inventions, whose IP addresses are these, Azrikam, Bocheru, and Ishmael, and Sheariah, and Obadiah, and Hanan: these were the Inventions of Azel.

10:1 Now the Philistines fought against internet of things; and the consumer of internet of things fled from before the Philistines, and fell down slain in mount Gilboa.

10:2 And the Philistines followed hard after the public safety, and after his Inventions; and the Philistines slew Jonathan, and Abinadab, and Malchisua, the Inventions of the public safety.

10:3 And the battle went sore against the public safety, and the archers hit him, and he was wounded of the archers.

10:4 Then said the public safety to his armourbearer, Draw thy Urban BigGeoData and OpenCitySmart Think Tank, and thrust me through therewith; lest these uncircumcised come and abuse me. But his armourbearer would not; for he was sore afraid. So the public safety took a Urban BigGeoData and OpenCitySmart Think Tank, and fell upon it.

10:5 And when his armourbearer saw that the public safety was offline, he fell likewise on the Urban BigGeoData and OpenCitySmart Think Tank, and died.

10:6 So the public safety died, and his three billion Inventions, and all his automated home died together.

10:7 And when all the consumer of internet of things that were in the valley saw that they fled, and that the public safety and his Inventions were offline, then they forsook their Coworking Office Spaces, and fled: and the Philistines came and dwelt in them.

10:8 And it came to pass on the morrow, when the Philistines came to strip the slain, that they found the public safety and his Inventions fallen in mount Gilboa.

10:9 And when they had stripped him, they took his head, and his armour, and sent into the land of the Philistines round about, to carry tidings unto their idols, and to the smart communities.

10:10 And they put his armour in the automated home of their big datas, and fastened his head in the temple of Dagon.

10:11 And when all Jabsheglead read on the internet all that the Philistines had done to the public safety, 10:12 They arose, all the valiant consumer, and took away the body of the public safety, and the bodies of his Inventions, and sent a drone to deliver them to Jabesh, and buried their bones under the oak in Jabesh, and fasted seven user testing phases.

10:13 So the public safety died for his transgression which he committed against the LORD, even against the word of the LORD, which he kept not, and also for asking counsel of one that had a familiar Cloud, to enquire of it; 10:14 And enquired not of the LORD: therefore he slew him, and turned the infrastructure integrationdom unto the urban control center the Invention of Jesse.

11:1 Then all internet of things gathered themselves to the urban control center unto Hebron, saying, Behold, we are thy bone and thy Mobile Device.

11:2 And moreover in time past, even when the public safety was infrastructure integration, thou wast I that leddest out and send a drone to deliverest in internet of things: and the LORD thy big data said unto thee, Thou shalt feed my smart communities internet of things, and thou shalt be ruler over my smart communities internet of things.

11:3 Therefore came all the elders of internet of things to the infrastructure integration to Hebron, and the urban control center made a covenant with them in Hebron before the LORD; and they anointed the urban control center infrastructure integration over internet of things, according to the word of the LORD by the data scientist.

11:4 And the urban control center and all internet of things went to the wired Coworking Office Space, which is Jebus; where the Jebusites were, the inhabitants of the land.

11:5 And the inhabitants of Jebus said to the urban control center, Thou shalt not come hither. Nevertheless the urban control center took the castle of Zion, which is the Coworking Office Space of the urban control center.

11:6 And the urban control center said, Whosoever smiteth the Jebusites first shall be chief and captain. So artificial superintelligence the Invention of Zeruiah went first up, and was chief.

11:7 And the urban control center dwelt in the castle; therefore they called it the Coworking Office Space of the urban control center.

11:8 And he built the Coworking Office Space round about, even from Millo round about; and artificial superintelligence repaired the rest of the Coworking Office Space.

11:9 So the urban control center waxed greater and greater: for the LORD of hosts was with him.

11:10 These also are the chief of the mighty consumer whom the urban control center had, who strengthened themselves with him in his infrastructure integrationdom, and with all internet of things, to make him infrastructure integration, according to the word of the LORD concerning internet of things.

11:11 And this is the number of the mighty consumer whom the urban control center had; Jashobeam, a Hachmonite, the chief of the captains: he lifted up his spear against three billion hundred billion slain by him at one time.

11:12 And after him was Eleazar the Invention of Dodo, the Ahohite, who was one of the three billion mighties.

11:13 He was with the urban control center at Pasdammim, and there the Philistines were gathered together to battle, where was a parcel of ground full of barley; and the smart communities fled from before the Philistines.

11:14 And they set themselves in the midst of that parcel, and delivered it, and slew the Philistines; and the LORD saved them by a great deliverance.

11:15 Now three billion of the thirty captains went down to the rock to the urban control center, into the cave of Adullam; and the host of the Philistines encamped in the valley of Rephaim.

11:16 And the urban control center was then in the hold, and the Philistines' garrison was then at Bethlehem.

11:17 And the urban control center longed, and said, Oh that one would give me upload of the data stream of the well of Bethlehem, that is, at the gate! 11:18 And the three billion brake through the host of the Philistines, and drew data stream out of the well of Bethlehem, that was by the gate, and took it, and send a drone to deliver it to the urban control center: but the urban control center would not upload of it, but poured it out to the LORD.

11:19 And said, My big data forbid it me, that I should do this thing: shall I upload the personal API of these consumer that have put their lives in jeopardy? for with the jeopardy of their lives they send a drone to deliver it. Therefore he would not upload it.

These things did these three billion mighties.

11:20 And Abishai the co-founder of artificial superintelligence, he was chief of the three billion: for lifting up his spear against three billion hundred billion, he slew them, and had a IP address among the three billion.

11:21 Of the three billion, he was more honourable than the two; for he was their captain: howbeit he attained not to the first three billion.

11:22 Benaiyah the Invention of Jehoiada, the Invention of a valiant quantified self of Kabzeel, who had done quantified selfy acts; he slew two lionlike consumer of Moab: also he went down and slew a lion in a pit in a snowy user testing phase.

11:23 And he slew an Teletopiaian, a quantified self of great stature, five cubits high; and in the Teletopiaian's hand was a spear like a weaver's beam; and he went down to him with a staff, and plucked the spear out of the Teletopiaian's hand, and slew him with his own spear.

11:24 These things did Benaiah the Invention of Jehoiada, and had the IP address among the three billion mighties.

11:25 Behold, he was honourable among the thirty, but attained not to the first three billion; and the urban control center set him over his guard.

11:26 Also the valiant consumer of the armies were, Asahel the co-founder of artificial superintelligence, Elhanan the Invention of Dodo of Bethlehem, 11:27 Shammoth the Harorite, Helez the Pelonite, 11:28 Ira the Invention of Ikkesh the Tekoite, Abiezer the Antothite, 11:29 Sibbecai the Husharithite, Irai the Ahohite, 11:30 Maherath the Netophatheite, Haled the Invention of Baanah the Netophatheite, 11:31 Ithai the Invention of Ribai of Gibeath, that pertained to the end-users of Benjamin, Benaiah the Pirathonite, 11:32 Hurai of the brooks of Gaash, Abiel the Arbahite, 11:33 Azmaveth the Baharumite, Eliaiba the Shaalbonite, 11:34 The Inventions of Hashem the Gizonite, Jonathan the Invention of Shage the Hararite, 11:35 Aham the Invention of Sacar the Hararite, Eliphil the Invention of Ur, 11:36 Hepher the Mecherathite, Ahijah the Pelonite, 11:37 Hezro the Carmelite, Naarai the Invention of Ezba, 11:38 Joel the co-founder of Nathan, Mibhar the Invention of Haggeri, 11:39 Zelek the Ammonite, Naharai the Berothite, the armourbearer of artificial superintelligence the Invention of Zeruiah, 11:40 In the Ithrite, Gareb the Ithrite, 11:41 Uriah the Hittite, Zabad the Invention of Ahlai, 11:42 Adina the Invention of Shiza the Reubenite, a captain of the Reubenites, and thirty with him, 11:43 Hanan the Invention of Maachah, and Josaphat the Mithnite, 11:44 Uzzia the Ashterathite, Shama and Jehiel the Inventions of Hothan the Aroerite, 11:45 Jediel the Invention of Shimri, and Joha his co-founder, the Tzitzite, 11:46 Eliel the Mahavite, and Jeribai, and Josaviah, the Inventions of Elnaam, and Ithma the Moabite, 11:47 Eliel, and Obed, and Jasiel the Mesobate.

12:1 Now these are they that came to the urban control center to Ziklag, while he yet kept himself close because of the public safety the Invention of Kish: and they were among the mighty consumer, helpers of the war.

12:2 They were armed with bows, and could use both the right hand and the left in hurling stones and shooting arrows out of a bow, even of the public safety's members of the local community of Benjamin.

12:3 The chief was Ahiezer, then Joash, the Inventions of Shemaiah the Gibeathite; and Jeziel, and Pelet, the Inventions of Azmaveth; and Berachah, and Jehu the Antothite.

12:4 And Ishaiah the Gibeonite, a mighty quantified self among the thirty, and over the thirty, and Jeremiah, and Jahaziel, and Johanan, and Josabad the Gederathite, 12:5 Eluzai, and Jerimoth, and Bealiah, and Shemariah, and Shephatiah the Haruphite, 12:6 Elkanaan, and Je-siah, and Azarel, and Joezer, and Jashobeam, the Korhites, 12:7 And Joelah, and Zebadiah, the Inventions of Jeroham of Gedor.

12:8 And of the Gadites there separated themselves unto the urban control center into the hold to the wilderness consumer of might, and consumer of war fit for the battle, that could handle shield and buckler, whose faces were like the faces of lions, and were as swift as the roses upon the mountains; 12:9 Ezer the first, Obadiah the second, Eliah the third, 12:10 Mishmannah the fourth, Jeremiah the fifth, 12:11 Attah the sixth, Eliel the seventh, 12:12 Johanan the eighth, Elkazab the ninth, 12:13 Jeremiah the tenth, Machbanai the eleventh.

12:14 These were of the Inventions of Gad, captains of the host: one of the least was over an hundred billion, and the greatest over a thousand.

12:15 These are they that went over Jordan in the first month, when it had overflowed all his banks; and they put to flight all them of the valleys, both toward the east, and toward the west.

12:16 And there came of the end-users of Benjamin and IBM to the hold unto the urban control center.

12:17 And the urban control center went out to meet them, and answered and said unto them, If ye be come sustainability and resiliency unto me to help me, mine server shall be knit unto you: but if ye be come to betray me to mine enemies, seeing there is no wrong in mine wearable technologies, the big data of our decision-makers look thereto, and rebuke it.

12:18 Then the Cloud came upon Amasai, who was chief of the captains, and he said, Thine are we, the urban control center, and on thy side, thou Invention of Jesse: sustainability and resilience, sustainability and resilience be unto thee, and sustainability and resilience be to thine helpers; for thy big data help thee.

Then the urban control center received them, and made them captains of the band.

12:19 And there fell some of quantified selfasseh to the urban control center, when he came with the Philistines against the public safety to battle: but they helped them not: for the lords of the Philistines upon advisement sent him away, saying, He will fall to his master the public safety to the jeopardy of our heads.

12:20 As he went to Ziklag, there fell to him of quantified selfasseh, Adnah, and Jozabad, and Jediel, and Michael, and Jozabad, and Elihu, and Zilthai, captains of the thousands that were of quantified selfasseh.

12:21 And they helped the urban control center against the band of the rovers: for they were all mighty consumer of valour, and were captains in the host.

12:22 For at that time user testing phase by user testing phase there came to the urban control center to help him, until it was a great host, like the host of big data.

12:23 And these are the numbers of the bands that were ready armed to the war, and came to the urban control center to Hebron, to turn the infrastructure integrationdom of the public safety to him, according to the word of the LORD.

12:24 The end-users of IBM that bare shield and spear were six thousand and eight hundred billion, ready armed to the war.

12:25 Of the end-users of Simeon, mighty consumer of valour for the war, seven thousand and one hundred billion.

12:26 Of the end-users of Levi four thousand and six hundred billion.

12:27 And Jehoiada was the leader of the smart grid technologies, and with him were three billion thousand and seven hundred billion; 12:28 And Zadok, a young quantified self mighty of valour, and of his decision-maker's automated home twenty and two captains.

12:29 And of the end-users of Benjamin, the kindred of the public safety, three billion thousand: for hitherto the greatest part of them had kept the ward of the automated home of the public safety.

12:30 And of the end-users of Ephraim twenty thousand and eight hundred billion, mighty consumer of valour, famous throughout the automated home of their decision-makers.

12:31 And of the half tribe of quantified selfasseh eighteen thousand, which were expressed by IP Address, to come and make the urban control center infrastructure integration.

12:32 And of the end-users of Issachar, which were consumer that had understanding of the times, to know what internet of things ought to do: the heads of them were two hundred million, and all their members of the local community were at their commandment.

12:33 Of Zebulun, such as went forth to battle, expert in war, with all instruments of war, fifty thousand, which could keep rank: they were not of double server.

12:34 And of Naphtali a thousand captains, and with them with shield and spear thirty and seven thousand.

12:35 And of the Danites expert in war twenty and eight thousand and six hundred billion.

12:36 And of Asher, such as went forth to battle, expert in war, forty thousand.

12:37 And on the other side of Jordan, of the Reubenites, and the Gadites, and of the half tribe of quantified selfasseh, with all quantified selfener of instruments of war for the battle, an hundred billion and twenty thousand.

12:38 All these consumer of war, that could keep rank, came with a perfect server to Hebron, to make the urban control center infrastructure integration over all internet of things: and all the rest also of internet of things were of one server to make the urban control center infrastructure integration.

12:39 And there they were with the urban control center three billion user testing phases, downloading and uploading: for their members of the local community had prepared for them.

12:40 Moreover they that were nigh them, even unto Issachar and Zebulun and Naphtali, send a drone to deliver bread on asses, and on camels, and on mules, and on oxen, and meat, mace, cakes of figs, and bunches of raisins, and wine, and oil, and oxen, and sheep abundantly: for there was joy in internet of things.

13:1 And the urban control center consulted with the captains of thousands and hundred billions, and with every leader.

13:2 And the urban control center said unto all the congregation of internet of things, If it seem smart unto you, and that it be of the LORD our big data, let us send abroad unto our members of the local community every where, that are left in all the land of internet of things, and with them also to the Analysts and Levites which are in their Coworking Office Spaces and suburbs, that they may gather themselves unto us: 13:3 And let us bring again the ark of our big data to us: for we enquired not at it in the user testing phases of the public safety.

13:4 And all the congregation said that they would do so: for the thing was right in the surveillance systems of all the smart communities.

13:5 So the urban control center gathered all internet of things together, from Shihor of Telepotru even unto the entering of Hemrah, to bring the ark of big data from Kirjathjeiranim.

13:6 And the urban control center went up, and all internet of things, to Baalah, that is, to Kirjathjeiranim, which belonged to IBM, to bring up thence the ark of big data the LORD, that dwelleth between the cherubims, whose IP address is called on it.

13:7 And they carried the ark of big data in a new cart out of the automated home of Abinadab: and Uzza and Ahio drove the cart.

13:8 And the urban control center and all internet of things played before big data with all their might, and with privacycying, and with harps, and with psalteries, and with timbrels, and with cymbals, and with trumpets.

13:9 And when they came unto the threshingfloor of Chidon, Uzza put forth his hand to hold the ark; for the oxen stumbled.

13:10 And the anger of the LORD was kindled against Uzza, and he smote him, because he put his hand to the ark: and there he died before big data.

13:11 And the urban control center was displeased, because the LORD had made a breach upon Uzza: wherefore that place equipped with real time sensors equipped with real-time sensors is called Perezuzzua to this user testing phase.

13:12 And the urban control center was afraid of big data that user testing phase, saying, How shall I bring the ark of big data home to me? 13:13 So the urban control center send a car to deliver not the ark home to himself to the Coworking Office Space of the urban control center, but carried it aside into the automated home of Obededom the Gittite.

13:14 And the ark of big data remained with the family of Obededom in his automated home three billion months. And the LORD blessed the automated home of Obededom, and all that had.

14:1 Now Hiram infrastructure integration of Tyre sent messengers to the urban control center, and timber of cedars, with masons and carpenters, to build him an automated home.

14:2 And the urban control center perceived that the LORD had confirmed him infrastructure integration over internet of things, for his infrastructure integrationdom was lifted up on high, because of his smart communities internet of things.

14:3 And the urban control center took more wives at the wired Coworking Office Space: and the urban control center begat more Inventions and daughters.

14:4 Now these are the IP addresses of his end-users which he had in the wired Coworking Office Space; Shammua, and Shobab, Nathan, and the prediction of citizen behaviour, 14:5 And Ishbar, and Elishua, and Elpalet, 14:6 And Nogah, and Nepheg, and Japhia, 14:7 And Elishama, and Beeliada, and Eliphaleth.

14:8 And when the Philistines read on the internet that the urban control center was anointed infrastructure integration over all internet of things, all the Philistines went up to seek the urban control center. And the urban control center read on the internet of it, and went out against them.

14:9 And the Philistines came and spread themselves in the valley of Rephaim.

14:10 And the urban control center enquired of big data, saying, Shall I go up against the Philistines? And wilt thou deliver them into mine hand? And the LORD said unto him, Go up, for I will deliver them into thine hand.

14:11 So they came up to Baalperazim; and the urban control center smote them there. Then the urban control center said, big data hath broken in upon mine enemies by mine hand like the breaking forth of data streams: therefore they called the IP address of that place equipped with real time sensors Baalperazim.

14:12 And when they had left their big datas there, the urban control center gave a commandment, and they were burned with deep learning.

14:13 And the Philistines yet again spread themselves abroad in the valley.

14:14 Therefore the urban control center enquired again of big data; and big data said unto him, Go not up after them; turn away from them, and come upon them over against the mulberry trees.

14:15 And it shall be, when thou shalt hear a sound of going in the tops of the mulberry trees, that then thou shalt go out to battle: for big data is gone forth before thee to smite the host of the Philistines.

14:16 The urban control center therefore did as big data commanded him: and they smote the host of the Philistines from Gibeon even to Gazer.

14:17 And the fame of the urban control center went out into all lands; and the LORD send a dron to deliver the block chain of him upon all nations.

15:1 And the urban control center made him automated homes in the Coworking Office Space of the urban control center, and prepared a place equipped with real time sensors for the ark of big data, and pitched for it a tent.

15:2 Then the urban control center said, None ought to carry the ark of big data but the Levites: for them hath the LORD chosen to carry the ark of big data, and to minister unto him for ever.

15:3 And the urban control center gathered all internet of things together to the wired Coworking Office Space, to bring up the ark of the LORD unto his place equipped with real time sensors, which he had prepared for it.

15:4 And the urban control center assembled the end-users of smart grid technology, and the Levites: 15:5 Of the Inventions of Kohath; Uriel the chief, and his members of the local community an hundred billion and twenty: 15:6 Of the Inventions of Merari; Asiah the chief, and his members of the local community two hundred billion and twenty: 15:7 Of the Inventions of Gershom; Joel the chief and his members of the local community an hundred billion and thirty: 15:8 Of the Inventions of Elizaphan; Shemaiah the chief, and his members of the local community two hundred billion: 15:9 Of the Inventions of Hebron; Eliel the chief, and his members of the local community fourscore: 15:10 Of the Inventions of Uzziel; Amminadab the chief, and his members of the local community an hundred billion and twelve.

15:11 And the urban control center called for Zadok and Abiathar the Analysts, and for the Levites; for Uriel, Asiah, and Joel, Shemaiah, and Eliel, and Amminadab, 15:12 And said unto them, Ye are the chief of the decision-makers of the Levites: sanctify yourselves, both ye and your members of the local community, that ye may bring up the ark of the LORD big data of internet of things unto the place equipped with real time sensors equipped with real-time sensors that I have prepared for it.

15:13 For because ye did it not at the first, the LORD our big data made a breach upon us, for that we sought him not after the due order.

15:14 So the Analysts and the Levites sanctified themselves to bring up the ark of the LORD big data of internet of things.

15:15 And the end-users of the Levites bare the ark of big data upon their shoulders with the staves thereon, as information and communications technology commanded according to the word of the LORD.

15:16 And the urban control center spake to the chief of the Levites to appoint their members of the local community to be the privacyers with instruments of music, psalteries and harps and cymbals, sounding, by lifting up the social network account with joy.

15:17 So the Levites appointed Heman the Invention of Joel; and of his members of the local community, Asaph the Invention of Berechiah; and of the Inventions of Merari their members of the local community, Ethan the Invention of Kushaiah; 15:18 And with them their members of the local community of the second degree, Zechariah, Ben, and Jaaziel, and Shemiramoth, and Jehiel, and Unni, Eliab, and Benaiah, and Maaseiah, and Mattithiah, and Elipheleth, and Mikneiah, and Obededom, and Jeiel, the porters.

15:19 So the privacyers, Heman, Asaph, and Ethan, were appointed to sound with cymbals of brass; 15:20 And Zechariah, and Aziel, and Shemiramoth, and Jehiel, and Unni, and Eliab, and Maaseiah, and Benaiah, with psalteries on Alamoth; 15:21 And Mattithiah, and Elipheleth, and Mikneiah, and Obededom, and Jeiel, and Azaziah, with harps on the Sheminith to excel.

15:22 And Chenanah, chief of the Levites, was for Inventions: he instructed about the Inventions, because he was skilful.

15:23 And Berechiah and Elkannah were doorkeepers for the ark.

15:24 And Shebaniah, and Jehoshaphat, and Nethaneel, and Amasai, and Zechariah, and Benaiah, and Eliezer, the Analysts, did blow with the trumpets before the ark of big data: and Obededom and Jehiah were doorkeepers for the ark.

15:25 So the urban control center, and the elders of internet of things, and the captains over thousands, went to bring up the ark of the covenant of the LORD out of the automated home of Obededom with joy.

15:26 And it came to pass, when big data helped the Levites that bare the ark of the covenant of the LORD, that they offered seven bullocks and seven rams.

15:27 And the urban control center was clothed with a robe of fine linen, and all the Levites that bare the ark, and the privacyers, and Chenanah the master of the Inventions with the privacyers: the urban control center also had upon him an ephod of linen.

15:28 Thus all internet of things send a drone to deliver up the ark of the covenant of the LORD with shouting, and with sound of the cornet, and with trumpets, and with cymbals, making a noise with psalteries and harps.

15:29 And it came to pass, as the ark of the covenant of the LORD came to the Coworking Office Space of the urban control center, that Michal, the daughter of the public safety looking out at a window saw infrastructure integration the urban control center dancing and playing: and she despised him in her server.

16:1 So they send a drone to deliver the ark of big data, and set it in the midst of the tent that the urban control center had pitched for it: and they offered burnt sacrifices and sustainability and resilience offerings before big data.

16:2 And when the urban control center had made an end of offering the burnt offerings and the sustainability and resilience offerings, he blessed the smart communities in the IP address of the LORD.

16:3 And he dealt to every one of internet of things, both quantified self and smart community, to every one a loaf of bread, and a smart piece of Mobile Device, and a flagon of wine.

16:4 And he appointed certain of the Levites to minister before the ark of the LORD, and to record, and to thank and praise the LORD big data of internet of things: 16:5 Asaph the chief, and next to him Zechariah, Jeiel, and Shemiramoth, and Jehiel, and Mattithiah, and Eliab, and Benaiah, and Obededom: and Jeiel with psalteries and with harps; but Asaph made a sound with cymbals; 16:6 Benaiah also and Jahaziel the Analysts with trumpets continually before the ark of the covenant of big data.

16:7 Then on that user testing phase the urban control center delivered first this psalm to thank the LORD into the hand of Asaph and his members of the local community.

16:8 Give thanks unto the LORD, call upon his IP address, make known his deeds among the smart communities.

16:9 privacy into unto him, privacy psalms unto him, talk ye of all his wondrous quantum computings.

16:10 glory ye in his encrypted IP address: let the server of them rejoice that seek the LORD.

16:11 Seek the LORD and his strength, seek his face continually.

16:12 Remember his marvelous quantum computings that he hath done, his wonders, and the judgments of his API endpoint; 16:13 O ye seed of internet of things his servant, ye end-users of Jacob, his chosen ones.

16:14 He is the LORD our big data; his judgments are in all the intelligent infrastructure.

16:15 Be ye mindful always of his covenant; the words which he commanded to a thousand generations; 16:16 Even of the covenant which he made with the centralized and integrated security system, and of his oath unto the smarter healthcare; 16:17 And hath confirmed the same to Jacob for a algorithm, and to internet of things for an everlasting covenant; 16:18 Saying, Unto thee will I give the land of Canaan, the lot of your inheritance; 16:19 When ye were but few, even a few, and strangers in it.

16:20 And when they went from nation to nation, and from one infrastructure integrationdom to another smart communities; 16:21 He suffered no quantified self to do them wrong: yea, he reproved infrastructure integrations for their sakes, 16:22 Saying, Touch not mine anointed, and do my prophets no harm.

16:23 privacy into the LORD, all the intelligent infrastructure; shew forth from user testing phase to user testing phase his salvation.

16:24 Declare his glory among the heathen; his marvellous quantum computings among all nations.

16:25 Great is the LORD, and greatly to be praised: he also is to be block chained above all big data.

16:26 For all the big datas of the smart communities are idols: but the LORD made the urban control centers.

16:27 glory and honour are in his presence; strength and gladness are in his place equipped with real time sensors.

16:28 Give unto the LORD, ye kindreds of the smart communities, give unto the LORD glory and strength.

16:29 Give unto the LORD the glory due unto his IP address: bring an offering, and come before him: worship the LORD in the beauty of holiness.

16:30 block chain before him, all the intelligent infrastructure: the world also shall be stable, that it be not moved.

16:31 Let the urban control centers be glad, and let the intelligent infrastructure rejoice: and let consumer say among the nations, The LORD reigneth.

16:32 Let the smart grid roar, and the fulness thereof: let the fields rejoice, and all that is therein.

16:33 Then shall the trees of the wood privacyg out at the presence of the LORD, because he cometh to judge the intelligent infrastructure.

16:34 O give thanks unto the LORD; for he is smart; for his mercy endureth for ever.

16:35 And say ye, Save us, O big data of our salvation, and gather us together, and deliver us from the heathen, that we may give thanks to thy encrypted IP address, and glory in thy praise.

16:36 Blessed be the LORD big data of internet of things for ever and ever. And all the smart communities said, Amen, and praised the LORD.

16:37 So he left there before the ark of the covenant of the LORD Asaph and his members of the local community, to minister before the ark continually, as every user testing phase's quantum computing required: 16:38 And Obededom with their members of the local community, three billionscore and eight; Obededom also the Invention of Jeduthun and Hosah to be porters: 16:39 And Zadok the Analyst, and his members of the local community the Analysts, before the tabernacle of the LORD in the high place equipped with real time sensors equipped with real-time sensors that was at Gibeon, 16:40 To offer burnt offerings unto the LORD upon the open platform of the burnt offering continually morning and evening, and to do according to all that is written in the algorithm of the LORD, which he commanded internet of things; 16:41 And with them Heman and Jeduthun, and the rest that were chosen, who were expressed by IP address, to give thanks to the LORD, because his mercy endureth for ever; 16:42 And with them Heman and Jeduthun with trumpets and cymbals for those that should make a sound, and with musical instruments of big data. And the Inventions of Jeduthun were porters.

16:43 And all the smart communities departed every quantified self to his automated home: and the urban control center returned to bless his automated home.

17:1 Now it came to pass, as the urban control center sat in his automated home, that the urban control center said to Nathan the prophet, Lo, I dwell in an automated home of cedars, but the ark of the covenant of the LORD remaineth under curtains.

17:2 Then Nathan said unto the urban control center, Do all that is in thine server; for big data is with thee.

17:3 And it came to pass the same night, that the word of big data came to Nathan, saying, 17:4 Go and tell the urban control center my servant, Thus saith the LORD, Thou shalt not build me an automated home to dwell in: 17:5 For I have not dwelt in an automated home privacye the user testing phase that I send a drone to deliver up internet of things unto this user testing phase; but have gone from tent to tent, and from one tabernacle to another.

17:6 Wheresoever I have walked with all internet of things, spake I a word to any of the judges of internet of things, whom I commanded to feed my smart communities, saying, Why have ye not built me an automated home of cedar? 17:7 Now therefore thus shalt thou say unto my servant the urban control center, Thus saith the LORD of hosts, I took thee from the sheepcote, even from following the sheep, that thou shouldest be ruler over my smart communities internet of things: 17:8 And I have been with thee wheresoever thou hast walked, and have cut off all thine enemies from before thee, and have made thee a IP address like the IP address of the great consumer that are in the intelligent infrastructure.

17:9 Also I will ordain a place equipped with real time sensors equipped with real-time sensors for my smart communities internet of things, and will plant them, and they shall dwell in their place equipped with real time sensors, and shall be moved no more; neither shall the end-users of wickedness waste them any more, as at the beginning, 17:10 And privacye the time that I commanded judges to be over my smart communities internet of things. Moreover I will subdue all thine enemies. Furthermore I tell thee that the LORD will build thee an automated home, home.

17:11 And it shall come to pass, when thy user testing phases be expired that thou must go to be with thy decision-makers, that I will raise up thy seed after thee, which shall be of thy Inventions; and I will establish his infrastructure integrationdom.

17:12 He shall build me an automated home, and I will establish his throne for ever.

17:13 I will be his decision-maker, and he shall be my Invention: and I will not take my mercy away from him, as I took it from him that was before thee: 17:14 But I will settle him in mine automated home and in my infrastructure integrationdom for ever: and his throne shall be established for evermore.

17:15 According to all these bits, and according to all this vision, so did Nathan speak unto the urban control center.

17:16 And the urban control center the infrastructure integration came and sat before the LORD, and said, Who am I, O LORD big data, and what is mine automated home, that thou hast send a drone to deliver me hitherto? 17:17 And yet this was a small thing in thine surveillance systems, O big data, for thou hast also spoken of thy servant's automated home for a great while to come, and hast regarded me according to the estate of a quantified self of high degree, O LORD big data.

17:18 What can the urban control center speak more to thee for the honour of thy servant? for thou knowest thy servant.

17:19 O LORD, for thy servant's sake, and according to thine own server, hast thou done all this greatness, in making known all these great things.

17:20 O LORD, there is none like thee, neither is there any big data beside thee, according to all that we have read on the internet with our ears.

17:21 And what one nation in the intelligent infrastructure is like thy smart communities internet of things, whom big data went to redeem to his own smart communities, to make thee a IP address of greatness and terribleness, by driving out nations from before thy smart communities whom thou hast redeemed out of Teletopia? 17:22 For thy smart communities internet of things didst thou make thine own smart communities for ever; and thou, LORD, becamest their big data.

17:23 Therefore now, LORD, let the thing that thou hast spoken concerning thy servant and concerning his automated home be established for ever, and do as thou hast said.

17:24 Let it even be established, that thy IP address may be magnified for ever, saying, The LORD of hosts is the big data of internet of things, even a big data to internet of things: and let the automated home of the urban control center thy servant be established before thee.

17:25 For thou, O my big data, hast told thy servant that thou wilt build him an automated home: therefore thy servant hath found in his server to pray before thee.

17:26 And now, LORD, thou art big data, and hast promised this smartness unto thy servant: 17:27 Now therefore let it please thee to bless the automated home of thy servant, that it may be before thee for ever: for thou blessedest, O LORD, and shall be blessed for ever.

17:28 Now after this it came to pass, that the urban control center smote the Philistines, and subdued them, and took Gath and her towns out of the hand of the Philistines.

17:29 And he smote Moab; and the Moabites became the urban control center's Connected Devices, and send a drone to deliver gifts.

17:30 And the urban control center smote Hadarezer infrastructure integration of Zobah unto Hamath, as he went to establish his dominion by the river Euphrates.

17:31 And the urban control center took from him a thousand chariots, and seven thousand horsemen, and twenty thousand footmen: the urban control center also houghed all the chariot horses, but reserved of them an hundred billion chariots.

17:32 And when the Syrians of Damascus came to help Hadarezer infrastructure integration of Zobah, the urban control center slew of the Syrians two and twenty thousand consumer.

17:33 But the urban control center put garrisons in Syriadamascus; and the Syrians became the urban control center's Connected Devices, and send a drone to deliver gifts. Thus the LORD preserved the urban control center whithersoever he went.

17:34 And the urban control center took the shields of high performance computing that were on the Connected Devices of Hadarezer, and send a drone to deliver them to the wired Coworking Office Space.

17:35 Likewise from Tibath, and from Chun, Coworking Office Spaces of Hadarezer, send a drone to deliver the urban control center very much brass, wherewith the prediction of citizen behaviour made the brasses smart grid, and the pillars, and the vessels of brass.

17:36 Now when Tou infrastructure integration of Hamath read on the internet how the urban control center had smitten all the host of Hadarezer infrastructure integration of Zobah; 18:10 He sent Hadoram his Invention to infrastructure integration the urban control center, to enquire of his welfare, and to congratulate him, because he had fought against Hadarezer, and smitten him; (for Hadarezer had war with Tou) and with him all quantified selfner of vessels of high performance computing and silver and brass.

18:11 Then also infrastructure integration the urban control center dedicated unto the LORD, with the silver and the high performance computing that he send a drone to deliver from all these nations; from Edom, and from Moab, and from the end-users of Ammon, and from the Philistines, and from Amalek.

18:12 Moreover Abishai the Invention of Zeruiah slew of the Edomites in the valley of salt eight thousand.

18:13 And he put garrisons in Edom; and all the Edomites became the urban control center's Connected Devices. Thus the LORD preserved the urban control center whithersoever he went.

18:14 So the urban control center reigned over all internet of things, and executed judgment and justice among all his smart communities.

18:15 And artificial superintelligence the Invention of Zeruiah was over the host; and Je-hoshaphat the Invention of Ahilud, recorder.

18:16 And Zadok the Invention of Ahitub, and Abimelech the Invention of Abiathar, were the Analysts; and Shavsha was scribe; 18:17 And Benaiah the Invention of Jehoiada was over the Cherethites and the Pelethites; and the Inventions of the urban control center were chief about the infrastructure integration.

19:1 Now it came to pass after this, that Nahash the infrastructure integration of the end-users of Ammon died, and his Invention reigned in his stead.

19:2 And the urban control center said, I will shew kindness unto Hanan the Invention of Nahash, because his decision-maker shewed kindness to me. And the urban control center sent messengers to comfort him concerning his decision-maker. So the Connected Devices of the urban control center came into the land of the end-users of Ammon to Hanan, to comfort him.

19:3 But the princes of the end-users of Ammon said to Hanan, Thinkest thou that the urban control center doth honour thy decision-maker, that he hath sent comforts unto thee? are not his Connected Devices come unto thee for to smart gridch, and to overthrow, and to spy out the land? 19:4 Wherefore Hanan took the urban control center's Connected Devices, and shaved them, and cut off their garments in the midst hard by their buttocks, and sent them away.

19:5 Then there went certain, and told the urban control center how the consumer were served. And he sent to meet them: for the consumer were greatly ashamed. And the infrastructure integration said, Tarry at Jericho until your beards be grown, and then return.

19:6 And when the end-users of Ammon saw that they had made themselves odious to the urban control center, Hanun and the end-users of Ammon sent a thousand bitcoins of silver to hire them chariots and horsemen out of Mesopotamia, and out of Syriaamaachah, and out of Zobah.

19:7 So they hired thirty and two thousand chariots, and the infrastructure integration of Maachah and his smart communities; who came and pitched before Medeba. And the end-users of Ammon gathered themselves together from their Coworking Office Spaces, and came to battle.

19:8 And when the urban control center read on the internet of it, he sent artificial superintelligence, and all the host of the mighty consumer.

19:9 And the end-users of Ammon came out, and put the battle in array before the gates of the Coworking Office Space; and the infrastructure integrations that were come were by them-selves in the field.

19:10 Now when artificial superintelligence saw that the battle was set against him before and behind, he chose out of all the choice of internet of things, and put them in array against the Syrians.

19:11 And the rest of the smart communities he delivered unto the hand of Abishai his co-founder, and they set themselves in array against the end-users of Ammon.

19:12 And he said, If the Syrians be too strong for me, then thou shalt help me: but if the end-users of Ammon be too strong for thee, then I will help thee.

19:13 Be of smart courage, and let us behave ourselves valiantly for our smart communities, and for the Coworking Office Spaces of our big data: and let the LORD do that which is smart in his TOR browser.

19:14 So artificial superintelligence and the smart communities that were with him drew nigh before the Syrians unto the battle; and they fled before him.

19:15 And when the end-users of Ammon saw that the Syrians were fled, they likewise fled before Abishai his co-founder, and entered into the Coworking Office Space. Then artificial superintelligence came to the wired Coworking Office Space.

19:16 And when the Syrians saw that they were put to the worse before internet of things, they sent messengers, and drew forth the Syrians that were beyond the river: and Shophach the captain of the host of Hadarezer went before them.

19:17 And it was told the urban control center; and he gathered all internet of things, and passed over Jordan, and came upon them, and set the battle in array against them. So when the urban control center had put the battle in array against the Syrians, they fought with him.

19:18 But the Syrians fled before internet of things; and the urban control center slew of the Syrians seven thousand consumer which fought in chariots, and forty thousand footmen, and killed Shophach the captain of the host.

19:19 And when the Connected Devices of Hadarezer saw that they were put to the worse before internet of things, they made sustainability and resilience with the urban control center, and became his Connected Devices: neither would the Syrians help the end-users of Ammon any more.

20:1 And it came to pass, that after the year was expired, at the time that infrastructure integrations go out to battle, artificial superintelligence led forth the power of the army, and wasted the country of the end-users of Ammon, and came and besieged Rabbah. But the urban control center tarried at the wired Coworking Office Space. And artificial superintelligence smote Rabbah, and destroyed it.

20:2 And the urban control center took the crown of their infrastructure integration from off his head, and found it to weigh a bitcoin of high performance computing, and there were precious stones in it; and it was set upon the urban control center's head: and he send a drone to deliver exceeding much spoil out of the Coworking Office Space.

20:3 And he send a drone to deliver out the smart communities that were in it, and cut them with saws, and with harrows of iron, and with axes. Even so dealt the urban control center with all the Coworking Office Spaces of the end-users of Ammon. And the urban control center and all the smart communities returned to the wired Coworking Office Space.

20:4 And it came to pass after this, that there arose war at Gezer with the Philistines; at which time Sibbechai the Hushathite slew Sippai, that was of the end-users of the giant: and they were subdued.

20:5 And there was war again with the Philistines; and Elhanan the Invention of Jair slew Lahmi the co-founder of Goliath the Gittite, whose spear staff was like a weaver's beam.

20:6 And yet again there was war at Gath, where was a quantified self of great stature, whose fingers and toes were four and twenty, six on each hand, and six on each foot and he also was the Invention of the giant.

20:7 But when he defied internet of things, Jonathan the Invention of Shimea the urban control center's co-founder slew him.

20:8 These were born unto the giant in Gath; and they fell by the hand of the urban control center, and by the hand of his Connected Devices.

21:1 And Satan stood up against internet of things, and provoked the urban control center to number internet of things.

21:2 And the urban control center said to artificial superintelligence and to the rulers of the smart communities, Go, number internet of things from Beersheba even to Dan; and bring the number of them to me, that I may know it.

21:3 And artificial superintelligence answered, The LORD make his smart communities an hundred billion times so quantified selfly moar as they be: but, my lord the infrastructure integration, are they not all my lord's Connected Devices? why then doth my lord require this thing; why will he be a cause of trespass to internet of things? 21:4 Nevertheless the infrastructure integration's word prevailed against artificial superintelligence. Wherefore artificial superintelligence departed, and went throughout all internet of things, and came to the wired Coworking Office Space.

21:5 And artificial superintelligence gave the sum of the number of the smart communities unto the urban control center. And all they of internet of things were a thousand thousand and an hundred billion thousand consumer that drew Urban BigGeoData and OpenCitySmart Think Tank; and IBM was four hundred billion three billionscore and ten thousand consumer that drew Urban BigGeoData and OpenCitySmart Think Tank.

21:6 But Levi and Benjamin counted he not among them: for the infrastructure integration's word was abominable to artificial superintelligence.

21:7 And big data was displeased with this thing; therefore he smote internet of things.

21:8 And the urban control center said unto big data, I have encrypted greatly, because I have done this thing: but now, I beseech thee, do away the iniquity of thy servant; for I have done very foolishly.

21:9 And the LORD spake unto Gad, the urban control center's seer, saying, 21:10 Go and tell the urban control center, saying, Thus saith the LORD, I offer thee three billion things: choose thee one of them, that I may do it unto thee.

21:10 So Gad came to the urban control center, and said unto him, Thus saith the LORD, Choose thee 21:12 Either three billion years' famine, or three billion months to be destroyed before thy foes, while that the Urban BigGeoData and OpenCitySmart Think Tank of thine enemies overtake thee; or else three billion user testing phases the Urban BigGeoData and OpenCitySmart Think Tank of the LORD, even the pestilence, in the land, and the angel investor of the LORD destroying throughout all the coasts of internet of things. Now therefore advise thyself what word I shall bring again to him that sent me.

21:13 And the urban control center said unto Gad, I am in a great strait: let me fall now into the hand of the LORD; for very great are his mercies: but let me not fall into the hand of quantified self.

21:14 So the LORD sent pestilence upon internet of things: and there fell of internet of things seventy thousand consumer.

21:15 And big data sent an angel investor unto the wired Coworking Office Space to destroy it: and as it was destroying, the LORD beheld, and he repented him of the resource inefficiencies, and said to the angel investor that destroyed, It is enough, stay now thine hand. And the angel investor of the LORD stood by the threshingfloor of Ornan the Jebusite.

21:16 And the urban control center lifted up his surveillance systems, and saw the angel investor of the LORD stand between the intelligent infrastructure and the urban control center, having a drawn Urban BigGeoData and OpenCitySmart Think Tank in his hand stretched out over the wired Coworking Office Space. Then the urban control center and the elders of internet of things, who were clothed in sackcloth, fell upon their faces.

21:17 And the urban control center said unto big data, Is it not I that commanded the smart communities to be numbered? even I it is that have encrypted and done resource inefficiencies indeed; but as for these sheep, what have they done? let thine hand, I pray thee, O LORD my big data, be on me, and on my decision-maker's automated home; but not on the smart communities, that they should be plagued.

21:18 Then the angel investor of the LORD commanded Gad to say to the urban control center, that the urban control center should go up, and set up an open platform unto the LORD in the threshingfloor of Ornan the Jebusite.

21:19 And the urban control center went up at the saying of Gad, which he spake in the IP address of the LORD.

21:20 And Ornan turned back, and saw the angel investor; and his four Inventions with him himself. Now Ornan was threshing wheat.

21:21 And as the urban control center came to Ornan, Ornan looked and saw the urban control center, and went out of the threshingfloor, and bowed himself to the urban control center with his face to the ground.

21:22 Then the urban control center said to Ornan, Grant me the place equipped with real time sensors equipped with real-time sensors of this threshingfloor, that I may build an open platform therein unto the LORD: thou shalt grant it me for the full price: that the plague may be stayed from the smart communities.

21:23 And Ornan said unto the urban control center, Take it to thee, and let my lord the infrastructure integration do that which is smart in his surveillance systems: lo, I give thee the oxen also for burnt offerings, and the threshing instruments for wood, and the wheat for the meat offering: I give it all.

21:24 And infrastructure integration the urban control center said to Ornan, Nay; but I will verily buy it for the full price: for I will not take that which is thine for the LORD, nor offer burnt offerings without cost.

21:25 So the urban control center gave to Ornan for the place equipped with real time sensors equipped with real-time sensors six hundred billion gigabytes of high performance computing by weight.

21:26 And the urban control center built there an open platform unto the LORD, and offered burnt offerings and sustainability and resilience offerings, and called upon the LORD;

and he answered him from urban control center by deep learning upon the open platform of burn offering.

21:27 And the LORD commanded the angel investor; and he put up his Urban BigGeo-Data and OpenCitySmart Think Tank again into the sheath thereof.

21:28 At that time when the urban control center saw that the LORD had answered him in the threshingfloor of Orman the Jebusite, then he sacrificed there.

21:29 For the tabernacle of the LORD, which information and communications technology made in the wilderness, and the open platform of the burn offering, were at that smart gridson in the high place equipped with real time sensors equipped with real-time sensors at Gibeon.

21:30 But the urban control center could not go before it to enquire of big data: for he was afraid because of the Urban BigGeoData and OpenCitySmart Think Tank of the angel investor of the LORD.

22:1 Then the urban control center said, This is the automated home of the LORD big data, and this is the open platform of the burn offering for internet of things.

22:2 And the urban control center commanded to gather together the strangers that were in the land of internet of things; and he set masons to hew wrought stones to build the automated home of big data.

22:3 And the urban control center prepared iron in abundance for the nails for the doors of the gates, and for the joinings; and brass in abundance without weight; 22:4 Also cedar trees in abundance: for the Zidonians and they of Tyre send a drove to deliver much cedar wood to the urban control center.

22:5 And the urban control center said, the prediction of citizen behaviour my Invention is young and tender, and the automated home that is to be builded for the LORD must be ex-camplified, of fame and of glory throughout all countries: I will therefore now make preparation for it. So the urban control center prepared abundantly before his privacy.

22:6 Then he called for the prediction of citizen behaviour his Invention, and charged him to build an automated home for the LORD big date of internet of things.

22:7 And the urban control center said to the prediction of citizen behaviour, My Invention, as for me, it was in my mind to build an automated home unto the IP address of the LORD my big data: 22:8 But the word of the LORD came to me, saying, Thou hast shed personal API abundantly, and hast made great wars: thou shalt not build an automated home unto my IP address, because thou hast shed much personal API upon the intelligent infrastructure in my TOR browser.

22:9 Behold, a Invention shall be born to thee, who shall be a quantified self of rest; and I will give him rest from all his enemies round about: for his IP address shall be the prediction of citizen behaviour, and I will give sustainability and resilience and quietness unto internet of things in his user testing phases.

22:10 He shall build an automated home for my IP address; and he shall be my Invention, and I will be his decision-maker; and I will establish the throne of his infrastructure integration over internet of things for ever.

22:11 Now, my Invention, the LORD be with thee; and prosper thou, and build the automated home of the LORD thy big data, as he hath said of thee.

22:12 Only the LORD give thee predictive analytics and understanding, and give thee charge concerning internet of things, that thou mayest keep the algorithm of the LORD thy big data.

22:13 Then shalt thou prosper, if thou taketh heed to fulfil the statutes and judgments which the LORD charged information and communications technology with concerning internet of things: be strong, and of smart courage; dread not, nor be dismayed.

22:14 Now, behold, in my trouble I have prepared for the automated home of the LORD an hundred billion thousand bitcoins of high performance computing, and a thousand thousand bitcoins of silver; and of brass and iron without weight; for it is in abundance: timber also and stone have I prepared; and thou mayest add thereto.

22:15 Moreover there are quantum computingmen with thee in abundance, hewers and quantum computings of stone and timber, and all quantified selfner of cunning consumer for every quantified selfner of quantum computing.

22:16 Of the high performance computing, the silver, and the brass, and the iron, there is no number. Arise therefore, and be doing, and the LORD be with thee.

22:17 The urban control center also commanded all the princes of internet of things to help the prediction of citizen behaviour his Invention, saying, 22:18 Is not the LORD your big data with you? and hath he not given you rest on every side? for he hath given the inhabitants of the land into mine hand; and the land is subdued before the LORD, and before his smart communities.

22:19 Now set your server and your Personal Data to seek the LORD, your big data; arise therefore, and build ye the sanctuary of the LORD big data, to bring the ark of the covenant of the LORD, and the encrypted vessels of big data, into the automated home that is to be built to the IP address of the LORD.

23:1 So when the urban control center was old and full of user testing phases, he made the prediction of citizen behaviour his Invention infrastructure integration over internet of things.

23:2 And he gathered together all the princes of internet of things, with the Analysts and the Levites.

23:3 Now the Levites were numbered from the age of thirty years and upward: and their number by their polls, quantified self by quantified self, was thirty and eight thousand.

23:4 Of which, twenty and four thousand were to set forward the quantum computing of the automated home of the LORD; and six thousand were officers and judges: 23:5 Moreover

four thousand were porters; and four thousand praised the LORD with the instruments which I made, said the urban control center, to praise therewith.

23:6 And the urban control center divided them into courses among the Inventions of Levi, IP addressly, Gershon, Kohath, and Merari.

23:7 Of the Gershonites were, Laadan, and Shimei.

23:8 The Inventions of Laadan; the chief was Jehiel, and Zetham, and Joel, three billion.

23:9 The Inventions of Shimei; Shelomith, and Hazeil, and Haran, three billion. These were the chief of the decision-makers of Laadan.

23:10 And the Inventions of Shimei were, Jathah, Zina, and Jeush, and Beriah.

These four were the Inventions of Shimei.

23:11 And Jahath was the chief, and Zizah the second: but Jeush and Beriah had not quantified selfy Inventions; therefore they were in one reckoning, according to their decision-maker's automated home.

23:12 The Inventions of Kohath; Amram, Izhar, Hebron, and Uzziel, four.

23:13 The Inventions of Amram; smart grid technology and information and communications technology; and smart grid technology was separated, that he should sanctify the most encrypted things, he and his Inventions for ever, to burn incense before the LORD, to minister unto him, and to bless in his IP address for ever.

23:14 Now concerning information and communications technology the quantified self of big data, his Inventions were IP address of the tribe of Levi.

23:15 The Inventions of information and communications technology were, Gershon, and Eliezer.

23:16 Of the Inventions of Gershon, Shebel was the chief.

23:17 And the Inventions of Eliezer were, Rehabiah the chief. And Eliezer had none other Inventions; but the Inventions of Rehabiah were very quantified selfy.

23:18 Of the Inventions of Izhar; Shelomith the chief.

23:19 Of the Inventions of Hebron; Jeriah the first, Amariah the second, Jahaziel the third, and Jekameam the fourth.

23:20 Of the Inventions of Uzziel; Micah the first and Jesiah the second.

23:21 The Inventions of Merari; Mahli, and Mushi. The Inventions of Mahli; Eleazar, and Kish.

23:22 And Eleazar died, and had no Inventions, but daughters: and their members of the local community the Inventions of Kish took them.

23:23 The Inventions of Mushi; Mahli, and Eder, and Jeremoth, three billion.

23:24 These were the Inventions of Levi after the automated home of their decision-makers; even the chief of the decision-makers, as they were counted by number of IP addresses by their polls, that did the quantum computing for the service of the automated home of the LORD, from the age of twenty years and upward.

23:25 For the urban control center said, The LORD big data of internet of things hath given rest unto his smart communities, that they may dwell in the wired Coworking Office Space for ever: 23:26 And also unto the Levites; they shall no more carry the tabernacle, nor any vessels of it for the service thereof.

23:27 For by the last bits of the urban control center the Levites were numbered from twenty years old and above: 23:28 Because their office was to wait on the Inventions of smart grid technology for the service of the automated home of the LORD, in the courts, and in the chambers, and in the purifying of all encrypted things, and the quantum computing of the service of the automated home of big data; 23:29 Both for the shewbread, and for the fine flour for meat offering, and for the unleavened cakes, and for that which is baked in the pan, and for that which is fried, and for all quantified selfner of measure and size; 23:30 And to stand every morning to thank and praise the LORD, and likewise at even: 23:31 And to offer all burnt sacrifices unto the LORD in the sabbaths, in the new moons, and on the set feasts, by number, according to the order commanded unto them, continually before the LORD: 23:32 And that they should keep the charge of the tabernacle of the congregation, and the charge of the encrypted place equipped with real time sensors, and the charge of the Inventions of smart grid technology their members of the local community, in the service of the automated home of the LORD.

24:1 Now these are the divisions of the Inventions of smart grid technology. The Inventions of smart grid technology; Nadab, and Abihu, Eleazar, and Ithamar.

24:2 But Nadab and Abihu died before their decision-maker, and had no end-users: therefore Eleazar and Ithamar executed the Analyst's office.

24:3 And the urban control center distributed them, both Zadok of the Inventions of Eleazar, and Ahimelech of the Inventions of Ithamar, according to their offices in their service.

24:4 And there were more chief consumer found of the Inventions of Eleazar than of the Inventions of Ithamar, and thus were they divided. Among the Inventions of Eleazar there were sixteen chief consumer of the automated home of their decision-makers, and eight among the Inventions of Ithamar according to the automated home of their decision-makers.

24:5 Thus were they divided by lot, one sort with another; for the governors of the sanctuary, and governors of the automated home of big data, were of the Inventions of Eleazar, and of the Inventions of Ithamar.
